

THE KANSAS INDUSTRIALIST

Volume 73

Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, October 3, 1946

Number 1

PRESIDENT EISENHOWER ELECTED HEAD OF U. S. COMMISSION

Group will advise state department
on UNESCO

President Milton S. Eisenhower has been notified of his election in Washington, D. C., as permanent chairman of the United States Commission on International Educational, Scientific and Cultural Cooperation.

It probably will be necessary for President Eisenhower, as chairman of the commission, to attend the conference in Paris of the United Nations Education, Science and Cultural Organization (UNESCO) from late November until mid-December.

Two months ago Congress authorized United States participation in UNESCO. The act provides that a U. S. commission is to advise the state department on United States participation in UNESCO. This commission, by law, has 100 members, 60 representing various educational and scientific groups, and 40 selected at large by the Secretary of State. President Eisenhower was selected as a member at large by the Secretary of State.

The first organizational meeting of the commission of 100 was September 23 to 27 in Washington. Attending were nationally known educators, writers, publishers, scientists and others. Mr. Eisenhower could not attend because of the opening of College and the many emergency problems arising out of the record breaking enrollment.

The commission of 100 elected Eisenhower permanent chairman. Other officers of the U. S. Commission include three vice-chairmen, Edward W. Barrett, editorial director of Newsweek; Chancellor Arthur H. Compton, Washington University, St. Louis; and Waldo G. Leland, director of the American Council of Learned Societies, Washington, D. C.

EXECUTIVE COMMITTEE HAS 15

There is an executive committee of 15, which in addition to Eisenhower, Barrett, Compton, and Leland, includes, among others: Ben M. Cherrington, University of Denver; Eric Johnston, Motion Picture Association of America; William G. Carr, National Education Association; Justin Miller, National Association of Broadcasters; Msgr. Frederick G. Hochwalt, National Catholic Welfare Conference; and Kathryn McHale, American Association of University Women.

At the meeting in Washington last week, the commission urged that the American delegates to the UNESCO Paris conference look for "elimination of censorship in all countries."

The purpose of UNESCO is to promote world understanding and cooperation. The state department has indicated it regards the U. S. commission as of utmost importance in its program of international cooperation. Washington newspapers have carried extensive accounts of the selection of the commission of 100, the naming of Milton Eisenhower as chairman, and the purposes for which the commission was established.

The chairmanship of this commission is another of an imposing list of major tasks which have been placed in Eisenhower's hands. He is chairman of the executive committee of the Association of Land Grant Colleges and Universities. The committee manages all affairs of the association in its relations with Congress and various governmental agencies. Last summer he was appointed by President Truman to the 30-member President's commission on higher education to study the over-burdened college system in the U. S. and find how it can best accomplish its job during the next few years.

Shellenberger Returns to K. S. C.

Dr. John A. Shellenberger, head of the milling industry department, has returned to the campus after serving in Peru since early July as consultant on milling and baking in the Office of Inter-American Affairs.

A few of the more than 2,200 Kansas State freshmen taking aptitude tests in College Auditorium. The tests, required of all freshmen, were given during the first Freshman Orientation week since before the war.

FORD NAMES 26 COUNTY CHAIRMEN FOR \$275,000 CHAPEL CAMPAIGN

Names of 26 county chairmen to help conduct the fund-raising campaign for a World War II Memorial Chapel at Kansas State College have been released by Kenney L. Ford, alumni secretary.

The chairmen were chosen at a series of alumni get-togethers held throughout eastern Kansas earlier this month. The campaign is for \$275,000 for an all-faith chapel honoring approximately 5,000 K-Staters who served in the war.

The chairmen, their hometowns and their counties are as follows: Mrs. John Smith, 610 S. 4th, Atchison, Atchison county; Max Dickerson, Hiawatha, Brown; A. C. Hancock, St. Francis, Cheyenne; Ernest Swanson, Concordia, Cloud; Howard Banta, Oberlin, Decatur; Major F. H. Dillenback, Troy, Doniphan; C. E. Friend and Mrs. George Hedrick, executive assistant chairman, Lawrence, Douglas; Mrs. Frank Hall, publicity chairman, Hill City, Graham; Mrs. R. O. Cox, Holton, Jackson; Charles W. Ramey, Mankato, Jewell.

Earle Simms, 917 Olive, Leavenworth, Leavenworth county; Arthur Maxwell, Marysville, Marshall; Mrs. Harold Love, Beloit, Mitchell; John D. Cunningham, Seneca, Nemaha; Eugene Schafer, Norton, Norton county; Rev. Louis F. Meek, Osborne, Osborne county; Mrs. Eva T. Kinnick, Phillipsburg, Phillips; Anselm Sramek, Atwood, Rawlins; Luman Miller, publicity chairman, Belleville, Republic; Dick Auer, Goodland, Sherman; Oliver Dilsaver, Kensington, Smith; E. H. Coles, Colby, Thomas; H. F. (Swede) Lutz, Sharon Springs, Wallace; A. J. Ostlund, Washington, Washington county; and Dr. E. A. Logan, 2601 Ashland, St. Joseph, Mo.

Students Win Judging Contest

Kansas State College students won the first five prizes in the annual livestock judging contest for young Kansas farmers at the Topeka Free Fair. Linton C. Lull, Smith Center, won first place with Walter O. Osborne, Mahaska, runner-up. Third place was won by Glen G. Allen, Topeka, and Maurice W. Outersky, Richmond, Mo., fourth. L. E. Loyd, Hiawatha, won the fifth prize. The contest is open to all young men in Kansas interested in farming.

Bentley Elected Mayor

Thomas Bentley of Manhattan, agricultural sophomore, has been elected mayor of Campus Courts, 100-trailer community for student veterans. He will hold office during fall semester. He succeeds Herman E. Rohrs of Oakley. Council members from the 13 courts are being elected.

Announce Alumni Meetings

Evan Griffith, '22, president of the Kansas State College Endowment Association and others from the College will attend two meetings next week to organize the World War II Memorial Chapel campaign in Geary and Dickinson counties.

Tuesday night, there will be a dinner meeting of Junction City alumni at the Bartell Hotel at 6 p. m. Gaylord Munson, '33, will be in charge.

Alumni from Abilene will meet at the Lamer Hotel at 6:45 p. m. Wednesday.

NORTON COUPLE WILL GIVE ORGAN FOR CHAPEL IN MEMORY OF SON

Mr. and Mrs. L. W. Muir of Norton will purchase the organ for the small meditation chapel to be part of the all-faith chapel planned as a World War II memorial at Kansas State College.

The Muirs will give the organ in memory of their son, Capt. William L. Muir, who died in Italy in October, 1943. The organ is expected to cost between \$3,000 and \$5,000.

Captain Muir was graduated from the College in business administration in 1940. While in school, he was a member of Blue Key, Alpha Tau Omega, Alpha Kappa Psi, Scabbard and Blade, the Student Commerce association, the Flying Wildcats, YMCA, the Reserve Officers club and band and orchestra.

An infantryman, he served in Ireland, Scotland, Africa and Italy. In Africa he received a British citation for jettisoning burning ammunition ignited by enemy gunfire. He earned the Silver Star by rallying a retreating company and holding its position.

FACULTY COMMITTEE NAMED FOR INDUSTRIAL-AG WEEK

Second annual event will be held at the College November 7-9

Names of faculty members who will serve as the committee for the second annual Industrial-Agricultural Week at the College November 7-9 have been announced by President Milton S. Eisenhower. The event is jointly sponsored by the College and the Kansas Industrial Development Commission to encourage closer cooperation between Kansas industry and agriculture.

Faculty committee members are A. L. Pugsley, chairman and assistant director of the engineering experiment station; H. H. King, head of the chemistry department; F. W. Atkeson, head of the dairy husbandry department; L. S. Hobson, industrial engineer in the engineering experiment station; and Ted Peterson, journalism instructor.

H. O. DENDURENT APPOINTED ASSISTANT ALUMNI SECRETARY AT THE COLLEGE

The appointment of H. O. Dendurent, managing editor of the Manhattan Mercury-Chronicle, as full-time assistant alumni secretary at Kansas State College effective October 1 has been announced by President Milton S. Eisenhower.

A graduate of the College and a veteran, Dendurent will work with Kenney L. Ford, alumni secretary. His immediate job will be assisting with the campaign to raise funds for an all-faith chapel as a World War II memorial on the campus. He will spend some time working with alumni groups throughout the state.

Dendurent was graduated from the College in 1934 with a major in journalism. After a short interval with the Seaton Publications in Manhattan, he edited the Johnson, Kan., Pioneer for a year. He was city editor of the Goodland Daily News for another year.

In October, 1936, Dendurent became managing editor of the Manhattan Morning Chronicle. The following year he was appointed managing editor of the Manhattan Mercury, which job he held until March, 1942, when he entered the Army.

Dendurent edited the Camp Berkeley, Texas, News for three years. He was later editor of an army paper at Camp Huckstep, near Cairo, Egypt, for six months. Discharged from the Army in October, 1945, he returned to Seaton Publications as managing editor of the Manhattan Mercury-Chronicle last November.

Dendurent is a member of Sigma Delta Chi, national professional journalism fraternity. While in College, he edited the Kansas State Collegian, student newspaper. His parents are Mr. and Mrs. M. Dendurent, Goodland.

Sweedlun Goes to Minneapolis

Prof. V. S. Sweedlun, associate professor of history and government at the College, will attend a meeting of the Augustana Synod of the Lutheran Church in Minneapolis, Minn., October 4 and 5. The meeting will pertain to educational policies of Lutheran schools and colleges throughout the nation.

Scheel to Oregon State

Jean W. Scheel, assistant extension editor at the College from 1934 until he went into the military service in 1942, has accepted a position as specialist in information in the School of Agriculture at Oregon State College, Corvallis, Oregon. Mr. Scheel will be an associate professor and will head up a new information service being established at Oregon State.

POST-WAR INFLUX OF STUDENTS BRINGS PROBLEMS FOR K. S. C.

College officials have feeding, housing worries with 6,488 enrolled

Kansas State College's enrollment reached a new all-time high during the fall registration as nearly 6,500 students flooded the campus and created immense problems of housing, feeding, teaching and administration.

The registrar's office reported Tuesday afternoon that the number of registrants had reached 6,488. About two-thirds are veterans.

College officials estimated that an additional 2,000 Kansas students had failed to register after filing applications because of the difficulty in finding rooms. Several thousand out-of-state applicants were denied permission to enter after a priority system favoring Kansas residents was adopted last May.

Enrollment for the 1946-47 year is more than 2,300 above the former peak enrollment in 1940. More than 4,000 of the students are veterans attending under the GI Bill of Rights, with about 250 registered under the Vocational Rehabilitation Bill. The influx of students is equal to about 50 percent of the normal population of Manhattan.

Restaurants, boarding houses and other eating places in Manhattan are crammed to capacity during meal hours and are further handicapped by a lack of experienced help and difficulties in procuring food.

Housing accommodations are described as adequate by College officials. Scores of Manhattan homes which normally do not take roomers are renting rooms this year. Fraternities and sororities have crowded more people into their houses and Van Zile hall is housing 20 percent more women than ever before.

The faculty and classroom shortage is being handled by increasing the size of class sections and by scheduling classes for 7 a. m. and noon. Some laboratory classes are meeting from 7 until 10 p. m.

NEW GEOLOGY DEPARTMENT CREATED AT THE COLLEGE

Prof. A. B. Sperry is named head; four staff members added

A Department of Geology has been created at the College with Prof. A. B. Sperry as head, according to an announcement by President Milton S. Eisenhower.

Four staff members have been added to the new department. They are Oscar W. Tollefson, assistant professor of geology; Lewis Riseman, instructor of geology; and Miss Margaret Harrison Smith and Miss Sara Charlotte Larson, instructors of geology.

Professor Sperry has taught geology at the College since 1921. He was appointed professor of geology in 1927. He earned his bachelor of science degree at the University of Chicago. He is a member of Phi Kappa Phi and Gamma Sigma Delta, honor societies, and a fellow of the American Association for the Advancement of Science.

Prof. McMillan Returns

Eva McMillan, on sabbatical leave in Brazil for the past year, has resumed her position as associate professor in the department of food economics and nutrition at Kansas State College.

* She spent eleven months at the Colegio Americano at Porto Alegre, Brazil, helping plan a new home economics department.

President Flies to Texas

President Milton S. Eisenhower and Hal McCord, housing co-ordinator at the College, flew to Abilene, Texas in McCord's AT-6 to attend the Hardin-Simmons K-State football game Saturday. They covered the 500 miles in about three hours and watched the game from the Wildcat bench.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. Lashbrook, Editor
Ted Peterson, Helen Hostetter, Assistant Editors
Fred M. Parris, Assistant Editors
KENNEY FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

BOOKS

American Midlands

"Midwest at Noon." By Graham Hutton. The University of Chicago Press. Chicago. 1946. \$3.50.

Since 1831, when Alexis de Tocqueville became convinced that the Mississippi Valley would one day be the home of the world's greatest civilization, interest in the American Midlands has increased steadily among students of nations and peoples. Developments during the intervening years have approached fulfillment of the young Frenchman's prediction. The enormous strength displayed by the region during the recent war has intensified the already keen interest of foreigners.

It would be difficult to find a more stimulating appraisal of the region and its people than that given in "Midwest at Noon." The author, an engagingly candid Frenchman, lived in the Midwest for several years just preceding 1946. He traveled tens of thousands of miles in the Midwest and elsewhere in the United States. He visited all sorts of places, in town and country, and observed and talked with all sorts of men, women and children. With his keen intelligence, his background of residence in several European countries and his careful appraisal of what he saw, heard and read, he was able to produce a book which any intelligent American, and particularly any thoughtful Midwesterner, may read with pleasure and profit.

Defining the Midwest as the states of Ohio, Michigan, Indiana, Illinois, Wisconsin, Minnesota, Iowa and Missouri, he refers only incidentally to the marginal areas of Kansas and other plains states. He doesn't like the Midwest climate, which he characterizes as savage. He rails against that climate as many Americans, probably with less warrant, rail against the English climate. But he gives some credit to the climate for the amazing achievements of Midwesterners in devising and manufacturing mechanical contrivances used as a defense against their weather. In climate, as in all other features, he finds that the Midwest, "lies in the latitude and longitude of American extremes and within parallels of paradox."

The author points out many important contrasts between the rural and the urban Midwest. He seems somewhat more at home in the towns and cities than on the farms. Unconsciously, no doubt, he cherishes some Hamlin Garland-like delusions about farm life. "What makes any man a farmer, anywhere in the world," he says, "may tax our imaginations. . . . There is probably very little deliberate decision about entering such vocations." If he had stopped there he would have been quite disqualified to discuss the Midwest. But further along, in discussing some of his many farm visits, he redeems himself by speaking of the farm operators as "hard-working, thrifty, conscientious farmers who loved their land, their state, their country and their calling." And he shows perception when he praises the conversation he heard in farm homes as "direct, elemental, simple, often over-simplified, but extremely rational and open minded."

Now and then he becomes lyrical, as when he describes the artistic impressiveness of certain parts of Chicago or the beauty of the Midwest

countryside. And he is enchanted, as well he might be, by the boys and girls of the Midwest, both rural and urban: "They are the freest, most natural, most poised young people in all the countries of the western world."

The book contains illuminating discussions of the history, people, myths, institutions, problems, politics,

virtues, defects, successes and failures of the American Midlands. The book's jacket refers to the author as a modern Bryce. This is erroneous. In his great book about the United States, Bryce restricted himself closely to our government. In "Midwest at Noon," Graham Hutton discusses almost everything Midwestern.

—F. D. Farrell.

LOOKING AROUND

KENNEY L. FORD

A meeting of Kansas State alumni is planned for Saturday, October 5, at 11:30 a. m. before the football game, at the Cornhusker Hotel in Lincoln, Neb. President Milton Eisenhower will speak at the luncheon. L. H. (Zane) Fairchild, '16, of the Hill Feed Company, Ninth and R Streets, Lincoln, is in charge of the arrangements.

K. S. C. alumni in Portland, Ore., and vicinity held a summer picnic on the campus of Lewis and Clark College at Portland. The following alumni with their families were present: Earl Litwiller, '24, and Blanche (Duguid) Litwiller, '32, Corvallis, Ore.; A. L. Bridenstine, '23, and Clara (Howard) Bridenstine, '22, McMinnville, Ore.; D. W. Randall, '99, and Mrs. Randall, Waldport, Ore.; Charles F. and Margaret (Carleton) Doane, '96, Mattie (Farley) Carr, '89, Salem; C. R. Butcher, '24, and Nettie J. (Pfaff) Butcher, '23, Oswego, Ore.; Lot B. Keeler, '99, and son, Canon Beach, Ore.; L. H. Paddock, '27, and Mrs. Paddock, Vancouver, Wash.; Franz J. Maas, '21, and Mrs. Maas; A. S. McIntire, '31, and Mrs. McIntire; W. W. Lawton, '10, and Mrs. Lawton; James E. West, '12, and Mrs. West; Mildred (Pence) Hood, '23, and Mr. Hood; Jennie (Ridenour) Orr, '04; Richard F. Marin, '36, and Mrs. Marin; Iden F. Krase, '39, and Ilene (Morgan) Krase, '38; Otis N. Blair, '04, and Mrs. Blair; Mabel (Root) Williams, '17, and Mr. Williams; Henry J. Plumb, '13, and Mrs. Plumb; Bertha (Anderson) Barnard, '18, and Mr. Barnard; Mabel (Bentley) Imes, '20; Dr. Charles W. Howard, '22, and Ella (Paustian) Howard, f. s.; W. H. Young, f. s. '10, and Mrs. Young; F. P. H. Mills, f. s. and Mrs. Mills, Portland, Ore.

Following the picnic dinner the traditional roll call of "then and now," the group was taken for a tour of the college campus and classrooms by Dr. Howard. Portland alumni have two yearly events, the summer picnic and the Kansas Day dinner in January. Officers are: Dr. C. W. Howard, '22, president; secretary-treasurer, Bertha (Anderson) Barnard, '18, Portland, and C. R. Butcher, '24, vice-president, of Oswego, Ore.

Prof. Robert J. Barnett, '95, of the horticulture department, received the following letter written July 17 from John H. Shirkey, Ag. '26, Regional Agricultural Rehabilitation Office, UNRRA, YMCA, Compound, Kaifeng, Honan, China: "I have reason some each day to think of you and wish you good health and that you could be here with Kay H. Beach, Ag. '28, and I for awhile to advise us about the selection and propagation of fruits and trees for this huge Honan plain. Kay is with the Friends Ambulance Unit and is presently loaned to the Chinese National Rehabilitation and Relief Administration at Kaifeng to do anything he can to help in the restoration of the flooded area. He and Dr. Wan, head of CNRRA Technical Section, who is a forestry professor, are establishing a nursery at FanChia where we are training Chinese college graduates to train other students and farm boys to operate tractors and farm machinery.

"Incidentally to the training we have since the first of June plowed and disked about 1500 acres of the finest land in the world and the people have planted, and are actually eating green beans from the first strip plowed, about 1200 acres of some kind of small seeded cow pea which they call green beans. We have much sweet corn, pole beans, snap beans, tomato squash and numerous other plant beds and kinds of seed plants. Kay is making cuttings of poplar and other things such as wild pear roots. He is planting apricot and peach seeds and will get some grape cuttings from the Catholic Missions who

raise fine grapes at some places. I've seen some fine arbors and vineyards.

"We had all of the most delicious apricots and peaches we could eat. Still have peaches, and now some fine red and yellow plums. Things taste different than ours but some of them taste better. Their vegetables put ours to shame in quality and quantity. Only city people use them and not many farmers are engaged in vegetable gardening because the long dry winters and spring make irrigation from the few wells by windlass difficult. The country people (90 percent are farmers) eat the peas, beans, wheat, peanut, sweet potatoes, millet and Kaoliang supplemented with weeds and things they plant in their fields.

"You would enjoy tasting the fine melons they raise. They have many variations of a kind of muskmelon which they eat rind and all with much gusto and sucking and noise as they sit on their haunches in the street or road to rest or chat. I am anxious to get one of the 'three whites' watermelons, white rind, white meat, white seeds. They are a late melon and prized by many and I haven't had one yet. I can't tell them from any other white skinned melon and don't have Kay here to talk to the vendors. Kay has studied the language until he can even read some. They call watermelon Shi Gwa and cucumbers (some 12 to 18 inches long and some 3 inches thru) Hwang Gwa. I've learned to understand many of the things they say and about 500 words and some 100 phrases. The people like Kay and have much confidence in him.

"We live in two western style houses built by the French for foreign postal ministers when in Kaifeng. I live in a tent at FanChia where the relief plowing and tractor school is. The rainy season started three days ago and four inches of rain made it impossible for me to return in the jeep to FanChia. The break in the Hwang Ho river dyke will not be repaired this summer as planned.

"Villages were nearly or completely buried. We dug out an old Temple to get poles for making a spike tooth harrow which Kay and I needed and found many fine old gods and bells and artifacts."

The address of Eleanor (Kohake) Bohnert, G. S. '40, is Buckner, Mo.

James W. Miller, I. J. '43, and Betty (Hosmer) Miller, H. E. '43, live at 4923 Forest Avenue, Kansas City, Mo. Jim works at the Northwestern Miller.

G. Wilber Meeker, B. A. '43, is farming near Garden City. He and Mrs. Meeker and son Larry George, 10 months, live at 505 East Pine, Garden City.

Barbara Millhant, G. S. '44, is in the renewal department of The Farmers and Bankers Life Insurance Company in Wichita. Her address is 420 South Clifton, Wichita.

Mervin R. McKinsey, Ag. '44, teaches vocational agriculture in the high school at Holton. He and Mrs. McKinsey have two children, Adrian Lee, 4, and David Ross, 7 months.

Mary Jean Apt, H. E. '44, is home service director for The Gas Service Company at Merriam.

Edwin E. Gordon, Ag. '45, is supervisor of quality control of Polar Frozen Foods in Grandview, Wash. His address is c/o S. A. Moffett and Company, Inc., Grandview.

Mary Alice Doll, H. E. '45, is home demonstration agent of Leavenworth County with headquarters at Leavenworth.

Richard L. Peters, P. E. '46, is assistant coach and instructor of physical education at Ottawa University, Ottawa. He and Doris (Slawson) Peters, f. s. '46, live at 912 South Cedar, Ottawa.

Charles H. Vinckier, C. E. '36, is resident engineer with the State Highway Commission with headquarters at Norton. He and Mrs. Vinckier have two children, Charla Rose and Vicki Jo, and live at 405 North Grant, Norton.

The address of Helen (Rhoads) Leidigh, G. S. '37, is Spearville.

Frederick G. Warren, Ag. '37, is working on his Ph. D. in Dairy Manufacturing at Pennsylvania State College, State College, Pa.

William H. Hervey, D. V. M. '37, and Mrs. Hervey and their three children, William H. II, 6, Tom H., 5, and Alice Lynne, 16 months, live at Beaufort, Mo., where he is in the practice of veterinary medicine.

Russell H. Gripp, Ag. '38, is foreman for the California Orchard Company located near King City, Calif. He writes: "There are over 1900 acres of irrigated fruits, nuts and vegetables grown yearly."

Robert F. Sloan, Ag. '38 and M. S. '41, is superintendent of the North Central Kansas Experiment Fields with headquarters at Belleville. He and Alice (Lamborn) Sloan f. s. '37, have a daughter, Kathleen Alyce.

Perry F. Wendell, Arch. '38, is employed as architect by U. S. Engineers. The project he is on is recreational development of areas surrounding lakes created by government dams and reservoirs in connection with the Mississippi Valley Flood Control. His address is P. O. Box 80, Vicksburg, Miss. Mr. and Mrs. Wendell have a daughter, Mary Lee, 10 1/2 months.

Clifford R. Krabbenhoft, C. E. '38, and Vernice (Shipman) Krabbenhoft, H. E. '38, live at 1322 Rowland, Kansas City. Mr. Krabbenhoft is regional engineer of the Midwest region of Trans World Airlines. He supervises construction from Indianapolis, Ind., to Amarillo, Texas. They have a daughter, Pamela Beth, born February 14, 1943.

Robert G. Beckwith, L. Arch. '39, is landscape architect with the Mississippi River Commission, Corps of Engineers, at Vicksburg, Miss.

Virgil A. Burgat, G. S. '39, is geologist for the State Highway Commission with headquarters in Newton. Mr. and Mrs. Burgat have a daughter Betty Joyce, 2 years. They live at 319 East Ninth, Newton.

Robert A. Briggs, P. E. '39, is track coach and assistant in other sports at the Topeka High School, Topeka. He and Mrs. Briggs have a son, Robert Allen III who was a year old in May, 1946.

Keith L. Cowden, B. A. '40, and Helen (Blake) Cowden, B. A. '40, live at 2116 North Tenth Street, Kansas City. Keith is a pilot for the Trans-Western Airlines stationed in Kansas City, Mo.

Ralph A. Boehner, Ag. '40, works for the Eastern Colorado Co-op Educational Association which is made up of 11 local cooperatives. He is doing educational work to further the cooperative movement. His address is Stratton, Colo.

Charles K. Horner, Music Ed. '41, teaches band and orchestra at Hays.

Helen B. Tipton, H. E. '41, is nutritionist for the St. Joseph Nutrition Service at St. Joseph, Mo. Her address is 2619 Renick, St. Joseph.

Lloyd B. Tribble, E. E. '41, is special clerk in the operating department of the General Electric Supply Corp. at Butte, Mont. He and Mrs. Tribble live at 1953 Grand Avenue, Butte, and have a daughter, Mary Beth, born March 24, 1946.

G. Robert Darnes, Music Ed. '42, directs the band of the high school and junior college at Garden City. He and Mrs. Darnes live at 906 Evans.

David F. Crews, M. I. '42, is assistant cereal chemist for the Wichita Flour Mill at Wichita. He and Helen Jane (Macredie) Crews, H. E. '45, with their son, David Terence, 4, live at 1037 North Market, Wichita.

Floyd O. Steele, D. V. M. '42, is associate veterinarian with the Veterinary Research Institute of Oklahoma A & M College, Stillwater, Okla. He and Mrs. Steele with their daughter, Michelle Dianne, 4, live at 146 East Miller, Stillwater.

Keith G. Jones, Ag. '43, is assistant farm manager of radio station KMBC service farms in Kansas City, Mo. He and Margaret (Collings) Jones, H. E. '44, have a son Robert Keith born February 23, 1946. Their address is Stanley.

KANSAS POETRY

Robert Conover, Editor

Falling Leaves

The leaves are falling one by one,
Silently dropping, their work all done.
Slowly they loosen their firm close hold.
Tattered and withered, faded and old
They fall at each gust of the sighing breeze
Revealing the slim brown naked trees.
Some leaves are yellow and some are brown
And others have donned a scarlet gown.
So whirling and eddying past they go
To their endless sleep on the earth below.

—Nellie Reed Ludington,
I Am the Weaver.

Sunflowers

By H. W. Davis

Perhaps there never was a time in the history of America when so many Americans knew so little about so many things.

For instance:

Who is to blame for the scarcity of meat if there is a scarcity of meat, and in whose lockers or pastures is the vast supply of scarce meat?

Does Russia want war and why did Stalin say she doesn't unless it was because she does? And incidentally, are Mr. Byrnes and Mr. Molotov on speaking terms and why not? And is China happy or unhappy about our Marines being over there, and are there enough of them to do anything about what Russia says they are there for and Washington, D. C. says they are not there for?

Are we (our diplomats at least) fighting for the salvation or aggravation of the British Empire as such and is that what Russia is so huffy about? How many months of research would be required to answer this question and how long would the answer be correct if it happened to be right in the first place?

Can anybody name one commitment made by Roosevelt to Stalin, Roosevelt to Churchill, Stalin to Roosevelt, Stalin to Churchill, Churchill to anybody? What if anybody can? Out of what does a diplomat or a head of state make a commitment? And when did any nation ever pay any attention to a commitment more than three years old?

Who is to blame for the present state of the Nation—President Truman, Citizen Wallace, Diplomat Byrnes, Leo Durocher, the Republicans, the Democrats, the Communists, the OPA, the PAC of the CIO, GI Joe, or John Citizen?

Who will win the World's Series and what of it? Is it more important than higher and lower education combined? Just where do crooners and comedians fit into this picture?

Undoubtedly there never was a time in the history of America when so many folks knew so little about so many things.

About Faculty Clubs

A university has been described as the only place in the world where a man can make a living from a knowledge of Sanskrit. Perhaps the faculty club of a university may be said to be the only place where one could find a psychologist, a pediatrician and a biophysicist eating together and discussing the insistent problem of whether tomatoes should be staked or left unstaked in order to get the most and the best.

There are, of course, other problems discussed in a faculty club, much to the disadvantage of the tablecloth. . . .

In a faculty club an astronomer can have views on a sales tax, an architect can give an excellent recipe for leek and potato soup, a geographer is enthusiastic on the qualities of a Dachshund as a household pet, and a medievalist expounds on the remarkable virtuosity of the Dodgers.

The faculty club has an important place in a university. Columbia, before it possessed one, had academic incoherence. Its professors kept their several counsel behind their beards, and they became emeriti before they learned very much of the purposes of the institution to which they belonged.—Columbia Alumni News.

AMONG THE ALUMNI

The address of Nora (Newell) Hatch, '93, is 228 West Fifth Street, Junction City.

Charles A. Scott, '01, and Mrs. Scott live at 420 East Kansas Avenue, McPherson.

Maj. Gen. Glen Edgerton, M. E. '04, is director of the UNRRA office in China.

A. C. Aumann, Ag. '06, and Mrs. Aumann live on a farm at Arkansas City.

Robert E. Williams, Ag. '07, and Kathleen (Selby) Williams, D. S. '09, live at Rocky Ford, Colo., where he is engaged in irrigation farming and seed growing. Mr. Williams is also director of the Farm Loan Association at Pueblo, Colo.

Col. Guy C. Rexroad, M. E. '09, of Lewisburg, Pa., represented Kansas State College at the Centennial Anniversary of the Bucknell University at Lewisburg, June 29, 1946.

John R. McClung, '10, is assistant general agent for Kansas of the Aetna Life Insurance Company, recruiting and training agents, publishing agency bulletins and managing sales campaigns. He and Mrs. McClung live at 621 West Tenth Street, Topeka. His office is at 1006 National Bank of Topeka Building, Topeka.

Bertha L. Plumb, H. E. '11, teaches foods and is in charge of the cafeteria of the Argentine High School in Kansas City. Her address is 2000 Tauomee, Kansas City.

Dr. Kenneth Karl Jones, M. S. '12, is associate professor in the department of Pharmacology of the Northwestern University Medical School at Chicago, Ill. Dr. and Mrs. Jones live at 405 Blackhawk, Chicago.

Neva (Colville) McDonnall, D. S. '13, and M. S. '26, is farming and operating a tea room, exclusive chicken dinners in farm home. Her address is Route 1, Wichita.

H. O. Stockwell, f. s. '14, is with the Hilton Electric Company at 122-128 East Sherman, Hutchinson.

The address of Cleio Lucille (Beall) Samson, H. E. '15, is 2516 Ash, Denver, Colo.

John I. Michaels, M. E. '16, is chief engineer with the Davis-Westholt, Inc., manufacturers of farm machinery, in Wichita. He and Mabel (Leusler) Michaels, f. s. '15, live at 1628 South Broadway, Wichita.

The address of Lucile (Maughlin) Garrison, H. E. '16, is 122 East Eleventh Street, Hutchinson.

Elizabeth Burnham, H. E. '17, was with the British Red Cross in Italy for one and a half years. She is now executive YWCA secretary at Milwaukee, Wis.

Evan H. Richardson, D. V. M. '19, is located at 200 Livestock Exchange Building, Oklahoma City, Okla.

Carl F. Trace, Ag. '20, is treasurer and manager of the Topeka Cemetery Association at Topeka.

Edwin S. Elcock, C. E. '21, is bridge engineer for the State Highway Department at Topeka.

Paul F. Hoffman, G. S. '23, is engaged in real estate and operates a hotel at Jacksonville, Fla. He and Mrs. Hoffman live at 3420 St. Johns Avenue, Jacksonville.

George Hendrix, Ag. '24, M. S. '32, is with the Bureau of Reclamation of the Department of Interior in Washington, D. C. He and Mrs. Hendrix live at 509 Longfellow, Northwest, Washington 11, D. C.

Floyd R. Oliver, C. E. '25, is district engineer with the U. S. Public Roads Administration in Little Rock, Ark. He and Marian (Sanders) Oliver, H. E. '21, live at 2103 Schiller Avenue, Little Rock.

The address of Christie C. Hepler, H. E. '26, is Warren County Home Bureau, 216 East Broadway, Monmouth, Ill.

H. K. Lee, M. S. '27, a native Korean, is high in the present government of that portion of Korea occupied by Americans. Mr. Lee is the director of the department of agriculture. American-occupied Korea is predominantly agricultural. The Japanese were using Mr. Lee as a digger in a coal mine which was the fate of talented Koreans under Japanese rule.

Dr. Lester A. Kirkendall, G. S. '28, is director of the Association for

Family Living with headquarters in Chicago, Ill. Dr. Kirkendall was instructor in a GI school in Florence, Italy, teaching educational psychology.

Albert M. Young, E. E. '28, is editor and instructor in the Sales Analysis Institute at 230 South Clark Street, Chicago 4, Ill. He and Mrs. Young live at 115 South Garfield Street, Hinsdale, Ill.

Mabel (Paulson) Herzog, G. S. '29, and Mr. Herzog live at Ellsworth. She has taught in the high school at Herndon for the past four years.

Bruce R. Prentice, E. E. '30, formerly assistant to the engineer, Aeronautics and Marine Engineering Division of General Electric Company, Schenectady, N. Y., will co-ordinate design engineering activities in the development of nuclear power projects as a member of General Electric's Apparatus Design Engineering Staff. Following his graduation from Kansas State he entered the employ of General Electric Company at Schenectady as a student engineer on the test course. He later became a member of the Advanced Engineering program and became an instructor in that program after graduation in 1934. In 1939, Mr. Prentice was transferred to the Aeronautics and Marine Engineering Division. He worked on aeronautics equipment and aircraft armament controls until his 1941 promotion to engineer in charge of the Aeronautics Equipment Section. In 1943 he was promoted to assistant to the engineer of the division. During the war he also was active in the radar program for the U. S. Army Air Forces.

William H. Jobling, I. Chem. '30, is chief supervisor of the White Products Area, Chambers Works, E. I. duPont de Nemours & Co. of Deepwater, N. J. He and Mrs. Jobling live at Faulkland Road, Marshallton, Dela. They have two children, Cynthia, 4, and John, 2. Mr. Jobling received his Ph. D. in 1940 in organic chemistry at Cornell University.

Elbert W. Smith, Com. '31, and Roberta (Jack) Smith, H. E. '33, live at 5316 Windsor Lane, Kansas City 3. Mr. Smith is assistant director of personnel of the Farm Credit Administration in Kansas City, Mo. The Smiths have two children, Jack Frederick and Gerald Wendell.

Clarence E. Harness, C. E. '31, is highway engineer of the Public Roads Administration in Topeka. He and Mrs. Harness live at 1348 Mulvane, Topeka. They have two children, Robert E., 10, and Donald E., 4.

Dorothea Klein, I. C. '31, and M. S. '32, Chemistry, is working on the atomic bomb project at Oak Ridge, Tenn. She organized a new department in the chemical laboratory, a position for which she was selected from a group of scientists because of her experience in both research and chemical control laboratories. For the past four years she has been chief chemist of standardization for the Atlas Powder Company laboratories in St. Louis, Mo.

Lyle C. Brisbin, C. E. '32, is resident engineer for the State Highway Commission at Girard. He and Mrs. Brisbin live at 205 East Antelope Street, Girard.

Raymond H. Hughes, G. S. '33, and M. S. '34, Zoology, and Mrs. Hughes together with their children, Virginia Marie, 5, and Karen Linda, 2, live at 137 Chestnut, Sunnyvale, Calif. Mr. Hughes is a physician. His office address is 127 West Washington, Sunnyvale.

Paul (Pete) Fairbank, P. E. '33, former K-State athlete is on the job in the sub-regional office of the Veterans' Administration in Topeka as training officer. He and Dorothy (Maltby) Fairbank, P. E. '33, and three children, Suzanne, 6, Diane, 3, and Sharon, 7 months, live at 2017 Buchanan, Topeka.

Samuel M. Caughron, Com. '34, is salesman for the Burroughs Adding Machine Company in Wichita.

John G. Mogge, Com. '34, is office clerk with the U. S. Bureau of Reclamation in Denver, Colo.

Vernon E. Burnet, Ag. '34, is district supervisor for the Farm Security Administration at Woodward, Okla. His address is Box 486, Woodward.

Lt. Comdr. Alton S. Knechtel,

Arch. E. '35, has elected to stay in the service until July 1, 1947. He is in the navigational equipment design section of the Bureau of Ships in Washington, D. C. He and Mrs. Knechtel live at 1848 Biltmore, Northwest, Washington 9.

Homier Jameson, Ag. '35, is with the Menninger Foundation of Topeka as landscape architect and superintendent of the physical plant. He also does some work in landscape architecture in private practice. He and Olive (Weaver) Jameson, f. s., and their two children, Marilyn, 9, and Bob, 5, live at 930 Cambridge, Topeka.

Don A. McNeal, I. J. '36, is managing editor of The Council Grove Republican at Council Grove. He and Lucile (Johntz) McNeal, P. E. '36, have three children, Craig, Joan and Pamela. Their address is 22 East Main Street, Council Grove.

Richard F. Smith, M. E. '46, works in the engineering department of the J. B. Ehram Manufacturing Company in Enterprise.

MARRIAGES

BAIRD—HENRIKSON

Deloros Baird of Topeka and Keith D. Henrikson, D. V. M. '43, of Topeka were married April 21 in Topeka. They live at Rossville.

BURNETTE—ACKERMAN

Jean Eloise Burnette, G. S. '43, of Parsons and Milton J. Ackerman were married May 5. Their address is 49 East Collings Avenue, Collingswood, N. J.

CIBOLSKI—BUSENBARK

The marriage of Patricia Louise Cibolski, '46, and Billy Busenbark of Manhattan took place in the Seven Dolores Catholic rectory on May 11. Mrs. Busenbark is a member of the Chi Omega sorority and is employed as a laboratory assistant in zoology department at the College. Mr. Busenbark is a member of the Sigma Phi Epsilon fraternity. They live at 1426 Colorado, Manhattan.

DORF—SHANNON

The marriage of Dorraine L. Dorf, I. J. '46, Manhattan, to Gerald L. Shannon of Williamsport, Pa., took place in the First Lutheran Church, May 16. Mrs. Shannon is a member of Alpha Xi Delta sorority. She was business manager of the Kansas State Collegian fall semester of 1945 and a member of Theta Sigma Phi, honorary professional journalism fraternity. Mr. and Mrs. Shannon live at 32 Locust Avenue, Gettysburg, Pa.

BURKHEAD—LEE

Clodagh Maurine Burkhead of Utica, H. E. '43, was married to Nevada K. Lee, Sr., May 19. Their address is 216 Locust Street, Hampton, Va.

GEHRKE—EBERLINE

The marriage of Geraldine Gehrke, H. E. '46, of White City and Rex Eberline, f. s., of Centerville, Iowa, took place May 19 in the First Baptist Church in Manhattan. They live at 1200 Laramie Street, Manhattan. Mr. Eberline has enrolled in civil engineering.

GREER—KENNEDY

Irene Greer, H. E. '46, of Galva, and Peter Kennedy of Berkeley, Calif., were married May 20 in the First Methodist Church in Manhattan. Mrs. Kennedy is a member of the Chi Omega sorority. She teaches in the high school at Keats while Mr. Kennedy is a student in veterinary medicine.

LARSON—GOOD

Betty Sara Larson, H. E. '46, of Vesper, and Wayne L. Good, D. V. M. '44, of McCune, were married May 20 at the First Methodist Church. Dr. Good is a member of Alpha Gamma Rho fraternity. They live in Ponca City, Okla., where Dr. Good is practicing veterinary medicine.

WICHERS—BENSING

The marriage of Elaine Wichers, Arch. '46, Manhattan and Robert G. Bensing of Manhattan took place May 20 at the First Presbyterian Church. Mr. Bensing is a member of the Alpha Tau Omega fraternity and is now enrolled in the school of engineering and architecture.

WRIGHT—McKEE

Natalie L. Wright, H. E. '46, of Portales, N. M., and Donald McKee

were married May 21. They live at 826 Humboldt, Manhattan, while he is a student at K. S. C.

WELLS—SCHULTZ

Jeanne Wells, f. s. '46, of Manhattan, and George W. Schultz, D. V. M. '46, of Shattuck, Okla., were married May 24 in Gatlinburg, Tenn. Mrs. Schultz is a member of Pi Beta Phi sorority. Their address is Shattuck, Okla.

SAUDER—MURPHY

The marriage of Mary Frances Sauder, I. J. '41, and Dennis E. Murphy, Ch. E. '46, of Marquette took place at the home of the bride's parents in Madison.

ALEXANDER—UKENA

Georgiann Alexander, H. E. '46, of Everest and Wayne Ukena, f. s., were married May 25 in the Methodist Church in Everest. Mr. Ukena is a member of Alpha Gamma Rho and Mrs. Ukena is a member of the Alpha Delta Pi sorority. They live in Manhattan while he is a student at Kansas State.

ROYSTON—SHELOER

The marriage of Roberta Royston, f. s., of Manhattan and Claud S. Shelor, Jr., f. s. '46, of Bloom, took place in the First Presbyterian Church in Manhattan. Mrs. Shelor is a member of Delta Delta Delta sorority and Mr. Shelor is a member of Alpha Tau Omega fraternity.

JOHNSON—BLACKBURN

The marriage of Alice Marie Johnson, H. E. '42, of Manhattan, and C. Wilson Blackburn, E. E. '41, of Topeka, took place May 26 in the First Lutheran Church of Manhattan. Their address is 115½ South Chickasaw, Bartlesville, Okla., where Mr. Blackburn is with the Phillips Petroleum Company.

LANN—KNICELY

Josephine Lann, H. E. '41, Axtell, was married to Clarke Knicely May 28. Their address is 403 South Orange Drive, Los Angeles, Calif.

McLEOD—GRUBER McLEOD—BUELL

A graduate, a former student and a student at Kansas State College took part in a double wedding at the First Baptist Church in Manhattan on May 16. Betty McLeod, H. E. '43, married Robert A. Gruber of White City, and her sister, Iris Delight McLeod, f. s. '46, married Vernon R. Buell, a student. Mr. and Mrs. Buell will live at 344 North Fifteenth, Manhattan while Mr. Buell is in school. Mr. and Mrs. Gruber live at White City. Mrs. Gruber has taught the past two years in St. George and White City.

BIRTHS

Harry A. Rust, Ag. '26, and Mrs. Rust of 6223 North Nineteenth Street, Arlington, Va., are the parents of a son, John Newton, born May 12, 1946. They have two daughters, Phyllis Elaine, 15, and Elinor Hazel, 12.

A son, Daniel Peter, was born to Lois (Peterson) Howe, H. E. '38, and Dr. Eugene E. Howe, I. Chem. '36, and M. S. '37, Chem. of Linden, N. J., May 16, 1946. Dr. Howe is research chemist with Merck and Company, Rahway, N. J.

E. A. Cooper, E. E. '34, and Doris (Jaedicke) Cooper, Com. '34, of Hadam are the parents of a daughter, Emily Jeanette born May 27.

A son, Jacob Gordon, was born May 26 to Hilmarie (Freeman) Stofor, G. S. '25, and J. P. Stofor, of Sacramento, Calif. The Stofors live at 2417 W Street, Sacramento 17.

Foster Kordisch, D. V. M. '44, and Mary (Schroll) Kordisch, '43, and M. S. '44, of 510 Mission Street, Hays, are the parents of a daughter, Terry May, born May 31. The Kordischs have another daughter Sherry Marie.

Thomas B. Avery, Ag. '34, and M. S. '39, and Elizabeth (Poole) Avery, G. S. '33, of Route 1, Manhattan, announce the birth of Robert Poole, June 6.

O. John Selfridge, Com. '33, and Mrs. Selfridge, of 817 Porter, Wichita announce the arrival of Martha Louise, June 6.

A daughter, Clia Marie, was born June 9, 1946 to Mrs. William E. Doty

and William E. Doty, Arch. '41, of 1417 Pierre, Manhattan.

Loren Elliott, Com. '35, and Mrs. Elliott of Clay Center are the parents of a girl Barbara Jean born June 11. The Elliotts have another daughter Elaine Joan, 5.

William Honstead, Ch. E. '39, and Virginia (Keim) Honstead, M. S. '39, are the parents of Nancy Jean born June 13. Their address is 614 North Sixteenth, Manhattan.

C. K. Shane, D. V. M. '43, and Maxine (Odle) Shane of Manteca, Calif., announce the birth of a daughter, Elizabeth Kay, June 17. Dr. Shane is veterinarian with the Department of Agriculture for the State of California. Dr. and Mrs. Shane have two sons, James and Kenneth, Jr.

A daughter, Judith Ann, was born June 18 to Orlena (Cook) Hall, f. s. and Thomas E. Hall, Ag. '33 and M. S. '37, of 1520 North Pierce Street, Arlington, Va.

Frank Stephens and Margaret (McKown) Stephens, I. J. '36, of 640 West Sheridan Road, Chicago 13, Ill., are the parents of a son, Terence Charles, born June 16.

A son, John Francis Henry, II, was born June 22 to Lillian (Hoover) Lonergan, G. S. '43, and John F. H. Lonergan of Pullman, Wash.

Walter C. Peirce, G. S. '28, and Frances (Covey) Peirce, G. S. '31, of Route 2, Hutchinson, announce the arrival of Eileen on June 22.

A son, Philip Wayne, was born June 24 to Isabel (Gallemore) Smith, H. E. '28, and M. S. '32, and Wayne W. Smith of Copeland.

John N. (Jack) Haymaker, M. I. '41, and Jennie (Madsen) Haymaker, I. J. '41, of Grand Island, Neb., are the parents of a son, James Newton born June 30.

DEATHS

KESINGER

Earl V. Kesinger, E. E. '17, died at his home at 1221 Richmond Lane, Wilmette, Ill., May 14. Mr. Kesinger was for many years prominent in the field of long distance transmission of natural gas. He was a lieutenant of field artillery in World War I. At the time of his death he was vice-president of the Natural Gas Pipe Line Company of America and of the Texoma Natural Gas Company. He is survived by his widow and his mother.

BOWER

Tom Bower, f. s., of Junction City, died May 9. He was a grocer and owned the Bower Market in Junction City. He is survived by his wife, and a daughter, Barbara (Bower) Rowlen, I. J. '44, of Manhattan.

BELL

The death of Juanita (Telford) Bell, f. s. '29, occurred June 11 at her home in Phoenix, Ariz. She is survived by her husband and two children, Gary and Rosemary; three brothers, L. S. Telford, of Stockton, Calif., Sapt. Don M. Telford, G. S. '31, of Panama, and George B. Telford, Com. '33, and M. S. '34, Oxford, Ohio and a sister, Mrs. A. L. Sparman of Green.

HARVEY

Emma Harvey, f. s. of Junction City, died June 18. She taught school in Kansas and Virginia. She studied photography, and later established her studio in Council Grove. When she retired from her photographic work she returned to the old home place north of Junction City. She is survived by a brother, James M. Harvey, '99, and a sister, Martha, of Junction City.

PORTER

John J. Porter, D. V. M. '43, instructor in veterinary science at the University of Wisconsin, Madison, Wis., was killed June 18 in an automobile collision six miles north of Baraboo, Wis. Dr. Porter was the author of many bulletins and papers in the veterinary field. He received his Master's degree from the University of Wisconsin in May 1946. Survivors are his widow, four months old son, John Robertson, his parents and two sisters and two brothers of Selma.

EARLY CHAPEL FUND DONATIONS NEAR \$15,000 AT START OF DRIVE

Drive for \$275,000 World War II Memorial begins this fall

With the beginning of the drive for funds for Kansas State's \$275,000 World War II Memorial Chapel this fall, W. E. Grimes, treasurer of the Kansas State College Endowment Association, announced that a total of \$14,683.15 had already been given by alumni and friends of the College.

Nearly 100 people had contributed to the fund by last week, according to the alumni office. The list did not include the latest donations.

Following are the names of early contributors:

Ada Angel, Paradise; Willard M. Barry, Hoxie; Elwood King, Potwin; Norris E. Miller, 1223 Forrest, Wichita; E. Jack Coulson, 7616 Takoma Avenue, Takoma Park, Md.; Alice Linn, University Farm, St. Paul, Minn.; Mr. and Mrs. W. P. Lytle, 517 N. Dellrose, Wichita; Dr. Duane L. Cady, 2101 Texas Street, El Paso, Texas; Dr. John C. Smith, 519 S. Anna Street, Stuttgart, Ark.; John E. Erickson, 210 N. Thorne, Wabash, Ind.; Mr. and Mrs. John V. Sette, 3408 W. 144th Street, Cleveland, Ohio; and Pauline Baskett, 234 Sixth Street, Concordia.

H. M. Tysdal, 4322 Van Buren Street, Hyattsville, Md.; Marie H. Kleinhaus, 921 E. Milton, South Bend, Ind.; Mr. and Mrs. G. H. Burnett, 2234 S. Sixteenth Avenue, Broadview, Ill.; Reuben M. Johnson, 675 Belvidere Street, Pasadena, Calif.; Dr. and Mrs. E. S. Wiseman, 1730 Alabama, Silver City, N. M.; Dr. R. B. Koger, R. R. 3, Joplin, Mo.; C. W. Howard, Lewis and Clark College, Portland, Ore.; Mrs. Marylois Holm Smith, 911 N. Eleventh, Manhattan; Richard Auer, Goodland; Dean and Mrs. Harold Howe, Manhattan.

Dr. Francisco Taberner, State Sanatorium, Norton; Mrs. Kenneth G. Meuser, 112 W. Cleveland, Monett, Mo.; F. J. Habiger, Bushton; Dr. P. E. Chleboun, Crete, Neb.; Mrs. Katharine Kimmel Westbrook, 1320 S. Nineteenth Street, Lincoln, Neb.; S. L. Potter, 4505 Benton Boulevard, Kansas City, Mo.; Robert A. Carpenter, 615 Indiana Street, Oswego; Mahala Arganbright, Wamego; Mr. and Mrs. Robert S. Hargis, Rayville, La.; Mr. and Mrs. E. H. Smies, Courtland; Charles A. Davis, 3433 E. Murdock, Wichita; Harry E. Ratcliffe, 1907 N. Nicholas, Arlington, Va.

Ora Wells Traxler, 1118 W. Seventh, Emporia; Dale Bothurst, Talmage; Rose V. Tipton Lowell, 1563 Blake Avenue, Los Angeles, Calif.; Mr. and Mrs. A. V. Roberts, 210 W. Ellsworth, Salina; Elsie W. Boyd, Denison; Barbara J. Kelley Ewing, 806 N. Sixth Street, Garden City; Mr. and Mrs. Charles Streeter, Green; Ina Hawver, Stafford; E. C. Jones, Norden Laboratories, Lincoln, Neb.

Dr. David N. Scarr, West Concord, Minn.; Robert K. Nelson, Manhattan; Matt Betton, 1011 Fremont, Manhattan; Kenney L. Ford, K. S. C., Manhattan; Dr. George A. Rathman, State Sanitary Commissioner, Wichita; Dr. C. B. Krone, 617 S. LaGrange Road, LaGrange, Ill.; Dr. B. Belle Little, 120 S. Delaware Avenue, Manhattan; Mrs. F. T. Hopkins, 1526 Appleton, Parsons; Mrs. J. E. Schroeder, Hillsboro; Emery J. Levin, 420 Riverside Drive, New York, New York; Milton S. Eisenhower, K. S. C., Manhattan; Josephine Kremer, 720 Laramie Street, Manhattan; and Edward G. Buss, 101 Topeka Avenue, Holton.

Paul E. Sanford, Poultry Department, Iowa State College, Ames, Iowa; Eleanor M. Wilkinson, Children's Bureau, Federal Security Agency, Washington, D. C.; Mrs. Mabel Ellis, Lake Arrowhead, Deming, N. J.; Mr. and Mrs. J. Warren Rowland, 2308 Melrose Street, Rockford, Ill.; Mrs. Alvina Thrasher, Big Springs, Neb.; Mrs. Maude Terhune McCall, Wakeeney; Sarah M. Dowdle, 1066 S. Second Street, San Jose, Calif.; Dr. Arthur R. Roseberg, Medical School, Northwestern University, Chicago, Ill.; Mr. and Mrs. Clayton O. Obenland, 7519 Delmar Boulevard, University City, Mo.; Earl Seifert, 2631 Cornine, Parsons; Anna M. Sturmer, K. S. C., Manhattan.

Mrs. Philip A. Henderson, R. R. 1, Superior, Neb.; Kathleen Hamm, 401 E. Madison, Ann Arbor, Mich.; John D. Dietrich, Hickory Hills Farm, 9200 Old 40 Highway, Kansas City, Mo.; G. I. Thatcher, 97 Center Avenue, Chatham, N. J.; Allen N. Webb, 414 Cornell Avenue, Albany, Calif.; Ralph

E. Krenzin, Agronomy Department, K. S. C., Manhattan; Mr. and Mrs. Lonnie E. Emerson, Box 105, Phillips, Texas; Amy Stewardson, 665 W. Seventh Street, Colby; Dr. Joe Ridgway, 1784 Thompson Boulevard, Ventura, Calif.; Mary E. Kirkpatrick, 3900 Hamilton Street, Hyattsville, Md.; Paul Robinson, 298 S. Ninth Street, San Jose, Calif.; Mary Lyman Otis, 26 Breece Terrace, Madison, Wis.; L. O. Gugler, 1611 First Avenue, West, Horton; H. A. and Myrtle Kahl Ireland, 1022 East Dale, Colorado Springs, Colo.; and Mrs. Margaret Iverson Janz, 8806 First Avenue, Silver Spring, Md.

Nellie Sawyer Kedzie Jones, 320 Lathrop Street, Madison, Wis.; Myrtle G. Gohlke, 434 N. Palm Drive, Beverly Hills, Calif.; E. E. Huff, 805 S. Eighth Street, Chickasha, Okla.; Scott W. Kelsey, 1328 Kellam, Topeka; Ema Lou Bireline Rodini, 411 West Ash, Salina; D. F. Foote, Garfield Road, Loveland, Colo.; Charles Reed, K. S. C., Manhattan; Frank G. Gillett, Buchanan, W. Va.; Class of 1946, K. S. C.; and Mrs. Ida M. Williams, Salt Lake City, Utah.

NEW PERSONNEL ARRIVE AT K-STATE TO SUPERVISE AIR FORCE ROTC UNIT

Capt. Lewis A. Copeland of Kansas City, Mo., and three enlisted men have arrived at the College to supervise the new Air ROTC program on the campus.

The enlisted men, who will do administrative and instructional work, are Master Sgt. James W. McAdams, First Sgt. Kenneth W. Holland and Staff Sgt. Glenn S. Pursselley.

Kansas State is one of 76 colleges and universities throughout the U. S. to take part in an Army Air Force ROTC program designed to provide AAF with a steady flow of college-trained officers. The four-year program for Air ROTC students will consist of a two-year elementary course and a two-year advanced course leading to a commission as second lieutenant in the air reserve.

Captain Copeland, the new air officer, came to Kansas State from the Topeka Army Air Field, where he was base claims officer. His military service includes a year in the Fourth Ferrying Group on domestic and overseas ferrying, a year ferrying pursuit ships in the U. S. and a year in the C. B. I. Theater of Operations as a C-46 pilot. He also served as instructor in an operational training unit at St. Joseph, Mo., and as an air evacuation pilot in the U. S.

In addition to Air ROTC, the College has units in Coast Artillery and Infantry. Others are under consideration by the War Department. All are under the command of Col. A. G. Hutchinson, professor of military science and tactics.

SODERBERG WILL MANAGE COOPERATIVE COMMISSARY

Veterans' Association sponsors store to ease living costs

A. H. Soderberg of Manhattan has been named by the Veterans' Association as full-time manager of the cooperative commissary the ex-servicemen are organizing on the campus.

Soderberg is an experienced store manager and has operated markets of his own in Manhattan. His appointment will be effective from the completion date of the commissary building, which is now under construction. The commissary is being sponsored by the Veterans' Association to help ex-servicemen stay in school by reducing high living costs.

Thomas B. Avery, associate professor of poultry husbandry, has been chosen faculty member of the commissary board of directors by the student members.

Will Resume Ag Magazine

Publication of The Kansas Agricultural Student, official publication of the School of Agriculture at the College, is to be resumed. Elbert B. Macy, extension editor and faculty adviser for the magazine says the first issue since March, 1943, will appear this month. The newly appointed student staff will be Lewis Schafer, Jewell, editor; John Tasker, Caney, assistant editor; Floyd Rolf, Pratt, business manager; Emery Castle, Wayside, assistant business manager; and R. S. Nickelson, Salina, photographer.

Life is not so short but that there is always time enough for courtesy. —Emerson.

DR. A. A. HOLTZ TEACHING FULL TIME AFTER 27 YEARS AS MEN'S ADVISER

Heavy teaching load requires reassignment of extra duties

After 27 years as men's adviser and secretary of the YMCA at the College, Dr. A. A. Holtz is devoting full time to this position as professor of economics and sociology. He has been relieved of his non-instructional duties because of the heavy teaching load in the Department of Economics and Sociology.

The extracurricular functions that Dr. Holtz performed have been transferred to other offices. His duties as

men's adviser have been taken over by Dr. M. D. Woolf and E. Paul Torrance of the Student Personnel Office.

The housing and student employment functions have been transferred to Hal McCord, housing coordinator. William West of the counseling bureau has been chosen new YMCA secretary.

Dr. Holtz came to the College in 1919 after serving in the Army. President Milton S. Eisenhower said: "I am sure that everyone in the College appreciates as I do what an enormous contribution Dr. Holtz has made over a period of years in his extracurricular activities. Literally thousands of students have benefited by his understanding guidance and the College has become a stronger institution because of the moral leadership he provided."

WILDCATS WILL PLAY 24-GAME BASKETBALL SCHEDULE THIS YEAR

Kansas State will play a 24-game basketball schedule this winter, plus a "B" team schedule of 10 games, Coach Jack Gardner has announced.

Seven non-conference foes, including the University of Iowa and Montana State College, will be met by the Wildcats. In addition to 10 Big Six games, Gardner said K-State would compete in a three-day tournament against other Big Six teams in Kansas City, Mo., Municipal Auditorium December 12 to 14.

Non-conference teams on the Kansas State schedule, other than the two mentioned, are Washburn University, Fort Hays State College, Drake University, Wichita University and Rockhurst College.

The varsity basketball season will open December 2 with a doubleheader against Washburn and Fort Hays in Manhattan.

COMMISSARY STOCK SALES EXCEED NECESSARY \$10,000

Veterans expect store to open early in October

Sales of stock in the veterans' commissary at Kansas State College have exceeded the \$10,000 necessary for opening the store, according to Lloyd Nothern of Manhattan, chairman of the board of directors.

If construction of the building is not delayed by further bad weather, the commissary will open soon, Nothern said. Veterans formed the cooperative commissary to keep down living costs.

Helander Gets A. S. M. E. Office

Linn Helander, professor and head of the mechanical engineering department at the College, has been notified of his election to regional vice-president in the American Society of Mechanical Engineers. He will serve for a two-year term. He has been temporary regional vice-president the past year. He will attend a meeting of the society this month.

Plan New Sorority

A chapter of Alpha Chi Omega, national social sorority, is being planned for Kansas State. Edith Levedahl, junior from Northwestern University, and Gwen Row, graduate assistant in child welfare who was a member of the University of Nebraska chapter, are in Manhattan completing plans for activating a chapter by the start of next semester.

NATIONALLY-KNOWN PERFORMERS WILL APPEAR ON ARTIST SERIES

Six nationally known musicians and a 24-man symphony orchestra will be presented in this season's Artist Series at the College.

Dorothy Maynor, soprano—whom Olin Downes, music critic, declared to be "one of the most conspicuously gifted singers of her generation"—will be first on the list.

The duo-pianists, Arthur Whittemore and Jack Lowe, are scheduled for December 4. During their 3 1-2 years in the Navy they played in all parts of the world. With Boot, the Marine weekly of Parris Island, reporting that their "splash of Barnum and Bailey showmanship" made them "a tremendous hit," the Artist Series committee picked them as certain also to please the veterans on the campus as well as the music lover.

Paul Draper, who has developed a unique combination of tap dancing and ballet, and Larry Adler, dubbed "the harmonica virtuoso," are scheduled for February 19.

Last program of the year will be March 27, when the St. Louis Sinfonietta and William Primrose will be heard. Mr. Primrose was selected by Arturo Toscanini as his viola soloist when he first organized his NBC orchestra.

When the season ticket sale closed October 1 few seats remained to be sold for single admissions, most of them in the top price bracket.

K-STATE WRESTLERS TO ENTER FIRST COMPETITION SINCE 1941

Kansas State will resume intercollegiate wrestling for the first time since 1941, it has been announced by B. R. (Pat) Patterson, Wildcat coach.

Patterson said meets had already been scheduled with Denver University at Denver January 6 and with Wichita University here January 17. Several other matches, including two with the Oklahoma Aggies and Iowa Teachers College, will be arranged, he said.

Prospects for a winning wrestling team are bright, Patterson believes. Three lettermen from past Wildcat teams who are ready to report are Verle McClellan and Warren Boring, who will compete in the 155-pound class, and Dale Carter in the 165-pound class. McClellan was Big Six champion in the 136-pound class in 1940. He was twice shot down over Germany during the war.

While serving in the Army overseas, Patterson coached a team which won the ETO championship. One of his Army wrestlers, Erwin Yarnell, 128-pound champion of the ETO, will compete for a position on the Kansas State team.

WILDCAT "B" SQUAD WHIPS WICHITA, 12-0, IN HOME GAME

Stehley brothers star for K-State in night contest

The Kansas State "B" squad, performing before the home crowd while the varsity was in Abilene, Texas, Saturday night, defeated the Wichita "B" team 12 to 0 at Griffith Field. Jim and Don Stehley, brothers from Phillipsburg scored the Wildcat touchdowns.

Jim Stehley went 48 yards for the first counter in the initial quarter after his 52-yard touchdown return of a Wichita punt was nullified by a Wildcat penalty. Don Stehley plunged over from the three yard stripe in the second period after Freshman Ervin Bussart, Wamego, had engineered a 35-yard drive to near pay dirt.

Friday night of this week, the Kansas University "B" squad will come to Manhattan for the first of a two-game "B" team series with the junior Wildcats. The second contest will be played in Lawrence November 22.

Other "B" team games are scheduled with Nebraska (two games), a return game with Wichita, Missouri and Emporia Teachers "B".

WILDCATS PREPARE FOR NEBRASKA HUSKERS AFTER DEFEAT IN TEXAS

Hardin-Simmons Cowboys whip K-State 21-7 in first game

Ways and means of finding a forward pass defense, and developing a throwing attack of their own, are major problems facing the Kansas State football squad this week as the Wildcats prepare for the Big Six conference opener with Nebraska at Lincoln Saturday afternoon.

Weakness in the aerial game—both offensively and defensively—stood out like a "No Vacancy" sign at Abilene, Texas, last weekend, as the Wildcats dropped their first 1946 contest to the Hardin-Simmons squad 21-7. The Texas Cowboys took to the skies for all of their touchdowns and let at least three other passes slip through the hands of receivers standing in the end zone.

On the offensive side of forward passing, Kansas State throwers tried 24 times, completed 9 and had 5 intercepted. Four of the completions were by Al Bandy, Cottonwood Falls quarterback, who connected with Gabe Bartley, Horton, right halfback, with an eight-yard touchdown pass late in the game. Kansas State was back on the Hardin-Simmons three-yard line when the game ended.

Though the passing game of the Wildcats appeared gloomy, other departments of play gave Coach Hobbs Adams and his assistants encouragement. Karl Kramer, Olathe fullback, and Harold Bryan, Neodesha, freshman right halfback, turned in punting performances which were superb. Kramer booted the ball out-of-bounds on four occasions hitting the 12, 18, 15 and 3 yard stripes. Once, standing in his own end zone, he picked a bad pass from center off the ground, and lifted the ball 45 yards up the field. Bryan kicked 52 yards from his own end zone into the wind.

The first quarter was scoreless with both clubs threatening once. Hardin-Simmons reached the Kansas State 25-yard line on a 37-yard run the second play of the game, only to meet a stubborn Wildcat line. The Manhattan team's chance came when Bob Rogers, end from Newhall, Calif., recovered a Cowboy fumble on the Texans' 17. The Hardin-Simmons line held for downs.

In the second quarter, Al Johnson heaved a 43-yard touchdown pass to J. C. (Bullet) Cook, of the Cowboys. The Hardin-Simmons team made it 14 to 0 in the third quarter on a 20-yard pass play. The final Cowboys score came in the fourth period when Morris Southall pitched an eight-yard forward to Cook.

Adams said he may switch his backfield around in an effort to find defensive strength. He attributed his team's inert pass defense to "inexperience, something which can be eliminated only by playing." One change Adams may make is the moving of Bill Edwards, Gadsen, Ala., from left halfback to quarterback. Gene Snyder, Junction City, a center who lettered as a blocking back at K-State before the war, may win a starting berth at the pivot position, thanks to his stellar play at Abilene, Texas. Larry Reid, Topeka, and Bob Rogers, looked impressive to Adams at the end positions. Big Edgar McNeil, Effingham tackle, recovered two enemy fumbles and won the praise of southern sports writers for his line play.

Thirty-six men probably will make the trip to Lincoln for Saturday's game with Nebraska. The team will leave Friday night.

Print Collegian Twice Weekly

For the first time since 1943, the Collegian, Kansas State, will be printed semi-weekly, it has been announced by Helen Peterson of Columbus, editor.

The staff includes associate editor, Jack James, Mayetta; copy desk editor, Nancy Diggle, Mission; sports editor, Dick Dodderidge, Council Grove; assistant sports editor, Jerry Collins, Dwight; society editor, Cleolis Bradley, Magnolia, Ark.; feature editor, Leslie Black, Manhattan; business manager, LeRoy Allman, Manhattan; and student opinion institute director, Merrill Wertz, Smith Center.

Can there be a more horrible object in existence than an eloquent man not speaking the truth?

—Thomas Carlyle.

Number 2

PRESIDENT'S LETTER

RECORD FALL ENROLLMENT SHOWS NEED FOR MORE COLLEGE FACILITIES

K-State, equipped for 3,500, strains to accommodate nearly 6,500

Editor's Note—This fall, President Eisenhower resumes his series of letters to the alumni. This is the first for the current academic year. Others will follow.

Dear Alumni:

Anyone who has not visited the campus within the past year would hardly believe that twelve months could bring such a number of changes. Swarming with more students than ever before in history, the campus has many of the appearances of a boom town. Rows of barracks for about 400 student veterans stand on what was once a broad sweep of lawn just east of the College cafeteria. Temporary apartments for more than 300 married veterans are going up on former intramural playing fields on the west campus. Men are living in the stadium, in a hospital annex, in places we would never have considered as housing a year ago.

Our enrollment this fall is more than 6,500 students—three times what it was a year ago and more than 2,300 above the pre-war all-time high. About two-thirds of our students are veterans. Our student population this fall is equivalent to more than 50 percent of the normal population of Manhattan.

The College has permanent facilities for only about 3,500 students. We were crowded even in 1940 when we had a registration of approximately 4,100. Our enrollment this fall is about 55 percent greater than it was in 1940, but our permanent facilities have remained essentially the same. Consequently, the College is facing a number of problems. There are shortages of suitable permanent housing, of classroom space, of faculty members, of eating places—of everything, in fact, but students.

Housing is a major problem. Frankly, we are wondering just where some of our students are living. During the summer, when we were making plans for fall, we thought that by housing 1,500 unmarried veterans in a unit at Fort Riley we would be able to accommodate up to 6,000 students this fall. Well, there are fewer than 200 students living at Fort Riley—and still we have between 500 and 1,000 more students than we thought we would be able to handle. The only conclusion is that Manhattan townspeople have done an amazing job of housing students in private homes. Scores of homes—homes of people who didn't intend to take in roomers—have been opened to students in this emergency. I know personally, for example, of one family which is keeping six and another keeping seven students; previously neither home was open to students. Fraternities and sororities, too, are housing more students than ever.

In its project at Fort Riley, the College still has housing for single veterans. Nevertheless, we estimate that perhaps 2,000 Kansas students were discouraged from coming to Kansas State this fall because of their failure to find rooms during the summer or because they were dissatisfied with the temporary housing facilities available. We have refused requests for entrance from thousands of out-of-state students since May when we began limiting admission to Kansans.

Despite our record enrollment, the fact that young people wanting an education have been kept from entering the College points the need for additional permanent housing. The College, for the time being, has met the emergency. The government has spent a million dollars to provide temporary housing for veterans, and the College has spent a quarter of a million dollars for the same purpose. But we cannot expect temporary expedients—trailers, barracks of tarpaper and planks—to fill for any length of time a need that is permanent. Nor can we expect the people of Manhattan to inconvenience them-

Lampl Heads Young Democrats

Sherman Lampl of Wichita, a junior in electrical engineering, has been named temporary acting chairman of the Young Democrats club being formed on the campus. Mendall Rexroth, state chairman of campus activities for the Young Democrats, has helped organize the K-State group.

CONTRIBUTIONS TO CHAPEL FUND CAN BE FOR INDIVIDUAL MEMORIALS

Individual memorials can be established in the proposed World War II Memorial Chapel and chime tower to be constructed at Kansas State.

The main chapel of the proposed building, which will be of native limestone, will be approximately 46 by 114 feet in size.

Nave pews with cushions in the main chapel will cost \$7,000, approximately \$200 per pew to seat eight persons each. Choir stalls and fronts will cost \$750, approximately \$175 per choir stall and front.

The pulpit and associated front will cost \$850 and the lectern and associated front will cost \$650. Other costs include railing and cushions, \$300; baptismal font and cover, \$500; lighting fixtures, \$1,200; altar cover and antependia for lectern and pulpit, four sets or colors, \$350; rose window above altar, \$1,500; other windows in nave, \$5,000.

The small chapel will be about 26 by 42 feet in size. Pews in this chapel will cost \$1,400, approximately \$200 per pew to seat eight persons each.

The dossal, table covers and antependia will cost \$500; lighting fixtures, \$600; chancel window, \$700; and windows in the nave, \$2,500. It is estimated best traditional Gothic glass for the windows will cost between \$30 and \$75 per square foot.

Alumni wishing to establish individual memorials can earmark their contributions for any of these items.

THREE VETERANS ATTRACTED BY HOME ECONOMICS SCHOOL

Service cooks continue careers in institutional management

Three men are competing with the 685 women in the School of Home Economics this fall. They are Elvin E. Julian, Kinsley; Lloyd E. Cope, Valley Falls; and James E. Shriver, Salina. All three are enrolled in the curriculum in institutional management.

All of the men had cooking experience in the service, Julian with the Coast Guard, Shriver with the Navy and Cope with the Army. Work in the institutional management curriculum provides training for management of hotels, restaurants, hospitals and other institutions.

selves over a long period of time to help house our students. We must have permanent housing to accommodate our permanently increased enrollments. And make no mistake—our enrollments WILL be permanently increased.

The national trend has been toward larger and larger college enrollments. By 1960, when the last of the veterans are completing their training under the G. I. Bill, we expect three and one-half million students in the nation's colleges, an increase of 100 percent in the past 20 years. By 1960, remember, the children of veterans now in school will be starting college.

We expect the enrollment of Kansas State College to stabilize at approximately 6,000 students. Our permanent facilities for only 3,500 students can scarcely be strained to accommodate our present fall semester enrollment of 6,500 even in an emergency. Certainly they cannot be strained to handle 6,000 or 6,500 students for any length of time. If Kansas State College is to be built up to the size of its enrollments, we must start work now.

Sincerely,

William S. Shriver

President

Assembly Speaker

Dr. A. B. Cardwell, head of the Department of Physics, will speak on "Atomic Energy and Its Political Implications" at an all-College assembly tomorrow. Dr. Cardwell spoke in assembly on the same subject last June and is speaking again after a number of requests from faculty and students who were unable to attend at that time.

Dr. Cardwell was one of the scientists who worked on the atomic bomb at the Oak Ridge, Tenn., plant. He has also been scheduled to speak on "Atomic Energy" to the Ag-Industrial Week delegates on November 7.

HOUSING COMMITTEE RECOMMENDS MORE DORMITORIES FOR K-STATE

"One of the most important needs facing the educational institutions in Kansas in the coming years is additional dormitory facilities," according to a report issued by the dormitory housing committee of the state Board of Regents and received recently by Kenney L. Ford, secretary of the Alumni Association.

The committee recommended that the Board of Regents make a request of the legislature for a direct appropriation from the general fund for the construction and equipping of two dormitories at Kansas State.

The report stated:

"Based on an estimated enrollment of 5,000 students in the fall of 1946 at Kansas State College, dormitory facilities are available for 400 students or eight percent of the total enrollment. This housing includes Van Zile Hall, the new apartment building recently acquired by the endowment association for women and housing facilities in the stadium. The state appropriated \$200,000 at Manhattan in 1926 for the construction and equipping of Van Zile Hall. President Eisenhower recommends that for a permanent housing program, we should plan to house 1,500 men and 500 women."

1928 graduate gives College two Quarterhorses for use as cattle horses and foundation stock

Presentation of two yearling Quarterhorse fillies to the College by E. A. Stephenson of Bucklin has been announced by Dr. A. D. Weber, head of the animal husbandry department.

Stephenson was graduated from the College in animal husbandry in 1928. Especially valuable on ranches because of their "cattle sense," the two horses will be used as foundation animals for a select stud of Quarterhorses as well as to work cattle on the College farms as soon as they are old enough for training, Dr. Weber said. They also will be used for instruction in judging courses at the College.

These fillies are representative of some of the best bloodlines of the Quarterhorse breed and will be inspected on the basis of type for registration, Dr. Weber stated. Each of these fillies is sired by Skipper, a son of Shiek, the noted Quarterhorse sire used for many years on the Matador Ranch, Matador, Texas. Shiek was sired by Peter McCue, holder of the world's record for one-quarter of a

K. S. C. Has 33 Foreign Students

Thirty-three students at the College this fall are from 15 countries outside the continental United States. Eight students are from Puerto Rico and four are from China. Panama and Palestine each have three representatives while Mexico, Peru, Egypt and Switzerland each have two. Syria, Argentina, Hawaii, Nicaragua, Philippines, Columbia and Sierra Leone, Africa each have one student enrolled. Most of the men students are enrolled in agriculture and the women are studying home economics.

1946 ENROLLMENT EXCEEDS 6,500 AS K-STATE ENTERS BIGGEST YEAR

Late registrations in Kansas State brought the enrollment figure to 6,504 this week to give the College the highest attendance figure in its history, according to the Registrar's office. Veteran enrollment is approximately 4,150.

Schools of the College have not released their official registration figures. However, the following unofficial estimates were available: School of Arts and Sciences, approximately 2,070; School of Engineering and Architecture, approximately 2,400; School of Agriculture, 913; School of Home Economics, 685; School of Veterinary Medicine, 198; and Graduate School, 241.

Helen Moore, dean of women, reports that 1,435 women students are enrolled this fall, a 15 percent increase over last year's all-time high. However, the number of freshman women this term is 15 percent less than a year ago.

Eight sororities this fall are housing 323 women, about 27 percent more than nine sororities housed when enrollment was at its previous peak in 1940.

FIVE-DAY PROGRAM INCLUDED IN 1946 HOMECOMING PLANS

First post-war event will welcome veterans to campus

Tentative plans for the Victory Homecoming November 16 include five days of pep rallies, jam sessions and stunts by student organizations, Kenney L. Ford, alumni secretary and chairman of the homecoming committee, said today.

Activities will start with a pep rally November 12 and end with the annual Homecoming Ball on November 16. Independent, sorority and fraternity houses will be decorated. An all-College dance is being planned for the night before the game between Kansas State and Kansas University. A parade will precede the game.

The first full-scale Homecoming since before the war, the event is designed to welcome ex-servicemen back to the campus. Pre-war Homecoming activities lasted only two days.

VETERANS MAY HAVE TO MOVE FROM CAMP FUNSTON QUARTERS

Campus temporary housing facilities will have 630 veterans

Student veterans at Kansas State, inhabitants of a College housing project at Camp Funston, are scurrying around the campus this week, trying to recruit 80 more men to live in their quarters.

The project originally was set up for 1500 men, but when the number of men living in the quarters had dwindled to fewer than 100 plans were made by the College to move the veterans to campus housing units, Hal McCord, housing coordinator, said. The men living at the site did not want to move because they preferred their quarters to accommodations in crowded Manhattan. They were given a reprieve until Friday to recruit the extra men needed to keep the facility open.

DEVELOPED LAST SUMMER

The project was developed last summer when it became apparent to College officials that local housing would be insufficient to handle the increased enrollment of the College. It included former Bachelor Officers' Quarters for rooms and a mess hall on the site.

The Fort Riley facility is only one of several emergency measures developed by College housing authorities. Other housing provided on the campus is expected to provide quarters for approximately 630 single veterans and 436 married veterans.

Some of the quarters on the campus are not complete, according to Don Munzer, director of on campus housing, but some men are living in the completed sections.

26 IN HOSPITAL ANNEX

Rooms for 26 men have been completed in the hospital annex and the facility is full. The dormitories in the east side of Memorial Stadium, with room for 68 students, are also complete and in use. Dormitories in the west side of the stadium, which will house 150 men when completed, are now crowded with 130 men and construction is about a third done.

Temporary dormitories, made by converting barracks from the Coffeyville Army Air Base, are being constructed on the east lawn of the campus. This project, which will house 384 men, is about half-completed. Munzer said, and 246 students are now using it.

100 LIVE IN TRAILERS

Campus Courts, College-operated trailer camp for married veterans, has housed its complement of 100 student families since its completion last spring.

In addition 336 temporary apartment units are under construction. There is no indication as to when they will be completed.

Permanent College operated housing facilities for women have nearly doubled in the past year. The Waltheim apartment building, at 1430 Laramie, purchased by the Kansas State Endowment Association and leased to the College, has been converted into a dormitory for 78 women. Van Zile Hall, women's residence hall, has increased its accommodations from 130 to 169 women.

In addition to these College-sponsored housing measures, sororities and fraternities have increased the number of pledges this year. Other boarding and rooming houses in town are also taking more people than in other years. Many Manhattan townspeople who have never taken roomers have opened their homes to one or several students.

Veterans Elect Officers

Ex-servicemen at Kansas State have elected E. L. Stackfleth of Anthony as commander of their Veterans' Association. Other new officers are Reed Larson, Abilene, vice-commander; Charles Shannon, Wichita, adjutant; and Ted Jones, Dallas, Texas, sergeant-at-arms.

The KANSAS INDUSTRIALIST

KENNEY FORD.....Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in instalments. Membership in alumni association included.

THURSDAY, OCTOBER 10, 1946

POLITICAL OSTRICHES

The recent banning of a Communist-tinted textbook in economics used by the Military and Naval Academies has caused a minor flurry in several states whose institutions were supposed to be using it. It seems that a certain sentence, paragraph or chapter carried a definite "soak the rich" flavor. University officials have hastened to assure newspaper men that they are not using the offending book. Some declare that it is not even in the library.

Whether or not the book is inimical to our form of government, has no place in this discussion. The question is, if we have an enemy, how are we going to learn to recognize him and guard against him if we do not study him and his literature.

A boxer, a football coach, or a general makes a great many of his plans after appraisal of the methods and habits of his opponent. Upon the extent and accuracy of his information depends his success. But in the realm of political thought and action we drive opponents underground and make them inaccessible to us.

Believing the Communist party hostile to the American way of life, Kansas has outlawed it, and now permits no Communist candidates to run for public office as such.

Recently, a newspaper editorial praised this legislative action, though admitting that undoubtedly some Communists were running on other tickets. But, the writer crowed in effect, we have driven them underground, made it unlawful (in these free United States) to express our political convictions by running for office under their banner.

To me, it seems that we have become merely political ostriches. That we have laid ourselves wide open for a severe political spanking from quarters unknown. That we must now work against a system that has assumed a vague shape, which has no focal point to attack because we, ourselves, have obscured it.

Thought is not a tangible, apparent action, like a murder or thievery. Thought-directing laws are not workable. A certain amount of liberal, uninhibited thought is necessary for progress. The radicals of one period of history, in power, and without the stimulation of contest, become out of date in a short time.

This is not a brief for the Communists or for any other political belief. It is merely a statement of a belief that labeled goods, whether they be political or mercantile in character, are easier to choose from.

—Jack James in the Kansas State Collegian

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

A successful membership drive was completed by the YWCA netting 530 new members with hopes that the total membership would be 700.

"Homeless, hungry Jack," a little wire-haired terrier, was found sitting forlornly in front of the Veterinary Hospital. After food, drink and bath administered by kind-hearted vets, Jack found a home with Tom McClung, local business man.

Revival of the Homecoming decorations contest was announced and a limit of \$5 placed on the cost of decorations for each fraternity was announced. \$25 was offered for prizes in the contest.

A conference of 400 extension workers was in session on the campus. President F. D. Farrell addressed the opening session of the group.

Helen P. Hostetter, assistant professor of journalism, spoke at the annual

conference of Teachers of Journalism at Kansas University. Her topic was, "Handling Those Darned Reporters."

TWENTY YEARS AGO

Kansas State Wildcats defeated Texas University 13-3. The game was won on a passing attack in the last half.

The Kansas Press Association accepted an invitation to hold their meeting with a conference of extension workers and Kansas editors. A motor trip to Fort Riley, a game of golf or a sight-seeing tour of the College were on the program.

Touchdown II, official mascot of the College, was built a new home at the base of the tall radio tower. It was furnished with upholstered tree trunks.

Prof. C. E. Rogers, head of the journalism department, was named president of the American Association of Agricultural College editors.

THIRTY YEARS AGO

Kansas State Aggies beat Southwestern College 53-0.

Kansas State College stock won more prizes at the American Royal Live Stock Show than all other competitors combined.

New machinery was installed and repairs made in the engineering shops. A traveling crane was set up in the foundry.

Daily weather reports were begun to be sent out by wireless by the Agricultural college. With the exception of forecasts put out at night for Naval stations from Washington, D. C., this was the first time anything of this kind was tried.

FORTY YEARS AGO

Suggested titles for programs at the Farmers' Institute of Kansas State Agricultural College were, "How to Keep the Boy on the Farm," "How to Keep the Girl on the Farm," and "How to Keep the Old Man on the Farm."

The professors who dwelt along the west side of the City Park wanted it understood that their settlement was called Park—not Faculty Row. They insisted that there was no "row" about their neighborhood.

The Manhattan carnival held on the main street enjoyed fair weather and large crowds. Funds were raised to purchase the court-house clock.

Six different periodicals were being published by the Agricultural College. They were the weekly "INDUSTRIALIST," the weekly "Students' Herald," the monthly "Jayhawker," the

monthly "Agricultural Review," the two-monthly Station Bulletins and the occasional Press Bulletins. All except the Review were printed in the College plant.

The Dairy Department purchased a dozen milk cows, to be certain of a sufficient milk supply for the fall and winter classes in dairy work.

FIFTY YEARS AGO

The teaching staff totalled 24. There were 10 assistants and foremen and six assistants in the experiment station.

The College Cadet Band and College Orchestra were "fully organized and in good working order, and promised excellent music with further practice."

"Owing to a mix-up in the announcement of the meeting time the president of the Hamilton Literary Society faced a goodly number of empty chairs when he rapped for order at the weekly meeting."

A local jewelry store advertising "Watches, Clocks, Jewelry, Gold Spectacles, also Musical Instruments."

SIXTY YEARS AGO

"If you want your boys to stay on the farm, let them lead something besides a dog's life," read a clipping from the exchange files.

It was decided in a debate at a literary society that "Riches Are An Impediment to Virtue."

A notice read, "The smooth graveled drives and pleasant surroundings make the College grounds all too attractive for Sunday driving. This is the suburban park for all Manhattan, it seems."

The Students' payroll for September contained 91 names of students who earned from ten cents to forty dollars.

The efficiency of the new corn-crib was attracting much favorable comment from farm experts over the state.

SEVENTY YEARS AGO

A new chemical laboratory had just been built with \$8,000 appropriated by the State Legislature for the purpose.

THE INDUSTRIALIST invited "brief, spicy, boiled down articles from the students."

THE INDUSTRIALIST was having reporter troubles. "The gentleman who promised to report the Manhattan Fair for us failed to do so, and it is now too late to say much about it."

LOOKING AROUND

KENNEY L. FORD

Kenney Ford, Secretary of the Alumni Association was elected president elect of the American Alumni Council at its conference in Amherst, Mass., last summer.

During his trip through the east, the Secretary also conducted a series of alumni meetings, explaining the World War II Memorial Chapel campaign. The president of the alumni association at each meeting was made chairman of the local drive for funds.

At a dinner meeting in Springfield, Mo., June 24, the following were present: Russell J. Peck, '97, Gotebo, Okla.; Cecil Hornbuckle, '39, and Mrs. Hornbuckle, Buffalo, Mo.; Archie C. Peck, '96, West Plains, Mo.; Capt. Henry A. Bender, '43, Dr. W. H. Eyestone, '39 and '41, and Dr. C. C. Moore, '40, Springfield, Mo. Dr. C. C. Moore was in charge of arrangements.

There was a get-together meeting at the home of Sheldon B. Storer, '25, and Fern (Harris) Storer, '28, on Highland Pike near Covington, Ky., on the evening of June 28. Those present were: J. L. and Wilma (Draper) Hollis, '38; Chester A. Garrison, '29, Mary Louise Schneider, '45, Patricia O'Loughlin, '45; Reed C. Sparks, '42, and Mrs. Sparks; F. E. Walbridge, '24, and Mrs. Walbridge; H. F. Yoder, '28, and Mrs. Yoder, Cincinnati, Ohio; Mercedes (Sullivan) Mitchell, '23, and Mr. Mitchell, Park Hills, Ky. Mr. Garrison was in charge of arrangements. Officers elected were: president, Sheldon B. Storer, '25, Covington, Ky.; vice-president, Chester Garrison, '29, 3839 Columbia Parkway, Cincinnati, Ohio; secretary-treasurer, Horace F. Yoder,

'28, 154 Bryn Mawr Drive, Cincinnati, Ohio.

K-State alumni gave a picnic at Columbus, Ohio, June 29. The following were present: Arthur A. Case, '37, '39 and '42, and Annette (Alsop) Case, '38 and '40, 438 Colonial Avenue, Worthington, Ohio; Mrs. A. C. Alsop and Marilou Alsop; O. E. Holzer, '23, 397 Acton Road, M. F. Hulett, '93, 319 W. Ninth; Dr. M. Ione Hulett, '93, John H. Shenk, '29 and '31, and Ayleen (Hartzell) Shenk, '31, and children, Columbus, Ohio. The Shenks are now in California. Dr. A. A. Case was in charge of arrangements.

There was a dinner meeting at the Pittsburgher Hotel in Pittsburgh, Pa., July 1 with G. M. Crawford, '25, in charge. Those present were: G. M. Crawford, '25, 300 Bevington Road; B. A. Rose, '26, and Mrs. Rose, 603 Woodside Road; D. Paul Ayers, '28, and Marguerite (Stingley) Ayers, f. s. '28, 553 Audubon Avenue; Lester G. Tubbs, '17, and Madge (Austin) Tubbs, '19, 426 Burlington Road; Hurd T. Morris, '10, 821 Holland Avenue; N. G. Chilcott, '25, 173 Avenue A; T. G. Beckwith, '35, and Mrs. Beckwith, 3131 Breckenridge Street; T. L. Weybrew, '24, Jefferson Heights Drive; H. L. Huston, '35, H. J. Heinz Company; Robert J. Frick, '39, The Linde Air Products Co.; H. A. Heimrich, '40, 3827 Greensburg Pike; J. Donald Musil, '41, 2342 Hollywood Drive, Pittsburgh, Pa.; W. A. Nelson, '29, and Margaret (Adams) Nelson, '27, 112 Constitution Circle, Clairton, Pa.; and Raleigh J. Cossart, '44, 821 Franklin, Wilkinsburg.

Alumni met at a picnic in Rock Creek Park, Washington, D. C., July 3 with Dan Braum, '24, in charge. Those present were: Mr. and Mrs. Braum, 5814 Broad Branch Road, Washington, D. C.; Earl Miller, '39, 7305 Princeton Avenue, College Park, Md.; Philip Allen, '39; Gaylord Green, '40, 3821 S Street, Northwest, Washington 7, D. C.; Arlene (Shoe-maker) Key, '43, 112 Irvington Street, Southwest; C. E. Murphey, '35, and Ruth (Jorgenson) Murphey, '35, 2717 Thirty-First Street, Southeast; Sarah Ann Grimes, '36, 1841 Columbia Road; Zepherine (Towne) Shaffer, '11, 1601 Argonne Place, Northwest; Paul A. Cooley, '29, 1357 Tuckerman Street, Northwest; W. P. Terrell, '04, 1505 I Street, Northwest; Irving C. Root, '12, National Capital Parks; V. Wendell Doll, '39, 1250 Queen Street, Northeast; Theodora Ellison, '45, 508 B Street, Northeast, Washington, D. C.; S. M. Ransopher, '11, Route 1; Marie (Forceman) Pallesen, '42, and J. E. Pallesen and son Peter, Alexandria, Va.; Mary Frances White, '28, 4308 North Henderson Road; Dewey Z. McCormick, '21, and Mrs. McCormick, Arlington, Va.; W. V. Buck, and Hester (Glover) Buck, '11, 5413 Harwood Road, Bethesda, Md.; Karl Knaus, '14, 13 Lee Avenue, Takoma Park, Md.; A. E. Jones, '16, and Margaret (Jones) Jones, '14, 6427 Colesville Road, University Park, Md.; Margaret (Iverson) Janz, '40, 8806 First Avenue, Silver Spring, Md.; Col. J. B. Sweet and Mary (Weible) Sweet, '17, 6917 Oakridge Road, College Heights, Hyattsville, Md.; Evelyn (Ezell) Mather, '35, 1905 Seminary Avenue, Alexandria, Va.; Luke M. Schruben, '33, and Gladys (Buikstra) Schruben, '33, 460 DeRussey Parkway, Chevy Chase, Md.

K. S. C. alumni in Ithaca, N. Y., held a picnic at Taughanock Falls on Cayuga Lake, July 17. Dr. W. A. Hagan and Esther Grace (Lyon) Hagan, '15, 320 The Parkway, Ithaca, were in charge of arrangements. Those who attended the picnic were: Fay (Wright) Anthis, '17, Houston, Texas; Pauline Drysdale, '38, Mexico; Christine (Hofer) Johnson, '02, and daughter, Courtland, N. Y.; Ethel McDonald, '07, Owego, N. Y.; G. D. Oberle, '31 and '36, and Mrs. Oberle; Dr. Percival J. Parrott, '43, Geneva, N. Y.; Mrs. N. I. Hedge, Gertrude Allen, '36, and Thelma Sneed, Minneapolis, Minn.; R. B. Birch, '08, and Olive (McKeeman) Birch, '06; Dr. Josephine Brooks, '26, and Mrs. Elizabeth Brooks, (now of Fort Collins, Colo.); G. W. Cochran, '41, and Mrs. Cochran; A. G. Danks, guest; W. A. and Esther Grace (Lyon) Hagan, '15; J. W. Linn, '15, and Mary (Nixon) Linn, '15; J. I. Miller, '33, and Mrs. Miller; R. P. Murphy, '36, and Mrs. Murphy and two daughters; R. G. Murphy, '43; G. J. Raleigh, '22, and Mrs. Raleigh and four children; Adelaide (Wild-er) Sawdon, '98, and Mr. Sawdon, and daughter; H. H. Schwardt, '26, and Bernice (Hedge) Schwardt, '24, and two children; Grace Steininger, '25; John Whitlock, M. S. '33, and Mrs. Whitlock and son; J. P. Willman, '25, and Mrs. Willman and two children, Ithaca, N. Y. Mr. Willman was elected chairman of the group to serve for the coming year.

A picnic was held at the home of Arthur J. Howard, M. S. '32, and Mrs. Howard at 21 West Ainsworth Boulevard, Ypsilanti, Mich., July 21. Those present were: J. C. Christensen, '94, and Mrs. Christensen, Ann Arbor; Cassie (Tenner) Heydenburk, '12; Earl E. Thomas, '22, and Leota (Johnson) Thomas, '21; Glen H. Stoffer, '27; Stanley M. Fraser, '27, and Mrs. Fraser; R. J. and Opal (Rhoads) Wahrenbrock, '41, Detroit; George B. Elliott, '11, and Mrs. Elliott, Belleville; Lois (Stump) Farrar, '03, and Minter Farrar, '06, Highland Park; Otto C. Hagans, '11, Britton; Helen (Hale) Tanner, '26, Jackson; Victor Hopeman, '35, and Mrs. Hopeman, Walled Lake; L. Paul Elliott, '23, and Mary (Myers) Elliott, M. S. '33; W. D. Fitch, '35, and Elizabeth (Lamprecht) Fitch, '36, Arthur J. Howard, M. S. '32, and Mrs. Howard of Ypsilanti, Mich.

A K. S. C. Alumni luncheon was held at the Triangle Restaurant in Chicago, Ill. July 24. Those present were: Fred C. Mason, '26, Elgin, Ill.; Merle J. Lucas, '21, and Violet (Andre) Lucas, f. s. Lombard, Ill.; Eugene F. and Hazel (McGuire)

KANSAS POETRY

Robert Conover, Editor

Sky to Spare

My morning sky is caught between
A smoke-stack and an outer stair,
And straining at my window's edge,
I see the dawn break there. . . .
A broken line of towering wall
Invades my evening west, and fair
Across an alley rift, sunset
Spotlights for me there.
I could not feel more stabbingly
The morning's urge, nor more possess
My coppery western dusk, if I
Had skies horizonless.

—Marian Steck Stanley

Sunflowers

By H. W. Davis

TERRORISM

Now is the time for everybody to come to a realization that a new species of terrorist is abroad in the land—and over the air.

He speaks and writes with a superb affectation of knowing what he is talking about. He loads his voice with foreboding and pessimism. He plays cleverly upon ignorance and fear. He knows that his audience—like him—knows nothing about what he is talking about.

With subtlety and caution the 1946 Model A Terrorist intimates that before many months have elapsed we shall be plunged into World War Three, with Russia and her satellites and the whole Communistic brotherhood as the powerful foe of our proverbially unready democracies.

The new Terrorist finds innumerable evidences to support his viewings with alarm. The latest is a disclosure that Japan had an atomic bomb also—just about ready to go when Hiroshima underwent extermination. And the discloser whispers that Russia holds the Japanese scientists—inventors of that bomb—as prisoners and knows how to wring the know-how out of them. No wonder Joe Stalin is saying that the democracies will not long be in sole possession of the atomic weapon, hints he.

Other disclosers of dire things talk of Trieste, Greece, the powerful U. S. fleet in the Mediterranean, that knotty problem at the Dardanelles, and phrases used by Molotov, Byrnes, Anthony Eden, and sundry generals roaming about over the face of the earth. They profess to have little hope that atomic energy can be brought under any sort of control. They whisper of cartels and international deals among manufacturers of munitions. They prattle that human nature is as unchangeable as the course of the sun and that war is the favorite adventure of the human animal.

Meanwhile, we the victims find little or no solace in that so-called freedom from fear World War Two was supposed to bestow upon us. We have to believe what we see in print and hear over the air until we learn to remember what we saw in print and heard over the air day-before-yesterday. And that looks to be a long time.

Of course, if some of us want to, we can start today at the job of beginning to acquire a measure of freedom from spot news and professional viewing-with-alarm, an extra fine freedom World War Two did not even promise to bring us. We can start remembering what columnists and commentators were scaring us with last week or even yesterday.

Harmison, '29, DeKalb, Ill.; Emma (Storer) Marx, '35, Mundelein, Ill.; Howard E. Tempero, '31, Oak Forest, Ill.; Ralph G. and Emily (Wray) Beach, '43, Addison, Ill.; Paul Gilbert, Jr., '42, Evanston, Ill.; Pauline (Compton) Ernst, '35, Highland Park, Ill.; R. G. Clendenin, '43, and Arlene (Perkins) Clendenin, '35, Glenview, Ill.; M. C. Watkins, '22, Wilmette, Ill.; Walter C. Marrs, '21, Harvey, Ill.; G. M. Glendenning, '22, Wheaton, Ill.; Arthur N. Brewer, '21; Asa H. Ford, '22, and Clara L. (Ausherman) Ford, f. s. of Downers Grove, Ill.; Roy K. Durham, '20, Ernest Reed, '33, and Hollis (Saxon) Reed, '34; E. G. Stoskopf, '33; E. H. Bredehoff, '30; Mabel R. Smith, '26; Josephine (Vancil) Rydell, '43, of Chicago, Ill.; Alex T. Bodle, '11, Mishawaka, Ind. and Richard Auer, f. s. '99, Goodland.

AMONG THE ALUMNI

Greetings and good wishes have been received from Mrs. Elfrieda (Woods) Shartel, '85, whose address is 715 Skirvin Hotel, Oklahoma City, Okla.

Edith (Lantz) Simmons, '96, resides at 315 Oak Avenue, Redwood City, Calif. Mr. Simmons is retired.

The address of Louise (Gerteis) Rutledge, '01, and Mr. Rutledge is 1126 Cook Street, Denver, Colo.

Col. Louis B. Bender, retired, U. S. Army, E. E., '04, is now residing at 1217 Kearney, Manhattan. Colonel Bender moved to Manhattan after serving during World War II at Governor's Island in New York harbor where he was signal officer of the Second Service Command. A son, Louis B. Bender, Jr., is enrolled at Kansas State.

F. A. Kiene, Ag. '06, and Mrs. Kiene (Gertrude Vance, f. s.) were College visitors recently. Their son, James R. Kiene, is enrolled in chemical engineering. The Kienes live at 2961 North Thirty-Seventh Street, Kansas City, Kan.

George A. Moffatt, M. E. '08, is a machinist at Portland, Ore. He and Mrs. Moffatt, (Kate M. Sitterley, f. s.) have the following address: Route 3, Box 1530, Portland 6, Ore.

Robert H. Wilson, D. V. M. '09, and his wife, the former Mary Haney, f. s., are residing at Rochester, Mich., where Dr. Wilson is superintendent of the Parke-Davis and Company biological farm.

W. F. Turner, Ag. '10, and Lydia (Stoddard) Turner, D. S. '13, are residing with their son and daughter at Belton, Mo. The Turners are engaged in dairy farming.

The address of Velma (Myers) Wermelskirchen, H. E. '11, is 511 Thirteenth Street, Ames Iowa. She is working with the Bureau of the Census, Iowa State College.

James M. Nicholson, M. E. '12, is now assistant to the vice-president of the Atchison, Topeka and Santa Fe Railway system, with headquarters in Chicago. His home address is 2231 East Sixty-Seventh Street, Chicago 49, Ill.

Frank C. Ellis, '12, and Lodema (Fitzwater) Ellis, f. s. '12, are residing at 23 Logan Terrace, Golf, Ill., just west of Evanston. They have three sons. Mr. Ellis is research engineer for the Ellis Research Laboratories in Chicago.

Florence R. Whipple, H. E. '12 and M. S. '30, is home supervisor for the Farm Security Administration at Washington.

William P. Hayes, '13, and M. S. '18, and Louise (Jacobs) Hayes, f. s. '14, are residing at Urbana, Ill., where Mr. Hayes is acting head of the department of entomology at the University of Illinois. A daughter, Mary Lou, recently was discharged from the WAC and another daughter, Jean, is studying in the Medical School of the University of Illinois. A son, John, recently was released from the Navy and is now in the law school at the University of Illinois.

Blanche (Burt) Yeaton, '14, is director of the Sherman county social welfare department at Goodland. She is secretary-treasurer of the Northwest Kansas Social Workers organization and on the executive board of the Kansas Conference of Social Workers.

Harry A. Gunning, Ag. '16, and Mrs. Gunning are residing at Bowie, Md. Their address is route one. Mr. Gunning is a horticulturist for the U. S. D. A., Washington, D. C.

F. H. Dillenback, Ag. '16, and Mrs. Dillenback are residing at Troy. They have one child, Harold Francis, 2½ years old. Mr. Dillenback is a lawyer and also owns and operates an insurance agency.

Edward A. Schmoker, D. V. M. '17, has retired from his small animal practice and is at his home in the Moorlands. His address is Box 3788, route two, Bothell, Wash. His book, "Doctor, Please Tell Me", has just been completed. It is a condensation of the most frequent questions asked the small animal doctor with answers in the layman's language.

R. R. St. John, Ag. '17, and Enid (Beeler) St. John, H. E. '18, are residing at 910 West Healey Street, Champaign, Ill. A daughter, Helen,

is a senior at DePauw, and another daughter, Ruth, is a freshman at Purdue. Mr. St. John is director of research for the DeKalb Hybrid Seed Company.

L. C. Moser, I. J. '18, is editor of National Live Stock Producer, 160 North LaSalle Street, Chicago. He has one son.

Margaret (Robinson) Borland, H. E. '18, and William H. Borland, f. s. '18, are residing at 634 Dexter, Clay Center.

Mary E. Kirkpatrick, H. E. '19, has been food specialist with the Bureau of Human Nutrition and Home Economics of the U. S. Department of Agriculture since 1942. She is doing research on home freezing in laboratories at Beltsville, Md. Her home address is 3900 Hamilton Street, Hyattsville, Md.

Amanda Rosenquist, H. E. '20, is a home economics teacher trainer at Western Illinois State Teachers College, Macomb, Ill.

Gladys A. Morris, H. E. '21, is now residing at 1349 Carlotta, Berkeley 3, Calif.

Paul McKown, E. E. '22, is a manufacturing engineer for panel dial equipment at Western Springs, Ill. He and Mrs. McKown and sons, Richard, 13, Robert, 11, and Wilbur, 9, reside at 4130 Ellington.

George S. Holland, C. E. '23, and Zana (Wheeler) Holland, f. s. '23, are residing in Philadelphia, Pa., where Mr. Holland is working with the Philip Carey Manufacturing Company, Twenty-Fourth and Sedgley Avenue.

Grace F. Headrick, H. E. '24, is dietitian in the community hospital at Beloit. She is active in Business and Professional Women's club work.

Josephine Hemphill, I. J. '24, is with the U. S. D. A. She is doing liaison work between the Department of Agriculture and women's and general magazines of the country. Her address is 2901 Eighteenth N. W., Washington, D. C.

George J. McKimens, E. E. '25, is field engineer for the General Electric Company. Mr. and Mrs. McKimens have two daughters. The McKimens address is 6115 Cambridge Avenue, Cincinnati, Ohio.

A. W. Johnson, M. E. '25, formerly with the Kansas highway commission and later the Portland Cement Association, is now with the highway research council in Washington, D. C.

B. A. Rose, M. E. '26, is director of engineering, Heyl and Patterson, Inc., Pittsburgh, Pa.

Josephine E. Brooks, H. E. '26 and M. S. '27, is associate professor of home economics, doing teaching and research, in the department of foods and nutrition, Colorado A. and M. College, Fort Collins, Colo. Last summer she received her Ph. D. degree at Cornell University.

Ralph D. Walker, E. E. '27, formerly in the motor division of Westinghouse Electric Corporation, East Pittsburgh, Pa., has transferred to Westinghouse Supply Company, Los Angeles, Calif. He will start work in California about January 1. He now is on a six-month leave of absence.

Golda M. Crawford, G. S. '28 and M. S. '40, is an instructor in the history and government department of the College.

Col. R. E. Dunnington, C. E. '28, entered military service on November 21, 1940, and arrived in England December 10, 1943. He was with the Third Armored Division and remained with this group throughout five campaigns in Europe. He returned to the United States June 23, 1946, after 31 months overseas. He returned to his former position with the Illinois highway department last July.

The address of Fred Masek, E. E. '28, and Esther (McGuire) Masek, H. E. '29, is 34 Longwood Avenue, Chatham, N. J. Mr. Masek is with the Bell Telephone laboratories.

Waldo Lee, Ag. '29, and Vivian (Kirkwood) Lee, G. S. '29, are residing at Marysville. Mr. Lee is engaged in general farming and the growing of pure seeds, wheat and oats.

The address of Raymond W. O'Hara, Ag. '30, is Box 184, Mankato.

W. Lowell Treaster, I. J. '30, is director of public relations, Michigan

State College, East Lansing, Mich. Mr. and Mrs. Treaster have two children, Joleen, 12, and Byron, 3. The Treaster home is at 158 Kedzie, East Lansing.

Loyal J. Miller, Ag. '31, is now residing at 2530 J Street, Lincoln, Neb.

Leslie R. King, C. E. '31, and Olive (Bland) King, H. E. '30, are residing at 403 East Snyder, Hobbs, N. M. They have one child, Suzanne, 3. Mr. King is city engineer and manager of the water department at Hobbs.

Ray McMillin, P. E. '32, and Mildred (Castleman) McMillin, f. s. '31, are residing at Junction City, where Mr. McMillin is employed by the City Ice Company. The McMillins have three children, Alvin, 12, Ann, 8, and John, 6. Mr. McMillin is a director of the Chamber of Commerce in Junction City.

Bernard (Jimmie) K. Geraghty, E. E. '33, is district conservationist of the Soil Conservation Service at Mankato. Mr. and Mrs. Geraghty have three children, Patricia, 8, Doris, 4, and Joan, 1.

Kenneth J. Ekdahl, Com. '33 and M. S. '38, is now director of the division of research and statistics in the state Department of Social Welfare, Topeka. He was released from active duty with the Navy June 1. He served as a lieutenant on the staff of Commander Service Force, U. S. Atlantic Fleet. He was on duty three years and eight months.

Harvey P. Donnell, E. E. '34, is an electrical engineer with the Eastman Kodak Company. The Donnells have one son, Glenn, 11. They reside at 173 Worthington Road, Rochester, N. Y. During the war he served as a captain in the European theater with the Signal Corps.

Clifford J. Woodley, M. E. '34, and Mrs. Woodley are residing at 555 North Terrace Drive, Wichita. They have one child, Janet, 4. Mr. Woodley is test engineer for the Ripley Steam Electric power plant, Kansas Gas and Electric Company.

Eunice Ficken, H. E. '46, is residing at 1010 East Nineteenth Avenue, Denver, Colo.

Ursula Prater, M. S. '46, is director of food services at Drake University. Her home address is 524 North Twenty-Seventh Avenue, Omaha, Neb.

Marjorie (Correll) Stewart, B. S. '46, is teaching English in the high school at Abilene. Her address is 809 North Cedar.

MARRIAGES

PEABODY—HARGIS

Wilma Jeanne Peabody, H. E. '46, and Sidney Hargis, f. s. '46, were married June 23. Mrs. Hargis is teaching home economics in Manhattan junior high school and her husband is attending Kansas State. They live at 112 South Juliette, Manhattan.

VOSSELLER—DEDRICK

Miss Vivian Frances Vosseller, Kansas City, Mo., and Warren J. Dedrick, D. V. M. '41, were married June 9. Dr. Dedrick is practicing veterinary medicine with Dr. R. D. Immenschuh, D. V. M. '41, in LaMesa, Calif. The Dedricks' home address is 6220 Tarragona Drive, San Diego 5, Calif.

CAMPBELL—IMMENSCHUH

R. D. Immenschuh, D. V. M. '41, was married to Jean E. Campbell, a junior student in veterinary medicine, Colorado State College, June 30. Mrs. Immenschuh is a native of San Diego, Calif.

LUNGER—WRIGHT

Miss Betty Lunger, H. E. '45, and Charles William Wright, Jr., a graduate of the Northwest Missouri State Teachers' College, Maryville, Mo., were married June 3. Mr. Wright is a science teacher at Atchison high school. Mrs. Wright has a job as a visiting teacher in the Atchison city schools. Their home is at 612 Kearney, Atchison.

HUNT—McMURRAY

Miss Janice Hunt, H. E. '43, and William J. McMurray of Burlington were married June 16 in Manhattan. Their home is at 200 South Fifteenth Street, Marysville, where Mr. McMurray is associated with the Sanders Furniture Company.

ROSENLEAF—GREATHOUSE

Miss Elaine Rosenleaf, f. s., Enterprise, and Leonard Greathouse, D. V. M. '46, of Lexington, Ky., were married June 24 at the home of the bride's parents in Enterprise. Mrs.

Greathouse is a member of Chi Omega sorority. Dr. Greathouse is a member of Sigma Alpha Epsilon fraternity.

MICKEY—THAYER

The marriage of Miss Roxanne Mickey, I. J. '46, and Charles B. Thayer, a 1944 graduate of Rutgers University, took place June 8. Their home is at 423 North Ninth, Manhattan.

BARRON—SMITH

Miss Geneva Mae Barron and David L. Smith, D. V. M. '45, were married June 2. Dr. Smith is associated with Dr. V. T. Rose, Elkton, Ky.

HINDS—FOX

Bettyjean Hinds, H. E. '46, and Benjamin F. Fox were married June 24. Mr. Fox, who has been a pilot and flight instructor, is now continuing his college work at Modesto, Calif.

ZIBELL—ODERMANN

The marriage of Miss Frances Jean Zibell, H. E. '44, and Charles R. Odermann, a 1943 graduate of Connecticut University, took place June 15. Their home is at 11½ Wendell Street, Cambridge, Mass.

SHEIDLEY—PETRO

Miss Barbara Sheidley, H. E. '45, and Robert Kelsey Petro, a student at Kansas State College, were married June 22 in Kansas City. Mrs. Petro is a member of Kappa Kappa Gamma sorority. Mr. Petro was recently released from the Army Medical Corps. The Petros spent their honeymoon in Colorado.

KEITH—COBURN

Miss Rosalie Keith, H. E. '45, and Walter Coburn, f. s., were married June 9. Mr. Coburn planned to attend the Indiana State Teachers College at Terre Haute, Ind., this fall.

DEIN—MOLL

Darrel E. Moll, E. E. '39, and Beth Marie Dein were married June 15. Mr. Moll is now with the Western Electric Co., Inc., New York City. The Moll home address is 9944 213th Street, Queens Village 9, L. I., New York.

GEORGIEV—RAWSON

Leonard J. Rawson, M. E. '39, and Madeline Georgiev were married June 29. Mr. Rawson is chief engineer of the Kurz-Kasch Corporation, Dayton, Ohio. This is a plastic moulding company. The Rawson home is at 2526 Shroyer Road, Dayton.

TOWNLEY—LUPFER

Miss Patricia AnnaBelle Townley, H. E. '43, became the bride of David Arthur Lupfer, Ch. E. '43, June 20 at the First Presbyterian Church in Abilene. Mrs. Lupfer is a member of Pi Beta Phi sorority and Mr. Lupfer is a member of Beta Theta Pi fraternity. They live in Manhattan.

LANDIS—SMITH

The marriage of Miss Freda Martha Landis, G. S. '43, to James B. Smith took place June 10 in Ludington, Mich. Mrs. Smith is a member of Phi Alpha Mu. She had been teaching in a Michigan high school for three years previous to her marriage. Mr. Smith is superintendent of schools at Walkerville, Mich., where they will make their home.

BIRTHS

Hal A. Lund, Ch. E. '46, and Mrs. Lund of 1755 Tyler Street, Beaumont, Texas, announce the birth of a son, Stevan Alan, June 14. The Lunds have another son, Hal Jr., born June 14, 1943.

L. F. Sanderson, M. E. '42, C. E. '46, and Mrs. Sanderson, 731 Houston, Manhattan, are parents of a son, Gary Francis, born July 28.

Floyd Carlson and Mrs. Bernice (Olson) Carlson, H. E. '42, are parents of a son, Larry Carl, born July 19. The Carlsons reside at Olsburg.

A son, Allan William, was born to Betty (Mugler) Volkmann, f. s., and Lt. Harold R. Volkmann, E. E. '44, at Clay Center July 1. Lieutenant Volkmann is at Fort Dix, N. J., and is expecting his discharge this month. Mrs. Volkmann and son are at Clay Center, Route 5, care of John H. Mugler.

Cecil L. Eyestone, Ag. '44, and Phyllis (Hurty) Eyestone, f. s., are parents of a daughter, Carolyn Sue,

born July 27. The Eyestones reside at 1000 North Eighth Street, Independence.

Mr. and Mrs. Charles B. Joseph of Potwin announce the birth of a son, Charles Alan, at Wichita July 14. Mrs. Joseph is the former Jean Elizabeth Bishop, G. S. '42.

A son, John Howard, was born July 14, to Eugenia (Grob) Fittell, H. E. '41, and George H. Fittell, M. I. '42. The Fittells reside at Beloit.

A daughter, Mary Jane, was born July 3 to Elberta (Krehbiel) Frey, f. s. '39, and Leland Frey, Ag. '40. The Freys are now on a dairy farm eight miles from Grass Valley, Calif. They have two other children, Jimmie, 4, and Sammy, 21 months.

Louis E. Raburn, E. E. '41, and Mrs. Raburn announce the arrival of a daughter Elizabeth, born July 2 at Evansville, Ind.

Dr. John L. Noordsy, D. V. M. '46, and Mrs. Noordsy of Ames, Iowa, are parents of a son, Thomas Lee, born July 10.

Maj. Paul Westerman, I. J. '31, and Mrs. Westerman announce the arrival of a son, David Eugene, July 28. The Westermans are living at Fort Benning, Ga.

A son, Larry Merton, was born July 10 to Mrs. Twilah Grandfield Emmert, f. s., 1005 Laramie, Manhattan.

William L. Sutherland, C. E. '42, and Mrs. Sutherland, Inglewood, Calif., announce the birth of a son, Gavin Bruce, July 19.

Leone Miller, f. s., and Dorothy (Dean) Miller, G. S. '40, Sunflower, are the parents of a daughter, Dorothy Dean, born July 29.

Dr. F. W. Jordan, Ag. and D. V. M. '39, and Gwendolyn (Romine) Jordan, I. J. '40, are parents of a son, James Stanley, born July 20 at Abilene.

DEATHS

RICHARDSON

Emmit D. Richardson, M. E. '06, a manufacturer, died at Cawker City July 24. He is survived by the widow, Mrs. Florence Coad Richardson, four sons and two daughters.

SPILMAN

Harold A. Spilman, '03, died at Fullerton, Calif., August 17. After graduation at Kansas State he took post graduate work in horticulture and forestry and was engaged for a time in the hardware business. In 1908 he went to the Philippines to teach, later entering government service in Washington, D. C. In 1916 he started working for the department of agriculture, retiring in January, 1944. Mr. Spilman was recognized by members of the fruit and vegetable industry as the man who made the perishable agricultural commodities act what it is today. He is survived by the widow, Mrs. Mary C. McCarty Spilman of Washington, D. C., and a sister, Miss Clara Spilman, '00, clerk of the Manhattan board of education.

ELLIOTT

Dean A. Elliott, f. s. '27, who was 42 years old, died August 27 at a Kansas City, Mo., hospital. He was an executive of the Sun Life Assurance Company of Canada. While attending Kansas State he met Miss Lorie Konantz, H. E. '29, of Olathe. They were married in 1931. Survivors include two brothers, Thomas Ivon Elliott, Wichita, and Dr. L. Paul Elliott, Ypsilanti, Mich., and a sister, Mrs. Charles R. Pool, Salina.

New Dorm Elects Officers

Officers have been elected at the new College-operated dormitory, Waltheim Hall, an apartment house which has been converted into living quarters for 78 women.

The following were elected for this semester: Mary Geer, Chanute, president; Betty Ann McCoy, Garden City, vice-president; Mildred Tiemann, Lincoln, secretary; Nadine Noyes, Emporia, treasurer; Dorothy Huseman, Ellsworth, music chairman; Norma Jean Mauk, Eureka, social chairman; Rosemary Newman, Virgil, sports chairman; Marilyn Best, Hazelton, publicity chairman.

WILDCATS WILL MEET MISSOURI SATURDAY IN PARENTS' DAY GAME

Nebraska spoils K-State's Big Six opener by winning 31-0

The Kansas State football team will attempt a comeback against the Missouri Tigers in Memorial Stadium at 2 p. m. Saturday, before a crowd which is expected to reach 13,000.

Last week, in Lincoln, Nebr., the Wildcats opened their 1946 conference season with a 31 to 0 loss to the Cornhuskers. As in the Hardin Simmons game two weeks ago, it was K-State inexperience and lack of scoring punch which turned the game in favor of Nebraska.

Early in the first quarter of the game, the Wildcats worked the ball to the N. U. six-inch line, but failed to score in four attempts. Moments later they took the ball on downs on the Nebraska 14-yard line only to miss another scoring opportunity. Coach Hobbs Adams is stressing offensive drills this week and sending his charges through long blocking drills.

Tackling was another weakness of the Manhattan team in the Cornhusker contest, and Adams also is making repairs along that line.

The Cornhuskers scored their five touchdowns as follows:

Halfback Dick Hutton ran around the K-State end for 32 yards in the first quarter.

Bill Moomey took an eight-yard pass from Sam Vacanti to score in the second quarter.

Vacanti threw a 56-yard pass to Hutton for a touchdown in the third quarter.

Gerry Moore scored from the four-yard line in the third quarter.

Moore plunged over from the three-yard line in the fourth quarter.

This week has brought new hope to the Wildcat gridders as Adams has primed them to fighting heights for the Missouri invasion. It will be Parents' Day and the Wildcats are determined to show off before their families. "We are improving with each ball game and you can depend on us to give somebody a tough time before this season is gone," Coach Adams said this week.

Several changes have been announced in the K-State lineup, three of them among first team men. Rollin Prather, son of R. L. Prather, all-Missouri Valley fullback in the early 1900's, has been moved from end to right tackle; Gene Snyder, Junction City center, has been moved to quarterback; Royce Pence, Manhattan, has advanced from fourth team center to the first team although John Conley probably will hold the starting position at kickoff time.

Karl Kramer, Olathe fullback, and Edgar McNeil, Effingham tackle, continued to be brightest spots in the Wildcat team. Kramer's kicking easily compares with any in the conference. McNeil, although injured in the Nebraska game, turned in a brilliant defensive game—similar to his performance against Hardin Simmons the previous week.

One quick kick by Kramer traveled 70 yards on the fly and rolled into the Husker end zone. On another occasion the Olathe punter kicked out of bounds on the Husker two-yard line from his own 46.

Approximately 1,000 students made the trip to Lincoln by special train and automobile.

College Receives \$3,000 Grant

The Refrigeration Research Foundation, Inc., at Berkeley, Calif., has given the College \$3,000 to support research in the Agricultural Experiment Station, Dean R. I. Throckmorton, director of the station, has announced.

The research will be on the effect of freezing and refrigerated storage on the quality of precooked meats. The work will be carried on in the Department of Home Economics of the Agricultural Experiment Station under the supervision of Dr. Gladys E. Vail.

President Flies to Washington

President Milton S. Eisenhower left by plane Sunday for Washington, D. C., to attend a meeting of the executive committee of the Association of Land Grant Colleges and Universities. He also will confer with members of the state department as newly-elected chairman of the U. S. Commission on International Educational, Scientific and Cultural Cooperation.

This is an interior view of the veterans' commissary which, according to Lloyd Nothorn, chairman of the board of directors, will open soon. A. H. Soderberg, of Manhattan, has been hired as full-time manager of the cooperative store.

FORMER STUDENT, NOW A LAWYER, OFFERS COLLEGE LEGAL SERVICES

A former student of Kansas State College, Alfred A. Grant, Los Angeles, has offered his legal services, without charge, in connection with gifts and endowments to the College.

Grant, who practices as an attorney at 2144 East Seventh Street in Los Angeles, recently wrote to President Milton S. Eisenhower:

"It occurred to me that there are a hundred or two Kansas State students now residing in or near Los Angeles. . . . If there is anyone in this jurisdiction who expresses himself that he wishes to remember the College in a will or in any manner involving any legal instruments or details, I would, if he approached me, be pleased to handle the same for him without charge. In other words, if anything comes up in any program in which you need a California lawyer, I would be happy to exert my best interests in behalf of the College, without charge."

Grant was a student at the College from 1915 to 1917. He served in France during World War I as a flyer and received several decorations.

78 COLLEGE WOMEN LIVE IN NEW RESIDENCE HALL

Gifts of \$20,000 help purchase apartment in Manhattan

Gifts of \$20,000 have provided a dormitory for 78 College women this fall and the money still can be applied toward a women's residence hall when more funds are available. Dr. W. E. Grimes, treasurer of the Kansas State College Endowment Association has announced.

The endowment association took a mortgage for \$30,000 to purchase the Waltheim apartment building, which has been remodeled into a residence hall. Recent gifts have enabled the endowment association to reduce the mortgage by more than \$1,000. Rents from the residence hall have reduced it by another \$2,200.

As the dormitory is operated on a self-liquidating basis, the \$20,000 spent on it will be returned to the endowment association to be applied on another permanent residence hall.

Professors Attend Meeting

"Systems of Livestock Production for Southwest Kansas" and "Frozen Food and Home Freezing Units" were topics discussed at a district meeting of the Kansas Livestock Association in Bucklin last week by Dr. A. D. Weber and Prof. D. L. Mackintosh of the animal husbandry department.

Garden Club Meeting

W. F. Pickett, head of the Department of Horticulture, and L. R. Quinlan, professor of horticulture, represented the College on the program of the Kansas Associated Garden Club at its annual convention in Salina October 1 and 2.

KSC 1946 Football Schedule

Hardin Simmons U. 21; KSC 7.
Nebraska 31; KSC 0.
Oct. 12—Missouri at Manhattan.
Oct. 19—Oklahoma at Norman.
Nov. 2—Iowa State at Manhattan.
Nov. 9—San Francisco U. at San Francisco.
Nov. 16—Kansas U. at Manhattan.
Nov. 23—New Mexico at Albuquerque.
Nov. 30—Arizona at Tucson.

AGRICULTURE STUDENTS PICK FIVE CANDIDATES FOR QUEEN

Winner will reign at annual Barnwarmer Dance

Five queen candidates for the annual Ag Barnwarmer October 26 have been selected by members of the Agricultural Association.

They are Mary Smith, Independence; Mildred Hall, Coffeyville; Becky Wilkinson, San Angelo, Texas; Charlene Warner, Wamego; and Yvonne Cline, Kanopolis. Those attending the barnwarmer will choose the queen to reign at the dance from one of these candidates.

The winning candidates were chosen from 24 women representing campus sororities and independent women's organized houses.

WILDCAT "B" TEAM RECEIVES 14-0 WHIPPING FROM KANSAS

Kansas State's "B" football squad, coached by Lud Fiser, played the University of Kansas "B" squad Friday night and held the more experienced Jayhawkers "subs" to a 14 to 0 score. Friday, October 11, the Wildcat junior varsity will go to Lincoln, Nebr., for a game with the Nebraska "B" squad.

Star of the K. U.-K. S. game was LeRoy Robison, veteran University player who has already won three varsity letters at Lawrence. Fullback Robison was prominent in the Jayhawkers' 88-yard drive from a touchdown in the second quarter and again a third period drive of 45 yards for a score. He kicked both points after touchdown.

Wildcat "B" team members who pleased Coach Fiser with their play were Charles Lyons, guard; Red Williams, tackle; Irvin Bussart, fullback, and Joe Blanchard, tackle.

Block and Bridle Elects Woman

Block and Bridle, student animal husbandry organization, has elected its first woman member in history—Anne Threlkeld of Topeka. She is majoring in agricultural journalism.

FORD SCHEDULES ALUMNI MEETINGS TO DISCUSS CHAPEL FUND DRIVE

Plans 30 reunions over state as \$275,000 drive begins

Kansas State College alumni will meet at several reunions during October and November to discuss plans for local campaigns to raise funds for the all-faith chapel and chime tower designed as a World War II memorial on the college campus.

Kenney L. Ford, K-State alumni secretary, announced that a series of 30 meetings will be conducted over the state with alumni groups to make plans for the financial drives.

The meetings will be attended by Evan Griffith, Manhattan, president of the Kansas State College Endowment Association, Arthur Peine, Manhattan, chairman of the chapel campaign committee, or other members of the campaign committee and nearby directors of the Kansas State College Alumni Association. Mr. Ford also will attend.

The College is seeking \$275,000 to build and equip the chapel.

Twenty-six meetings already have been held in northeast and northwest Kansas to set up the financial campaign in various counties.

The schedule for October and November:

October 21, McPherson at noon, Lyons in the evening; October 22, Great Bend at noon, Larned in the evening; October 22, Ness City at noon, Scott City in the evening; October 24, Ulysses at noon, Liberal in the evening.

October 25, Ashland at noon, Dodge City in the evening; October 26, Greensburg at noon, Hutchinson in the evening; October 28, Ottawa at noon, Iola in the evening; October 29, Fort Scott at noon, Pittsburg in the evening; October 30, Independence at noon, Wellington in the evening; October 31, Anthony at noon, Medicine Lodge in the evening; November 1, Pratt at noon, Garden City, Hays, Salina, Wichita, Coffeyville, Topeka in the evening (to be held in connection with Kansas State Teachers' Association meetings); November 18, El Dorado in the evening; November 19, Kingman in the evening; November 20, Newton in the evening; November 21, Winfield, evening.

STUDENT WINS \$1,095 PRIZE WITH PAPER ON ARC WELDING

College also receives money to establish scholarship

Ray A. Doyen of Rice, 21-year-old Kansas State student, has won \$1,095 for placing third in the first Agricultural Award and Scholarship Program sponsored by the James F. Lincoln Arc Welding Foundation.

In addition, the foundation has presented \$500 to the School of Agriculture at the College to establish two \$250 agricultural scholarships to be designated the Ray Doyen Scholarships of the Lincoln Foundation.

Doyen's award-winning paper, one of hundreds submitted by agricultural producers, educators and service officials throughout the U. S., was on "The Farm Application of Arc Welding."

Doyen plans to major in agronomy at the College and to continue farming after graduation. He attended Kansas State in 1942 and completed one semester of work.

Students Start Chest Drive

Kansas State College students will open their drive for the Manhattan community chest fund Monday. H. O. Dendurent, assistant alumni secretary, will direct the student drive. Merton Otto, assistant professor of economics and sociology, will direct the drive among faculty and employees of the College.

Money contributed will be apportioned among member organizations of the community chest including the Boy Scouts, Girl Scouts, Salvation Army, Kansas Children's Home and Service League, YMCA and YWCA.

Flu Shots Available

A serum giving protection against influenza is now available to College students at the student health service, according to Dr. R. R. Snook, head of the department.

Developed by the army, the serum is believed to give protection for 12 months under ordinary conditions and for 4 months during epidemics. Medical authorities are predicting an influenza epidemic this winter.

THE KANSAS INDUSTRIALIST

Volume 73

Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, October 17, 1946

Number 3

WOMEN'S ORGANIZATIONS SHOW NEED FOR PERMANENT HOUSING

Dormitory facilities lacking at all state schools

Combined permanent dormitory facilities at six state-operated Kansas schools are available for only 1,392 of approximately 22,730 students attending them, according to statistics compiled by the Kansas division of the American Association of University Women.

One school in a neighboring state—the University of Oklahoma—alone has more permanent housing than the combined housing facilities at Kansas State College, the University of Kansas, the University Medical School, Emporia State Teachers College, Fort Hays Kansas State College and Pittsburg State Teachers College. The findings, in bulletin form, are being distributed throughout the state by the Kansas Council of Women. Mrs. Lucile Rust of Kansas State College is president of the council.

Pointing to the need for more permanent housing, the two women's organizations summarized the situation at various Kansas Schools:

KANSAS STATE COLLEGE, MANHATTAN—During the 83 years of its existence, only \$200,000 has been appropriated for a residence hall (Van Zile) at the oldest state school in Kansas. Van Zile hall was built in 1926 to house 130 women. This fall 169 women live there. No additional residence halls have been acquired until this year, when the Kansas State College Endowment Association bought an apartment building and converted it to house 78 women.

There are no permanent residence facilities for men. The housing situation was serious when pre-war enrollment reached 4,108. Enrollment this fall is more than 6,500, approximately 50 percent of the normal population of Manhattan. Because the city is near Fort Riley, large residences were converted into apartments during the war. In 1940, 140 private residences rented rooms to students. In 1945, only 40 private homes rented rooms to students. College officials say 90 percent of the women and 60 to 70 percent of the men just out of high school want to live in residence halls. The College critically needs at least one new residence for men, another for women, according to President Milton S. Eisenhower.

EMPORIA STATE TEACHERS COLLEGE—In its 81 years, only \$187,000 has been appropriated for a residence hall. Morse hall was built in 1922 to accommodate 113. An annex houses 18 women. No appropriations have ever been made for men's dormitories. No gifts for either men's or women's residence halls have ever been received. When the college's pre-war enrollment was 1,697 students, 93 percent depended upon housing in sororities, fraternities and private homes. Enrollment this fall is 1,152, but the number of rooms available in private homes has decreased. President David L. MacFarlane says the immediate need is for a residence hall for 200 women, another for 150 men.

UNIVERSITY OF KANSAS, LAWRENCE—In 83 years, the state has appropriated only \$200,000 for one residence building—Corbin hall, built in 1923 to house 120 women. Two cooperative women's residence halls, each housing 40 students, were given to the university by the late Mrs. J. B. Watkins. No state appropriations have ever been made for men's dormitories. John Battenfeld hall, a gift from Mr. and Mrs. J. R. Battenfeld of Kansas City, was erected in 1940 and houses 60 men.

The endowment association and other organizations have converted some large residences into dormitories for men. However, the University now is compelled to use most of these small units to house women, as more rooms in private homes are available to men.

Gifts are to be used for the construction of two residence halls to

Two Too Many Wilsons

"Donald Wilson," said Instructor Harriet Hjetland, calling roll at her English class.

"Here," said Donald Wilson from Neodesha.

"Here," said Donald Wilson from Wamego.

"Here," said Donald Wilson from Manhattan.

Instructor Hjetland points when she wants one of them to recite.

MAJORITY OF STUDENTS FAVOR REPEAL OF KANSAS' DRY LAWS

Seventy-three percent of the students at Kansas State are in favor of retail liquor in Kansas, according to a Gallup-type poll taken by the Kansas State Collegian, student newspaper. The reason given by students to support their opinion is that Kansas is losing thousands of dollars in revenue each year by the present prohibition laws.

Women in the School of Home Economics were the only student group against repeal. Fifty-seven percent of them said "No," reasoning that society would suffer as a result of repeal. Of the total number of women on the campus, however, 57 percent were for repeal.

Men in the School of Veterinary Medicine were strongest for repeal, with 95 percent saying "Yes." Men in the School of Agriculture were 68 percent for repeal and in the School of Engineering 76 percent said "yes." In the School of Arts and Sciences, which has both men and women students, 85 percent voted for repeal. Eighty-one percent of the total number of men students were for repeal.

house 40 men, 40 women. Two other gifts for units of this size will be available soon. However, Chancellor Deane W. Malott believes that for a long range program, housing should be planned for 1,500 women and 3,500 men.

The largest pre-war enrollment was 4,637. It is now 8,950. Fraternities, sororities and Lawrence with its 15,000 population can no longer solve the housing problems.

UNIVERSITY OF KANSAS MEDICAL SCHOOL, KANSAS CITY, KAN.—The school has dormitory facilities for only 25 percent of its student body of 400. Since the school is located in a particularly congested area, a dormitory is urgently needed, according to Chancellor Malott.

FORT HAYS KANSAS STATE COLLEGE—The state appropriated \$100,000 in 1921 to build a dormitory for 86 women at this state college in western Kansas. The Wesley Foundation maintains a hall housing 50 women. The state has never appropriated funds for men's housing. With the aid of college funds, housing facilities have been built for 74 men under the stadium and for 25 men in a dormitory. Pre-war enrollment high was 1,094. In 1940 Hays, with a population of 6,385, had to furnish living quarters for at least 800 students. Enrollment now is 931, but available living quarters have decreased and many students have been unable to find rooms. President L. D. Wooster says the immediate need is for two residence halls for 100 women and 100 men.

PITTSBURG STATE TEACHERS COLLEGE—The college has one residence hall, built in 1922 with \$131,000 in state funds to house 117 women. Today 160 women live in it. No state appropriations have been provided for any sort of housing for men on the campus. No gifts have been received for either men's or women's residence halls.

When the peak pre-war enrollment was 1,456, Pittsburg, with a population of 17,500 had to provide room for 1,500 students. Enrollment now is almost 1,800. Private housing is taxed to the utmost, and students must commute from neighboring towns. President Rees H. Hughes says a residence hall for 250 women and another for 400 men are desperately needed.

MANHATTAN WILL BE CROWDED FOR HOMECOMING, FORD WARNS

Five-day program planned for annual celebration

Alumni and former students of the college who plan to participate in the Victory Homecoming program at Kansas State November 12-16 should make arrangements at once for a place to stay in Manhattan, Kenney L. Ford, alumni secretary and chairman of the homecoming committee, said today.

"Persons planning to come to Manhattan for the homecoming program should arrange for lodging in advance if possible because the town is going to be extremely crowded during the five-day celebration," Ford explained. Tickets for the K. U.-Kansas State football game should be purchased immediately from the athletics department of the college.

The tickets may be obtained by writing to Frank Myers, assistant to the director of athletics at K. S. C.

TO HONOR VETERANS

Carrying out its theme of a Victory Homecoming this year, the homecoming committee will pay special tribute to the Kansas State men and women who served in World War II and extend a special "back to campus" welcome to ex-servicemen and women as well as other alumni and former students.

The alumni office in Anderson Hall will be the scene of registration of returning alumni and former students during the five-day celebration.

STARTS WITH PEP RALLY

Homecoming activities will start Tuesday, November 12, with an evening pep rally. Pep stunts by representatives of the student pep clubs and other campus organizations will be staged during the week.

Independent organized houses and fraternity and sorority houses will compete for homecoming decoration prizes for the first time since the war. The exhibits will be judged Thursday evening, but they will be left in place until after the festivities are over.

Friday night, a Jam session, with a huge pep rally and accompanying bonfire has been scheduled.

FLOAT PARADE

Saturday morning activities will begin with a parade of floats on the "Victory Homecoming" theme and another pep rally. The Homecoming queen will be presented between the halves of the Kansas State-Kansas University football game, during this the marching bands of both schools will perform.

The Homecoming ball, the traditional closing of Homecoming week, will be Saturday night.

Student organizations have taken over the responsibility of the Saturday morning parade. Glenn Busset, instructor in the 4-H department, will act as chairman of the parade committee which will include, in addition to the organization representatives, Tom Avery, School of Agriculture; Bob Ekblad, School of Engineering; Virginia Trotter, School of Home Economics; Dick Mall, School of Arts and Sciences; and Dr. Jacob Mosier, School of Veterinary Medicine.

Young Democrats Elect Officers

Recently elected officers of the Young Democrat Club at Kansas State College are Sherman Lampl, Wichita, chairman; Harry Blaylock, Kansas City, co-chairman; and Joan Aldous, Manhattan, secretary-treasurer.

The student club will cooperate with the county Democratic organization in a house to house poll of Manhattan to find voters not registered for the election.

Tjerandsen Shows Films

Two films, "Democracy" and "Despotism" were shown to the Kiwanis club Tuesday evening by Carl Tjerandsen, associate director of the Institute of Citizenship at the College. Members of the Riley county Ministerial Association were guests.

Jr. A. V. M. A. Initiates 60

More than 60 new members have been initiated into the Kansas State College Junior chapter of the American Veterinary Medical Association. The initiation ceremony was conducted by upper classmen.

ROSE WINDOW WILL BE MEMORIAL FOR CAPT. BEATTIE H. FLEENOR

After the following story was written, word was received in Manhattan that Dr. B. H. Fleenor had died in Milwaukee last Tuesday. Dr. Fleenor was born at Little River, and was a member of the Kansas State faculty for 23 years. Funeral services will be in the Methodist church in Manhattan Friday.

The B. H. Fleenor family of Milwaukee, Wis., will purchase the rose window above the altar in the all-faith chapel planned as a World War II memorial at the College, according to President Milton S. Eisenhower.

Mrs. Fleenor notified Dr. W. E. Grimes, secretary-treasurer of the Kansas State College Endowment Association that the window will be purchased for the main chapel in memory of her son, Capt. Beattie H. (Bud) Fleenor, who was killed in action in the Bay of Biscay April 16, 1943. The window is expected to cost about \$1,500.

The Fleenors are former residents of Manhattan where Dr. Fleenor was connected with the home study department of the College for a number of years.

Captain Fleenor was graduated from Manhattan high school in 1935 and from Kansas State College in milling industry in 1939. While in college he was a member of Beta Theta Pi, Alpha Mu and the YMCA.

A bomber pilot in the Air Forces, he served as an Army flying cadet at Spartan School of Aeronautics at Tulsa, Okla., and at Brooks Field, San Antonio, Texas. He received training at Barksdale Field, Shreveport, La., and then joined a bombardment squadron at Fort Myers, Fla. While overseas he served with the 93rd Bomb Group, 409th Bomb Squadron and was awarded the Distinguished Flying Cross.

The widow, Mrs. Barbara Myers Fleenor, a graduate of the College in 1940, lives in Topeka.

PETROLEUM MAY BE REPLACED BY FARM PRODUCTS SOME DAY

Chemist experiments in search for substitute materials

The day is coming when petroleum will run out and agricultural chemists hope that it will be possible to utilize agricultural products containing carbohydrates, starch, cellulose and sugars, to supplement or replace it, says Dr. H. N. Barham, of the department of chemistry at Kansas State College.

Dr. Barham has been conducting experiments in chlorination of starch since 1938. The purpose of the experiments is the formation of chloride compounds which manufacturing companies may substitute for those made from petroleum. Petroleum is one of the basic raw materials used for many industrial chemicals.

Since chlorides are convertible into many things the chlorination of starch and cellulose may get into the field of plastics and low molecular weight compounds, Dr. Barham said.

Study Poultry Projects

Preliminary studies of regional poultry projects were made at a recent conference held in Washington, D. C., at the request of Congress, according to Prof. L. F. Payne, head of the Department of Poultry Husbandry, who represented the southwestern region.

The proposed research projects are broiler production, southwestern region; egg production, southwestern region; and egg and meat production, north central region. Congress asked for the preliminary study to determine the need for such a program.

CARDWELL BELIEVES FEDERATION WOULD SOLVE ATOMIC PROBLEMS

Choice is between "One World or None" scientist tells students

A choice between "one world or none" and a recommendation for the United States to take the lead in setting up a world government as the only method for maintaining a peace, was given to students in College Assembly Friday morning by Dr. A. B. Cardwell, head of the physics department.

As he told students of "The Atomic Bomb and Its Political Implications," Dr. Cardwell believes the only course which will insure us against another war is "The establishment of a world federation of nations with sufficient delegated sovereignty to prevent war."

Such a federation, he said, "must have complete control of all weapons of mass destruction." It would consist of a world legislature, a world executive, a world judiciary and an adequate military force. In the exercise of its delegated powers, Dr. Cardwell believes, the organization should have jurisdiction directly over the individual, and no state or group of states should be permitted to resign or to be expelled.

Dr. Cardwell worked for two years on the Atomic Bomb project at Oak Ridge, Tenn. He told the students that the scientists hoped against hope that the atomic bomb would prove impossible. When it was found practicable the fear that Germany might win the atomic race left them no choice but to strive to produce it for the Allies.

After the fall of Germany, Dr. Cardwell said, the scientists working on the project petitioned the President to invite Japanese officials to a full-scale demonstration of the bomb's effectiveness and to give them an alternative of capitulation before its use against the islands.

The petition was disregarded.

"The day the bomb fell at Hiroshima," Dr. Cardwell said, "the physicists at Oak Ridge were a gloomy bunch. The occasion of the dropping of the atomic bomb was not a time for rejoicing. It was an occasion which presented to the world untold difficult problems—the most difficult yet presented."

Dr. Cardwell contradicted the idea that we can defend ourselves by keeping the bomb secrets. "There are no longer any fundamental secrets about the atomic bomb," he said. The only secrets we now have are production secrets which can be found by experiment. Translations of some Russian papers on the subject, he informed his audience, are in our War Department files and are classified "Secret."

Touching on other weapons which would be encountered in a so-called atomic war, Dr. Cardwell suggested that the world would also have to contend with biologists. "I can now reveal" he said, "that already work has progressed on the culture and on the possible widespread use of the deadliest bacteria and virus. And our capacity for making radioactive gas—a weapon more dreadful than the atomic bomb—is immense."

But Dr. Cardwell believes there is still a chance for the world.

"Those of us who worked on the development of the atomic bomb," he said, "like to think that it is the final step of a steady progression of the application of science to mass destruction which will compel man to become human."

Pep Clubs Change Dress

Large postwar enrollments have had their effect even on the uniform of the campus pep organizations.

Members of Wampus Cats, men's pep group, are wearing white shirts, beanie caps and purple ties instead of their traditional purple sweaters. As the club is to be expanded, there are not enough sweaters to go around, according to Don Ford of Marysville, president. He did not disclose his source of white shirts.

The KANSAS INDUSTRIALIST
Established April 24, 1875

R. R. Lashbrook, Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris, Assistant Editors
KENNEY FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

THURSDAY, OCTOBER 17, 1946

NO LAGGARD, SHE

A note from Mrs. Frank W. Boyd, Mankato, to the alumni office:

"When I read the Industrialist yesterday I was so chagrined to see that my name was not on the list of givers for the memorial chapel. No, I know you do not have it yet, but I followed your advice and took my check (\$100) to the chairman (Charles Ramey) the next morning. I suppose he is holding it until they get a report of the whole country.

"I should have sent it immediately when I read about the plan. It is one of the things I am especially interested in—and to think that Mame Boyd was a laggard when anything of such importance is contemplated for the College. You already know that Kansas State is part of my family."

BOOKS

How to be Serene

"Peace of Mind." By J. L. Liebman. Simon and Schuster. New York. 1946. \$2.50.

A generation ago Charles W. Eliot spoke of serenity of mind as one of the most desirable of all possessions. If the value of serenity impressed Dr. Eliot in the comparatively placid period in which he spoke, it must be extremely impressive in the present period to sensitive persons who look upon the world and find a large section of its inhabitants suffering from the reverse of serenity. Such a person is Rabbi Liebman, who in "Peace of Mind" presents diagnoses and prescriptions which should be helpful to many persons who find the world of 1946 hard to take.

The author's thesis is a combination of psychiatry and religion, with major emphasis on psychiatry. Dr. Liebman has been deeply influenced by Freudian psychology—in its broad sense and not in the narrow sex-psychology sense in which it is often considered and discussed. He finds this psychology, in its psychiatric applications, an effective partner of religion in helping people to face realities and to find serenity. "The book attempts," he says, "to distill the helpful insights about human nature that psychology has discovered and the encouraging news from the scientific clinic . . . as well as to correlate these latest scientific discoveries with the truest religious insights and goals of the ages."

Religion, according to Dr. Liebman, has been a major contributor to the development of much of the mental and spiritual unhappiness which now afflicts many persons. It "has been responsible for many morbid consciences, infinite confusions, and painful distortions in the psychic life of people . . . Religion, which already has made its peace with Copernicus and with Darwin, will have to make peace with Freud." He contends that while religion theoretically is supposed "to make men inwardly peaceful . . . in practice, there is too much undissolved wrath and punishment in most religions. Conscience, abetted by this kind of punitive religion, doth indeed make cowards of us all." Yet he contends cogently that religion is indispensable to peace of mind, at least for large numbers of persons.

Written in an engaging style, in language of marked beauty and clarity, and with admirable tolerance, the book closes with a one-page summary of what one must do to be serene. This summary might well be

memorized and applied by persons who lack but earnestly desire peace of mind.—F. D. Farrell.

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Two hundred and fifty students, 25 of them women, made up the cafeteria cooperative. The students had dances once a month and the dining hall had a pleasant social atmosphere, according to Mrs. Bessie Brooks West, manager.

The first NYA checks were distributed to 445 students and 13 graduate workers.

Coads were given new hope from Emily Newell Blair, former editor of Good Housekeeping, who stated in a speech here that men prefer intelligent pals rather than beautiful apologetic females.

TWENTY YEARS AGO

"When better boys are built, 4-H clubs will build them," says a filler item.

The Kansas Aggies won the homecoming game from K. U. with a score of 27 to 0. The Aggies gained 276 yards from scrimmage while the Jayhawks made only 71. According to the report of the game written by H. W. Davis, "The Jayhawk bird was bereft of his feathers, his hopes and his squawk."

Engineering students of the College took over the work of the city engineer in Manhattan until a regular engineer could be secured. They had been assisting Mr. H. W. Alexander who retired.

THIRTY YEARS AGO

Two hundred convicts at the Lansing penitentiary were taking correspondence courses from the Home Study Department at the College.

The Purple Masque Club, made up of students who had been in College plays, offered a \$50 prize for the best original drama written by a student.

A reserve officers' training corps, to be established at the College, was announced by L. O. Matthews, commandant. The organization of college cadets consisted of one infantry regiment, complete, one engineer company, and one signal company with wireless.

Costs of living could be reduced by storing vegetables for winter, according to M. F. Ahearn, then profes-

sor of landscape gardening.

FORTY YEARS AGO

"Road making with oil I believe to be a commercial success," said Prof. Albert Dickens who had been conducting a \$2500 experiment on the project. He thought oil roads would soon be in the majority in Kansas since they cost about one-third as much as macadam roads.

Celery was doing nicely in the College gardens. It was being sold by the College at the greenhouse.

FIFTY YEARS AGO

The Students' Free Silver Club held its first meeting. Entertainment of the evening consisted of speeches and music by the Glee Club.

The eleventh annual state convention of the YWCA was attended by 70 delegates. Sessions were held at the Methodist church downtown and one afternoon was spent visiting the campus.

A pair of buffalo horns had been presented to the College museum by A. G. McFeely of Gypsum City. They were expected to "serve a useful as well as ornamental purpose."

The total enrollment of the College was 580. Of this total 250 were here for the first time.

SIXTY YEARS AGO

No deaths among the student body had been reported for seven years and very few students had been even temporarily ill.

Chief attraction at the Greenhouse was the banana tree. It stood ten feet high, had a stalk nearly ten inches in diameter and leaves about two feet broad and five feet long.

Enrollment was 392. Students were on the campus from 56 Kansas counties.

SEVENTY YEARS AGO

Immigrants from Minnesota were reported to be rolling through Topeka. Also "all the well-to-do and sensible citizens of Iowa were emigrating to Kansas."

Persons desiring the latest information regarding the Agricultural College were urged to send for a copy of the twelve-page circular just issued.

The College offered three courses, the Farmer's course, the Mechanic's course and the Woman's course. There were 167 students enrolled in these three courses.

LOOKING AROUND

KENNEY L. FORD

More than 100 Kansas State boosters met at the Cornhusker hotel in Lincoln October 5 before the K-State-Nebraska University football game.

L. H. (Zane) Fairchild, '16, was master of ceremonies. Speakers included Dr. W. E. Grimes, '13, who told about the record enrollment of 6,500 students at Kansas State, and Kenney L. Ford, '24, alumni secretary, who discussed the financial campaign for the World War II Memorial Chapel at the College.

Luther Leavengood, head of music at K-State, was introduced and spoke briefly regarding the college band. President Milton S. Eisenhower, '24, scheduled as the principal speaker, was unable to attend.

Alumni from Lincoln who attended the meeting were G. A. Ackerman, f. s. '25; Louise (Magaw) Ackerman, '26; Willard E. Lyness, '16; Edna (Rawlings) Lyness, '18; Eldon T. Harden, '28; Twila (Norton) Harden, f. s.; Tom Leadley, '13; Pearl (Boid) Hathaway, '26; Mrs. Marvel L. Baker, Mrs. Lillian S. Mickel and Myrtle (Easley) Morgan, '12; Julius P. Van Vliet, '15; J. J. Seright, '22; Mrs. J. J. Seright and Irene (Graham) Gish, '21; Harry Dole, '30; A. J. McCleery, '31; O. W. Greene and Lois (Russell) Greene, '29; Dr. John V. Cortelyou, L. L. Belknap and Lenore (Fredrickson) Belknap, '18; Loyal J. Miller, '31; E. C. Jones, '16; Herb Robinson, '16; Merle (Beeman) Robinson, '17; Isla (Bruce) McClymonds, '16; A. E. McClymonds, '15 and Katharine (Kimmel) Westbrook, '22.

Eight members from Omaha were at the meeting. They were Clark A. Rife, '32, Alice (Adams) Rife, '31; E. A. Murphy, '36; Louise (Ratcliff) Murphy, '36; Gwen (Gosney) Kelsall, '33; Samuel Kelsall III, '35; James B. Nichols, '34 and S. E. Johnson, '35.

Wildcat fans who made the trip

from Manhattan included Mr. and Mrs. Luther Leavengood, Kenney L. Ford, '24, and Mrs. Ford; Lud Fiser, '31, and Mrs. Fiser; C. S. Moll and Mrs. Moll; Dr. W. E. Grimes, '13; Ethel (Roseberry) Grimes, '14; F. H. Fenton, f. s.; Lucille (McCandless) Fenton, '46; H. O. Dendurent, '34, and Mrs. Dendurent; Mr. and Mrs. E. W. Sandberg; Joe Hayes, James S. Chase and Paul G. Dalton, all of Manhattan.

Others who were present at the meeting were O. E. Walgren, '26, Platte Center, Nebr.; P. E. Chlebon, '34, Crete, Nebr.; Richard Noller, '40, and Mrs. Noller, Hebron, Nebr.; Ernest Lyness, '26, and Mrs. Lyness, Savannah, Mo.; Charles E. Lyness, '12, Troy; Mae Virgie (Hildebrand) Lyness, '14, Troy; Earl J. Cook, '39, Pawnee City, Nebr.; Leslie C. Nash, '39, and H. Gerald Bobst, '32, Ord, Nebr.; Vivian (Jewett) Johnson, '27, H. W. Johnson and J. W. Johnson, Cleburne; J. L. George, '32, Chester, Nebr.; L. A. Jacobson, '32, Junction City; K. M. Gould, '42, Ethel (Lienhardt) Gould, '40, Waterloo, Nebr.; P. C. Baker, '17, Hastings, Nebr.; C. K. Collins, '41, West Point, Nebr.; Jess J. Cole, Junction City.

Evelyn (Stilson) Brummett, f. s. '26, conducted an alumni meeting at the United Brethren church in Concordia September 16, for a discussion of the chapel drive by Arthur Peine, M. F. Ahearn and Kenney L. Ford. The campaign was organized and plans were made for the drive in Concordia and Cloud County.

About 30 people attended the meeting. They were G. B. Kappelman, '27, and Mrs. Kappelman, Miltonvale; John L. Larson and D. Alice (Wilsey) Larson, '34; Mrs. L. Pearson; Pauline (Baldwin) Baskett, '46; Margaret Cassity, '40; Mr. and Mrs. E. B. Allbaugh; Lorena C. Graveline, Earl-

ene Clark, Etta Warner, '40; Donald H. Kaufmann, Willomae Lagasse Kaufmann, G. O. Yandell, Don A. Yandell, '23, Union, N. J. C. Wilbur Naylor, '31; Melvin Swenson, '43; Mildred (Rathbun) Engle, '30; E. F. Swanson, '06 and Mrs. Swanson; Laurence B. Brooks, '28; and Mrs. Brooks; Mr. and Mrs. Charles S. Cook; and Merle L. Magaw, '30, Ames.

Alumni from the St. Joseph area met September 19 at a meeting conducted by Dr. E. A. Logan, '05 and '09. This meeting was attended by C. Q. Ward, '10, and Mrs. Ward, 3027 Lafayette, St. Joseph; Lillian C. Weeks, '14, 1014 Powell, St. Joseph; Helen Tipton, '41, 2619 Renick, St. Joseph; Eula Neal, '40, 1025 Angeli-que, St. Joseph; Elbert L. Eshbaugh, '36, and Mrs. Eshbaugh, Wathena; Ruby Randall, '39, and Ruth Cochran, '40, Savannah, Mo.; F. H. Dillenback, '16, Arliss Honstead, '37, C. E. Lyness, '12, Mae Virgie (Hildebrand) Lyness, '14, Troy; M. F. Ahearn, '13, Manhattan; Everett Wallerstedt, '31, St. Joseph; Frank Buzard, '12, 1912 Faraon, St. Joseph.

Dr. R. T. Nichols, '99, was in charge of the alumni meeting September 19 at the Moreland hotel, Hiawatha, to make plans for the chapel drive. Others attending were Alice Jane Sterns, '43; Clarence E. Crews, '28; Blanche Marie (Crandall) Williams, '18; Gladys (Ford) Leeper, '21; Harry E. Miller, '32; Max Dickerson, '37, all of Hiawatha; L. O. Gugler, '34, and Mrs. Gugler, and O. J. Olsen, '07, all of Horton; M. F. Ahearn, '13, and Kenney L. Ford, '24, both of Manhattan.

T-Sgt. Ralph E. Krenzlin, '40 Cm. Lab. Co., CTC, Edgewood Arsenal, Md., sends his dues for a life membership and writes.

"I am at present assigned to the 40th Chemical Laboratory Co., stationed at Edgewood Arsenal, Md. My wife, the former Esther Glanzler of Randolph is here with me and is manager of the Edgewood Arsenal post beauty shop. I expect to be discharged early in December and we plan to return to Kansas State."

Carrol LeRoy Wahl, Ag. '37, writes that since his discharge from the service he has been farming in Potawatomi county with his father. His address is Wheaton.

Don Collins, C. E. '37, formerly post engineer at Wichita in charge of Army installations, now is a designer in the road department Kansas state highway commission, Topeka.

A. Doyle Reed, Ag. '38, and Mrs. Reed now are residing at Richmond, Calif. Their address is 4200 Stockton, Apartment 2E. Mrs. Reed is the former Fiana G. Monaghan, who attended summer school at Kansas State from 1938 to 1940.

Norma E. Speelman, I. J. '39, is with the finance department of the Farm Security Administration, Denver, Colo. Her address is 1025 Lincoln.

James N. Seaton, I. J. '39, is managing editor of Circle Arrow Retailer, a publication of Western Auto Supply Company. The magazine is published at Kansas City. Mr. Seaton served in World War II as a captain in the Army. He was in the service three years and overseas eighteen months.

Harold E. Jones, Ag. '40, is now assistant professor of soils at Kansas State. He was recently discharged from the service after serving two years in the South Pacific. During part of that time he received THE INDUSTRIALIST. Mr. and Mrs. Jones are residing at 823 Ratone, Manhattan.

Carl F. Erickson, D. V. M. '40, is now practicing at Sullivan, Ill. Dr. and Mrs. Erickson have one child, Clarice Elaine, 2½ years old. The Erickson home address is 516 West Scott Street, Sullivan.

George Sklar, Ch. E. '41, is a research chemical engineer with Westvaco Chlorine Products Company, Charleston, W. Va. His home address is 1531 Lee Street, Charleston.

Norman T. Cook, C. E. '41, is an engineer for the Magnolia Oil Company. Mrs. Cook is the former Dorothy Howat, H. E. '41. Their address is Box 770, Chickasha, Okla.

Gloria Jane Danielson, H. E. '42, is a home economist with Martha Logan test kitchen, Swift and Company, Philadelphia, Pa.

Robert G. Waters, f. s. '42, is a partner in the Waters Hardware Company, Junction City. His address is

KANSAS POETRY

Robert Conover, Editor

Falling Leaves

Falling leaves, drifting down,
One by one, gold and brown.
Early frost did not bring these
Drifting leaves from sleeping trees.

Trees that had no strength to hold
Leaves so suddenly grown old—
Leaves that are content to fall
At the time that comes to all.

—Mary R. Rondeau.

Sunflowers

By H. W. Davis

AMERICANA FRANTICA

Where is the meat?

That is the question.

Whether it is nobler in the stomach
to store the flesh of horse or to take
out chips in the game of blah-blah
and cuss the Administration, the
OPA, the packers, the farmers, the
retail grocers, the Republicans—and
by our vehemence obliterate them
all?

To crunch carrots, to eat no more;
and by our abstinence to say we end
the stomach ache, and all the pangs
of reconversion starvelings are heir
to.

That, boy, is a consideration not
to be given the go-by.

To die, to sleep, to sleep for keeps,
perchance to dream for keeps; aye,
there's the rub.

For in that snooze eterne what
dreams may come—of roast beef,
pork and apples, filet mignon, steaks
two by six by ten, hamburger, spare
ribs, tenderloin—when we have rum-
bled to the mortuary and ducked in-
flation for good and all.

There's the joker that makes a
catastrophe of so extended an emer-
gency.

For who would bear the agony of
contemplating all the explanations
offered, the accusations hurled, the
alibis, the De-control Board's delay,
the insolence of newly-appointed of-
fice-holders, the moaning of rebels
recently resigned, when he himself
might avoid manic-depression by de-
veloping grinning grandeur delusions,
or dementia paralytica?

Who would sophistries unsnarl, or
grunt and sweat under atrocious
double-talk, but that the dread of
something after complete collapse
under vegetarianism, garnished only
with the twiddle-twaddle of polit-
icos, stares him in the face and makes
him rather devour the meat of horse
than turn to prunes and rutabaga?

Thus hunches make Milktoasts of
us all, and the do-or-die for dear old
Siwash is paled with sickly teen-age
fear, while we do naught but twist
the dial and ooze into another treatise
on where the meat is and who hid it
there, dog gone him!

Boy, oh boy, if Hamlet was crazy,
how will the centuries rate us?

YWCA Secretary Visits Campus

Miss Ruth Haines, former execu-
tive secretary of the YWCA at Kan-
sas State College and now a member
of the national YWCA staff, visited
the campus last week. Miss Haines
was on a nationwide tour planning
the Student Christian Movement as-
sembly to be held at the University
of Illinois during Christmas vacation.

115 West Spruce Street, Junction
City. He was a sergeant in the medi-
cal corps during the war and served
in the European theater. He was dis-
charged November 24, 1945.

Earl L. Montgomery, D. V. M. '43,
has a general practice at Harrison-
ville, Mo. His brother, Leon Mont-
gomery, D. V. M. '45, is also practic-
ing in Harrisonville.

Vivian M. Speas, H. E. '43, is a
teacher of home economics in Central
junior high school, Kansas City, Kan.
Her address is 2012 Orville Street.

Charles B. Colburn, I. Chem. '44,
is a graduate assistant in the depart-
ment of chemistry at the University
of Utah, Salt Lake City.

Charles V. Jakowatz, E. E. '44, is
an instructor in mechanical engineer-
ing at Kansas State. His address is
1843 Anderson.

AMONG THE ALUMNI

Mrs. D. D. Bivins writes that her father, Samuel S. Cobb, '89, is still active in the real estate business at Wagoner, Okla. "He is in exceptionally good health for a man of 80; drives his own car every day; is still 6 feet, 2 inches and weighs 215 pounds," Mrs. Bivins reported.

Robert C. Cole, Ag. '02, is farming near Hudson, S. D. He and Mrs. Cole have eight children, Helen, Mary, Ruth, Curtis, John, Rolfe, Hobart and Lois.

Edwin C. Gardner, Ag. '04, writes from route two, Ashland, Ore., "I am still running the same pear orchard I set out in 1909. Am in good health. I am always interested in K. S. C. and the goings on there."

A letter from A. D. Stoddard, E. E. '06: "Just to keep the record straight I resigned as vice-president of the Halliburton Oil Well Cementing company and am now manager of the Petroleum Investment company. My address is still Duncan, Okla. O. R. Smith, E. E. '39, was in a few days ago. He returned from the Army August 26. He will return to work for the Halliburton company here at Duncan."

Clarence T. Gibbon, E. E. '08, is an electrical engineer at Hines, Ore. He and Mrs. Gibbon have four children. Gibbon is engaged in lumber manufacturing with the Hines Lumber company.

The address of Rena A. Faubion, D. S. '10, is 2446 "F" Street, San Diego, 2, Calif.

Ira E. Taylor, C. E. '13, and Mrs. Taylor live at 1834 Walker, Kansas City, Kan. Taylor is a construction engineer for the Scherrer Construction company in Kansas City.

Louisa (Dyer) Frey, B. S. '14, and Jesse J. Frey, D. V. M. '14 and M. S. '16, live at 3948 Sherman Way, Sacramento, 17, Calif. They have five children, Leland, Frances, Jean, Phyllis and Jess, Jr., as well as six grandchildren ranging in age from four months to seven years.

Hachiro Yuasa, B. S. '15, is now with Doshisha university, Kyoto, Japan. Before he went to Japan in September he had been in New York City, where he was counsellor for the New York Church Committee for Japanese Americans. In Japan he planned to take charge of the New America-Japan Cultural Foundation at the university.

The address of Alma Dale Newell, H. E. '16 and M. S. '35, is 300 East A, Hutchinson. She is teaching home economics at Hutchinson high school.

Elizabeth M. Burnham, H. E. '17, is now executive director of the Milwaukee YWCA. Her address is 773 North Prospect, Apt. 612, Milwaukee. She writes: "I left this country in October, 1944. I was loaned by our national YWCA to the British YWCA War Service program. I had charge of a YWCA hostel at Sorrento, Italy, for a year. Women in uniform from all Allied Forces came to the hostel for their leave periods. I also spent a month in Vienna, Austria, helping to open another hostel for girls in service. I returned to this country in February of this year."

Frank S. (Duke) Turner, Ag. '17, and Laura (Mueller) Turner, H. E. '17, and two sons and two daughters are dairy farmers near Belton, Mo. The Turner farm produces whole milk for Kansas City delivery.

H. J. Helmkamp, F. M. E. '18, Mrs. Helmkamp and their daughter, Dorothy Joan, 16, live at 444 Colorado Blvd., Denver. Mr. Helmkamp is state agent for the Fidelity-Phoenix Fire Insurance company; the Continental Insurance company and the American Eagle Fire Insurance company.

Lelia Whearty, H. E. '18, is a home economics teacher at Washington high school, Pasadena, Calif. Her address is 855 North Marengo, Pasadena.

Dr. Ruth Blair, H. E. '19, is head of the department of home economics at the University of Colorado, Boulder. She teaches and conducts research in child nutrition. Dr. Blair received her M. S. from the University of Chicago in 1929 and returned for her Ph. D. in 1940. In recognition of her outstanding work with underprivileged children, Dr. Blair received the Borden award in home

economics. The award consisted of \$1,000 in cash and a gold medal. Dr. Blair's address is 1020 Thirteenth, Boulder.

Walter D. Gardner, Ag. '20, for 15 years editor of the Co-Operative Shipper and engaged in public relations work for Central Co-Operative association, has resigned to accept a department of agriculture post. He will be executive officer of the bureau of agricultural economics in Seoul, Korea. Mr. Gardner who is a veteran of World War I, entered the livestock marketing field as a market reporter in Kansas City. His address is A. P. O. 235, San Francisco, Calif.

Warren R. Stewart, Ag. '21, and Mrs. Stewart live at Clarksville, Ark. He is with the soil conservation service.

Dr. Harold Howe, Ag. '22, and Mrs. Howe have adopted a daughter, Barbara. The little girl is two years old. They live at 724 Pierre, Manhattan.

Victor R. Blackledge, G. S. '23, and Isla (Falkenstine) Blackledge, f. s., live at 1511 Second Avenue, Scottsbluff, Nebr. Mr. and Mrs. Blackledge have two children, Keith, 19, and Walter, 15. Mr. Blackledge is business manager of the Scottsbluff Daily Star-Herald.

C. R. F. Smith, I. J. '23, Mrs. Smith and two daughters and a son are residing at 3467 A South Stafford Street, Arlington, Va. Mr. Smith works in the information service, production and marketing administration, U. S. D. A.

The address of Margaret (Reich) Brown, I. J. '23, is 1027 East Ninth Street, Kansas City, 6, Mo.

Walter H. Bell, f. s. '24 and Mildred (Fox) Bell, H. E. '30, are living in Randolph where Bell is owner and manager of the Bell Implement company. They have two children, Charlene, 12, and Allan, 7.

Orpha (Russell) Rhodes, Music '24, and Albert Rhodes and their twin daughters, Orpha Ellen and Loda Mary, live at Happy Camp, Calif. The twins were born March 29, 1946. Mrs. Rhodes writes: "For the past 15 years I have taught music and speech arts in Burbank junior high school in Berkeley, Calif. I am taking a leave of absence for a year."

Ruby (Curl) Larson, H. E. '25, is home adviser for the Farm Security Administration in Rooks and Graham counties. Her address is Stockton.

Earl L. Hinden, G. S. '26, 705 Dwight Bldg., Kansas City, 6, Mo. writes in a recent letter

"After 5 1/2 years in the service, I have changed to a civilian status, where I hope I will remain for a long, long time. I recently returned from service in Korea with the Base Command G-4 Section. I was a colonel and received my discharge in May. On June 1, I became deputy regional Boy Scout executive here in Kansas City, covering Scout activities in Missouri and southeast Kansas. I hope I will be able to see some good football games in Manhattan this fall, especially homecoming."

G. Ernest Lyness, Ag. '26, and Mrs. Lyness live at Savannah, Mo. They have one son. Lyness is county agent there.

Kenneth O. Alberti, E. E. '27, lives at 525 W. Logan, Moberly, Mo. He has two children, Donald, 10, and Karen, 6. Mr. Alberti is assistant superintendent of power for the Missouri Power and Light company.

J. O. Johnson, E. E. '27, is staff engineer for the Bell Telephone Laboratories, 463 West Street, New York City. Mr. and Mrs. Johnson and daughter, Carol Agnes, live at 2 Edgewood Rd., Chatham, N. J. Mr. Johnson works in maintenance of local telephone systems.

L. F. Moline, f. s., '28 and Mary (Maxwell) Moline, H. E. '30, live with their four daughters, Ruth, 9, Mary Ann, 6, Linda Lee, 4, and Beryl Jean, 6 months, at Randolph. Moline is owner and manager of the Moline Hardware company.

Marshall B. Ross, G. S. '29, and Virginia (Currier) Ross, f. s. '27, and two children, Donna Virginia, 9, and Mary Marsha, 7, live at Twin Oaks Lane, route one, Norwalk, Conn. Ross is manager of the heating device and

fan divisions of General Electric company at Bridgeport, Conn.

The address of Kirk M. Ward, P. E. '29, and Mrs. Ward and two children, Gail, 7, and Jeanine, 1, is 222 North Fountain Avenue, Wichita. Ward is district manager of the Connecticut General Life Insurance company of Hartford, Conn.

Benjamin L. Remick, Jr., E. E. '29, is now with the Gulf Oil Corporation, Tulsa, Okla. He was discharged from the transportation corps, U. S. Army, at Fort Dix, N. J., last June. He was a lieutenant.

The address of Lester W. Burton, E. E. '30, and Etha (Dungan) Burton, H. E. '30, is 57 Park street, Stratford, Conn. Burton is a sales engineer for the General Electric company at Bridgeport, Conn.

Col. Roscoe T. Nichols, Jr., Com. '31, is stationed with headquarters, Second Air Force, Offutt Field, Ft. Crook, Nebr.

Marion A. Cowles, E. E. '31, and Helen J. (Cook) Cowles, H. E. '32, operate a garage and bulk oil station at Sharon Springs.

Leslie Aspeline, M. E. '31 and M. S. '32, and Agnes (Holm) Aspeline, f. s., live at 1260 Quilliams, Cleveland Heights, Ohio. He is assistant chief development engineer for Thompson Products company, Cleveland.

Clare Kenneth Alspach, Com. '32, is with the post-office department at Portland, Ore. His address is 5300 N. E. 73d Avenue, Portland, 13, Ore.

Kenneth G. Lancaster, M. E. '33, and Margaret (Reed) Lancaster, f. s., live at 1334 Lincoln, Topeka. Mr. Lancaster is an engineer in the design department of the state highway commission. The Lancasters have a daughter, Jean Ann, born August 2, 1946.

Luke M. Schruben, Ag. '33, and M. S. '39, is with the extension service of U. S. D. A. in Washington, D. C. He and his wife Gladys R. (Bulstra) Schruben, H. E. '33, live at 4606 DeRussey Parkway, Chevy Chase, Md.

Dr. Ray Bryan, G. S. '33, and M. S. '37, is associate professor of vocational education and director of the teachers' placement office at Iowa State College, Ames, Iowa. Dr. and Mrs. Bryan and sons, Robert, 8, and Joe, 4, live at 2520 Chamberlain, Ames. Dr. Bryan received his Ph. D. degree at the University of Nebraska in 1940.

Jean W. Scheel, I. J. '34, and Ada (Wiese) Scheel, G. S. '31, are now living in Corvallis, Ore., where Scheel is with the extension service of Oregon State College. He is a specialist in extension information methods and handles publicity for cooperative extension work in agriculture and home economics in Oregon. Mr. Scheel was a captain in the Army during the war.

Lisle L. Smelser, C. E. '34, and Edith (Ramey) Smelser, H. E. '33, live at McMinville, Ore., where Smelser is manager of a logging and lumber company. Mr. Smelser was a lieutenant colonel in the Army during the war and was overseas eight months.

M. C. (Mike) Oberhelman, G. S. '34, and Marie (Buchanan) Oberhelman, f. s. '33 and '34, have two children, John, 9, and Lou Ann, 5. The Oberhelmans live in Randolph, where he is cashier of the Citizens' State bank. He is acting as chairman in Randolph for the campaign to raise funds for the Memorial Chapel.

The address of Dr. and Mrs. Roland T. Hinkle, M. E. '35, M. S. '40, is 812 Hanshaw Rd., Ithaca, N. Y. Dr. Hinkle, received his Ph. D. degree at Cornell University in 1944 and is assistant professor of machine design at the school of Engineering, Cornell University. The Hinkles have a son, Stephen, 3 1/2 years old.

Paul F. Ragland, I. J. '35, and Rella Sue (Westerman) Ragland, f. s., are residing at 1024 Houston, Manhattan. The Raglands have two children, Thomas John, 6, and Michael Paul, 17 months. Mr. Ragland is manager of the commercial printing department of the Manhattan Mercury-Chronicle. He was with the U. S. Army Air Forces more than five years prior to returning to Manhattan. He served two years in the CBI theater during the war.

Sarah Ann Grimes, H. E. '36, is now working for Government Services, Inc., a company that operates government cafeterias in Washington, D. C. "I am enjoying my work very much," she writes. Her address

is 1841 Columbia Road, N. W., Washington, D. C.

Richard E. Remington, I. J. '43, is with the advertising division of Continental Oil Company at Ponca City, Okla. His home address is 124 1/2 South Lake, Ponca City.

Douglas S. Chapin, I. Chem. '44, and Margaret (Gordon) Chapin, H. E. '44, are residing at 1715 East Sixty-Seventh Street, Chicago. Mr. Chapin is with the Gas Institute, Illinois Institute of Technology, Chicago.

Gertrude Myers, H. E. '44, is home demonstration agent at Smith Center.

Marcella Carter, H. E. '44, teaches home economics in the high school at Washington.

Andrey Jean Merryfield, H. E. '45, is a staff dietitian under the Veterans' Administration at Winter General Hospital, Topeka. Her address is Winter General Hospital, Dietary Department, Topeka.

The address of Theodore W. Alt, D. V. M. '46, is 912 Castle Street, Seneca.

MARRIAGES

BROWN-BRADY

Miss Veronica Brown, f. s., and William R. Brady, Ag. '39, were married June 18 at Lillis. Before her marriage Mrs. Brady was a teacher at Wamego. Mr. Brady is with the Farm Security Administration in Atchison.

GESSELL-UMBAUGH

Shirley Anne Gessell, H. E. '45, became the bride of Gerald P. Umbaugh in the First Methodist church in Manhattan June 16. After graduation from Kansas State, Mrs. Umbaugh taught for one year at Onaga high school. Mr. Umbaugh served with the Ninth Armored Division for four and one-half years. The Umbaughs live at Argos, Ind.

FEE-HEFNER

The marriage of Jean Fee, H. E. '44, and Harvey H. Hefner, B. A. '42, took place June 8 in the First Methodist church in Manhattan. Mr. and Mrs. Hefner are now at home in Denver where he is employed as floor superintendent of the May company.

KAYS-MCGOWN

Jean Kays, H. E. '45, and Murlin L. McGown, D. V. M. '46, were married June 29 at the First Methodist church, Manhattan. They now live at 501 Fifth street, Monett, Mo.

HOOVER-SAMSON

The marriage of Dr. Virginia Hoover, G. S. '43, and Dr. Hugh Rae Samson took place June 20 in Windsor, Ontario, Canada. Dr. Hoover is a daughter of Mrs. Vivian Harding of Abilene. She is a graduate of the University of Kansas School of Medicine. The Samsons will make their home in Windsor.

GRAPER-WARNER

Betty Lucille Graper, H. E. '46, and Glenn Warner were married in the Colby Methodist church June 15. Mr. and Mrs. Warner live at 590 Center street, Crescent Drive, Palo Alto, Calif. Mr. Warner is a student in Stanford University.

BOULLS-NORTON

Kenneth Norton, G. S. '38, was married to Betha G. Boulls at Jennings June 18. They live at Colby where Mr. Norton is principal of the Colby junior high school and grade school. Before going to Colby Mr. Norton was farming near Oberlin.

RICHARDSON-BOEHNER

Harriett Frances Richardson, H. E. '41, and Ralph Arthur Bohner, Ag. '40, were married June 14 at the home of the bride's parents in Oswego. The Boehners live in Stratton, Colo., where Mr. Bohner is employed as a field secretary for the Consumers' Co-Operative association.

OTEY-SAGER

Betsy Jane Otey and Dr. Robert F. Sager, G. S. '43, were married June 13. They live in Manhattan.

PETRICH-PRICE

Joanne Petrich, f. s. was married June 8 to Lt. Ralph Edward Price of Caplinger Mills, Mo. The Prices live in Lawrence where Mr. Price is a student at Kansas University.

PARKER-GUNTER

Betty Gail Parker, H. E. '45, and William Barrett Gunter were married June 7 at the Little Church Around

the Corner in New York City. Mr. Gunter served with the Third Division in the European theater for two years and is now a lawyer in Gainesville, Ga.

KNOTSMAN-DOYLE

Elizabeth Ann Knostman, H. E. '46, and Robert Lewis Doyle, f. s., were married June 9 at the Wamego Methodist church.

MORRIS-BURKHOLDER

Irene Morris, H. E. '34, and George Burkholder were married June 1 in the First Christian church in Manhattan. The Burkholders now live on a farm northeast of Abilene.

BIRTHS

A daughter, Martha Lou, was born August 24 to Betty Lou (Davis) Millard, B. A. '41, and George Millard of 417 South Sixteenth Street, Manhattan.

Thomas M. Reed, Ag. '40, and Nellie Lou (Willis) Reed, H. E. '42, of Bartlesville, Okla., are parents of a daughter, Margaret Ann, born August 22.

A son, John Allen was born August 22 to Margaret (Wilson) Wallingford, f. s. and Paul Wallingford, M. I. '39, in Wichita.

J. J. Moxley, Ag. '22, and Mrs. Moxley announce the arrival of a son, Tom Jerry, August 15. The Moxleys live in Council Grove.

Ralph C. Munson, Ag. '32, informs us that he and Mrs. Munson are parents of a daughter, Virginia Marie, born August 4. The Munsons' address is route three, Junction City.

James Gould, I. J. '40, and Mrs. Gould, Hominy, Okla., have a son, born August 16 at St. Joseph's hospital, Tulsa, Okla.

K. G. Lancaster, M. E. '33, and Mrs. Lancaster, have a daughter, Jean Ann, born August 2 at Stormont hospital, Topeka. The Lancasters live at 1334 Lincoln, Topeka.

Milan W. Smerchek, Ag. '40, and Kathleen (Wilkie) Smerchek, f. s., are parents of a daughter, Judith Ann, born at the Leopold hospital in Garden City August 14. The Smercheks live at Johnson.

Harry L. Eddy, B. A. '42, and Mrs. Eddy announce the birth of a son, Thomas Anson, August 14 at Christ's hospital in Topeka. The Eddys' address is at 1820 West Fifteenth, Topeka.

F. Robert Lonberger, B. A. '41, and Mrs. Lonberger, are parents of a son born August 17. The Lonbergers live at Yucca Heights Apartment, 46-2, Victoria, Texas.

DEATHS

RILEY

Gladys (Barrett) Riley, f. s., died August 6 at Los Angeles general hospital. Mrs. Riley was born May 28, 1899, in Manhattan. She was the daughter of Charles J. Barrett and Maude Allman Barrett. In August 1918, she was married to G. A. Riley, D. V. M. '16. Survivors include the husband, two children, Capt. Robert Riley, New York City, and Mrs. Irene Clingman, Bell, Calif.; and one sister, Mrs. Irene Archer, Geneva, Ill.

SNYDER

Anna Snyder, '88, of the Methodist home in Topeka, died October 1 at Christ's hospital in Topeka. She was 77 years old. She is survived by four brothers, Ralph Snyder, '90, Wichita; Stanley Snyder, '89, Colorado Springs, Colo.; Carl Snyder, '96, Tecumseh; and Dean Snyder, Westmoreland.

EDELEN

Alma (Wilsey) Edelen, G. S. '34, daughter of Lloyd H. and Anna Wilsey, died at her home in Rolla, Mo. September 6. She was 33 years old. After graduation from Kansas State she taught in the Hollenberg high school and was married to George W. Edelen, Jr., C. E. '34, of Kansas City, in June, 1937. They lived in Topeka until December, 1944, when they moved to Rolla. She is survived by her husband, her mother, Mrs. L. H. Wilsey, Washington; and three sisters, Mrs. John L. Larson, Concordia; Mrs. E. A. Sewell, Washington; and Marianna Wilsey, Wichita.

K-STATE WILL MEET SOONERS SATURDAY IN BIG SIX GAME

B team will travel to Missouri for reserve engagement

Kansas State football teams will take to the road this weekend with the "B" squad, coached by Lud Fiser, traveling to Sedalia, Mo., for a game with Missouri's "B" team while the varsity team journeys to Norman, Okla., for a tough encounter with the nationally prominent Sooners.

Last weekend, the varsity showed improvement over previous engagements, particularly in the second half against Missouri, despite a loss of 26-0; The Tigers, favored to battle it out with Oklahoma for Big Six title, had it easy the first half but Coach Hobbs Adams team came back the final two quarters to stop the Tiger attack. The Kansas State club gave its finest performance of the contest while the first Missouri team was in the game.

As previous Missouri teams coached by Don Faurot have done, the Tigers jumped to an early lead on their explosive T and had the Wildcats fighting with backs to wall. Two Tiger touchdowns were scored in first quarter, one in the second, and one in the fourth.

Adams was impressed with the play of two third stringers moved up to starting positions in the Missouri fray. They were Guard Dave Shermer and Center Bob Palmer. Each will be assigned starting positions against Oklahoma this Saturday.

Four backfield men were injured in last week's game but probably will play against Oklahoma. They were Vic Jones, sprained ankle; Gabe Bartley, bruised arm; Oscar Erickson, injured knee; Gene Snyder, injured hand. Karl Kramer and Norman Rothrock will still be on the shelf when the Wildcats leave for Oklahoma Friday morning.

Probable starting lineups:

K-State Varsity lineup

Left end, Larry Reid; left tackle, Ed McNeil; left guard, Bob Berry; center, Bob Palmer; right guard, Dave Shermer; right tackle, Huck Heath; right end, Larry King; quarterback, Oscar Erickson; left halfback, Mike Zeleznak; right halfback, Harold Bryan; fullback, Vic Jones.

K-State "B" lineup

Left end, Richard Bogue; left tackle, Joe Blanchard; left guard, Bill Neal; center, Art Trovovsky; right guard, Charles Lyons; right tackle, Kenneth Topping; right end, Jerry Brooks; quarterback, Kay Cleavinger; left halfback, Delbert Ehret; right halfback, Dutch Stahley; fullback, George Smith.

Walker Speaks to PTA

Dr. Robert A. Walker, director of the Institute of Citizenship, spoke to the PTA at the Eugene Field School Monday at 7:30 p. m. His topic was "Educating our Future Citizens."

KSC 1946 Football Schedule

Hardin Simmons U. 21; KSC 7.
Nebraska 31; KSC 0.
Missouri 26; KSC 0.
Oct. 19—Oklahoma at Norman.
Nov. 2—Iowa State at Manhattan.
Nov. 9—San Francisco U. at San Francisco.
Nov. 16—Kansas U. at Manhattan.
Nov. 23—New Mexico at Albuquerque.
Nov. 30—Arizona at Tucson.

WILDCAT RESERVES BEATEN 25-14 IN GAME WITH CORNHUSKER RESERVES

Outgunning the Nebraska "B" team on the ground, the Wildcat "B" football squad was unable to halt long Cornhusker runs at Lincoln Friday afternoon and dropped a thrilling reserve-team contest 25 to 14.

Lud Fiser's junior varsity from K-State scored first in the initial quarter when Delbert Ehret, Atchison, went over from the four. Chick Story, a former varsity man at Nebraska, put the Huskers back in the game with an 82-yard touchdown run. Story was instrumental in each of the other three Nebraska touchdowns, two of which came in the second quarter and one in the fourth quarter.

Jim Stahley, Phillipsburg, halfback, scored the second Wildcat touchdown in the fourth period when he went over from the four, repeating Ehret's performance. Ehret kicked extra point each time.

Fiser was well pleased with the play of his junior varsity which was outweighed and facing more experienced players. Eight scoring opportunities were missed by the "B" team Wildcats. Fiser said poor Kansas State tackling and efficient Nebraska down-field blocking were deciding factor in the game.

CANDIDATES WILL DEBATE BEFORE STUDENT AUDIENCE

Carlson, Woodring will discuss political issues October 21

Frank Carlson, Republican candidate for governor of Kansas, and Harry Woodring, Democratic candidate, will debate in College Auditorium October 21. Murlin Hodgell, student from Topeka, will be moderator.

Each candidate will be limited to a 20-minute speech and a 10-minute rebuttal, Hodgell said. The debate will be preceded by a 15-minute concert by the Kansas State band. The audience will be permitted to question the candidates after the debate.

Air Reserve Considers Constitution

Case Bonebrake of Manhattan has been elected temporary chairman of the executive committee to draft a constitution for the Kansas State chapter of the National Air Reserve Association. Other members of the committee are Harry White of Kansas City, Kan., and Walter Crum of Wichita. Seventy members were present at the first meeting of the chapter.

GOVERNOR SCHOEPEL WILL SPEAK AT INDUSTRIAL-AG WEEK OPENING

Three-day program will be sponsored by College and KIDC

Governor Andrew F. Schoepel will speak at the opening session of the second annual Industrial-Agricultural Week at Kansas State, November 7-9, according to A. L. Pugsley, chairman of the planning committee.

Governor Schoepel will speak to conference visitors on "What is the State of Kansas Doing to Encourage Industry?" President Milton S. Eisenhower will open the meeting with a welcoming address.

The conference is designed to promote closer cooperation between Kansas industry and agriculture and to stimulate the growth of small industries in the state. The four speakers will appear on a session Nov. 8 devoted to a study of problems confronting new and small industries and businesses in Kansas.

Four Kansans prominent in industry are also on the list of speakers who will appear during the conference.

R. C. Walker, president of the Air-eon Manufacturing Company of Kansas City, Kan., will talk on "Problems of Production and Procurement of Raw Materials." David Ehrsam of the J. B. Ehrsam and Sons Manufacturing Company of Enterprise, Kan., will discuss "The Functions of Management."

"Personnel and Labor Requirements of Kansas Industry" will be the topic of Warren E. Blazier, personnel director for the Beech Aircraft Corporation, Wichita. Charles H. J. Patterson, director of engineering for the McNally Pittsburg Manufacturing Corporation of Pittsburg, Kan., will speak on "The Place of Engineering and Research in Small Industrial Organizations."

Industrial-Agricultural Week is sponsored jointly by the Kansas Industrial Development Commission and Kansas State College. Anyone interested in the industrial development of Kansas or in furthering cooperation between industry and agriculture is invited to attend. Last year approximately 100 invited leaders in Kansas industry and agriculture attended.

Tough Climbing

Housewives have long known that running up and down stairs is an energy drain. Now they have statistical proof of it in figures released today by Vera M. Ellithorpe, extension specialist in housing at the College.

Just walking on a level plane takes 290 percent more energy than lying down, according to basal metabolism tests. When one walks downstairs the figure increases to 372 percent. When one walks upstairs, the amount of energy needed zooms up to 1,336 percent.

Cox Receives Ph. D. Degree

Rufus Cox, professor of animal husbandry and sheep specialist in the agricultural experiment station at the College, received a Doctor of Philosophy degree Saturday at Cornell University, Ithaca, N. Y.

Cox obtained his B. S. degree from Oklahoma A. and M. College and his M. S. from Iowa State College. In 1940-41 he took a leave of absence from Kansas State and did his course and residence work at Cornell. In addition to his work at the experiment station at Kansas State the past four years he has been doing problem work on which his thesis was based.

INTERNATIONAL SECURITY ASSEMBLY WILL DRAFT "IDEAL CONSTITUTION"

Members of International Security Assembly, Kansas State's parallel of the United Nations, will draft an "ideal constitution for world government" this school year, according to Loren Cline of Lyons, student chairman.

Student groups on the campus will again be assigned countries to study and represent at assemblies. Any student on the campus may join in ISA activities. Students not in organized sororities, houses or fraternities may choose a group to join.

ISA at the College last year attracted national interest in the project designed to make college students conscious of international problems. Divisions of the assembly are the General Assembly, Security Council, Economic and Social Council and the International Court of Justice.

VETERANS PLAN TO OBSERVE NAVY DAY WITH ASSEMBLY

Music by College band, movies will be included

Navy veterans at Kansas State will observe Navy day with a special assembly October 31, according to Richard Maloney, Assistant Dean of the School of Arts and Sciences, chairman of the veterans' association committee planning the event.

Plans for the assembly include numbers by the College band and chorus, short talks by student veterans and a Navy movie.

Committee members include C. S. Moll, swimming coach; Thomas E. Clark, McCook, Nebr.; Charles Parker, Republic; Harold Peffly, Ottawa; Louis Taylor, Wichita; Frances Rule, Clayton; and Phyllis Chardein, Manhattan.

McCampbell Will Judge at Royal

For the tenth year, Dr. C. W. McCampbell, of the animal husbandry department at the College, will judge Percheon and Belgian horse classes at the American Royal Livestock Show in Kansas City next week. This will be the eighteenth time that Dr. McCampbell has judged livestock at the American Royal.

OLD TEAMMATE PLANS TRIBUTE TO JAP PRISON CAMP CASUALTY

Ray McMillin will lead drive for George Wiggins Memorial

Ray McMillin of Junction City, plans to direct an extensive financial drive for funds to establish a memorial to a classmate, George S. Wiggins, former Kansas State College football star, who died in a Japanese prison camp during the war.

McMillin will contact former teammates of Wiggins to obtain funds for the George S. Wiggins memorial which will be a part of the proposed all-faith chapel and chime tower to be constructed at Kansas State.

CHAPEL CAMPAIGN

A financial campaign is now under way to raise \$275,000 for the chapel, designed as a memorial to the approximately 5,000 K-Staters who served in the war and especially to 200 who died.

Both McMillin and Wiggins lettered in football at Kansas State in 1929, 1930 and 1931. Wiggins also lettered in basketball at the College in 1929, 1930 and 1931. The men graduated in physical education in 1932.

MADE LONG RUN

Football fans still recall the Big Six game at Columbia, Mo., in 1929 when George Wiggins, playing fullback, intercepted a pass and raced 85 yards for a touchdown.

Wiggins was commissioned a second lieutenant in the Officers Reserve Corps in 1932. He reported for active duty as a first lieutenant at Fort Ord, Calif., in 1941 after being called to active service. He participated in the March of Death and died early in 1945 at Fukuoka, Japan.

His widow, Mrs. Maxine M. Wiggins, the children, Larry and Joan, and his parents, Mr. and Mrs. N. S. Wiggins, live at Independence.

Certificate of Distinction Awarded

Kansas State has been awarded a Certificate of Distinction for the excellence of its Army Specialized Training program on the campus during the war. More than 1,000 students were trained at the College in engineering, veterinary medicine and pre-medic programs. The first ASTP men arrived at Kansas State in June, 1943, and the program was completed in the spring of 1944.

Farm House Sponsors Conclave

Delegates from Iowa, Minnesota, Missouri, Illinois, Michigan, Nebraska, Oklahoma and Kansas will attend the national conclave of Farm House fraternity sponsored by the Kansas State chapter Nov. 7-9. Programs and meetings will be at the Wareham Hotel. The last national conclave was sponsored by the Missouri chapter in 1942.

Clever men are good, but they are not the best.—Thomas Carlyle.

A part of the housing situation at Kansas State has been solved by converting the space underneath the east and west wings of the Stadium into living quarters for single men. When completed, the two units in the stadium will furnish housing for 218 men. At present, 68 men are living in quarters under East Stadium, and about 130 are living in the still uncompleted quarters in West Stadium. These pictures were taken in the East Stadium. On the left, E. A. Christie, D. R. Cade, Milton Puziss and Bill Fiden relax in the living room of their suite. Each suite includes a sitting room, a study and a dormitory. On the right, descending the stairs from the second floor quarters are D. R. Brewer, D. R. Cade, George Morris and Don Vandagriff.

THE KANSAS INDUSTRIALIST

Volume 73

Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, October 24, 1946

Number 4

SPIRITED AUDIENCE HEARS DEBATE BETWEEN WOODRING AND CARLSON

Candidates discuss state issues in only dual appearance

Kansas' leading candidates for governor, Republican Frank Carlson and Democrat Harry Woodring, faced a spirited audience of students and townspeople in College Auditorium Monday night as they met for their only debate of the 1946 campaign.

The audience, estimated at more than 2,500, filled the 2,200 seats in the Auditorium, stood in the halls and aisles and spilled over to the lawn outside, where speakers were set up so those outside could hear.

CROWD IS NOISY

The crowd was as noisy as a pep rally and emitted cheers and yells, boos and catcalls and hisses according to their emotions and beliefs. Both candidates were forced at times to shout down the cries of the partisan crowd.

The liquor question, despite an attempt by Carlson to make a minor issue of it, received more discussion than any other subject in the debate. Carlson's desire to prevent a split between the prohibition and wet elements of the Republican party kept him from committing himself, to the evident satisfaction of the Democrats.

Woodring's statement that, if elected, he would ask the next session of the legislature to repeal the Bone-Dry law, which makes possession of liquor illegal, prompted one student to ask Carlson "Will you ask for the repeal of prohibition and the repeal of the Bone-Dry law in Kansas?"

Carlson reluctantly answered "We are going to recommend a vote on this issue. I have had a little legislative experience and it is my guess that you could not get 50 percent of the house and senate to repeal the Bone-Dry law."

HAS EASY MANNER

Woodring spoke in a confidential manner, and handled the restless audience with the ease of a veteran campaigner. He was flustered only once, when he was questioned from the floor, "Did you back Harry Truman for vice-president?" Woodring admitted that he had.

He also said, in answer to a later question, that neighboring states, which have authorized state-operated package liquor stores such as he proposes for Kansas, still have bootleggers because of the shortage of liquor. This situation, he believes, will mend itself when the supply becomes adequate again.

Both candidates committed themselves to enforcement of existing liquor laws until those laws are changed.

BOTH SPEAK TOO LONG

Each of the candidates carried his constructive speech well beyond the 20-minute maximum that had been imposed. Carlson spoke for 25 minutes, Woodring for 27.

Woodring rapped the Republicans for inefficiency in social security administration and promised \$50 a month to every person over 60. He would, he said, "fire every case worker, snooper and investigator in the state," junk the county system of administration and institute a centralized system to operate from the Capitol in Topeka.

Carlson said this could not be done because of Federal rulings. Under national regulations, he said, no person under 65 can receive aid, and federal regulations also stipulate the number of case workers to be used. In addition, he added, the national government makes payments on the basis of need, and therefore no flat rate of payment can be set up. Iowa, he said, ran afoul of these regulations a few years ago, and was cut off from national social security funds.

ROADS ARE BIG QUESTION

Highways also received a great deal of attention from the candidates. Woodring asked why Kansas roads are in their present bad condition and, intimating inefficiency in the

state highway administration, demanded to know what had happened to the millions in gas taxes during the war.

Carlson answered that reserves built up during the war had enabled Kansas to match three million dollars in federal road building funds, and stated that he knows of no waste in the highway department.

The debate was the result of plans made by the student political interest committee which was formed last summer at a conference of the Student Planning Committee at Camp Wood, near Elmdale. Murlin Hodgell, a member of the committee, arranged for the appearance of the candidates and was moderator.

Woodring was introduced by Sherman Lampl, chairman of the campus Young Democratic club. Carlson was introduced by Dick Dodderidge, representing the Young Republican club.

ONE FOURTH OF STUDENTS SHOW DISSATISFACTION WITH HOUSING

Approximately one fourth of the 6,511 students at the College are dissatisfied with their housing, according to a Gallup-type poll conducted last week by the Collegian.

Twenty-seven percent said they believed college students should not be expected to live in the kind of quarters available to them. Seventy-three percent were satisfied with their living conditions. The poll was conducted as a means of emphasizing the need for permanent dormitories for men and women.

Thirty-five percent of all men students believed their housing was inadequate. Veterans living in converted army barracks on the campus complained that rent is too high for their "crowded, unattractive quarters."

Seventy-four percent of the married students were satisfied with their housing. All of the students living in sororities and fraternities regarded their housing as satisfactory.

INDUSTRIAL-AG WEEK SPEAKER TO DISCUSS LABOR PROBLEMS

Former WLB member scheduled to address annual assembly

Dr. Edwin E. Witte, head of the economics department at the University of Wisconsin, has been added to the list of speakers for the second Industrial-Agricultural Week, November 7-9.

Dr. Witte will speak on "Industrial Labor Relations" at a meeting in the College auditorium the evening of November 8. He has been a special investigator for the U. S. commission on industrial relations, a member of the federal advisory council for employment security and executive director of the President's committee on economic security, which sponsored the social security act.

Dr. Witte was regional director of the War Labor Board and was a member of the fact-finding committee in the meat-packing industry strike. He is author of a book, "The Government in Labor Disputes."

Industrial-Agricultural Week is sponsored jointly by the Kansas Industrial Development Commission and the College. It is designed to promote closer cooperation between Kansas industry and agriculture and to stimulate the growth of industry within the state. All sessions are open to the public.

Cost \$350 to Enroll

It cost Harold Dalbom of Viola, freshman in agriculture, \$350 for his first few days at college.

Dalbom had a prize-winning Hereford steer which he wanted to sell for money to attend college. Rather than wait and miss school by selling his steer at the Fat Livestock Show in Wichita, he sold the 1,205-pound animal for 28 cents a pound at the Hutchinson State Fair.

And now Dalbom has learned that Butch—short for Butcher's Delight—would have brought him an additional \$350 at Wichita.

ARMY CHAPLAIN AND SOCIOLOGIST DISCUSS HUMAN RELATIONS HERE

Conference of Christians and Jews sponsors appearance

Dr. Joseph B. Gittler, a sociologist, and Col. Ora J. Cohee, an army chaplain and Protestant minister, are on the Kansas State campus this week to conduct discussions on human relations.

The two men were brought to the College by the YMCA and the YWCA and are appearing under the auspices of the National Conference of Christians and Jews.

Recently declared the outstanding young sociologist of America, Dr. Gittler, is professor and head of the Department of Sociology at Iowa State College. He is editor of Midwest Sociologist and a contributor to national journals.

Dr. Gittler was born in New York City and received his A. B. degree from the University of Georgia. He received his Ph. D. from the University of Chicago. He was an assistant professor at the University of Georgia, a Fellow of the General Education Board at Rockefeller Foundation and a research associate of the Virginia State Planning Board. He was for a time a civilian consultant of the U. S. Army Air Forces.

Colonel Cohee was active in both World Wars and has served in Mexico, France, China, the Philippines and throughout the United States and the Pacific.

In 1916, he was commissioned a Chaplain, First Lieutenant in the U. S. Army. He was awarded the Distinguished Service Cross and the French Croix de Guerre for extraordinary heroism in action. While serving as chief of the Chaplain's Branch of the Eighth Service Command with headquarters in Dallas, Texas, he was cited by the National Conference of Christians and Jews

with the approval of Brigadier General William R. Arnold and Major General Richard Donovan of the Eighth Service Command. In 1945 he was awarded the Legion of Merit for his outstanding administration and leadership as senior chaplain in the Pacific Ocean Areas.

Colonel Cohee was educated in the public schools of Indiana and received his A. B. degree from Wabash College and his M. A. from Columbia University. Upon graduation from Union Theological Seminary, he was ordained a minister in the Christian Church.

The honorary degree, D. D., was conferred upon him by Daniel Baker College, Brownwood, Tex., and the honorary degree, LL. D., was conferred by Texas Christian University of Fort Worth, Tex.

POLL OF VETERANS' ASSOCIATION SHOWS INTEREST IN LEGISLATION

Student veterans at Kansas State will discuss state and national legislation at meetings of the Veterans' Association this year. A poll taken by Dr. Maurice D. Woolf, adviser to the group, shows that veterans are interested in political action, the liquor situation, recreational training and U. S. relations with Russia.

Ninety-four percent of the veterans favored participation in community affairs. Although not many favored action as a group, 91 percent believed veterans should take an interest in state and national politics. Asked to list what they considered the most important problem facing America, 56 percent listed world peace and our foreign policy while many mentioned the Russian issue, economic stability, labor and shortages.

So little interest was shown in plans for becoming the greatest pressure group of all time and the following of objectives set up by older, well-established veterans' organizations that they will not be discussed.

Women students are biggest worriers on campus Counseling Bureau reports after problem survey

By NANCY DIGGLE

Women are the worry-warts of the College campus, the Counseling Bureau has decided after surveying 200 freshman men and 200 freshman women.

To determine the number and types of problems worrying college men and women, the Bureau listed 33 common problems of personal, social, vocational, educational, financial and religious nature. All freshmen last year were asked to check those problems which they considered their own. Then the Bureau proceeded to analyze the answers of the 400 students, selected at random.

The coeds turned in an average of 3.5 problems each, while the men admitted to only 2.5 problems apiece.

Carefree as the breeze were 28 percent of the men, who decided they had no problems at all.

Figures were not available as to how many of them were married.

Only 14 percent of the women considered their lives uncomplicated by any problems.

Heavily troubled were 12.5 percent of the women as compared to only 5 percent of the men. Each of them claimed more than six problems apiece.

NOTES PUZZLE MOST

Most often checked problem by both men and women was: "I do not know how to take good lecture notes." This was marked by 33.3 percent of all 400 students.

Runner-up wrangler was: "I have been unable to determine what I am best able to do"—which was checked by 30.5 percent of all.

Most of the 33 problems showed a higher female concern than male. Noticeable variation came on the item, "I do not have enough to talk about in company." On this item the women surged ahead of the men. (Enough said.)

School and study problems eclipsed all other groups. Fifty-seven percent

of all 400 students were worried about some problem in this group.

Vocational worries were admitted by 39.5 percent of the group and social and personal problems were claimed by 35.8 percent.

Ranking highest among school and study problems were inability to take good lecture notes or determine how much time to study, being unable to make oneself study and lack of reading speed and understanding.

Vocational worries concerned deciding on what vocation to select, need of information about job opportunities and duties and knowing how to train for a career after selecting one. The men were less uncertain on this score than were the women. Fifty percent of the women marked problems in the group while only 29 percent of the men were disturbed.

SELF-CONFIDENCE NEEDED

Lack of self-confidence was the leading problem in the social-personal problem group. It was checked by 17.75 percent of the entire group, the women again indicating more uncertainty than the men.

Feeling inferior to others ranked second among social problems, 15.5 percent suffering from such feelings. Other personal problems recognized by many of the students included too few social contacts and difficulty in making friends.

A few fundamental problems such as guilt and family conflicts, ordinarily widespread, were checked by few students. The Counseling Bureau believes this discrepancy either due to distrust of the confidence of the people who were to handle the tests or to an unawareness on the part of the student of his basic problems.

The individual problems checked by each student will serve as consultation material under the faculty adviser system established at the College by the Counseling Bureau last year.

PRESIDENT EISENHOWER TO LEAVE NOV. 10 FOR UNESCO CONFERENCE

U. S. delegation will attempt to eliminate world censorship

President Milton S. Eisenhower, recently elected chairman of the U. S. Commission on International Educational, Scientific and Cultural Cooperation, has been notified by the state department of his appointment as representative in the forthcoming UNESCO Paris conference.

President Eisenhower expects to leave Manhattan about November 10. The three-week conference, which opens Nov. 19, will bring together for the first time representatives of more than 20 nations in the United Nations Educational, Scientific and Cultural Organization.

The conference will attempt to promote world understanding and cooperation. As its keynote project the U. S. delegation, under the leadership of President Eisenhower, will seek elimination of censorship in all countries.

In an extension bulletin received last week from the Department of Agriculture, M. L. Wilson, director of extension work, praises the choice of President Milton S. Eisenhower as chairman of the UNESCO commission. According to Wilson the choice of President Eisenhower is significant for several reasons:

"UNESCO will concern itself to a considerable extent with the use of general information media, such as the press, radio and educational films, in its efforts to bring about educational and cultural cooperation between the peoples of member countries. This is a field in which Milton Eisenhower is generally considered 'tops.'"

"In his capacity as president of Kansas State College, Milton Eisenhower has shown outstanding academic leadership in the organization of the Institute of Citizenship, which, in both campus and extension teaching, is a pioneering effort in the educational field to make modern education fit the democratic pattern of life."

"Since he is also chairman of the Executive Committee of the Land-Grant College Association, the leadership of the land-grant colleges as a national influence in our educational system is linked closely with leadership on the UNESCO commission."

K-STATE ANNUAL RECEIVES ALL-AMERICAN HONORS AGAIN

Royal Purple is tops for eleventh consecutive year

For the eleventh consecutive year, the Royal Purple, student yearbook at Kansas State, has been rated All-American, top award of the National Scholastic Press Association.

The 1946 yearbook was edited by Dorothy Cochran of Topeka. A 1946 journalism graduate of the College, she is now news editor of the Manhattan Tribune News. Richard Dodderidge of Council Grove, journalism senior, was business manager. C. J. Medlin, '24, is graduate manager.

Three other college yearbooks in the U. S. won the All-American honor in the Royal Purple class, that of colleges and universities with 2,500 to 5,000 enrollment. The yearbook scored 1,490 points in its class, which required 1,400 points to get the rating.

The National Scholastic Press Association has headquarters in the School of Journalism, University of Minnesota.

K. S. C. Gets Refrigeration Grant

A grant of \$750 from the Refrigeration Research Foundation, Inc., of Berkeley, Calif., to continue research in frozen foods at the College has been announced by Dean R. I. Throckmorton, director of the agricultural experiment station.

The funds will be used to continue studies on how methods of handling frozen food after removal from frozen storage affect quality and palatability of the cooked food.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. Lashbrook.....Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris.....Assistant Editors
KENNEY FORD.....Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

THURSDAY, OCTOBER 24, 1946

BOOKS

Master Storyteller

"Geoffrey Chaucer of England." By Marchette Chute. E. P. Dutton & Co. New York. 1946. \$3.75

Although he was born six hundred years ago, Geoffrey Chaucer is still an intimate friend of many lovers of English literature. A busy man of affairs he yet found time to compose and write stories of such charm, clarity and vivid characterization that both he and the leading characters of his narratives live on after the lapse of six centuries. He was a master storyteller.

The fourteenth century had much in common with the twentieth. It was a time of vast changes. The age of chivalry was approaching the stage at which Miguel Cervantes with his famous satire, "Don Quixote," would reduce it to an absurdity and so end it. The Hundred Years War was in progress. Social, economic and political conditions were in a state of flux. Everything and everybody were regimented. It was, as Miss Chute says, an "age of rules." There were feudal rules, religious rules, social rules, business rules, and there were also literary rules. John Chaucer, Geoffrey's father and a wholesale wine merchant, "ran his business under a network of restrictions that would have made a nineteenth-century importer turn pale, and his son Geoffrey entered upon his own trade of poetry under a similar kind of bondage."

But Geoffrey firmly but tactfully flouted the rules so far as literature was concerned. Whereas the rules required that English authors write in Latin or French, he wrote in English, in the vernacular of the London streets and the English countryside. His method was so novel that a contemporary French writer thought Chaucer was merely translating and spoke of him as "that noble translator."

As a man of affairs, Chaucer served under three kings in a variety of capacities: king's esquire, soldier, courtier, diplomat, justice of the peace, comptroller of the wool customhouse, member of Parliament, clerk of the public works, and in other positions. He was shrewd, accurate, highly respected and successful. It is remarkable that he was able to perform his arduous duties in the public service and at the same time read widely, think deeply on literary matters, develop extraordinary poetic skill and produce such immortal works as "The Canterbury Tales."

Miss Chute's book presents vivid pictures not only of Geoffrey Chaucer but also of fourteenth-century England. Her achievement is the more remarkable in view of the fact that Chaucer's literary works are almost completely lacking in autobiographical material. To be able to tell us so much of Chaucer, his time and his books, she performed prodigies of scholarly labor. She presents her findings in easily-read, chatty, but always dignified prose.

Her treatment of "The Canterbury Tales" and Chaucer's other books is no less enlightening and delightful than what she says of Chaucer himself and of the England of Chaucer's time. Her book offers much pleasure to all those who each year are reminded by April's sweet showers of the Canterbury Pilgrims. The reader of her book will agree when she says, "Although the three kings under whom he served lie under tombs of

marble and alabaster, Chaucer has a better monument than theirs."

—F. D. Farrell

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Kansas State defeated K. U. in the homecoming game 26-6. K. U. did not score until the last two minutes of play. Outstanding performer of the game was Howard Cleveland, quarterback, who scored three touchdowns.

At general election 1,500 students on the campus were eligible to vote.

Shirt-tails, pajamas, nightgowns and torches were features of the pep rally before the K. U. game. The homecoming queen was Jean Underwood of Hoisington and maid of honor was Janis Gaine of Manhattan.

A radio program, "The Story of the Fifth Slice," directed by H. Miles Heberer received congratulatory telegrams from all over the U. S.

TWENTY YEARS AGO

The Kansas Aggies beat Oklahoma 15-12 with a 21 yard drop kick by Dewey Huston in the last minute of play.

The College cafeteria inaugurated a new plan to please students. Favorite recipes of the students were turned in to the staff who used them in preparing the evening meal.

The fall issue of the Brown Bull, college humor magazine, was published by Theta Sigma Phi, women's honorary journalism fraternity. Sales at homecoming day festivities netted nearly \$80 for the women journalists.

THIRTY YEARS AGO

No institution in the United States had better equipment for teaching engineering than the Kansas State Agricultural College, according to Calvin W. Rice, secretary of the American Society of Mechanical Engineers, in an address here.

For the first time, students were being permitted to attend the afternoon seminars held by the chemistry faculty.

Plans and specifications for the Cooper College campus at Sterling were being prepared by M. F. Ahearn, professor of landscape design at the College.

FORTY YEARS AGO

The Horticulture department reported a record-breaking crop of pumpkins and predicted plenty of pumpkin pie for the winter.

Arrangements were being made to have an "old-fashioned cross country running." The students hoped to run against the professors if "they would accept the challenge."

Classes were crowded then, too. In a bookkeeping class there were 70 students. Since there were 54 seats, 16 of the students had to "sit in chairs, on window benches and on the desk platform." All were reported to be doing splendid work.

Manhattan city had a population of 5,000, not counting the 1,500 students at the College.

FIFTY YEARS AGO

Care in the handling of gasoline and kerosene was urged in an article by J. T. Willard, associate professor of chemistry. He called attention to the many accidents caused by explosions of these materials.

Assistant Chemist Breese of the faculty won first place at a Manhattan spelling bee.

Clothes for men were plentiful then. An advertisement says, "All the Desirable Things in Men's Wear."

SIXTY YEARS AGO

"Colds are preventable," says an article. "A person in good physical condition who keeps his feet warm and dry, his head cool, avoids exposure with an empty stomach, takes care not to cool off too rapidly when heated, keeps out of draughts, wears his flannels and exercises a little common sense, should not catch cold."

The Military Department had nearly 90 students in its tri-weekly drill.

The President's office was the scene of many anxious inquiries about examinations. "A few, whose record showed inattention as well as lack of advancement" were expelled from school.

SEVENTY YEARS AGO

One hundred eighty-six bushels of corn was husked on the College farm on a Saturday with 48 hours of students labor.

The number of students enrolled for fall term was 170.

LOOKING AROUND

KENNEY L. FORD

E. H. Kroeker, '29, was in charge of a luncheon at the Bellevue-Stratford Hotel, Philadelphia, Pa., July 6. The following were present: Ernest F. Stalcup, '22, and Mrs. Stalcup; J. Donald Peterson, '38, and Mrs. Peterson, Lansdowne, Pa.; George S. Holland, '23, and Mrs. Holland, Bryn Athyn, Pa.; Louis H. Bock, '28, and Mrs. Bock, Huntington Valley, Pa.; Milton F. Allison, '30, Cynwyd, Pa.; Edwin H. Kroeker, '29, and Mrs. Kroeker, Cheltenham, Pa.; Janet (Samuel) Tyson, '37, and Mr. Tyson; and James R. Hamm, '43, Swarthmore, Pa.; William Kurman, '43, and Mrs. Kurman, and A. Zatzman, Philadelphia; William E. Forney, '25, and Mrs. Forney, Merchantville, N. J. Officers elected were: Edwin H. Kroeker, '29, president; Janet (Samuel) Tyson, '37, vice-president; Milton F. Allison, '30, secretary; and Ernest F. Stalcup, '22, treasurer.

In the New York City area a picnic was held at the home of Mary (Brandly) Steiner, '28, and Leonard E. Steiner at 139 Euclid Avenue, Westfield, N. J., July 7 with Walter Deal, '16, Westfield, in charge of arrangements. Officers were elected as follows: Milton M. Kerr, '28, Editor of The Esso Refiner, Elizabeth, N. J., president; William A. Lathrop, '15, Chatham, N. J., vice-president; and Ruth E. Welton, '25, Riverhead, Long Island, N. Y., secretary-treasurer. (In September we received word from Mr. Kerr, that Miss Welton could not serve so Hattie (Carris) Lahr, '20, of Huntington, Long Island, N. Y., has taken her place.) Those in attendance at the picnic were: Dr. Fred R. Beaudette, '19, and Velma (Rader) Beaudette, '20, of New Brunswick, N. J.; Lillie P. Brandly, '27; Dwight Grant, '28, and Mrs. Grant and family; of Bloomfield, N. J.; Henry B. Brown, '15, and Mrs. Brown, Madison, N. J.; John W. and Mary Evelyn (Nelson) Prager, '42, Belleville, N. J.; Wilbert L. Loewen, '41, and Doris (Paustian) Loewen,

'42, East Orange, N. J. (now of Kansas City, Mo.); Ralph W. Sherman, '24, and Mrs. Sherman with family, Montclair, N. J.; Howard R. Stover, '39, and Mrs. Stover, Jersey City, N. J.; George E. Taylor, '23, Highland Park, N. J.; Milton M. Kerr, '28, and Nellie (Darragh) Kerr, '30, Union, N. J.; Orville K. Brubaker, '22, and Louise (Nelson) Brubaker, f. s., Plainfield, N. J.; Loyt L. Lathrop, '34, and Jennie (Steiner) Lathrop, f. s., '32, and son, Mountain View, N. J.; Walter Deal, '16, Mary (Nicolay) Deal, f. s., '17, and Dorothy Deal, '43; Shelby G. Fell, '15, Leonard E. Steiner, and Mary (Brandly) Steiner, '28, of Westfield, N. J.; Norman J. Sollenberger, '35, and Mrs. Sollenberger, Princeton, N. J.; John W. Burke, '32, and Dorothy (Crans) Burke, f. s., Garden City, N. Y.; Lyman H. Dixon, '88, Jackson Heights, N. Y.; Kay Emmert, '44, Bronx, N. Y.; Mrs. Ann M. Emmert, Manhattan; Eleanor J. Irwin, '34, Ellis Island, N. Y.; Robert Kerr, Jr., '18, and Vida (St. John) Kerr, f. s., Williston Park, N. Y.; E. L. Lahr, '21, and Hattie (Carris) Lahr, '20, Huntington, Long Island, N. Y.; Ruth E. Welton, '25, Riverhead, Long Island, N. Y. (now in Fairview, Kan.); Mabel (Russell) Bigelow, '34, and Nelson L. Bigelow, Jr., Hastings-on-Hudson, N. Y.

About 40 alumni attended the picnic at Schenectady, N. Y., July 15. The following officers were elected: president, Melvin A. Lindahl, '37, 916 McClellan Avenue; vice-president, Vorras Elliott, '35, 114 Linden Street; secretary-treasurer, K. K. Bowman, '26, 395 Saratoga Road, Schenectady, N. Y.

A picnic was held July 19 at the Rose Garden of Delaware Park, Buffalo, New York. Ursula S. Senn, '21, 140 Linwood Avenue, Buffalo, was in charge of arrangements. Those present were Cecil R. Ryan, '25, and Mrs. Ryan; Harold and Frances (Wagner)

Lindberg, '29, Snyder, N. Y.; Alvin D. and Bertha (Barre) Meyer, '32, Kenmore, N. Y.; Lola E. Brethour, '13, Ursula Senn, '21, and Lynne J. Sanborn, '10, Buffalo, N. Y.

A luncheon was held at the Mills Tavern in Springfield, Ill., on July 27. Carl D. Gross, '23, 1412 Fayette Avenue, Springfield, was in charge of the meeting. Those who attended were: Victor Beat, '40, and Mrs. Beat of New Berlin, Ill.; Nora E. Bare, '25, Taylorville, Ill.; Paul Condry, '30, and Beatrice (Vaught) Condry, '32; R. E. Dunnington, '28, and Mrs. Dunnington; R. J. Furbeck, '30, and Mrs. Furbeck; Frank Houska, '25, and Mrs. Houska; Jean (Surratt) Hinman, M. S. '42, and Mr. Hinman; Walter E. Myers, '24, and Mrs. Myers; Carl D. Gross, '23, Leo J. Garvert, '44, and Mary (Curry) Garvert, '43; J. P. Coble, f. s., and Mrs. Coble; and Mr. and Mrs. R. A. Schultz of Springfield.

AUKER MAKES FIRST CONTRIBUTION TO GEORGE WIGGINS MEMORIAL FUND

Elden Auker of Detroit, former Kansas State athlete, has made the first contribution to the George S. Wiggins Memorial, to be part of the World War II memorial chapel and chime tower at the College.

A one-time football and basketball teammate of Wiggins, Auker sent \$50 for the memorial fund. Wiggins, a former K-State football star, died in a Jap prison camp during the war. Ray McMillin of Junction City, another teammate, began the drive for a memorial to Wiggins. He has promised to contribute \$500 if other friends of Wiggins will raise \$1,000. McMillin is a nephew of A. N. "Bo" McMillin who was Wildcat coach when Wiggins was on the team.

After graduation, Auker was pitcher for the Detroit Tigers, St. Louis Browns and Boston Red Sox.

COMMISSARY OPENING NEARS AS GROCERY STOCKS ARRIVE

Final construction and installation is under way

With the arrival of refrigeration units and some stocks of groceries, another step was taken toward opening of the student Veterans' Commissary this week. Work on shelves and the parking lot adjacent to the commissary began this week.

Printed stock certificates will be distributed to stockholders at the opening of the commissary, according to Lloyd Nothern of Manhattan, chairman of the board of directors.

Ration cards will be issued to stockholders on the first day of sales for soap and shortening. The opening date of the commissary has not yet been set.

Radio Classes Increase

Enrollment in radio courses at Kansas State College is the greatest in the history of the speech department, according to Richard M. Mall, radio instructor in the department. Approximately 150 students are taking part in writing, directing and producing programs ranging from dramatics to sports casts. New equipment and a greater amount of air time than during the war years has contributed to the increase in enrollment, says Mr. Mall.

Professor Rice Will Edit Parchment

Miss Ada Rice, professor-emerita of English at Kansas State, and Irva Smith, arts and sciences junior, have returned from the national convocation of the American College Quill Club at Grinnell College, Grinnell, Iowa. Miss Rice, faculty adviser to the local chapter, was re-elected editor of the Parchment, national organ of the society. The convention was the first since 1941.

When to Pick a Wife

Best time to grab off a wife is when your prospective mate is a junior in college.

That's the advice of Dr. Maurice C. Moggie, professor of education and psychology at Kansas State College, Manhattan. During the junior year, the crop of women is choice as far as intelligence is concerned, he says. But by their senior year, they have been too well picked over.

We can do without any article of luxury we have never had; but when once obtained, it is not human nature to surrender it voluntarily.—Thomas Chandler Haliburton.

KANSAS POETRY

Robert Conover, Editor

In Time of Drouth

... And still the rains delayed, but gradually
A change came on, displacing stagnant air
With a strange freshness . . . On the desperate earth,
Dried grass and dying trees, a coolness fell;
A breath of moisture, message from far off
Where rains had fallen and green veins were full.

Now, too, my spirit, unfulfilled and parched,
Draws breath of peace. For rains have fallen elsewhere.

—Nora B. Cunningham
Chanute, Kansas

Sunflowers

By H. W. Davis

KNOWLEDGE FOUNDRIES

Schoolmarms of America, male and female, presidents of dear old Siwash here and there, little girl running the little old red school house at Swamp Center, you are on the spot.

The march is on. American youth is surging back to school everywhere, but especially back to colleges and universities. America has determined to give its foundries of higher learning a sort of super-try, whether they know it or not, and whether anybody knows it or not.

It isn't a joke. It isn't funny in any way. America is going to take a crack at running bachelors of science and bachelors of art off cap-and-gown assembly lines in numbers heretofore undreamed of.

Not even the plight of the poor professor is to be smiled about. Whether or not he gets trampled on and cut to pieces, he must stay at his post, even in pieces, adjusting adverbs and adjectives, filling the product-to-be with the know-how, spraying it with culture, injecting civic consciousness, and adorning it with a savoir faire that will brand it as college-manufactured. Verily the pressure is on the poor professor. He must do much more than blink his eyes at the thousands of very human machines rolling down the line in his direction. And there is nothing funny about that, either.

But that isn't all. It is only the beginning. In just a very few years America is going to start checking—and double-checking—on the mass production of bachelors of this and that. The human machines turned out by dear old Siwash must ultimately please the demanding American public, all of which is a consummation devoutly to be prayed for.

But even that is not the worst. The human machines, being human, are going to have to please themselves. Can-openers and automobiles do not have to please themselves.

Siwash and her assembly-line operators are truly on the rack. They must please both the public and their output, an output that immediately becomes a public loving nothing better than doing Siwash completely over in the event of a defeat or two.

It doesn't look too rosy for the laborers at the higher-knowledge plants—if you think in terms of decades, or half-decades—or even if you are entirely different and think in terms of laborers.

AAF Officers Plan to Fly

Former Air Force officers on the campus met this week to discuss plans for reserve flying. Case Bonebrake of Manhattan is temporary chairman of the K-State branch of the Air Reserve Association. The Army Air Forces will arrange transportation by Army plane to either Fort Leavenworth or the Topeka Army Air Field where members will participate in the reserve flying program.

Judging Team Places Third

The Kansas State livestock judging team won third prize in competition with other college teams at the American Royal Live Stock show in Kansas City last week. The judging team from Oklahoma A. and M. won first place and the University of Nebraska team was second. Student judges from the University of Missouri placed fourth.

AMONG THE ALUMNI

Almira (Krotzer) Hungerford, f. s. '87, writes from 598 Tenth Street, Idaho Falls, Idaho: "I want to thank you for remembering me with the KSC paper once in a while. I am always glad to get it as it has been many years since I attended college there."

Mary Williams Wells, Stockton, writes: "The issue of THE INDUSTRIALIST received today lists my brother, Robert E. Williams, Ag. '07, as living at Rocky Ford, Colo. Bob died unexpectedly of heart disease last June 25. He leaves, besides his wife, Kathleen Williams, D. S. '09, a daughter, Mrs. Roger Hanson of White Sulphur Springs, Mont., and a son, Theodore Thomas Williams, who was discharged from the Army last month and is now living at Rocky Ford."

Clyde Q. Ward, E. E. '10, is a mechanical engineer and superintendent of the steam heating department of the St. Joseph Light and Power company. He is chairman of the northwest division.

Otto C. Hagans, '11, lives on route one, Britton, Mich.

Rees William Hillis, '12, and Ina (Hall) Hillis, f. s. '12 live at 215 Wilson Ave., Hightstown, N. J. Mr. Hillis is an orchardist.

Ruth (McLean) Brown, H. E. '13, is county director of social welfare at Hill City. Her husband died July 29. Mrs. Brown has four children.

The address of C. A. Patterson, Ag. '14, and Maude (Marshall) Patterson, H. E. '14, is 1834 Walker, Kansas City, Kan. Mr. Patterson is president of the Pearson Ferguson Chemical company. They have two children, Charles Alfred Patterson, Ag. '38; and Duane M. Patterson, M. E. '42. Charles is secretary-treasurer of the Pearson Ferguson company and Duane is a mechanical engineer at Wright Field, Dayton, O.

Wilma Irene (Van Horn) Fink, H. E. '16, and her husband C. E. Fink, live on route three, Columbia, Mo.

The new address for Ellen (Nyström) Webb, H. E. '17, is 3818 E. Kellogg, Wichita.

John W. Blachly, '18, lives at 2752 N. W. 18th, Oklahoma City, Okla. He teaches in the high schools at Oklahoma City.

Charlotte Legerstrom, H. E. '19, is home demonstration agent with the county extension office at Bethany, Mo.

The address of G. A. Russell, C. E. '20, and Mrs. Russell is 1717 Harrison, Evanston, Ill. Mr. Russell is manager of the central division of the Dicalite company, Chicago. They have a daughter, Patricia, a sophomore in Northwestern University.

The address of Hazel Howe, H. E. '21, and M. S. '35, is Colegio Americano, Porto Alegre, Brazil.

A note from Vorin E. (Tony) Whan, G. S. '22: "This covers life membership in the Alumni Association for myself and Mrs. Whan (Dorothy Nelson, f. s. '25.) Yours for a bigger and better K. S. C." Mr. Whan is president of the Pacific Indoor Advertising company, 1771 North Eastern Ave., Los Angeles, (32) Calif., and vice-president of the Pacific Outdoor Advertising company, also in Los Angeles.

Ruth (Whearty) Maupin, H. E. '23, teaches home economics in the high school at Alhambra, Calif. Her address is 124 North Holliston, Pasadena, 4, Calif.

Herbert A. Rose, E. E. '24 and M. E. '25, and Frances (Converse) Rose, f. s., live at 3307 West 68th Street, Seattle, 7, Wash. Mr. Rose is district engineer in the Seattle office of Westinghouse Electric Corp.

Paul B. Sawin, M. S. '25, of the department of biology at Brown University, Providence, R. I., is an associate professor. He was an instructor at Grinnell College from 1925 to 1927, leaving to start work on a doctorate at Harvard. He received his Sc. D. in 1930, went to Brown in 1931 as an instructor. In 1936 he was promoted to assistant professor.

Paul A. Vohs, I. J. '26, and Mrs. Vohs live at 431 North Sixteenth, Kansas City, 2, Kan. Mr. and Mrs. Vohs have three children, Donald, 17, Paul, Jr., 15, and George, 13. Mr. Vohs is an assistant training officer

with the Veterans Administration, with offices in the municipal auditorium, Kansas City, Mo.

Elizabeth (Mills) Elliott, H. E. '27, and her husband, Wilfred Elliott, live at White City. The Elliotts have three children, Betty Ann, 14, Mary Louise, 13, and Barbara Frances, 10.

The address of William S. Reeder, C. E. '28 and Mrs. Reeder is 2430 Evergreen Dr., Port Arthur, Texas. Mr. Reeder is a construction engineer for the Gulf Oil Corporation at Port Arthur. He was separated from the Army February 14, as a lieutenant colonel of engineers. He was overseas 17 months, and served on the Hawaiian Islands, Saipan and the Marianas Islands.

Cecil E. Hammett, E. E. '29, and Ruth (Avery) Hammett, f. s., '29, live at 2107 Biddle Street, Wilmington, Del. Mr. Hammett was a captain in Army ordnance during the war and is a research engineer with the machine development division, E. I. duPont de Nemours & Co., Wilmington, Del.

M. Edgar Miller, C. E. '30, and Frances (Wentz) Miller, H. E. '30, live at North 36th Street, route 3, Boise, Ida. They have a daughter, Barbara Lee, 9, Mr. Miller is a surveyor for the Idaho Surveying and Rating Bureau.

Carl W. Clair, Ag. '31, is vocational agriculture teacher at Alma.

The address of Frank B. Prentup, P. E. '32, and Doris (Dalton) Prentup, Music Ed. '36, is 955 Regent, Boulder, Colo. Mr. Prentup is assistant football coach and head baseball coach at the University of Colorado, Boulder. The Prentups have two children, Patricia, 6½, and Frank, Jr., known as "Duke", 2. During the war Mr. Prentup was a lieutenant in the Navy.

Homer Stockwell, Ag. E., '33, writes: "Enclosed is a check for \$3 as annual dues to the Alumni Association. I am at Colorado A. and M. College with the irrigation division of the soil conservation service. My home address is 638 South Grant, Fort Collins."

Donald H. Bowman, Ag. '33 and M. S. '35, and Kathryn (Pelton) Bowman, G. S. '34, live at Garden Acres Add., Bryan, Texas. Mr. Bowman is a plant pathologist with the Texas agricultural experiment station of Texas A. and M. College, College Station. He is in charge of corn disease investigations in Texas. He received his Ph. D. at the University of Wisconsin in 1939. The Bowmans have a son, Robert P., 4.

Clayton O. Obenland, I. Chem. '35, and Anita Mae (Kensler) Obenland, H. E. '39, are living at 7519 Delmar Blvd., University City, 5, Mo. Mr. Obenland is an industrial chemist with the Monsanto Chemical company, and Mrs. Obenland is a staff dietitian with Barnes hospital, St. Louis, Mo.

Gerald A. Simpson, Ag. '35, and Mrs. Simpson live at 114 E. Barck, Luverne, Minn. Mr. Simpson is a soil conservationist.

Marvin J. Twiehaus, D. V. M. '36, and Dorothy (Washington) Twiehaus, H. E. '36, live in St. Charles, Mo., where he has a private practice. Dr. Twiehaus was a lieutenant colonel during the war and served 26 months in the South Pacific.

The address of Richard F. Marin, E. E. '36, and Mrs. Marin is 4426 NE Broadway, Portland, 13, Ore. He is an electrical engineer with the Bonneville Power Administration.

Lt. Harley A. Witt, I. J. '37, visited the campus recently. He is still in the Army. He will return to Letterman General Hospital, San Francisco, Calif., October 31 for further treatment. He expects to be separated from the Army about January 1.

Clyde Reed, Ag. '38, is with the soil conservation service at Mankato, Minn. Mr. and Mrs. Reed have two children, Dick, 6, and Linda, 4.

Lorin E. Oberhelman, E. E. '38 and Ruth (Zirkle) Oberhelman, H. E. '39, live at 1230 Cunningham, Independence, Mo. Mr. Oberhelman writes: "Enclosed is our check for \$3 for another year's membership in the alumni association. We are now at Independence where I am with Standard Oil company as electrical engineer at the Sugar Creek refinery."

I also will do considerable instrument engineering work."

Dr. Maurice A. Schooley, D. V. M. '38 and Frances (Berggren) Schooley, H. E. '39, are residents of Goldsboro, N. C. His business address is 621 North John Street, Goldsboro. A major during the war, Dr. Schooley was overseas 30 months.

Frederick D. Kath, Com. '39, is a salesman for Procter and Gamble. He and Mrs. Kath live at 113 East Poplar, Independence.

Gordon G. Lill, G. S. '40, and M. S. '46, has a teaching assistantship in the geology department at the University of California, Berkeley, Calif. He was a Navy lieutenant during the war and spent six months in Panama.

Raymond Stewart, Ag. '41, teaches vocational agriculture at Atwood high school.

Walter H. Porter, Ag. '42, is a farmer at Council Grove.

Bernice (Bale) Gibson, P. E. '42, and Mr. Gibson live at 1815 Fifth street, Clay Center.

Roy Koons, f. s. '42, is an undertaker and hardware dealer at Sharon Springs.

Dr. Herbert L. Bunker, Jr., G. S. '43, received his M. D. from Northwestern University in 1944, and is surgical resident at Lincoln hospital, Detroit, Mich. He married Eudora Jayne Shaw, a graduate nurse in July. Their address is 1053 25th Street, Detroit, Mich.

Dale Eugene Anstine, Ch. E. '44, lives at 2508 Minnesota, Kansas City, Kan. He is a chemical engineer for Phillips Petroleum company.

Maxine Clark, H. E. '44, 690 W. Philadelphia, Detroit, 2, Mich., writes: "I have a job at Bowling Green State University, Bowling Green, O., and would like THE INDUSTRIALIST sent to me at that address. I start my new job September 1 and will be dietitian and instructor at the college. Seems great to be going back to campus life again."

The address of Warren L. Vance, M. E. '44, is Box 85, Centralia, Mo. He was recently discharged from the Navy. He is working in the engineering division of the A. B. Chance Manufacturing Company in Centralia.

Miriam M. Grizzell, H. E. '45, is living at 219 Aspinwall, Brookline 46, Mass. She is staff administrative dietitian at the children's hospital at Brookline.

A letter from Theodora Ellison, H. E. '45: "Would appreciate having my INDUSTRIALIST sent to me at 508 B St. NE, Washington, 2, D. C. I am working for the department of agriculture here in Washington and enjoying it very much."

Arlene Shields, H. E. '45, is adviser and lecturer for the home service department of Michigan Consolidated Gas Company, 415 Clifford, Detroit, Mich. Her home address is 124 Tyler, Highland Park, Mich.

The address of Theodore H. Reed, D. V. M. '45, and Elizabeth (Crandall) Reed, I. J. '45, is Box 517, LaGrande, Ore. Dr. Reed is a state veterinarian in northeastern Oregon, doing cattle and sheep inspection and testing work.

Margaret L. Bayer, H. E. '46, teaches vocational home economics in the Onaga high school.

Floyd R. Blaser, Ag. '46, is working on his M. S. degree in agriculture at New York State College of Agriculture at Cornell University. Dr. J. I. Miller, Ag. '33, is supervisor for Mr. Blaser in his work. "I have received my class ring and it is really something I'm proud to possess," Mr. Blaser writes. "I have compared it with other class rings and none of them comes up to the merits of this ring."

MARRIAGES

MORRIS—BURKHOLDER

Irene Morris, H. E. '34, and George William Burkholder, were married June 1. They live on a farm five miles northeast of Abilene on route one.

DAVIS—SIMS

Marguerite Rose Davis, M. S. '42, and Calvin Sims were married in Olathe June 22. Their home is in Kansas City, Mo., where Mr. Sims is a linotype operator for the Kansas City Call.

DRYDEN—MAXWELL

Joyce Leonore Dryden, H. E. '42, was married to Glenn Maxwell on

June 2. Mr. Maxwell is a former student at Kansas City Business College. Their address is 317 N. Bell, Beloit.

STEWART—ROGERS

Beth Stewart, f. s., and Richard D. Rogers, B. A. '43, were married June 2 at the bride's home in Wamego. Mrs. Rogers has been teaching music in the Wamego schools. She is a member of Kappa Kappa Gamma sorority. Mr. Rogers is a member of Beta Theta Pi.

CONRAD—RANKIN

Mary Martha Conrad, H. E. '44, was married to Maj. John Allen Rankin June 26 at Atlanta, Ga. Major Rankin left July 5 for Brazil where he will be a military attache in Rio de Janeiro. Mrs. Rankin expects to join him. She has been stationed at Tilton General Hospital, Fort Dix, N. J. as a lieutenant in the medical department of the Army medical corps.

PEABODY—HARGIS

Wilma Jeanne Peabody, H. E. '46, and Sid Hargis were married in Highland June 23. The bride is a member of Pi Beta Phi and Mr. Hargis is a member of Phi Delta Theta.

SCHIMMELS—VANCE

Ruth Schimmels and Warren Vance, M. E. '44, were married June 2 in the First Lutheran church in Manhattan.

SHUSS—BEASLEY

Mary Camilla Shuss, '46, and Walter George Beasley were married June 2 at St. Paul's Episcopal church in Manhattan. Mr. and Mrs. Beasley are living at Lavonia, Ga., where Mr. Beasley is managing his father's farm.

MILLER—KAUFMAN

Roland Harry Kaufman, I. A. '40, and Ruby Miller were married June 11. Their address is Galva.

EHRMAM—BAUGH

Erma LaVerne Ehrsam, H. E. '44, and Robert C. Baugh were married in Bern June 1. Baugh is a chief torpedoman in the U. S. Navy.

BURGWIN—HOWENSTINE

RoJean Burgwin, f. s., and Robert Jack Howenstine were married June 2 at the First Methodist church in Manhattan. They live in San Diego. Howenstine is a yeoman, first class, in the Navy.

GLEASON—DEAN

Faye Jean Gleason, H. E. '45, was married to George Allen Dean, f. s., '35, June 2 at the Methodist church in Goff. They are living in Barnes where Mrs. Dean is a teacher in the public schools.

Fraternity Initiates '23 Graduate

More than 20 years after his graduation from Kansas State, H. Otis Garth of Wichita has been initiated into a fraternity at his alma mater.

A member of the class of 1923, Garth was recently initiated into Tau Kappa Epsilon, social fraternity. As an undergraduate, Garth was a member of Kappa Phi Alpha, local fraternity, which later helped form T. K. E. on the campus. Garth is president of the Kansas State College Alumni Association.

BIRTHS

A son, Gary Joe was born August 13 to Olive (Webster) Hineman, f. s. '43, and Capt. Richard E. Hineman, D. V. M. '43. They live at 1346 North Elm, Ottumwa, Ia. Another son, Richard Alan, is two years old.

Willard Sainer, Ag. '37, and Beatrice (Burton) Sainer, H. E. '38, of Neodesha have a son, James Allen Sainer, born September 15. Mr. Sainer works with the department of agriculture as a soil conservationist in Wilson county.

Jack Lewis Horacek, B. A. '42, and Mrs. Horacek are parents of a son, Jack William, born September 11. Their address is 119 South Main, Dawson, Okla. Mr. Horacek is a junior accountant with Stanolind Oil and Gas Co., Tulsa.

Pauline Bernice (Curtis) Neel, H. E. '38, and C. H. Neel, f. s., 317 Moro, Manhattan, are parents of a son, born September 10.

C. Eugene Cleland, Ag. '40, and Mrs. Cleland have a daughter, Mona Elizabeth, born September 5. Their address is Panora, Ia., where Mr. Cleland is a vocational agriculture instructor.

A daughter, Kathleen was born September 11 to Julia (Alderman) Hess, H. E. '41, and Vann Hess, f. s. Their address is 1630 Humboldt, Manhattan.

Max McCord, C. E. '39, and Anna Marie (Owensby) McCord, f. s., are parents of a daughter, Malissa Jane, born September 8. The McCords live at 811 Fremont, Manhattan.

Harold J. Scott, Com. '34, and Mrs. Scott have a daughter, Mary Ann, born September 24. They live at 1708 North Volusia, Wichita.

Lt. Col. Joe K. McNay, P. E. '35, and Mrs. McNay, 54 Loomis, Westfield, Mass., announce the arrival of a son, Richard John September 3.

DEATHS

GRUBB

Dr. Elbridge Lee Grubb, D. V. M. '18, died July 19. He leaves his wife, Mabel Grubb, who lives at route one, Boise, Ida.

HOLSINGER

Joseph F. Holsinger, C. E. '30, died August 16. He had been a backfield coach at Michigan State College, East Lansing, Mich. and had also coached basketball and golf. He is survived by his widow, Dorothy (Sappington) Holsinger, two daughters and three sons. Mrs. Holsinger's address is 1315 W. High, Jefferson City, Mo. Holsinger was a star back on Charley Bachman's Kansas State teams of 20 years ago.

Organize Spanish Unit

Organization of a Spanish Club, composed of Latin American students and advanced Spanish students, is in progress at Kansas State. Under the sponsorship of Manuel D. Ramirez, assistant professor of modern languages, the club proposes to develop a better understanding between people of this country and their Latin American neighbors.

NO GIFT TOO LARGE---NONE TOO SMALL

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

CHAPEL FUND PASSES \$16,500 AS NEW DONORS ARE ANNOUNCED

Many alumni send gifts for World War II Memorial

About 75 new contributors to the World War II Memorial Chapel fund have been announced by Dr. W. E. Grimes, secretary-treasurer of the Kansas State College Endowment Association.

The drive for funds for the College's \$275,000 all-faith chapel started this fall. Dr. Grimes said \$16,524 already had been given by alumni, former students and friends of the College.

Nearly 175 persons had contributed to the fund by last week, according to the alumni office.

The latest contributors included Mrs. Katherine M. Hicks, Route 9, Box 539, Lemay, 23, Mo.; Prof. Burr Smith, University of Nebraska; Emmett K. Emslie, 1113 W. Rankin Street, Flint, 4, Mich.; Carolyn O. Nelson, 224 Hyland, Ames, Ia.; W. J. Blanchard, 1920 Adirondack Trail, Dayton, O.; Elden L. Aufer, 315 Glenhurst, Birmingham, Mich.

Chester A. Herrick, 314 Virginia Terrace, Madison, 5, Wis.; F. C. Ellis, 38 Logan Terrace, Golf, Ill.; Emma T. Galbraith, Home Economics Department, Central Missouri State Teachers College, Warrensburg, Mo.; William Nikl, Colby, Kan.; G. R. Killian, 768 East Big Bend Road, Webster Grove, 19, Mo.

Mr. and Mrs. C. W. Blackburn, 115 1/2 South Chickasaw, Bartlesville, Okla.; J. Robert Hamm, 23 Princeton Ave., Swarthmore, Pa.; Edith T. Hall, Research Hospital, Kansas City, 8, Mo.; Mr. and Mrs. W. B. Banning, Lyndon, Kan.; Milton L. Manuel, 626 Kearney, Manhattan; Mrs. Emily W. Joss, 2426 East 67th Terrace, Kansas City, 5, Mo.; Mrs. A. E. Kramer, Hugoton.

Fanny G. Noyes, 321 1/2 W. Lorain, Oberlin, O.; William P. Johnson, 124 E. Maple, Slater, Mo.; Mr. and Mrs. William F. Irwin, City Veterinary Hospital, 3550 S. Peori, Tulsa, Okla.; Mrs. H. W. Hungerford, 598 Tenth Street, Idaho Falls, Ida.; Mrs. C. W. Samuel, 1731 Fairview, Manhattan; C. N. Palmer, 529 Cleveland, Schenectady, 6, N. Y.

Mrs. Jessie N. Bishop, Whitewater; B. H. Pubols, 5249 North Twenty-Sixth, Arlington, Va.; G. Ralph Brindle, 1549 Marquette Rd., Joliet, Ill.; Mrs. Mary E. Enrick, 1205 Heyburn Avenue East, Twin Falls, Ida.; Mr. and Mrs. Raymond Stewart, Atwood; N. V. Platner, 4837 Oakwood Avenue, Downers Grove, Ill.

Nancy Grandfield, 3721 1/2 N. LaSalle, Indianapolis, Ind.; Edith M. Burt, Morris Memorial Hospital, Milton, West Va.; Mrs. Bertha S. Woolington, 4430 Myrtle Avenue, Long Beach, Calif.; Mr. and Mrs. F. R. Rawson, 85 Cummings Avenue, Wollaston, 70, Mass.; Mr. and Mrs. Richard Cross, Wilson.

Nora May Dappen, U. S. Marine Hospital, Baltimore, 11, Md.; J. P. Van Vliet, 1124 Sharp Building, Lincoln, 8, Nebr.; C. H. Wiedeman, Service Engineer, General Electric Company, Schenectady, N. Y.; Bessie L. Sheaff, 1215 North Eighteenth Street, Kansas City, 2, Kan.; D. M. Greene, 2-1 Plum Street, Peabody; Joan Jones, route one, Box 84, Quail, Texas.

Lois A. Burton, 1108 East Genesee Street, Syracuse, 10, N. Y.; Lt. Doris C. Klaumann, Station Hospital, Camp Carson, Colo.; Mary E. Stryker, Blue Rapids; Ivan C. Townsden, 5024 Pratt Street, Omaha, Nebr.; Mrs. Georgia L. Gosney, 654 Lovett Ave., S. E., Grand Rapids, Mich.

Dan Walters, 1917 Humboldt, Manhattan; Walter R. Wichser, Quaker Oats Company, Cedar Rapids, Ia.; Major Paul R. King, 1750 Harvard Street, N. W., Washington, D. C.; Timothy J. Foley, 242 Bryant Street, Buffalo, 9, N. Y.; Thomas Rothrock, route four, Springdale, Ark.; Irma R. Fulhage, Smith Center.

Lulu S. Tillman, 2040 East Twenty-Fourth Street, Kansas City, 1, Mo.; R. R. Baird, Riley; Melvin W. Crawford, 2535 Dunstan Road, Houston, 5, Texas; Mrs. J. M. Price, Albany, Mo.; William H. Prentice, 142 Middlesex Road, Chestnut Hill, 67, Mass.; Mrs. E. C. Magill, Faculty Apartments, Blackburg, Va.; Libbie Smerchek, 2233 North Lake Drive, Milwaukee, Wis.

Lillian C. Jeter, 814 Fourth Street, Menomonee, Wis.; Blanche L. Hamilton, Star Pine Road, Carpinteria, Calif.; Mrs. Julie Challenger, 321

South Sixth Avenue, Bozeman, Mont.; Glyde A. Stair, 510 Waldron, W. Lafayette, Ind.; Mr. and Mrs. Marion A. Miller, 521-A Forrer Boulevard, Dayton, 9, O.;

George J. Fiedler, 4389 Harvard Avenue, La Mesa, Calif.; Jaunita Sutcliffe, 229 Seventh Avenue East, Twin Falls, Idaho; Gladys Draper, 633 Ann Avenue, Kansas City, Kan.; Mr. and Mrs. Paul C. Harris, 2025 Emerson, Apartment 1, Dayton, O.; Mary L. Gabrielson, route three, Hutchinson.

R. A. Baldwin, 722 W. Commonwealth Avenue, Fullerton, Calif.; Marjorie R. Kimball, Waterville, Mich.; J. B. Merryfield, Abilene; Mr. and Mrs. V. C. Hurtig, Courtland; Helen (Greene) Miller, 115 West Ocean Avenue, Lompoc, Calif.

ANNUAL PRAIRIE PAINTERS SHOW WILL BE UNVEILED NOVEMBER 2

The thirteenth annual exhibit of the Prairie Watercolor Painters will be unveiled in the Department of Architecture Saturday, November 2.

John F. Helm, Jr., professor of freehand drawing and painting at the College and contributor to the exhibit, says an unusually excellent collection of flower studies, landscapes and figures will be shown. Professor Helm, as director of the Kansas State Federation of Art which sponsors the showing, has spent the last few weeks receiving and preparing the exhibits.

Twenty-five of the 41 members of the Prairie Watercolor Painters are residents of Kansas. Manhattan will be represented by 10 paintings by five local artists, all but one being College faculty members.

Among the seven prizes being given this year is one offered by the Friends of Art at the College. A \$50 purchase prize, it buys one of the best paintings of the exhibit as permanent property of the College.

COLLEGE WILL ENTERTAIN EDITORS ON HOMECOMING DAY

Three hundred seats provided for visiting newspapermen

Kansas editors will be guests of Kansas State College at the Kansas State-Kansas University Homecoming football game here November 16, Ralph Lashbrook, head of the department of journalism, has announced. Seats for 300 editors will be provided in front of the west stadium. Each newspaper is limited to two tickets.

For several years the visiting editors have been guests of the Kansas State Collegian and the journalism department at a luncheon in Kedzie hall at noon preceding the Editors' Day football game. This year, because of overcrowded dining facilities, it is impossible to arrange for the complimentary luncheon and this feature has been eliminated, Lashbrook said.

Editors are requested to send federal tax of 90 cents with each request for a pair of tickets.

To Air Yearbook Problems

High school yearbook problems will be discussed in five weekly broadcasts over radio station KSAC beginning Nov. 1 by C. J. Medlin, graduate manager of student publications at the College. The broadcasts, sponsored by the Department of Journalism, will be heard each Friday at 5 p. m.

WILDCATS LOSE THIRD BIG SIX CONTEST TO OKLAHOMA, 28-7

Hold favored Sooners to 7-7 tie until late in game

For 41 minutes of their game at Norman, Okla., Saturday, Coach Hobbs Adams' Wildcats threatened a major football upset by holding a favored Oklahoma squad to a 7-7 tie.

Then, late in the third quarter, O. U.'s Jack Mitchell broke loose from his own 20-yard line and scampered to the K-State 20 to set up a touchdown which gave the Sooners encouragement to win a 28-7 Big Six victory.

The Kansas State team which faced a physically-perfect Sooner squad was badly crippled but turned in one of the most determined and well-played contests of any Wildcat grid squad in recent years.

Before the game, the football-wise had granted Oklahoma a 40-point margin on the basis of the Sooners' 21-7 loss to Army, 10-7 win over Texas A and M, and 20-13 loss to Texas. Injuries had forced K-State to leave four regulars at home, including the first three fullbacks, Norman Rothrock, Karl Kramer and Vic Jones.

The Sooners scored first in the initial period when their nationally-chosen "Player of the Month," Halfback Junior Golding, sprinted 41 yards to score. But, a fighting Wildcat crew came back when Left Halfback Bill Edwards intercepted an O. U. pass on the Sooner 35 to set up a K-State score. Little 138-pound Harry Merriman was rushed into the game by Coach Adams and immediately the squirming scat runner from Marysville flipped a pass to Harold Bryan, right halfback from Neodesha, who fought his way to the six-yard line. Oklahoma was penalized on the next play for unnecessary roughness and the K-Staters were given ball on three-yard line from where Grover Nutt, Waverly, plunged over for the score. Harmon (Red) Lescro of Neodesha kicked the extra point.

The deciding touchdowns came in the third and fourth quarters. Mitchell's 60-yard carry was followed by eight and 12-yard runs by Golding for the second Sooner score. The third O. U. touchdown came on an 81-yard gallop by Golding and the fourth on a one-yard plunge by Fullback Eddy Davis after Darrell Royal, Sooner right half, had skirted the Wildcat end for 16 yards.

Play of the Kansas State line against the Oklahomans was superb. Badly outmanned, the Wildcats played on par—at times outplayed—the two Sooner forward walls which had held Army and Texas, nation's number one and two teams. Quarterbacking was smart and the supposedly weak pass defense of the Wildcats stiffened to intercept three Oklahoma aerials. The Wildcats completed six throws in 18 attempts. Four of the Sooner fumbles were recovered by alert Wildcat linemen.

Sell Surplus Equipment

Surplus equipment is being sold to the highest bidders by the shop practice department at the College, according to G. A. Sellers, department head. Notices of the sale were sent out early this month. The equipment is in the College shops.

K-Men Must Reserve Seats

Frank Myers, Athletics Business Manager, asks K-men to write in for reservations for football games during the remainder of the season. This has been necessary because a number of seats in the section reserved for K-men have been unoccupied in the past. Each K-man is allowed only a ticket for himself and his wife, Myers said.

DIVINITY PROFESSOR WILL MEET WITH CAMPUS RELIGIOUS LEADERS

Dr. Clarence P. Shedd, professor in the divinity school at Yale University, will be on the campus Friday through Sunday to conduct a series of meetings and forums.

While on the campus, he will study plans for the proposed World War II memorial chapel, visit the tentative chapel site and confer with members of the chapel committee.

He will be guest at a luncheon Friday at the Wareham Hotel. After the luncheon he will conduct conferences with students in Anderson hall.

President Milton S. Eisenhower will preside at a faculty forum in the afternoon in Recreation Center at which Dr. Shedd will discuss "Religion and the Land Grant College." Members of student and faculty religious organizations will confer with Dr. Shedd in Calvin lounge Friday evening.

Students may talk over personal matters with Dr. Shedd from 9 to 11:30 a. m. Saturday morning. Members of the World War II Memorial Chapel committee will meet with him at 1 p. m.

Dr. Shedd will speak at the First Congregational church Sunday morning. In the afternoon he will confer with the YMCA and the YWCA cabinets at Westminster Foundation.

CHOOSE SIX CHAIRMEN FOR CHAPEL FUND DRIVE

Appointments in three counties go to alumni

Six more chairmen in the drive for funds for the proposed World War II Memorial chapel have been named.

Gaylord Munson, a farmer living near Junction City was chosen at a meeting of 35 Geary Country alumni October 8. Ray McMillin will direct the campaign in Junction City.

M. C. Oberhelman, cashier of the Citizens State Bank, Randolph, will conduct the campaign in Randolph. Directing the drive in Clay county will be A. Wallace Benson, a dairy farmer living near Clay Center.

Emmet Graham, of Abilene, was named general chairman for the Dickinson County campaign at a meeting in Abilene October 9. The campaign in the city of Abilene will be under the direction of Leonard E. Garrison.

All of the chairmen are graduates or former students of Kansas State.

Potash Institute Grants \$300

The American Potash Institute of Lafayette, Ind., has granted \$300 to the College for a study of the potash needs of the soils and crops of Kansas, Dean R. I. Throckmorton, director of the agricultural experiment station, said today.

HOUSING TROUBLES CAUSE SHIFT IN FARM-HOME WEEK SCHEDULE

Regional meetings will replace annual on-campus program

Six regional Farm and Home Week programs will replace in part the annual Farm and Home Week on the College campus. Lack of housing facilities in Manhattan have made it impossible to have the full-scale Farm and Home Week program is: To-year.

Each of the district meetings has been planned through the cooperation of local chamber of commerce groups and farm and home leaders, according to the announcement made by the College Extension Service.

The schedule for the district Farm and Home Week programs is: Topeka, December 5-6; Coffeyville, January 21-22; Hutchinson, February 11-12; Dodge City, February 13-14; Colby, February 24-25; and Beloit, February 27-28.

BRINGS PROGRAM NEAR FARM

"By bringing the Farm and Home Week program closer to the farm family," Milton S. Eisenhower, president of Kansas State College said, "we believe that its splendid educational benefits will be shared by a large number of Kansas people. We, at the college, want to express our appreciation to the towns and citizens over the state that have provided accommodations and made arrangements for these district meetings."

"I feel certain that thousands of men and women over the state will want to have a part in the discussion of problems common to all. The program has been carefully planned to meet the needs of our times."

In discussing the plans for the two-day meetings, L. C. Williams, assistant director of the Kansas State College Extension Service and chairman of Kansas Farm and Home Week, says the first morning will be given over to the agricultural and home living outlook. Members of the college economics and sociology department and representatives of the home economics faculty will attend this general session.

STRESS BALANCED FARMING

The afternoon program for both days will stress the importance of balanced farming and home living as integrated into practical farm planning. Those attending may choose any of the three sections, agriculture, home economics, or rural youth. Agricultural topics for the first afternoon session include soils, crops, horticulture and poultry. On the second afternoon dairy and livestock problems will be discussed.

Names of prominent speakers who will be on the program will be announced later. A panel discussion, led by staff members of the Institute of Citizenship, Kansas State College, will be the feature of the morning session on the second day. Plans have been made to conclude the two-day meetings with banquets or entertainment.

OLD ARMY PLANES TO SERVE AS CLASSROOM EQUIPMENT

Surplus ships will give students realistic experience

Aeronautical engineering students at Kansas State this fall will get first-hand training on two planes acquired from surplus Army Air Force equipment, according to Prof. C. E. Pearce, head of the machine design department.

The planes at the municipal airport are a P51 equipped for photo reconnaissance and a P59. Students will study construction, power plants and other features of the planes. The planes will not be flown.

KSC 1946 Football Schedule

Hardin Simmons U. 21; KSC 7. Nebraska 31; KSC 0. Missouri 26; KSC 0. Oklahoma 28; KSC 7.

Nov. 2—Iowa State at Manhattan. (Band Day)

Nov. 9—San Francisco U. at San Francisco.

Nov. 16—Kansas U. at Manhattan. (Homecoming)

Nov. 23—New Mexico at Albuquerque.

Nov. 30—Arizona at Tucson.

Class Elections Nov. 12

Kansas State students will elect class officers Nov. 12, according to Don Cartar of Winfield, president of the student council.

An indication of the eating difficulties encountered by students and faculty members at Kansas State College is this line which forms twice a day at the west door of the College Cafeteria. Happily, the line does not last long due to the efficient serving methods of the Cafeteria staff.

THE KANSAS INDUSTRIALIST

Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, October 31, 1946

Number 5

REGENTS ANNOUNCE INCREASED BUDGET FOR '48-'49 BIENNIUM

Recommend \$4,377,000 for K. S. C. in new bill

A budget of \$15,402,014 for state educational institutions during the 1948-49 biennium has been approved by the Board of Regents and will be presented to the 1947 legislature in the form of an appropriation bill, it has been announced by Hubert Brighton, secretary of the board.

The amount represents an increase of \$5,683,771 over the appropriation for the current period. Kansas State's share of the budget is \$4,377,000.

Wages and salaries accounted for most of the increases, Brighton said. Increased enrollments have created the necessity for additional faculty members and employees, he said, and in addition, substantial salary increases are planned.

Requests approved by the regents for Kansas State College included an item of \$281,805 for salary increases which, if spread uniformly on a percentage basis over all positions involved, would amount to slightly less than 17 percent.

However, explanatory material accompanying the budget request indicated that a sliding scale of salary adjustments is planned.

Provision is included in the budget for the construction of new buildings. The regents, however, plan to present a bill seeking supplemental appropriations to add to the \$2,675,000 appropriated by the 1945 legislature for buildings. The increase will be sought to cover higher costs of materials and labor.

The amounts approved by the board were the following, listed by institution and recommended appropriations for 1948 and 1949:

University of Kansas, \$2,626,700, \$2,691,700; University of Kansas Hospital, \$746,000, \$691,700; Kansas State College, \$2,176,500, \$2,200,500; Colby experiment station, \$12,000, \$12,500; Fort Hays experiment station, \$8,000, \$30,500; Garden City experiment station, \$26,500, \$23,000; Tribune experiment station, \$5,500, \$5,500; Emporia Teachers College, \$620,750, \$505,750; Pittsburg Teachers College, \$786,225, \$529,225; Fort Hays Kansas State College, \$413,750, \$413,750; Schools for the Blind, \$167,358, \$152,888; School for the Deaf, \$187,175, \$171,175; Kansas Vocational School, \$102,584, \$71,084; Board of Regents, \$11,950, \$11,950.

PRESIDENT WRITES ARTICLE FOR NATIONAL MAGAZINE

K-State activities are subjects of other articles

President Milton S. Eisenhower is author of the lead article, "Wanted: A Program for Freedom" in the November issue of Country Gentleman magazine. The magazine has published two pictures of President Eisenhower in connection with the article.

Kansas State activities are the subjects of three other articles to appear currently in national magazines. Experiments by A. M. Guhl and D. C. Warren of the faculty on the peck order of chickens are described in articles in last week's Time magazine and the September issue of Farm Journal.

The 1946 Royal Purple, student yearbook, is featured in the lead article of Scholastic Editor, official publication of the National Scholastic Press association. Illustrations from the annual are included.

Cardwell Heads Sigma Xi

A. B. Cardwell, head of the physics department and atomic bomb scientist, has been elected president of the local chapter of Sigma Xi, science research society. Other new officers include J. A. Shellenberger, vice president; H. C. Fryer, secretary; F. C. Gates, treasurer; A. D. Weber and R. C. Smith, executive committee; and G. A. Filinger and W. M. McLeod, membership committee.

Reach Community Chest Goals

Students topped their Community Chest-USO goal of \$1,000 by \$146, Merton Otto, chairman of the Manhattan drive, said this week. Faculty members and employees of the College gave \$600 more than their goal of \$2,000. The campus group of the YMCA will receive \$1,500 and the YWCA \$1,300 of the total, Mr. Otto said. The campaign closed Saturday.

RUSSIAN GENERAL WILL DISCUSS SOVIET INTERNATIONAL POLICIES

Kansas State students, whose political interest reached an all-time high last week at the Woodring-Carlson debate, will have a chance to view the international political scene tonight when General Victor A. Yakhontoff discusses Russia's foreign policy at an evening assembly.

Yakhontoff, a retired Russian general, will speak at College Auditorium 8 p. m. He is being brought to Manhattan by the Rotary Club, the YWCA-YMCA and the Institute of Citizenship.

Russia's position, which has dominated the peace scene for the past year, will be clarified by General Yakhontoff who combines the viewpoints of a soldier and a scholar in discussing the war and its aftermath. General Yakhontoff has just returned from a tour of the Soviet Union, visiting Leningrad, Moscow, Kiev, Kharkov, Rostov on Don, the Caucasus, Crimea and Stalingrad.

A general at 35, General Yakhontoff served more than two years with the Russian Armies in World War I. As a member of the General Staff he was sent by the Czar to England and France where he made reports to Lord Kitchener and Marshall Joffre on coordination of the spring offensive of 1916.

He was later stationed in Tokyo as military attaché of the Imperial Russian Embassy. Following the overthrow of the Czar he was recalled to Russia to serve as Assistant Secretary of War, and for a time as Acting Secretary, in the Kerensky cabinet. He came to the United States in 1918 and since 1926 has been on the American lecture platform.

DR. W. V. LAMBERT APPOINTED AG-RESEARCH ADMINISTRATOR

New appointee received M. S. degree at K-State

Dr. W. V. Lambert, who received his master of science degree at Kansas State, has been appointed administrator of the Agricultural Research Administration, it has been announced by Clinton P. Anderson, secretary of agriculture. The appointment is effective November 1.

Dr. Lambert has served as assistant research administrator since April, 1945, and recently as acting administrator. From 1940 until he went to the Department of Agriculture in 1945 he was associate director of the Purdue University (Indiana) Agricultural Experiment Station. Before going to Purdue he was in charge of the livestock breeding program of the Bureau of Animal Industry for four years. During this time he helped to establish the Bankhead-Jones Regional Laboratories for sheep, swine, and poultry, located at Dubois, Idaho; Ames, Iowa; and East Lansing, Mich.

Six Journalists Cited

Six journalism students will receive K-key awards for their work on the summer school Collegian, student newspaper, according to R. R. Lashbrook, head of the Department of Journalism and president of Student Publications, Inc. The students who have been cited are Mrs. Marie Webb, Leslie Black and LeRoy Allman, Manhattan; Jerry Collins, Dwight; Nancy Diggle, Mission; and Yvonne Sturgeon, Princeton.

Miss Agan to New York Meeting

Miss Tessie Agan of the Department of Household Economics will leave Sunday for Rye, New York, to attend a two-day conference of the Woman's Foundation.

FIVE-DAY PROGRAM IS PLANNED FOR 1946 HOMECOMING AT K. S. C.

Victory celebration is first full-scale event since war

Kansas State will stage its first full-dress Homecoming since pre-war days this fall with a five-day program of meetings, rallies and parades. The traditional Homecoming football game with the University of Kansas will be November 16 with Homecoming Ball that evening.

College officials have called this year's ceremonies which begin November 12 a "Victory Homecoming." The general theme of the activities will be a tribute to Kansas State men and women who served in World War II.

Frank Myers, assistant to the director of athletics, announced this week that tickets for the Homecoming football game are still available. Alumni who have not made reservations may get them by writing to Myers.

Men's and women's organized houses will compete with each other for the decorations prizes for the first time since the war. The best decorated men's house, whether Greek or Independent, and the best decorated sorority or Independent women's house will be judged by a decorations committee sometime late in the week. The prizes will be awarded by the Homecoming queen during the Homecoming Ball.

Glenn Busset, of the state 4-H office, is chairman of the parade committee. Tentative plans announced this week indicate that the men's and women's pep organizations and the Kansas State band will meet similar groups from the University of Kansas at the Union Pacific station the morning before the game. The parade, led by four mounted men, and including floats and decorated cars, will march through Manhattan's downtown area, into Aggieville and to the campus before noon.

Homecoming activities will begin Tuesday, November 12, with an evening pep rally and bonfire. Pep stunts will be staged by student organizations during the entire week. A Jam session and pep rally Friday night have also been scheduled.

Hodgell Heads Student Party

Murlin Hodgell, Topeka, was elected president of the All-College political party at the first meeting of the organization Tuesday night. The new party is a combination of representatives of the Greek and Independent organizations, formerly the only student parties.

COLLEGE PLANS OPENING OF NEW DINING HALL IN MID-NOVEMBER

The College will open a new dining hall for students by the middle of November, according to Mrs. Bessie Brooks West, head of the Department of Institutional Management. Equipment for the new frame building has been delivered.

All meals in the new dining hall will be self-service. Breakfast will be cafeteria style with students having a choice of dishes. Because of the rush, the noon meal will be uniform but there will be a limited choice of food for the evening meal.

Open to all students, men or women, the dining hall will serve meals on a schedule corresponding to the College Cafeteria. Breakfast will be served from 6 to 8:15 a. m., lunch from 11 a. m. to 1:00 p. m. and dinner from 5 to 6:30 p. m. Unlike the Cafeteria, the new dining hall will remain open Sunday. Plans for the Sunday evening meal are not complete but it probably will be served buffet style, Mrs. West said.

Although there is a shortage of sugar, fats and meat, there is a larger supply of other foodstuffs on hand than at any time since 1940, according to Mrs. West.

SCIENCE SOCIETY TO GIVE ANNUAL RESEARCH AWARD

Sigma Xi is sponsor of annual \$25 research award

A \$25 research award for the best original research by a graduate or undergraduate student at the College will be awarded annually by the local chapter of Sigma Xi, national honorary science society.

Entries nominated by November 15 will be considered for the award for 1946, according to L. P. Reitz, secretary of the society.

Each department may nominate one candidate for the award. The winner will be chosen by a committee appointed by the secretary.

INDUSTRIAL-AGRICULTURAL WEEK TO BE ON CAMPUS NOVEMBER 7-9

Second annual conference will feature prominent speakers

All persons interested in the industrial development of Kansas are invited to attend the second annual Industrial-Agricultural Week at the College November 7-9. Last year attendance was restricted to approximately 100 invited leaders in industry, agriculture and research.

The meetings will be in the recreation center, Anderson Hall. Registration will begin at noon November 7. The opening meeting will start at 2 p. m. with a welcome by President Milton S. Eisenhower. The sessions will close at noon November 8.

Speakers will include Governor Andrew F. Schoeppel; Will J. Miller, state livestock commissioner; Deane E. Ackers, chairman of the Kansas Industrial Development Commission, who will preside at a panel discussion; Dr. Edwin E. Witte, former chairman of the regional war labor board; and other leaders in Midwest industry and research.

Aids to industrial development will be studied at the first day's meetings. The second day will be devoted to problems of industrial organization. Factors affecting industrial development will be considered at the closing session.

Sponsored jointly by the College and the Kansas Industrial Development Commission, Industrial-Agricultural Week seeks to promote closer cooperation between Kansas industry and agriculture and to stimulate the growth of industry within the state.

To be prosperous, agriculture needs prosperous industry. Changes in cash farm receipts are closely related to variations in non-agricultural income payments. A chart of average butter prices and the annual index of factory payrolls from 1919 to 1940, for example, shows that the two rise and fall as a trained team.

By increasing the number of small industries in the state, Kansas can keep its population from further declining. From 1930 down to the present, the state's population has been steadily decreasing. During the 1930's, although there were about 120,000 more births than deaths, the state still lost 82,000 persons. In the single year following March, 1944, Kansas lost an estimated 10,842. The conclusion is that Kansans are leaving the state for employment elsewhere.

The state legislature in 1939 created the Kansas Industrial Development Commission to acquaint Kansans with the industrial opportunities of the state and to encourage a growth of industries. Its work has been effective. Typical of the response to its work is part of a letter from John A. Erickson, president of the Viking Manufacturing Company, Manhattan, to William E. Long, director of KIDC:

"The slower tempo and more democratic attitude toward life in this smaller town is reflected in our employees. We can therefore work much closer with them and we can do more for them than was possible in the big city. They in turn are doing more for us. You rendered the Viking Manufacturing Company a real service when you persuaded us to move to Kansas."

Industrial-Agricultural Week is only one of the ways in which the College is helping to encourage industrial development of the state. In addition to its important research projects the College has added to its staff Leland S. Hobson, professor and industrial engineer in the engineering experiment station, whose job includes helping industry solve its problems.

Religious Author To Speak Here

Dr. W. H. Alexander of Oklahoma City, author and lecturer on religious issues, will be main speaker at Religious Emphasis Week beginning Sunday on the campus.

Miss Dorothy Maynor, Negro soprano, will be the first to appear in this year's Artist Series Monday evening at 8:15 in the College Auditorium. Miss Maynor has received nationwide acclaim, not only for her supremely fine singing, but for her warm and gracious personality. Her concert will include selections of Modern Spanish and Impressionistic French numbers, Slavic folk-songs, German lieder and Negro spirituals.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. Lashbrook.....Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris.....Assistant Editors
KENNEY FORD.....Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in instalments. Membership in alumni association included.

THURSDAY, OCTOBER 31, 1946

THE SUNFLOWER LOOKS AT THE STARS

Editor's note: These excerpts from an article by Governor Andrew F. Schoepel are of special interest because of the College's program of cooperation with Kansas industry. The second annual Industrial-Agricultural week will be on the campus Nov. 7 to 9.

Latin and English being what they are, which means that any translation must ordinarily be just an approximation, there is more than one way to define the Kansas motto "Ad Astra Per Aspera." State-published papers are seen carrying it as "To the stars through difficulties." Webster's Dictionary prefers to have it "To the stars by hard ways." There need be no squabble about it—the point is clear. The state of Kansas has high ambitions but it knows that achieving them requires something else than day-dreaming.

Time has proved the sound sense of those who had the choice of the motto. There have been difficulties, and the way has indeed been hard. Often the leaders of the Sunflower state have found that some of their best hopes were confounded by developments over which they had no control. Take, for instance, the Panama Canal.

What has the Panama Canal to do with Kansas? Well, Kansas is the geological center of the United States. Its White Rock township is just half way between the Atlantic and Pacific oceans, and half way between the nation's northern and southern boundaries. With a location like that, rail and highway commerce is the thing to look for, so it didn't help to have Uncle Sam open up a canal which permitted shipping to avoid the long run around South America. It unquestionably provided a cheaper way of getting things transported between the East and West coasts, but moving that way they also avoided Kansas.

Fortunately the state has advantages which no canal could steal from it, including 300 days of sunshine a year. It is a wonderful region for agriculture, and it has excellent mineral resources. It is first in wheat, first in flour milling, first in alfalfa seed, first in wheat storage capacity, first in volcanic ash, and, reflecting something about the state's human resources, first in newspapers per capita—that's the way the record has run.

As for the minerals, the annual production is five times that of Alaska, or about \$175,000,000. Few other states in the country can equal or better that showing. Kansas may be 29th in population but is fifth in oil production, fifth in natural gas production, third in salt, sixth in lead and zinc. It has made its 82,158 square miles, in which Nature has stored these vast treasures, readily accessible by constructing 128,000 miles of road, an accomplishment which ranks the state second in the nation in that respect.

The war did two things of industrial importance to Kansas. It tested its capacities, and gave the state a savory sample of how local factories could reflect their operations throughout the whole life of their communities, through purchases of local commodities, by employment of local labor, by the payment of taxes, by direct participation in community projects, and in countless other ways. Naturally there were new responsibilities, and new expenses, resulting from

these industrial developments, but the balance sheet was inspiring to look at. Kansas looked at it and made some decisions.

It is no secret that Kansas, known throughout the world for its agriculture, has been keen on a balanced economy. It has wanted industry to complement and utilize its natural resources. It has sought more than huge grain elevators, meat packing plants, flour mills. Back in 1908 it had an airplane factory. It had its eye on the possibilities of aviation and it has kept a close watch on aviation progress ever since. The war gave it a great opportunity in this field. Wichita continues to be the largest broom corn market in the world, but it is its four big airplane factories and its magnificent 1,550-acre municipal airport which have been getting the headlines. Kansas City, Kansas, also took its place in the aviation world turning out assembled bombers at a \$10,000,000 plant. It, too, boasts one of the finest municipal airports in the country.

Yes, Kansas has taken mighty strides industrially, and it does not intend to see the pace slowed now. Besides the printing and publishing business for which the state has long been noted—it is the largest publisher of farm papers in the world—the state has expanded rapidly in processing of foods, and the manufacture

of machinery, explosives, paints, clothing, steel office furniture, structural steel and other steel products, and lumber and paper goods, until the statewide list of manufacturing and processing industries has climbed close to the 3,000 mark.

A very fine beginning, but a great deal more can and will be added to it. There is a trend in industry, called decentralization, and Kansas is in an excellent position to benefit by it because industry has discovered the advantages of being near the source of materials supply, and it has also recognized the value of being in an area where there is natural gas on tap to provide a cheap, efficient fuel, or the ingredients for chemicals and fabricated products. Here is an unmatched attraction for such industries as those dealing with glass, ceramics and steel, where heat is a basic factor in production. Here, also, is an essential source of materials for the manufacturers of plastics, resins, adhesives, medicines, paints and varnishes, waterprooferers and rustprooferers, fertilizers, weed-killers, insecticides, soapless soaps, lubricants, inks, dyes, dentifrices, explosives, waxes, edible fats, alcohols, and an almost endless variety of other products.—from an article by Gov. Andrew F. Schoepel in the magazine, SERVICE.

LOOKING AROUND

KENNEY L. FORD

Alumni, former students and friends of the college living in Geary county and Junction City had a reunion October 8, in Junction City to plan the local campaign for funds for the proposed all-faith chapel and chime tower designed as a World War II memorial on the Kansas State campus.

Evan Griffith, '22, president of the Kansas State College Endowment association; Arthur Peine, chairman of the chapel campaign committee, and Kenney L. Ford, '24, alumni secretary, all of Manhattan, spoke at the meeting.

Gaylord Munson, '33, a farmer living near Junction City and a former president of the Kansas State College Alumni Association, was toastmaster.

About 30 persons attended the meeting. They were: F. A. Asis, '29; Opal (Andrews) Shellhaas, '34, and Mr. Shellhaas; Ralph C. Munson, '32, and Mrs. Munson; Raymond S. Clark, '46, and Mrs. Clark; Gaylord Munson, '33, and Josephine (Grammer) Munson, f. s.; Mrs. Paul Gwin; Bertha Alice (Williams) Coryell, '28; Ruth Roberta (Ruhlen) Butterfield, '41; Vlasta Holsan, '44; Soterea Maduros, '45; Margaret (Gillett) More, '23; Ray McMillin, '32, and Mildred (Castleman) McMillin, f. s. '31; Ruth Marie (Miller) Smith, '31; Ethel (Rosey) Cowan, '37, and Mr. Cowan; Dorothy (Girton) Chaney, '26; Laurence J. Hoover, f. s.; Harold E. Taylor, '31; H. D. Karns, '24, and Mrs. Karns; Sam C. Walker, '33, and Helen (Standefer) Walker, f. s.; and G. W. Schmidt, f. s., all of Junction City.

Another meeting was at the Lamar hotel in Abilene Wednesday evening, October 9, when 69 alumni, former students and friends of the college made plans for the chapel campaign in Dickinson county and Abilene.

Emmett S. Graham, f. s. '25, was toastmaster at the dinner-meeting. Speakers were Arthur Peine, chairman of the chapel campaign committee, and Kenney L. Ford, '24, alumni secretary.

Mr. Graham was chosen general chairman of the Dickinson county drive and Leonard E. (Brick) Garrison, G. S. '33, was named chairman of the campaign in Abilene.

Present at the meeting were: John J. Williams, f. s. '42; Jean (Murphy) Williams, '42; R. C. Nethaway, f. s. '41; N. J. McGaw, '42; John Frost, '92 and Mrs. Frost; Dale S. Snider, '31; Gwen (Romine) Jordan, '40; Frank W. Jordan, '39; Mr. and Mrs. John Dayhoff; Ivan Roberson, f. s. '31; Ray Whitehair and Anna Marie (Rueschhoff) Whitehair, '36; Elisabeth (Gish) Herr, '16; Emma (Aushman) Schad, '39; George Schad; Howard Keel, Jessie F. Keel; J. E. Johnitz, Daisy (Hoffman) Johnitz, '00; Aileen (Ozment) Duckwall, '41; A. L. Duckwall, Jr., '41; Donna (Duckwall) Brainard, '30; Charles L. Brainard, '30; Irl M. Mayden, f. s.

'28; Merle (Mark) Mayden, '33; Harold Scanlan, f. s. '37; and Mrs. Scanlan; Nina May Gemmill, f. s. '24; C. M. Harger; Dean M. McIntyre, f. s. '32, and Mrs. McIntyre, f. s. '30; Marjorie (Correll) Stewart, '46; Anna Reed, '31; W. O. Edmonds, '42; G. D. Stewart, '29; L. E. Garrison, '33; Mrs. Thelma Houghton, f. s. '31; Mrs. L. E. Garrison; W. O. Cuthbertson; Robert Gemmill; Margraet Cuthbertson; Willis Myers, f. s. '39; Mrs. Willis Myers; Harold Leckron, '42; George William Burkholder; Irene (Morris) Burkholder, '34; Corrine (Smith) Graham, '26; Emmett Graham, f. s. '25; Elizabeth Roniger, '33; J. M. Kugler, f. s. '07; E. F. Leckron, f. s. '13; Evelyn Merryfield, f. s. '26; and J. B. Merryfield, f. s. '26, all of Abilene; Mrs. E. H. Kuster, f. s. '97; and Mr. Kuster, both of Enterprise; Paul E. Taylor, f. s. '26; and Avis (Hall) Taylor, '38, both of Chapman.

Ivan Roberson, f. s. '31, was elected chairman of the Dickinson County Alumni Association at the meeting. Vice-presidents are Helen (Teichgraeber) Lindahl, H. E. '32; Howard Fry, Ag. '31; Florence (Harris) Waterstradt, H. E. '25, and M. S. '29; Merle (Mark) Mayden, H. E. '33; and Mrs. James Johnson. Anna Reed, G. S. '31, was elected secretary-treasurer.

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Dr. Roger C. Smith, Professor of entomology, had just returned from Europe where he visited experiment stations in Belgium, Holland, France, England, Scotland and Denmark. He was forced to cancel his visit to Spain and Portugal by the civil war.

The farm shop at the College had been remodeled to serve as a model

for high school vocational agriculture shops.

James Ziegler, Junction City veterinary student, made news by biting a monkey. Vet students at the College helped in the capture of a monkey escaped from Sunset Park zoo. When they couldn't get the Monkey to come down from a tree, Ziegler climbed the tree, "took the nap of it's neck between his teeth and made the descent."

TWENTY YEARS AGO

Members of the College faculty attending a convention of the Association of Land Grant colleges in Washington were: President F. D. Farrell, Dean L. E. Call of the School of Agriculture; Dean Margaret M. Justin of the School of Home Economics, Dean H. Umberger of the Extension division, and Dean R. A. Seaton of the School of Engineering.

The dairy sales counter in West Waters Hall had been remodeled to look "like an ice cream parlor." Ice cream, milk, cream, butter and cheese produced in the College creamery were sold there.

Students elected to the Collegian board were Russell Thackrey, Manhattan; Fred Shideler, Girard; Gerald Ferris, Chapman; and Lillian Kammeyer, Manhattan.

THIRTY YEARS AGO

Salads are not a delicacy but have an important place in the diet, says an article. While they are not as substantial as some dishes, they should be included in a working man's diet for nutritional value.

Walter Burr, director of rural service at the College, said there "was little doubt that the 170,000 automobiles in Kansas were rounding up the people of the state and bringing about a revolution in the social life." The automobile was no respecter of country, but could be seen spinning over the prairies where the railroad had not yet penetrated, he pointed out.

The maintenance cost of a horse per working hour was 7-9/10 cents, and could be reduced by proper management to 6-7/10 cents, said a filler item from the extension service.

FORTY YEARS AGO

The football game between the Haskell Indians and the "farmers," resulted in an easy victory for the College. As it was the first public game of the season it was looked upon as a favorable omen for the season.

One thousand students attended the College game with Washburn University at Topeka. The students climbed to the dome of the State house and gave College cheers from there.

A half-term class in heating and ventilation petitioned the College for another course of twelve lectures on "this interesting subject."

FIFTY YEARS AGO

Fifty-two students were expected to go home to vote in the general election.

Photographs of College buildings were in demand by educational journals for use as covers, etc.

The third-year class party was a great success. "As an evidence of the quality and quantity of the refreshments, one lad disposed of six pieces

KANSAS POETRY

Robert Conover, Editor

Call of the Prairie

I am a slave to the prairie,
It is a magnet to my soul,
I sate my desire
On its sunset pyre
And its starlit lapis bowl.

Hands that are calloused from planting
Miserly fondle the seeding wheat,
From the virgin sod
I pray thanks to God
For this land of bitter sweet.
BILLIE WILLIAMS
—Kansas City Poetry Magazine

Sunflowers

By H. W. Davis

DON'T ANSWER NOW

Judging by and from the newscasts, "news" is any bit of information that leads you to think there will be another world war within the next year or a colossal fight to the death between labor and capital in America week after next.

Doubtless it is because John Citizen is so afraid one of the two catastrophes will come about. Reporters, correspondents, newscasters, and commentators know John is scared within an inch of his life. They know too, that they are in pretty much of a rut because of the let-down since World War Two.

So why not scare the listeners? It is as easy as stepping on the gas and plunging from a mountain road into a two-thousand-foot straight-up-and-down canyon. In several other ways it is also like doing that—and nothing else but.

For the past several weeks newscasters have devoted one-third of their short twelve minutes to dolorous intimations from the centers of international politics, one-third to strike notes, and the remaining third to catastrophes, sports, and other queer things nearer by. By the time poor listener wears down to the domestic blah-blah he dials off, convinced that with another global war and a bitter industrial revolution in the offing, no ordinary holocaust worth only a two-column headline can make much difference.

Personally I am eagerly, also anxiously, awaiting the day when the long-suffering public will get so nauseated with hints of war between Slavs and Anglo-Saxons that even the newscasters will get hep and wonder if it would not be just as well to change the menu. There must be something else that will keep dear public scared blue.

It looks like a choice between dying of boredom and being worked into a frenzy of fear that will bring on, somehow, the Third World War—the atomic end.

Why can't we trust to history to guide us, as we did in the good old days. Why do we turn our intelligence over to news-hawkers and news-interpreters who can hold us (and earn their pay) only by frightening us into fits?

Don't answer that question! At least—not immediately.

of cake," says the account of the party.

SIXTY YEARS AGO

Two students shocked the College by resorting to the "barbarous method of settling a dispute by blows." The contest was a disgrace to all concerned, the Industrialist said.

The College was growing. An item says, "The few students dropping out from various causes barely make room for the new ones coming."

SEVENTY YEARS AGO

It was estimated that by 1880 the population of Kansas would be 750,000.

A series of lectures was being offered in the botany classes on grasshoppers, which "were no longer a scare but a burden."

Reduce Accidents

Night auto accidents are reduced 20-25 percent on Michigan highways marked by plastic reflectors molded of "Lucite" methyl methacrylate resin, the State Highway Department reports after a four-year survey.

—du Pont.

Experiment station tests prove rooster's success

depends on his position in chicken yard hierarchy

How much does a rooster's success depend on his social position? At Kansas Agricultural Experiment Station, Alphaeus M. Guhl and Don C. Warren, fowl scientists, sought the answer to this question, financially important to poultrymen.

As casual observers discovered long ago, the social hierarchy in a chicken yard is as rigid as at any Army post. Each hen has a fixed position in the "pecking order"; the No. 1 hen may peck all other hens, be pecked by none. No. 2 pecks all except No. 1, is pecked only by her. The hen at the bottom of the social order, pecked by all, pecks none. Roosters too have a pecking order, but each rooster may peck and attempt to mate with all the hens.

For their experiment, Drs. Guhl and Warren chose three young roosters of different breeds (so that the

chicks they fathered could be identified). Put in a pen with 36 pullets, each soon found his place in the rooster "pecking order."

A rooster's success with the hens is largely governed by the number of matings he can complete before other roosters interfere. Even in the close quarters of the experimental pen, the social pre-eminence of the top rooster (Alpha) discouraged interference. In 46 days, he attempted 175 matings, scored 112 successes. Rooster No. 2 (Beta) made 244 tries, succeeded only 54 times. Omega (the No. 3 rooster) made only eight tries, and did not succeed at all. Even when given a harem of his own, he sulked in impotent frustration.

The score in chicks was conclusive: Alpha, 221; Beta, 120; Omega, 0.—Time, Oct. 21.

AMONG THE ALUMNI

Ira S. Martin, f. s., '95, lives at 313 East Ninth, Newton. Mr. Martin has retired after 25 years of civil engineering on the west coast from Mexico to Alaska.

Harry H. Fay, Agron. '01, and his son, R. M. Fay, operate the Fay & Son Hardware Company at Belton, Mo.

Maria (Barnard) McKee, D. S. '02, a retired teacher of home economics, and her husband, J. C. McKee, are living at Mena, Ark. Mr. McKee is a retired interior decorator and postal clerk.

The address of Grace (Enfield) Wood, D. S. '05, is Hindman, Ky.

G. I. Thatcher, E. E. '10, is sales representative for Young Brothers Company, 50 Church Street, New York City.

Matthew C. Stromire, Ag. '11, and Georgiana (Bush) Stromire, H. E. '29, live at Olathe, where Mr. Stromire is storekeeper in the School for the Deaf.

Emma (Valentine) Holcomb, H. E. '12, lives at 806 Columbia, Council Grove.

Ira E. Taylor, C. E. '13, is a construction engineer. He and Mrs. Taylor live at 1834 Walker, Kansas City, Kan. They have two children, Mrs. R. M. Parker and Mrs. J. R. Devoe.

Raymond V. Adams, Ag. '16, is a medical representative for Lederle Laboratories, Inc., New York City. His home address is 255 Parkwood Lane, Wichita.

Lenora (Nicolay) Dotten, f. s. '17, and her husband now operate the Old Chimney Inn on U. S. highway 27 near Cheboygan, Mich. Their address is route one.

William N. Caton, M. E. '18, is an architect at Winfield. His address is 808 Loomis Street.

Sivert Eriksen, D. V. M. '20, and Mrs. Eriksen live at 1062 E. Ivy, St. Paul, 6, Minn. Dr. Eriksen is a practicing veterinarian and is general manager of Beebe Laboratories.

The address of Ross McCausland, G. S. '21, and Ruth (Robison) McCausland, f. s. '20, is 141 S. Old Manor Road, Wichita. They have two children, Ross Jr., 22, and James R., 18. Mr. McCausland is owner and manager of Ross McCausland-Seeds, Wichita.

Eva (Travis) Frank, H. E. '22, and her husband, Lt. Col. Karl C. Frank, f. s. '22 are in Germany. His address is U. S. Army, Berlin District, Provost Marshal Sect., APO 755, New York, N. Y.

Jesse C. Geiger, C. E. '23, and Geneva (Hollis) Geiger, H. E. '25, live at 1002 Madison Avenue, Fredonia. Mr. Geiger is a partner in the firm of Burgwin and Geiger, consulting engineers.

Clark K. Gibbon, E. E. '24, and Gladys (Alderman) Gibbon, f. s. '22, live at 501 South Future, Marion, Ill. Mr. Gibbon is with the Central Illinois Public Service Company. The Gibbons have two children, Donna Jean, 10, and Julia Ann, 7.

Ralph W. Bell, E. E. '25, is a farmer at Sherwood, Ore. Mr. and Mrs.

Bell have one child, Charlotte.

Earl Hougland, E. E. '26, and Hazel (Farrow) Hougland, f. s., live at 909 W. Main, Beloit. They have two sons, Earl, Jr., 15, and Robert, 13. Mr. Hougland is superintendent of the light and water department at Beloit.

Edith Ames, H. E. '27, and M. S. '39, is with the University of Minnesota, St. Paul, Minn. She resigned from the New York State Institute of Agriculture and Home Economics at Cableskill, N. Y., on July 16, 1946, after five years work. In September she joined the division of home economics at the University of Minnesota as an assistant professor. She will teach courses in institutional management and also will be assistant manager of the cafeteria.

A note from Carrie E. Davis, H. E. '28 and M. S. '34:

"Will you please change the address of my INDUSTRIALIST to 7 Willis, Columbia, Mo. I am a dietitian at Stephens College."

Merton E. Paddleford, E. E. '29, and Mrs. Paddleford are living at 643 N. Grove, Ave., Oak Park, Ill. They have a daughter, Jane Carol, seven months old. Mr. Paddleford is an engineer with the Public Service Company of Northern Illinois, Maywood, Ill.

Ken M. Gopen, Ag. '30, is assistant director of information and chief of radio service in the United States Department of Agriculture in Washington, D. C. His address is Office of Information, USDA, Washington, 25, D. C.

Martin Kiger, Ag. '31, is operator of the Kiger Grain Company, Washington. Mr. and Mrs. Kiger have two children, Charles, 7 and Nancy Jane, 10.

Harry E. Miller, G. S. '32, and Marjorie (Bradley) Miller, f. s. live in Hiawatha. They have a daughter, Marilyn, 3. Mr. Miller is a lawyer and is an unopposed candidate for county attorney. He was a lieutenant colonel during the war and commanded the 154th F. A. Battalion in the Pacific, Aleutians and the Philippines.

Thomas C. Hinkle, Jr., Ag. '33, and D. V. M. '36, and Mrs. Hinkle live at Caseyville, Ill. They have two children, Clark Thomas and James Edward. Dr. Hinkle is with the meat inspection division of USDA.

Elmer L. Metcalfe, D. V. M. '34, and Mary (McMullen) Metcalfe, H. E. and N., '36, are living at Plymouth, Nebr., where Dr. Metcalfe is a veterinarian. He was a major during the war.

A note from Harry G. Sitler, Ag. '35: "Please change my address to 812 Mathews, Fort Collins, Colo.

M. Elizabeth Boys, G. S. '36, lives at 5704 Loma Lane, Merriam. She is teaching biology in Shawnee-Mission high school.

The address of Loren D. Grubb, Ch. E. '37, and Jane (Remington) Grubb, I. J. '37, is 1223 South Ninth, Ponca City, Okla. They have two children, Nancy Jane, 3½, and John Loren, 10 months. Mr. Grubb is a

chemical engineer for the Continental Oil Company.

John William Reynolds, Ag. '38, and Juanita (Looney) Reynolds, I. J., '38, live on route three, Winfield. Mr. Reynolds is a farmer.

Joe M. Bonfield, M. I. '39, writes: "I just wrote a note to Fred Klemp and, not having an address for him, addressed it in care of the alumni office. That served as an inspiration for me to drop you a few lines. You must be pretty busy with what is probably a record enrollment. I'm out here in the sagebrush country trying to get lined up in the building manufacturing business. So far not making a lot of money but things are pretty interesting. Please send my INDUSTRIALIST to Box 1387, Hobbs, N. M. I hope to get back for the homecoming game this year and will save all the news for a visit then."

Theodore M. Beard, D. V. M. '40, and Mrs. Beard live at 15 E. Blanchard, Hutchinson. Dr. Beard is a veterinarian in Hutchinson.

Ruth Keys, H. E. '41, lives at 705 South Sixth, Champaign, Ill.

Shirley A. Pohlenz, H. E. '42, is a state 4-H club agent with the College of Agriculture at Columbia, Mo.

William Bruce Robertson, Ag. '43, is manager of Glenwild Plantation, Grenada, Miss.

Capt. Roy Max Grandfield, D. V. M. '44, and Nancy (Heberer) Grandfield, I. J. '44, live at 3721½ N. LaSalle, Indianapolis, Ind. Captain Grandfield is with the veterinary detachment at Fort Benjamin Harrison, Ind.

Kathleen McClanahan, H. E. '45, lives at Perry Point, Md., where she is on the staff of the Veterans' hospital. She received her certificate of occupational therapy from the University of Southern California in May.

Gordon Elmer Hoath, Ag. '46, is a field man for the Great Western Sugar Company, Ovid, Colo.

Miss Willa J. Havelly, HE '44, is Y-Teen Director, Berkeley, Calif. She is secretary of the Northern California Directors' Association which will do the planning for the next Western Regional YWCA Directors' Conference.

MARRIAGES

MILLER—GILMORE

Martha Lee Miller, H. E. '44, was married to John W. Gilmore of Highland on July 21. Mrs. Gilmore was a dietitian at the General hospital in Kansas City before her marriage.

PITTMAN—MUSSEY

Olive Pittman and D. Ronald Mussey, G. S. '32, and M. S. '33, were married in the First Methodist church in Winfield July 7.

HEMPHILL—PETERSON

Martha Ellen Hemphill, B. A. '42, and Leroy A. Peterson, f. s., were married July 3 at the First Presbyterian church in Manhattan. Mr. and Mrs. Peterson are living in Manhattan.

HINDS—FOX

Betty Jean Hinds, H. E. '41, and Benjamin Fox of Modesto, Calif., were married June 24 in Hutchinson. Mrs. Fox is a member of Delta Delta.

TALBOT—LARSON

Joy Talbot, I. J. '46, married Jack Clayton Larson at the Presbyterian parsonage in Concordia July 6. Mr. and Mrs. Larson live at 1204 Bluemont. Mr. Larson is enrolled at Kansas State.

BIRTHS

Paul L. Dittmore and Rachel (Lamprecht) Dittmore, I. J. '32, of 5140 Washburn Avenue South, Minneapolis, Minn., announce the birth of a daughter, Sarah Catherine, August 5. They have two other children, Margaret Elizabeth and Dan Keith.

A son, James Donald, was born July 13 to Ruth (Jacobs) Berg, H. E. & N. '43, and Leo G. Berg, D. V. M. '43, of Harper.

Capt. Richard Hineman, D. V. M. '43, and Olive (Webster) Hineman, f. s. '43, of 1346 North Elm, Ottumwa, Iowa, are the parents of a son, Gary Joe, born August 13.

Donald R. Cornelius, Ag. '35, and M. S. '38, and Marjorie (Williams) Cornelius, H. E. '38, of 1189 Arch

Street, Berkeley 8, Calif., are the parents of a daughter Ann Elizabeth born September 18.

Roger West, I. Chem. and D. V. M. '42, and Mrs. West of 813 Vermont, Lawrence, have a son, Paul Roger born September 1.

A son, Dennis Lee, was born September 3 to Alva (Schroeder) Grote, f. s. and Hilbert Grote, Ag. '39, of 509 Yuma, Manhattan.

A son, John Cris, was born September 17 to Lillian (Havley) Forsberg, G. S. '30, and Wallace A. Forsberg, P. E. '31, of Ottawa.

Clyde Stratton, C. E. '24, and Mrs. Stratton of 624 Bluemont, Manhattan, are the parents of a daughter, Stacia Anne born September 18.

Gerald J. Brown, Ag. '36, and M. S. '46, and Mrs. Brown of 905 Vattier, Manhattan, are the parents of a son, Stewart Bradley born September 24.

Pioneer football squads met faculty disapproval

"Drown him, drown him," was the cry at one of the first Kansas State College football games, played in 1894 when the playing field was covered with three inches of water.

The first teams competed against other K-State teams and were not permitted by the faculty to go out of town for games. Football suits were provided by the players and there was no playing field. When faculty members debated whether the College should recognize football, one teacher said, "I've never seen a football game and I don't have to see one to know that I wouldn't like to be rolled in a hog wallow." The general feeling of the faculty was that interscholastic contests of any kind interfered with study.

Five seniors were on the original team, said Prof. R. J. Barnett, professor emeritus of botany at the College. Team members included Dr. B. W. Conrad, Sabetha, a 215 pound fullback who could run 100 yards in 11 seconds; Emmett Hoffman, quarterback from Kansas City, Mo.; Frank A. Dawley, Manhattan tackle; Dr. Henry G. Johnson, guard, now a practicing dentist at Lindsborg; and C. V. Holsinger, Ames, Iowa, who also played tackle.

N. H. Will, brother of Thomas E. Will, former College president; Mark Kirkpatrick, Kansas City, Mo.; J. B. Harman, Pueblo, Colo.; George Menke, Los Angeles, Calif.; O. A. Otten, Denver, Colo.; Clarence Paul, C. Williams, W. E. Byron and William A. Cavanaugh.

Four team members are now deceased, said Prof. Barnett. They are J. B. Harman, C. V. Holsinger, Emmett Hoffman and Dr. B. W. Conrad.

RECENT HAPPENINGS ON THE HILL

Women students majoring in medical technology at K-State will form the first Kansas chapter of Alpha Delta Theta, honorary professional sorority for women in Medical Technology. About 30 women will be charter members.

Steel Ring, honorary engineering fraternity, elected these officers for the fall semester: President, Vance Miller; vice-president, Harold Siegle; secretary-treasurer, Raphael Letourneau and marshal, Richard Sizemore.

The Kansas State Barber Shop Quartet Association, organized recently and elected these officers: president, Robert D. Watt; vice-president, Robert Johnson; secretary, A. H. Helander; and treasurer, Dr. A. E. Hostetter.

The Kansas State Engineer, student publication of the School of Engineering, was distributed this week.

A tutoring service for home economics students is being established by Omicron Nu, honorary home economics students' organization. A fee of 50 cents per hour will be charged by the tutors.

William F. Baehr, College librarian, was elected first vice-president at a meeting of the State Library Association in Wichita.

DEATHS

MILLER

William Taylor Miller, D. V. M. '24 died July 16. He had a brain tumor. Survivors include the widow, Mrs. Ruth E. Miller, who resides at 108 East Third Street, Oil City, Pa.

Professor's Painting Accepted

A soft ground etching by John F. Helm, Jr., professor of freehand drawing and painting, has been accepted by the American Exhibition of the Society of American Etchers. The exhibition will be shown November 12 to December 3 at the galleries of the National Academy of Design in New York City. It is composed of nearly 200 prints by artists from all over the U. S. The Society of American Etchers holds the oldest exhibition in the country.

The kind of pleasures you enjoy indicates the kind of person you are. Pleasures shared are likely to be among the finer sort . . . when the race has learned the art of enjoyment, it will unlearn the disposition to harm.—Dr. William Hocking.

NO GIFT TOO LARGE---NONE TOO SMALL

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

WILDCAT 'B' TEAM TIES HUSKERS 14-14 IN BATTLE AT GRIFFITH FIELD

Stehley brothers star for Wildcats in rough game

While the varsity took a weekend of rest, the Kansas State "B" football squad turned in a thrill-packed, rough, 14-14 tie with the University of Nebraska "B" squad, Friday night at Griffith Field in Manhattan. The Cornhusker junior varsity previously had defeated the "B" Wildcats 25 to 14 in a game at Lincoln.

Friday night's battle—and it was that—had about everything a foot-

Bob Berry, left guard from Dodge City, has been one of the best linemen in Big Six play so far this season. At Norman, Okla., two weeks ago, Berry was a leader of the Kansas State linemen as they matched the play of the Sooners' two great forward walls which had stopped the running attack of Army's Glen Davis and Texas' Bobby Layne. The Dodge City guard recovered three fumbles during the game and was a power on the defense.

Berry will be in the starting lineup when the Wildcats play Iowa State at Manhattan, Saturday, and for the Victory Homecoming game with Kansas University at Manhattan, November 16.

ball fan likes on his grid game menu. Long runs, goal line stands, forward passes, and fights.

Two brothers from Phillipsburg, Don and Jim Stehley, stole a sizeable part of the show with their broken-field running. Jim Stehley started the Wildcat scoring in the second quarter when he slipped through a hole opened by the K-State linemen and travelled up the sidelines 90 yards to cross the Husker goal. Delbert Ehret, an Atchison lad with a steady toe, booted the extra point and Lud Fiser's Kansas State "B's" led 7 to 0.

The Wildcats warded off three Husker scoring threats during the first quarter and held a one touch-down lead at half time.

Early in the second period, Billy Stuart, Wildcat halfback, started off tackle from the Wildcat 16, was stopped on the 18. However, End Bob Schneider of Nebraska stole the ball from Stuart's arms and raced, untouched, to score. Schneider's attempted try-for-point failed.

A few minutes later, Nebraska chalked up two more points on another freak play. Fading back to pass, a Wildcat halfback was rushed by the Husker forward wall. Attempting to run with the ball, he was trapped behind his own goal, giving the N. U. team two points and an 8 to 7 lead.

Nebraska made it 14 to 7 in the fourth quarter after a 55-yard drive and an 11-yard end run by Bob Ackerman, halfback. The Wildcat's gamely counter came late in the final period. The setup was Center Art Trojovsky's, Horton, recovery of a Husker fumble on the Nebraska 30. Erv Bussart, Wamego, then tossed a 20-yard pass to Stehley. Seven plays later, Stehley went off tackle 19 yards to score. Again Ehret kicked the extra point to tie the score.

The first half ended with the Cats on the Husker one-yard line and the game ended with Ted Grimes plowing to the Husker six-inch line. Three thousand persons saw the game.

The B squad has remaining games with Emporia State "B," Wichita and Kansas.

KSC 1946 Football Schedule

Hardin Simmons U. 21; KSC 7.

Nebraska 31; KSC 0.

Missouri 26; KSC 0.

Oklahoma 28; KSC 7.

Nov. 2—Iowa State at Manhattan.

(Band Day)

Nov. 9—San Francisco U. at San Francisco.

Nov. 16—Kansas U. at Manhattan.

(Homecoming)

Nov. 23—New Mexico at Albuquerque.

Nov. 30—Arizona at Tucson.

CALIFORNIA ALUMNI WILL MEET BEFORE GAME AT SAN FRANCISCO

Kenney L. Ford, secretary of the Kansas State College Alumni Association, has scheduled two alumni meetings in California in the week preceding the Kansas State-San Francisco University football game November 9.

Elmer Kittell, Tony Whan, Mae Short and John F. Davidson will be in charge of the meeting at McDonnell's Monterey Restaurant in Los Angeles November 6. Ford will address the group and will show pictures of the campus and of the football team in action.

George Spohr, Oakland; Harry L. Felten, Berkeley, and John R. McClung, San Francisco, will make arrangements for the pre-game meeting at noon November 9 in the Whitcomb Hotel in San Francisco.

Local chairmen for the fund campaign for the World War II Memorial Chapel also will be appointed at the California meetings.

COLLEGE ASSEMBLY WILL COMMEMORATE NAVY DAY

Representatives of naval services will speak on program

Talks by representatives of the navy, marines and WAVES will be included on the Navy Day assembly program at 10 a. m. today in College Auditorium.

Speakers will include Louis E. Taylor, navy; Harold P. Peffley, marines; and Martha Caldwell, WAVES. They will be introduced by C. S. Moll, swimming coach. Richard Maloney, assistant dean of arts and sciences, will give a short address of welcome.

Also on the program will be band and organ selections and a color movie, "To the Shores of Iwo Jima."

MILDRED HALL IS CROWNED QUEEN OF AG BARNWARMER

Agriculture students have Annual Ball Saturday night

Mildred Hall, Coffeyville, was crowned queen of the School of Agriculture at the annual Ag Barnwarmer Saturday night. Dean R. I. Throckmorton presided at the coronation during intermission at the ball. Miss Hall was elected by agriculture students and was chosen from a group of five.

The other candidates were Becky Wilkinson, San Angelo, Texas; Mary Smith, Independence; Yvonne Cline, Kanapolis; and Charlene Warner, Wamego.

Wichita Alumni to Meet

"KSC Harvest Jamboree" will be the theme of a party at 6:45 p. m. Friday in the Hotel Lassen Ballroom for those attending the Teachers Convention in Wichita and for Kansas State College alumni in Wichita. Evan Griffith of Manhattan, president of the Kansas State College Endowment Association, will discuss the proposed chapel and chime tower to be built on the campus as a World War II memorial.

The Prowler Was a Dummy

When Watchman Henry P. Biehl at the College spotted a sleeping figure in a class room building late one night recently, he was pretty sure he'd discovered a prowler.

He asked the intruder's name. The intruder neither awakened nor answered. Then he discovered it was a dummy used by Home Economics students to practice bedmaking in home nursing courses.

Plan Armistice Assembly

Tentative plans for an Armistice Day assembly under the joint sponsorship of the Veterans' Association and the International Security Assembly have been announced by Dean R. I. Thackrey of the assembly committee.

FORD ANNOUNCES APPOINTMENT OF 45 CHAPEL DRIVE CHAIRMEN

New appointees will direct local fund raising

Kenney L. Ford, secretary of the Kansas State College Alumni Association, today announced 45 more persons have been selected to direct local fund-raising campaigns for the all-faith memorial chapel and chime tower at Kansas State College.

The chapel will be a World War II memorial to the 5,000 K-Staters who served in the war and to the 200 who died.

The campaigns will begin immediately in the various counties and communities.

The newly appointed chairmen:

Dr. E. F. Kubin, McPherson; Edward Reed, Mrs. Claude Earl and Lucille Logan, Lyons; Fred Fair, Alden; Dick Wellman, Sterling; Paul Perry, Little River; Marvin Weihe, Bush-ton; Richard Johnson, Geneseo; Ralph Hathaway, Chase; O. R. Cragun, Raymond.

W. G. Nicholson and Dr. Jay Reynolds, Great Bend; Charles W. Beer and Mrs. Walter M. Lewis, Larned; Albert Dubbs, Ransom; Don Christy and Henry C. Kirk, Scott City; Roy E. Gwin, Leoti; Burris Miles, Lakin; Floyd Pinnick, Ulysses.

Price Davies, Liberal; R. Fenton Brannon, Meade; Eugene Fonnannon, Ashland; Kenneth Kirkpatrick and Verne L. Uhland, Dodge City; Mrs. Florence Andrew and George H. Fritz, Jetmore; L. R. Chilson, Hanston; R. H. Dodge, Greensburg; Walter Peirce and H. C. Bunte, Hutchinson.

Mrs. Floyd Schultz, Clay Center; Mrs. Fred Meek, Idana; Mrs. Orville Young, Morganville; Mrs. Charles L. Streeter, Green; Raymond Kent, Wakefield; Hugh Bryan and Bob Collard, Leavenworth; M. W. Knapp, Springdale; Robert Welton, Tonganoxie; O. O. Browning, Linwood; Horace Lamborne, Lansing; J. A. Meyer, Basehor; Laurence Seyb, Johnson.

STUDENTS FROM FUNSTON ARE QUARTERED ON CAMPUS

Men see advantages, disadvantages in change

Student veterans who lived at Camp Funston are now all housed on or near the campus. The last 23 men living there were moved Saturday to housing in the Stadium or to barracks on the campus.

While the men like being nearer to the College, they miss the dining hall and post exchange facilities at Funston, John Reddy of Independence, president of the men's organization at the camp, said.

K-State may climb out of cellar position, but Oklahoma is favored to become Big Six champ

Big Six Football Standings					
	W.	L.	Pts.	Opp.	Pct.
Oklahoma	2	0	91	7	1.000
Missouri	2	0	59	13	1.000
Nebraska	2	0	47	14	1.000
Kansas	1	1	28	24	.500
Kansas State	0	3	7	85	.000
Iowa State	0	3	21	120	.000

A rejuvenated Kansas State football team which finally "found" itself in a 28-7 battle against Oklahoma two weeks ago, is determined to win its remaining conference games with Iowa State and Kansas, thereby giving the school more than one Big Six victory for the first time since 1942.

Last weekend, the Wildcats rested from game competition and in practice during the past two weeks have definitely pointed toward approaching battles with Iowa State at Manhattan, November 2, and the Homecoming game with Kansas University at Manhattan, November 16.

In the hectic Big Six title race experts are having a difficult time predicting the winner. Oklahoma, powerful in games against Army, Texas, Texas A and M, Kansas State and Iowa State, reigns the favorite to go through the season without a beating. The Sooners boast one of the finest lines (actually there are two of them) in the country. There apparently is no better back in the conference than Junior Golding. Missouri, Nebraska and Kansas remain on the Oklahoma Big Six schedule with only the K. U. game being played away from home.

Kansas State, assigned to the cellar by the experts before the season opened, pulled one of the season's surprises by its stern battle against O. U. on the home field of the favor-

Five To Press Convention

Five representatives of Kansas State College attended the annual convention of the Associated Collegiate Press in Chicago last week. They were C. J. Medlin, graduate manager of publications; Tess Montgomery, editor of the Royal Purple; Helen Peterson, editor of the Kansas State Collegian; Paul DeWeese, business manager of the Royal Purple; and LeRoy Allman, business manager of the Collegian.

HIGH SCHOOL BANDS TO PERFORM FOR ANNUAL BAND DAY PROGRAM

Ten high school and college bands, with more than 560 musicians and nearly 60 baton-twirlers, will take part in the Band Day Saturday in conjunction with the Kansas State-Iowa State football game.

Visiting high school bands and their directors will include Beloit, Eugene Tice; Concordia, Harley Doak; Marysville, Lloyd Mordy; Belleville, William Hodges; Minneapolis, Jack Moore; Lyons, Kenneth Farrell; Wamego, Howard Harms; Manhattan, Rex Conner; and Jamestown, Richard Turner. The Kansas State College band will be under the direction of Jean Hedlund.

The bands will parade to the football field before the game. The bands will form at Second and Poyntz at 12:45 p. m., march up Poyntz to Eleventh and then through Aggieville to the stadium. They will give exhibitions between halves of the game.

VETERANS USE G. I. BILL TO TAKE MUSIC LESSONS

Rescheduling of practice rooms stretches facilities

Enrollment in music courses has reached an all-time high, according to Luther Leavengood, head of the Department of Music. Many veterans are taking advantage of the G. I. Bill of Rights for music lessons. One part-time piano instructor at the College has no pupils except ex-servicemen.

Fourteen practice rooms busy from 7 a. m. until 6 p. m. six days a week do not meet the demands of students. Permission has recently been granted by College authorities to have practice rooms in the gymnasium open from 6 p. m. until 9 p. m. five days a week.

Sageser to Speak in Topeka

Dr. A. B. Sageser of the Department of History and Government will present a paper on "This Question of Citizenship" to history and social science teachers at a meeting of the State Teachers Association in Topeka Friday morning.

K-State may climb out of cellar position, but Oklahoma is favored to become Big Six champ

That game, plus a 63-0 beating handed Iowa State's game crew by the Sooners at Ames last week, makes Coach Hobbs Adams Wildcat team a slight favorite over the Cyclones here this Saturday.

Kansas, winner over Iowa State and loser to Nebraska, has a highly-touted backfield but, according to Kansas sports writers, has a weak line—probably not comparable to the forward wall which Adams, and Line Coach Bill Schutte have welded together at Kansas State.

Pre-game guessers predict that the outcome of the K. U. and Iowa State games will be determined by the ability of K-State backs to knock down passes and the determination of the Wildcat line to rush the opposing passers. Both the Cyclones and Jayhawkers are famed for their aerial attacks.

In addition to the remaining conference tilts, Kansas State has three non-conference, intersectional contests left. November 9, the Wildcats fly to San Francisco for a game with San Francisco University. They will play New Mexico University at Albuquerque November 23 and the University of Arizona at Tucson November 30.

The Wildcats will fly via Continental Air line. The Wildcat personnel, 42 men, will leave Topeka Friday morning, November 8, at 8 a. m. and arrive in California ten hours later. The return trip will start Sunday morning, November 10, at 8 a. m. Tentative plans are being made to fly to the New Mexico and Arizona games.

BEST PERFORMANCE OF DEBATE WAS STUDENTS' A. P. MAN SAYS

Howling, critical audience was star of evening

Note: Most of the reports of the Carlson-Woodring debate in College Auditorium last week dealt with students in only an incidental manner. This story by Stewart Newlin, of Associated Press, is the result of observation of students.

The debate last week at which Frank Carlson and Harry H. Woodring were on display before a howling, critical audience of Kansas State College students was one of the best shows of this or any other campaign.

The oratory which the major party candidates for governor put forth was certainly not of the caliber of the Lincoln-Douglas debates, but the occasion was charged with drama of a very positive order.

The outstanding performance was not given by either the Democratic or the Republican nominee—it was the audience that was the star of the evening. They were loud and they were partisan and their enthusiasm was genuine and exciting. Beyond that, they were discerning and skeptical. It was not a group that anyone was going to hoodwink in the slightest.

When Woodring said that Kansas roads were so bad that he had to buy a new pair of teeth and a new car when he returned from a campaign tour, the crowd demanded to see him extract his alleged new set of molars (a request with which he was unable to comply) and one heckler inquired "where did you get the new car?"

Carlson also got a violent reaction on the highway subject when he said "these Kansas roads aren't so bad." The yowl of derision which greeted this statement would have pushed a noise meter up to the hilt.

There was nothing inhibited about the group of college students that jammed the auditorium. They more than made up for whatever response the candidates might have missed in prior campaign appearances.

When both candidates chose to do a little side-stepping on some of the more embarrassing questions thrown at them from the audience, the boys and girls were quick to let them know that the maneuvers were not unnoticed. They knew which shell the pea was under.

Carlson got a hearty round of jeers when he ducked a question as to what he would do if called upon to sign a bill repealing the dry law.

And Woodring, after having previously made a dramatic declaration that he was there to answer "yes" or "no," got a double helping of raspberry when he sashayed around a query as to whether or not he endorsed the domestic policies of the present national administration.

The young men and women on hand for this experiment in democracy were also quick to recognize telling blows struck by the speakers. When Carlson, for instance, got in a reference as to how much the school needed a new auditorium, the crowd recognized the timeliness of his observation and their cheers raised the dust on the hall's ancient rafters.

It would be hard from the crowd reaction to say which candidates would come out on top in campus balloting. The Woodring supporters were ahead in the volume and length of their cheers but it seemed to the eye that just as many were clapping for Carlson at various times during the evening as were applauding for the Democrat.

Fay Seaton, Manhattan publisher and a leading Kansas Republican, was a very interested observer at the meeting and he summed it up this way:

"It was one of the most satisfying experiences I have ever had. There should be similar debates all over the state during a campaign. Either candidate by himself is not apt to get much of a crowd, but together they bring out the voters. I was really proud of those college students. They proved definitely that they are interested in their government and that they know what it is all about."

Quill Club Sponsors Contest

The College chapter of Quill club, national organization for the promotion of creative writing, will sponsor a Christmas short story contest, it has been announced by Florence Cyhel of Kansas City, student chancellor. A prize of \$10 will be awarded the winner.

THE KANSAS INDUSTRIALIST

FACULTY TEA TO RECOGNIZE 47 YEARS' SERVICE BY ADA RICE

English professor has been faculty member since 1899

Ada Rice retiring professor of English, will be guest of honor at a tea November 12, in Calvin Hall. The tea has a dual purpose: to express the appreciation of fellow faculty members for her 47 years of service as a member of the Kansas State College English staff and to wish her "happy days" during her forthcoming six-month visit in Florida.

Only one person now on the College staff, Dr. J. T. Willard, has served

ADA RICE

the College longer than has Miss Rice. She also is a graduate of the College, having entered as a freshman in 1889 and then worked her way by dropping out occasionally to teach.

Since President Nichols added her to the English faculty in 1899 she has seen it develop from a four-person staff to its present 27.

For five of her 47 years here she taught part time in the School of Agriculture, then run separately from the College proper, as an experiment in giving a different sort of terminal education to young men and women whose secondary education had been too sketchy to prepare them for college.

As Dr. Willard says in his history of the College, two of KSAC's best faculty members—H. L. Kent and Ada Rice—were made principal and assistant principal of that school. It opened with 658 students, about a third of them girls. One of the students was Randall Hill, now professor of economics here. Two others were Richard Wells, later judge of the probate court of Riley County, and Gladys Hartley, who later earned her Ph.D. degree at Columbia University.

Miss Rice became professor of English in 1927 after her return from a year of study and travel in Europe. That trip abroad, however, was not her first. In 1909 she had made "the Grand Tour" of the continent as member of one of the earliest conducted tours, made by boat and "coach and six."

Miss Rice was one of three persons to organize the club which was to become Quill Club and was always active in it.

Her short story courses have been those in which she has had the greatest interest, though she has the gift of being enthusiastic about whatever she does.

Among the many students who recall their work under her with gratitude and pleasure are president Milton S. Eisenhower and Clementine Paddleford, New York Herald-Tribune columnist.

Hort Club Officers Announced

New officers of the Hort club at Kansas State College were elected at a recent meeting in Dickens Hall. They are Phillip Haines, president; Lorene Smith, vice-president; Carol Hess, secretary; Morris Morgensen, treasurer; and Everett Janne, program chairman.

Plan Home Ec News Letter

The School of Home Economics is planning its annual Christmas News Letter, which will contain greetings from Dean Margaret M. Justin, letters from students in Omicron Nu and the Home Economics Club and news from all departments in the school. Graduates who wish to be on the mailing list may send a card with their name and address, according to Miss Martha Kramer, Assistant Dean of the School of Home Economics.

EXPECT 200 KANSANS HERE FOR INDUSTRIAL-AGRICULTURAL WEEK

Approximately 200 Kansans interested in the industrial development of their state are expected on the campus today for the second annual Industrial-Agricultural Week, which will begin this afternoon and end Saturday noon.

Registration will be from 12 to 2 p. m. in Recreation Center, Anderson Hall, where all meetings will be held. President Milton S. Eisenhower will welcome the visitors at 2 p. m. Gov. Andrew F. Schoeppel will open the conference with a half-hour discussion of what Kansas is doing to encourage industry.

Also on the program will be Harold E. Pinches, director of research for Harry Ferguson, Inc., Detroit, who will emphasize the interdependence of industry and agriculture. Will J. Miller of Topeka, Kansas livestock sanitary commissioner, will speak on "Kansas Agriculture Wants Kansas Industry to Grow."

From 4:30 to 6 p. m., visitors will be guests at a reception at the President's home in honor of Governor Schoeppel. Tonight at 7:30 they will hear Dr. A. B. Cardwell, atomic bomb scientist and head of the College physics department, discuss, "Atomic Energy and Its Political Implications."

Graduation at 17 is goal of senior Bonnie Volesky

Graduation from Kansas State College when she is 17 years old—the age at which most people finish high school—is the goal of Bonnie Volesky of Manhattan, senior in modern languages who expects to get her degree in June.

Being graduated at a younger age than her classmates is nothing new for Bonnie. She was graduated from the eighth grade at 9 and from Marysville high school at 13. This unusual record was possible, she explains, because she entered school at 5, took the second and third grades together and the sixth, seventh and eighth grades together another year.

Bonnie held a secretarial position for a year after high school graduation before entering Kansas State. By attending College two summers, she will obtain a bachelor of science degree in modern language in three years. She has changed her major field three times without loss of credit.

In her freshman year, Bonnie distinguished herself by making the second highest grades in the class. She says that because she concentrates hard on her work, she spends much less time in study than many other students.

Revise Registration Schedule

In view of the record fall semester enrollment, College officials will allow an extra day for spring semester registration. The College calendar has been revised to provide four instead of three days for registration in February. Classes will begin a day later than originally scheduled. Enrollment will be February 10 through 13. Classes will start February 14.

Dr. Ackert Invited to Cuba

Dr. J. E. Ackert, professor of zoology, has been invited to present a paper at the first Pan-American Medical-Social Congress at Havana, Cuba, December 3-8. If Dr. Ackert is unable to attend, his paper will be read at the meeting.

RELIGIOUS EMPHASIS WEEK BRINGS DR. W. H. ALEXANDER TO CAMPUS

Oklahoma City minister speaks at two College assemblies

Dr. W. H. Alexander, pastor of the First Christian Church in Oklahoma City, is appearing on the campus this week as guest pastor for Religious Emphasis Week.

College religious leaders scheduled a strenuous round of speeches and appearances for Dr. Alexander. At the opening assembly Monday morning, only about 250 students attended. According to the plan which has been followed this semester, classes were not dismissed for the meeting.

Dr. Alexander's obvious disappointment at the small audience prompted College officials to schedule a special assembly on Tuesday morning. Students crowded the auditorium for the second speech.

In addition to his assembly speeches, Doctor Alexander conducted several forums in Recreation Center for students and faculty members, and was available for personal interviews with troubled students.

Doctor Alexander has been a boxer and war correspondent as well as a minister. He leads one of the largest youth groups in the Southwest.

FEW EX-SERVICEMEN DROP FROM SCHOOL, VETERANS' OFFICE SAYS

Only 2.3 percent of the 4,161 veterans enrolled in the College this semester have withdrawn since the start of school, according to figures released yesterday by the veterans' service office.

Ninety-five ex-servicemen have withdrawn. Their reasons varied from inability to get books to re-enlisting. Twenty-five gave personal reasons, which included dissatisfaction with school or curriculum, lack of interest or inability to study.

Nine students gave financial difficulties as their reason for leaving college and 12 quit to accept jobs. Of the students who withdrew only one was reported by his professors as doing unsatisfactory work at the time of his leaving. One was dismissed for low grades.

Reasons given by the veterans for withdrawing from school included: needed at home, six; accepting a position, 12; changing schools, 12; financial, nine; dismissed, one; housing, six; illness, 10; illness at home, five; to take on-the-job training, one; no books, one; and studies too difficult, three.

Longsdorf Will Speak

L. L. Longsdorf, extension editor at Kansas State College, will speak to groups attending annual Extension Service conferences in Tennessee, Nebraska, and South Dakota during the next month.

High school bands add color at Iowa State game as 10 organizations parade for the crowd

A colorful crowd of 9,000 persons braved a November wind and a sunless sky Saturday to watch the annual Band Day festivities at Memorial Stadium. Ten bands, including more than 560 high school and College musicians, arrived at the stadium a half hour before the kickoff after a chilly march from downtown Manhattan.

The crowd shivered through the game which was brightened by the half-time performance of the band drum majorettes. Army blankets and plaid lap robes checked the stadium as the sun stubbornly refused to emerge from behind the clouds.

Opening the festivities at the stadium for the afternoon, the eight visiting high school bands, the Manhattan high school and Kansas State College bands covered the entire playing field in a mass playing of the "Star Spangled Banner".

Jean Hedlund, K-State band director, starred at the half-time performance with a twirling demonstration in

Graduate Designed Famous Plane

Mac Short, a Kansas State Graduate in 1922 and now vice-president of the Lockheed Aircraft Corporation, was the designer of the Navy bomber "Truculent Turtle," which broke the World's record for non-stop flight October 1.

STUDENTS START \$10,000 DRIVE FOR WORLD WAR II MEMORIAL

A drive among students of the College to raise \$10,000 for the all-faith memorial chapel and chime tower at the College started this week.

Dean Schweninger, Reserve, chairman of the student drive, said representatives of all Greek and Independent organized houses, veteran housing units and religious groups are to contact their members for donations.

Students living in private homes will leave their contributions at a booth set up in Anderson hall.

Various church groups will discuss the drive and collect from their members at regular meetings. These organizations and the YMCA and YWCA will have full use of the chapel for meetings and services. Campus activities will be given preference over all others.

Organized houses may use their contributions as a memorial to members killed in World War II and any group or individual may have a contribution earmarked for any of the several items needed in the interior.

FARM HOUSE FRATERNITY CONCLAVE WILL BE HERE

President Eisenhower will speak at national meeting

Pres. Milton S. Eisenhower and E. C. Scheidenhelm, national president of Farm House fraternity, will be among the speakers at the Farm House national convocation beginning at the Wareham Hotel in Manhattan Friday morning and continuing through Saturday evening.

Delegates from seven states, including Missouri, Minnesota, Nebraska, Oklahoma, Illinois, Iowa and Michigan, will attend the meetings. President Eisenhower will speak on "The Fraternity and College Life" at 9:15 a. m. Friday. Mr. Scheidenhelm will give the national president's report at 9:45 a. m. Friday.

Dean Justin to Missouri

Margaret M. Justin Dean of the School of Home Economics at the College, left Tuesday evening for Missouri where she was to address two groups of the American Association of University Women. "This is Our Challenge" was the title of the speech she was to give at Washington, Mo., yesterday. She will discuss "The A. A. U. W. Program and Its Meaning" before the group at St. Louis today.

FIVE-DAY PROGRAM PLANNED FOR K-STATE'S LARGEST HOMECOMING

College will celebrate return of veterans to campus

Arrangements are being completed for one of the largest Homecoming celebrations in the history of the College with five days of activity preceding the game with the University of Kansas on November 16.

An informal pep parade has been scheduled for Saturday at 11 a. m. The parade will be led by riders mounted on palomino horses from the state 4-H camp, followed by the College band and decorated cars. Organizations will be competing for prizes for the best decorated cars.

The parade route will be north from Third and Yuma to Poyntz Avenue, west on Poyntz to Eleventh Street, north on Eleventh to Moro Street, through Aggieville on Moro Street and Anderson avenue to the south gate of the campus where the parade will disband.

All fraternity, sorority and many independent groups will decorate their houses along the general theme of "Victory Homecoming". Winners will be announced the day of the game. Awards will be made by the Homecoming Queen during the Homecoming Ball.

The "Victory Homecoming" will honor the 5,000 Kansas State students and alumni who served in World War II. Immediately before the kickoff Dr. Howard T. Hill, head of the Department of Speech, will give a brief tribute to these former members of the armed forces and to the 200 who died in the last war.

The five days of activities will begin Tuesday, November 12 with an all-school pep rally and bonfire. The Purple Pepsters and Wampus Cats, campus pep organizations, will continue with rallies and stunts for the remainder of the week. The climax of pre-Homecoming pep activities will come at a pep rally and bonfire Friday night and will be followed by a Jam session and dance.

BALANCED FARM, HOME PLANNING IS THEME OF EXTENSION MEETING

Balanced farm and home planning, the future overall program of the Kansas State College Extension Service, provides the theme for the 33rd annual conference for Kansas extension workers, which will be here November 16.

Approximately 200 county extension agents and 75 members of the central office staff will join in the conference, which will end with the homecoming game between the College and the University of Kansas. E. H. Teagarden, extension district agent, is chairman of the conference.

M. L. Wilson, director of the extension service, Washington, D. C., heads a list of prominent speakers who will be heard during the week. Director Wilson's address to the conference, "Looking Ahead in Extension" will be given at 9:30 a. m. Wednesday at the general session in the Methodist Memorial Temple. His address will be broadcast over KSAC, the College radio station.

"Extension As A Career" is the subject chosen by Dean H. Umberger, dean and director of the College Extension Service, to be given at 9 a. m. Thursday. Dean Umberger has served in the extension division for 32 years and has been director of the service since 1919. He will retire next year.

Plan Wheat Conference

Plans for a three-day wheat conference on the College campus December 2-4 are being made by the Kansas Wheat Improvement Association. Topics to be covered will include heat damage, its cause and how to tell it, kernel identification and growth factors. Because of the large College enrollment, registration for the conference will be limited to about 50.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. Lashbrook, Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris, Assistant Editors
KENNEY FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in instalments. Membership in alumni association included.

THURSDAY, NOVEMBER 7, 1946

TOMORROW'S RURAL EDUCATION

In Wisconsin recently a committee of 68 laymen and school people issued a stimulating report on that state's needs in the way of rural education for safeguarding the future of the state and its citizens. The committee asserts that the present rural schools of Wisconsin are inadequate to their task and that "they are serving the needs of yesterday but not the necessities of Wisconsin's tomorrow." No doubt a like criticism is applicable in some degree to the schools, both rural and urban, of several states.

The committee suggests an imposing program for the 13 years, kindergarten to high school graduation. The program includes 13 groups of subject matter and skills. The 13 range from agriculture, homemaking and business training to music, health, and international understanding. Obviously the committee believes that to safeguard tomorrow it will be necessary to reach back now and then to day before yesterday, for it includes as one of the indispensables "Mathematics, including arithmetic, general mathematics, algebra, geometry and trigonometry." Some educational realists doubtless will greet this declaration with grateful enthusiasm. The report includes no mention of additional Federal aid to education.

Wisely the committee declares that, while rural education should provide effective preparation for rural life, it should not circumscribe the children's opportunities but should enlarge them. This doubtless helps to explain the admirable breadth of the proposed program.

Anybody who has noted (as who has not?) the widespread inattentiveness and linguistic ineptitude of most of us will be specially interested in the committee's number one indispensable. "The English language, including reading, writing, listening and speaking." And the greatest of these, perhaps, is listening.

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

A crack patrol military drill group was organized to "increase interest in drill among R. O. T. C. students."

Students from 39 states, Washington, D. C., and eight foreign countries were enrolled at the College. Foreign students were from China, Philippine Islands, Japan, Porto Rico, Korea, Mexico, Persia and Egypt.

A short course in cooperative management was being offered by the economics and sociology department. The course trained managers of both producers and consumers' cooperatives.

The Wildcats needed to defeat Iowa State and Nebraska to be tied for first place in the Big Six.

TWENTY YEARS AGO

Mrs. Belle Selby Curtice established a \$1,000 loan fund for women in the College, with preference to be given home economics students.

A course in agricultural journalism was added to those offered by the division of Home Study.

Pledges of Sigma Delta Chi, honorary and professional journalism fraternity were, Francis Wilson, Abilene; Ralph Lashbrook, Almena; Carl Feldmann, Sabetha; and Paul Gartner, Manhattan.

Freshmen and new students pledged \$3,200 at a student assembly

Animal Husbandry Department is active at Royal, furnishing exhibits, judging teams and officials

By R. B. CATHCART
Department of Animal Husbandry

Livestock shown by the Department of Animal Husbandry at the American Royal Livestock and Horse Show in Kansas City last month won several first prizes and many placing ribbons. In addition, the department was represented by livestock judging teams and by members of the department who were officials for the show.

In the sheep classes entries were made in fat stock and breeding classes of Hampshires, Shropshires and Southdowns. A summary of the winnings includes seven firsts, six seconds, six thirds and seven fourths. The average sales price for the fat wethers sold at auction was about 40 cents per pound.

Seven steers, six of them Shorthorns, won three seconds, two thirds, and two seconds in the fat stock classes. In the sale following the show these animals sold for an average of 43 cents a pound.

In the judging team contest the livestock judging team ranked third among 14 teams with James M. Nielsen, Marysville, fourth among the 70 contestants. The five members ranked first on the judging horses, and third on cattle and sheep. Nielsen was third highest individual on cattle judging. Other members of the team were: Joe Chilen, Miltonvale; Philip W. George, Lebo; Robert F. Randle, Riley; Frank A. Wilson, Maple Hill. Lloyd Moody, Baldwin, was the alter-

toward the new stadium. The stadium was built as a memorial to the graduates and former students who served in World War I.

Pledges of Sigma Tau, honorary engineering fraternity were Roy Roberts, Garden City; Henry C. Paulson, Atchison; John E. Dill, Augusta; G. A. Kirk, Ft. Scott; W. S. Reeder, Troy; J. E. Irwin, LeRoy; H. G. Miller, Lebanon, Dwight D. Smith, Udall; C. M. Barber, Concordia; and J. H. Church, Austin, Minn.

THIRTY YEARS AGO

Seventy percent of the teachers placed by KSC were listed by their superintendents as strong or superior, according to a survey by E. L. Holton, professor of education. Only four of 167 schools questioned regarded their K-State trained teachers "poor."

The Kansas State College chapter of Phi Kappa Phi, honorary scholarship fraternity, was installed by Dr. Edwin Erle Sparks, national grand president.

The College installed a plant to make ice for use of the departments.

The girls in the department of journalism edited a special Thanksgiving issue of the Collegian. A special staff of all girls was appointed for the issue.

FORTY YEARS AGO

The Kansas City Star carried an illustrated "write-up" of the domestic science department.

The Hamilton Literary Society sponsored an old-fashioned spelling bee open to all students.

It was hoped that a basketball league would be formed of all "the largest colleges of the state."

FIFTY YEARS AGO

E. M. Amos, first-year student, dropped out of College to travel for a portrait house until January.

"Work," said an article, "is a builder of character." It not only provides food and clothing for the worker but "strengthens the will by teaching perseverance and the obedience to high authority."

SIXTY YEARS AGO

Applicants for admission to the College had to be "at least 14 years of age, and able to pass a satisfactory examination in reading, writing, arithmetic including percentage and interest, geography and elements of English grammar." Special consideration could be given to "students of mature age who, for lack of advantages," were unable to pass the entrance examinations.

The potato crop was poor. Many Kansans, it was feared, would not have enough for the winter.

SEVENTY YEARS AGO

An apology was printed for the lateness of the issue. The editors and

nate. This team was coached by Professor F. W. Bell, of the animal husbandry department.

The meats judging team was second among seven teams in the contest. The team ranked second on beef and carcass judging, fifth on pork and tied for fifth on lamb. Douglas George, Lebo, was fifth high individual and was first on beef. Robert Hendrickson, Hays, was tied for sixth in the entire contest and was tied for second on beef. The third member of this team was Floyd Frisbie, McDonald. Professor D. L. Mackintosh coaches the meats team.

Dr. A. D. Weber, a member of the Board of Governors, American Royal, was on the committee of judges selecting winners in the carlot feeder show. Dr. C. W. McCampbell was the judge for Percheron and Belgian draft horses, and Prof. D. L. Mackintosh was superintendent of the horse and mule department. In the sheep department Dr. R. F. Cox judged the Corriedale and Rambouillet breeding stock. Dr. C. E. Aubel had a full assignment as he made the awards for 4-H barrows and Poland China, Spotted Poland China, Duroc and Berkshire breeding classes. The sheep were fitted and shown by Tom Dean, shepherd, and the cattle were fitted and shown by George Crenshaw, herdsman.

printers had been busy with election.

A filler item says, "The way to please a lady—let her do as she pleases."

Extension Director Will Speak Here

M. L. Wilson of Washington, D. C., director of extension, is among three out-of-state speakers for the 33rd annual extension conference in Manhattan November 11-16, the College extension service announced today.

LOOKING AROUND

KENNEY L. FORD

A reunion of 45 former staff members and graduates of Kansas State College was held in the Gibson Hotel at Cincinnati, October 18, the last day of the American Dietetic Association convention. During the four days of the convention approximately 60 alumni registered, but not all attended the reunion.

Among those who met were LeVelle Wood, a staff member from 1928-1945; Ella Jane Meiller, H. E. '32; Marieta Monroe, M. S. '31; Sina Faye Fowler, M. S. '33; Ruth Baldwin, H. E. '40; Iva Welch, M. S. '31; Dryden Quist, M. S. '32; Luella O'Neill, H. E. '30; Cleo Willey, M. S. '41; Lynette Gatten, M. S. '36; Fern Harris Storer, H. E. '28; Sybil Bangs, H. E. '43; Bertha Biltz, H. E. '20; Grace Scholz, H. E. '33; Virginia Harger, M. S. '38; Janette Carlsen, H. E. '43; Arlene Shields, H. E. '45; Hester Smith Harris, M. S. '41; Evelyn Scholz, H. E. '46; Louise Green, H. E. '41; Viola Hart, H. E. '29; Doris Odle, M. S. '44; Helen Tipton, H. E. '41; Sister Regina Marie, M. S. '37; Margaret Blaylock, H. E. '43; Ruth Gordon, H. E. '30; Maxine Clark, H. E. '44; Elaine Friesen, H. E. '44; Neva Keene, H. E. '43; Freda Mumaw, H. E. '42; Beth Byers, H. E. '39; and Elizabeth Huey, H. E. '39.

The campaign for \$275,000 for the World War II Memorial Chapel at Kansas State has progressed with a number of successful alumni meetings in October.

The schedule included meetings at Junction City, Abilene, Clay Center, McPherson, Lyons, Great Bend, Larned, Ness City, Scott City, Ulysses, Liberal, Ashland, Dodge City, Greensburg, Hutchinson, Ottawa, Iola, Fort Scott, Pittsburg, Independence, Wellington, Anthony and Medicine Lodge.

Meetings in November will include November 1—Pratt, noon; Garden City, Hays, Salina, Topeka, Wichita and Coffeyville, evening. November 18—El Dorado, evening. November 19—Kingman, evening. November 20—Newton, evening. November 21—Winfield, evening.

It was a pleasure to meet alumni and former students at the meetings and to talk about the drive for the memorial. Cooperation has been

OLD GREEK-INDEPENDENT PARTIES ARE TARGET OF CAMPUS POLITICOS

Paralleling increased student interest in state and national political questions, student politicians last week attempted to create a new system of College politics with the formation of two new parties. Murlin Hodgell, Topeka, was instrumental in the formation of both.

At a noisy meeting in Recreation Center early in the week, an attempt was made to synthesize representatives of both Greek and Independent organizations into a single All-College party. Hodgell, an Independent and one of the instigators of the movement, was elected president of the organization after a bitter contest with a fraternity delegate.

Later in the week, Hodgell charged that the new party was in the hands of a Greek bloc. He bolted and announced the formation of a "Commonwealth party." The second party is based on the old Independent Students Party, of which Hodgell was already president.

TWO-THIRDS OF K-STATERS HAVE VOTING PRIVILEGES

About 2,500 students register for local polling

About two-thirds of Kansas State's 6,500 students were eligible to go to the polls Tuesday, R. I. Thackrey, dean of administration, estimated.

Approximately 2,500 students and wives registered for voting, according to Art Hjort, city clerk. Many others who are registered in their own hometowns voted absentee ballots.

English Geneticist Here

Dr. K. Mather of the John Innes Horticultural Institute of England spoke on heredity at the annual fall dinner of the Kansas State chapter of Sigma Xi, science society, at 6 p. m. Tuesday in the Wareham Hotel. Dr. Mather also addressed a genetics seminar this week on plant and animal breeding.

KANSAS POETRY

Robert Conover, Editor

Gayfeather

On windswept prairie hills
The Kansas gayfeather blooms,
Regally purple and woven
On sturdy September looms.

Companion of goldenrod
And the slender blue sage,
It is one more delightful poem
In Autumn's page.

—Gertrude Lyle Hunt
Topeka, Kansas

Sunflowers

By H. W. Davis

SLOW SIGN

There could be one serious objection to the folks who live in the Midlands of America. They are far from properly appreciative of the Indian summer season that one way or another always slips in for a week or two between the middle of October and the middle of November. If California or Florida or New England or Tahiti or the Riviera had anything half so good, the world would long ago have been bored stiff hearing about it.

When the vast round sky decides to get blue above Kansas and the neighboring states, there is never a doubt about its blueness. When the temperature obligingly determines to slip in between warm and cool and stay there much longer than you think possible, it most doggedly does so. When the breezes lazy around and the brown and yellow and gold leaves reply to the blue of the sky and the autumnal haze spends the whole day getting nowhere, you sort of succumb to the obvious indifference of Nature and let all your troubles tumble into oblivion.

Midlanders, I therefore think, should tell the world of their wonderfully good luck—perhaps not so blaringly as the paid publicists of other favored spots do—but tell the world just the same that Indian summer in the Midlands is something to live for, live through, and glowingly remember.

The other day I drowsily got to wondering whether the United Nations had not made a mistake in settling in New York—with all its big-city blare and bustle and tension. What the harried, hurried delegates need most, I guess, is some of the calm of riotous color in very wide open spaces where the danger of collision is negligible and there is no particular reason for getting everything done by the end of next week or the week after. Maybe, while lolling in the haze and the no-hurry-at-all, the delegates might shed some of their robes, forget their sharp orders from home, and develop a kind of indulgent understanding one for the other.

Our worried old world needs a spell of Indian summer, torn as it is with so many high-sounding causes that die early deaths. Worried world needs more kindly "Fine Mornings!" and fewer diplomatic speeches, more "How are you's?" and fewer blaring statements of policy. Worried world needs more of the smooth tolerance and the lack of concern about winter-just-around-the-corner that gets into your system when you sink under the spell of Indian summer in the Midlands.

It would be nice—maybe much more than merely nice—if we Midlander folk could persuade all the over-charged United Nations delegates to fly out and loaf around for a week or two. It might turn the trick—with Indian summer at bat.

Half Century of Cellophane

Though most grandmothers never shopped for groceries wrapped in cellophane, the transparent film is celebrating its 54th anniversary this year. Historians must go back to the fundamental laboratory work of the English chemists, Charles F. Cross and Edward J. Bevan, as the starting point. A Swiss, Jacques E. Brandenberger, developed and commercialized the material. By 1912 he had perfected his production machinery and had given it the name, "cellophane," after the first syllable of "cellulose," and the Greek word "phaneros," meaning glass-like or transparent.

—du Pont.

AMONG THE ALUMNI

The address of Dr. C. D. Blachly, '02, is 2752 N. W. 18th, Oklahoma City, Okla.

A. D. Holloway, Ag. '07 and Margaret (Cunningham) Holloway, D. S. '07, live at 822 South Friends, Whittier, Calif. They have three children, Vera, Virginia and Barbara. Holloway is a realtor and insurance agent at Whittier.

The Rev. Frederic S. LaRue, husband of Nelle (Wolf) LaRue, D. S. '08, died October 3 in Manhattan. He was former associate pastor of the First Baptist church in Manhattan.

Flora (Morton) Phillips, H. E. '11, is teaching in Wichita. Her address is 1531 Maple street.

David G. Blattner, E. E. '11, is switching apparatus engineer for the Bell Telephone Laboratories in New York City. He and Mrs. Blattner have two sons and a daughter. Their home is at Mountain Lakes, N. J.

Frank H. Graham, E. E. '13, is an industrial furnace engineer for the Amsler-Morton Company, Pittsburgh, Pa. He and Mrs. Graham live at 145 Washington, Pittsburgh, 18, Pa.

The address of Col. G. W. Fitz Gerald, D. V. M., '16, is Surgeon's Office, Headquarters Sixth Army, Presidio of San Francisco, Calif.

George P. Gray, C. E. '17, and Catherine (Washington) Gray, f. s., are living at the Hotel Tuller in Detroit. They have a daughter and two sons. Mr. Gray is an industrial engineer for the Detroit arsenal. During the war he was chief of procurement planning in charge of all wheel vehicles for the Army and lend-lease.

The address of Ohmer R. Miller, E. E. '18, is Bell Laboratories, 463 West St., New York City. He is with the Mt. Kemble Laboratories in Morristown, N. J.

Frank H. Collins, '20, is a chemist with the U. S. Food and Drug Administration, 501 Federal Bldg., Cincinnati, Ohio. His home is at 6632 Elm St., Cincinnati, 27.

A note from Fred H. Dodge, Ag. '21, 917 E. Main, Shawnee, Okla.: "Please change my address for the INDUSTRIALIST. I am being transferred to Shawnee as farm agent on that reservation. Sorry not to have been at the Silver Anniversary of my class this year but this transfer was in the making and we couldn't get away."

Everett H. Willis, Ag. '22, lives at 197 Bellaire, Louisville, Ky. He is manager of the piano departments for Shackleton Piano Co., Louisville. He has a son, Jimmy, 10.

Harry E. Ratcliffe, Ag. '23 and M. S. '25, Mrs. Ratcliffe, and four children, Shirley, 15; Roger, 13; Barbara Lee, 11; and Stanley, 9, live at 1907 North Nicholas St., Arlington, Va. Mr. Ratcliffe returned to the Co-op Research and Service Division of the Farm Credit Administration from the War Food Administration last fall. He is an agricultural economist.

James N. Hume, E. E. '24, and Georgia (Hamm) Hume, f. s., live in Cincinnati, O., where he is superintendent of the General Electric Service Shop, 215 West Third. They have a son, James N., Jr., 15. Mr. Hume was a lieutenant colonel in ordnance in Germany during the war.

C. W. Schemm, E. E. '25, is an electrical engineer with Sverdup and Parcel, consulting engineers in St. Louis. His address is 4512 West Pine Blvd., St. Louis, 8, Mo.

Charles W. Claybaugh, I. J. '26, lives at 117 West Fifth South, Brigham City, Utah. He is publisher of the Box Elder News-Journal, semi-weekly, owned in partnership with William M. Long, a Missouri University graduate. In addition to commercial printing the firm also prints two other publications. Murray Mason, I. J. '46, is advertising manager of the News-Journal. Mr. and Mrs. Claybaugh have two children, Charles, 6; and Kathy Kay, 2.

The address of Minnie F. Johnson, G. S. '27, is Garell Brokerage Company, 225 W. 8th Street, Kansas City, 6, Mo.

Raymond E. Dunnington, C. E. '28, and Mrs. Dunnington are living at 820 S. College, Springfield, Ill. Mr. Dunnington is with the Illinois division of highways.

Ralph O. Lewis, Ag. '29 and Mrs. Lewis live at 815 Elmwood, Lincoln, Nebr. Mr. Lewis is chief of the con-

servation surveys division, soil conservation service, region five.

Dr. Roy O. Greep, G. S. '30, Mrs. Greep, and three children, Ann Louise, 10, Marjorie, 4, and Nancy, 2, live at 56 Upland Road, Brookline, Mass. Dr. Greep is an associate professor of dental science at the Harvard School of Dental Medicine and a teaching fellow in anatomy at the Harvard Medical School.

The home of Geraldine (Johnston) Drake, P. E. '31, is at 2732 Upton Avenue South, Minneapolis, Minn.

Wilbur S. Nay, G. S. '32, and Lorna (Nichols) Nay, f. s., live at 1020 Maple Avenue, Tempe, Ariz. Mr. Nay is an industrial arts teacher at the high school in Tempe.

The address of Dr. H. W. Loy, Jr., Ch. E., '30 and M. S. '33, and Mrs. Loy is 328 North Oxford Street, Arlington, Va. They have one child, Linda Ann, 3 1/2 years old. Dr. Loy is a chemist with the vitamin division of the U. S. Food and Drug Administration, Washington, D. C.

Clair N. Palmer, E. E. '34 and Mrs. Palmer live at 529 Cleveland Ave., Schenectady, N. Y. Mr. Palmer is sales engineer for General Electric Company, 90 State Street, Albany, N. Y.

Sanford E. Johnson, D. V. M. '35, and Mrs. Johnson are living at 3016 Newport, Ave., Omaha, Nebr. They have a daughter, Mary L., 3.

The address of Fred E. Garrison, Jr., Com. '36 and Myra (Roth) Garrison, H. E. '35, is Apt. 6, 1504 West First, Grand Island, Nebr. They have two children, Suzanne, 6, and Marilyn, 3. Mr. Garrison is sales representative for the Diversey Corporation, Chicago, Ill., selling and servicing industrial chemicals for the food industry.

Irvin W. Wagner, Ag. '37, is supervisor of the Farm Security Administration at Washington, Kan.

Lawrence A. Platt, M. E. '38 is chief engineer of the Keystone Trailer and Equipment Company, 1501 Guinotte, Kansas City, Mo. Mr. and Mrs. Platt and sons, Sidney, 8, and Lawrence, 5, live at Lake of the Forest Club, Edwardsville.

Clyde D. Mueller, Ag. '39 and Enid (Stoops) Mueller, H. E. '40, live at Camillus, N. Y. Mr. Mueller is a poultry geneticist for Westhill Farms, Camillus.

Wilbert J. Foos, Ch. E. '40, is employed with the state highway commission with the title of Chemist II. He and Mrs. Foos live at 304 State, Augusta.

Donald A. Yost, Ag. '41 and Lois (Forman) Yost, f. s., '40, live at Marks, Miss. Their address is Box 484, Marks. Mr. Yost is soil surveyor for the Bureau of Plant Industry.

Leo E. Cross, P. E. '42, is coaching high school and grade school teams in baseball, basketball and track at Towanda. He also is teaching high school physical education classes and world geography, economics and constitution.

Frank W. Jones, C. E. '43, and Mary Catherine (Randell) Jones, f. s., '44, are living in Topeka. Mr. Jones is a civil engineer for the division of water resources, Kansas State department of agriculture. He and Mrs. Jones have a son, Terry Lee, born October 12, 1945.

Hurst K. Majors, I. J. '43, and M. S. '44, lives in Apt. 201, 4304 North Henderson Road, Arlington, Va. He is with the Army Security Agency, Washington, D. C. He is a research analytic specialist, responsible for writing technical monographs describing War Department research.

Morris J. Pollock, E. E. '44, and Ruth (Cole) Pollock, G. S. '42, live at 606 West Eighth, Coffeyville. They have one son, Morris John, Jr., 19 months old. Mr. Pollock is an electrical engineer at the Sinclair Refinery in Coffeyville.

Harry G. Reagor, D. V. M. '45, and Marian (Eaton) Reagor, f. s., '42, live at 30 California Avenue, Reno, Nev. Dr. Reagor is a veterinarian with his father and J. R. Olson.

A letter from Betty Swan, H. E. '46: "A bit tardy but here's my membership fee for alumni association and the INDUSTRIALIST. And here's the additional information for the graduate records we filled out just before the close of school: Occupation—assist-

ant woman's editor of Capper's Farmer magazine, Topeka. Mailing address—305 Greenwood, Topeka."

MARRIAGES

WATERMAN—COLES

Janis Waterman was married to Dr. Embert Harvey Coles, Jr., D. V. M. '45, July 27 at Des Moines, Iowa. Dr. and Mrs. Coles live at 3222 West Street, Ames, Iowa.

GREY—WORTHMAN

Naomi Krey became the bride of Dr. Robert Worthman, D. V. M. '43, on July 27 at the First Lutheran church in Manhattan. They live at York, Nebr.

CORNELIUS—WOODBIDGE

Lorna Marie Cornelius, f. s., and Dr. John P. Woodbridge, D. V. M. '46, were married at the Congregational church in Manhattan July 21. Dr. and Mrs. Woodbridge live in Pierson, Iowa.

BORTH—ARNOLD

Pauline Borth, H. E. '41, was married to George H. Arnold of Hazardville, Conn., July 28 in Philadelphia. Mr. and Mrs. Arnold live in Hazardville.

PLEASANTS—FOSTER

Elizabeth Pleasants of Greensboro, N. C., and John C. Foster, Arch. '41, were married July 31 at Greensboro. Mrs. Foster is a graduate of Women's College of the University of North Carolina. The Fosters live in Apt. '69, Coronado Courts, Salina.

BIRTHS

A daughter, Carol Signe, was born April 13 to Althea (Keller) Lindahl, H. E. '35 and M. S. '38, and Carl T. Lindahl, Enterprise. Mrs. Lindahl writes: "We are living on a farm four miles east of Enterprise in the stone house built 75 years ago by Carl's grandfather. I'm finding farm life fun."

Jane (Haymaker) Floersch, H. E. '42, and Robert C. Floersch, B. A. '43, are the parents of a son, Richard Henley, born October 22. Mr. and Mrs. Floersch live at 426 West 46th Terrace, Kansas City, 2, Mo.

A son, John Wayne, was born May 24 at Dodge City to Dorothy (Bell) Perrier, G. S. '38, and John P. Perrier, Ag. '39, of Dodge City.

Lawrence Morgan, Ag. '32, and Isabel (Porter) Morgan, f. s., of Goodland are parents of a son, Lyn J., born October 1.

A daughter, Susan Elaine, was born October 2 to Theda (Foland) Campbell, G. S. '44, and Ronald Campbell, Ag. '43 and M. S. '46. The Campbells live at 1106 Pomeroy, Manhattan.

L. A. Pierce, D. V. M. '41, and Mrs. Pierce of Cedar Rapids, Iowa, announce the birth of a daughter, Patricia Ann, October 2.

DEATHS

IRELAND

Myrtle (Kahl) Ireland, D. S. '07, died of a cerebral hemorrhage October 26 at Glickner hospital, Colorado Springs, Colo. Survivors include her husband, H. A. Ireland, Ag. '07, and two children, Louise (Ireland) Frey, Hartford, Conn.; and Lucile (Ireland) Hultquist, Bound Brook, N. J.

FLEENOR

Dr. Beatty Hope Fleenor, B. S. '19 and M. S. '23, professor of education in the home study service at Kansas State College, died in Milwaukee, Wisc., October 15. He had been ill several months. Dr. Fleenor's first position with the college was assistant to the director of rural service in 1919. In 1923 he was appointed assistant professor of education, becoming a full professor in 1927. He received his doctor of philosophy degree from the University of Missouri in 1931.

Honor societies of which he was a member included Phi Kappa Phi, Gamma Sigma Delta, Pi Gamma Mu, Epsilon Sigma Phi and Phi Delta Kappa. Survivors include the widow, Mrs. Jessie Harris Fleenor and a daughter, Mrs. Mary Elizabeth Keller of Milwaukee. Funeral services were October 18 at the Methodist church in Manhattan. Interment was in Sunset cemetery.

Students hope for fourth trip down aisle together

Two Kansas State College students are looking forward to marching down the aisle together for the fourth time.

They are Mr. and Mrs. Robert J. Weaver of Burlington, who hope to get their degrees at the same commencement. Acquainted since they were five, they have marched down the aisle together three times previously.

Because they were the tallest students in their class, they walked together when they were graduated from eighth grade. They had their first date when they were seniors. And again because they were the tallest in their class, they walked down the aisle at high school commencement. They made it a third time by getting married.

Weaver is studying veterinary medicine. His wife is majoring in journalism.

"PROSPECTS FOR PEACE" IS ASSEMBLY SPEECH TOPIC

Dr. John Scott Everton to address assembly Monday

"Prospects for Peace" will be the topic of Dr. John Scott Everton, dean of the chapel at Grinnell College, Iowa, at a special Armistice Day program in College Auditorium at 10:50 a. m. Monday.

A minute of silence will be observed at the College at 11 a. m. Monday classes will run on a special schedule and will not meet during the assembly hour.

The assembly will be sponsored by the Veterans' Association at the College and by the International Security Assembly, student organization for fostering world understanding.

Organize Spanish Club

Club Cervantes is the name of a new Spanish club organized at the College under the sponsorship of Manuel D. Ramirez, assistant professor of modern languages. The club is for advanced Spanish students and Latin American students. Club officers are Sergio Cuculiza, Peru, president; Mildred Allison, Colorado Springs, vice president; Barbara K. Stiles, Manhattan, secretary; Del Delgado, Minneola, treasurer; and Leslie Black, Manhattan, historian.

Building Economical Houses

Information on economical house construction for prospective home owners and home builders is included in "House Framing," by H. E. Wichers, a new bulletin recently released by the Engineering Experiment Station.

Reprint Home Modernizing Bulletin

How old houses may be remodeled and modernized is described in "Modernizing the Kansas Home," reprint of a popular bulletin, and now available from the Engineering Experiment Station. The bulletin was written by H. E. Wichers, professor of architecture.

Morale hasn't time to waste in the indulgence of hate. It is too busy loving good and winning its victories by having the courage to love it with its life.—Independent Woman.

RECENT HAPPENINGS ON THE HILL

Students staged a huge pep rally, with a torch parade and bonfire in the City Park, the night before the K-State Iowa State football game.

The Student Opinion Institute, which conducts Gallup-type polls on questions of campus interest, has reported that students do not favor a \$5-a-semester social fee proposed by the Student Planning Committee.

Students observed Navy Day with an assembly program in the Auditorium October 31. R. C. Maloney, assistant dean of the School of Arts and Sciences, was in charge of the program. Representatives of the Marines, Navy and the WAVES spoke at the assembly.

As a laboratory exercise in a radio broadcasting class, six students gave play by play accounts of the Kansas State-Iowa State football game. There was no broadcast, however, the only audience was a recording machine.

Dorothy Maynor, Negro soprano, appeared in College Auditorium Monday night under the auspices of the Manhattan Artist Series.

The College meats judging team, coached by D. L. Mackintosh, associate professor of animal husbandry, was second in the intercollegiate meats judging contest at the American Royal Live Stock Show in Kansas City recently.

6,500 K-State students crowd city's churches

A record enrollment of more than 6,500 students at Kansas State College has crowded churches in Manhattan.

A new accommodation for College students is the Sunday morning service conducted by the First Methodist Church in a motion picture theater near the campus. The special service was arranged for the convenience of students who cannot attend another church service or who lack transportation. The same service is conducted in the theater at 10 a. m. and at the regular church at 11 a. m. A student choir is being organized for the early service.

Some churches have organized new religious classes. Many students are married and some churches have special organizations for student couples. In one church the sorority for young girls volunteers its services free as baby sitters whenever the married couples have social events.

One church conducts Tuesday evening prayer services for all students.

Alpha Zeta Elects Officers

The Kansas State chapter of Alpha Zeta, national honorary agricultural fraternity, has elected officers for the present school year. They are Harold Riley, chancellor; Floyd Rolf, censor; Richard Turner, scribe; Roy Currie, treasurer; Donald Price, chronicler; and William McMillan, program chairman.

NO GIFT TOO LARGE---NONE TOO SMALL

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

KANSAS MAGAZINE WILL PRINT WORK OF 14 NEW CONTRIBUTORS

New edition will be published early in December

Prose contributions from 14 writers new to The Kansas Magazine will appear in the 1947 edition, which will reach newsstands early in December.

In addition, the magazine will publish prose pieces by several writers who have contributed in the past. The magazine will contain prose, verse and art about Kansas or by Kansans and persons from surrounding states, according to Robert Conover, editor. Most of the copy is already in the hands of the printer but some final selections are still being made, he said.

Walter Johnson, assistant professor of history at the University of Chicago, appears for the first time in the magazine with his article, "William Allen White: Composite American." In 1945 Johnson was granted a Newberry Writing Fellowship to assist him in completing the biography of White. His book, of which the article is a chapter, will be published by Henry Holt Company.

Harry Levinson, formerly of Emporia and now of Topeka, makes his initial appearance in the magazine with an article about Walt Mason, famous rhymester for the Emporia Gazette. His article is called "The High Priest of Horse Sense."

"I Go Home Again" is the first Kansas Magazine contribution of Allen Crandall, a pressman and publisher who lives near Manhattan. He is author of a biography of Vardis Fisher soon to be published by Caxton Printers, Inc.

A distant kinsman of John Brown is among the new contributors. He is Edwin W. Mills of Osceola, Mo., who has written a sketch about Richard Smith Elliott, who proved that trees could grow on Kansas plains. Both of Mills' grandfathers and his father were neighbors of Elliott. The article is entitled, "Richard Smith Elliott: Tree Apostle of Kansas."

In a plea for conservation, John Fisher of Bazaar, Kan., has written an article on the wasting away of soil. Maxine Maree's first contribution is a short story, "Home is a Strange Word."

Carol McAfee Morgan, a native Kansan, describes life in the Dominican Republic in her first article for the Kansas Magazine, "The Land Shakes." She is the wife of a church supervisor in the Dominican Republic.

Another newcomer to the magazine is Gerald Wexler, a recent journalism graduate of Kansas State College. His short story is called "The Huns." A contributor to Tomorrow, Profitable Hobbies and other magazines, Wexler now lives in New York.

Racial relations are discussed in "Adventure on a Train," an article by Bernard A. Tonnar, S. J. A Southerner by birth, he recently completed four years of theological training at St. Marys College. He has contributed to more than 20 magazines, among them Pan-American, Catholic World and Interracial review.

Since Kentucky is a state of beauty, charm and hospitality, Edith Richardson wonders why people left it to settle the West. Her article is called, "Why Did They Wander from Their Old Kentucky Homes?" Formerly of Ottawa and Topeka, Mrs. Richardson is now columnist for her husband's newspaper in Glasgow, Ky. She has been a staff member of the Louisville Courier Journal and Times.

Kansas folksongs are the subject of a study by Mildred McMullen of Norton, a member of the faculty of the Department of English at Kansas State. Her article, "The Prairie Sings," is her initial contribution. She recently completed a collection of folksongs from Northwestern Kansas.

"A Beggar Came to Town," a short story, is the first contribution to the magazine by Carlos Bulosan, who has written for the New Yorker, New Republic, Saturday Evening Post, Saturday Review of Literature, New Masses and Harper's Bazaar. He has written and edited several volumes of verse. Bulosan came to the U. S. from the Philippines about 15 years ago.

Also new to The Kansas Magazine is Michael Amrine, who has described Albert Einstein in "The Little Professor." Before he became publications editor of the Federation of Atomic Scientists, the 28-year-old newspaperman was Washington rep-

resentative for the London Daily Herald. Born and reared in Kansas, he has worked for the Emporia Gazette and the Kansas City Journal. His articles have appeared in This Week, Collier's and Look.

Isabelle H. Daniel's first article to appear in the magazine is "Historic Portsmouth." Born in Franklin, Kan., she has lived in New Hampshire, Texas, California, Washington and Alaska.

Huck Heath, veteran of army service overseas including a tour of duty in Tokyo, will start at right tackle for the Wildcats Saturday, November 16, in the Homecoming game with Kansas University. Heath made 17 tackles in the Wildcats' last home stand against Iowa State to make himself the outstanding lineman on the field.

WILDCAT TWO-MILERS WIN TRIANGULAR, DUAL MEETS

Beat Kansas University, Iowa State in three-way race

Ward Haylett's two-mile team won a triangular and two dual meets Saturday morning in Memorial Stadium. The triangular score was Kansas State 54, Iowa State 40, Kansas University 26. Figuring the points on a dual basis, Kansas State defeated Iowa State 34-21 and Kansas University 35-20. Iowa State bested K. U. 34-21.

The meet, run off in the morning preceeding the K-State-Iowa State football game, produced a fast winning time of 9:48.4 turned in by Dick Jones of K. U. Don Borthwick, Kansas State was second and Ray Ade and George Leasure, also of K-State, were third and fourth. Jim Cunningham and Dave Van Haberveke, both Wildcats, finished eighth and ninth.

The team will go to Lincoln Thursday for a dual with Nebraska University's two milers.

WILDCATS WORK TOWARD GAME WITH K. U. FOR HOMECOMING

Iowa State tramples K-State 13-7 in contest here

Eager to make the 1946 Victory Homecoming a victory in every sense, Kansas State football players and coaches are pointing toward their November 16 contest with the highly favored University of Kansas Jayhawkers in Memorial Stadium at Manhattan.

The Purple and White gridiron students of Coach Hobbs Adams have little chance against the more powerful and successful team from the lower Kaw—particularly if the pregame choice is made from season performances.

Only tradition offers encouragement to the Wildcats. Old timers who have followed the Wildcat-Jayhawk series since its beginning in 1902 know that tradition offers the underdog a distinct advantage in the annual intra-state meeting. One need only turn the record pages back two years to find an example of underdog whipping favorite. In 1944, Kansas came to Manhattan an undisputed favorite, only to return to Lawrence on the short end of an 18-14 score. The 43-game series has been packed with similar incidents.

This season K. U. has won four games, lost two, tied one. Kansas State has lost five. Kansas victories have been 21-13 over Denver, 14-13 over Wichita; 24-8 over Iowa State and 14-13 over Oklahoma A and M. Jayhawk losses were to Tulsa 56-0 and Nebraska 16-14. The Mount Oread men have a 0-0 tie game with T. C. U.

Kansas State has lost to Hardin-Simmons 21-7, Nebraska 31-0, Missouri 26-0, Oklahoma 28-7 and last Saturday lost to Iowa State 13-7.

Both Kansas State and Kansas University, have games to play this week-end before their important clash here next week. Kansas will try to stay in the conference race when it entertains powerful Oklahoma at Lawrence. Kansas State will fly to San Francisco for a non-conference contest with the heavy San Francisco University Dons. The team will leave Topeka 8 a. m. Friday via Continental Airlines and arrive in San Francisco 4 p. m. Friday afternoon, Pacific Coast time. Two stops will be made enroute, one at Denver, the other at an unannounced place. The return trip will start Sunday at 8 a. m., with the team scheduled to land in Topeka at 8 p. m.

In Saturday's game with Iowa State at Manhattan, the Wildcats took a 7 to 0 lead in the second quarter when Vic Jones, fullback from Pretty Prairie, carried the ball over the Cyclone goal line in four plays from the Iowa State 17. John Conley, El Dorado center, had set-up the touchdown by recovering a Cyclone fumble on the 17.

The Iowans dominated play in the final half as a little halfback named

Dick Howard went for touchdowns in the third and fourth periods. Howard's first score was on a 38-yard run, his second on an 18-yard jaunt. The Cats played the fourth quarter without the help of Quarterback Gene Snyder who left the game in the third period with a slight brain concussion.

Kansas State kept up its record of being one of the best punting teams in the nation. Karl Kramer, nationally-famed for his kicking, averaged 45 yards.

GRIMES SPARKS JUNIOR WILDCATS TO 26-0 VICTORY OVER WICHITA U.

Quarterback Ted Grimes, sophomore from Manhattan, scored three touchdowns and passed for another Friday night at Wichita as the Kansas State B team, coached by Lud Fiser, scored a 26-0 win over the Wichita B team. It was the junior Wildcats' second victory over the Wheatshocker seconds. They won the first contest 14-0.

Grimes' first score came on a 30-yard quarterback sneak on the third play of the game. In the second quarter, the Wildcats struck again after a pass from Halfback George Sanger to End Bob Fiesel put the pigskin on the Shocker three. Grimes went over for the counter and Delbert Ehret booted his second extra point.

In the third quarter Sanger set up another score with two passes, one to Walt Fredericksen, the other to Fiesel, to advance the ball to the five-yard line. Again Grimes went over for the touchdown. It was the fourth period when the Cats scored again on a 30-yard pass, Grimes to End Bill Wolf in the Shocker end zone.

Fiser's B team has defeated Wichita twice, lost once and tied once in games with Nebraska, and lost to Missouri and Kansas. Saturday afternoon the junior Wildcats meet Emporia State's B team at Emporia and Saturday, November 23, they will play Kansas University at Lawrence.

Student was chauffeur for Ernie Pyle in Normandy

A little man wearing an old stocking cap and a warm friendly smile was the late Ernie Pyle as David Mesh, student in agriculture, remembers him.

Mesh was a jeep driver attached to the publicity and psychological warfare branch of the First Army in Normandy when he met Pyle, who was billeting with his unit. Soon after D-Day, Mesh was called to drive Pyle on a night-long jeep ride to First Army headquarters.

"It was our job to haul the correspondents around," says Mesh. Other persons for whom Mesh chauffeured in his two years overseas were Hal Boyle, war correspondent from Kansas City; David Niven, movie star who was then in public relations work with the British Army; and Henry Davenport, correspondent for Colliers magazine.

FORD NAMES 27 NEW CHAIRMEN TO DIRECT CHAPEL FUND DRIVE

Local leaders will head drive for World War II Memorial

Names of 27 more persons who have been selected to direct local fund-raising campaigns for the all-faith memorial chapel and chime tower at Kansas State College have been announced by Kenney L. Ford, secretary of the Kansas State College Alumni Association.

The chapel, to be constructed on the college campus, will be a World War II memorial to the 5,000 K-Staters who served in the war and especially to the 200 who died.

The campaigns will begin immediately in the various counties and communities.

The newly appointed chairmen: W. G. Ransom, Jr., Homewood, Franklin County; Henry Schmitz, Ottawa; Warren C. Perham, Iola, Allen County; Caldwell Davis, Jr., Bronson, Bourbon County; Garland M. Atkins, Fort Scott; Hiram A. Holzer, Pittsburg, Crawford County; Frank Freeto, Pittsburg; Ralph Shideler and William M. Beezley, Girard.

Don Wiggins, Independence, Montgomery County; Howard J. Winters, Independence; Carlton Hall, Coffeyville; R. S. Kirk, Wellington, Sumner County; Lynn Burris, Wellington; Edgar C. Miller, Anthony, Harper County; W. C. Fulton, Harper; Dr. W. F. Maninger, Anthony.

Lloyd E. Rogler, Medicine Lodge, Barber County; Mrs. Charles W. Pratt, Pratt County; Paul Tupper, Pratt; Dr. I. F. Gatz, Preston; Neil McCormick, Mrs. Ruth Burns, Mrs. Josephine Edwards, Miles George, all of Wichita; John Shaver, Salina, Saline County; Dwight Tolle, Salina.

SIX STUDENTS ARE ELECTED TO HONORARY ORGANIZATION

Phi Kappa Phi picks two undergraduates, four graduate students

Two undergraduates and four graduate students at the College have been elected to membership in Phi Kappa Phi, honorary scholastic society.

The undergraduates are Isabel Helen Fields and Sidney Galinko, both of Manhattan and both enrolled in the School of Arts and Sciences. Graduate students include Gordon G. Lill, Mt. Hope; and Charles Jakowatz, Frank Miller, Jr. and Richard S. Storer, all of Manhattan.

KSC 1946 Football Schedule

Hardin Simmons U. 21; KSC 7.
Nebraska 31; KSC 0.
Missouri 26; KSC 0.
Oklahoma 28; KSC 7.
Iowa State 13; KSC 7.
Nov. 9—San Francisco U. at San Francisco.
Nov. 16—Kansas U. at Manhattan. (Homecoming).
Nov. 23—New Mexico at Albuquerque.
Nov. 30—Arizona at Tucson.

Fifteen candidates are competing for the title of Homecoming Queen during the Homecoming festivities November 12-16. The queen will be chosen by a campus committee, headed by John F. Helm Jr., professor of freehand drawing and painting, next week. Arrangements for selecting the queen and her presentation between halves of the game are being made by Blue Key, honorary society for senior men.

The candidates are, left to right, back row: Mary Louise Downing, Kansas City; Thelma Jo Stedham, Bonnie Woods, and Doris Griffin, all of Salina; Aileen Roeder, Almena; and Phyllis Lou Johnson, Salina. Front row: Dorcas Wilson, Burr Oak; Kathryn Chalk, Osborne; LaWana Phelps, Winfield; Christina Haun, Wichita; Katherine Lowell, Concordia; Alice Eisenhut, Manhattan; Betty Bicknell, Kansas City; Josephine Best, Hazelton; and Marion Terrill, Hutchinson.

Number 7

Returning Graduates Will See Many Campus Changes Saturday

TEMPORARY FACILITIES CROWD CAMPUS, SHOW HOUSING NEED

Federal, State and College funds used to meet situation

When graduates and former students return to the campus this week for Homecoming activities they will see much evidence of the temporary housing which now crowds the once spacious 155-acre campus. What they will see will point up the desperate need for permanent housing facilities for a student body of 6,500 students. Although much has been added since this air view was taken, the picture gives a hint of what is taking place.

1. Once the baseball diamond and football practice fields, this area now has 30 army barracks in place. Forty-two others are across the road (west) on the Elliott tract. Five others are in Goodnow Park in the northeast section of Manhattan. These 77 buildings are being converted into 308 apartments for married veterans. This F. P. H. A. project is costing the federal government a million dollars. The College is spending \$20,000 on the project. Completion date is indefinite. The city of Manhattan also has seven units, housing 28 married veterans, in Goodnow Park.

2. Campus Courts. One hundred one trailer units which have been in use more than a year. These are leased by the College from F. P. H. A.

3. The Veteran's Association Commissary, a new \$11,000 structure, just outside the picture. The commissary was opened yesterday. The Veteran's Association has sold 1,200 shares of commissary stock at \$10 a share.

4. Housing for 158 unmarried veterans has just been completed under the west stadium. On the second floor, four men are housed in each room. The number to a room varies in the first floor units. Rent is about \$10 a month for each man.

5. Housing for 68 unmarried veterans was completed early in the fall under the east wing of the stadium. On the upper floor, four men share each room. The ground floor units consist of dormitory, study hall and living room. About 12 men are quartered in each of these units. Rent is about \$10 monthly.

6. Sixteen army barracks have been converted into eight buildings which are housing 384 unmarried men in this area near Aggieville. This project was made possible through an emergency grant made by the State War Emergency Fund Committee. This project includes a two-story frame dining hall for students which will open next week. This dining hall will greatly relieve the overburdened facilities of the nearby College cafeteria.

7. The Waltheim apartment building at 1430 Laramie street was purchased by the Endowment Association for the College and has been converted into a dormitory for 78 girls who get board and room for \$46 a month. The purchase was made possible in part through funds raised by the Kansas Home Demonstration Advisory Council.

8. Several frame structures from an army camp are to be re-built into a large office building which is to house the state extension service. The Extension Service, now housed in the Military Science building and in other buildings throughout the campus will be consolidated in this building thus relieving the pressure for space in existing classroom and office buildings. This project of the Federal Works Agency is expected to get under way soon.

9. The Federal Works Agency plans a temporary annex to the student hospital on this site east of the power plant. The frame structure, made from four army hospital buildings, would provide space for an estimated 45 more badly needed hospital

(Continued on last page)

ATTENDANCE MAY REACH 20,000 AT HOMECOMING GAME SATURDAY

Biggest crowd in College history to watch K. U. game

College officials are expecting the largest Homecoming crowd in Kansas State College history at the 1946 festivities this week. Frank Myers, assistant to the Director of Athletics, believes the attendance will reach 20,000 persons, more than Memorial Stadium has ever held before. A week-end of football, queens, dances, parades and pep rallies is in store for returning graduates and students.

Homecoming decorations will be set up by 30 organized houses on the campus, according to Roy Harvey, decoration committee chairman. Five cups are to be awarded to the first and second place winners in the men's and women's house divisions and one grand prize winner.

Winners of the house decorations competition will be announced at the half-time of the KU-K-State football game and the cups will be presented by the Homecoming queen at the Ball Saturday night.

A pep varsity will be held Friday night in Nichol's gymnasium with Matt Betton's band and a bonfire rally in the city park will follow.

Following a jam session at 9 a. m. Saturday, the Homecoming parade will form on South 2nd street between Poyntz and Pierre at 10 a. m. and will start at 10:30.

The parade with the KSC marching band, Palomino ponies entered by 4-H members of the county and floats and cars decorated by organizations and schools of the college will stop in downtown Manhattan for a short pep rally and will break up in Aggieville with a second rally.

The Homecoming queen and her attendants will be presented to the crowd during the half-time period. The K. U. and Kansas State bands

will give marching exhibitions during half time.

The semi-formal Homecoming Ball Saturday evening in Nichols gymnasium with Betton's band will climax the Homecoming festivities.

COLLEGE RECEIVES \$15,000 ANNUAL RESEARCH GRANT

Full-time study to be given plant problems

An annual grant of \$15,000 to Kansas State by Sharples Chemicals, Inc., of Philadelphia will provide for research in the horticulture, entomology and botany and plant pathology departments, the office of President Milton S. Eisenhower said this week.

Half of the grant goes to the horticulture department, which has employed Dr. J. C. Bates for full-time research on the effects of some organic compounds on plant response. Dr. Bates is already at work on the project.

At present the other half of the grant is idle because the College has not yet been able to hire a new staff member suitably qualified for research in both entomology and plant pathology. The position requires full-time research in the insecticidal and fungicidal value of certain organic compounds.

Speaks at Kansas City

Helen P. Hostetter, professor of journalism, spoke at a meeting of the Missouri Home Economics Association in Kansas City, Mo., last week-end. In her talk, "Let Your Light Shine," she explained to those present how they should publicize their work in order that others might benefit from their experience as educators. The Association is part of the Missouri State Teachers Association and meetings have been resumed after wartime cancellations.

NEW BUDGET ASKS INCREASED FACULTY, EMPLOYEE SALARIES

Will be presented to 1947 legislature for approval

Higher salaries for College faculty members and employees are asked for in the biennial budget which has been approved by the state Board of Regents and will be submitted to the 1947 legislature for action, President Milton S. Eisenhower said last week.

Of the total salary appropriation requested, \$281,805 a year is earmarked for increases in faculty salaries and \$101,000 for increases in wages of employees, according to President Eisenhower's explanation in the proposed budget. The raises are desperately needed, he said, to offset rising living costs.

Pay increases would amount to about 17 percent if spread uniformly over all positions involved. However, explanatory material accompanying the request indicated that uniform percentage salary adjustments are not planned.

The salary increases would affect present teaching, research, administrative, library, service and counseling personnel holding an equivalent of 528 full-time positions.

4-H has horse and harness but they still need a survey

Anybody got an extra old survey with a fringe on top?

The state 4-H club office in Manhattan is looking for someone to donate an old survey or buggy to the state 4-H camp. Horses for the camp have been donated by the Kansas Palomino Breeders Association. A county agent has offered a buggy harness. But the buggy is still needed. Anyone with a spare one is asked to get in touch with the state 4-H office.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. Lashbrook, Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris, Assistant Editors
KENNEY FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

THURSDAY, NOVEMBER 14, 1946

BOOKS

The Seamy Side

"Acres of Antaeus". By Paul Corey. Henry Holt and Company. New York. 1946. \$2.75.

It is ironical but true that the state of Iowa with its almost fabulous agricultural wealth and productivity was one of the chief sufferers in the agricultural depression of the 1930's. It is therefore appropriate that this book should have its setting in that state. The book is a story of the seamy side of agriculture and farm life, a side which gains significance when agriculture is in the doldrums. As that kind of story the book has interest and value.

But the story treats almost exclusively of the seamy side and so presents a distorted picture. It describes vividly and interestingly the evil that men—and women—sometimes do in times of great stress and it depicts impressive instances of man's inhumanity to man. But it is more grapes-of-wrath than the situation—unless it be a highly localized situation—warrants.

It may well be that in the local Iowa setting an insurance company did foreclose farm mortgages ruthlessly and without regard for the interests and the feelings of the debtors and that a farm-operating corporation, a farm implement manufacturer and an insurance company did conspire against the interests of farmers and that the corporation did shamelessly exploit its farm hands. But that is only one side, only the seamy side. That sort of thing was not typical.

In fact, most large farm creditors, both private and government-sponsored, went the limit in their efforts to soften the blows which the depression dealt the farmers. Most insurance companies are particularly commendable, both for their treatment of farm debtors and for their highly effective efforts to conserve the soil resources of the farms on which they were obliged to foreclose mortgages in order to safeguard the interests of policyholders, interests which it was their chief function to safeguard. They are to be commended also for the improvements they made in the farm buildings on the foreclosed farms and for the promptness with which they placed the renovated and improved farms back into private ownership in family-sized units after the worst of the storm had passed. This is the other side of the story, and by far the more important and more nearly typical side.

The theme suggested by the title of the book is an excellent one. It is that man draws his strength from the earth, as the mythical strong man, Antaeus, did. But the theme is not developed in the book except in a fragmentary way and by implication. As a description of the seamy side of a part of Iowa agriculture in depression and of human beings under great stress, the book has much merit. As a portrayal of what we cliché-loving Americans are wont to call the overall situation, in Iowa and elsewhere in the Middle West, it should be taken with a grain of salt.—F. D. Farrell.

Youth is responsive to unusual and novel appeals. It has curiosity and it is experimental. Youth tends to make independent appraisals and thus form its own judgments. . . . And youth has, for the most part, an instinctive sense of justice.—Chester H. McCall.

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Horton M. Laude, son of Prof. and Mrs. H. H. Laude of Manhattan, was named one of 12 candidates from Kansas for the Rhodes scholarship. He later won the scholarship and attended the University of Oxford in England.

A survey conducted by L. L. Longsdorf of the extension service showed that 14 percent of the farmers and 7 percent of the townspeople in 73 counties listened regularly to KSAC.

Nominated for honorary cadet colonel at the military ball were Pauline Umberger, Manhattan, Corinne Aichers, Great Falls, Mont.; Rosanna Sandberg, Hutchinson; Frances Wright, Kansas City, Mo.; Leslie Fitz, Wilmette, Ill.; Georgiana Avery, Coldwater; and Sarah Garrison, Parsons.

Big Six title hopes of Kansas State went down before a 40 to 0 defeat at the hands of Nebraska University.

TWENTY YEARS AGO

Fifteen children were enrolled in the College nursery school.

Ada Rice of the College English department wrote from England where she was studying that she was finding an "atmosphere of culture, refinement and literature."

THIRTY YEARS AGO

An exhibit of original paintings by William H. Singer valued at \$24,000 was being shown on the campus.

A school term of from 45 to 46 weeks was recommended by President

Henry J. Waters of the College. He believed that students wasted time in the summer.

A new variety of wheat had been developed by the College and ideas of names for it were being received by the agronomy department.

FORTY YEARS AGO

An egg-laying contest was being conducted in the Department of Poultry Husbandry to determine which breed of chickens laid the most eggs and feed requirements of each breed.

A 6 to 4 victory of the College football team over the State University "brought forth an unparalleled enthusiasm among students. The streets were thronged in the evening with shouting students, a bonfire was lighted, the College bell rang, speeches were made—all felt that it was a famous victory."

The faculty granted an extension of Thanksgiving vacation to the end of the week, thus giving students five days' vacation.

FIFTY YEARS AGO

President George T. Fairchild of the College was elected president of the Association of American Agricultural Colleges and Experiment Stations.

The YMCA observed a week of prayer.

The subject for debate at a joint meeting of all campus literary societies was "Resolved, That the use of machinery, under individual ownership, makes for the welfare of the laboring classes."

LOOKING AROUND

KENNEY L. FORD

Many alumni gathered in small reunions during the week of October 21 to hear discussions of the chapel campaign and to make plans for the local drives. The meetings served a two-fold purpose—alumni and former students had an opportunity to review old days at KSC and chairmen were named to head up the campaign for funds for the all-faith memorial chapel and chime tower.

The meeting at McPherson on October 21 was attended by Carl Rupp, '35; W. J. Schultis, '30; E. F. Kubin, '09; Emma (Lee) Kubin, '10; Deborah Kubin, f. s.; Dorothy (Hoodlet) Scohy, '44; M. F. Scohy, '44; Ida Hildibrand and Dr. and Mrs. J. W. Fields.

At Lyons on October 21 the meeting was attended by Vernon F. Maresch, '38; Ernest W. Decker, '39 and Mrs. Decker; Alma (Buffington) Reed, '43; Edward Reed, '43; Richard Johnson and Beth Johnson, '45; Esther Brown, '42; Geraldine Schoonover, '37; Lucille Logan, '20; Etta Earl, '12; and Claude Earl; George W. Sidwell, f. s.; George E. Monroe, '37; and Edith (McCaslin) Monroe, '37.

The meeting at Great Bend October 22 was attended by Kalo A. Hineman, '43; F. L. Westerman, '31; V. E. McAdams, '28; R. C. Lind, '23; Edith M. Beesley, '43; Beatrice (Wood) Nicholson, '29; W. G. Nicholson, '31; Jay Reynolds, '42; and C. Parrish, '31.

Attending the meeting at Ness City October 23 were Mrs. George McClellan, Barbara E. Costin, '38; Jeanette E. Livingston and John W. Livingston, '39; Z. W. Johnson, '39; John L. Petty and E. M. Ruffhead.

At the Scott City meeting October 23 were Roy E. Gwin, '14 and Mrs. Gwin; Herb J. Barr, f. s., '23 and Mrs. Barr, all of Leoti; Henry C. Kirk, '35; Reed C. Fleury, '41 and Mrs. Fleury; Mrs. Harold Lewis, '35, and Mr. Lewis; Dorothy Kirk, '39; Helen (Kirk) Bastin, f. s.; Evalyn (Frick) Van Vleet, '41; Gerald Van Vleet, '41; Dora Lee Dauma, '45; Gladys Lawrence, f. s.; Helen Shedd Christy, f. s.; Don Christy, '33; J. F. Johnson, '30, and Mrs. Johnson; J. Arthur Bryan, '32, and Mrs. Bryan; Mrs. G. E. Peters, '31, and Mr. Peters; Wendell Dickhut, '38; and Robert Kirk, '37, all of Scott City.

Present for the Ulysses meeting October 24 were Mary E. Hickok, '12; Dan C. Sullivan, '06; Barbara Elliot, '39; Floyd V. Pinnick, '35; Rosalie Reeves, f. s.; Mary Anne Reeves, '45, and Silas E. Stone, all of Ulysses; R. G. Porter, '28; and Earl C. Brookover, '34, of Garden City; and E. H. Tea-

garden, '20, and Kenneth E. Johnson, '39, Manhattan.

The Liberal meeting October 24 was attended by Raymond E. Fincham, '42; Nillie (Kneeland) Keating, '26; A. H. Keating; Price Davies, f. s.; Mrs. Davies.

On October 25 the meeting at Ashland was attended by Bill Anderson, Elaine Anderson, '43; Harry B. Brandon, Jr., '34 and Mrs. Brandon; Harriet (Hancock) Foncannon, '45; Eugene B. Foncannon, '42; Dale Engler, '40; Bill Swearingen; Dorothy Swearingen, '45.

At Dodge City on October 25 the meeting was attended by Dale V. Davis, '39; Verne L. Uhlund, '24, and Mrs. Uhlund; Mr. and Mrs. Ernest C. Martin; Wayne Tolley, '32, and Mrs. Tolley; Carl McKee, Jr., '36; Florence (Phillips) McKee, '36; L. R. Chilson, '33; Ruth (Osborne) Chilson, f. s.; George H. Fritz, '46, and Mrs. Fritz; Sam Caughron, '34; Clarence Nevins, '07 and Mrs. Nevins; Mr. and Mrs. Tom Mayrath; Kenneth Kirkpatrick, '42; Lavonne (Hyle) Kirkpatrick, f. s.; Dorothy (Bell) Perrier, '38; John P. Perrier, '39; A. Burton Schmidt, '21; H. F. Eddington, '36, and Mrs. Eddington; R. F. Johnson, '30; H. Milton Skaggs, '36; Mrs. H. Milton Skaggs, '37; and Florence (Carpenter) Andrew, '09.

The Greensburg meeting October 26 was attended by Alice Magers, '42; Blanche Lea Russell, '21; Mrs. Ellis Peck and Kitty Lee Peck; Alton Tarrant; Everett Larkin, f. s., and Mrs. Larkin; Mrs. H. R. Barstow, '30, and Mr. Barstow; Mrs. R. H. Dodge, f. s., and Mr. Dodge; John F. Smerchek, '29, and Mrs. Smerchek.

Present at the Hutchinson meeting October 26 were Doris Lupton, '44; Fern (Roelfs) Wilkin, '43; Robert M. Wilkin; M. A. Reber, '40, and Mrs. Reber; Marion W. Pearce, '33; Walter Peirce, '28; H. C. Bunte, '32, and Mrs. Bunte; Charles M. Good, Jr., f. s.; Karleen (King) Good, '44; Helen King, '42; Helen K. Morgan, '34; Helen Blythe, '37; Marian Brookover, '22; S. M. Mitchell, '18, and Mrs. Mitchell; Myron F. Hornbaker, '43, and Mrs. Hornbaker; William G. Kelly, '42; Mrs. Martha A. Kelly, '42; Mrs. Helen Stuckey, '18; Mrs. Lou Gibbens Kelly, f. s.; Willis N. Kelly, '12; Ruth Weisser, '31; Lillian Ayers, '22.

The Reno County Alumni Association elected officers October 26. H. C. Bunte was chosen president; Helen Morgan, vice-president; Helen Blythe, secretary; and William G. Kelly, treasurer. Sam Mitchell is the retiring president.

SIXTY YEARS AGO

Kansas had more ladies holding the office of county superintendent of schools than any other state in the nation.

Students at the College were all housed in private homes. Rates for room and board were \$3 to \$4 per week. Lists of rooms and boarding places were accessible to students in the President's office.

SEVENTY YEARS AGO

Kansas had more newspapers than any of the states of Alabama, Arkansas, Georgia, Louisiana, Maryland, North Carolina, South Carolina, Tennessee or Virginia.

The seats in the College chapel were numbered, thus enabling the "monitors" to take role more easily. Five-tenths was deducted from the monthly grades for absence from chapel.

CHAPEL DRIVE TO START AMONG FACULTY, COLLEGE EMPLOYEES

Dean Harold Howe will direct campus fund activities

The campaign among faculty members and college employees to raise funds for the World War II Memorial Chapel will begin tomorrow, it was announced last week by Dean Harold Howe, chairman of the faculty and employees chapel committee.

Plans for the drive were explained by Dean Howe at the initial meeting of KSC faculty members and employees at the College auditorium. Arthur Peine, general chairman of the chapel committee, told the group how the idea of a chapel grew on the campus.

"The chapel idea grew because it seemed to fill the bill as a proper memorial," Peine said. He told of the need for a chapel on the campus and how the building will be utilized.

The memorial, which will cost about \$275,000, will be a tribute to 5,000 K-Staters who served during World War II, and especially to the 200 who died.

The faculty-employees committee will conduct the drive by mail. Each faculty member and employee will receive a letter from the committee explaining the chapel project, a card to indicate the amount of contributions and a descriptive folder. Cards and contributions will be turned in by faculty members and employees to these representatives of various schools: Dale Crumbaker, Agriculture; Virginia Knauer, Arts and Sciences; C. H. Scholer, Engineering and Architecture; L. C. Williams, Extension; Bessie B. West, Home Economics; Garnet Colwell, Veterinary Medicine. All are members of the general faculty and employees committee.

Other committee members are A. D. Weber, Agriculture; Roger C. Smith, Arts and Sciences; Gregory Helget, Engineering and Architecture; Lawrence Reed, Hays, Branch Stations and Fields; Clara Siem, Extension; Bess Hyde, Home Economics; and E. J. Frick, Veterinary Medicine.

LOS ANGELES ALUMNI RAISE

\$879 FOR MEMORIAL CHAPEL

Enthusiastic members give at campaign planning dinner

Kansas State College alumni in Los Angeles and vicinity believe in getting the job done quickly.

The K-Staters held a dinner-meeting November 6 at McDonnell's Monterey restaurant in Los Angeles to discuss plans for a local campaign to raise funds for the World War II memorial chapel on the campus.

On November 8, Pres. Milton S. Eisenhower received the following telegram:

"One-hundred enthusiastic alumni at dinner-meeting raised \$879 for chapel. More to follow. Best wishes to you on your Paris trip."

The telegram was signed by Elmer Kittell, John F. Davidson, Tony Whan, Harry Jennings and Mrs. Mac Short.

Kenney L. Ford, secretary of the Kansas State Alumni Association, addressed the California group and showed pictures of the campus and the football team in action.

Alpha Mu Inducts Six

Formal initiation ceremonies of six new members of Alpha Mu, honorary milling industry fraternity were Tuesday evening. The new members are

KANSAS POETRY

Robert Conover, Editor

Wayside Inn

Our spirits return to this quaint inn,
Keeping a tryst in the room
Where we have often been
Together in the mellow light
Gleaming softly over old glass and china,
Against the panes the spring night
Falls in balmy black,
Across the red checked cloth we gaze at each other,
Radiant to be back
In this familiar setting.

Perhaps there are hosts
Of others meeting here in shades of memory—
Swaggering ghosts
Of lusty cattle men with spurred heels
and silver belts and western hats,
Show people whose names the old register reveals
Recalling like painted phantoms in muted murmurs
A night spent beneath this roof,
Dapper city drummers
With their trunks of silks and trinkets
Entering noiselessly,
No guest forgets
The haunting charm of the wayside inn.

—Jessie Lofgren Kraft
Norton, Kansas

Sunflowers

By H. W. Davis

INDELICATE PROPOSAL

He was an odd little fellow, obviously underprivileged and almost wholly unconvincing in manner; but he stubbornly insisted he had a point.

His contention was that all college students—not only college journalists and football players—should be put on display at least once or twice a week so the fans can see how they are getting along. Fancy that!

Some of his suggestions were absurd and impudent, of course. He proposed that engineers should actually design and erect bridges and have them tested by twenty-ton trucks every Friday afternoon, and that student doctors of medicine should prescribe and operate in hospitals, and that student lawyers should argue in local courts. He was sure it would edify and amuse the "alumni" and the public as much as football and the antics of young college journalists do.

He even wanted students of composition to "give" at regular intervals with magazine essays and stories, and students of literature to write and edit book pages in metropolitan papers and exhibit their knowledge in literary magazines. He wanted students of modern languages to broadcast to foreign countries on Sunday afternoons and build up international good will.

The rest of us could not talk him out of it. He insisted that colleges would be much more fun if every department could be hoisted on the rack at least once a week so the student body, the alumni, the competing faculty, and the supporting public might take a shot at it and boo or cheer as seemed advisable.

He said the football squad and the editorial force of the Siwash Bugle are unjustly discriminated against because they have to show what they have learned, if anything, every week. Doctors, lawyers, writers, chemists, engineers, agronomists, biologists, etc., he almost screamed, never have to prove to the dear public—until it is too late—that they have learned a thing since paying their matriculation fee back in '44, or '43, or '42, or whenever.

We listeners finally decided that his idea, no matter how fair and logical he might make it seem, was wholly impractical and indelicate.

Of course things would be much more fun the way he wants them, and much more revealing perhaps; but any self-respecting faculty would turn his motion down ten to one—maybe twenty to thirty to one—in simple self-defense.

As the odd little fellow left the room he turned and grinned at us. Perhaps he was only fooling. He couldn't have been serious—unless he was a scat-back or the editor of the Siwash Bugle.

William F. Hanser, Homer R. Elling and Donald Pitts, seniors, and James F. Conn, George H. Ross and Boyce W. Dougherty, sophomores. They were elected at the last meeting of the organization on the basis of scholarship and interest in milling.

AMONG THE ALUMNI

John J. Biddison, '04, lives on route three, Excelsior, Minn. He works in Minneapolis, where he is executive secretary of the Twin Cities Newspaper Guild.

Grace Allingham, D. S., '04, lives at 4430 Sunset Avenue, Montrose, Calif. She is retired.

W. K. Evans, '05, lives at Goodland. He is manager of the port of entry at Kanorado.

Marcia E. Turner, D. S. '06 and H. E., '17, writes from route two, Arlington, Tenn.: "I shouldn't be surprised if I have always been a Maud Muller at heart. So far my activities have centered in fixing up an old house with materials available on the place and what new ones I can get. I have 180 acres which my brother Chester Turner, '12, who lives across the road, manages for me. We raise Hereford cattle in partnership."

Hiram R. Reed, Ag. '07, is farming near Sonora, Texas.

Clyde H. Alspaugh, Ag. '09, is county extension agent at Macon, Mo.

Walter Lawry, f. s. '10, lives at 29 North Lake Street, Aurora, Ill. He is employed at a pneumatic tool company.

Lulu L. Case, H. E., '11, is a technician at Borden's laboratory, Oakland, Calif. Her address is 2138 Center Street, Berkeley, Calif.

Walter S. Criswell, '12, is living in Jacksonville, Fla. He is executive secretary of the Boys' Home Association and judge of the Duval County juvenile court. His address is 405 Law Exchange Building, Jacksonville.

Lola Brethour, G. S. '13, is operator of the Brethour Personnel Service at 298 Bryant Street, Buffalo, 13, N. Y.

Lt. Lola S. Beatty, H. E. '14, recently was assigned to Borden General Hospital at Chickasha, Okla. She entered the Army in October, 1942, as head dietitian at Camp Chaffee, Ark. She has been head dietitian at Camp Bowie, Texas, and staff dietitian at Brooke General Hospital, Fort Sam Houston, Texas. She is in charge of the nurses' mess at Borden hospital.

Lois Witham, H. E. '16 and M. S. '18, visited relatives at Marietta, Ohio, and Chevy Chase, Md., last spring. She returned to Cheelo University, Tsinan, Shantung, China in August to teach in the department of biochemistry in the Cheelo University Medical School.

Margaret (King) Sellon, H. E. '18 and John Sellon, G. S. '17, live at 221 North Fourteenth Street, Easton, Pa. Mrs. Sellon writes: "Some of our guests this summer included Edwin F. Whedon, Ag. '19, and Hazel (Merrill) Whedon, H. E. '19, of Los Angeles, Calif. Both were in New York this summer attending principals' conferences at Columbia University. Howard O'Brien, D. V. M. '19, and Annette (Perry) O'Brien, I. J. '16 of Maplewood, N. J., also were here."

Fayne (Bondurant) Gantz, H. E. '19, is still carrying on as manager of the D. E. Bondurant grain elevator at Ness City. She has two sons, Jack and Bob, enrolled at Kansas State.

Clarence Leland Browning, E. E. '20, lives in Los Angeles. He is an attorney with R. Welton Whann in patent, trademark and unfair competition cases. His business address is Room 818, 315 West Ninth Street, Los Angeles, 15, Calif.

C. H. McCandless, E. E. '21, and Lois (Wood) McCandless, H. E. '21, live at 16 Fairmount Blvd., Garden City, N. Y. Mr. McCandless is a staff engineer for the Bell Telephone Laboratories.

The Rev. Raymond Francis White, Ag. '21, is a Methodist minister on the Larned circuit. His address is Larned.

Walter T. Rolfe, Arch. '22, and Bessie (Coulter) Rolfe, H. E. '24, have moved to 5101 Pine Street, Bellaire, Texas.

Mildred J. Halstead, H. E. '22 and M. S. '24, now lives at 45 Prospect Place, New York, 17, N. Y. She teaches home economics in a senior high school in New York City.

A. R. Saunders, Ag. '23, lives at Eaton Hall, Pretoria, South Africa. He is with the department of agriculture as assistant director of agricultural research and education for the Union of South Africa.

Lt. Col. Lawrence W. Byers, Arch.

'23, and Ada (Fullinwider) Byers, H. E. '24, live at Fort Bliss, Texas. Colonel Byers and Lt. Col. Gerald M. Donahue, E. E. '32, were two of 17 officers who recently completed a special course in research and analysis at the anti-aircraft artillery school at Fort Bliss. Colonel Byers writes: "Still in the service. I am head of the guided missiles section of the anti-aircraft artillery school, Fort Bliss. I do some instructing in addition to running the department. Mrs. Byers and the two youngest girls, Kathryn Ann, 16, and Dorothy Irene, 11, are with me now. Mary Margaret, 21, who was a student at KSC, married Clarence K. Fellman, a veterinary student, who graduated last January. They have recently moved to Springfield, Minn. You probably know they have a daughter, Kathleen Sue."

Paul M. Shaler, E. E. '24, and Mrs. Shaler live at Spring Arbor Road, Jackson, Mich. They have three children, Dorothy Joan, 19, Carol Fleur, 17, and Paul Morse, Jr., 16. Mr. Shaler is an electrical engineer for the Commonwealth and Southern Corporation, Jackson.

Bernice (Flemming) Relyea, H. E. '24, and her husband, Robert C. Relyea and three children, Chester, 16, Bruce, 10, and Jean, 7, live at 878 Lawrence, Detroit, Mich.

Ira D. S. Kelly, C. E. '24, and Mildred (Churchill) Kelly, f. s., are living at 1152 Randolph, Topeka. They have four children, Robert, 20, David, 19, William, 15 and Jim, 13. Mr. Kelly has been a major in the Corps of Engineers and was post commander at Fort Glenn, Alaska.

The address of Theodore C. Potter, R. C. '25, and Leonore E. Spence, f. s. '25, 4169 North Sixteenth, Milwaukee, 9, Wis. They have two children, Spence, 18, and Amy Ann, 13. Mr. Potter is on the Milwaukee board of school directors and is vice-principal of the West Division high school.

Ernest F. Miller, M. E. '25, has been working temporarily on atomic energy for peacetime at Oak Ridge, Tenn. Mr. Miller and his wife, Marjorie (Melchert) Miller, H. E. '23, have three children, Barbara, 17, Dorothy, 13, and Kenneth, 12. Mr. Miller is a special projects engineer with Westinghouse Electric Corporation, Lester, Pa.

Susie Geiger, H. E. '26, writes from Halstead: "I am dietitian at the hospital here." Her address is 303 Poplar, Halstead.

Helen E. Dean, G. S. '28, lives at 109 West Granville Road, Worthington, Ohio. She has left the University of Missouri and is now a cataloguer in the Ohio State University library at Columbus.

J. Roe Heller, C. E. '29, who has been at Anchorage, Alaska, now is at Glacier Park, Mont. His address is Upper Columbia Snow Laboratory, care of U. S. Engineers.

Noel G. Artman, E. E. '29, is with the law firm of Stone, Artman and Bisson, Chicago. Mr. and Mrs. Artman and daughters, Lynn and Jean, live at 6759 South Oglesby, Chicago.

Milton F. Allison, I. J. '30, is sales manager for station WPEN, Philadelphia, 2, Pa.

Earl Richardson, I. J. '30, is extension editor in the department of public relations at Michigan State College, East Lansing.

The address of Elmer Thom, E. E. '31, and Bernice (Weygandt) Thom, H. E. '31, is 717 East Whitmer Street, Decatur, 38, Ill.

Kenneth D. Grimes, E. E. '31 and M. S. '32, is manager of the public affairs division of the Peoria Association of Commerce at 307 First National Bank Building, Peoria, Ill.

James J. Yeager, Ag. '31, is football coach at the University of Colorado, Boulder. Mr. Yeager and his wife, Margaret (McKinney) Yeager, I. J. '31, live at 879 Seventh Street, Boulder. They have two children, Frank, 8, and John, 6.

Clement H. Ault, M. S. '32, Mrs. Ault and daughter, Mary Lorraine, 10, live at 1521 Fifteenth Avenue, Lewiston, Ida. Mr. Ault is a district conservationist for the soil conservation service. He was a major in the Army until last March. He served four years, including 29 months in the Mediterranean theater.

Hubert R. Hein, Ag. '33 and D. V. M. '35, and Marjorie (Scott) Hein, H. E. '37, live in Washington, Kan., where Dr. Hein is a veterinarian.

Ralph M. Graham, P. E. '34, and Merredith (Manion) Graham, f. s., are living at 1635 Fairmount, Wichita. They have two children, Ralph, Jr., 10, and Nancy Jane, 11. Mr. Graham is director of athletics and head football coach at the University of Wichita.

Alvin R. McDonald, D. V. M. '34, is a veterinarian at Bloomfield, Conn. His address is 26 Cottage Grove Rd., Bloomfield.

Stanley T. Merrill, E. E. '35, and Geraldine (Grass) Merrill, Com. '33, live at 220 North Meramee Street, Clayton, 5, Mo. They have two children, Taylor, 6, and Susan, 2. Mr. Merrill is lighting engineer for Westinghouse Electric Corporation, St. Louis.

Dr. Homer Dale Kirgis, G. S. '36 and M. S. '37, and Mrs. Kirgis live at 1119 Pine, New Orleans, La. Dr. Kirgis received his Ph. D. in 1939 from St. Louis University and his M. D. from Tulane University in 1941. He is assistant professor of anatomy and neuro-surgery at Tulane University and neuro-surgeon at Ochiner clinic, New Orleans.

Charles Francis Bredahl, Ag. '37, is farming near Fairview. Mr. Bredahl was in the army during the war. His wife is Lorraine (McKee) Bredahl, f. s.

Marjorie V. Forbes, H. E. '38, works in the sales department of the El Dorado division of the Kansas Gas and Electric Company. She is home service representative.

David A. Thompson, I. J. '39, and Mrs. Thompson live at 3416 Bryn Mawr Drive, Dallas, Texas. They have a son, Jon Hunter, born October 10, 1946. Mr. Thompson is assistant manager of the order department, Butler Bros. Wholesale Merchandise, Dallas.

Fred V. Klemp, Jr., I. J. '39, is living in Kansas City, Mo. His home address is 4020 Morrell. Mr. Klemp is assistant account executive with Carter Advertising Agency, Inc., 609 Minnesota, Kansas City, Kan. He served 23 months overseas and was a captain.

Margaret (Iverson) Janz, H. E. '40, writes: "Will you please change my address to Mrs. Donald Janz, care of Major D. H. Janz, Hdg. AFMIDPAC, Sec. Gen. Staff, APO 958, care of Postmaster, San Francisco, Calif. We are now living at Fort Shafter, Honolulu, T. H."

Orville B. Burtis, Jr., Ag. '41, is in partnership with his father and brother on a ranch near Manhattan. His address is route two, Manhattan.

Gloria J. Danielson, H. E. '42, is a home economist in the Martha Logan test kitchen. Her address is Swift and Co., Philadelphia, 23, Pa.

Mary Belle (Trapp) Wheeler, H. E. and N. '43, and Mr. Wheeler live at Jameson, Mo.

The address of Willa Joyce Havely, H. E. '44, is 2085 Allston Way, Berkeley.

Lenoir Sjogren, H. E. '45, teaches vocational home economics in the high school at Atwood.

George W. Adams, M. S. '45, is head of the animal husbandry division of Southern University, Baton Rouge, La.

John H. Rickenbacker, B. A. '46, and Jean (Shane) Rickenbacker, I. J. '43, live in Turlock, Calif. Mr. Rickenbacker is in the real estate and insurance business with his father, H. W. Rickenbacker, at 715 East Main Street, Turlock.

Margaret Kohl, H. E. '46, has been appointed Assistant State 4-H Club Leader of Montana. Her headquarters will be at Bozeman, Mont.

MARRIAGES

DUNNINGTON-BAGHDIGIAN
Announcement has been made of the marriage of Peggy Dunnington to Bagdasar K. Baghdigian, I. J. '16, July 31 at St. Mark's Episcopal church in Cheyenne, Wyo. Mr. and Mrs. Baghdigian live at 1608 Broadway, Suite 21-22, Denver, 2, Colo.

BOLES-BLASSING

Frances De Loyce Boles, f. s., and James August Blassing were married July 21 at the First Presbyterian church in Manhattan. Mr. and Mrs. Blassing are living at 1408 Fairchild.

Mr. Blassing is enrolled at Kansas State.

ERICHSEN-GUILD

Glenys Marie Erichsen, f. s., and Charles F. Guild were married July 12 at the home of the bride's parents, Mr. and Mrs. John L. Erichsen, route two, Manhattan. Mr. and Mrs. Guild live at 3500 West Sixth Street, Topeka.

MAEHR-KEITH

Lt. Richard M. Keith, D. V. M. '44, and Stephanie Maeher were married July 17. Lieutenant Keith is with the Army veterinary corps at Williams Field, Chandler, Ariz. He is station veterinarian.

NIBLO-TIBBOTT

Eunice Evelyn Niblo, H. E. '45, and Richard G. Tibbott were married July 21. Their address is 413 Highland, Ebensburg, Pa. Mrs. Tibbott teaches home economics at Ebensburg.

COLE-GREEN

Charlia Vurnette Cole, M. S. '37, and Herbert Woodrow Green, were married July 15. The Greens are living at 926 Dunplin Street, Jefferson City, Mo. Mrs. Green is an associate professor of food economics and nutrition at Lincoln University in Jefferson City.

BONNER-FERGUSON

Cpl. Clancy C. Ferguson, I. C. '43, and Wilma Mae Bonner were married July 25. Their address is 812 West Russel Place, San Antonio, Texas. Corporal Ferguson is stationed at the reception center at Fort Sam Houston.

BIRTHS

Jay H. Thomson, Com. '31, and Mrs. Thomson have a son, John Humphrey, born October 24. The Thomsons live at 1041 South Coast Blvd., La Jolla, Calif. Mr. Thomson is with the loan department of the Bank of America in San Diego. Mrs. Thomson, the former Marcia Mohler, is the daughter of J. C. Mohler, Dr. of Ag., '46, and Mrs. Mohler, Topeka.

Sidney S. Platt, Arch., '39, and Barbara (Brown) Platt, Com. '39, are parents of a daughter, Riska Rae, born October 9. Mr. Platt is an architect with Harry L. Wagner and associates in the Federal Land Bank building at Kansas City.

Dan Partner, I. J. '36, and Louise (Rust) Partner, H. E. '37, have a daughter, Kay Ellen, born October 12 at Boulder, Colo. Mr. Partner is director of public relations at the University of Colorado in Boulder.

E. Malcolm Strom, Ag. '39, and Mrs. Strom announce the birth of a son, Byron Malcolm, October 7 at Lawrence. Mr. and Mrs. Strom and son live at Alcester, S. D.

FORMER CONTRIBUTORS WRITE FOR 1947 KANSAS MAGAZINE

Three writers who have been published in past issues of The Kansas Magazine are among contributors having prose pieces in the 1947 edition, which will be ready for distribution in early December, according to Prof. Robert Conover, editor.

Stories of pioneer Kansas newspapermen are told by Cecil Howes in his article, "Rugged Individuals." For many years head of the Topeka bureau of the Kansas City Star, he has long been interested in early Kansas history.

Henry Ware Allen has written about "Martial Music of the Civil War." Born in Massachusetts, he has written numerous articles about men and affairs in Kansas.

A former Kansas State College faculty member, Theodore H. Sheffer, has contributed, "The Saga of the Plains Jackrabbit." For the past 35 years, he has been associated with the bureau of biological survey of the U. S. Department of Interior, Puyallup, Wash. His article, "The Passing of the Plains Prairie Dog," was published in the 1946 Kansas Magazine.

Helm Painting Exhibited

A soft ground etching by John F. Helm Jr., professor of freehand drawing and painting, has been accepted by the American Exhibition of the Society of American Etchers. The exhibition started November 12 and will end December 3 at the National Academy of Design in New York City.

RECENT HAPPENINGS ON THE HILL

More than 200 seniors will be graduated at the end of the first semester, according to R. I. Thackrey, Dean of Administration. Graduation exercises are scheduled for February 4.

The petition for nomination of Andrew Jackson, Negro student and senior in the School of Arts and Sciences, for vice-president of his class, was lost during its circulation among signers.

The Student Council decided last week that a plan proposed by Marshall Stover, senior from Manhattan, to create a Kansas State "Country Club" with a membership fee of \$2 was impractical and refused Stover permission to conduct a membership drive among students.

Jerry B. Varner, Veterans' Administration senior training officer, said last week that veterans who complete their semesters' work are entitled to keep the books furnished them by the government. If a veteran leaves school before the end of the semester, Varner said, he must return the books and equipment furnished to him.

Approximately 1000 students have taken influenza shots this fall, according to Dr. R. R. Snook, head of the Department of Student Health. The shots are given to students at cost.

The Poultry club is planning an all-student poultry-judging contest for December 7. The contest is the first since before the War.

Mortar Board, senior women's honorary organization, will sell Mums at the Homecoming game Saturday.

The first post-war issue of the Kansas Agricultural Student was distributed to students in the School of Agriculture last week. Lewis Schafer, Jewell, is editor of the magazine.

DR. GRIMES ANNOUNCES NAMES OF 26 CHAPEL FUND DONORS

Names of 26 new contributors to the World War II Memorial Chapel fund have been announced by Dr. W. E. Grimes, secretary-treasurer of the Kansas State College Endowment Association.

There have been about 200 contributors to the fund since last fall when the campaign started. So far, Dr. Grimes said \$17,203.54 has been given by alumni, former students and friends of the college to the fund. The goal is \$275,000.

The latest contributors included Dorothy Saville, 209½ West, Stillwater, Okla.; Sunflower Unit of Farm Bureau, Phillips County, Kansas; Mr. and Mrs. Henry Rogler, Matfield Green; Mrs. Al Makins, 1531 Leavenworth, Manhattan; Flossie D. Mills, 349 Sunset Drive, Salina; Ruth E. Burnet, 2144 South Norfolk Terrace, Tulsa, 5, Okla.; Chester G. Thompson, Vinland.

Mr. and Mrs. Paul T. Brantingham, 371 Park Blvd., Glen Ellyn, Ill.; Kempton P. McFarland, route one, Chase; M. W. Matteson, Phillipsburg; Mr. and Mrs. J. E. Lawrence, 209 South Douglas, Lyons; P. E. Brookover, 661 Clayton, Denver, 6, Colo.; Mrs. George C. Wheeler, 3340 West 37th Ave., Denver, 11, Colo.; George Wreath, Box 428, Belleville; Mr. and Mrs. Glenn Walter, Route 2, Riley; Mrs. Helen (Correll) Browne, Norton; Mrs. Robert W. Clark, 604 Lakeside Drive, Carlsbad, N. M.

James C. Richards, 1611 Laramie, Manhattan; Mrs. Jessie Evans Brown, 2902 Manoa Road, Honolulu, 54, T. H.; Mr. and Mrs. Robert C. Foulston, Jr., 1001 Illinois, Lawrence; Mrs. G. R. Kriemeyer, 3438 Lucas Hunt Rd., Normandy, 20, Mo.; M. J. Swenson, Veterinary Research Institute, Iowa State College, Ames, Ia.; Mrs. Frank D. Tomson, 1115 Logan, Denver, Colo.; Nellie Aberle, Kansas State College; M. S. Eisenhower, Kansas State College; Major Robert H. Calahan, A. F. H. Q., G-2 Sect., APO 512, N. Y.

Club Has Practical Project

Dressing, drawing and retailing turkeys for the holiday trade is one of the projects of the Kansas State Poultry Club. The club, reorganized recently, now has approximately 30 members. Richard Eaton of Manhattan is president of the club.

INDUSTRIAL-AG WEEK SPEAKERS SEE BRIGHT ECONOMIC OUTLOOK

Kansas must keep balance in industry and agriculture

Although Kansas industry is progressing and the state's economic outlook is the brightest in history, Kansans must aggressively continue to keep industry and agriculture in balance.

That was the general thought to come out of second annual Industrial-Agricultural Week, which ended at the College at noon last Saturday. The three-day conference was sponsored jointly by the Kansas Industrial Development Commission and the College.

The major problem that the farm and business leaders considered was stated for them by Governor Andrew F. Schoepel on the opening day of the conference. Consolidation of farms, technological improvement and greater productivity have caused a decline in Kansas' rural population, Governor Schoepel pointed out. With uprooted farm people going to the city in search of jobs, it is essential that Kansas industry furnish the necessary employment, he said.

KEEP PEOPLE IN STATE

If Kansas is to keep her own people from leaving the state and to draw new citizens from other areas, the state must develop industrially, Governor Schoepel said. The conference speakers expressed their views on how the state could accomplish this purpose. Perhaps the most specific suggestions were those of Nelson W. Krehbiel of Moundridge, president and general manager of the Moundridge Milling Co.

There is a danger of over-emphasizing Kansas agriculture and neglecting Kansas industry, he warned. Without asking for any cut in aid to agriculture, he advocated a "radical increase in the support to be made available to small Kansas industry." The increased support, he said, should be for research and for training small industry to do a better selling job.

Specifically, Krehbiel recommended that the legislature amend the law to permit the Kansas Industrial Development Commission to sponsor research projects beneficial to Kansas industries requesting them. At present KIDC research must be sponsored only in general categories and at least 60 percent of the funds spent must go for agriculture. Krehbiel advocated a service for industry similar to the assistance given farmers by county agents and the agricultural experiment stations. His plan includes a state sales and marketing division under KIDC and two to four state-paid industrial engineers.

RESEARCH NEEDED

The need for research was reiterated by Charles H. J. Patterson, engineering director from Pittsburg, Kans., who said that small industry cannot expand or even hold its current position without research. Conditions within the industry, not its financial standing or its sales volume, determine the amount of research necessary, he said.

The current trend toward decentralization of industry should help Kansas, according to Harold E. Pinches, director of research for Harry Ferguson, Inc., Detroit, Mich., who assailed the myth that goods can be produced more cheaply as factories get larger. Industries should be decentralized, he said, to be nearer the source of their raw materials and to be closer to the consumers of their products. Decentralization is now possible, he pointed out, because of better transportation, a more flexible labor supply, the spread of electricity, all-weather highways and other factors.

QUALITY OF LABOR

The quality of Kansas labor is a factor that should influence industry toward coming to Kansas, Cloud L. Cray, manufacturer and investment banker from Detroit, said. "Coming to Kansas from strike-torn Detroit in 1942, I was immediately impressed by the intelligent type of labor personnel in this area," he said.

Keeping Kansas youth in Kansas was another problem discussed by the conferees. Speakers agreed that Kansas industries should set up programs for employing and giving practical training to graduates of Kansas colleges and universities. "Few, if any, industries in Kansas are so small that they do not have need for at least

one technical person," said Leland S. Hobson, industrial engineer at the College.

MUST PAY YOUTH WELL

From 150 to 250 trained graduates can be absorbed by the Kansas aircraft industry annually, according to Warren E. Blazier, personnel director for Beech Aircraft, Wichita. To retain youths in the state, he said, jobs must challenge their abilities and offer good rates of pay.

A similar view was expressed by D. R. Brown, president of Multiscope, Inc., Coffeyville: "To keep our Kansas youth we must pay them well, encourage them and give them responsibility when they have proved they are capable of handling it—and the only way we can prove it is to let them have a chance."

None of the leaders at the conference wanted to see Kansas a large industrial center. As Governor Schoepel said, "We are not trying to remodel Kansas and make it another Detroit or Pittsburgh. We want industries that can make use of the 'know how' of Kansas people. We want the kind of industrial stability that is founded upon a multitude of small industrial plants distributed throughout the entire state."

TEMPORARY FACILITIES CROWD

CAMPUS, SHOW HOUSING NEED

(Continued from page one)

beds. The addition of this temporary structure will not solve the need for permanent hospital facilities.

10. The Federal Works Agency plans to use converted army camp buildings for a temporary office building for approximately 125 faculty members. More than 100 staff members do not have an office at present.

11. The School of Engineering is conducting classes from 7 a. m. to 10 p. m. The situation will be relieved by a temporary frame structure on this site which will provide six large drafting rooms.

12. Anderson hall isn't being remodeled but is identified in order to give you a landmark in case you are among the readers who have not visited the campus in recent years.

The construction indicated in this picture and in the accompanying descriptive material is far from completion. Much of it is still in the planning stage. When completed it will greatly relieve the present strain on badly taxed facilities which are groaning under the load of accommodating 6,500 students in facilities planned for only 4,000. At best this construction will be only temporary relief. The College badly needs a program of permanent buildings for an expected normal enrollment of more than 6,000 students.

TWO-MILE TEAM WINS THIRD CONSECUTIVE MEET FROM N. U.

Disqualification of Nebraska runner gives race to Wildcats

The Kansas State two-mile team, coached by Ward Haylett, scored its third consecutive victory of the season at Lincoln, Nebr., last week, defeating the University of Nebraska runners 29 to 26.

Disqualification of a Nebraska runner, who finished second, gave the race to the Kansas State team. The Cornhusker was ruled out of the contest because he allegedly interfered with a Kansas State runner.

Ginn, of Nebraska ran first in the race, followed in order by Don Borthwick, Kansas State; George Leasure, Kansas State; Martin, Nebraska; Myers, Nebraska; Ray Adey, Kansas State; David Van Haverbeke, Kansas State; Jim Cunningham, Kansas State; Kopf, Nebraska and Young, Nebraska. The winning time was 10 minutes, 26 seconds.

Kansas State's two-mile team previously had defeated Kansas and Iowa State and lost to Oklahoma and Oklahoma A. and M.

Complete New Quonset Building

The Kansas Hybrids Association has completed construction of a new Quonset-type building south of the Dairy Barn. It will be used for processing and storing foundation seed stocks for growers who wish to produce Kansas Hybrid seed corn.

Walker Speaks in Wichita

Dr. Robert A. Walker of the Institute of Citizenship, spoke to a student assembly at the East Side high school in Wichita Tuesday. His subject was "Education for the Atomic Age."

Gene Snyder, quarterback injured in the Iowa State game, will be ready to play against K. U. in the Homecoming game November 16. Snyder, a Junction City man, started the season at center.

Two former students are Red Cross girls overseas

A former Kansas State student, Mary Alma Moore, is working as a Red Cross club girl in a GI outpost near Ch'un'ch'on, Korea. She is stationed with a battalion of the 32nd Infantry Regiment, Seventh Division.

Before going overseas, Miss Moore was a hospital worker at Whitside Regional Hospital, Fort Riley.

Madeleine Saunders, also a former student at the College, is American Red Cross program director of the Naha Club on Okinawa. She heads a program department of four women who plan activities for servicemen using the club. She joined the Red Cross in November, 1945, following service as club hostess at Fort Riley.

President Eisenhower, UNESCO delegate, gives background and general aims of new organization

A great experiment in international understanding will begin in Paris this week as delegates from all over the world gather for the first meeting of the United Nations Educational, Scientific and Cultural Organization.

Each participating nation will be represented at the conference by five delegates. The delegation from the United States will be headed by Assistant Secretary of State William Benton and will include, among others, President Milton S. Eisenhower of the College, as an alternate delegate.

President Eisenhower left Manhattan Sunday morning for Paris. In an interview before he departed, he outlined some of the background of UNESCO and some of the general aims of the first meeting.

This first meeting of UNESCO has been preceded by nearly a year of preparatory work. During the London Conference last winter, a preparatory commission met to develop suggestions which had been advanced for the type of undertaking suitable for UNESCO. In general, the President explained, there were four types of suggestions:

Education was studied and the members of the commission discussed methods for the international exchange of students. "Someone," the President said, "even suggested a true international university."

Mass Media, the mediums of distributing information to the population at large, also received much attention at the London Conference. Political censorship of books and newspapers was discussed and the quota restrictions of some countries on importation of foreign motion pictures, books and other informational vehicles were also scrutinized.

The social sciences were not forgotten. The whole intricate structure of society and human relations in this fast-moving modern world was also considered by the commission.

The Humanities, the cultural heritage and the divergent characteristics of each nation's or each region's literature, art and music, was the last of the general types studied at London.

Early this fall, 100 prominent U. S. educators, scientists and cultural

Nov. 30—Arizona at Tucson.

VARSITY LOSES, B TEAM WINS, IN WEEKEND'S ROAD CONTESTS

Kansas State won one game and lost one last weekend as both the varsity and B squad went traveling. The varsity, playing in Kezar Stadium at San Francisco, lost to San Francisco University 38 to 6 and the B squad had it easy, beating the Emporia State seconds 14 to 0.

At San Francisco, a sensational backfield star, Forrest Hall, made four touchdowns in the five times he carried the ball and kicked an extra point to score 25 points in his team's victory. The Coast school's star played only six minutes of the game. Harry Merriman, Marysville back, scored the lone K-State touchdown in the fourth quarter from the two-yard line. Two passes, Harmon Lesco, Neodesha, to Don Hite, Arkansas City, and Lewis Turner, Neodesha, to Dick Bogue, Wichita, were good for 12 and 15 yards respectively.

In the B Team game at Emporia, Halfback Delbert Ehret, Atchison, ran 60 yards in the first period to set up a score on the Hornet one-yard stripe. Ehret kicked the extra point. Ehret tossed a 24-yard pass to End Charles Smith, Hutchinson, to place the ball on the one-yard line in second quarter. It was carried for the second touchdown by Richard Holder. Ehret again kicked the point.

Tjerandsen Represents College

Kansas State is being represented at the fourth annual citizens conference at Saratoga Springs, N. Y., this week, by Carl Tjerandsen, associate director of the Institute of Citizenship.

The commission took the material from the London Conference, coupled it with a number of suggestions from its own members and broke up into committees to study the problems.

The conclusions of the committees will be used as advice to this country's delegation at the Paris meeting, President Eisenhower said, and will help determine the nature of their proposals.

One of the most ambitious schemes which may be advanced by the United States' delegation is the idea for creation of a world-wide United Nations radio network to be built at a cost of \$250,000.

This year of preparation and study of ground-work, the President said, is only a beginning. The month-long conference at Paris, he indicated, could probably do little beyond selecting a director general and an 18-man executive commission and developing the general plan of action to be taken by the organization.

"As I see it," the President said, "There are three general aims of this first meeting."

First, all the great private and voluntary organizations of the world should be given an opportunity to present their aims and information.

Second, the governments of the world, including the United Nations, must begin by helping to remove the barriers and impediments to the flow of truth.

Third, no one activity can do the job. There must be hundreds. Some will have limited scope, and others will deal with general problems.

This primary meeting at Paris, the President believes, will take no startling steps during its pioneering session. It has great ideas and ideals behind it, but there is still a question of how much UNESCO can actually do, and how much of its purpose will be directed toward stimulation of existing organizations.

UNDERDOG WILDCATS WILL MEET JAYHAWKS IN HOMECOMING GAME

Strong K-State line will be pitted against speedy K. U. backs

It will be a battle of a strong forward wall against a speedy backfield Saturday afternoon in Memorial Stadium when Kansas State meets Kansas University in the Wildcats' 1946 Homecoming attraction. Pre-game odds give the K. U. backs 20-point odds advantage over the Wildcat line developed by K-State's Bill Schutte, Ed Tonish, Fritz Knorr, Wally Swanson, et al.

The Wildcat forwards, bright spot in an otherwise cheerless season, have won praise in the majority of their contests. At Oklahoma, the up-front Wildcats played on even terms for 41 minutes against the Sooners great pair of lines. At San Francisco last weekend, the Golden Gate players praised the K-State line as the best met by the Dons all season, despite a 38 to 6 Wildcat loss. San Francisco had previously met powerful clubs including Stanford and Mississippi State.

Outstanding in Kansas State line play this season, and major hopes for a surprise Cat victory Saturday, are Guard Bob Berry, Dodge City; Guard George Schirmer, Holton; Tackle Huck Heath, Leoti; Tackle Ed McNeil, Effingham; End Larry Reid, Topeka; End Rollin Prather, Eureka; Center Bob Palmer, Topeka.

Kansas University will depend on the ball carrying and passing abilities of Ray Evans, Bud French and the possible return of Red Hogan, great passing star who broke his leg in early season.

"We have been itching for our gang to upset somebody all season," Head Coach Hobbs Adams says, "so we should be about due against the Jayhawks." Members of the Wildcat squad feel the same as their coach. All season long, Wildcat players have pointed toward the K. U. game as a victory "must" on their tough season schedule.

Norman Rothrock, freshman fullback who starred at Wyandotte high school in Kansas City, Kan., before enrolling at K-State, particularly is eager for a win over the Mount Oread team. Ray Evans, K. U.'s splendid back also starred at Wyandotte in his prep school days, and Rothrock is looking forward to competing against Riflin Ray. The game Saturday will be the first in six weeks for "Big Rock" who broke his ankle during a practice session prior to Missouri game October 12.

Other injured Wildcat players will be healed enough to play against Kansas, Adams said. Oscar Erickson and Gene Snyder, first and second string quarterbacks who missed the San Francisco game, are out for practice this week. Larry King, end, should have his injured foot ready for play. Vic Jones, hobbling with a sore knee probably will be used at least some. Karl Kramer, slightly injured two weeks ago in Iowa State game, made the trip to San Francisco but was kept on the bench all afternoon. Kramer is one of the nation's leading punters and Adams wanted to take no chances of injuring the triple-threat star before the Kansas game.

Royce Pence, center with a broken finger, and Jim Kochel, an end with a broken arm, are definitely out of Saturday's contest. Left Halfback Harry Merriman has infected toe and Quarterback Red Lesco a chipped bone in left little finger, are expected to be used against the Hawks.

Kansas State and Kansas have met 44 times on the gridiron, the Jayhawkers have won 26, Wildcats 14, three games have been ties. Alumni who have captained K-State teams to victory over the Jayhawkers are C. Mallon, '06; Lyle Munn, '24; H. W. McGee, '25; S. J. Tombaugh, '26; Jim Douglas, '27; A. H. Freeman, '29; Henry Cronkite, '31; Ralph Graham, '33; George Maddox, '34; Rolla Holland, '36; Anthony Krueger, '37; Don Crumbaker, '39; Chris Langvardt, '40; Jean Smith, '44.

Sends Substitute to Class

Proxy students are a new angle at Kansas State. Instructor Marion Kirkpatrick of the English Department was asked by a student, "May I have my brother sit in for me at my Saturday class? I am going home for the week-end."

The brother "sat in."

THE KANSAS INDUSTRIALIST

Volume 73

Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, November 21, 1946

Number 8

COLLEGE WILL REQUEST FUNDS FOR NEW CLASSROOM BUILDING

Present facilities force scheduling of large classes

Forced to adopt a 15-hour class day and to enlarge classes unduly in the face of record enrollments, the College will request funds from the 1947 legislature for a new classroom building, according to President Milton S. Eisenhower.

Preliminary sketches provide for a building in units that may be constructed in three successive stages, President Eisenhower said in the College's budget request for the next biennium. The requested appropriations would build the first unit. It would include 47 classrooms, 42 offices, three seminars and some storage space but no laboratories. Estimated cost of the first unit is \$588,000.

INADEQUATE BEFORE WAR

"The College's 101 classrooms and 114 laboratories were inadequate when student enrollment was at its previous peak of 4,100," President Eisenhower said in the proposed budget. "With the present enrollment of 6,500 and with a permanent enrollment probably stabilized at about 6,000 students, it is obvious that additional classrooms and laboratories must be provided."

Immediate construction of the new classroom building was urged by President Eisenhower. The building should be located in the central part of the campus where it could conveniently be used by all Schools of the College, he said.

CLASSES TOO BIG

Classes are 50 percent larger than sound educational standards should permit, President Eisenhower pointed out. This situation exists despite the fact that classes are scheduled from 7 a. m. until 10 p. m. and during the noon hour, he said.

"In the face of large classes and a long teaching day, we also must increase the size of our teaching staff," he said. "But, at the same time, we must have classrooms in which our new staff members can teach. The lack of teaching personnel and the shortage of classroom space are two sides of a serious problem. Until we have solved both aspects of the problem, the quality of our education will be endangered."

The request for the new classroom building is included in the College's proposed budget for the next biennium. Approved by the state board of regents, the request will be submitted to the legislature after it convenes in January. Of the \$588,000 needed for the building, \$300,000 is asked for 1947-48 and \$288,000 for 1948-49.

MEDLIN TO DIRECT SCHOOL FOR YEAR-BOOK EDITORS

Royal Purple adviser will go to Milwaukee for conference

C. J. Medlin, graduate manager of student publications at the College, will be in charge of a school for year-book editors at a national convention of high school journalists in Milwaukee November 29 and 30.

The conference is being sponsored by the National Scholastic Press Association of Minneapolis, Minn. Four representatives of printing and engraving plants will appear on the panel directed by Medlin.

Talks by Medlin will include "Essentials of Yearbook Editing," "Presentation of Editorial Material," "Divisions of Yearbooks" and "The Production Picture."

A nationally recognized authority on yearbook production, Medlin is faculty adviser to the Royal Purple, College annual, which has received all-American honors for the eleventh consecutive year. He is currently broadcasting a radio series on yearbook problems over KSAC at 5 p. m. Fridays.

Frank Carlson, recently elected governor of Kansas, is a former student at Kansas State College. Mr. Carlson, who owns 500 acres of Cloud County farm land, is the first farm governor of Kansas in 24 years. Between sessions of Congress, Mr. Carlson worked on his farm feeding cattle and hogs. He has been serving in Congress as a representative from the sixth district. Mr. Carlson is the first former student of Kansas State College to be elected governor of Kansas. He attended Kansas State from 1912 to 1914, taking agricultural short courses and special courses. He was granted a certificate in agriculture in June, 1914.

ALUMNI RESOLUTION ASKS FOR INCREASE IN COLLEGE HOUSING

A resolution urging the College to provide sufficient housing facilities as soon as possible so that the sons and daughters of Kansas State alumni living outside the state may enroll was adopted Saturday morning at a meeting of the board of directors of the Alumni Association. At present, priority is given to Kansas residents.

The chapel campaign was also discussed at the general business meeting of the board. The meeting was called in conjunction with other Alumni Homecoming activities.

Forty-two persons attended a joint luncheon for members of the boards of directors of the Kansas State and University of Kansas Alumni Associations at the Hartman House in Manhattan after the business meeting.

Attending the luncheon-meeting were Mr. and Mrs. Carl Wisor, Dr. and Mrs. J. A. Bogue, Mrs. Willard Brooks and Mr. and Mrs. H. Otis Garth, Wichita; Mr. and Mrs. W. N. Calkins, El Dorado; Mr. and Mrs. L. Jones, and Mr. and Mrs. Hugh C. Bryan, Leavenworth; Mr. and Mrs. L. E. Zimmerman, Whitewater; Helen (Correll) Browne, Norton; Mr. and Mrs. Russell H. Oliver, Des Moines, Ia.; Mrs. Bruce Hurd and J. W. Ballard, Topeka; Bruce Hurd, Jr., Mr. and Mrs. Ellsworth and Mr. and Mrs. Dick Stevens, Lawrence; Mr. and Mrs. Ray S. Pierson, Burlington; Mr. and Mrs. W. Carlton Hall, Coffeyville; Mr. and Mrs. F. W. Boyd, Jr., Manhattan; Mr. and Mrs. Walter Atzenweiller, Kansas City, Mo.; L. C. Aicher, Hays; Mr. and Mrs. A. L. Aldridge, Salina; Dr. and Mrs. W. E. Grimes, Mr. and Mrs. Kenney L. Ford, Mr. and Mrs. H. O. Dendurent, Manhattan.

Selects Who's Whoot Staff

The staff of Who's Whoot, annual state 4-H publication, has been announced by Lola Warden of Jetmore, editor. Members of the Collegiate 4-H club at Kansas State College edit and publish the magazine.

Staff members are Virginia Grandfield, Wichita, assistant editor; Howard Borchardt, Leavenworth, collegiate editor; Pauline Waln, Canton, business manager; Pearl Lilliequist, Medicine Lodge, advertising manager; George Stephens, McCune, sales manager; Laura Belle Overley, Belle Plaine, special features editor; Gladys Goff, Manhattan, county page editor; Nancy Dewey, Onaga, artist; and Roger Wilk, Clearwater, photographer.

1946 HOMECOMING QUEEN TITLE GOES TO PHYLLIS LOU JOHNSON

Returning alumni see parades, pep rallies, as part of festivities

Before one of the largest crowds in Kansas State Homecoming history, Phyllis Lou Johnson, Salina, was crowned Homecoming queen during the half-time activities of the Kansas University-Kansas State football game in Memorial Stadium Saturday.

Coronation ceremonies were conducted by lieutenant governor-elect Frank L. Hagaman, Betty Bicknell, Kansas City, Mo., and LaWana Phelps of Winfield, attendants of the queen, also were presented to the spectators.

Other half-time activities included marching demonstrations by the K. U. and K-State bands. Two novelty numbers, "Bull Trombone" and "Africa to Harlem" were presented by the Kansas State band. During the numbers, the K-State cheering section used display cards to form "Wildcats," a Jayhawk with K. U. letters and later a "Welcome Home" for alumni.

Crowds lined Poyntz Avenue and the streets of Aggieville Saturday morning as the Homecoming Pep Parade displayed much color and school spirit. Several blocks long, the parade was led by the Kansas State band and included the Manhattan high school band. Organizations and schools of the College entered decorated floats and cars reflecting the "Beat K. U." attitude of the students.

Two Homecoming Balls, one in Nichols gymnasium and the other in the Avalon ballroom, were necessary to accommodate the increased number of students attending Saturday night. At both balls Queen Phyllis Lou Johnson attended both dances and presented awards to house decoration and parade float winners.

Parker at Beekeeper Meeting

R. L. Parker, professor of entomology at the College, is attending the annual meeting of the Iowa State Beekeepers association this week in Ames, Iowa. He led a discussion on "Pollination by Honey Bees" and took part in studies on the use of sulfathiazole as a control in brood diseases of honey bees.

Opening of cooperative commissary climaxes nine months of planning and hard work by veterans

Last spring a small group of veteran students at K-State, irked at the rising cost of living and worried about balancing their budgets, started plans for a co-operative grocery store in which they would invest their money, and, if the project was a success, share the profits.

On the morning of November 13 they opened the doors of their store to a waiting throng which had gathered outside. All day customers filed by the check stands in the front of the store at the rate of more than one a minute. At 6 p. m. when the doors were closed behind the last customer, the principal supporters of the project huddled around the cash registers and tallied the day's receipts. They had sold \$1341.09 worth of groceries. Their big business venture looked like a success.

At the end of the first week their gross sales totaled approximately \$5,000. Reflecting upon this, Paul Graham, store manager, thought that "prices can now be reduced a great deal."

NINE MONTHS OF PLANNING

The successful opening of the Co-op Commissary climaxed nine months of hard work on the part of the veterans. First they had to sell shares in the concern, enough to guarantee sufficient capital to finance their venture. They obtained a charter and elected a board of directors. One of their chief worries, the cost of a building to house the store, was banished when Kenneth Howenstine, retired Manhattan farmer, agreed to build

PHYLLIS LOU JOHNSON

FORD WILL EXPLAIN CHAPEL FUND CAMPAIGN TO CLEVELAND ALUMNI

A committee of alumni in Cleveland, Ohio, area has arranged a dinner-meeting in the Aviation Room of the Hotel Carter in Cleveland at 6:30 p. m. December 9 for graduates and former students of the College.

James Chapman, I. J., '32, director of the agricultural department, radio station WTAM, Cleveland, will be toastmaster at the dinner.

Kenney L. Ford, Alumni secretary, will speak at the meeting concerning the campaign for funds for the World War II Memorial Chapel at the College.

Mr. Ford, who was elected president of the American Alumni Council last summer at Amherst, Mass., will be in Cleveland from December 7 to 9 attending a meeting of the board of directors of the Alumni Council at the Hotel Cleveland.

The committee planning the alumni meeting December 9 includes Frank Harris, James Chapman, Newton Cross and Miss Elizabeth Perry, all of Cleveland; and Mr. and Mrs. J. C. Richards, Warrensville, O.

Scott Goes to Urbana

Walter O. Scott, assistant professor of agronomy, has resigned to become assistant specialist in crops extension at the University of Illinois.

CHAPEL CHANCEL WINDOW WILL BE MEMORIAL FOR RICE COUNTY DEAD

Three former Kansas State students will be honored

A chancel window in the proposed World War II Memorial Chapel at the College will be purchased by Rice county alumni, former students and friends of the College as a memorial to three Rice county men, former KSC students, who died in World War II.

Kenney L. Ford, executive secretary of the Kansas State Alumni Association, received the following letter from Edward Reed, Lyons, Rice county chairman:

"At a meeting of the chapel fund committee it was decided that funds collected in this county will go toward the purchase of the chancel window in the small meditation chapel. It would be in honor of Eugene Fred Kimple, Dennis Hemmer and Robert Milton Hodgson. The work is being organized and we hope to start handling the funds soon."

Eugene Kimple was the son of Mr. and Mrs. E. S. Kimple of Lyons. He served in the infantry as a lieutenant and was killed in action in Europe in 1944.

Dennis Hemmer, son of Mr. and Mrs. H. L. Hemmer of Bushton, was co-pilot of a B-24, serving as a lieutenant. He died in a plane crash Sept. 12, 1944, in Italy.

Robert Hodgson was the son of E. H. Hodgson of Little River and the husband of Mrs. Alice L. Hodgson, McPherson. Serving as a lieutenant with an armored unit, he was wounded in France and died June 7, 1944, in a hospital in England.

Other chairmen in Rice county are Lucille Logan and Mrs. Claude Earl, co-chairmen in Lyons; Fred Fair, Alden; Dick Wellman, Sterling; Paul Perry, Little River; Marvin Weihe, Bushton; Richard Johnson, Geneseo; Ralph Hathaway, Chase; and O. R. Cragun, Raymond.

WILLIAM A. WHITE SUBJECT OF KANSAS MAGAZINE ARTICLE

Portrait of White will be the frontispiece of 1946 edition

The late William Allen White of Emporia will be the subject of the leading article in the next Kansas Magazine, published at Kansas State College and ready for distribution early next month, Editor Robert Conover said today.

Author of the article is Walter Johnson, assistant professor of history at the University of Chicago. The article, "William Allen White: Composite American," is a chapter from his book-length biography of White which will be published within a few months by a New York firm (Henry Holt Company). In 1945 Johnson was granted a Newberry Writing Fellowship to assist him in completing the biography.

A portrait of White will be frontispiece of the Kansas Magazine, which is an annual devoted to prose, verse and art by or about Kansans or Kansas.

Six Enter Honorary Fraternity

Six new members were initiated into Epsilon Sigma Phi, national honorary and professional fraternity for extension workers. They are A. H. Stephenson, Wichita; Clarence W. Vetter, Atchison; and Karl Shoemaker, Mary G. Fletcher, Elizabeth Randle and Harold E. Stover, all of Manhattan. Members of the fraternity must have successfully completed at least ten years of extension work.

Long Thanksgiving Vacation

Thanksgiving vacation for more than 6,500 students at Kansas State College will begin Tuesday at 6 p. m. and end the following Monday at 7 a. m., it was announced today by R. I. Thackrey, dean of administration. This is the first Thanksgiving student vacation longer than one day since the start of the war.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. Lashbrook, Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris, Assistant Editors
KENNEY FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

THURSDAY, NOVEMBER 21, 1946

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Prof. Charles Matthews of the English department reviewed Margaret Mitchell's novel, "Gone With the Wind," for a large audience.

Margaret Spencer of Manhattan was chosen as soprano soloist for the music department's production of Handel's "Messiah," sponsored by the Manhattan Ministerial Association.

The College Glider Club had received some new aircraft and were learning the principles of their operation.

College students were among the "children" who attended the "Kris Kringle" parade in Aggieville. The parade featured four bands, a drum corps, and new cars.

The College livestock judging team won the championship at the Chicago International Livestock Show by 10 points. Their closest competitor was Iowa State College. Men who placed in the judging were Roy Freeland, Effingham; Clare Porter, Stafford; Wilton Thomas, Clay Center; and Clarence Bell, McDonald.

TWENTY YEARS AGO

A memorial was dedicated by the Riley County Historical Society and the Polly Ogden Chapter of the Daughters of the American Revolution on the site of the old Bluemont College. The monument marks the site of the first building at Bluemont College, built in 1859. Bluemont College later grew into Kansas State Agricultural College which became the present Kansas State College of Agriculture and Applied Science.

The shop department was making classroom chairs. Prof. W. W. Carlson, head of the department, announced a plan to supply not only the classrooms of the College but perhaps public schools over the state.

Phi Delta Theta won the silver loving cup for having the most dads present at the annual Dad's Day football game and banquet.

Alpha Zeta, honorary agricultural fraternity, elected to membership Eldon Harden, Centralia; J. P. Sellschop, South Africa; Vance M. Rucker, Manhattan; Laurence Clausen, Alton; and I. M. Atkins, Manhattan.

The 1926 Royal Purple was selected as one of the college yearbooks to receive an "All American" rating. F. E. Weibrecht was editor and Wayne Rogler was business manager.

THIRTY YEARS AGO

Newspapermen of Manhattan formed a press club. Officers were N. A. Crawford of the journalism department, president; George Brede-man of the Manhattan Nationalist, vice president; Fay N. Seaton of the Manhattan Mercury, secretary; and D. P. Ricord of the Manhattan Morning Chronicle, treasurer.

Seventy students were candidates for degrees at mid-term commencement.

FORTY YEARS AGO

According to an editorial in the Kansas City Star, Kansas State Agricultural College was doing a wonderful job of teaching Kansas men to become good farmers and Kansas women to become good housekeepers.

The College museum received three wildcats from a graduate. They were to be mounted and put in the display cases in the museum.

FIFTY YEARS AGO

Twenty members of the fourth-year had a "four-in-hand" moonlight ride to the Cedar Creek school houses where a teacher was installed.

One of the coldest Novembers in history was being recorded at the College. The temperature had fallen to 10 degrees.

A leap-year party at which the "timid" girls were "gentlemen" was enjoyed by the students, especially the men.

SIXTY YEARS AGO

The national debt was \$1,354,000, or \$22.60 per capita, according to a filler item.

The morning mail to the College

frequently filled two sacks and one sackful usually went down at noon to catch the afternoon trains.

The nineteenth annual meeting of the Kansas Academy of Science was held at Emporia. Several members of the College faculty attended.

The all-College social on Thanksgiving Evening was attended by 500 students, alumni and friends.

SEVENTY YEARS AGO

Buckets of water were placed in each of the College buildings to be used in case of fire.

"Better work and more of it" was the keynote of the school term, according to the Industrialist.

LOOKING AROUND

KENNEY L. FORD

A number of successful and interesting alumni meetings were held over the state in the latter part of October and early in November. Evan Griffith, president of the Kansas State College Endowment Association, and Kenney Ford, secretary of the Alumni Association, addressed the meetings in behalf of the campaign for funds for the all-faith memorial chapel and chime tower to be built on the campus.

During the meetings local chairmen were named and plans were made for carrying out the drive in towns and counties. Much interest and enthusiasm were shown for the chapel which will be built as a memorial to the K-State men and women who served in World War II.

Attending the Ottawa meeting at noon October 28 were R. B. Elling, '38; O. W. Tate, '40; Jack Going, f. s.; W. A. Forsberg, '31; Harold Crawford, '30, and Annie (Kerr) Crawford, '30; S. S. Bergsma, '29; H. C. Stevens, '30; Amelia (Baird) Cazier, '44, and Philip D. Cazier, '44, all of Ottawa; Kimball L. Backus, '31, Bethel; C. W. Pence, '38, Kansas City; W. G. Ramson, Jr., '37, and Anne (Washington) Ransom, '33, of Homewood; Grace (Gardner) Klosterman, '17, Rantoul.

The meeting at Pittsburg on the evening of October 29 was attended by H. A. Holzer, '99; and John W. Martin, f. s., of Pittsburg; William M. Beezley, '40, and Geraldine (Jansen) Beezley, f. s.; Charles A. Hageman, '36, and Mrs. Hageman; Ralph J. Shideler, '24 and Ruth (Luginbill) Shideler, '24, of Girard.

The Independence meeting at noon October 30 was attended by R. F. Nuttelman, '38, and Mildred (Schreppel) Nuttelman, f. s.; Ervin E. Reid, '40, and Marybelle (Churchill) Reid, '39; Blaine B. Brandenburg, '38, and Betty Jean (Clapp) Brandenburg, f. s.; Howard J. Winters, '28, and Evelyn Winters, f. s.; Bill Buser, '46; N. S. Wiggins; Don L. Wiggins, f. s.; Cecil L. Eyestone, '44, and Phyllis (Hurty) Eyestone, f. s.; Frank Sicks, '40, and Maxine (Lippy) Sicks, '40; Earl L. Wier, '31, all of Independence; Carlton Hall, '20, and Albert A. Pease, '32, both of Coffeyville.

The Wellington meeting on October 30 was attended by Frank Alexander, '24, and Mrs. Alexander; Mr. and Mrs. E. C. Alexander, Dr. R. B. Coffman, '43, and Mrs. Coffman; Dr. Neel Conley, '44; Mr. and Mrs. Lynn Burris; Louis W. Cooper, '40; Ruth K. Huff, '19; Raymond G. Frye, '30, and Mrs. Frye; Roy Higginbotham; R. W. Vandeventer; and Mr. and Mrs. Homer Thomas, of the Wellington vicinity; Herman Zimmerman, '18, and daughter, Carrie Lou, Belle Plaine; Gladys (Garnand) Rude, '18, Menard, Texas; Mr. and Mrs. Roy Gross, Ed Small, '11; and Ruth (Allen) Small, '13; Irma Popp, '42; and Mr. and Mrs. Earl Meils, of Conway Springs; Orville Hodson, '37, and Mrs. Hodson; and Mr. and Mrs. Charles Hodson, of Argonia.

At noon meeting at Anthony October 31 the following attended: Edgar C. Miller, '17; Alfred H. Epperson, '30, and Mrs. Epperson; John F. McCammon, f. s.; Bobby Jean McCammon, f. s.; Walter F. Maninger, '40; Ellen (Moore) Maninger, '40; Elgin R. Button, '23, and Mrs. Button, f. s., of Anthony; Clarence Fulton, '23, and Mrs. Fulton; Anita (Holland) Smith, '30; Odell (Wilson) Elliott, '08; Leo G. Berg, '43, and Ruth (Jacobs) Berg, '43, of Harper; and Fred D. Allison, '25, Wichita.

Alumni met in the Chamber of

Commerce room in Pratt at noon November 1. Attending were Hoy B. Etling, '39; Marcile (Norby) Wood, '43; Blanche Brooks, '25; Dorothy May (Shrack) Randle, '38; Clea (Van Meter) Farmer, '32, and Mr. Farmer; Charles W. Pratt, '22, and Beulah (Helstrom) Pratt, '24; Glen T. Crawford, '46, and Mrs. Crawford; Earl L. Stadel, '37; Dean Fincham; George Shrack, '40; Jack Bane; and Paul Tupper, '23, all of Pratt; Isaac F. Gatz, '21, and Mrs. Gatz, both of Preston.

Dean McCammon, Ag. '32, and Mrs. McCammon live at 4501 Crestview Addition, Kansas City, Mo. Their son, Douglas McCammon, 11, was struck and fatally injured by a motor car October 30. Mr. McCammon supervises for Consumers Cooperative Association the production of feed and feed ingredients at CCA's feed mill in Enid, Okla., the alfalfa dehydrating plant at Pond Creek, Okla., and the soy-bean processing mill at Coffeyville.

John B. Hanna, Ag. '32, is assistant state club leader, representing the College in the Southwest district of the state. He and Evelyn (Yarrow) Hanna, f. s., live at 1531 Anderson.

Emmett N. Breen, P. E. '33, and Kathryn (Lankford) Breen, f. s., live at 3630 East English, Wichita. Mr. Breen is a physical education instructor at East Side high school. He also is backfield coach in football, basketball coach and track assistant. The Breens have two children, Marion, 6, and Emmett, 21 months.

Robert A. Evers, G. S. '33, has been appointed assistant botanist in the Illinois Natural History Survey. Mr. and Mrs. Evers and children, Marily, 10, and Frederick William, 4, live at 1209 West Springfield, Urbana, Ill.

Maurice S. Smyth, E. E. '34, lives at 9511 Edmund Drive, Overland, 21, Mo. He is a design engineer for McDonnell Aircraft Corp., St. Louis, Mo.

The address of Edith C. Parke, I. J. '34, is 1860 Jackson, Apt. 204, San Francisco, 9, Calif. She was a lieutenant in the WAVES during the war.

G. Eugene Honeycutt, P. E. '34, former Naval officer and prominent Emporia social worker, has been appointed to represent the National Foundation for Infantile Paralysis in Western Kansas. He and Mrs. Honeycutt and children, Nancy, 4, and James, 2, live at 1309 State Street, Emporia.

Buford Dean Baker, C. E. '35, is sanitary engineer for the city health department, Omaha, Nebr.

Marion B. Noland, Ag. '35, and Mary Catherine (Ryan) Noland, H. E. '35, live at 600 South 14th Street, Laramie, Wyo. Mr. Noland, was a lieutenant-colonel during the war and spent three years in the Pacific. He is an extension dairyman with the University of Wyoming. The Noland have two children, Suzanne, 6, and Larry, 4.

Warren William DeLapp, C. E. '35, is an instructor in civil engineering at the University of Minnesota, Minneapolis, Minn.

Arnold S. Rosenwald, D. V. M. '36, is a veterinary bacteriologist with the War Department. He and Genevieve (Shellhaas) Rosenwald, G. S. '33, live at Middletown, Md. They have two children, Joan, 2, and Joyce Ann, 1.

Harry E. Hubbard, G. S. '36 and D. V. M., '37, is a milk specialist with the city health department, Lincoln, Nebr. Dr. and Mrs. Hubbard reside at

1837 E Street, Lincoln. They have a daughter, Constance Ann, 8.

Leslie Marion Blake, G. S. '37, and M. S. '39, is with the speech department of Wichita University. His address is 1101 S. Pershing, Wichita.

Robert F. Kane, I. J. '38, is a writer for Parade magazine, New York City. He and Mrs. Kane live at 37-42 80th Street, Jackson Heights, Long Island, N. Y. They have a daughter, Katherine.

George Larson, Ag. '39 and M. S. '40, is an associate professor in the agricultural engineering department of the College. Mr. and Mrs. Larson have a son, Lawrence George, born September 23.

Allen E. Starosta, Ag. '40, is teaching vocational agriculture at Kiowa. Mr. and Mrs. Starosta have one child, Carol, 4.

Edgar A. Johnson, M. S. '41, is living with Mrs. Johnson at 5427 Morrison Road, route seven, Denver, 14, Colo. Mr. Johnson is a landscape architect and city planner for S. R. DeBoer and company, Denver, Colo.

Leslie A. Droge, P. E. '41, is farming near Seneca. He and Lola (Hubbard) Droge, f. s., have two children, Dennis, 4, and Joann Lee, 2.

Donald Earl Bertholf, Ag. '42, is farming near Spivey.

Kenneth Kirkpatrick, Ag. '42, and Lavonne (Hyle) Kirkpatrick, f. s., live at 1506 Fifth Avenue, Dodge City. Mr. Kirkpatrick is field representative for the Consumers Cooperative Association, Kansas City, Mo.

Arthur D. Robb, D. V. M. '43, is a veterinarian at Wamego. Dr. and Mrs. Robb have a daughter, Beverly Ann.

John H. Lindau, M. E. '44, is working for Black and Veatch, consulting engineers, Kansas City. His address is 3801 Tracy, Kansas City, Mo.

Nina Fair, H. E. '45, is teaching home economics in the high school at Hoxie.

Barbara Lee Erwin, H. E. '46, is a nursery school teacher. Her address is Hill and Hallow Farm, Hyde Park, N. Y.

FIVE CAMPUS GROUPS PLEDGE GIFTS FOR MEMORIAL CHAPEL

Baptist, Pi Phi, Kappa Delta, T. K. E. and Pi K. A. groups contribute

Five campus organizations at Kansas State College have announced their student drive pledges for funds to build an all-Faith Memorial chapel honoring World War II veterans. The student drive is in its second week at the College.

The Baptist Youth Fellowship of the First Baptist Church will donate money for the altar cover and antependia for the lectern and pulpit, according to Bob Milburn of Wichita, president. Approximately 50 members of the Baptist group will contribute \$350 for this memorial.

Pi Beta Phi and Kappa Delta sororities have pledged funds for the purchase of pews in the main chapel. Tau Kappa Epsilon and Pi Kappa Alpha fraternities also will buy a pew as their part of the memorial. Each pew, seating eight persons, will cost about \$200.

The chapel will be of Gothic architecture and will not bear symbols of any religious faith. It will be constructed of native limestone in an L-shape. The main chapel will seat 600 persons, the smaller meditation chapel, 65. Organs for both chapels have been donated. Many graduating classes have left donations which will be used for a chime tower to be part of the chapel.

Church-affiliated organizations of all faiths and the YMCA and the YWCA will use the chapel as a center. It will be used for Sunday vespers conducted by the College or religious groups. Churches also may use it. Musical programs by the a cappella choir and organ recitals will be held there. It will be used for weddings, funerals and other special religious services.

Cornell Reprints Dean Justin's Article

Cornell University is having 1000 copies printed of an article "Freedom from the Dominance of Things" by Dean Margaret Justin of the School of Home Economics. The article appeared in the September issue of the Journal of Home Economics. The reprints will be distributed to students and people in the extension service in New York state.

KANSAS POETRY

Robert Conover, Editor

In the Rain

There are all things in the rain
That echo in the heart and brain:
Fresh hopes and deep old sorrows
Smarting,
Thanksgiving notes, and lovers' partings,
And lovely legends, if you listen,
That make the merry lashes glisten,
These, in the rain.

—Hester Buell
Tescott, Kansas

Sunflowers

By H. W. Davis

THANKFUL FOR WHAT?

It is time again to be thankful—a rather easy job if you merely go in for the mood of gratitude. But it is difficult to be intelligently thankful.

Of course almost anyone can make himself glow with surface gratitude and smile like a cat that has recently consumed a canary. But "glows" are only skin deep, and too many smiles are not even that.

And of course one can easily be thankful that one is better off than a lot of other people one can easily think of. But even that is not too good. Such thankfulness is stuffed with pride and complacency and smugness and other things we suffered from just before the war.

One can even be proud of his station in life, no matter what it is. But there is heavy doubt that one is a good judge of his own station—others may disagree, and others have the voting power. It makes little difference whether one is a teacher or a preacher or an automobile worker, except in pay. Stations are only stations—things one passes by when he is going places.

What I am trying to get at, I weakly suspect, is that we (all of us) should very closely diagnose our various thankfulnesses to see whether or not they indicate a respectable proportion of sense and logic and whatever else it is that makes us something more than mere "feelers."

Just for instance! The other day I heard a man being thankful that no peace treaty has yet been written out and signed, also that no definite scheme of reconversion to a peace with atomic energy in it had yet been adopted. He was really thankful, he said, that things are going so slowly, that there is so much bickering and so many differences to reduce, and that the emergency has as yet not been allowed to die.

Fancy that! The man was thankful that the world is in a mess and likely to stay there for a while.

Well! I sort of got to thinking, too, and decided finally that maybe the man had something. Maybe we ought to be thankful that our "peace" is still a bit in doubt. Maybe we should be most thankful that we the people of this earth are going cautiously into peace, thanks to the convictions—or the stubbornness—of those who do not think as we do.

AG-JOURNALISM STUDENT IS WINNER OF ESSAY CONTEST

Richard Burns will represent K. S. C. at International Livestock Show

Richard Burns of Topeka, junior in agricultural journalism, has won first place in the 1946 Swift Essay contest at Kansas State College and will represent the College at the International Livestock Exposition in Chicago in early December.

Runners-up in the contest are R. D. Parks of Admire and James M. Collier of Alta Vista. Burns' prize-winning essay was called "Packers' Progress."

One winner from each of the colleges entering the contest is chosen by a faculty committee. All winners are awarded expense-paid trips to Chicago by the Swift company.

Walker Attends Conference

Dr. Robert A. Walker, director of the Institute of Citizenship, attended an Adult Education Conference at Oklahoma City last week. The conference for the southwestern area will bring together all state coordinators for the Department of Adult Education of the National Education Association. Dr. Walker is coordinator for Kansas.

AMONG THE ALUMNI

Charles J. Willard, '08, is acting chairman of the department of agronomy College of Agriculture at Ohio State University. Professor Willard has been associated with Ohio State since 1917 and also has served with the Ohio Agricultural Experiment Station. He is the son of Dr. J. T. Willard, '83, College historian.

Etta V. (Sherwood) Earl, H. E. '12, and her husband, C. H. Earl, are living in Lyons.

G. W. Kolterman, '13, is president of the First National bank of Golden City, Mo.

J. P. Van Vliet, Ag. '15, is president of the People's Accident Insurance Company, 1124 Sharp Building, Lincoln, 8, Nebr.

Jay W. Stratton, Hort. '16, and Gussie C. (Johnson) Stratton, H. E. '19, live at Rural Retreat, Va. Mr. and Mrs. Stratton have two children, Clyde, 26, and Mary, 24. Mr. Stratton is fieldman for Pet Dairy Products Company.

R. S. Kirk, E. E. '17, and Flora (Einsel) Kirk, H. E. '17, live at Wellington where Mr. Kirk is county engineer. Mrs. Kirk is a bookkeeper in the county engineer's office.

Ernest H. Ptacek, Ag. '18 and Leo D. Ptacek, Ag. '20 live in Manhattan. M. E. Ptacek, Ag. '22, is living at 5832 Wyandotte, Kansas City, 5, Mo. Mrs. Mary A. Ptacek, 81, mother of the Ptacek brothers, was killed in an accident in Kansas City October 4.

C. E. Zollinger, D. V. M. '19, is a veterinarian at 237 East Sixth street, Junction City. He and Mrs. Zollinger live at 839 West Fifth street, Junction City. A son, Joe Edward, is a senior in mechanical engineering at Kansas State. A daughter, Mary Jane, is a student at K. U.

Ivan White, Ag. '20, and Helen (Mitchell) White, H. E. '18, live at route three, Edinburg, Texas. "We are always glad to hear of other alumni and classmates through the INDUSTRIALIST," Mr. White writes. "We were back for a very brief visit in Kansas last August but did not get to stop in Manhattan. We send greetings to classmates and faculty."

R. H. Lush, Ag. '21, is pasture specialist with the National Fertilizer Association, Washington, D. C. He was unable to attend the reunion of the class of '21 last May. "Even though my work has taken me to all of the states except two and to several foreign countries in the past 20 years," he writes, "I have not been to Manhattan since 1929."

Margaret (Woodman) Gilbert, I. J. '21, and Samuel J. Gilbert, Ag. '21, live at 1316 1/2 South Fourth, Sioux Falls, S. D.

F. Pearl Hoots, Music, '21, lives at Pasadena, Calif., where she is agent for the Equitable Life Assurance Society of the United States. Last May she observed her 15th anniversary with the company. Her address is 827 Security Building, Pasadena, 1, Calif.

John F. Ellis, Ag. '21, is justice of the peace and owner of a farm at Pratt. His address is 107 South Oak street, Pratt.

Charles W. Pratt, I. J. '22, and Beulah (Helstrom) Pratt, H. E. '24, live at 317 South New, Pratt. Mr. Pratt is editor and publisher of the Pratt Daily Tribune.

H. Leigh Baker, Ag. '22, is head of the department of education and psychology at Kansas State. He received his Ph. D. at Yale University in 1934. Dr. and Mrs. Baker have a daughter, Marjorie Leigh, 19. They live at 931 Laramie, Manhattan.

Paul Tupper, I. J. '23, and Frances (Johnstone) Tupper, I. J. '23, live in Pratt. Mr. Tupper operates the Tupper Office Supply at 208 South Main street.

A note from John Leod Wilson, G. S. '23: "Just a line to say that I finished my job with USO early in September, 1946. Since September 1 I have been dean of the college at A. M. and N. College, Pine Bluff, Ark.

Stephen Ray Smith, G. S. '23, and Mrs. Smith are living near LeRoy. Mr. Smith is a farmer.

Ellis B. Babbitt, Ag. '24 and M. S. '33, and Marian E. (Randles) Babbitt, H. E. '24, live at 3841 Roberts, Kansas City, 1, Mo. They have two children, Kenneth, 17, and Barbara

Jean, 14. Mr. Babbitt is a member of the board of education in Kansas City and head of the life science department of Northeast high school, Kansas City. He was a Navy lieutenant during the war.

J. R. (Pete) McKechnie, f. s. '25, is editor-owner of the Kiowa County Signal, Greensburg. Mr. and Mrs. McKechnie have one daughter, Ann.

James W. Honeywell, G. S. '25, is principal of the high school at Keats. Mr. and Mrs. Honeywell live at 600 North Manhattan, Manhattan. They have a son, J. Arthur Honeywell, who is enrolled in chemical engineering at KSC.

Einer D. Nygren, E. E. '26, and Mrs. Nygren live at 2907 E. 28th Street, Kansas City, Mo. Mr. Nygren is an estimator for the Kansas City Power and Light company.

The address of Earl Vern Farrar, M. E. '26, and Mrs. Farrar is 216 Gardner Road, Ridgewood, N. J. They have two children, Ronald, 18, and Janice, 15. Mr. Farrar is manager of the gas turbine division of the Wright Aeronautical Corp., Woodridge, N. J.

Dr. Philip J. Isaak, Ag. '28, is with the department of soils at the University of California, Berkeley, Calif. He will leave the department January 1 to return to his fruit farm near Reedley, Calif. Dr. and Mrs. Isaak have a son, 9. Dr. Isaak had been farming near Reedley for several years but had been at the University of California during the war to assist in soils research work.

Merton E. Paddleford, E. E. '29, writes from 333 North Oak Park Avenue, Oak Park, Ill.: "I enclose my check for \$50 in payment of a life membership in the Alumni Association. I have just returned to the job with Public Service Company of Northern Illinois as engineer after 3 1/2 years in the Navy. Most of my time in the Navy was in a shipyard back in Wilmington, Del. I came out with the rank of lieutenant commander, having gone in as a lieutenant, junior grade. My wife and I have our first baby, Jane Carol, born March 21, 1946."

Loyal H. Davies, C. E. '29, writes: "I was separated from the Army last April and returned to work with Cities Service Oil Company. Mrs. Davies (Leone Wilson, P. E. '30) and I are living in Oklahoma City." Their address is 420 NW 11th Street.

C. F. Chrisman, R. C. '29 and Gladys (McKown) Chrisman, f. s., live at Hutchinson, where Mr. Chrisman is a mail carrier. Their children are Keith, 12, Janet, 8, and Peggy, 6.

Solon T. Kimball, I. J. '30, associate professor of anthropology at Michigan State College, is author of two articles published in a recent Michigan Agricultural Experiment Station Quarterly Bulletin. Mr. and Mrs. Kimball have two children, Sally Putnam, 7, and John Price, 2. The Kimballs live at 319 Southlawn Ave., East Lansing, Mich.

John R. Coleman, Ch. E. '30 and Mrs. Coleman are living at 3699 Lake Ave., Rochester, N. Y. Mr. Coleman is supervisor of production for the Eastman Kodak company. The Colemans have four children, Elizabeth, 12, John, 10, Kathleen, 7, and Jeremy, 5. Mr. Coleman was a major in the Army engineers more than two years in the European theater during the war. He was awarded the bronze star.

The address of Josephine L. Barry, G. S. '31, is 201 Centerview Street, Hot Springs, Ark.

Clarence A. Rinard, Arch. '31, is a draftsman with N. Straus Nayfach, Alamo National Bank building, San Antonio, Texas.

Elmer F. Clark, Ag. E., '32, is a sales engineer for the Butler Manufacturing Company, 13th and Eastern, Kansas City, Mo. Mr. and Mrs. Clark's address is 1318 West 25th, Independence, Mo.

L. D. Morgan, Ag. '32, is cashier of the Goodland State Bank. He also raises cattle and sheep. He and Isabel (Porter) Morgan, f. s., have two children, Constance, 8, and Brenda, 6. Mr. Morgan is a member of the Goodland school board.

Virginia Lovitt, Music Ed., '33, is a substitute in three grade schools in Great Bend. Her address is 3016 Broadway.

ALUMNI REGISTRATION LIGHT AT HOMECOMING, FORD SAYS

Fewer returning graduates register than in 1945

Although the 1946 Homecoming crowd reached near record proportions and more than 16,000 persons attended Saturday's Kansas State-K. U. football game in Memorial Stadium, only 76 of the alumni who returned to the campus registered in the office of the Alumni secretary. More than 100 alumni registered during Homecoming last year.

Those who registered, by years of graduation:

1883—J. T. Willard, Manhattan 1905—Edith (Davis) Aicher, Hays 1907—Walter T. Scholz, Wichita 1910—L. C. Aicher, Hays 1913—W. E. Grimes, Manhattan 1914—Ethel (Roseberry) Grimes, Manhattan

1916—Nelson H. Davis, Manhattan; A. E. Jones, '16, and Margaret F. (Jones) Jones, '14, both of University Park, Md.

1917—Hazel (Russell) Zimmerman, Whitewater; R. H. Oliver, Des Moines, Iowa

1919—Frank S. Campbell, New Rochelle, N. Y.; Myrtle A. Gundersman, Manhattan

1920—Carlton Hall, Coffeyville; R. A. Graves, Kansas City, Mo.

1921—J. A. Bogue, Wichita

1922—James Albright, Winfield; D. M. Geeslin, Wichita; Charles C. McPherson, Westfield, Mass.; Harold Howe, Manhattan

1923—Otis Garth, Wichita; Margaret (Bane) Cox, Los Angeles, Calif.

1924—Kenney L. Ford, Manhattan; C. A. Brantingham, Overland Park; C. A. Jones, Kansas City, Mo.

1925—Alfred G. Aldridge, Salina; Hugh C. Bryan, Leavenworth; Helen (Correll) Browne, Norton; Lloyd Hook, Iola

1926—Walter Atzenweiler, Kansas City, Mo.; J. W. Ballard, Topeka

1927—Russell I. Thackrey, Manhattan

1928—William Sartorius, Summit, N. J.

1929—Ruth Holton, Tulsa, Okla.

1931—Bernice (Davidson) Calkins, El Dorado; Richard K. Dickens, St. Joseph, Mo.; Frank L. Westerman, Great Bend

1934—F. W. Boyd, and Mary (Dexter) Boyd, Mankato; H. O. Dendurent, Manhattan; William V. Combs, Lawrence; Milfred J. Peters, Williamsburg, Ohio; E. D. Warner, Manhattan

1936—Vivian (Bloomfield) Munger, Manhattan

1938—S. Ted Freeman, Eureka

1939—D. E. McIntire, Warrensburg, Mo.; Patricia Kail, Augusta; Bertil E. Soderblom, Hays; Ruth (Edgerton) Dague, Topeka; Frances (Ripley) Gross, Garden City

1940—Ronald B. King, Colby; Ralph L. Gross, Garden City; Carrie (McLain) West, Manhattan; Edward G. Smerchek, Garnett

1941—Frank Flipse, Colby; Neva (Garrett) Adams, Augusta

1942—N. Jay Griffith, Clayton

1943—Earl C. and Martha (Goheen) Barb, Fredonia; Vivian (Marlow) Moss, Manhattan; Wilmer L. Dague, Topeka; Bill West, Manhattan; Milt D. Hill, f. s., Washington, D. C.; Margaret (Buzzard) Goffinet, Fort Scott

1944—C. D. Stumpff, Nevada, Mo.; Raymond W. Amos, Augusta

1945—Ethelinda (Parrish) Amos, Augusta; H. S. Adams, Arleta R. Boyer, Avis (Moore) Todd, Boyd B. Jackson, all of Manhattan

1946—Lucille Anderson, Miltonvale; Irma Bird, Great Bend; Doris Christiansen, Columbus; Beth Stratton, Osage City; Bernard E. Weller, Montezuma

MARRIAGES

COLLINGS—OLSON

Virginia Collings, H. E. and N. '46, and Norris D. Olson, M. I. '44, were married August 10 at St. Mark's Lutheran church in Kansas City, Mo.

COLE—GREEN

Charlia Cole, M. S. '37, and Herbert Woodrow Green were married July

15 at Holy Cross rectory at Corpus Christi, Texas.

HENDERSON—STEWART

Maryellen Henderson, H. E. '44, and Chester A. Stewart, E. E. '46, were married August 31. Mrs. Stewart is a member of Chi Omega sorority.

WILSON—KIRKPATRICK

Dorothy Lou Wilson, f. s., and Hugh R. Kirkpatrick f. s., were married August 4 in the First Methodist church, Manhattan. Mrs. Kirkpatrick has been working as assistant secretary at the Manhattan Chamber of Commerce office. Mr. Kirkpatrick is now enrolled at college.

BETZ—POTEET

Jane Betz, f. s., and Harry H. Poteet were married August 4 at the First Congregational church in Manhattan. Until her resignation August 1, Mrs. Poteet was secretary of the Manhattan Credit Bureau.

WINEGAR—SCHUETTE

Evalyn (Boyce) Levin, H. E. '43, and Raymond J. Schuette were married August 4 at Lebanon. Mr. Schuette was an instructor and pilot in the Air Transport Command during the war. He owns and operates the Lebanon airport. Mr. and Mrs. Schuette are now living in Lebanon.

GEYER—WENDT

Fern Geyer, H. E. '37, was married August 4 at Lebanon. Mr. Wendt is a member of the home economics faculty at the San Jose State Teachers College. They live in San Jose.

CROSBY—NEUBAUER

La June Crosby and Donald O. Neubauer, M. E. '46, were married August 9 in the First Methodist church in Manhattan. The double-ring ceremony was performed by the Rev. B. A. Rogers.

BIRTHS

Oral F. Brunk, Ag. '46, and Mrs. Brunk, 1638 Osage, Manhattan, announce the birth of a son, John Randolph, October 3.

A son, Alfred Scott, was born October 26 to Cleda (Scott) Casey, G. S. '28, and Alfred L. Casey, Ag. E. '32. Their address is 915 Fremont, Manhattan.

Scott W. Kelsey, Jr., 'Ag. '42, and Mrs. Kelsey, announce the birth of a son at St. Francis hospital, Topeka, October 29. Douglas Scott is the baby's name. Mr. and Mrs. Kelsey and son live at 1328 Kellam, Topeka.

DEATHS

BUTTERFIELD

Joseph A. Butterfield, '99, died July 16 at his son's home at 5730 Lydia, Kansas City, Mo. His death was caused by coronary occlusion.

In Soil Conservation Service

Raymond S. Clark, Ag. '46, is with the soil conservation service headquarters at Junction City. He and Mrs. Clark live at 315 West Third, Junction City.

RECENT HAPPENINGS ON THE HILL

Rental rates for the Federal Public Housing Authority units for use of married College veterans, have been announced by Hal H. McCord, Director of Housing. A single-bedroom unit (three-room apartment) will rent for approximately \$30 monthly. A double bedroom unit (four-room apartment) will rent for \$36. The apartments are furnished with essential furniture and utilities are paid.

An Individuals' Variety Show with prizes ranging from \$3 to \$15 for the best individual numbers is being sponsored by the YMCA and YWCA. The show will be given in College Auditorium December 6.

The Commonwealth Party, one of the College's new political parties, won 10 of 16 class offices in recent class elections.

A precision drill team, drawing its membership from men enrolled in the basic ROTC courses at the College, was organized on the campus last week.

Flags of 60 nations will be carried by volunteer color bearers from ROTC classes in the State Corn show in Manhattan this week.

Eight Kansas State students represented the College at the Intercollegiate United Nations Conference at the University of Missouri November 16 and 17. The students attending the conference were members of the Kansas State International Security Assembly, student version of the United Nations.

The annual Christmas Bazaar, sponsored by YWCA, is scheduled to be in Recreation Center December 4.

Students and faculty members have been invited to a weekly coffee hour, sponsored by the YMCA and the YWCA each Wednesday afternoon in Recreation Center.

WESTINGHOUSE ESTABLISHES ANNUAL \$500 SCHOLARSHIP

Winner of award to be chosen next spring by faculty

Establishment of a \$500 scholarship in electrical engineering at the College by the Westinghouse Educational Foundation in Pittsburgh, Pa., has been announced by President Milton S. Eisenhower.

The award will be known as the Westinghouse Scholarship in Electrical Engineering and will be made yearly to a junior in electrical engineering on the basis of high achievement in academic work and leadership. The first winner probably will be chosen next spring.

The scholarship will be offered annually by the foundation for five years. After that it may be continued by mutual agreement. It will be made each year only if outstanding candidates are available.

Men are never so likely to settle a question rightly as when they discuss it freely.—Lord Macaulay.

NO GIFT TOO LARGE---NONE TOO SMALL

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

PRESIDENT WANTS TO BORROW FOR STUDENT UNION BUILDING

Post-war conditions make new financing plans necessary

To speed plans for a Student Union building the College will ask permission of the 1947 state legislature to borrow \$600,000 toward construction costs, according to President Milton S. Eisenhower.

With record enrollments and insufficient recreational, eating, social and other facilities, a Student Union has become imperative, President Eisenhower said, in making the request in the College budget for next biennium. However, increased construction costs and a changed situation have made it impossible to start work on the union without modifications of plans made in 1941, he said.

THREE-POINT PROGRAM

Construction in the near future would be possible under a three-point plan to be recommended to the state legislature:

1. Chapter 364, session laws, 1941, should be amended or a new statute enacted to permit the College to borrow \$600,000 toward the cost of a union building instead of \$300,000 as now provided by law.

2. As soon as fee collections for the 1947 spring semester are available, a contract should be let for the construction of the entire shell of the building and the completion of at least the first floor. About \$192,000 in fee funds will be available by spring. While construction is under way, an additional minimum of \$60,000 will be collected in fees, thus making \$852,000 available for financing construction that might start in 1947. Total construction costs of the building are estimated at \$1,400,000.

3. Whenever the collection of additional fees makes it feasible, construction of the building would be completed.

STUDENT FEES ARE \$162,000

In 1941 the state legislature authorized the College to borrow \$300,000 toward the cost of a Student Union and to charge each student \$5 a semester to defray the cost of building and equipment. Funds from student fees now amount to \$162,000.

Total cost of the union planned in the late 1930's and early 1940's was estimated at \$800,000. Of this amount, \$400,000 was to have come from federal funds, \$300,000 from bond issue and \$100,000 from student fees, President Eisenhower explained in the budget.

WAR DELAYED CONSTRUCTION

After nearly \$12,000 had been paid for architectural and engineering drawings, construction had to be delayed because of the war. Collections from student fees dropped considerably.

Rising prices of labor and materials have driven the cost of the proposed building up to \$1,400,000, and federal funds are not available for its construction, President Eisenhower said. "Unless we proceed with the three-point program outlined, it is certain that many years will elapse before construction of a \$1,400,000 building can be financed," he said.

ARMY AWARDS DECORATIONS TO TWO K-STATE GRADUATES

Charles Holtz, Paul Ragland receive D. S. C., Bronze Star

Two Kansas State graduates have been decorated recently by the Army. Charles S. Holtz, B. A. '43, has received the Distinguished Service Cross. The decoration was awarded for heroism while he was a second lieutenant with the 10th Infantry Regiment in France. Holtz is attending Harvard Business School.

Paul F. Ragland, I. J. '35, a lieutenant colonel in the Officers' Reserve Corps, has been awarded the Bronze Star. Ragland spent more than two years in the China Burma India theater and was adjutant of a fighter group. He is in charge of commercial printing for the Seaton Publications in Manhattan.

Clapp Will Judge Grain

A. L. Clapp, professor of agronomy at Kansas State College, has been appointed to judge the grain show at the International Livestock Exposition in Chicago November 30 to December 7, officials of the exposition announced today. He is the only Kansan on the list of 55 judges.

Wins Meats Judging Contest

Floyd Frisbie of McDonald, senior in agriculture, has been awarded a gold wristwatch for placing first in a meats judging contest sponsored by the John Morrell packing company of Topeka for members of the advanced meats class at the College. Other winners were Frank Wilson, Maple Hill, second; and Douglas George, Lebo, third place. Coach of the meats judging team is D. L. Mackintosh, associate professor of animal husbandry.

CHAPEL DRIVE CHAIRMEN FOR KANSAS AND CALIFORNIA NAMED

Names of new chairmen who have been selected to direct local fund-raising campaigns for the World War II Memorial Chapel at the College have been announced by Kenney L. Ford, secretary of the Kansas State College Alumni Association.

The campaigns are under way in the several counties and communities in the state and some drives have been started in California.

The newly-appointed chairmen:

Les Servis, Lawrence Reed and Harold Rothgeb, of Hays; Taylor Jones, Holcomb; C. O. Baker, Garden City; Jim LeClere, Coffeyville; Elmer Kittell, V. E. (Tony) Whan and Harry Jennings, of Los Angeles; John F. Davidson and Mrs. Mac Short, of Glendale, Calif.; Harry Felten, Berkeley, Calif.; John McClung, San Francisco, Calif.; Ervil Fry, Oakland, Calif.; Mr. and Mrs. Jesse Frey and Mr. and Mrs. Gene Blair, all of Sacramento, Calif.

DELTA, CHI OMEGAS, BETAS, PI PHIS AND A. V. M. A. WIN DECORATIONS PRIZES

Delta Tau Delta fraternity, presenting its version of an atom-smashing machine, and a jayhawk as victim, watched by a gleeful wildcat, won the grand prize in the Homecoming decorations contest last week. "Up and Atom" the fraternity punned optimistically in the accompanying sign.

First prize in men's house competition went to Beta Theta Pi fraternity for its melodramatic "Wildcat Railway" with a jayhawk strapped to the track in front of the locomotive.

Winner in the competition between women's organized houses was Chi Omega sorority. "Watch cow college give K. U. the bird," proclaimed the sorority's sign. The display showed a recalcitrant heifer kicking a jayhawk off the lot.

Pi Beta Phi sorority, with a convertible covered with white fluff to resemble the traditional Homecoming Mums, received the prize for the best-decorated car in the Homecoming parade Saturday morning. The Junior A. V. M. A., organization of students in veterinary medicine, entered the best float. Several students were shown in an operating room, working over a jayhawk. "Operation successful, patient died," read the legend.

K. S. C. CONTRACT BRIDGE TEAM INVITED TO NATIONAL MEET

K-State placed first in 1942, second in 1946

The College has been invited to take part in the National Intercollegiate Contract Bridge Tournament for 1947.

Last year's K-State team placed second in the national contest after losing to Cornell University by five points. In 1942, the last year the tournament was held until after the war, the College won the national championship.

Preliminary contests at the College probably will be in February, Ford said. Final playoffs will be in Chicago April 19 and 20.

LARGE ATTENDANCE EXPECTED FOR WHEAT SCHOOL DEC. 2-4

Speakers include R. H. Black and College staff members

Record attendance is expected for the wheat school sponsored by the Kansas Wheat Improvement association at the College December 2-4.

Speakers at the school will include Dr. R. H. Black, federal grain supervisor, Washington, D. C.; Max Miller, former storage authority at the University of Minnesota and newly-appointed research worker at Kansas State College; Joe E. Elstner, federal grain supervisor, Kansas City; Georgell Douglass, state grain supervisor, Kansas City; L. P. Reitz, of the College, and other College staff members.

TWO MEMORIALS ESTABLISHED FOR WORLD WAR II MEMORIAL CHAPEL

Pulpit and front, stained glass window will be provided

Establishment of two memorials in the World War II Memorial Chapel at the College was announced last week. Phi Delta Theta fraternity will provide the pulpit and associated front in memory of members of the fraternity who died in service, and Mr. and Mrs. Charles J. Burson of Manhattan will purchase a stained glass window, one of 10 in the nave of the chapel, as a memorial to their son, Pvt. Charles J. Burson Jr.

Jack Landreth, Wellington, alumni secretary of Phi Delta Theta, will contact K-State alumni who are members of the fraternity to obtain funds for the memorial. The 85 undergraduate students who are now in College also will contribute.

Members of the fraternity who died in service were Lt. Don Hathaway, son of Charles Hathaway, Tulsa, Okla., and the husband of Patricia Hathaway, Leavenworth; Capt. Robert Oris Baber, son of Mr. and Mrs. L. O. Baber, Dodge City; Lt. Richard T. Schindling, son of Mr. and Mrs. Charles A. Schindling, Leavenworth; and Aviation Cadet Jack Quinly, son of Mr. and Mrs. W. H. Quinly, Kansas City, Kan.

Charles J. Burson, father of Private Burson, was graduated from Kansas State in 1901. Five sisters of Private Burson also are graduates. They are Mrs. Daryl Durland Yandell, Union N. J., and Mrs. Jennie Maurine Hickey, New York City, both of whom were graduated in 1929; Mrs. Vada Weathers, Chanute, class of 1931; Mrs. Ona Lee Walser, Waynesville, Mo., class of 1936; and Mrs. Stephanna Burnett, Broadview, Ill., class of 1938.

TWO-MILERS PLACE SECOND IN CONFERENCE TRACK MEET

Oklahoma runners win contest at Norman

Kansas State's two-mile team placed second in the Big Six conference meet at Norman, Okla., November 16. The meet was won by the Oklahoma University Sooners.

Don Borthwick, ace Wildcat distance man, finished fifth, George Leasure, ninth, Ray Adey, thirteenth, Jim Cunningham, seventh, and Dave Van Haverbeke, twentieth. Points were scored corresponding exactly to the position the runners finished. The team with the lowest score was victor.

Oklahoma had 44 points, Kansas State 63, Missouri 65, Nebraska 76, Kansas 104, Iowa State 113. Oklahoma was the only team this season to defeat the Wildcats coached by Ward Haylett.

Investigate Fowl Paralysis

Burley Winton, director of the Regional Poultry Research laboratory at East Lansing, Mich., recently visited the poultry and bacteriology department at Kansas State College. He is in Kansas to investigate the prevalence of fowl paralysis in this area. Mr. Winton has supervised study of the disease at East Lansing for the past seven years. M. A. Seaton, extension poultryman, accompanied Mr. Winton on his tour of this section of the state.

Big Six has no unbeaten teams and mad scramble for championship shows four teams tied for first

Big Six Standings

Oklahoma	3	1	.750
Missouri	3	1	.750
Nebraska	3	1	.750
Kansas	3	1	.750
Iowa State	1	4	.200
Kansas State	0	5	.000

Early this fall, coaches, officials and sports publicity men of the Big Six conference met in Kansas City, Mo., and agreed that no team would finish the conference football season without at least one loss. Already that opinion has proved to be fact.

Currently, four teams—Oklahoma, Missouri, Nebraska and Kansas—are tied for first in the hair-breadth gridiron race and the conference schedule is so set-up that at least two of these must share the championship crown unless there is a tie game.

Oklahoma and Nebraska meet in Norman, Okla., Saturday and the Sooners are favorites to eliminate the

KSC 1946 Football Schedule

Hardin Simmons U. 21; KSC 7.
Nebraska 31; KSC 0.
Missouri 26; KSC 0.
Oklahoma 28; KSC 7.
Iowa State 13; KSC 7.

Nov. 23—New Mexico at Albuquerque.
Nov. 30—Arizona at Tucson.

APPORTIONMENT BOARD ALLOTS \$92,000 STUDENT ACTIVITY FUND

Apportionment of a \$91,800 student activity fund at the College has been approved by C. O. Price, assistant to the President, it was announced by Don Carttar of Winfield, chairman of the campus apportionment board.

The activity fund is made up of a \$7.50 fee from each student each semester and is used to finance extracurricular activities at the College. The beneficiaries of the fund are activities in which a large portion of students participate or smaller activities which bring publicity to the school.

Because of the large enrollment, this year's fund is twice the average \$45,000. Activities which will benefit include: athletics, \$43,146; student publications, \$32,543; band and orchestra, \$3,580; vocal, \$799; student governing association, \$4,223; engineers' open house, \$1,652; Kansas State Players, \$2,497; home economics hospitality days, \$422; debate, \$303; accounting, \$505; publicity, \$495; dairy judging teams, \$110; animal husbandry and meats judging teams, \$1,235; poultry judging team, \$170; and rifle team, \$120.

Custodian finds uncashed \$1,000 check, 53 years old

While cleaning in the engineering reading room at the College, I. C. McManis, custodian, recently found \$1,000—in the form of an uncashed check dated October 25, 1893.

Drawn on the First National Bank of Minneapolis, Minn., the 53-year-old check was payable to George E. Bray and signed by H. C. Cutler. It has never been cashed. McManis believes it may have fallen out of an old book in the reading room.

Bray, who died in September, 1917, was industrial engineer in the College extension division and was known throughout the country as the first man to introduce college work into penitentiaries. A native of Minnesota, he taught in Minneapolis public schools. As he was graduated from the University of Minnesota in 1894, he presumably was a student when the check was written.

To Discuss Peacetime Draft

A panel discussion of the question "Should we have peacetime military conscription?" will be given at the regular meeting of the Veteran's Association Monday evening in College Auditorium. Hal Harlan, Manhattan lawyer and state senator, and Rev. B. A. Rogers, student pastor of the Methodist Church will appear on the panel.

Walker Speaks at Oberlin

Dr. Robert A. Walker, director of the Institute of Citizenship at Kansas State College, spoke at the 4-H Achievement Banquet last week at Oberlin, Kansas. His topic was "Education for the Atomic Age."

Cornhuskers from the title picture. Thanksgiving Day, in Columbia, Mo., Kansas and Missouri will stage a "natural" with Tiger power pitted against opportunist Jayhawks who have shown unfailing ability to cash in on opponents' miscues.

For alumni who like to compare scores before picking a favorite, the following should help. In conference play, Oklahoma has defeated Kansas State 28-7, Iowa State 63-0, Missouri 26-7 and lost to Kansas 13-16. Missouri has defeated Kansas State 26-0, Iowa State 33-13, Nebraska 21-20, and lost to Oklahoma 7-26. Nebraska has won from Kansas State 31-0, Kansas 16-14, Iowa State 33-0 and lost to Missouri 20-21. Kansas has whipped Iowa State 24-8, Oklahoma 16-13, Kansas State 34-0, and lost to Nebraska 14-16. Iowa State scored its only conference win over Kansas State 13-7.

WILDCATS LOSE TO JAYHAWKS 34-0, IN HOMECOMING GAME

K-Staters take to road for games in New Mexico, Arizona

Kansas State's home football season came to a sad ending before about 16,000 Homecoming fans Saturday afternoon as the University of Kansas Jayhawkers cashed in on Wildcat mistakes to win handily, 34 to 0.

There was hope for the unexpected during the first half as the Wildcats held a tricky K. U. offense to one touchdown—a 56 yard sprint by Ray Evans. But before the second half was four minutes old, Kansas had reaped scoring dividends on a pair of Kansas State fumbles in their own territory.

A third K. U. score in the same quarter came on a 55 yard march climaxed by Hoyt Baker's touchdown drive from the Wildcat two. Bud French, Hawk half, made it four touchdowns for the period as he intercepted a Wildcat pass and went 52 yards. Guard Don Fambrough of Kansas made all but the first of his tries for extra point.

Only once in the game did the Wildcats have a scoring opportunity. In the fourth period, Verne Converse, tackle from Eskridge, blocked a punt by K. U.'s Frank Patee and it was recovered on the Kansas 30 by End Dick Bogue, Wichita. Halfback Dutch Stehley, Phillipsburg, and Quarterback Lewis Turner, El Dorado, advanced the ball to the University 15 but the Hawk first team line rushed into the game to halt further gains.

Two more games are on the Wildcat schedule. The team left this morning for Albuquerque, N. M., where they meet the University of New Mexico Saturday. The K-State team will move from Albuquerque to Tucson for practice and a game with the University of Arizona, November 30, before returning to Manhattan, December 2.

In seven games played to date, the Wildcats have scored 20 points, their opponents 184. Kansas administered the worst beating, Oklahoma saw the Cats play their best game, 28 to 7, although Iowa State was held to a 13 to 7 score.

The K-Staters have gained 780 yards net rushing, their opponents 1841. In first downs, K-State has made 54, opponents, 76. The Wildcats have completed 35 of 110 attempted forward passes, opponents 53 of 123. Alert Wildcats have recovered 13 of the enemy's fumbles, opponents have recovered 14 Wildcat errors.

The Wildcats have lost 14 games in succession.

Last Saturday, Arizona and New Mexico battled to a 13-13 tie at Albuquerque. In other games this season, New Mexico has defeated Arizona State 12-7, West Texas State 6-0, New Mexico A and M 7-6, Texas Mines 27-13, and lost to Utah 56-14, Hardin Simmons 49-0, Colorado 14-13 and Texas Tech 27-0.

Arizona has defeated Arizona State 67-0, Texas Mines 27-13, College of the Pacific 47-13, and tied Santa Clara 21-21. Arizona losses have been to Utah 14-7, Marquette 20-0, and Hardin Simmons 19-8. Kansas State lost to Hardin Simmons in their first game this season 21-7.

OKLAHOMA A & M WILL PLAY K. S. C. IN FOOTBALL SERIES

Four-game contract starts operation with 1947 season

Director of Athletics Hobbs Adams has announced that Kansas State will play a four-game football series with Oklahoma A & M, of Bowl fame, starting November 22, 1947 at Manhattan.

The Oklahoma Aggies will be host to the Wildcats at Stillwater November 20, 1948. The 1949 and 1950 dates have not been set.

Kansas State now has four home games scheduled for next season. Other contests will be Big Six games with Nebraska and Oklahoma and non-conference games with New Mexico and Oklahoma A and M.

K. S. C. Invited to Bridge Tourney

Kansas State has been invited to take part in the National Intercollegiate Contract Bridge Tournament for 1947. K-State representatives placed second in the 1946 tournament last spring losing to Cornell University by five points. In 1942 K. S. C. won the national championship.

Campaign for \$275,000 Chapel Under Way

OPPORTUNITIES FOR INDIVIDUAL MEMORIALS IN THE NEW CHAPEL

Several already provided but not too late for others

Several individual memorials have already been established for Kansas State's all-faith chapel and chime tower.

It is not too late to plan an individual memorial in the chapel which will be built in tribute to the 5,000 K-Staters who served in World War II and especially to the 200 who died. Relatives and friends may honor their loved ones with an intimate, personal memorial within the chapel.

Among remaining items which would make appropriate memorials are pews, choir stalls and fronts, lectern and associated front, railing and cushions, lighting fixtures, windows in nave, a large stained glass window in the main front, dossal, table covers and antependia.

A large pipe organ in the main all-faith chapel is being purchased by the Duckwall family of Abilene as a memorial to the late A. L. Duckwall, pioneer merchant and philanthropist. It will be one of the finest pipe organs in this part of the country.

SMALL ORGAN AS MEMORIAL

In the meditation chapel will be a small organ which will be given by Mr. and Mrs. L. W. Muir of Norton in memory of their son, Capt. William L. Muir, KS graduate who died overseas. The organ is expected to cost between \$3,000 and \$5,000.

Ray McMillin, Junction City, is directing a campaign for funds to establish a memorial to a classmate, George S. Wiggins, former Kansas State College football star, who died in a Japanese prison camp during the war. McMillin is contacting former team-mates of Wiggins to request funds for the George S. Wiggins memorial. Both McMillin and Wiggins lettered in football in 1929, 1930 and 1931 before graduation from K-State.

A gift of \$5,000 has been turned over to the chapel fund for a memorial to Second Lt. Ernest E. (Larry) Woods, Jr., of Independence, former K-State student killed in action. State Representative and Mrs. Ernest E. Woods, Lieutenant Woods' parents, gave \$4,000 toward the memorial. Mr. and Mrs. R. C. Woods, the officer's uncle and aunt, contributed \$1,000. The type of memorial is to be designated later.

TO PURCHASE ROSE WINDOW

The B. H. Fleenor family, Milwaukee, Wis., will purchase the rose window above the altar in the main all-faith chapel. The window will be in memory of Capt. Beattie H. (Bud) Fleenor, a K-State graduate killed in action. The window is expected to cost about \$1,500.

The Gene Grimes memorial fund has been established for the chapel and a number of contributions have been earmarked for this purpose. Gene Grimes, son of Dr. and Mrs. W. E. Grimes, Manhattan, was killed in an airplane accident last summer. He served in World War II and had been enrolled at KSC.

A stained glass window, one of 10 in the nave of the main all-faith chapel, will be purchased by Mr. and Mrs. Charles J. Burson, Manhattan, as a memorial to their son, Pvt. Charles J. Burson, Jr., who died overseas. The window will cost \$500. Young Burson attended KSC before entering the Army.

A baptismal font and cover for the chapel will be purchased by Prof. C. M. Correll, history and government department, KSC, and six children as a memorial to Mrs. C. M. Correll, who

(Continued on last page)

Architecturally the World War II memorial chapel at Kansas State College will derive its inspiration from the Gothic, traditional in church architecture. However, it will not bear the symbols of any certain religious faith and may be used equally by all denominations. Truly it will be an all-faith chapel. Your gifts will help build this memorial.

Two Pianists Appear Here

Arthur Whittmore and Jack Lowe, duo-pianists, were to appear in College Auditorium last night for the second concert in the Manhattan Artist Series.

C. M. CORRELL AND CHILDREN WILL BUY FONT AND COVER

Gift provides a memorial to Mrs. C. M. Correll who died in 1944

A baptismal font and cover for the main all-faith chapel to be constructed at Kansas State College will be purchased by Prof. C. M. Correll, history and government department, KSC, and six children as a memorial to Mrs. C. M. Correll, who died May 26, 1944.

Both Professor Correll and his wife, Laura (Trumbull) Correll, were graduated from Kansas State College in 1900.

The six children also are KSC graduates. Their names, years of graduation and addresses:

Mrs. Helen Browne, '25, Norton; Mrs. Lucile Allen, '32, Flushing, N. Y.; John T. Correll, '32, Kalamazoo, Mich.; Mrs. Kathryn Cosby, '37, Fort Scott; Charles Joseph Correll, '41, Denver; Mrs. Marjorie Stewart, '46, Abilene.

The baptismal font and cover to be purchased for the chapel by the Correll family will cost \$500.

MANY HAVE BECOME TOP CHIME RINGERS WITH CHAPEL GIFTS OF \$100 OR MORE

Here are the top chime-ringers—those alumni, former students and friends whose contributions to the World War II Memorial Chapel fund have been \$100 or more:

Mr. and Mrs. Charles J. Burson, 215 South Fifth, Manhattan, \$500; Hugh Errington, Ruleton, \$100; Mr. and Mrs. Tony Whan, 1771 N. Eastern Ave., Los Angeles, Calif., \$150; H. C. Jennings, 1028 So. Bundy Drive, Los Angeles, 24, Calif., \$150; Mr. and Mrs. Henry Rogler, Matfield Green, \$100.

Kempton P. McFarland, Chase, \$100; Mr. and Mrs. J. E. Lawrence, 209 South Douglas, Lyons, \$100; Nellie Aberle, KSC, \$100; W. J. Blanchard, 1920 Adirondack Trail, Dayton, O., \$100; Emma T. Galbraith, Central Missouri State Teachers College, Warrensburg, Mo., \$100; Mrs. Emily W. Joss, 2426 East 67th Tr., Kansas City, 5, Mo., \$100.

Miss Blanche L. Hamilton, Star Pine Road, Carpinteria, Calif., \$100; Dean and Mrs. Harold Howe, Manhattan, \$100; Dr. B. Belle Little, 120 South Delaware, Manhattan, \$500; Milton S. Eisenhower, KSC, \$240.17; A Friend, KSC, \$100; H. A. and Myrtle Kahl Ireland, 1022 East Dale, Colorado Springs, Colo., \$100.

Nellie Sawyer Kedzie Jones, 320

Lathrop Street, Madison, 5, Wis., \$100; D. F. Foote, Garfield Road, Loveland, Colo., \$100; Mattie E. Coons, Manhattan, \$1,500; Mrs. A. L. Duckwall, Abilene, \$6,000; W. Pearl Martin, Manhattan, \$100; Charles L. Brainard, Abilene, \$2,000; Doris Duckwall, Abilene, \$500; Aileen Duckwall, Abilene, \$1,000; and Anonymous, Kansas City, Mo., \$1,000.

ALBERT DEITZ LEAVES \$208 GIFT FOR STUDENT LOAN FUND

Donor was graduated in 1885; died in 1945 in Kansas City

A check for \$208.90, earmarked for the Kansas State College student loan fund, has been received by the Alumni Association from executors of the estate of Albert Deitz, Kansas City, Mo., business man who died Oct. 17, 1945. The amount was provided for in a will.

Mr. Deitz, who was graduated from Kansas State in 1885, previously had given \$100 to the student loan fund at the college.

Before retiring in April, 1945, Mr. Deitz was in the real estate and rental business in Kansas City and was owner and manager of the Deitz apartments. His home in Kansas City was at 3406 Jefferson Street.

ALUMNI GROUPS THROUGHOUT U. S. ARE RAISING FUNDS FOR MEMORIAL

Support of every alumnus, former student, friend of College, needed

A \$275,000 campaign for an all-faith memorial chapel and chime tower at Kansas State College is fully under way.

Approximately \$19,000 in cash has been contributed since the drive started last fall for the chapel, designed as a memorial to the 5,000 alumni and former students who served in World War II and especially to the 200 sons of Kansas State who died in their country's service.

As its project of the year, the Kansas State College Alumni Association is working to raise the \$275,000 needed to build the chapel and chime tower.

PEINE IS CHAIRMAN

Arthur Peine, Manhattan business man, is general chairman of the chapel committee. Throughout the U. S., especially throughout Kansas, local alumni groups have organized to raise funds in their respective communities.

Student, faculty and KSC employees' committees are cooperating with the Alumni Association in soliciting contributions.

Money to build the chapel must come entirely as gifts. The support of every alumnus, former student and friend of the College will be needed.

If you want to help build the chapel you can join the alumni group in your community and give it your assistance. Another way to help is to give as generously as you are able when volunteer workers from the chapel committee in your community call upon you. An even better way is to make your contribution without waiting for personal solicitation. Such gifts may be sent directly to the Kansas State College Endowment Association, Manhattan. (A coupon for chime-ringers is published on page 3.) Dr. W. E. Grimes, secretary-treasurer of the Endowment Association, sends an official receipt for each contribution.

OF NATIVE LIMESTONE

Like all buildings on the campus the chapel will be of native limestone. The main all-faith chapel, 46 by 114 feet, will seat 600 persons. The small meditation chapel, 26 by 42 feet, will have a seating capacity of 56. Names of all Kansas State men and women who served in World War II will be inscribed on tablets within the chapel.

The chime tower will be an integral part of the chapel. For many a K-Stater the building of a chime tower will fulfill a long-held hope.

The chapel probably will be somewhere in the beautiful wooded area in the central portion of the east campus. One possible location is in the grove north of the path and roadway known to older generations of Kansas State students as lovers' lane.

FOR ENTIRE STATE

The chapel will not be used exclusively by the College. It will be shared with the community and state at large. Significantly enough, ex-servicemen themselves chose a chapel as the most appropriate war memorial for Kansas State. For a long time our growing College has needed a chapel as a focal point for religious activities on the campus. The chapel will infuse education at Kansas State with moral purpose.

Send your contribution now to the Kansas State College Endowment Association. Donors can deduct contributions up to the maximum allowed by law in making out income tax returns.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. Lashbrook, Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris, Assistant Editors
KENNEY FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

THURSDAY, DECEMBER 5, 1946

TO FILL A SPIRITUAL NEED

It is obvious that a chapel at Kansas State will fill a need for a focal point for all religious activities on the campus.

Few colleges have a more religious student body than Kansas State. The chapel will provide a center for many religious and church-affiliated organizations.

Probably more important it will fill a spiritual need by providing a place for worship and meditation. The presence of a chapel on the campus will serve as a forceful reminder of the importance of spiritual values in the well balanced life.

Three religious leaders have this to say regarding the Chapel.

"I am pleased to see this recognition of religion on the Kansas State College campus as evidenced in the proposed Memorial Chapel," Msgr. Arthur J. Luckey, pastor, Seven Dolors Catholic Church, Manhattan, said.

"I believe such a memorial building will be highly beneficial to the student body as a reminder of the importance of religion in the student life. This should help promote good morals and good citizenship.

"I hope the committee appointed by President Eisenhower to promote the building of this chapel will meet with ready cooperation from all the KSC alumni and friends of the College."

A. L. Sachar, national director, B'nai B'rith Hillel Foundations at American Universities, said:

"I learned with a great deal of interest of your plan to erect a memorial all-faith chapel at Kansas State College. The prospectus indicates that all denominations will have access to it and that it will become a symbol of inter-faith amity and a fine democratic workshop. Wherever such ventures have been launched on American campuses where the B'nai B'rith Hillel Foundations function they have been a source of strength to all groups. I certainly commend the project and wish you every success with it."

"To have a constant reminder of God on the campus will be of inestimable and permanent value to all who spend their student days at Kansas State," said the Rev. Raymond V. Kearns, Jr., pastor, First Presbyterian church, Manhattan.

"There is a new urgency for man to have an educated heart as well as an educated head. To this end, let us do everything to promote the cause of religion at Kansas State—that with God's help, men's hearts will be equal to the problems and needs of this hour in history."

Alpha Zeta Initiates

Members of the Alpha Zeta, honorary agriculture fraternity, to be initiated into the chapter at Kansas State College in December are Philip W. George, Lebo; Laurel Loyd, Hiawatha; Carroll A. Mogge, Goodland; Carol C. Montgomery, Sabetha; Paul H. Schroeder, Lorraine; Wilbur B. Tendick, Kismet; Morris A. VanDaele, Olathe; Howard W. Borchardt, Leavenworth; Emery N. Castle, Manhattan; and Richard G. Gleue, Le Roy.

Officers installed at the last meeting are Harold Riley, Holton; Chancellor; Floyd Rolf, Pratt, Censor; Dick Turner, Manhattan, Scribe; Roy Currie, Westmoreland, Treasurer; Don Price, Salina, Chronicler; and Bill McMillan, Quenemo, program chairman.

A Debt Remembered

"The chapel and chime tower Kansas State College proposes to erect will be a memorial to the 5,000 K-Staters who served in World War II. Every one of us owes a debt to the alumni and former students who helped bring about victory. The chapel will be our proof that we have not forgotten that debt. Not only will it be a lasting expression of our gratitude to those who earned us peace, but it will permanently symbolize their ideals and make them the ideals of other students for generations to come."

—Sincerely,

Milton Shuman
President

WORK OF K-STATE GRADUATE RESULTS IN ARMY SAVINGS

Prof. George H. Bush lauded in letter from Washington

The work of a Kansas State College graduate, Prof. George H. Bush, special consultant of custodial services in the office of chief of engineers, Washington, D. C., has received commendation by Lawrence W. Conant, chief of the shops and services section, Washington.

Professor Bush, who was graduated in electrical engineering in 1922, is on leave of absence from Purdue University to work in Washington.

In a letter to R. A. Seaton, dean of the School of Engineering, Conant said Bush's work deserves special praise because the Army, through initiating this program, can make savings of \$5,000,000 a year.

Open New Dining Hall

A new dining hall in a converted army building opened recently for students and faculty members to help relieve the congestion of campus eating places. The new unit, located east of the present cafeteria, is being supervised by Mrs. Bessie Brooks West, head of the department of institutional management. Three meals daily will be served seven days a week.

West to New Job

Gordon West, 1942 journalism graduate, has accepted a position as station editor of the Purdue Agricultural Experiment Station, Lafayette, Ind. He has been on the staff of the Meyer Brothers Offset Printing Company, Topeka, where he has had charge of the 4-H yearbook department.

LOOKING AROUND

KENNEY L. FORD

HOW MUCH SHOULD I GIVE?

"You give a lot of publicity to the large gifts made for the chapel but how much should we ordinary folks give?"

Well, Tony Whan, '22. Los Angeles, answers that one. He says: "Let's give \$5 or more for each year out of college."

Prof. M. F. Ahearn, retired director of athletics at the College and long associated with Kansas State, addressed a big meeting of alumni, former students and friends at Hays November 1. Mr. Ahearn discussed the proposed chapel during the dinner-meeting. Plans were made for getting the drive under way in Hays and Ellis County. There was lots of interest in the World War II memorial which will be built as a tribute to the men and women of Kansas State who served their country.

Attending the Hays meeting were Edith (Davis) Aicher, '05; L. C. Aicher, '10; Dorothy (Kraus) Bemis, '45; Marianna (Kistler) Beach, '41; Dr. Murray Eddy and Irma (Boerner) Eddy, '18; Andy Erhart, '33, and Mrs. Erhart; Carl Heinrich, '29, and Mrs. Heinrich; Nancy Kilham, '46; Frank B. Kessler, '38 and Mary (Jorgenson) Kessler, '38; Friedrich E. Meenen, '41 and Mrs. Meenen; Lawrence Reed, '33; Dorothy Roth; Harold Rothgeb, '39, and Mrs. Rothgeb; Les Servis, '26, and Mrs. Servis; A. F. Swanson, '19, and Mrs. Swanson; Max Wann, '37, and Marjorie (Cooper) Wann, '38, all of Hays; Floyd A. Blauer, '29, and Mrs. Blauer, both of Stockton; Willard M. Barry, '46, Hoxie; Grace (Barker) Baker, '15, and C. H. Baker; J. Oscar Brown, '20; and Eva (Platt) Brown, '22, all of Wakeeney; C. A. Bechtold, '41, Bird City; Netta Curry, '18; L. A. Dubbs, '17, and Mary (Vaile) Dubbs, '21; Florence Robinson, all of Ransom; O. D. Calhoun, and Letha Schoeni, '29, Oberlin; Frank Freeman, '32, and Elizabeth (Sloop) Freeman, '36, both of Phillipsburg; Rosa Lee (Ricklefs) Garrett, '28, and Frank Garrett, both of Arlington; Ronald B. King, '40, and Betty (Berlin) King, f. s.; Kenneth Norton, '38, and Mrs. Norton, all of Colby; Anna (Jacobs) Steller, St. Francis; and W. J. Yeoman, '93, and Mrs. Yeoman, both of La Crosse.

Dr. A. A. Holtz, professor of economics and sociology, and well-known among alumni of the College, and H. O. Dendurent, assistant alumni secretary, addressed an alumni meeting in Blair Hall of the First Presbyterian

church, Salina, November 1. The meeting followed a dinner served by women of the church. The chapel campaign was discussed and plans were made for getting the drive under way in Salina and Saline County.

Attending the Salina meeting were M. J. Kennedy, f. s., and Alice (Corney) Kennedy, '24; Robert Coe; C. L. Coe, f. s.; Dorothy R. Coe, f. s.; Violet (Base) Eshelman, f. s. and R. Keith Eshelman, '42; Margaret (Nettleton) Mauk, '24; Beulah (Henderson) Kenison, '29, and Charles H. Kenison, '30; Ralph B. Ricklefs, '26, and Josephine (Bussey) Ricklefs, '22; George M. Fisher; Olive E. Schroeder, '37; O. W. Tripp, '23, and Mrs. Tripp; James A. Newbery, '46, and Mrs. Newbery; Mr. and Mrs. Jack K. Fleming, f. s.; Harry Connell, '22; V. F. Lundberg, '34; Mrs. G. E. Collins; Harley E. Lucas, '41; Marjorie Haggart; Dwight Tolle, '39, and Mrs. Tolle; Virginia (Deal) Grosser, Jr., '25; George A. Johnson, '29 and Alta (Dobson) Johnson, f. s.; L. J. Rees, '20, and Mrs. Rees; Franklin A. Adams, '09, and Mrs. Adams; Adda (Hunter) Knight, '26; Paul E. Berger, '27; A. K. Bader, '34 and Mrs. Bader; Al Aldridge, '25 and Mrs. Aldridge; Betty (Hamlet) Shaver, f. s. and John A. Shaver, '41; Alice (DeWitt) Hall, '23, and J. Martin Hall, all of Salina; Ira L. Plank, '18 and Mrs. Plank, both of Winfield.

The address of Esther M. Musil, H. E. '38, is Dairy Council of Tulsa, 209 National Mutual Building, Tulsa, 3, Okla. She is assistant director of the Dairy Council of Tulsa.

Maynard G. Cox, Com., '39, is assistant chief of the examination branch, accounting division, war assets administration, Houston, Texas. His address is General Delivery, Houston.

Helen (Chambers) Rice, I. J. '40, and her husband, Francis E. Rice, live at 11687 Plainview, Detroit, 23, Mich.

Helen (Macan) Barnard, H. E. '40, started work June 1 with the University of Missouri extension division as clothing specialist. Her address is 115 Meadow Lane, Columbia, Mo.

Taylor L. Fitzgerald, Ag. '41, is farming near Silver Lake.

Walter W. Martin, I. J., '41, has joined the Western Farm Life of Denver as an assistant editor. He formerly was information writer with the Kansas State Board of Agriculture.

"Everlasting Tribute"

"As we approach the seventh of December 1946, the fifth anniversary of the Japanese attack at Pearl Harbor; I am sure that all of us will review, in retrospect, the world upheaval which began, for us, on that fateful day. It is to be hoped that we will also renew our determination to work constantly for a just and enduring peace that will make a repetition of these last five years both impracticable and impossible. May our resolve be strengthened that peace can and will come to this world, but only when it exists in the hearts of men everywhere, and when such peace is firmly grounded on the principle of the Golden Rule.

"Every student, alumnus and friend of Kansas State College has an opportunity to participate in the erection of a memorial to our own K-Staters who fought and died in this great conflict. The Memorial Chapel, the campaign for the construction of which is now being conducted, is an everlasting tribute to our own men and women who gave so much to bring our hopes and dreams to a possibility of fruition. Each of us is eager to participate in the erection of the Chapel; truly, it is the least we can do.

"Let us make our own contributions quickly, both of time and money, and urge others to do likewise. And let this Chapel be two buildings! One, a beautiful and fitting tribute to those of our own group who made its erection possible by the sacrifice of all they held dear—even unto life itself. Secondly, may the Memorial Chapel serve as a constant reminder, to all who see and enjoy its beauty and thrill to the music of its chimes; that these dead have not died in vain and that we who are privileged to erect it have taken a solemn vow that it shall not happen here—again!"

—H. Otis Garth, President,
Kansas State College
Alumni Association

His address is 420 East First Avenue, Denver, 9, Colo.

Clarence L. Ash, M. E. '42, is a design engineer, air conditioning department, General Electric company, Fort Wayne, Ind. Mr. and Mrs. Ash live at Churubusco, Ind.

Margaret Jean (Gehlbach) Perry, H. E. '43, and Mr. Perry live at 210 West New Street, Coffeyville.

Ernest K. Stonebraker, D. V. M. '44, is a veterinarian at Sabetha, Dr. and Mrs. Stonebraker have two children, Lynn, 2, and Edward, 1. Dr. Stonebraker served 18 months in the Philippines in the veterinary corps during the war.

Charles L. Schwab, M. E. '45, recently was commissioned a second lieutenant in the Engineer Corps. He was graduated from officer candidate school at Fort Belvoir, Va. Lieutenant Schwab is taking an eight-week course in topographical engineering. After completing the course he will join a topographic unit in the Pacific.

Mary Elizabeth Weeks, H. E. '46, is a home service director with the Oklahoma Natural Gas Company. "In previous years there have been a great many K-Staters with the company but at the present time I am the only Kansan on the staff," Miss Weeks writes. Her address is Oklahoma Natural Gas company, Oklahoma City, Okla.

ALUMNI GROUPS IN LOS ANGELES, SAN FRANCISCO BOOST CAMPAIGN

Los Angeles group contributes \$879 at dinner meeting

One of the best meetings held recently in behalf of the chapel campaign was at Los Angeles November 6. Kansas State alumni and former students in Los Angeles and vicinity held a dinner-meeting and raised \$879 for the memorial chapel fund. Kenney L. Ford, executive secretary of the KSC Alumni Association, was a speaker at the meeting.

Among top donors were H. C. Jennings, \$150; and Mr. and Mrs. Tony Whan, \$150.

Other contributors were Elmer Kittell, Rea Kittell, W. F. Cronin, Gladys A. Morris, Myron E. Johnson, F. Pearl Hoots, Charles Sardou, Jr., George L. Jobling, Opal Godwin, Susan Scott Loynes, John F. Davidson.

Signing pledges were Mr. and Mrs. Ralph E. Breeden, Harvey B. Hubbard, Dorothy E. Jobling, Mary (Jobling) Harrison, Ruth M. King, Helen Rogler, Mr. and Mrs. A. E. Siler, Mildred and Ruth Stevens, Virginia (Van Hook) Brothers, E. L. Waller, F. Josephine Wheeler.

Several of the pledges have already been paid.

On the registration list for the Los Angeles meeting were Gertrude (Eakin) Howard; Robert F. Dundon, '40; Ralph E. Breeden, '38; D. C. Underwood, '46; Ruth (Silkensen) McKean, '32; Eldon W. Cessna, f. s., '28; William L. Harvey, '02; Charles Sardou, Jr., '29; Esther (Andrews) Mullendore, '21; Harriet (Nichols) Donohoo, '97; George L. Jobling, '35; Albert E. Siler, '34; Paul R. Heinbach, '30; Bruce S. Stewart; James Trindle, '43; Frank L. Blaesi, '38; A. P. Beaman, '13; Michael C. Murphy, f. s., '29; Kirby Brothers; Lawrence E. Spear, '46; Richard R. Laynes; Harvey B. Hubbard, '07; Lt. Col. Gerald M. Donahue, '32; Lee E. Hammond, '29; W. E. Cronin, '38; Bettie J. (Brass) Murphy, '44; Clara Belle Kientz, '43; Geneva (Johnson) Bellows, '35; Edwin W. Winkler, '21; Harry C. Jennings, '23; Fred Godwin; Myron E. Johnson, '19; Ernest R. Sieffkin, '27; Lula May (Zeller) Crandall, '22; Pearl Hoots, '21; L. W. Woodward; Tony Whan '22; Jessie J. (Clary) Hogan, '26; Margaret Ploger, '39; Frieda (Ploger) Butterfield, '39; Mary E. Cooper, '36; Nelle (Cordts) Geyer, '18; John F. Davidson, '13; Mac Short, '22; Leroy B. Wolcott, '12; Flo (Deputy) Haskell; Josephine (Lann) Knically, '41; Rhoda (McCartney) Born, '06; Clair Jordan, '29; L. H. Raynesford, '26.

Another fine alumni meeting in which the chapel campaign was discussed was November 9 at the Whitcomb Hotel in San Francisco. This luncheon-meeting was held just before the Kansas State-San Francisco University football game. Mr. Ford was a speaker at this meeting.

Registering for the meeting were J. R. Whitman, '34; Lorraine (Platt) Whitman, f. s., '35; E. W. Schlaegel, '43; Georgine (Creo) Webb, '43; Louise (Rust) Griggs, '33; Gladys Winegar, M. S. '27; Harold L. Naylor; Margaret I. Buck, '32; William K. Quick, '43; Charles R. Socolofsky, '38; L. R. Hain, '11; Frances Maree Richards, '27; Marguerite Richards, '29; Roy W. Williams; Francis L. Smith, M. S. '29; Florence (Dial) Smith, '19; Lorin Smith; Bobby Smith; Cula (Baker) Mellon, '26; Thomas J. Mellon.

W. A. Hendershot, '04; George J. Clause; May Secrest, '92; Maude (Knickerbocker) Pyles, '93; Sarah (Cottrell) Wright, '94; Winifred M. Bell, '23; Gordon R. Skiver, '38; Greta Skiver, '30; R. E. Blair, '10; Winifred (Cowan) Blair, '11; Leo S. Price, '11; Vida (Cowgill) Price, f. s., '12; Warren E. Crabtree, '20; Dora (Cate) Crabtree, '20; Gladys (Addy) Morris, '21; Louisa (Dyer) Frey, '14; Jesse J. Frey, '14; Elberta (Krehbiel) Frey, f. s. '39.

Leland S. Frey, '40; George P. Gray, '17; Catherine E. Gray; Virginia S. Taylor; Elmer D. Samson, Jr.; Robert C. Taylor; Lyle T. Brown; John R. McClung, '37; Ruth E. Crawford, '32; Flora Rose, '04; Gertrude McQuaid, '18; Fred Hall, '21; W. A. Browne, '28; Stewart Spencer, '18; Marion (Keys) Browne, '17; E. E. Greenough, '06; Anna May (Doane) Greenough, '04; David Clifford Underwood, '46.

AMONG THE ALUMNI

CLASS REUNIONS

These classes will have reunions next Commencement:

'42	'27	'12	'97
'37	'22	'07	'92
'32	'17	'02	'87

Saturday, May 31, 1947, will be Alumni Day, and June 1, Commencement. Start planning now, and write to your friends and classmates to meet you at the College for your class reunion next Commencement.

Harriet (Nichols) Donohoo, '98, writes that her new address is 1897 Lucetia Ave., Los Angeles, 26, Calif.

William Turnbull, M. E. '04, and Mrs. Turnbull live at 1429 South Ross Street, Santa Ana, Calif. Mr. Turnbull is a retired railroad employee.

A note from Grace (Enfield) Wood, '05: "Due to overwork last year I was not able to take a position for this year. So I am visiting in various places. For the next few months I will be in Pensacola, Fla., and my address will be 1020 East Morena, c/o Mrs. J. L. Herron. I will go to California later in the year. Since my brother, W. L. Enfield, died, I am very much alone. He was my last close relative."

Harvey B. Hubbard, '07, and Nellie (Baird) Hubbard, '05, write from 1552 N. Los Robles Avenue, Pasadena, 6, Calif.: "We are inclosing our check for \$50 for the Memorial Chapel fund which we pledged at the Los Angeles meeting November 6. We thought that was a very fine and enthusiastic get-together. Even though we have been separated from the College a long time and by many miles we still have a mighty warm spot in our hearts for it. We wish you great success in this very worthy cause."

Edna Mary Jones, D. S. '10, is living at 830 West Sixth Street, Los Angeles, Calif. She is engaged in a private business as an interior decorator and dress designer. She writes that her desire is to take graduate work at Kansas State in the music department.

T. Edward Nafziger, C. E. '11 and Ag. '29, lives in McPherson. He is a retired farmer.

Doddridge C. Tate, E. E. '16, and Edith (Findley) Tate, H. E. '18, live at 110 West Dudley Ave., Westfield, N. J. Mr. Tate is with the Western Electric Company, engineering division. Mr. and Mrs. Tate have four children, Lucille, 22, Laverne, 19, Stanley, 16, and Frank, 15.

W. A. Browne, '17 and D. V. M. '28, live on route two, Merced, Calif. They have a daughter, Mary Bell, 15. Dr. Browne is a veterinarian at Merced.

Lulu (Berger) Noble, G. S. '18, and C. Vernon Noble, f. s., live at 910 Bluemont, Manhattan.

Frank S. Campbell, '19 and Mrs. Campbell live at 170 Coligni Avenue,

New Rochelle, N. Y. They have six children. Mr. Campbell is general assistant in the foreign refining coordination department of the Standard Oil Company.

Cora (Akers) Frownfelter, H. E. '21, writes from Ellsworth: "Irene (Pieratt) Akers, f. s., died at the McPherson hospital October 23. She leaves her husband, John Akers, f. s. of Conway, a son, Leland Akers, a daughter, Ione Johnson and one grandson. John Akers and Charles Akers, f. s., left November 1 on an overseas trip to Europe with a load of livestock for rehabilitation purposes under the UNRRA program. I have been welfare director of Ellsworth County for the past two years and enjoy my work here very much."

Elizabeth (Winter) Fly, H. E. '21, wrote from Amarillo, Texas. "I am retiring from the teaching profession to engage in hand weaving, gardening and gathering up the loose ends I've been neglecting these past 16 years I've been attempting to teach and do a homemaking job at the same time. Coming to KSC is among my future plans."

R. W. McCall, Ag. '21, and Mabel L. McCall, H. E. '17 live at Kinsley where Mr. McCall is work unit conservationist with the Edwards County Soil Conservation District. Their daughter, Geraldine, is a student at K-State.

Roland S. Mather, Ag. '22, is associated with Joseph E. Seagrams and Company, Inc. Mr. and Mrs. Mather live at 3320 Robin Road, Louisville, Ky. They have a son, Roland, Jr., 16.

Lynn Burris, f. s., '23, and Mrs. Burris live at 913 West Eighth Street, Wellington. Mr. Burris is superintendent of parks, forestry and recreation for Wellington. Mr. and Mrs. Burris have two sons, Russell, 20, and Lynn Jr., 16.

Helen V. Dunlap, H. E. '24, is county home demonstration agent at Brownfield, Texas.

Frank A. Hagans, Ag. '25, and Velma (Morris) Hagans, f. s., live at 831 Thurston, Manhattan. Mr. Hagans is district supervisor in the northwest district for the extension service.

Elizabeth (Southwick) Borchers, H. E. '26, is food supervisor for Stouffer Restaurant Corp., Detroit, Mich.

Edith E. Ames, H. E. '27, writes from University Farm, Cafeteria Bldg., St. Paul, 1, Minn.: "I have accepted a position as assistant professor and assistant cafeteria manager in the division of home economics, here at the University of Minnesota."

Frank Brokesch, Ag. '28, and M. S. '32, is farming near Munden.

Wilmar W. Sanders, I. J. '29, is mid-west manager of the Nolan Corporation, Rome, N. Y. Mr. and Mrs. Sanders live at 638 West 70th Street, Kansas City, Mo.

Ruth Mary Boyles, H. E. '30, is

Holiday Greetings and Best Wishes to All KSC Graduates and Former Students from the Alumni Association

Kennedy L. Ford,
Secretary

director of the school of nursing, Christ's hospital, Topeka.

Donald C. Baldwin, Arch. '31 and Beatrix (Charlton) Baldwin, H. E. '30, live at 309 North Seventeenth, Kansas City, Kan. Mr. Baldwin is Boy Scout executive for the Kaw Council.

William L. McMullen, Ag. '32, is soil conservationist with the Finney County soil conservation district. Mr. and Mrs. McMullen reside at 405 Washington, Garden City.

Ward Colwell, I. J. '33, and Mrs. Colwell and children, Vici Ann, 3½, and David Kent, 1½, live at 5921 Central, Kansas City, Mo. Mr. Colwell is news editor for the Trans World Airline Public Relations Department.

Max W. Bickford, G. S. '33, and M. S. '37, and Ruth (Strickland) Bickford, G. S. '33, and two children, Billy, 9, and Nancy, 6, live at 411 N. Alleghany, El Dorado. Mr. Bickford is supervising principal of elementary schools in El Dorado.

A. K. Bader, Arch. E., '34, writes from 1306 Highland, Salina: "I like my work here with Charles W. Shaver, architect, very much. And we have a good, comfortable home."

Max E. McCluggage, M. I. '35 and M. S. '40, and Mrs. McCluggage live on route six, Hagerstown, Md. Mr. McCluggage, who was a captain in the Army, is superintendent of the Soya Corporation of America.

George W. Gerber, Ag. '36, is county agent of Cowley county. Mr. and Mrs. Gerber and daughter, Suzanne, 5, live at 1401 Manning, Winfield.

Howard G. Kirgis, G. S. '36, is a lieutenant-colonel in the U. S. Marine Corps. Colonel Kirgis is stationed with the second anti-aircraft battalion, Camp Lejeune, N. C. Colonel and Mrs. Kirgis have two children, Charles, 2, and Gail, 3.

Winifred (Henney) Paddleford, I. J. '37, and Donald Paddleford, f. s., live at 1105 Krug Park Place, St. Joseph, Mo. They have two sons, Michael Kent, 5, and Donald Frederick, 7. Mr. Paddleford is unit manager for the Commercial Credit Corporation and Mrs. Paddleford is teaching at Washington school in St. Joseph.

The new address of J. E. Bullock, C. E. '39, is Fritch, Texas.

BIRTHS

Harold Jaeger, Ag. '41, and Mrs. Jaeger, 14651 South 45th Street, Midlothian, Ill., announce the birth of a daughter, Patricia Lea, August 3. Mr. Jaeger is a co-pilot for American Airlines, Inc., and is flying between Chicago and Dallas.

A son, John Edward, was born October 8 to Arlene (Orme) Young, H. E. '40, and John Young of Kansas City, Kan.

Robert F. Sloan, Ag. '38, and Mrs. Sloan of Belleville are parents of a son, Kenneth Alan, born October 18.

Jay H. Thomson, Com. '31, and Mrs. Thomson announce the birth of a son, John Humphrey, October 24. The Thomsons live at 1041 South Coast Blvd., La Jolla, Calif. Mr. Thomson is loaning officer for the Bank of America, 5 Points Branch, San Diego, Calif.

Gordon Raymond was born August 31 to Jane (Auld) Olson, I. J. '39, and Raymond W. Olson, M. I. '45. Their address is 368 Adams Street, Oakland, 10, Calif. The baby is a grandson of J. Gordon and Dorothy (Buschow) Auld, both '14.

EIGHTY-NINE NEW LIFE MEMBERS IN PAST FIVE MONTHS BRING MEMBERSHIP IN ALUMNI ASSOCIATION TO 1,900

Eighty-nine graduates and former students have become life members of the KSC Alumni Association since July 8, this year. These new members bring the total of life members to 1,900.

Graduates and former students who have become life members since July 8 include:

Leonard F. Miller, '36 & '38, Le-mont, Pa.; William F. Turner, '10, and Lyda (Stoddard) Turner, '13, Belton, Mo.; Eleanor Irwin, '34, Ellis Island, N. Y.; Norman J. Sollenberger, '35 & '36, Princeton, N. J.; Ernest F. Stalcup, '22, Lansdowne, Pa.; Arthur R. Laughlin, '45, Caney; Charles R. F. Smith, '23, Arlington, Va.; John F. Davidson, '13, Glendale, Calif.

George R. Elliott, '11, Belleville, Mich.; Otto C. Hagans, '11, Britton, Mich.; Caroline Morton, '06, Ithaca, N. Y.; Lois (Stump) Farrar, '03, and Minter Farrar, f. s., Detroit, Mich.; D. D. Chase, '23, Pleasant Ridge, Mich.; Raymond E. Dunnington, '28, Springfield, Ill.; Glenn G. Gross, '39, Jacksonville, Ill.; Eugene F. Harmon, '31, and Hazel (McGuire) Harmon, '29, DeKalb, Ill.; Ralph R. St. John, '17, and Enid (Beeler) St. John, '18, Champaign, Ill.; Giles Sullivan, '23, Champaign Ill.

Kenneth R. and Margaret (Wilkinson) Jameson, '41, Atwood; Floyd R. Blaser, '46, Ithaca, N. Y.; Joe J. Ridgway, '45, Ventura, Calif.; Eugene D. Warner, '34, K. S. C.; Clair M. Worthy, '32, and Eloise (White) Worthy, f. s. '34, New Orleans, La.; Elmer C. Black, '32, Plattsburg, Mo.; Alfred Merle Brecheisen, '43, Hugoton; C. W. Schemm, '25, St. Louis, Mo.

Dorothy Alice Johnson, '29, c/o P. M., New York, N. Y.; Ethel (Berry) Hull, '10, deceased; Ralph W. Hull, '08, Orange, Calif.; Josephine (Vancil) Rydell, '43, Lake Orion, Mich.; George M. Chapman, '45, Glasco; Charles L. Allison, '36, Augusta; Nadine (Spellman) Horton, '45, Salina; Helen L. Church, M. S. '36, Tucson, Ariz.; Mary Jean Apt, '44, Merriam.

Donald R. Kimball, '43, Enterprise; F. W. (Bus) and Mary (Dexter) Boyd, Jr. '34, Mankato; Robert O. Yungmans, '45, Piper; D. Ross Haney, '38 & '44, Butler, Mo.; Merton E. Paddleford, '29, Oak Park, Ill.; K. A. Hineman, '43, Great Bend; R. D. Van Nordstrand, '12, Scotia, N. Y.; Ralph E. Krenzin, '39, K. S. C.; H. O. Dendurent, '34, K. S. C.; Ray McMillin, '32, Junction City.

Grace F. Headrick, '24, Beloit; Sybil Janice Bangs, '43, Baltimore, Md.; Joseph L. George, '32, Chester, Neb.; Vorin (Tony) Whan, '22, and Dorothy (Nelson) Whan, f. s. '24, Los Angeles, Calif.; John G. Poole, '41, and Lois (McVay) Poole, f. s. '41, Junction City; Orville Burtis, Jr. '41, Manhattan.

Wava Grigsby, f. s. '42, Hill City; C. L. Alcorn, '35, Dayton, Ohio; Earl C. Brookover, f. s. '34, Garden City; Amelia Manker, '34, Vernal, Utah; Lola Brethour, '13, Buffalo, N. Y.; J. R. "Pete" McKechnie, f. s. '25; Greensburg; Blaine Crow, '17, Berryton; Margaret (Roseman) Olson, '41, Garrison; Kathleen B. Stewart, '41, San Francisco, Calif.; H. H. Zimmer-

man, '18, Belle Plaine; Fred B. Crist, '38, Chicago, Ill.

H. J. Harkavy, '36, & '38, Bartlesville, Okla.; Joseph Bruington, Jr. '42, Kansas City; Jessie (Clary) Hogan, '26, South Gate, Calif.; Mar-jorie M. Sanders, '30, San Francisco, Calif.; James D. Corrigan, '33, M. C. Watkins, '22, Wilmette, Ill.; O. H. Gish, '08, Washington, D. C. and Orville I. Haury, '31, Halstead.

There are now 1,900 paid-up life members in the Alumni Association.

MARRIAGES

ASHER—HOLT

Marian E. Asher, '46, and Carl D. Holt were married August 22. Mrs. Holt is a secretary in the history and government department of Kansas State College.

LEHMAN—HATFIELD

Florence May Lehman, M. S. '39, and Verlin L. Hatfield were married August 14. Their address is route three, Abilene.

GOSSARD—HAGGARD

Rachel Gossard, H. E. '46, and Marcus Haggard, D. V. M., '46, were married August 1. Dr. Haggard has a private practice at Delphi, Ind. Their address is 415 E. Franklin, Delphi, Ind.

GEYER—WENDT

Fern Maxine Geyer, H. E. '37, and Henry Wendt were married August 10. Mrs. Wendt is with the home economics department at San Jose State College, San Jose, Calif. Their address is route five, Box 164, Penitencia Creek Road, San Jose, Calif.

DEATHS

KINZER

Maude I. (Failyer) Kinzer, '03, died November 11 at her home in Chevy Chase, Md., after several weeks of illness. She was born August 20, 1884, at Manhattan, daughter of the late George H. Failyer, who for many years was head of the chemistry department at the College. Mrs. Kinzer was married to R. J. Kinzer in 1905. At that time Mr. Kinzer was professor of animal husbandry at Kansas State. In the fall of 1919, Mrs. Kinzer moved to Washington, D. C., where she had since lived. At the time of her death she was chief of the reconciliation unit of the pricing section, production and marketing administration. Surviving are a son, Howard A. Kinzer and two grandchildren, Irene and Howard Andrew Kinzer, Jr., of Kansas City, Mo.; two sisters, Corinne (Failyer) Kyle, '03, and Lois Failyer, '07, both of Chevy Chase; and her stepmother, Mrs. G. H. Failyer, Manhattan. Burial was in Sunset cemetery, Manhattan.

KEEP IN TOUCH WITH KANSAS STATE!

There's no better way to keep posted on your Alma Mater than through reading THE INDUSTRIALIST. Throughout the school year it keeps you informed about your College. Join the Alumni Association and keep in touch with KSC through THE INDUSTRIALIST. Fill out the coupon and mail to The Alumni Office, Kansas State College.

ATTRACTIVE KSC SPORTS PROGRAM FOR WINTER AND SPRING SEASONS

Schedules arranged for basketball, wrestling, track, other sports

One of the most promising and attractive winter and spring sports programs in the history of the College will get underway this month with all pre-war coaches back to head up their respective athletics teams.

Basketball at Kansas State, which long ago outgrew tiny Nichols gymnasium, started the Wildcats' big winter sports parade Monday night when Jack Gardner sent his basketballers into a doubleheader test against Washburn and Fort Hays State. Both contests were varsity affairs and the "iron team" stunt was to be first of its kind in Kansas State—if not Big Six—history.

Gardner, back at the coaching reins, capably handled by Fritz Knorr during the war years, has scheduled 24 games for the basketball varsity, plus 13 contests for the Wildcat B squad. In addition to 10 Big Six conference games, the K-Staters will meet Washburn, Fort Hays, Drake, Iowa, Wichita, Montana State, Bradley and Rockhurst. B contests have been arranged with Kansas, Bethel, Hawaii All Stars, Missouri, Sterling, Nebraska and Wichita.

Four lettermen,—Bruce Holman, Powhattan; Dave Weatherby, Neodesha; Marlo Dirks, Moundridge; Louis Otto, Manhattan—are available to Gardner plus several former all state high school players. However, inexperience will be a factor in development of the 1946-47 squad. Of 47 men listed on the complete roster, 36 are freshmen, only three are seniors.

Wrestling, with Coach B. R. (Pat) Patterson back on duty, will assume its pre-war importance. Seventeen matches have been scheduled, including the season opener with Denver at Denver December 7.

Other matches will be with Colorado, Colorado Aggies, Wyoming, Colorado College, Wichita, Michigan State, Southwestern Teachers, Oklahoma Aggies, Iowa Teachers, Cornell, Nebraska, Iowa State, Minnesota, Carleton and possibly Oklahoma U. Patterson has two letterman, Verle McClellan, Wichita, and Warren Boring, Manhattan. The mat coach also has several promising freshman stars whom he hopes to develop into top-flight collegiate performers.

Ward Haylett's indoor track squad will participate in six meets, including an invitational at Michigan State, dual with Missouri, dual with Drake, dual with Nebraska, the Big Six conference meet in Kansas City, Mo., and the Purdue Relays.

Baseball seems a long stride off but Head Coach Lud Fiser has already issued a call for pitcher and catcher candidates who are not participating in any other sport.

Cooney Moll, the swimming and tennis mentor, is currently in the midst of scheduling meets for his athletes. Moll and Fiser are hopeful that their teams may make an early-season swing of the Southwest, meeting Texas U. and other southern schools. However, plans are still in the tentative stages.

The football season ended with two losses November 23 and 30 when the Wildcats dropped a 14 to 7 game to New Mexico University and a 28 to 7 contest to Arizona while on a tour of the Southwest.

Harry Merriman, little 138-pound halfback from Marysville, counted the K-State score in the New Mexico game when he broke loose through the line for a 41-yard touchdown run late in the third quarter. Harmon (Red) Lesco, Neodesha halfback, kicked the extra point. New Mexico had scored in the second period and came back to win the game midway in the fourth with a second touchdown.

At Arizona, the Tucson team put over one touchdown each in the second and third quarters and two in the fourth. Ted Grimes, Manhattan quarterback, scored the lone Wildcat tally on a quarterback sneak from the three yard line. Grimes had set up the score with a long pass to End Larry King, Minneapolis. Lesco kicked the extra point.

Varsity basketball schedule—1946-47:

- Dec.
2 —Washburn U., Manhattan
2 —Fort Hays State, Manhattan

- 6 —Drake University, Des Moines
7 —Iowa University, Iowa City
12—Big Six Tournament, Kansas City
13—Big Six Tournament, Kansas City
14—Big Six Tournament, Kansas City
19—Drake University, Manhattan
26—Wichita University, Wichita
28—Montana State, Manhattan
30—Washburn University, Topeka

- Jan.
4 —Nebraska University, Manhattan
10—Iowa State College, Ames
14—Missouri University, Manhattan
18—Oklahoma U., Manhattan
20—Rockhurst College, Manhattan
28—Kansas University, Lawrence

- Feb.
3 —Iowa State College, Manhattan
7 —Missouri University, Columbia
14—Oklahoma University, Norman
20—Kansas University, Manhattan
24—Wichita University, Manhattan
27—Nebraska University, Lincoln

- March
1 —Bradley University, Peoria, Ill.

OPPORTUNITIES FOR INDIVIDUAL MEMORIALS IN THE NEW CHAPEL

(Continued from page one)

died May 26, 1944. The baptismal font and cover will cost \$500.

WILL BUY PULPIT AND FRONT

The pulpit and associated front in the chapel will be purchased by members of the Manhattan chapter of Phi Delta Theta fraternity as a memorial to fraternity brothers who died in World War II. K-State alumni who are members of Phi Delta Theta will be asked to help and 85 members of the fraternity now enrolled at the college will contribute. Phi Delta Theta fraternity men of the Kansas Gamma chapter who will be honored in the memorial include Don F. Hathaway, Robert Oris Baber, Richard Thayer Schindling and Jack H. Quinly.

The Baptist Youth Fellowship of the First Baptist Church, Manhattan, will raise \$350 for the altar cover and antependia for the lectern and pulpit. Pi Beta Phi, Kappa Kappa Gamma, Chi Omega, Alpha Delta Pi, and Kappa Delta sororities will purchase pews for the main chapel. Tau Kappa Epsilon, Delta Tau Delta, Kappa Sigma, Farm House, and Pi Kappa Alpha fraternities also will buy pews as memorials to members killed in World War II. Each pew costs \$200. Delta Delta Delta sorority will buy the railing and cushions in the main chapel at a cost of \$300.

Classes of 1929, 1930, 1931 and 1932 established chime funds and this money will be applied toward purchase of chimes for the tower of the chapel.

FIFTY-NINE MEETINGS IN THREE MONTHS TO PLAN LOCAL CAMPAIGNS FOR FUNDS

Alumni, former students and friends of the College in many parts of the country and especially in Kansas have held small reunions recently to make plans for the chapel campaign.

Kenney L. Ford, executive secretary of the Alumni Association, attended most of the meetings. Other speakers at various times were M. F. Ahearn, L. F. Payne and Dr. A. A. Holtz, all of the college; Evan Griffith, Manhattan, president of the Kansas State College Endowment Association; Otis Garth, Wichita, president of the KSC Alumni Association; H. Milton Skaggs, Dodge City, a member of the alumni board of directors; Arthur Peine, Manhattan, general chairman of the chapel committee, and H. O. Dendurent, assistant alumni secretary.

Fifty-nine meetings have been held since September 9 to plan local campaigns to raise funds for the all-faith memorial chapel. Community and county chairmen were named and they now are busy directing the local drives.

Meetings were held at Mankato, Smith Center, Phillipsburg, Norton, Oberlin, Atwood, St. Francis, Goodland, Colby, Hill City, Stockton, Osborne, Beloit, Concordia, Belleville, Washington, Marysville, Secaca, Hiawatha, St. Joseph, Mo.; Atchison, Leavenworth, Holton, Lawrence, Abilene, Junction City, Clay Center, McPherson, Lyons, Great Bend, Larned, Ness City, Scott City, Ulysses, Liberal, Ashland, Dodge City, Greensburg, Hutchinson, Ottawa, Iola, Fort Scott, Pittsburg, Independence, Wellington, Anthony, Medicine Lodge, Pratt, Garden City, Hays, Salina, Wichita, Coffeyville, El Dorado, Kingman, Newton, San Francisco, Los Angeles and Lincoln, Nebr.

KSC 1946 Football Schedule

Hardin Simmons U. 21; KSC 7.

ALUMNI OF K. C. AREA TO MEET DEC. 16 AT HOOFF, HORN CLUB

Atzenweiler in charge; Griffith, Hill and Ford will speak

Kansas State alumni and former students in Kansas City and vicinity will attend a dinner meeting Monday, December 16, at 6:30 p. m. at the Hoof and Horn Club, Livestock Exchange Building, Kansas City, Mo. Walter Atzenweiler of the Kansas City Chamber of Commerce, 1030 Baltimore Ave., president of the Kansas State Alumni Club of Greater Kansas City, will be in charge of the meeting.

Speakers will include Evan Griffith, Manhattan, president of the Kansas State College Endowment Association, Dr. Howard T. Hill and Kenney L. Ford, KSC Alumni Association secretary, both of the College.

Frank W. Howard, Jr., Ag. '41, is farming eight miles north of Oakley. Mr. and Mrs. Howard have a son, Frank W. Howard III, 3.

NAMES OF 39 PERSONS ADDED TO LIST OF CHAPEL FUND CONTRIBUTORS

Two hundred forty persons have given approximately \$19,000

Dr. W. E. Grimes, secretary-treasurer of the Kansas State College Endowment Association, has announced names of 39 new contributors to the World War II Memorial Chapel fund.

There have been approximately 240 contributors to the fund since last fall when the campaign started. Dr. Grimes said \$18,962 has been given to the fund so far by alumni, former students and friends of the college. The goal is \$275,000.

The latest contributors:

Deal Six, Lawrence; Hugh Errington, Ruleton; Margaret H. Ploger, 2735 W. Hardy, Inglewood, Calif.; Lorraine Corke, Studley; Robert C. Myers, Box 1663, Santa Fe, N. M.; H. A. Burt, 2227 Grape Street, Denver, Colo.; Major and Mrs. Joseph M. O'Keefe, Box 47, Fort Baynard, N. M.

Bettie J. Brass, 446 North Bright Street, Whittier, Calif.; R. E. Breeden, 1431 Montecito Drive, Los Angeles, 31, Calif.; W. A. Webb, Clearwater; Harry J. Staib, 3 Egan Lane, Wyoming, O.; Mildred and Ruth Stevens, 201 Cajon, Redlands, Calif.; John F. Davidson, 622 South Brand Blvd., Glendale, Calif.; Fred Goodwin, 500 North Glendale Ave., Glendale, Calif.; Susan Scott Loynes, 2501 East Ocean Blvd., Long Beach, Calif.

Mr. and Mrs. Tony Whan, 1771 N. Eastern Ave., Los Angeles, Calif.; Myron E. Johnson, 4874 Vistadeoro, Los Angeles, 43, Calif.; F. Pearl Hoots, 192 E. Orange Grove Ave., Pasadena, 3, Calif.; Charles Sardon, Jr., 512 West Fourth Street, Downey, Calif.; George L. Jobling, 2374 Pine Ave., Long Beach, Calif.; Elmer Kittell, 2653 Patricia Ave., Los Angeles, 34, Calif.

Mrs. Rea Kittell, 2653 Patricia Ave., Los Angeles, 34, Calif.; Walter F. Cronin, 212 North Vignes Street, Los Angeles, Calif.; H. C. Jennings, 1028 So. Bundy Drive, Los Angeles, 24, Calif.; Mrs. Gladys A. Morris, 1349 Carlotta Ave., Berkeley, 3, Calif.; W. W. Wempe, 901 Rhode Island, Lawrence; Harvey E. Hoch, Box 432, Wichita; Mr. and Mrs. J. S. Lupton, Cimarron; Clyde Woods, Jr., 1143 Rowland, Kansas City; Lawrence Norton, 1007 Hopewell, Takoma Park, 12, Md.

Doris E. Lupton, Cimarron; Esther Sorensen, Tech Station, Lubbock, Texas; Mr. and Mrs. Harvey B. Hubbard, 1552 N. Los Robles Ave., Pasadena, 6, Calif.; Mrs. Betty Smith Purecell, 1602 1/2 Manor Road, Austin, Texas; Paul W. Jenicek, 3417 Central, Kansas City, Mo.; Kim Ak Ching, American Security Bank, Honolulu, Hawaii; Ruth M. King, 7509 Whitsett, Los Angeles, 1, Calif.; Mr. and Mrs. George Hedrick, 1133 Emery Road, Lawrence; Mr. and Mrs. Charles J. Burson, 215 South Fifth, Manhattan.

NEW LEADERS IN CAMPAIGN ANNOUNCED BY ALUMNI OFFICE

Chairmen named in Butler, Kingman and other counties

New leaders in the drive for funds for the all-faith chapel at Kansas State College have been announced by Kenney L. Ford, alumni secretary, following meetings at El Dorado, Kingman and Newton November 18, 19 and 20.

Speakers at the meetings to discuss the proposed World War II memorial were H. Otis Garth, '23, Wichita, president of the Kansas State College Alumni Association, and Mr. Ford.

Chairmen in Butler County are Clifford W. Stone, El Dorado, county chairman; Charles F. Smith, El Dorado; Virgil L. Simpson, Augusta; Mrs. Jessie E. Bishop, Whitewater; Elwood King, Potwin; and Mrs. C. H. Gilliland, Leon.

Chosen for the chapel campaign in Kingman County are Edgar A. Templeton, Kingman, county chairman; and Mrs. Wanda Seay and Dr. Elwood Edward Wedman, co-chairmen in Kingman.

Serving at Newton as chairman is Dr. Lee S. Fent. Orville Haury will be chairman at Halstead.

R. H. Oliver will direct the drive in Des Moines, Ia., and vicinity.

The address of Mary Alice Streator, H. E. '45, is Winter V. A. Hospital, Topeka. Miss Streator is a dietitian at the hospital.

One of Largest Crowds in History Sees Homecoming Game in Memorial Stadium

More than 16,000 persons, including thousands of graduates and former students and most of the 6,500 students now enrolled in College, saw the 1946 Homecoming game on Ahearn Field in Memorial stadium November 16. A record crowd of 20,000 was expected but unsettled weather the preceding day and a cold north wind the day of the game held the size of the crowd down. Students and their husbands and wives occupy the entire east stadium. This is the first time in more than 15 years that students have occupied the east stadium. K. U. won the game 34-0.

Number 10

'College Looks Confidently to the Future'

HOBBS ADAMS RELIEVED OF DUTIES AS HEAD COACH, DUTIES AS DIRECTOR NOT AFFECTED BY ACTION

Announcement that J. H. (Hobbs) Adams, Director of Athletics and Head Football Coach at Kansas State College, has at his own request been relieved of his duties as head football coach at Kansas State effective December 10, 1946, was made Saturday by Dr. H. H. King, chairman of the Athletics Council of the College.

On the retirement of M. F. (Mike) Ahearn as Director of Athletics and head of the Department of Physical Education and Athletics, last June 30, Adams succeeded to these duties as well as those of head football coach. Only Adams' duties as head football coach were affected by the action announced today.

Adams came to Kansas State as head football coach in the summer of 1940. He coached through the 1940 and 1941 seasons, then received military leave to enter the Navy. During the absence K-State teams were coached in 1942, 1943 and 1944 by Ward Haylett, head track coach, and in 1945 by Lud Fiser. Adams returned to Kansas State in November, 1945, but Fiser finished out the season as head coach, Adams taking over in spring practice.

THIRD YEAR AS COACH

Hobbs Adams has just finished his third season as head football coach at Kansas State and is in the midst of his first year as director of athletics, a position he assumed July 1 of this year.

He came to the Wildcat school in the spring of 1940 and coached the 1940 and 1941 gridiron squads. During his three-year term as head football coach, Kansas State teams won 4 games, lost 21 and tied 2. Wildcat teams scored 181 points to 546 for their opponents. Notable in Adams' career as Wildcat coach was the 1940—20 to 0 victory over Kansas University and a 3 to 0 upset of South Carolina in 1941, a year the Gamecocks were considered cream of the Southern Conference teams.

In Big Six play, Adams-coached teams won two games, lost 12 and tied one. The worst conference defeat suffered by Adams was in 1941 when the Missouri Tigers romped to a 35 to 0 win. Northwestern's 1941 club handed the Wildcats their most-onesided loss while Adams was coach by winning 51 to 3 at Evanston.

HELPED ROSE BOWL TEAMS

Before going to Kansas State, Adams had an excellent coaching record. As end coach at the University of Southern California he helped the Trojans to Rose Bowl victories over Tennessee in 1940, and Duke in 1939. Howard Jones was head mentor of USC at that time.

Prior to assisting at Southern California, Adams coached six seasons (1929-34) at San Diego high school and won 58 games, lost 4 and tied 2. Three of those years his teams won the West Coast League championship. In 1933, Adams coached his team to the finals of the Southern California football championship. He started coaching at Monrovia, Calif., high school in 1926 and had a three-year record of 24 wins, three losses and one tie.

In his college days, Adams played regular end at the University of Southern California three years, winning all-conference honors in the seasons of 1924-25. He captained the Trojan eleven his senior year. He also starred in baseball at the Trojan school.

Attend Alumni Council Meeting

Kenney L. Ford, executive secretary of the Kansas State College Alumni Association, and H. O. Dendurant, assistant alumni secretary, were in Omaha last week attending the sixth district convention of the American Alumni Council. Mr. Ford is president-elect of the council.

HOBBS ADAMS

STUDENT WINS INDIVIDUAL HONORS IN CHICAGO MEAT JUDGING CONTEST

High individual honors were won by Robert Hendrickson of Ellis, junior at Kansas State College, in the intercollegiate meats contest at the International Live Stock Exposition in Chicago. The three-man team representing the College placed fourth in the contest this week.

Competition between the 12 competing colleges was close with 12 points separating Kansas State from the high team, Oklahoma A & M. Runners-up were Iowa State and North Carolina State in a tie for second. The Oklahoma school also was high at the American Royal, scene of the other major fall meats contest. The team from the College had ranked second in the Kansas City event.

Hendrickson made 831 points out of a possible 900 in the contest which involved the judging of meat carcasses and cuts and the grading of beef carcasses. The team score was 2398 with 2700 possible points.

Accompanied by their coach, D. L. Mackintosh, associate professor in the animal husbandry department, team members did practice work at the Swift packing plant in Chicago the day before the contest.

Representing Kansas State College at the International event beside Hendrickson were Floyd Frisbie, McDonald; and Douglas George, Lebo. Jack Wise of Wichita was alternate.

COLLEGE SHOULD SUBSIDIZE ATHLETES, STUDENTS THINK

Student opinion poll shows 86 percent favor payment practices

Eighty-six percent of Kansas State students believe that the College must subsidize its athletes to be able to compete with other schools of its class, according to a recent student opinion poll taken by the Kansas State Collegian, student newspaper.

In answer to the question, "Do you believe that Kansas State athletes should be subsidized?" only 12.6 percent expressed themselves as being against the subsidization. Eighty-seven percent of the women students answered yes while 86.6 percent of the men students voted in the affirmative. Only .6 percent of the students interviewed were indifferent, explaining that they came to college for an education, not to worry about the success of athletic teams.

Kansas State receives nation-wide recognition for progressive and unusual campus activities

"An unusual experiment in education," is the way the Kansas City Star referred to the Institute of Citizenship program of Kansas State College in a half-page article which appeared November 17 on page one of the Sunday feature section.

The following Sunday another half-page was devoted to the veterans' commissary which opened recently, pointing out the difficulties encountered by the veterans in establishing their store and the benefits to be derived from it.

The importance of events at Kansas State in the nation's news is evidenced further by the recent appearance of other articles in publications throughout the country.

The Scholastic Editor, a magazine devoted to high school and college

problems, is currently publishing a series of articles based on production hints for school yearbook staffs. The series is authored by C. J. Medlin, graduate manager of student publications at Kansas State.

The story of the Woodring-Carlson debate, held in the College auditorium, was widely circulated by Associated Press, calling it "The most significant aspect of the campaign for governor."

Tide, national advertising, marketing and public relations magazine published in New York, will carry in a future edition a story of the Industrial-Agricultural Week held recently at the College. The Kansas City Star also gave the event extensive coverage.

COLLEGE HAS EMERGENCY NEED FOR MORE HOSPITAL FACILITIES

President asks for permanent hospital building in new budget

With less than half the hospital facilities it needs, the College will face a serious emergency unless a permanent hospital for students is constructed at the earliest possible time, President Milton S. Eisenhower says in his biennial report.

To meet present emergencies, the College will move former army hospital barracks from Coffeyville to the campus. The 1947 legislature will be asked to authorize construction of a permanent hospital building large enough to hold 60 beds.

An 80-year-old stone house which can hold a maximum of 25 beds is the only hospital the College has. Hospital facilities in Manhattan are not sufficient to be used by the 6,500 students at the College.

Since students who become ill cannot be cared for at home, the College needs a minimum of 10 beds for every 1,000 students plus a surplus of 20 beds in event of epidemics, President Eisenhower said in the report. The College now has 10 beds for only every 2,600 students, he pointed out.

A permanent hospital building, as proposed by the College, would cost about \$300,000 without equipment. However, the new building probably could be equipped with material from the present hospital and with gifts from friends of the College, President Eisenhower said.

A new building would permit the College to use the present hospital during epidemics and in other emergencies.

Crowded post office asks students to call for mail

"Are pigeons nesting in your P. O. box?" asked a sign which appeared on campus bulletin boards this week, adding an admonition, "Find out for sure."

"Maybe," suggested another, "Uncle Jasper willed you \$1,000,000!" Get your mail from the post-office daily and find out."

The signs were printed in an attempt to get students to call more regularly for mail at the College post-office. Although four or more students share every box in the post office, many are unable to rent boxes and must stand in line to receive mail at the general delivery window.

Some students, too busy to stand in line to call for their mail, may do so in answer to a third sign, "How do you know you haven't won a \$5,000 scholarship? Get your mail at the post office."

Warren to Chicago

Dr. D. C. Warren, poultry geneticist at Kansas State College, will attend a meeting of the Poultry Breeding Committee of the North Central Experiment Stations at Chicago, Friday. The committee will outline a poultry breeding project for this region.

GEORGE WIGGINS MEMORIAL FUND NEARS \$350 IN DRIVE FOR \$1,000

The George S. Wiggins Memorial fund, being raised as a part of the all-faith memorial chapel campaign at Kansas State College, reached \$342.50 this week. The goal for the drive among friends of Wiggins is \$1,000.

Elden Auker of Detroit made the first contribution to the George S. Wiggins Memorial, to be part of the World War II memorial chapel and chime tower at the College.

Ray McMillin of Junction City, a football teammate of Wiggins, who died in a Jap prison camp during the war, is directing the drive for a memorial to Wiggins.

Contributors to the Wiggins Memorial thus far include Harold Weiler, Topeka; Neil J. Weybrew, Wamego; T. M. Evans, Stillwater, Okla.; Hugh Errington, Ruleton; Lawrence Norton, Takoma Park, Md.; Mr. and Mrs. J. E. Lawrence, Lyons; P. E. Brookover, Denver, Colo.; J. Robert Hamm, Swarthmore, Pa.; and Elden Auker, Detroit.

DR. FARRELL WILL CONFER WITH CALIFORNIA EDUCATORS

President Emeritus asked to inspect agricultural research, education

At the invitation of the University of California, Dr. F. D. Farrell, president emeritus of the College, left last week for the first of a series of consultations with officials of the University and of the California State Department of Education regarding California research and education in agriculture.

Associated with Dr. Farrell in the series of consultations will be Dr. M. D. Mobley, state director of Vocational Education in Georgia. The two will visit tax-supported educational institutions throughout California and confer with university, state college and high school officials and with officials of California agricultural and industrial organizations.

The first consultations will take a week. Others will be held in January and February.

Krenzlin Returns

Ralph E. Krenzlin, research assistant in agronomy at Kansas State College, has rejoined the faculty after a leave of absence for military service, the office of President Milton S. Eisenhower announced today.

SPIRIT OF STUDENTS IS DIFFERENT THIS YEAR EISENHOWER OBSERVES

K-Staters showing keen, active interest in issues beyond the campus

Dear K-Stater:

A year ago we at the College sent a letter of Christmas greeting to alumni and former students. The war was over then, of course, but so many K-Staters were still in the service that it didn't really seem like a peacetime Christmas.

Even at the College a year ago, we were halfway between wartime and peacetime conditions. We were still operating on an accelerated program, which we adopted during the war to give men as much education as possible before they entered the service. The accelerated program meant shorter holidays—one day for Thanksgiving and only a few days at Christmastime. So short were the holidays that many students and faculty members spent them in Manhattan because they didn't have time to go to their homes elsewhere. Enrollment a year ago was barely pushing above the small registration we had during the war. We had about 350 veterans enrolled, and we thought that a rather large number.

'CHANGE IS ALL ABOUT US'

This year as we at the College send our wishes for a Merry Christmas and Happy New Year to alumni and former students everywhere, change is all about us. Most K-Staters have packed their uniforms away in the attic trunk and are back in College or at their civilian jobs. The accelerated schedule is all but gone. We retained it until this fall in order to give veterans a chance to get a maximum of education in a minimum of time. We were one of the last major colleges in this section to return to our normal prewar schedule, and are still offering 13½ weeks of instruction in summer instead of the normal 9.

RETURN TO PREWAR HOLIDAYS

This year again students will have real prewar holidays. At Thanksgiving they had five full days away from the class room. At Christmastime they will have 15 days in which to sleep late and to forget about textbooks. And as they go to and from class during the last few days before vacation, they will hear Christmas music broadcast from the tower of Anderson Hall.

The 350 veterans on the campus a year ago have been joined by more than 3,800 others. In fact, the number of veterans this year is about twice last fall's total enrollment. Our enrollment as a whole has more than tripled in the past year to surpass by 50 percent our previous all-time peak. The campus is unbelievably crowded. Hundreds of housing units have gone up on the campus. More than 100 veterans' families are living in a trailer community. Barracks for 385 veterans have been erected on the green sweep of lawn east of Thompson Hall. Another 77 barracks, reconverted into apartments for 308 veterans and their families, are being constructed on the northwest section of the campus and should soon be ready for occupancy. Single men are living in the stadium, in the hospital annex, in other places we would not have considered as housing a year or two ago. Veterans are operating their own cooperative commissary near the northwest corner of the campus.

MORE TEMPORARY BUILDINGS

There are temporary buildings yet to come. Several frame structures from an Army camp are to be moved to the campus and converted into a large office building which will house the Extension Service, now in the

(Continued on last page)

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. Lashbrook, Editor
Ted Peterson, Helen Hostetter, Assistant Editors
Fred M. Parris, Assistant Editors
KENNEY FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

THURSDAY, DECEMBER 12, 1946

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Six students were accepted for Quill Club membership on the basis of manuscripts turned in to H. W. Davis, chairman of the membership committee. They are Jacob Antelyes, Brooklyn, N. Y.; Theron Newell, Junction City; Shirley Ann Sanders, Manhattan; Caroline Thurston, Eldon; Ethel Harkness, Ness City; and Edna Gaston, Centralia.

More than 100 pounds of home made candy was sold at the YWCA bazaar. Brass and copper articles, embroidered linens, and curios imported from Russia, Japan and China were a sell-out.

Rolla Holland of Iola, senior guard, was elected honorary captain of the football team at the Chamber of Commerce football banquet. The election of Lewis Sweat of Cedar to captain the 1937 two-mile track team was also announced at the banquet.

TWENTY YEARS AGO

T. O. Thackrey, editor the Cleveland Press, spoke on feature writing to the classes in industrial writing.

The apple judging team placed second out of 15 teams entered in the international apple judging contest at Grant Rapids, Mich. Team members were C. R. Bradley, Mayetta; R. W. McBurney, Sterling; and Russell Reitz, Belle Plaine.

The K. S. A. C. crops judging team won first place at the International Hay and Grain show in Chicago. The team was composed of E. B. Coffman, Manhattan; A. M. Watson, Osage City; S. M. Raleigh, Clyde; and Loren Ungeheur, Centerville. The team was coached by Prof. J. W. Zahnley of the agronomy department.

THIRTY YEARS AGO

Students and faculty members armed with picks, shovels and spades worked on the College athletic field. The gridiron was "tiled and graded in turtle-back style" to keep it dry. Lunch was served at noon by the coeds.

The second annual presentation of the "Messiah" was being rehearsed. Soloists were Miss May Carley, contralto; Miss Faye Richards, soprano; Elton Calkins, tenor; all of the music department. Thomas Remington of Chicago, guest baritone, sang the bass solos.

FORTY YEARS AGO

Prof. J. T. Willard was subpoenaed to testify in an oleo-margarine case in the Federal court of the Indian Territory.

Several professors and assistants were studying the world language, "Esperanto." Rapid progress was reported.

FIFTY YEARS AGO

Railroad companies granted reduced holiday rates to students traveling home and back for Christmas.

"Every individual who owns a horse or a bicycle should take personal interest in the building of good roads," says an article in the Industrialist.

SIXTY YEARS AGO

A debate topic of the day, "Resolved, That a lantern is of more use on a dark rainy night than an umbrella."

A notice in the Industrialist said,

"Persons receiving the Industrialist need have no fear of bills; for the paper always stops with the expiration of subscriptions, unless continued by favor of a friend or of the College."

SEVENTY YEARS AGO

A College social consists of "charades and other foolishness" followed

by pop corn and apples served by the domestic science classes.

The ladies of the College had prayer meeting each Friday following the last class hour.

The College buildings were heated by large coal-burning stoves which, said the Industrialist, "worked admirably."

LOOKING AROUND

KENNEY L. FORD

Milton Skaggs, '36, Dodge City, a member of the board of directors of the Kansas State College Alumni Association, was speaker at a meeting of alumni in Garden City November 1. Mr. Skaggs spoke on the chapel campaign.

Taylor Jones, '35, Holcomb, will be in charge of the campaign in the rural areas and C. O. Baker, '30, Garden City, was named city chairman.

Alumni present at the meeting were Ralph L. Gross, '40; Frances S. (Ripley) Gross, '39; R. G. Porter, '28; Elizabeth (Schaaf) Porter, '27; J. D. Adams, '23, and Mrs. Adams; George Robert Darnes, '42; Alvin E. Lowe, '33; Leland M. Sloan, '32, and Dorine (Porter) Sloan, '31; William R. Smith; Mable C. Adams, '20; Howard B. Palmer, '34; Helen (Steuart) Palmer, '30; Marion Lynn Russell, '29, and Mrs. Russell; George Starkey, '22; and Dr. Rufus Cox and Gertrude Lienkamper, of the KSC faculty.

H. Otis Garth, '23, Wichita, president of the Alumni Association, and Kenney L. Ford, '24, executive secretary, spoke at several meetings scheduled to promote the chapel campaign late last month.

The meeting at El Dorado on November 18 was attended by Dwight E. Hull, '17; Mary Ellen (Hull) McCaffree, '41; Arch R. Loyd, '25; and Mrs. Loyd; W. N. Calkins; Bernice (Davidson) Calkins, '31; Florence (Jones) Sluss, '33; and R. E. Sluss; L. W. Newcomer, '23, and Mrs. Newcomer; Hazel (Russell) Zimmerman, '17, and L. E. Zimmerman; Jessie (Neiman) Bishop, '14; Eugene Payer, '39, and Frances (Loomis) Payer, f. s., '39; John C. Crawley, '38; Clifford W. Stone, '39; Mercedes (Stratford) Covert, f. s.; Barbara (Brown) Platt, '39; Lee W. Collinsworth, '41; and Mrs. Collinsworth; Kenneth A. Fisher, '38, and Mrs. Fisher; C. C. Cunningham, '03; Myrtle (Johnson) Cunningham, '20; Dale and Helen (Joseph) Edelblute, '34; Allan Ayers, '40; Dorothy Lou (Dickson) Guy, '39; F. Earl Guy; C. F. Smith, '02; F. L. Siegrist, '36; J. R. Nuttle, f. s.; Guy H. Faulconer, '26.

During the meeting officers of the Butler County Alumni Association were elected. They were Clifford W. Stone, '39, president; John H. Hyde, '38, vice-president; Bernice (Davidson) Calkins, '31, re-elected secretary-treasurer.

The meeting at Kingman November 19 was attended by Edgar A. Templeton, '30; Edith (Watson) Templeton, f. s.; J. W. Stone; Kendrick Palmer, '44; Ernest Palmer; M. G. Seibel, '35, and Mrs. Seibel; Wanda (Riley) Seay, '30; Meredith (Dwelly) Burke, '29; and Paul Burke; Millard E. Hobson; Lawrence L. Hobson, f. s.; Mrs. Lawrence Hobson; Esther E. Hobson, '33; Mrs. George Birkenbaugh, f. s.; Walter A. Moore, '44, and Mrs. Moore; George Birkenbaugh; Wilma Sutton, '23; Helen McIlrath, '19; Dorothy (Leach) McKinney, '38; Ed Pitman, '38, and Mrs. Pitman; Lillian (Witter) Epley, '33.

Officers elected for the Alumni Association in Kingman County were Walter A. Moore, '44, president; Esther Hobson, '33, vice-president; and Pauline McKenna, '34, secretary-treasurer.

The address of Harry C. Sawin, E. E. '32, and Twila (Carmony) Sawin, f. s., is Custer, S. D. Mr. Sawin is a plumber and electrician in Custer.

Clarence L. Gish, Ag. '34, and M. S. '39, is federal-state supervisor and educational director of the poultry and egg division of the Louisiana state market commission. Mr. and Mrs. Gish have three children, Kathleen, 12, Donald, 7, and Linda, 1. The Gish address is 3137 Sherwood Drive, Baton Rouge, La.

Dwight I. Gillidett, Arch. E. '35,

and Esther (Wright) Gillidett, Arch. '36, and their three children, Ann, 6, Dwight Alan, 3, and Arthur, 2, live at 7225 Penn, Kansas City, 5, Mo. Mr. Gillidett is an engineer with the Southwestern Bell Telephone Company.

Vinton G. Johnson, G. S. '36, is a radio engineer with the Civil Aeronautics Administration. Mr. and Mrs. Johnson and family reside at Keats.

Cecil F. Arens, E. E. '35, is a patent attorney with the Bendix Products Division of the Bendix Aviation Corp. Mr. and Mrs. Arens and children, Barbara Jean, 3, and Max, 15 months, live at 724 Northwood Drive, Sound Bend, Ind.

Elizabeth Reed, Com. '36, is a secretary for the Glidden company, San Francisco, Calif. Her address is 3234 Washington, San Francisco.

Elmer Munger, C. E. '36, and Vivian (Bloomfield) Munger, H. E. '36, are living at 606 Taft, Manila, P. I. Mr. Munger is directing construction for the National Council of the Protestant Episcopal Church reconstruction and advance program. Mr. and Mrs. Munger have a son, John Thomas.

Harold A. Borgelt, Ag. '37, is farming near Zenda.

Mildred (Johnson) Hines, H. E. '37, and Paul Hines, Ag. '36, have adopted a daughter, Melinda Jean. Mr. and Mrs. Hines also have an adopted son, Ross Frederick, 4. Mr. Hines is Pawnee County farm agent at Larned.

Dr. Leonard F. Miller, Ag. '36, and M. S. '38, formerly senior extension economist with the USDA, has been named associate professor of farm management at Pennsylvania State College, State College, Pa. His wife is Katherine (Kilmer) Miller, I. J. '36.

Forrest H. Roulund, E. E. '38, is an electrical engineer with the Kansas City Power and Light Company at Ottawa.

Frank Brannan, f. s., and Fern (Layman) Brannan, H. E. '39, live at Meade where Mr. Brannan is a farm equipment and tractor dealer. Mr. and Mrs. Brannan have a son, Michael Steven, four months old.

Leo James Brenner, Ag. '40, and Mrs. Brenner and children, Ellen Mary, 5; Sharan Lee, 3; and Marilyn Ann, four months old, live at McDonald where Mr. Brenner is teaching vocational agriculture at the high school and raising wheat at Bazine. Mr. Brenner was a first lieutenant in the Air Force. He was awarded the air medal, three oak leaf clusters, three battle stars, the distinguished flying cross and the purple heart.

Ralph E. Samuelson, Ch. E. '41, and M. S. '42, and Clara (Carlson) Samuelson, H. E. '43, and son, Mark Gordon, nine months, are living at 1230 Dearborn, Augusta. Mr. Samuelson is a research chemical engineer for Socony-Vacuum Oil Company, White Eagle Division, Augusta. Other alumni working there include Virgil Simpson, Ch. E. '40; Dean Bradley, I. Chem. '39; and Wilbert Foss, Ch. E., '40.

Arlin B. Ward, M. I. '42, and Shirley (Kilmer) Ward, f. s., '43, and children, Linda Louise, 2; and Kay Karen, 1, are living at 519 North Manhattan Avenue, Manhattan. Mr. Ward is teaching and doing research work in the Kansas State milling department.

Lora Belle Ward, H. E. '44, is a home economics teacher at Pasco, Wash. Her address is 416 Shoshone, Pasco, Wash.

Roberta Townley, H. E. '45, is teaching home economics at a Topeka high school. Her address is 1530 Jewell, Topeka.

Mary Louise Markley, H. E. '46, is emergency 4-H club agent in Shawnee County. Her home is in Wellington.

FCC FAVORS INCREASE IN POWER FOR IMPROVED RADIO STATION KSAC

Increase to 5,000 watts would give entire state coverage

An Associated Press dispatch from Washington last week reported that the Federal Communications Commission had acted favorably upon the College's application for permission to increase the power of radio station KSAC from 1,000 watts to 5,000 watts.

No official word has been received at the College, according to R. I. Thackrey, dean of administration, but application for the increase in power was made some time ago.

COVER ENTIRE STATE

Dean H. Umberger, director of the Extension Service which operates KSAC, pointed out that with 5,000 watts power the station will be able to cover the entire state and a good portion of neighboring states—especially Nebraska, Missouri and Iowa.

KSAC is on the air from 9:30 to 10:30 a. m., 12:30 to 2 p. m. and 4:30 to 5:30 p. m. daily Monday through Friday. On Saturday, the College station broadcasts from 9:30 to 10:30 a. m. and from 12:30 to 2:30 p. m. on Saturday.

The fact that the FCC has approved the application for increased power does not mean that KSAC will start operating on 5,000 watts immediately. It will be necessary to construct facilities to handle the increased power—the antenna, ground system, transmitter building, etc. Though it was impossible to start any of the actual work until approval was received, officials at the College have done all they could in preparation for the time approval was received. Officials expect to encounter all the current construction difficulties in readying the new facilities.

NEW TRANSMITTER

The antenna and the building for the new transmitter will be located on college property at a point about two miles north of Memorial stadium. Location at this point will be an improvement for Manhattan listeners for two reasons—first, they will get better quality reception of KSAC; and second, the KSAC signal will not crowd other stations off nearby frequencies.

The present antenna is suspended between the two towers at the west end of Nichols gymnasium. The new antenna will be of the single tower type. The tower, topped by a lighted beacon as an aircraft warning, will be 435 feet above the ground.

The 1,000 watt transmitter has been in operation since 1931. It has been housed on the third floor of Nichols gymnasium where the studios of the station are located. The two antenna towers were built in 1924.

Studios of the station will remain in the same location for the present. It is planned to place new studios in the student union building which will be constructed on the campus as soon as possible.

LONG BROADCASTING HISTORY

Broadcasting at Kansas State College has a long history. KSAC is the oldest educational radio station in the state. Operations began December 1, 1924. However, the first broadcasting was done from Kansas State College many years before that. Dr. J. T. Willard's HISTORY OF KANSAS STATE COLLEGE OF AGRICULTURE AND APPLIED SCIENCE outlines the following pertinent facts:

"The first efforts were made as early as 1901 by the department of physics which secured a license for a station, 9YV, under the national radio law in 1912. That year the department began daily broadcasts of the weather in Morse code. This is believed to have been the first broadcasting in the country of weather reports on a fixed schedule.

DISMANTLED IN WORLD WAR I

During World War I the station was ordered dismantled but laboratory work was maintained. In 1919 the physics department was permitted to resume activity and 9YV again provided daily weather forecasts. In the fall of 1921, Prof. E. R. Lyon, who is still a member of the college physics staff, was put in charge of the station. Before long the station had been converted from wireless telegraphy into the 100-watt radio telephone station WTG.

In 1923 Prof. Lyon suggested that

KANSAS POETRY

Robert Conover, Editor

The Dove of Peace Is White

Ah, yes, the dove of peace is white,
Fair symbol of the free,
But he is perched precariously
Upon a blood-red tree;
A tree with alien branches
With leaves of sticky slime
With roots in darkness crawling,
Seeking and biding time;
A tree whose trunk was glorious once
With innocence of men
But whose great strength is broken
Now.
Will it grow whole again?
Ah, yes, the dove of peace alights.
But is he welcome? Is he free?
He moans and rocks unsteadily
Upon the blood-red tree.

Sunflowers

By H. W. Davis

Merry-Christmas Democracy

To all the worried peoples of this worried world, and all their worried leaders in the nearly United Nations, now in conference, we hereby respectfully commend the only One-World government that ever yet has prospered. It is the centuries-old Democracy, sponsored by a funny little Jolly Gentleman in a rumpled suit of red and white, with jaunty cap and whiskers to match, and the oddest, blackest boots that ever glistened back at startled eyes.

A long-time worker for a One-World is that Jolly Gentleman. No allegiance has he ever paid nor will he ever pay to race, color, nation, or creed. His loyalty spreads downward—as all more subtle loyalties do—to everybody, high or low, in his illimitable realm. His loyalty is his sceptre and his protective wand. Man-made boundaries he laughs at as he travels far and wee, and fears he has none. For why should he have fears who has no foes?

And neither for gain nor glory journeys forth that man of faery wealth. All he gets his funny fat hands on he forthwith gives away. And freely he gives—but mostly to boys and girls, and luckless grown-ups who can pay back only with gratitude and smiles, and efforts to do good—like him. He chuckles that the greatest of all riches is Goodwill, and drives on.

Quietly his Idea gains power, and eerily his Democracy achieves impregnability. His is a government not of chattels and freedoms and rights, but of spirit and sincere intention, of hope and faith and charity. "Give good to all and get good from all in surprising abundance" is its single statute. "Example" is its only discipline. When peoples forget and grow covetous, the penalty is—another Merry Christmas. Not another war.

Right cannily that Jolly Gentleman promotes and perpetuates the credo of his One World. Loyalty and good cheer he pours into the hearts of babes and boys and girls, citizens for his World-to-Be. The One World of Tomorrow is for youth, he cries. Age has the memory of blessings it has arranged for those who yet, and forever, will arrive.

So, to each and all in the World of Today and Tomorrow, but more to those with Tomorrow in their keeping, we recommend Santa Claus and his joyful Democracy. For good measure, and for cause, we add a very special MERRY CHRISTMAS to each and all who reverence Old Santa for his spirit and his faith—and his accomplishment.

the powerful station KFKB at Milford, Kansas, be used for broadcasts from the College campus by remote control. He was joined in this campaign by L. C. Williams, now assistant director of the Extension Service, and Sam Pickard, Extension editor at that time. This trio pushed their project through and remote control broadcasts began early in February, 1924.

These broadcasts were so successful that the State Board of Administration appropriated \$20,000 for the erection of a new station on the campus. This was the station that is now KSAC. KSAC began operation in December, 1924, with a 500-watt transmitting set and the two antenna towers which are still in use.

AMONG THE ALUMNI

Fred Sears, '92, writes from 44 Mount Pleasant, Amherst, Mass.: "My copy of THE KANSAS INDUSTRIALIST has just arrived and I want to present my most sincere thanks to the ones who are responsible for keeping my name on the list. I still keep well for an octogenarian. Can read without glasses, enjoy three good meals a day and sleep for eight or nine hours a night. But I do miss my good friends who are gradually getting away." Mr. Sears recently took a trip to Labrador. He enclosed pictures of the trip.

Helen Monsch, D. S. '04, recently retired from teaching in the School of Home Economics at Cornell University. Her address is Slaterville Road, Ithaca, N. Y. She has written a text book recently.

Oliver H. Gish, '08, is assistant director of the department of terrestrial magnetism, Carnegie Institution, Washington, D. C. He is doing research work in geophysics. Last year he spent a month at the recently formed Mexican volcano, Paricutin, to study the extraordinary lightning which accompanies the more intense eruptions. Writing for a life membership in the alumni association, Mr. Gish said: "I want to express to you my felling of satisfaction with the work of the alumni association and that of KSC. THE INDUSTRIALIST is an excellent paper. From it I get whiffs of the college atmosphere. It is good. Leaders can develop in that atmosphere." Mr. Gish's business address is 5241 Broad Branch Road, N. W., Washington, 15, D. C.

S. S. Gross, Arch. '10, is proprietor of Cozy Court, 2222 Sawtelle Blvd., West Los Angeles, Calif. Mr. and Mrs. Gross have two sons.

R. D. Van Nordstrand, E. E. '12, and Amelia (Pierson) Van Nordstrand, f. s. '12, are living at 723 Dongan Avenue, Scotia, N. Y. He is an engineer in industrial heating and welding for the General Electric company. Mr. and Mrs. Van Nordstrand have three sons, Robert, Philip and Laurence.

President Truman has nominated Pay Director Walter A. Buck, E. E. '13, and M. S. '16, to be paymaster general and chief of the bureau of supplies and accounts of the Navy with the rank of rear admiral. He will serve a four-year term. Admiral Buck is a native of Oskaloosa.

Harold S. Nay, E. E. '22, is assistant division manager of the Kansas Gas and Electric company, Wichita. Mr. Nay and his wife, Helen Jean (McCormick) Nay, f. s. have a son, Merle Orlean, 16.

Hazel Howe, B. S. '21 and M. S. '35 has written from South America where she is spending a year on leave of absence from her position in the department of clothing and textiles. She sailed from New York September 25 aboard a Norwegian freighter, had a few days in Trinidad and landed in Rio de Janeiro, where she spent a week. She reached Porto Alegre, near the southern border of Brazil, October 31. She is at Colegio Americano, which is beginning to offer courses in home economics. Miss Howe was invited to the college to assist with planning courses in clothing and textiles. Her address is Colegio Americano, Porto Alegre, Brazil.

Ray Weinheimer, D. V. M. '21, is in oral surgery work in Oakland, Calif. Dr. and Mrs. Weinheimer have a son attending Oregon State College and a daughter in junior high.

The address of Irene (Graham) Gish, H. E. '21, is 2020 South Street, Lincoln, Nebr. She writes: "These are busy days in our home with a reunited family. My husband just returned after 5½ years of service. A daughter just graduated from Nebraska University and a son recently graduated from high school."

Frank C. Kingsley, Ag. E. '23, and Mrs. Kingsley are living at 818 Peoria Avenue, Dixon, Ill. Mr. Kingsley is rural service engineer for the Illinois Northern Utilities company.

Hiram G. Burt, Ag. '24, and Mabel (Foster) Burt, f. s., live at 323 S. W. Sixteenth Street, Fort Lauderdale, Fla.

Glenn Reed, Ag. '25, is farming near Galesburg.

The address of George G. LeVitt, R. C. '25, and Verna (Stone) LeVitt,

f. s., is 920 Ferry Street, Lafayette, Ind. Mr. LeVitt is general manager for the Lafayette Transit Company, Inc.

The new address of Major Philip R. Carter, D. V. M. '26, is Public Health and Welfare Branch, Office of Military Government for Germany, APO 742, c/o Postmaster, New York, N. Y.

Major Myron W. Reed, G. S. '27, and Carolyn (Vance) Reed, G. S. '28, live at 2435 Ohio Avenue, Topeka. They have a son, Ronald Vance, 13. Major Reed writes that he wants to stay on duty as long as possible with the Army. He was overseas 38 months in Australia, New Guinea and the Philippines.

Walter B. Bigelow, C. E. '28, is assistant chief engineer for the rural electrification administration. He and Clara Belle (Gray) Bigelow, G. S. '28, live at 4610 Second Street North, Arlington, Va.

George Doster Stewart, R. C. '29, is an auditor for several business firms in Abilene, Chapman and Solomon. His address is 220 Northeast Eighth, Abilene.

Dr. Theodore R. Freeman, Ag. '29, is manager of the Sunshine Dairy Products, Inc., 703 South Virginia Avenue, Gainesville, Fla.

R. Fenton Brannan, Ag. '30, and Hazel B. (Atkins) Brannan, f. s., are living at Meade. They have a son, Roger Dean, 7. Mr. Brannan is a farm equipment and tractor dealer.

Harold A. Williamson, M. S. '30, is with the technical extension school of Purdue University. He teaches industrial speech and psychology and is chairman of the technical institute engineering lecture program and supervisor of visual education. Mr. Williamson and Marguerite (Akin) Williamson, G. S. '27, live at 605 Polk Street, Gary, Ind.

Clarence B. Cunningham, Ag. '31, and Mrs. Cunningham live at 1710 Oak Street, Hays. Mr. Cunningham is instructor of industrial arts at St. Joseph's Military Academy.

Major Lewis H. Bacon, Ag. '33 is with headquarters, Fifteenth Air Force, Colorado Springs, Colo. Major Bacon spent 18 months with the Eighth Air Force in England. Major and Mrs. Bacon have a daughter, Ruth Ann, 8.

MARRIAGES

FREDERICK—CROSS

Ida Frederick, H. E. '46, and Otis Cross, Ag. E. '46, were married August 17 in Burton.

SWIFT—SONDKER

Margaret Adelaide Swift, H. E. '46, and Edward H. Sondker were married August 17 in the Holton Methodist church. They now live in Lawrence, where Mr. Sondker is enrolled in the University of Kansas law school.

WALTER—WORTHINGTON

The marriage of Leatha Walter and Charles Arthur Worthington, Ag. '43, took place August 2 at the Stull Evangelical church in Leecompton. Mr. and Mrs. Worthington live on a farm near Stull.

WALBERT—CRANDALL

Elizabeth Daniel Walbert, H. E. '35 and M. S. '39, and Robert Dalton Crandall were married August 3 at East Lansing, Mich.

HOLM—SMITH

Marylois Holm, H. E. '46, and Louis Marshall Smith were married September 15 at the First Presbyterian church in Manhattan. They are living at 911 North Eleventh. Mr. Smith is completing work for a degree at K-State.

PUTNAM—DAVIS

Patricia Putnam, H. E. '45, was married to Eldon Neil Davis on September 14 at the home of her parents in Admire. Mr. Davis is a junior in civil engineering at K-State and Mrs. Davis is assistant food director at Van Zile Hall. They live at 831 Bluemont.

AHEARN—RONNSE

Mary Kathleen Ahearn, Music Ed., '42, and Joseph Raymond Ronsse were married September 10 at Seven

Dolors Catholic Church in Manhattan. Mr. and Mrs. Ronsse are living in St. Marys.

COLLISTER—WARBURTON

Patricia Collister, f. s., and Thomas A. Warburton, Jr., were married August 22 at Seven Dolors church in Manhattan.

TESSENDORF—MACDONALD

Vera Rose Tessendorf, H. E. '44, and Lt. George E. MacDonald were married September 8 at the First Baptist church in Onaga. After the wedding the couple left for Melville, R. I., where the bridegroom is stationed.

HANNAH—BRIDWELL

Betty Sue Hannah, H. E. '46, and Raymond V. Bridwell were married August 10. They live at 513 North Sixteenth, Manhattan.

FREDERICK—CROSS

Ida Irene Frederick, H. E. '46, and Otis Everett Cross, Ag. E. '46, were married August 17 at the Burrton Methodist church. They live at 540 South Oliver, Wichita. Mr. Cross is an engineer with the Boeing Aircraft Company.

NAEZ—DANIELSON

Mary Elise Naez and C. Bertil Danielson, Ag. '42, were married August 24. Their address is 520 Fern Street, New Orleans, La. Mr. Danielson is a graduate assistant with the agricultural economics department, Louisiana State University.

HENDERSON—STEWART

Maryellen Henderson, H. E. '44, formerly of Kansas City, Mo., and Chester A. Stewart, E. E. '46, formerly of Olathe, were married August 31 in Kansas City at the Westport Presbyterian church. Mrs. Stewart formerly was a home service representative for the Kansas City Gas Company. Mr. Stewart is employed by the Kansas Power and Light Company in Manhattan. Mr. and Mrs. Stewart are at home at 816 Leavenworth.

SOWERS—CAHILL

Glenna L. Sowers, G. S. '37, and John J. Cahill were married August 25 at the Berean Baptist church, Hutchinson. The ceremony was performed by the Rev. T. F. Sowers, father of the bride. Mr. and Mrs. Cahill are enrolled at the University of Nebraska where Mr. Cahill is a pre-medical student and Mrs. Cahill is doing graduate work in zoology. She has an assistantship and Mr. Cahill is night manager of a downtown service station.

HASSUR—RICHARDS

Donna Marie Hassur and Donald Paul Richards, I. J. '43, were married August 26 in St. Patrick's church, Parsons. The Rev. Leroy Matz officiated and was celebrant of the nuptial mass that followed. Mr. and Mrs. Richards left for a wedding trip to the Ozarks and now are at home in Parsons where Mr. Richards is sports editor of the Sun. Mr. Richards spent three years in the army, serving 22 months in the European theater with the 80th Infantry Division.

BIRTHS

A daughter, Annette, was born May 16 to Marie (Forceman) Pallesen, H. E. '42, and J. A. Pallesen of 3616 Greenway Place, Alexandria, Va. They have two sons, Peter, 5, and Michael, who will be two years old in March.

Martin O. Pattison, C. E. '38, and Mrs. Pattison of Hobbs, N. M., announce the birth of twin daughters, Jean and Joan, November 11.

Thomas W. Tuttle, D. V. M. '45, and Mrs. Tuttle, Fort Atkinson, Wis., are parents of a daughter, Susan Carolyn, born November 12.

DEATHS

MCCANLES

John C. McCanles, f. s., '07, died in Kansas City, Mo., November 17. At KSC he was active in athletics, and was a pitcher for the baseball team. He was a member of Beta Theta Pi fraternity. He later attended the University of Kansas. He is survived by a daughter, Martha, St. Louis; two sisters, Mrs. Maude Lyster, Lincoln; and Mrs. Carter T. Davis, Tulsa, Okla., and a brother, J. J. McCanles of Archie, Mo.

K S C STUDENTS SPONSOR ONE OF THE MOST IMPORTANT EVENTS IN RECENT POLITICAL HISTORY SHULTZ SAYS

State Journal writer says Woodring-Carlson debate was a new chapter in presenting issues before a Kansas audience and is going to be adopted generally in future

By A. L. SHULTZ

Topeka Journal Political Writer

Kansas politicians should have picked up several new ideas in the recent campaign. Whether they will put them to practical use is something else.

The youth of the land, just home from the wars—daring, determined, independent—was master of the campaign classroom. If the elder statesmen didn't recognize the fact, if they don't cut their cloth to the new pattern in the coming legislature and during the succeeding two years—pooh! Mr. Elder Statesman is going out. And he's going to stay out.

In the next few years, of course, the frolicksome, impetuous and sometimes reckless youth will have some seasoning. Experience and responsibility will teach the new voters many things.

They will learn that merely wanting something isn't in itself enough. It must be justified, earned and paid for. Things worth while endure a long time, are prized and cherished and defended. They are not thrown to the wind because hell is out for a holiday.

FAREWELL TO BROMIDES

And the boys who fought on the seven seas and the girls who stayed to have a home when they returned, are going to battle just as bravely for their ideals as have their dads and grandpappies.

But the old-time stuff—the slobber and froth and foam and make-believe of campaign drivel of yesterday—probably went down Kansas avenue in Topeka and down the Main street of America on its farewell parade last Tuesday.

These youngsters weren't fooled by a bit of it. They just sat on their hands and chuckled inwardly or didn't go to the meeting at all when the politicians wrapped the flag around their shoulders and started shouting the bromides eulogizing Abe Lincoln or Thomas Jefferson.

Sure, those were great men. But that was yesterday. The Civil War is over. This is the new day. They did a lot of worthy things.

It is going to bring new leaders who have the imagination of the time and who sense the responsibility that goes with power and prestige when they are called to high public place.

Just one thing definitely and positively marked the change if it is important to single a certain instance in the action of the 1946 campaign. That was the night Frank Carlson and Harry Woodring met in debate and to answer questions before a hall packed crowd of state college students in Manhattan.

SET A PATTERN

Uninhibited and clawing at barriers to personal liberties—particularly constitutional prohibition and the statutory bone dry law—those rah-rahs gave the governorship nominees a night they'll never forget.

Yet that meeting of the candidates on the same platform was one of the most important nights in recent political development in Kansas. Those jostling, cheering, partisan, conviction-stirred students made campaign issues living things. They set a pattern for candidate conduct in the future that may shape campaign courses for some years to come.

For that debate, the voters and taxpayers of Kansas owe an expression of gratitude to President Milton Eisenhower.

Most state school heads would have ducked the student proposal for a debate. To the average college president, such a suggestion would have meant new political problems, legislative repercussions and partisan criticism. President Eisenhower feared none of these.

A NIGHT OF EDUCATION

He said the debate would be permitted, even encouraged, if the student body would conform to rules assuring the candidates fair dealing, courteous treatment, equal opportunity and a meeting removed from heckling and bantering. The students promised. Their word was as good as a bond.

Two half-scared-to-death candidates for governor were before that crowd. They met a volley of questions—clear, direct, pointed, specific and emphatic—but courteous.

The students rocked the hall with cheers and occasional boos, but never

with a reflection on the character, integrity and sincerity of purpose of the candidates. It was a new chapter in presenting issues before a Kansas audience, a new avenue for public expression so far as recent campaigns in Kansas are concerned. It was a night of education for a large portion of the student body at the state college. It brought to the campus an understanding of things to be determined by men and women who planned to go to the polls on election day.

Most of all, it gave hundreds of young men and women who were casting their first votes, an appreciation of the fact that they are in reality Mr. and Mrs. America of tomorrow.

NO PLACE FOR FLAG WAVING

That model for campaign conduct which was set on the state college campus is going to be adopted pretty generally two years hence.

It is because of this fact that party managers may well plan new methods of campaign approach and begin drawing pencil marks thru bromides and blah-blah mush expressions that have been heavily injected into campaign oratory and platform expressions in recent years. These college youngsters have displayed a talent for cutting right thru the tallow to the meat on the bone.

Candidates for major offices are going to have to put their programs right on the line with double talk eliminated. A campus gathering for opposing candidates will be no place for flag waving and stirring statements about the dear old party that grandpa loved.

HEALTHY FOR POLITICS

All of which is going to be a wholesome and healthy thing for politics in the state. A sizable number of these youngsters will be in the legislature in a few years—probably much more promptly than following the first world war.

This campus crowd has feeling, emotions and convictions and it doesn't want to delay action. Maybe it will be willing to travel a less hectic clip once responsibility is sensed.

But just now these boys and girls want direct answers to all their questions. They have no regard for campaign expediency and tradition and custom and venerable leadership are autumn leaves on their political trees. Their hero must have life and breath and red corpuscles—today.

The chap who can't fit into that sort of uniform during the next few years has no business running for governor, United States senator or congressman. The boys and girls who are going to swing the dominant influence at the polls on election day made their position clear this fall. Stuffed party pin cushions of the mouldy days of the Dingley tariff bill are a dime a dozen in the book of the coed and the cheer leader of the football squad.

It will be a bit tedious adjusting to the new rule for a time. But it is going to come. When the votes are carefully appraised, the analysts will find some new thoughts. Whims of the voters are not what they used to be.

If the old crowd doesn't produce some new and attractive policies to lure the young voters, the move toward a change in management will be under way before the next campaign starts.

Postpone Variety Show

The date of the YMCA-YWCA Variety Show at Kansas State College has been changed to January 17, according to Billie Parkins, YWCA executive-director. Lack of time for preparation of the program is the reason given for the postponement.

WINNING WILDCAT CAGERS FACE OKLAHOMA IN K. C. THURSDAY

K-State has already won three, lost only to Iowa U.

Slightly more than one week of the 1946-47 basketball season is gone and, already, Jack Gardner, the returned head basketball coach of the Wildcats, has issued a warning to Big Six basketball bigwigs.

Thursday afternoon, Friday and Saturday, the Wildcats will test their skill against Big Six competition in an exhibition tournament in Kansas City, Mo.'s, Municipal Auditorium. The Purple meets Oklahoma in a first-round game at 3:30 Thursday afternoon. In addition to the six conference teams, Southern Methodist U. and Arkansas are entered in the tourney.

Gardner's young cage squad, comprised chiefly of freshmen aided by three lettermen, has faced four well-fortified opponents and convincingly disposed of three of them. Fort Hays State, Washburn and Drake have all taken a beating at the hands of the hustling Wildcat youngsters. Only powerful Iowa, boasting two all-Americans, has been able to stop the eager Gardnerites.

It was December 2 that Kansas State students first sensed that the school's losing ways—at least as far as basketball is concerned—may be over. That night, Gardner assigned his squad the herculean task of meeting two of the Central Intercollegiate Conference's best cage teams. Each of the games was recorded as a regular varsity tilt.

In the evening's first contest against Fort Hays State, Gardner started Bruce Holman, Powhattan, and Dave Weatherby, Neodesha, at forwards; Marlo Dirks, Moundridge, center; Lloyd Krone, Chanute, and Forest Campbell, Concordia, guards. That club, aided by Freshman Erv Bussart, all state Class A forward from Wamego, and George Mann, tiny guard from Canton, Ohio, rallied in the final ten minutes to defeat Hays 48 to 40.

Scoring leaders for the Wildcats in the Hays game were Bussart and Krone with nine each, Mann with eight. Bob Blazer, Hays forward, and Herb Settles, Hays guard, took highest honors with 11 points each.

In the second game of the double-header, an early lead by Washburn was overcome and the K-Staters went on to win easily 47 to 27. Starting Kansas State five was Hal Howey, Kansas City, Mo., and Rick Harman, Hoisington all state Class A star, forwards; Jerry Patrick, San Diego, center; Jack Dean, Harveyville, and Ki Thomas, Kansas City, Kan., guards.

Dean, game captain and a deadly long-range shot, hit six field baskets for the scoring honors. Howey had nine points.

Over the weekend, the Wildcat cagers moved to Iowa for a two-game series with Drake at Des Moines and Iowa U. at Iowa City. It took the Cats two overtime periods to whip the favored Drake Bulldogs 46 to 43. Again, it was Guard Jack Dean who led the scoring with 12 points and flipped in 3 points during the overtime to cinch the victory.

Iowa has not lost a home game in 22 contests to non-conference foes, but K-State threatened to end that record Saturday. At the end of first ten minutes the Wildcats led the Iowans 13 to 7, controlled the rebounds and showed superior floor play. However, the nationally-famous Iowa team recovered to lead 26 to 21 at halftime.

A 16-point attack by Center Noble Jorgensen of Iowa, plus steady help by his teammates in the second half enabled the Hawkeyes to pull the game free of the Wildcat grasp, 54 to 41. Dean shared K-State scoring honors with Center Jerry Patrick. Each had seven points.

College paper grows up to interest old students

There's no doubting that today's college student is more mature than his pre-war brother if you read the Kansas State Collegian, student newspaper at Kansas State College.

The student paper this week began publishing a column of recipe and household hints—for wives of student veterans. The column is written by Mary Jane Marts, journalism junior from Hutchinson.

Contribute to Residence Hall

The alumni office has received a check from Dr. and Mrs. Louis H. Smith, Chanute, in the amount of \$50 to be placed in the fund for a women's residence hall at the College. Dr. Smith was graduated at KSC with a doctor of veterinary medicine degree. Mrs. Smith, the former Bernice Winkler, was graduated in home economics.

BACHMAN QUITS AT MICHIGAN STATE; INDUSTRIALIST CHECKS HIS RECORD

Charles Bachman, former Kansas State head football coach during the '20's, has resigned as head coach at Michigan State after serving the Spartan school 13 years. This season, Bachman's Michigan State squad had a record of five victories and five defeats, but was the target for much alumni and student body criticism which said the team did not live up to pre-season expectations.

While Bachman was at Kansas State during an eight-year period, 1920 to 1927, his Wildcat teams won 33 games, lost 23 and tied nine. Kansas State scored 756 points to its opponents 572.

Bachman announced his resignation at a football party given members of the Michigan State squad. "I don't think I can do the job as well as someone else so I am not going to be back coaching at Michigan State college next fall," he said.

While checking Bachman's record at Kansas State, THE INDUSTRIALIST thought it also interesting to check on records of all Kansas State coaches. Listed below is the all-time football record at Kansas State.

Year	Coach	W.	L.	T.
'96	Pratt	0	1	1
'97	Ehrsam	1	3	2
'98	Williamson	1	1	2
'99	Hanson	2	3	0
'00	Moulton	2	4	0
'01	Moore	2	4	1
'02-'03	Dietz	5	9	1
'04	Booth	1	5	0
'05-'10	Ahearn	38	12	0
'11-'14	Lowman	16	15	3
'15-'16	Bender	9	5	2

West Will Be Soloist

J. Forrest West, chairman of the voice faculty at Kansas State College, was baritone soloist in the annual presentation of Handel's "Messiah" by the Webster County Choral Union at Fort Dodge, Iowa, last Sunday. Professor West also conducted the "Hallelujah Chorus" from the "Messiah."

KANSAS MAGAZINE WILL GIVE RECOGNITION TO CURRY'S WORK

Eight paintings by "Kansas' Homer" will be reproduced

Eight reproductions of paintings by John Steuart Curry, Kansas artist, will be included in the art section of The 1947 Kansas Magazine as a memorial to the artist who died early last fall. John F. Helm, Jr., professor of freehand drawing and painting and art editor of the magazine, has obtained permission of the owners to reproduce the paintings in black and white.

The Kansas Magazine is published annually by the Kansas State College Press and will be ready for distribution this month, according to the editor, Robert W. Conover, professor of English at the College. It consists of prose, verse and art by and about Kansans.

Professor Helm has obtained photographs of Curry paintings from Associated American Artists and various museums. Kansas State owns one Curry painting, "Sun Dogs," regarded as one of his best. It was the first bought from Curry for a public collection in Kansas.

Maynard Walker of New York, Curry's agent and an early champion of his work, has contributed an appreciation of the artist to the prose section of the magazine. It was through the intelligence and perception of John F. Helm, Jr., according to Walker, that Curry was first given public recognition in Kansas.

Curry died early last fall. When he had his first one-man show in New York 16 years ago, a New York Times art critic praised him and called him Kansas' Homer. Kansas, however, was slow to appreciate its Homer. A small group of believers in Curry and his art worked hard to get him the recognition he deserved.

PETER DRUCKER TO SPEAK AT ALL-COLLEGE ASSEMBLY

"End of Economic Man" is topic of well-known writer

Peter F. Drucker, eminent economist and international political writer, will speak at an all-College assembly at Kansas State College January 14. Mr. Drucker's talk, "The End of Economic Man," will be sponsored by the Institute of Citizenship at the College.

Drucker, professor of political economy at Bennington College, Bennington, Vt., is the author of several books and a regular contributor to the Saturday Evening Post, Harper's Magazine and Reader's Digest. The Reader's Digest has recently published his studies of Russian economics, "Stalin Pays Them What They Are Worth," and "Russia is in a Tight Spot."

Dan Gordon, f. s. '26, is working for Parade magazine as food editor in New York City.

Veterans Hire Name Band

Joe Sanders and his thirteen-piece band will furnish music for a dance sponsored by the Veterans Association in Nichols Gymnasium December 13. Sanders is the first in a series of name bands the Association plans to bring to the campus during the year.

EISENHOWER TO ATTEND CHICAGO MEETING BEFORE RETURNING HOME

President Milton S. Eisenhower of Kansas State College will preside over a meeting of the executive committee of the Association of Land Grant Colleges in Chicago December 13 through 15.

Also attending the meeting from Kansas State December 15-18 will be R. I. Thackrey, dean of administration; Dean R. I. Throckmorton of the School of Agriculture; Dean R. A. Seaton of the School of Engineering; Dean Margaret Justin of the School of Home Economics; Dean Harold Howe of the Graduate School; and Dean H. Umberger of the Extension Service.

L. E. Call, dean emeritus of the School of Agriculture, who has been on an agricultural mission to the Philippine Islands, is now in the U. S. and is expected to attend the meeting.

President Eisenhower will stop at Chicago en route home from the UNESCO conference in Paris.

KSC Basketball Schedule

Varsity basketball schedule—1946-47:

- Dec.
2—Washburn U. 27, KSC 47
2—Fort Hays State 40, KSC 48
6—Drake University 43, KSC 46
7—Iowa University 54, KSC 41
12—Big Six Tournament, Kansas City
13—Big Six Tournament, Kansas City
14—Big Six Tournament, Kansas City
19—Drake University, Manhattan
26—Wichita University, Wichita
28—Montana State, Manhattan
30—Washburn University, Topeka
Jan.
4—Nebraska University, Manhattan
10—Iowa State College, Ames
14—Missouri University, Manhattan
18—Oklahoma U., Manhattan
20—Rockhurst College, Manhattan
28—Kansas University, Lawrence
Feb.
3—Iowa State College, Manhattan
7—Missouri University, Columbia
14—Oklahoma University, Norman
20—Kansas University, Manhattan
24—Wichita University, Manhattan
27—Nebraska University, Lincoln
March
1—Bradley University, Peoria, Ill.

Holton Attends Conference

Dr. E. L. Holton, of the Department of Education and Psychology, attended a conference of educators in Cleveland last week. Dr. Holton was the Kansas delegate at the conference.

SPIRIT OF STUDENTS IS DIFFERENT THIS YEAR EISENHOWER OBSERVES

(Continued from page one)

Military Science Building. A temporary frame annex, made from four Army hospital buildings, will furnish 45 more badly-needed beds to the Student Health Service. Still more converted Army buildings will give offices to about 125 faculty members. We are so crowded now that more than 100 faculty members don't have offices.

Increased enrollments are having their effect on basketball attendance, too. Students can attend only every other home game this season. This attending games on the installment plan will probably have to continue until we get our new Field House.

REQUESTS TO LEGISLATURE

Within two years we hope to have made great progress with the building program that the war interrupted. The Student Union, the Field House and Gymnasium, additional residence halls—these and other buildings should be under construction within the rather near future. We are asking the state legislature for other desperately needed buildings, among them a classroom building, a wing to connect East and West Waters Hall, a student hospital.

A PREWAR ATMOSPHERE

Campus life is taking on some of its prewar atmosphere. Since the start of fall semester, students have been getting their streamlined Collegian twice a week instead of once a week. Students in the School of Agriculture have revived the Kansas Agricultural Student; the October issue, the first since 1943, had a circulation of about 1,500 copies. The engineers, too, are again publishing the Kansas State Engineer. Homecoming on November 16 was the largest since before the war. Fraternities, sororities and independents again decorated their houses and took part in a parade, the first since before the war. Delta Tau Delta fraternity won top honors for its decoration. Phyllis Lou Johnson of Salina, a freshman, was Homecoming Queen.

The whole spirit of our students this fall is different from what it has been at some periods in the past. Today they are showing an awareness of events and issues beyond the classroom or campus. Their interest is keen and active. Young Democrats and Young Republicans have both organized clubs on the campus. Students sponsored a pre-election debate between gubernatorial candidates Harry H. Woodring and Frank Carlson in the auditorium. Political writers throughout the state called the debate the highlight of the campaign. Students formed new campus political parties for their class elections, the liveliest in years.

A HOPEFUL YEAR

The return to peace has changed Kansas State College, just as it has changed the men and women who are its students. The past year has brought the College a multitude of problems—tremendously increased enrollments, shortages of teaching personnel and classroom space, class days that must run from 7 a. m. until 10 p. m., lack of adequate housing, to mention a few. But it has been a hopeful year. Revised curriculums to provide a well-rounded education for democratic citizens in a topsy-turvy world are proving their value, and we intend to keep on improving the quality of the educational program at Kansas State. Despite all our troubles, we look confidently to the future.

As I write this letter I am on my way back to Manhattan from Paris where I have been attending the first meeting of the United Nations Educational, Scientific and Cultural Organization. As you may know, I was one of the United States representatives to the UNESCO conference. There is much about the conference that I'm sure will interest you; I'll try to tell about it in another letter.

Right now I am looking forward to being back at Kansas State College for Christmas. I join all of your old friends at K-State in wishing you a very Merry Christmas and a Happy New Year.

Sincerely,

Milton S. Eisenhower

Milton S. Eisenhower
President

Here is an airview of the million-dollar FPHA project at Kansas State built to house married veteran students. The 30 buildings on the athletic field in the foreground are nearing completion. Those on the Eliot tract across the road have an estimated completion date of March 10, 1947. When completed the project will add 308 units to ease the housing shortage at Manhattan. The power plant smokestack is in the lower right corner of this picture which was taken with the camera pointed to the northwest.

THE KANSAS INDUSTRIALIST

Volume 73

Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, December 19, 1946

Number 11

College Asks for Four New Residence Halls

THACKREY ACCEPTS IMPORTANT POSITION IN WASHINGTON, D. C.

Will be executive secretary for land grant colleges

The announcement of Russell I. Thackrey's appointment as executive secretary and Washington representative of the Association of Land-Grant Colleges and Universities was made during the annual meeting of the Association in Chicago. Thackrey has served as Dean of Administration and Director of the Summer School at Kansas State College since his release from active duty in the Navy in the fall of 1944. Prior to that time, he was head of the Department of Industrial Journalism and Printing at the College.

NEW DUTIES BEGIN JANUARY 1

His new duties, which he will enter on January 1, will involve keeping closely in contact with the various public and private groups and agencies in Washington whose work is closely interrelated with that of the Land-Grant institutions of higher education in the United States and its territories.

Thackrey also will serve as secretary and treasurer of the Land-Grant Association, which includes at least one college or university in each state and territory.

Last summer Thackrey's appointment as Dean of the School of Journalism at the University of Oregon, to take effect July 1, 1947, was announced by the University of Oregon. He subsequently resigned from this appointment to accept the Land-Grant College position.

In addition to his general administrative and summer school duties, Thackrey has served since last spring as Coordinator of Veterans Affairs for the College, and has for the past two years been chairman of the Committee on Educational Adjustments and a member of various other College committees.

A K-STATE GRADUATE

A native of Kansas City, Kan., he was educated there and at Kansas State College, one of the early Land-Grant institutions of the country, receiving a bachelor's degree in journalism and a master's degree in English from Kansas State. After working on various newspapers, Thackrey returned to Kansas State in 1928 and was a member of the journalism and news bureau staffs there until 1935, when he resigned to join the staff of the Associated Press in Kansas City and later in Jefferson City, Mo.

From 1937 to 1940 he was a member of the faculty of the School of Journalism at the University of Minnesota, and in 1940 returned to Kansas State as professor and head of the Department of Industrial Journalism and Printing. He also resumed the editorship of The Kansas Magazine, a periodical originally founded in 1872 and later the subject of various revivals, the current one continuing one dating from 1932.

In the spring of 1943 he went on active duty as a Lieutenant in the U. S. Naval Reserve, with service at the U. S. Naval Air Station, Quonset Point, R. I., as a writer with the Aviation Training Division, Office of the Deputy Chief of Naval Operations for Air, Washington, D. C., and on an aircraft carrier in the Pacific combat zone.

Descendants of Samuel I. Thackrey, grandfather of R. I. Thackrey, have been connected with Kansas State College almost continuously for more than 65 years. A nephew of Dean Thackrey, Ted Thackrey, is a sophomore in industrial journalism at the College, and a cousin, Miss Vida Har-

To New Job

R. I. THACKREY

INFLUENZA SHOTS ARE TAKEN BY 1,800 COLLEGE STUDENTS

College offers serum cheaply; hopes to prevent epidemic

Taking no chances on a flu epidemic, approximately 1,800 College students have taken influenza shots offered by the College, Dr. Robert Snook, director of the Student Health Service, said.

To forestall an epidemic under present crowded conditions, the Student Health Service obtained the serum in October. The shots are offered at the cost price of 35 cents. They give about 12 months' protection under ordinary circumstances and four months' protection during epidemics.

Name Graduation Speaker

Dr. Herold C. Hunt, superintendent of the Kansas City, Mo., public schools, will be speaker at mid-year commencement exercises at the College on February 4, R. I. Thackrey, dean of administration, announced.

K-STATE IS 'SURPRISE' TEAM IN BIG SIX MEET; WINS THIRD

Jack Gardner's basketball team upset Oklahoma, Arkansas in tourney

Kansas State athletic stock and school spirit in general took an astronomical climb last weekend when Coach Jack Gardner's Wildcat basketball team copped third place in the Big Six tournament in Kansas City, Mo. The K-State basketball team beat two tournament favorites, Oklahoma and Arkansas, and lost only to Southern Methodist University, winner of the three-day meet.

K. U.'s Jayhawkers placed second, losing to SMU in finals, 49-46.

The tournament, played in Municipal Auditorium in Kansas City, featured each of the Big Six teams plus Southern Methodist and Arkansas. Each team played three times.

MAY BE POWERFUL

First indication that Mr. Gardner might have a cage power at Kansas State came Thursday afternoon when the Wildcats scored the biggest upset of the tourney by beating favored Oklahoma 59 to 55. The Sooners, (Continued on last page)

PRESIDENT WILL REQUEST A ONE MILLION DOLLAR BUILDING FUND FROM 1947 STATE LEGISLATURE

Eisenhower also will seek amendment which would permit school to borrow for building residence halls

One million dollars will be requested from the 1947 state legislature by the College for a residence hall for 210 women and another for 250 men, according to President Eisenhower in his biennial report.

The College also is asking the legislature to amend Chapter 364, Session Laws, 1941, so the school can borrow funds to build another two residence halls on a self-liquidating basis. Amendment of the act is necessary to enable the College to make more progress on permanent housing than the present law will allow, President Eisenhower said in his request.

KANSAS TO HEAR FACULTY MEN DISCUSS ATOMIC ENERGY

A. B. Cardwell, Carl Tjerandsen will appear at public meetings

A series of joint discussions on atomic energy will be presented at public meetings throughout the state by two College faculty members. They are Dr. A. B. Cardwell, head of the College physics department and former atomic bomb scientist, and Carl Tjerandsen, associate director of the Institute of Citizenship.

Dr. Cardwell, who worked on the atomic bomb project at Oak Ridge, Tenn., for more than two years, will discuss the technical aspects and practical uses of atomic energy. Tjerandsen, who participated at the Second Conference on atomic energy at Estes Park, Colo., in June, will discuss the political implications.

These atomic energy presentations will be a part of the District Farm and Home Week programs.

Of the requested appropriation, \$580,000, would be used to construct a stone residence hall for 210 women adjacent to Van Zile hall, present women's dormitory. The remaining \$420,000 would be used to build a residence hall for 250 men students on a tract of land recently donated to the state by the Kansas State College Endowment Association. Funds for the purchase of the land were contributed by business and professional people of Manhattan.

If the legislature amends the law as requested, the College would be authorized to borrow an additional million dollars for another two residence halls. These would be similar to the two residence halls to be built from state appropriations. Net revenue from all College-operated permanent housing would be sufficient to pay off the million dollar net in twenty years.

DESIRE BEST FOR WOMEN

The College now has permanent housing for 134 of its 1,500 women. The Endowment Association has provided an additional building for 75 women. So great is the demand for these halls that last April the College had nearly twice as many applications and cash deposits for rooms than it could accommodate the following September, President Eisenhower said in the report.

"Several hundred parents were unwilling to send their daughters to college if they could not have the benefits of good meals, healthful, attractive surroundings and supervision which are normally provided in a dormitory," he said. "Kansas State College should have at least four residence halls to house a minimum of 600 women students."

The only permanent housing now provided for men is under the stadium where dormitories have been built for 200 men. A permanent housing program for 1,000 to 1,500 men is urgently needed, according to President Eisenhower.

Enrollment of men is now more than 5,000 and seems likely to increase rather than decrease, the president pointed out. Even if it should drop as low as 3,500, residence halls for 1,500 men would still be needed, he added.

THOMAS COUNTY GIVES \$300 TO MEMORIAL CHAPEL FUND

E. H. Coles of Colby heads county committee; 10 contribute

Contributions from Thomas county for the proposed World War II memorial chapel and chime tower at Kansas State College this week totaled approximately \$300, according to E. H. Coles of Colby, county chairman.

Contributors to the fund include John Pratt, Colby; Harry Eicher, Brewster; Kenneth Eicher, Brewster; V. A. Kear, Colby; William Ljungdahl, Menlo; E. O. Graper, Colby; T. Henry Gile, Colby; Mrs. Mildred Warner, Colby; Lois Crumley, Colby; and J. Dean Lerew, Colby.

The chapel will honor approximately 5,000 K-Staters who served in World War II.

They "Surprised" the Experts

Kansas State's basketball team, "surprise" of the Big Six tournament in Kansas City last weekend, is shown above with Coach Jack Gardner. The Wildcats, given no hope for victory in the topflight tourney, defeated the two favorites, Oklahoma U. and Arkansas U. and finished third. Left to right, kneeling, are Jack Dean, guard from Harveyville; Hal Howey, forward from Kansas City, Mo.; Coach Jack Gardner. Standing, Ki Thomas, guard from Kansas City, Mo.; Clarence Brannum, center-guard from Winfield; Rick Harman, forward from Hoisington.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. LASHBROOK, Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris, Assistant Editors
KENNETH FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

THURSDAY, DECEMBER 19, 1946

BOOKS

Ranking the States

"Education: America's Magic". By R. M. Hughes and W. H. Lancelot. Iowa State College Press. Ames. 1946. \$2.50

In their enthusiasm for education, an astonishing number of Americans wish to know the relative standings of various educational institutions. They wish to know how this law school, or medical school, or state university or fresh water college "ranks". It is easy to rank these institutions on the basis of student enrollment, square feet of floor space or size of endowment but these criteria have little consistent relation to quality and effectiveness. The same difficulty appears if one attempts to rank the 48 states educationally. Nevertheless Messrs. Hughes and Lancelot have made the attempt.

They do a workmanlike job. They use a series of objective criteria which if not completely valid are certainly informative and which, the authors say, "seem to rank high as to both validity and significance." The criteria include educational accomplishment—the average educational achievement as indicated by completion of the eighth grade, high school enrollment, high school graduation, college enrollment, college graduation; ability to support education—state income per child of school age; accomplishment in relation to ability; degree of effort—the percentage of income devoted to education; efficiency of educational effort; and educational level of the adult population. Each state is ranked on each criterion and also on all criteria in combination to determine "over-all performance."

The method produces some interesting, not to say astonishing, results. The highly industrialized states usually rank below the agricultural states. States west of the Mississippi rank well above those east of the river. New states make a decidedly better showing than old ones. The first ten states in "over-all performance" are, in descending order, Utah, Kansas, Oregon, Nebraska, Iowa, Washington, California, Idaho, New Hampshire and Colorado.

"Kansas," the authors say, "with an income of only \$1815 per child, ranks 28 in ability (to support education) but much higher on every other criterion . . . The above record is due largely to the high rank of the state in effort, 7, and in efficiency, 5 . . . On the whole, Kansas has a remarkably fine record in education." As Vachel Lindsay used to say, "Ho for Kansas!"

Each of the states is discussed sufficiently to show why it is ranked as it is. The authors are at pains to be fair but they do not pull their punches. They are considerate of the economically poor states that try hard to provide adequate educational support and of the states having the expensive dual system for whites and for negroes. But they are not gentle with wealthy states which rank near the bottom. Of Delaware, with an income of \$3680 per child, they say, "No other state with means so abundant does so little for education."

Half the book is devoted to the ranking of the states. The other half contains informative chapters on such subjects as progress through education, the educational implications of interstate migration, education for negroes, Federal responsibility, who should be educated, the education of thinkers, education for women and

the kind of education needed. The entire book should interest, inform and stimulate any citizen who is interested in our country's future well-being.—F. D. Farrell.

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Requests were made in the President's report for a new physical science hall, an agricultural engineering hall, two home economics practice houses and three sections of a plant. Need for the physical science building was the most urgent, according to the report story.

The 1937 Kansas Magazine was off the press. Charles E. Rogers was editor and Helen P. Hostetter associate editor. John F. Helm, Jr., was art editor.

The radio broadcasts from the three-day mock legislative assembly at Topeka, attended by nine K-State students, were made by two radio students from the College. They were Karl Schroeder, Hillsboro, and Edward DeClerck, Carmen, Okla.

An oil portrait of Dr. J. E. Kammer, late head of the economics and sociology department, was unveiled at a luncheon meeting of Kansas instructors in economics and business.

TWENTY YEARS AGO

Leslie, "Red," Moody of Junction City was elected captain of the cross country team for 1927. Other members of the "four horsemen" who were champion of the valley three times were Salle, Kimport, McGrath and Axtell.

Thirteen student delegates attended the National Student conference of the YMCA and the YWCA at Milwaukee, Wis.

Nine graduate students were candidates for master of science degrees at the end of the first semester. They were Ada Billings, Manhattan; Kenneth Bowman, Manhattan; D. N. Donaldson, Manhattan; W. C. Farner, Gilmanton, Wis.; D. D. Hill, Corvallis, Ore.; C. H. Kitselman, Manhattan; George Montgomery, Sabetha; G. F. Otto, and H. H. Schwardt, Manhattan.

THIRTY YEARS AGO

Students in shop courses were making small four cycle gas engines. Each student could buy his for farm use if he desired. They weighed 225 pounds and had two horsepower.

H. W. Davis in his "Sunflowers"

column estimated that 57,000,000 guest towels would change hands at Christmas.

Juanita Reynolds, Florence Hazel Smith and Glenn Frederick Wallace were elected to Phi Kappa Phi.

FORTY YEARS AGO

All three Manhattan papers and the Kansas Farmer magazine carried accounts of the annual "Farmers' Institute" held at the College.

The new Horticultural Hall was nearly completed and although painting and plastering was not finished, classes were being held.

FIFTY YEARS AGO

Student editors of the Industrialist for the second term were Wilhelmine Spohr, R. W. Bishoff and O. E. Noble.

The analyses being done by the agricultural experiment station on commercial fertilizer was saving farmers money from fraudulent productions.

SIXTY YEARS AGO

Five thousand copies of the 1885-86 catalog were distributed.

A New York Tribune editor referred to the Kansas State Agricultural College as "that admirable agricultural school," according to an Industrialist item.

The animal husbandry department recommended that farmers warm drinking water for cows.

Hoisington, the "Centrifugal, Centripetal Centric of Barton county," was the announcement of a new town in Kansas.

SEVENTY YEARS AGO

"The ice on the Blue river is five inches thick in some places," says the Industrialist. "According to the testimony of certain students who sat down on it suddenly, it is solid clear through."

A campaign was being carried on at the College to encourage students to sign the temperance pledge.

Miss Barfoot Leaves

Miss Dorothy Barfoot, Head of the Department of Art, left December 4 for the West Coast. She will sail from San Francisco on December 21 aboard the S. S. Marine Falcon, bound for Hong Kong and Bombay, with Agra, India as destination. She will teach art in the Methodist School for Girls, where Miss Catherine Justin is Principal. She will also study Indian arts and crafts. She will return to Manhattan next September.

LOOKING AROUND

KENNEY L. FORD

The Pittsburgh, Pa., chapter of the Kansas State Alumni Association held its annual picnic at the Westinghouse tennis courts September 15 with 37 persons present. Elizabeth C. Myers, secretary of the group, reported: "We had grand food and much good conversation." Attending were Paul Ayers, '28, and Marguerite (Stingley) Ayers, f. s. and children; N. G. Chilcott, '25, and Mrs. Chilcott and child; G. M. Crawford, '25, and Mrs. Crawford; Walter D. Hemker, '25, and Mrs. Hemker and children; H. A. Heimerich, '40, and Mrs. Heimerich and child; Charles H. Mehaffey, '29 and '33, and Mildred (James) Mehaffey, f. s., and son; Joseph Donald Musil, '41; Mrs. E. H. Myers; William A. Nelson, '29, and Margaret (Adams) Nelson, '27, and children; Kenneth O. Peters, '31, and Ethel (Oatman) Peters, '29; B. A. Rose, '26, and Mrs. Rose; John Stude, '45; and Mrs. Stude; Madge (Austin) Tubbs, '19; T. L. Weybrew, '24, and Mrs. Weybrew and daughter; James York, '36.

On October 25 these Kansas State alumni had dinner together at Billy Rose's Diamond Horseshoe in New York City: Wayne Frey, '28, and Frances (Webb) Frey, '29 of Douglas, Ga.; Marshall B. Ross, '29, and Virginia (Currier) Ross, f. s. '27, Norwalk, Conn.; Edwin A. Vaupel, '28, and Bernice (Read) Vaupel, f. s., '31, Chatham, N. J.

The memorial chapel campaign was discussed at a dinner meeting of K-State alumni, former students and friends on November 1 at Wichita. Attending were Neva (Colville) McDonnell, '13 and '26; J. F. Shafer, '13; Ruth (Gilbert) Burns, '14; Alma

(Halbower) Giles, '14; A. F. Kiser, '14, and Ethel (Newkirk) Kiser, '15; Raymond V. Adams, '16; Hazel (Russell) Zimmerman, '17; Alice (Dawson) Allan, '18; Fred Carp, '18 and Mrs. Carp; Harriet P. Morris, '18; Theodore L. Shuart, '18; Helen (Hunter) Shuart, '18; Hattie Gesner, '19; L. E. Eberwein, '21; Guy M. Shelley, '21; H. Leigh Baker, '22; H. Otis Garth, '23, and Mrs. Garth; Shirley N. Rogers, '23 and Mrs. Rogers; Clarence J. Lydick, '24; Marie Shields, '28; Joe Anderson, '29; and Cleo (Teter) Anderson, '30; D. Paul Hutchinson, '29; and Katherine (Fullenwider) Hutchinson, '31; Miles George, '31 and Lois (Windiate) George, '33; Harvey E. Hoch, '31; R. S. Delamater, '32; R. E. James, '32, and Mrs. James; Marcine Campbell, '33; James D. Corrigan, '33; Delbert J. Costa, '34; Neil McCormick, '35; Kenneth Thompson, '35; James B. Edwards, '36, and Mrs. Edwards; Maurice Coulson, '38, and Dorothy (Uhl) Coulson, '40; Helen (Dunbar) Frieze, '38; Dorothy G. Blaesi, '39; Helen Martin Hartman, '39; Stanley Miner, '39; Mary Isabel (Smith) Miner, '39; Esther (Miller) Seifert, '39; Don Forbes, '40; and Mrs. Forbes; Ilene (Davis) Hansen, '40; and Donald Hansen; S. H. Womer, '40, and Mrs. Womer; Hazel (Marlow) Van Derbur, '41; David F. Crews, '42, and Helen (Macredie) Crews, '45; R. B. Coffman, '43, and Mrs. Coffman; Paul Wallingford, '39, and Margaret (Wilson) Wallingford, f. s.; Irwin S. Hall, '44; Marjorie Ross, '45; Wilbur W. Hart, '46; Mr. and Mrs. Bean; Kenneth G. Eastman, f. s.; Mrs. C. N. Houghton, f. s.; Edna Marie Smith, '41; Esther (Beachel) Dominick, '38; Kenney Ford, '24; Evan Griffith, '22.

AG ACHIEVEMENT AWARD GIVEN TO FORMER COUNTY FARM AGENT

Herbert W. Clutter, Ag. '33, was honored recently with a breakfast in a Garden City hotel where he received the W. G. Skelly agricultural achievement award.

Mr. Clutter is the first Western Kansan chosen by the award committee in some time. He lives eight miles west of Garden City on a farm two miles from Holcomb.

The chief interest in his farm success has been due to his proving that Kansas State College theory can also be made practical. He went to Garden City as county agent employed by the Finney County Farm Bureau but resigned six years ago to practice what he had preached. He farms 13,980 acres, also feeds 900 steers.

The Skelly award committee voted him the award for outstanding success in both crop and livestock development while being one of the state's leading exponents of soil conservation and taking part in many community activities.

Mr. and Mrs. Clutter have four children.

NEW YELLOW CORN HYBRIDS ARE PROMISING PORTER SAYS

Small quantity of seed will be available this year

Two new yellow corn experimental hybrids are showing promising results, according to C. R. Porter, associate agronomist in the experiment station.

As both hybrids will require at least another year's testing, neither has been recommended for general production, Porter said. A small quantity of these hybrids is being promised by the Kansas Hybrids Association this year. The amount available is not more than one bushel of each kind to a farmer. "This will give more widespread information about these hybrids before making general recommendations," Porter said.

Both hybrids—Kansas 1639 and Kansas 1784—may be obtained in limited quantities from the Kansas Hybrid Association, Manhattan. Both have about the same maturity as U. S. 13.

COLLEGE VETERANS SERVICE PROGRAM IS COMPLIMENTED

K-State program mentioned extensively in booklet

Kansas State College is mentioned extensively in "The GI's and the College," a 60-page public service booklet published by the Crowell-Collier Publishing Company.

The College is cited for its summer school program, which enabled veterans to get a maximum of education in a minimum of time; its one and two-year courses in phases of engineering and agriculture; and its progressive counseling service for veterans.

The College's opinion of future educational trends was published as summarizing that of many educators. Enrollment in the future, College officials believe, will hold at about 50 percent above prewar levels. Reasons include the GI Bill, long-time trend towards larger college enrollments, stimulation of this trend by the war, higher wartime birthrate and increasing stress in making higher education available to those with limited funds.

Uncashed \$1,000 check a joke, bank officials say

The 53-year-old uncashed \$1,000 check found recently in the engineering reading room and payable to the late George E. Bray, industrial engineer, was probably a classroom practice project, according to bank officials.

The check was drawn on the First National Bank of Minneapolis, Minn., and signed by H. C. Cutler. Officials of the bank said that no H. C. Cutler had an account with the bank in 1893, when the check was written.

W. T. Coe, a Minneapolis lawyer and friend of both Bray and Cutler, thinks the check must have been a joke, since the two men were working their way through the University of Minnesota at the time. Both were engineering students, according to Coe, and Cutler was a famous Minnesota fullback.

Dost thou love life? Then do not squander time, for that is the stuff life is made of.

—Benjamin Franklin.

KANSAS POETRY

Robert Conover, Editor

The Christmas Star

If all the weary world could see the Star
Of David's Son
The brotherhood of men would not be far
From being won.
Has man forgotten what the Star has meant
Throughout the years
So that the tinsel trappings represent
Our hallowed tears?
The seeking heart of earth is waiting for
A sweet release,
As prophet bards foretold the Counselor
Would bring us peace.
O we must find around the world the way
To worship Him in Christmas love today.

—Hazel C. Bruner
Burns, Kansas

First Place "Christmas Star" Contest in Hearthsongs.

Sunflowers

By H. W. Davis

ONLY A SUGGESTION

The dangerous thing about the coal strike, and other strikes, and the National Association of Manufacturers, and the American Legion, and all the organizations of any kind in America is the tendency to turn the thinking and order-giving over to one, or just a few, individuals.

The Constitution of America, as Thomas Jefferson got it together and phrased it, did not foresee that kind of United States. He and his fellow workers foresaw an America with every voter educated and fully enough informed to make his own decisions and his own moves.

Mr. Jefferson did not foresee an industrialized America with class consciousness running rampant. He foresaw—at least he hoped for—an average John Citizen willing and able to examine any public situation whatsoever, judge its merits and demerits according to his individual lights, and then vote, strike, resign, rebel, or what not, as his conscience and his judgment might dictate.

The recent miners' strike—or so the vast majority of Americans believe—was not an action of the miners. It was merely a passive reaction to an order by Mr. Lewis. Such a social phenomenon does not indicate a healthy America—one man controlling 400,000 other Americans by telegram.

Undoubtedly we are wrong in considering Mr. Lewis and the miners the sole example of such practice. They merely constitute the most recent, most flagrant example. Their strike is still much in mind—much out from under-cover.

That makes for a turn in our thinking. The coal strike suddenly becomes the least dangerous instance of them all—all the instances in which leaders, whether they be labor-leaders, school superintendents, presidents of banks or manufacturing plants or high moguls in lodges or mob gangs.

Unless we the individual people of these United States do something about our right to decide with our own brains what to do, regardless of all memberships, affiliations, and group or mass trends, we had better re-write the Constitution or quit calling ourselves a Jeffersonian democracy. It isn't fair to the memory of Tom.

ENGLISH COMMISSION WILL STUDY POULTRY PROBLEMS

Four K-State visitors sent by Ministry of Agriculture

A special commission of four Englishmen visited the College recently to study poultry problems and obtain information for the British Ministry of Agriculture.

Two scientists and two practical poultry raisers make up the group. They are R. Coles, poultry adviser for the British Ministry of Agriculture; Dr. R. F. Gordon, senior research officer for the veterinary laboratory at Weybridge; and J. Sutton and G. Sykes, practical poultry farmers.

They will study poultry research progress at the College as they will at various other experiment stations throughout the United States.

Those who in quarrels interpose
Must often wipe a bloody nose.

—John Gay.

AMONG THE ALUMNI

Ada Rice, '95, writes from 247 Third Ave. N., St. Petersburg, 4, Fla.: "I am getting messages from friends all over the United States who read the *INDUSTRIALIST*. I am finding Florida more colorful than I even dreamed—huge poinsettias in full bloom with blue flowering vines towering to tree tops, hibiscus red, pink and yellow—a banana tree, a monkey tree and most interesting of all a travelers' palm tree standing flat against the white facade of the apartment house—all in our own garden give us a scene like a setting for a play, only more classy than stage equipment. With the bay within three blocks from our house the set-up is truly perfect for a lazy vacation."

Harvey McCaslin, '01, and Edith (Clemmons) McCaslin, f. s., are still living at Osborne where Mr. McCaslin is an attorney and stockman. Mr. and Mrs. McCaslin have three children who are graduates of KSC.

A letter from Victor L. Cory, '04, who is field botanist with the Texas Research Foundation, Southern Methodist University, Dallas: "The last issue stated Hiram R. Reed, '07, was engaged in farming near Sonora, Texas. I wrote to him for an explanation. He said he had never told anyone he was farming there. Since his retirement from the USDA he has resided at Sonora and collects plant material for various investigators who desire that service. This summer on a vacation trip to the Northwest opportunity was taken for visiting my classmate, E. C. Gardner, '04, and his pear orchard in the Rogue river valley of Oregon. We stopped also at Bozeman, Mont., for a visit with Dr. E. A. Tunnick, '21 and MS '23, and Gertrude (Cates) Tunnick, f. s. In September, 1945, I spent an evening talking over old times with Mrs. Augusta (Griffing) Harlan, '04. My classmates, T. W. and Marian (Allen) Buell, '04, live only 50 miles away so I see them occasionally."

Leo S. Price, ME '11, is a fuel and lubricant engineer with Standard of California. His home is at San Jose.

Charles L. Skelley, Ag. '17, is manager and editor of the Macmillan Company technical book department. His address is 60 Fifth Avenue, New York.

Arthur E. Bate, D. V. M. '19, and Mrs. Bate are living at 2885 Clermont, Denver, Colo. Dr. Bate is with the Colorado Serum Company, 4950 York Street.

Ruth Stephens Goodrum, HE '20, is with the Percy A. Brown Company at Wilkes-Barre, Pa. She is doing frozen food work.

A note from Abbie (Dennen) Rinehart, HE '21. "Since I'll be in Colorado Springs for an indefinite stay (due to housing shortage in St. Louis) would you please send my *INDUSTRIALIST* out here until further notice." Her address is 2921 W. Colorado Ave.

Gerda (Olson) Matson, HE '21, writes from 600 North Third Street, Clear Lake, Ia.: "My family consists of my husband, T. F. Matson, a civil engineer, and a daughter, Martha Ann, who is 11 years old. As with families of other engineers we move about a good bit. We have returned to Iowa from the atomic project at Richland, Wash."

Wilbur S. (Micky) Magill, ME '23, is now on leave of absence from his post as division chief in charge of factory engineering for Western Electric Company, Kearny, N. J., to permit him to work with the civil affairs division of the War Department in Japan. Mr. Magill was recently requested by the War Department to serve as wire equipment supervisor, manufacturing branch of its industry telephone and telegraph division. The division has been assigned the task of supervising and rehabilitating occupied Japan's communication system. Mr. Magill will have charge of placing the country's wire and cable manufacturing units back on a production basis.

Glenn O. Hoffhines, GS '24, and Mrs. Hoffhines and children, Sally, 15, and Bill, 10, are living at 178 Francis Drive., Battle Creek, Mich. Mr. Hoffhines is senior vice-president of the Michigan National bank.

Wilbur H. Hanson, GS '25 and MS '31, is chief chemist in charge of laboratories of the Henkel Flour

Mills at Detroit, Mich. Mr. and Mrs. Hanson and children, Mary Ann and James Wilbur, live at 76 West Nevada.

Thomas C. Faris, Ag. '26 and MS '34, vocational agriculture instructor for 17 years in the Newton high school, has resigned to do dairy research work for Washington State College, Yakima, Wash.

David G. Griffiths, f. s., and Evelyn (Peffley) Griffiths, IJ '27, live at Augusta, Ark. They have two children, Meredith, 12, and Gwen, five months. Mr. Griffiths is publisher of the newspaper at Augusta and president of the Augusta Chamber of Commerce.

Lucile Burt, GS '28, recently was promoted to the rank of first lieutenant in the WAC. She is a physical therapist in a government hospital in Fukuoka, Kyushu, Japan.

A note from Lt. Isabelle (Gillum) Dubar, MS '29: "Enclosed is my check to cover a contribution to the World War II memorial chapel and chime tower. Three dollars have been added for a subscription to *THE INDUSTRIALIST*. New Orleans is a good place to serve in the Army. My hospital is small; the patients come from the port detachment and ships returning to the states via Panama." Her address is Station Hospital, Army Air Base, NO, POE.

Robert H. McCollum, PE '30, and Mrs. McCollum are living at 916 North Eighth Street, Neodesha. A nephew, Jack Kenny Emerick, 10, has lived with Mr. and Mrs. McCollum since the age of three. Mr. McCollum is mathematics teacher and athletic coach in the Neodesha high school.

Harry E. Adell, MS '31, is superintendent of schools at Colony. His wife, Hazel Alice (Martin) Adell died September 25. Mr. and Mrs. Adell were married Aug. 3, 1920.

The address of Ella Jane Meiller, HE '32, is Clinic Dietitian, Chicago Lying-In Hospital, 5841 Maryland Avenue, Chicago, 37, Ill. She writes: "I have leave from my work at Kansas State this year to be on the staff of the department of obstetrics and gynecology of the University of Chicago where my work is concerned with a study being made to secure additional information on the value of diet in pregnancy."

Arvid I. Mall, Com. '33, has been employed by the Veterans Administration to serve as a training officer. He will be assigned to a VA field office to assist in the supervision of vocational rehabilitation and education of veterans. After graduation at Kansas State, Mr. Mall served as an accountant at Fort Riley and Parsons. He is a World War II veteran, having served with the Army Air Forces.

Orva H. Douglas, ME '34, and Mrs. Douglas are living at 370 Glenmar Street, Pasadena, Calif. Mr. Douglas is assistant project engineer for Northrop Aircraft, Inc.

Clement E. Watson, DVM '35, and Mrs. Watson and daughter, Nancy, are living at 1130 Franklin Avenue, Lexington, Mo. Dr. Watson has a general practice as a veterinarian at Lexington.

Doyle D. Andrews, Com. '36, is manager of the branch office of the Murphy Finance Company, Topeka. Mr. Andrews and Arlene (Smith) Andrews have two children, Dorothy, 5, and Doyle, Jr., 2½. Their home address is 1028 Harrison.

Robert V. Blanche, Ch. E. '37 and Mrs. Blanche are living at 1115 East Cleveland, Guthrie, Okla. Mr. Blanche is field service engineer for the National Aluminate Corp.

John F. Hall, CE '38 and June (Millard) Hall, Arch. '39, are living at 2102 Holland Avenue, Utica, N. Y. They have a son, Michael. Mr. Hall is employed by the Portland Cement Association as field engineer. His headquarters office has been at Utica, N. Y., since getting out of the Army July 1.

Kenneth Edward Johnson, Ag. '39 is field representative for the Kansas Soya Products, Inc., Kansas City, and the Kansas Soybean Mills, Emporia. His address is 1101 Congress, Emporia.

Meade C. C. Harris, MI '39 and MS '40, is sales engineer for Wallace and Tiernan Company, headquartering in

the Chicago division office and flour department. Mr. and Mrs. Harris live at 3554 West Dickens Ave., Chicago, 47, Ill.

Marvin G. Riddell, G. S. '39 and Lela (Brown) Riddell, f. s., are living on route four, McPherson. Mr. Riddell is a farmer.

Arlene (Raynesford) Armstrong, HE '40, writes from 118½ South Oak Street, Pecos, Texas: "This seems to be real desert country we're in west of the Pecos. It will take some time to become acclimated. However, we can see some mountains from our home and we are only 85 miles from Carlsbad, N. M. Orven Armstrong, EE '40, is now computer on this seismograph crew and seems to enjoy his work quite well."

Major Martin Kadets, D. V. M. '41 is a regular Army Officer. His address is Room 2E777, Intelligence Div., War Department, General Staff, Pentagon Building, Washington, D. C.

Robert M. Niquette, Ag. '41, and Enid Alene (Altwegg) Niquette, IJ '41, are living at 4511 Fairmont Avenue, Lynchburg, Va. They have a daughter, Renee Jean, born September 25. Mr. Niquette is co-owner of Wanette's Ice Cream Stores.

Gordon B. West, IJ '42, and Marjorie (Simmons) West, HE '42, and daughter, Marilyn Elizabeth, 2, are living at 1135 Tyler, Topeka. Mr. West is employed by Myers and Company of Topeka, publishers of high school and college yearbooks. He is doing business and editorial work.

Joan Hogue, PE '43, is a physical education instructor at the Great Bend high school. Her residence is 1620 12th Street.

Gerald W. Klema, BA '43, and Alyce (Lowe) Klema, HE '45, are living at Wilson. They have a daughter, Susan. Mr. Klema is manager of the Klema IGA Market and Locker Plant.

The address of Van K. Anderson, C. E. '43, and Florence (Houghton) Anderson, H. E. '43, is 310 Washington, Fredonia. Mr. and Mrs. Anderson have a daughter, Charlotte, 2. Mr. Anderson is a civil engineer with Burgwin and Geiger, consulting engineers, Fredonia. Other K-State alumni in the organization include W. H. Burgwin, C. E. '23; J. C. Geiger, C. E. '23; D. G. O'Neill, C. E. '42; Sylvia (Bergling) O'Neill, B. A. '42; E. C. Barb, E. E. '43; Martha (Goheen) Barb, H. E. '43; and Ray O. Mills, C. E. '43.

Vlasta Holsan, H. E. '44, is teaching foods in the high school at Junction City. Her address is 410 West Ninth, Junction City.

Donald Dean Davis, M. E. '44, is doing graduate work at Massachusetts Institute of Technology. He completed his terminal leave August 28. He was a Navy lieutenant in submarines. His address is MIT Grad House, Room 414, 305 Memorial Drive, Cambridge, Mass.

The address of Betty Lou (Hancock) Monahan, IJ '44 and W. A. (Spud) Monahan, Jr., ME '46, is 1216 Second Street, Santa Monica, Calif. Mr. Monahan is a design engineer with the Douglas Aircraft Company in Santa Monica.

Marcelene Rae Linscheid, PE '45, is engaged in physical therapy at Hines, Ill. Her address is General Delivery, Unit No. 1, Hines.

Betty June Behney, '45, is an instructor in the speech department at Kansas State.

Betty Jean Yapp, HE '46, an intern in dietetics at Grassland hospital, Valhalla, N. Y., has been elected president of the Students Dietetic Association in New York City.

Margaret Kohn, H. E. '46, is assistant state club leader at Bozeman, Mont.

Ethel McMichael, H. E. and N. '46 writes from Kingman: "Will you please send my *INDUSTRIALIST* to 726 N. Chariton, Kingman? I finished my orthopaedic training in Chicago and now have a position with the Kansas Crippled Children's Commission. My district is centered around Salina and includes Manhattan so I may be able to see friends there occasionally."

MARRIAGES

CLEGG—PETERSON

Helen Clegg of Columbus, a senior at Kansas State, and Theodore Peterson, instructor of journalism at the college, were married September 13 at the First Presbyterian church,

Manhattan. The Rev. Raymond V. Kearns performed the double-ring ceremony. Mrs. Peterson is editor of *The Kansas State Collegian*. Mr. and Mrs. Peterson are living at 804 Thurston, Manhattan.

PECK—HITE

Jean Peck, H. E. '45, was married September 1 to Don Hite, student at the College. The wedding was at Arkansas City. Mr. and Mrs. Hite are living at 108 South Juliette, Manhattan.

BILLINGSLEY—HORNSBY

Beverly June Billingsley of Great Bend and Warren Thomas Hornsby, B. A. '42, of Topeka were married September 8 in the Great Bend Congregational church. Mr. Hornsby is research assistant for the Kansas State Chamber of Commerce at Topeka.

CHRISTIANSEN—OLIVER

Grace Eleanor Christiansen, I. J. '46, and William Floyd Oliver were married September 8 in Leavenworth. The Rev. B. A. Rogers read the ceremony. Mr. and Mrs. Oliver are living at 1203 Moro, apartment 1, Manhattan.

STROLE—PALMER

Doraine Humphrey Strole and Thomas Cruise Palmer, I. J. '38, were married September 7 in Kansas City. Mr. and Mrs. Palmer are at home at 1011 Laurel Avenue, Kansas City, Kan. Mr. Palmer is assignment editor on the city desk of the *Kansas City Star*.

COLE—WATTS

Betsy Cole, '46, and Larry Watts of Pratt were married September 15 at Christ's Cathedral church in Salina. Mr. and Mrs. Watts are at home at 1116 Laramie, Manhattan.

EATON—CARR

Eleanor Eaton of Wichita and Gerald W. Carr, B. A. '46, were married September 15 at Riverside Christian church in Wichita. Mr. Carr is a member of Pi Kappa Alpha.

BLAINE—GROTHE

Barbara Lou Blaine, f. s., and Gerald Herbert Grothe, Ind. Arts, '46, were married September 11 in Manhattan. The Rev. Ray V. Kearns, Jr., pastor of the First Presbyterian church, Manhattan, read the marriage service. The ceremony took place in the chapter house of Alpha Xi Delta sorority. Mr. Grothe is teaching at Billings, Mont., Polytechnical College and Mrs. Grothe is studying there.

BIRTHS

Samuel M. Caughron, Com. '34, and Mrs. Caughron, 904 Central Avenue, Dodge City, announce the birth of a daughter, Martha Eileen, November 25. The Caughrons also have a son, Thomas, almost three years old.

DEATHS

BLISS

Zina Leigh Bliss, '00, died of a heart attack November 12 in Fort Worth, Texas. Before his death, he was claim agent for the Gulf Oil Company. Survivors include the widow, Mrs. Mildred Bliss, 3712 Fifth Ave., Fort Worth.

ALDRICH

Word has been received of the death of Nelle Virginia (Seybold) Aldrich, G. S. '31, who died December 11, 1945, at Kansas City. Survivors include six children; her parents, Mr. and Mrs. E. B. Seybold, Atchison; three sisters, Mrs. Justin Hill and Mrs. Mitchell Karsinovsky, both of Lawrence; and Mrs. F. J. Eagle, Michigan City, Ind., and a brother, R. M. Seybold, Savannah, Ga.

Longsdorf Heads Meeting

L. L. Longsdorf, extension editor at the College, has returned from Brookings, S. D., where he attended a conference of the American Association of Agricultural College Editors. President of the association, he was speaker at several conference meetings.

Addresses A. A. U. W. Meeting

Miss Martha M. Kramer, Assistant Dean of the School of Home Economics, spoke at a meeting of the A. A. U. W. in Emporia recently. Her talk dealt with appreciation of the customs and habits of other countries.

RECENT HAPPENINGS ON THE HILL

Though the calendar read December 5, an English class met on the lawn east of Kedzie Hall. So crowded in their classroom that they sit in the window sills, the 40 men in the class found it very comfortable on the lawn.

Petitions from countries represented in the International Security Assembly who do not have voting privileges are now being received by the Security Council on the campus.

The new cafeteria in the Splinterville corner of the campus found 500 hungry vets waiting in line when it opened for the first time last week. The same number are now being served regularly.

Student contributions for the Memorial chapel fund fell short of the goal by \$6,044 in the first drive recently ended. A \$10,000 goal had been set.

Ralph Snyder, president of the Bank for Cooperatives at Wichita and Grey Dresie, executive secretary of the Kansas Independent Business Men's Association, were the principals in a debate on the campus recently. "Do cooperatives bear their fair share of the tax burden?" was the subject of the debate.

Dr. Homer P. Rainey, president elect of Stephens College, Columbia, Mo., spoke on "Education for Democracy" at a YW-YM Forum.

Arthur Whittemore and Jack Lowe, duo-pianists, pleased students and townspeople recently with a program of rich and rhythmic music. A capacity crowd filled the college auditorium for the second presentation of the Manhattan Artist Series.

Dismissal of classes for student assemblies has been approved by the Council of Deans. Morning classes will be shortened with the assembly program scheduled at 11:10.

Officers of the newly-organized Kansas State College Masonic Club are Morris Dilworth, Joplin, Mo.; president; Sherman Lampl, Manhattan, vice-president; Charles W. Manke, Manhattan, secretary-treasurer; and Charles H. Roy, Overland Park, sergeant-at-arms. Thirty-two charter members unanimously ratified the constitution at the first meeting recently.

Leland S. Hobson, professor and industrial engineer in the engineering experiment station at Kansas State College, discussed problems confronting the industrial development of Kansas at the chamber of commerce in Wellington.

Two women have been initiated and five pledged to the Kansas State College chapter of Theta Sigma Phi, honorary and professional organization for women in journalism. Nancy Diggle of Mission and Dorothea Ward of Potwin were initiated. Pledges were Mrs. Marie Webb, Manhattan; Yvonne Sturgeon, Princeton; Cleolis Bradley, Emerson, Ark.; Shirley Baker, Fort Scott; and Mary Louise Carl, Salina.

Block and Bridle, animal husbandry organization at Kansas State College, will have its semi-formal dance of the semester in the recreation center January 10. Vaughn Bolton's band will play.

Dr. Roger C. Smith, head of the entomology department at the College, is attending the annual meetings of the American Association of Economic Entomologists and the Entomological Society of America at Richmond, Va.

Initiate Seven Into SDX

Seven pledges of the College chapter of Sigma Delta Chi, national professional journalism fraternity for men, have been initiated. Pledges are Roger Medlin, Manhattan; Gordon Wilson, Hamilton, Mo.; Jack Smith, Lyons; Lewis L. Johnson, Algona, Iowa; Paul DeWeese, Cunningham; LeRoy Allman, Manhattan; and Douglas E. Gary, Larned. Elbert Macy, assistant professor of agricultural journalism, was initiated as a professional member.

PRESIDENT'S PLAN WOULD ADD 241 PERSONS TO KSC FACULTY

More teachers needed to fill needs of growing school

To help bring the ratio of teachers to students closer to normal, additional funds are needed for more than 200 new faculty positions at the College, President Eisenhower said in his biennial report.

His request is for 205 additional faculty members for the first year of the biennium and another 36—or a total of 241—for the second year. The new staff members are needed to handle estimated enrollments of 7,500 and 8,000 respectively, he said.

All except nine of the new positions would be on the teaching staff. The other nine would include five counseling and administrative workers and four library assistants.

The additional faculty members would permit a ratio of 14 students per teacher, the highest proportion consistent with sound education, President Eisenhower said. "This fall the ratio is far too high—about one teacher to every twenty students—but this average is in keeping with that at other U. S. Colleges," he added.

The additions would give the College a teaching staff of 531 for the first year of the biennium, 567 for the second year. An item of \$492,700 yearly is being requested to provide for the new positions. The request, approved by the state board of regents, will be submitted to the 1947 state legislature.

The five new counseling and administrative positions would include an assistant comptroller, two assistant counselors, a college editor and a field representative on endowment programs. The four additional positions at the library would increase the staff from 12 to 16. This would be only a 33 percent increase in the regular staff, President Eisenhower pointed out, while enrollment has trebled in the past year.

"Increased enrollment also calls for more monthly and hourly employees," President Eisenhower in his budget request. "Our increased enrollment has more than doubled the work of the Registrar's office—so much that vital student records cannot possibly be maintained."

No increases are proposed in the research and service fields of the College.

TRAILER CITY POPS UP NEAR COLLEGE AS STUDENTS MOVE IN OWN 'HOUSES'

A trailer city that mushroomed near the College this fall is Honeywell, a community of student-owned trailers located west of the stadium.

Thirty trailers are parked on the land which is owned by J. W. Honeywell, principal of the Keats High School. Trailer dwellers pay \$12 per month rent which includes rental space and use of a shelter house with its washing machines, showers, lavatories, telephone and hot water unit.

Under a self-governing plan, all members of the community will take turns each month serving on a council. Trailer residents elected a mayor, J. F. Binder, Hays, with Charles W. Hanson, Axtell, as his assistant. Mrs. J. R. Wright, Jr., is secretary of the village and council members this month are J. R. Wright, Jr., Omaha, Texas, and Warren C. Bartlett, Moran. Four children are among the trailer occupants. Several of the trailers have covered porches built on and all are securely banked for cold weather. The landowner furnished bricks for sidewalks which were laid by the men of the village.

\$1,000 to 4-H Camp

Foster Farms at Rexford have contributed \$1,000 to the College Endowment Association for the state 4-H camp near Junction City, it was announced by Kenney Ford, alumni secretary.

Benjamin B. Foster of Kansas City, Mo., is owner of the farms. The contribution was forwarded on behalf of the farms by E. D. Mustoe, manager.

Helm Helps Judge

John F. Helm, Jr., professor of drawing and painting, served on the Jury of Selection and Award for the 16th Annual exhibition of Contemporary American Graphic Arts in Wichita. The jury made its selections from about a thousand prints by American artists.

Movie Stars Watch K-State

Rabid Wildcat rooters at the recent Arizona-Kansas State football game in Tucson were Columbia movie celebrities Margaret Chapman, Robert Young and Donald Barry. Miss Chapman is shown sitting next to Coach Hobbs Adams. To her right is Quarterback Ted Grimes, Manhattan. On Adams' left are Halfbacks Harry Merriman, Marysville; Harmon Lesco, Neodesha. Standing, left to right, are Frank Myers, K-State business manager, Robert Young and Donald Barry.

H. L. MURPHY, HELEN BLYTHE, ARE NEW STATE EXTENSION OFFICERS

Officers of the Kansas County Agents and Home Demonstration Agents association have been elected at the annual state extension workers' conference.

New officers of the county agents group are H. L. Murphy, Ag. '28, Coldwater, agent for Comanche county, president; E. L. McClelland, Ag. '28, Linn, vice president; and A. H. Stephenson, Ag. '32, secretary-treasurer.

Helen Blythe, H. E. '37, of Hutchinson, has been re-elected president of the home demonstration agents' organization. Other officers are Helen Loofbourrow, H. E. '42, Ellsworth, first vice-president; Helen Ruth Meyer, H. E. '35, Marysville, second vice president; Edith Mae Beesley, H. E. '43, Great Bend, secretary; and Carmen Shoemaker, Leavenworth, treasurer.

Delegates chosen to represent the group at the national association meeting in Chicago were Helen Blythe and Ida Hildebrand of McPherson. Mrs. Laura B. (Nixon) Willison, '11,

Wichita, of the central district council of the National Home Demonstration association, also attended the meeting.

HOME BASKETBALL GAMES ARE BROADCAST OVER KSAC

Dick Cech tells play-by-play; Drake game tonight

Home basketball games at Kansas State College will be broadcast by delayed transcription over station WIBW, Topeka, at 10:30 p. m. following each game, it was announced by Fred M. Parris, sports publicity director.

Dick Cech, assistant extension editor, will give the play-by-play account of the games with fill-ins by Grant Salisbury, program director of KSAC, the College radio station.

The Kansas State-Kansas University game February 20 probably will be broadcast over WIBW directly during the game. The next game to be broadcast will be with Drake University December 19.

KSAC, the College station, shares broadcasting time with WIBW of Topeka.

You had your chance to edit the Industrialist; here's a summary of responses from a few readers

Three times in recent weeks The Industrialist carried a two-column check list of contents which was headed "Your Chance to be an Editor." A few of our more than 4,000 readers cooperated by checking the list and returning it to us.

A tabulation of the preferences shows, as expected, that alumni notes were in first place by a wide margin with general campus news second. Stories about research and experiments in progress at the College were third.

Fourth, fifth, sixth and seventh places were claimed by feature stories about prominent alumni; feature stories about College customs, organizations and landmarks; feature articles about faculty members; and news of student activities, in that order. The votes were close on the four features.

Next in order ranking eighth to thirteenth inclusive, were pictures of campus activities, in older days, editorials, Sunflowers, sports news and news articles on how alumni can help the College.

The last three items on the check list were on subjects not directly related to the College or to alumni and for that reason it was not surprising that they got a small share of the votes. There were book reviews, edi-

torial page features on subjects not related to the College, and poetry. Several readers expressed appreciation for these features but indicated they could get material of general interest from other sources.

"While the quality of book reviews, poetry, etc., is good that material is obtainable from other periodicals," was the way one reader expressed it.

Other suggestions made by those who returned the check lists included a suggestion that distribution be speeded up so that news would be more timely, that there are now enough alumni for a good alumni magazine, that more names be used in news of older days, that students be identified with their fraternity, that news of interest chiefly to Manhattan residents be boiled down to brief mentions, that President Eisenhower's occasional letter be given more display, and, that more pictures be used.

If you were among the 3,964 readers who did not respond to the appeal for suggestions you'd better get busy. The door isn't closed. The check list will not be printed again in the near future but you can write a card or letter. Each suggestion will be given careful consideration.

Wildcat Composite Scoring in Big Six Tournament

K-STATE 'SURPRISE' TEAM IN BIG SIX MEET; WINS THIRD

(Continued from page one)

laden with stars including all-Americans Gerald Tucker and Allie Paine, were 20-point pre-game favorites over K-State.

Oklahoma led 31 to 25 at the half but could not match the last half speed and drive of the Wildcat team. Hal Howey, Kansas City, Mo., forward, and Jack Dean, Harveyville guard, led the Wildcat scoring in the O. U. game with 16 and 14 points. However, it was three timely shots by Lloyd Krone, Chanute forward, in closing minutes of game which figuratively "broke Oklahoma's back".

In the semi-finals Friday night, Kansas State's peppery squad temporarily lost its basket eye and that, coupled with the height of SMU, gave the Dallas Methodists a 46 to 36 win over Gardner's kids. Dean was the only Wildcat whose shots were consistently accurate. He tallied 11 points. SMU led at the half 31 to 18.

The consolation game Saturday against last Arkansas, a giant team led by 6 foot, 11 inch, George Kok, was easy for the hustling team from Aggieville. After amassing a 34 to 19 half-time score, Kansas State withstood a brief second half rally of Arkansas, then pulled away to win 56 to 41. Clarence Brannum, 6-5 Wildcat guard, leached himself to big George Kok, holding him to eight points. Brannum meanwhile counted five points himself.

Dave Weatherby, the slender Neodesha forward, had 16 tries at the free throw line and made 11 of them to tie an all-time Kansas State record for number of free throws made by any individual. Bill Schultz made 11 charity throws against Iowa State in 1945-46 season. Weatherby had 15 points and Howey 14 to lead the Manhattan scoring. Howey was named on the all-tournament second team.

Gardner's crew has now won five of seven games, losing only to strong Iowa U. and SMU. Wildcat victories have been over Fort Hays, Washburn, Drake, Oklahoma and Arkansas.

Tonight, Kansas State meets Drake in a return game in Nichols Gymnasium. The Purple won at Des Moines December 6, 46 to 43 in a double overtime game. The Hawaiian All Stars which, in addition to a cage team, features a group of instrumental entertainers and hula dancer, will meet the Kansas State B squad in a preliminary game.

The Wildcat B's, coached by Danny Howe, former K-State star, defeated Bethel at Newton Saturday night 54 to 28. Saturday, December 14, Howe's junior Cats will play a return game with Kansas university B's in Nichols gymnasium. K. U. won a previous contest 40 to 32.

Ford on Committee

Kenney L. Ford, alumni secretary at the College, has been appointed to the planning and development committee of the national Intercollegiate Bridge Tournament. He will help supervise the national tournament in Chicago next spring. The appointment was made by Foster M. Coffin of Cornell University, chairman of the committee.

THACKREY ACCEPTS IMPORTANT POSITION IN WASHINGTON, D. C.

(Continued from page one)

ris, a member of the faculty of the Department of Art.

Thackrey will take over his new position in Washington as of January 1. Mrs. Thackrey and their daughter, Ann, a senior in Manhattan high school, will remain in Manhattan until the end of the present school term. Ann expects to enter Kansas State as a freshman next fall.

Thackrey is a member of Sigma Delta Chi, professional journalistic fraternity, of the American Association of Teachers of Journalism, the American Academy of Political and Social Science, and is a former member of the Council on Education of the American Association of Schools and Departments of Journalism. He is president of the Manhattan Rotary Club, and a member of the Manhattan Country Club.

Mrs. Thackrey, the former Emily Sheppard of Wakefield, Kansas, is a journalism graduate of Kansas State College, attending both Kansas State and the University of Kansas. She is president of the Manhattan League of Women Voters, a member of the American Association of University of Women, of the Review Club, the College Card Club, and of Theta Sigma Phi, professional journalism organization for women.

MORRISON ANIMAL HUSBANDRY AWARD GOES TO KSC ALUMNUS

An award of \$1,000 and a gold watch went to Dr. Jay L. Lush of Iowa State College at the thirty-eighth annual meeting of the American Society of Animal Production at Chicago. Dr. A. D. Weber, head of the the Department of Animal Husbandry at Kansas State College, as retiring president of the society made the award.

Dr. Lush is an alumnus of Kansas State College, having received his bachelor's degree from the College in 1916 and his master's in 1918. He was granted his doctor's degree by the University of Wisconsin in 1922.

Known as the Morrison Award, this presentation is the first of five annual awards to be given by Prof. and Mrs. F. B. Morrison of Cornell University to members of the society for outstanding research in animal husbandry. Selection of Dr. Lush was based on his experimental work on animal feeding and breeding and on his contribution to the industry through his book, "Animal Breeding Plans."

COLLEGE BUYS EQUIPMENT FROM CLOSING OPA OFFICES

Used government property helps alleviate office material shortage

Office equipment and furniture from closing OPA offices is being obtained by the College to help meet the shortage of office material for faculty members.

Material has already been brought to the campus from offices in Hebron, Nebr., and Concordia. Negotiations are under way for material in offices in Manhattan, Phillipsburg, Marysville and Junction City.

The equipment and furniture is made available by the War Assets Administration through the Federal Works Agency. The College pays five percent of fair value cost plus transportation and administrative charges on all items except typewriters and lights. On these two items it pays sixty percent plus transportation and administrative costs.

A priority system, as yet not drawn up, will govern distribution of the material by the College to departments needing it. The goods are being stored in a new warehouse being erected on the campus by the building and repair department.

Student Has Poem Printed

A new contributor to the Annual Anthology of College Poetry is Virginia Rinker of Hamilton, sophomore in arts and sciences. Miss Rinker's poem, "Remember Me," will be published in a new anthology to be released soon, according to Dennis Hartman, secretary of the National Poetry Association. The Anthology is a compilation of poetry written by college men and women of America and selections were made from thousands of poems submitted.

THE KANSAS INDUSTRIALIST

Volume 73

Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, January 9, 1947

Number 12

CONTRIBUTIONS FOR CHAPEL, CHIME TOWER NEAR \$50,000

Pledges total about \$40,000 as more gifts received daily

Contributions for an all-faith memorial chapel and chime tower at the College have nearly reached the \$50,000 mark and pledges for the memorial are nearly \$40,000.

A total of \$37,105.11 in cash has been raised so far in the campaign, according to Dr. W. E. Grimes, secretary-treasurer of the KSC Endowment Association, and \$9,788 additional has also been received and expected to be added to the fund at a later date. This brings chapel contributions to about \$50,000.

From a chimes fund established by the College classes of '19, '22, '29, '30, '31, '32, '35, '38, '39, and '40, a total of \$4,788.18 has been earmarked for the chapel. Chimes for the chapel will be located in a tower to be a connecting link between the meditation chapel and the large all-faith chapel.

LIMESTONE OFFERED FREE

The limestone for the chapel has been offered at no cost by owners of three different stone quarries. Dr. Grimes said there have been about 1,000 contributions from individuals and organizations.

A total of \$5,000 was given by the Woods family of Independence as a memorial to Lt. Ernest E. (Larry) Woods, former student, who died in World War II.

One of the latest large contributions was \$1,000 from W. W. Chandler of Lyons, donated by members of the Chandler family as a memorial to their father, C. Q. Chandler of Wichita.

ORGANIZATIONS MAKE GIFTS

Many organizations have made contributions to the fund. These include fraternities, sororities, a Methodist women's group, student religious groups, the Manhattan Chamber of Commerce, a bridge club, Rotary Club, and Farm Bureau units.

While the money is being raised primarily by alumni, former students and friends of the College, students now enrolled have contributed also, Dr. Grimes said.

Alpha Xi Delta social sorority pledged \$500 for a stained glass window in the nave of the main chapel. Waltheim Hall, women's dormitory, pledged \$200 for a pew.

Student organizations have pledged all pews, a choir stall, the pulpit and associated front, a stained glass window, the altar cover and the railing and cushion for the interior of the Chapel. Student pledges total \$4,375 for these fixtures and \$281 from individual cash donations.

GIFT TO LOAN FUND ALSO

Charles S. Dearborn, Blythe, Calif., a 1904 graduate, sent \$100 as a contribution to the memorial chapel fund and \$400 for the Kansas State College alumni loan fund "to help worthy young Americans make use of the training provided at Kansas State."

Also received was \$250 from Mr. and Mrs. J. E. Brock, El Centro, Calif. Mr. Brock was graduated from the College in 1908 and Mrs. Brock is a former student. The Brock gift will be placed in the chapel fund.

A cash gift of \$500 has been given by Mrs. Mary E. Thornbrough, Lakin, to establish an individual memorial to her son, Wayne Thornbrough, former basketball star at the College, who died in 1942 in the Aleutian Islands. He was graduated in 1936.

A. H. Montford, Hutchinson, has contributed \$100 and has pledged another \$100 to be paid in December, 1947, earmarked for a pew. He was graduated in 1913 and is now owner and manager of the Salt City Hatchery in Hutchinson.

WICHITANS GIVE \$1,000

Mr. and Mrs. Paul A. Skinner of Wichita, both graduates, contributed \$1,000. Mr. Skinner is a partner in the Lee J. Hobbs Chevrolet Company. He received his degree in rural commerce in 1928. Mrs. Russell, the

More Rooms Here Now

Rooms for 60 men students are now for rent in Manhattan homes, according to Donald L. Munzer, director of on-campus housing at Kansas State College. Munzer said that because more students are moving into campus housing to be nearer classes, more rooms are becoming vacant in private homes.

"While some students have moved out of the campus rooms, the number moving in from town has been larger," Munzer said. He added that there are still some vacancies in the barracks and in the stadium housing at the College.

PHI KAPPA PHI RECOGNITION AWARDS ARE GIVEN TO 68 FRESHMAN STUDENTS

The names of 68 students at the College who were chosen for special freshman recognition by Phi Kappa Phi, honorary society, for their outstanding scholastic standing in their freshman year have been announced. They constituted the upper ten percent of their class in their school. The number of achievement winners by schools was Arts and Sciences, 32; Engineering and Architecture, 13; Home Economics, 17; and Agriculture, 6.

Those on the recognition list included:

School of Arts and Sciences, El-nora Margaret Seaton, Manhattan; Louis Dale Edwards, Greenville, Ohio; Miriam Gertrude Lewine, Beavertown, Pa.; Martin Lesser, Junction City; Arlene Ruth Abelson, Iola; Barbara Shirley Baker, Fort Scott; Marjorie Anne Roepke, Manhattan; Mary Belle Nelson, Wayne; Charles Franklin Hall, Fall River; Norma Drusilla Wyckoff, Osborne; Orman Lawrence Snyder, Silver City, N. M.; Margaret Virginia Gingrich, Manhattan; Jacqueline Kirk, Topeka; Ruth Lyndon Whitnah, Manhattan; Raymond Ellwood Francis, Arcadia; Jo Harriett Hofess, Manhattan; Mary Alice Wolf, McPherson; Mary Ann Burgwin, Clay Center; Vivian Jean Veach, Fairview; Dorothy Mae Moffett, Peabody; William Leonard Shamel, Jr., Sulphur, Okla.; Helen Margaret Wilkie, Abilene; Achsah Muriel Prather, Oakley; Mary Frances Weaver, Kansas City, Kan.; Ruth Etta Maxwell, Kansas City, Kan.; Wanda Lee Knight, Council Grove; Marjorie Arlene Dick, Perry; Earl R. Coder, Greenleaf; Mary Frances Zink, Glen Ellyn, Ill.; Rose Marie Shumaker, Alma; Juanita Pauline Skelton, Nickerson; and Vera June Jackson, Manhattan.

School of Engineering, Herbert J. Brown, Kansas City, Mo.; Frederick Vernon Johnson, Salina; Richard James Gorman, Chapman; Melvin Vern Barb, Augusta; Paul David Gragg, Wichita; James Benjamin Folz, Marysville; Clayton Leroy Ferguson, Montezuma; Robert Martin Pollom, Topeka; Edwin Daniel Hirtleman, Wichita; Stanley Rolland Lindgren, Dwight; Ralph Earl Naslund, Leonardville; Warren Robert Piper, Manhattan; and Robert Francis Arnold, Marysville.

School of Agriculture, Margaret Carolyn Ricklefs, Salina; Boyce Wayne Dougherty, Shawnee; Richard Wayne Winger, McCune; George Hal Ross, Ottawa; Wayne Lovelle Fowler, Circleville; and Raymond William Peacock, Fall River.

School of Home Economics, Evelyn Joyce Yakel Dugan, Clay Center; Eleanor Jean Sommer, Manhattan; Margaret Arlene Payne, Augusta; Ruth Raines Fessler, Kansas City, Kan.; Naomi Joan Miller, Ottawa; Carolyn Elizabeth Voran, Augusta; Carolyn Irene Anderson, Admire; Frances Lucile Davitt, Jennings; Mary Inez Wylie, Clay Center; Mary Lee Hix, Dellvale; Betty Jane Simmons, Clay Center; Ruth Genevieve Steiner, Lebanon; Eralmo Eloise Myers, Centralia; Lois Elaine Sutter, Paxico; Olive Rosamond Brainerd, Carlyle; Susan Ann Soapes, Smith Center; and Mary Janelle Corsaut, Hutchinson.

New College Dean

ALBERT L. PUGSLEY

PUGSLEY SUCCEEDS THACKREY AS DEAN OF ADMINISTRATION

Engineering professor also named director of summer school

Albert L. Pugsley has assumed duties as dean of administration and director of the summer school of the College to fill the vacancy left by the resignation of R. I. Thackrey, who has been named the new executive secretary of the Association of Land-Grant Colleges and Universities. Pugsley's appointment was announced recently by President Eisenhower and became effective January 1.

A member of the College staff since September, 1943, Pugsley has been assistant director of the Engineering Experiment Station and professor of structural engineering. He is widely known off the campus as chairman of the annual Industrial-Agricultural Week sponsored jointly by the College and the Kansas Industrial Development Commission, and for his development of industrial research in the Engineering Experiment Station. He holds registration as a professional engineer in Kansas and as professional architect in Nebraska.

IN GOVERNMENT PROGRAM

Pugsley came to Kansas State immediately after serving as assistant director of the nation-wide Engineering, Science and Management War Training Program. While in Washington, Pugsley was on leave from the University of Nebraska, where he was a member of the architectural faculty from 1935 to 1941.

A graduate in civil engineering from South Dakota State College, Brookings, S. D., Pugsley received a master of architecture degree from Harvard University in 1934.

A native of Woodbine, Iowa, Pugsley's early education was in Lincoln, Nebr., Washington, D. C., and at Brookings, S. D., where his father, the late Charles William Pugsley, was for seventeen years president of South Dakota State College. While a member of the architectural faculty at Nebraska, Pugsley did architectural and structural engineering work on a number of public buildings in Lincoln and elsewhere in Nebraska, and in South Dakota. These included two department stores, the million-dollar Love Memorial Library and a variety of other school and university buildings.

WITH GI TRAINING HERE

In the first period of his service at Kansas State, Pugsley was assigned chiefly to administration of the six Army Air Force and Army Student Training Programs.

Pugsley is a member of the Kansas Society of Professional Engineers and the Kansas Engineering Society, Sigma Tau, and of the Acacia fraternity. He has been president of the Blue Cross Hospital Association, and chairman of both the College Red Cross and Community Chest Drives. He and Mrs. Pugsley, the former Geraldine Moses, have a son, six years old.

PRESIDENT EISENHOWER EXPLAINS PLANS OF UNESCO FOR COMMON ACTION TO BUILD DEFENSE FOR PEACE

Letter to follow soon suggesting what we at home can do to help bring plans to reality

President Milton S. Eisenhower has returned to the campus after spending about a month in Paris at the first meeting of the United Nations Educational, Scientific and Cultural Organization. He is chairman of the United States National Commission for the Unesco. On the eve of the New Year he wrote this letter to the alumni of the College, explaining what happened at that meeting. In a few weeks he will issue a sequel to this letter.

December 31, 1946

WILDCAT FIVE OPENS BIG 6 SEASON WITH VICTORY OVER CORNHUSKERS

Coach Jack Gardner's Kansas State basketball team opened their Big Six conference season with a 63 to 54 victory over Nebraska's Cornhuskers in a fast, action-filled contest in Nichols Gymnasium Saturday night, January 4.

The Wildcat victory climaxed two weeks of vacation activity which saw the K-Staters running their unbeaten string to six games and their season record to ten victories against two defeats.

Not since Southern Methodist defeated the Wildcats 46 to 36 in the second game of the All-Big Six tournament in Kansas City, December 13, have Gardner's hustling charges met their match.

TAKE FOUR OTHER WINS

Besides the triumph over Nebraska, other Wildcat victories during the holidays include a 74 to 37 victory over Drake, a 42 to 40 win over Washburn, a 48 to 41 triumph over Wichita university and a 51 to 40 decision over Montana State.

The Cornhusker fracas was an action-filled tilt from opening whistle to closing gun as the Wildcats twice overcame Nebraska leads to clinch the contest. In the free-wheeling offensive battle, the lead changed hands 18 times and the score was tied on seven occasions.

Forward Harold Howey, Kansas City, Mo., was the big gun in the Wildcat attack as he shoved 27 points through the hoops, scoring 14 points in the first half and 13 in the second. Forward Dave Weatherby, Neodesha, trailed him with 10 points. Forward Claude Retherford led Nebraska with 18 points while Guard Joe Brown had 16, and that combination made the going rough for the Wildcats all evening.

TOPS IN BIG SIX

In taking their tenth victory in a dozen starts, the Wildcats preserved the record which places them at the top of the Big Six standings with the best early season record in the conference. Oklahoma's ten wins and three losses rate the Sooners in the second spot.

The Nebraska game was the second win of the week for the Cats, who Monday, December 30, had taken a narrow 42 to 40 victory over a battling Washburn university quintet.

In that fray, the K-Staters waited until the final 45 seconds before Weatherby's long one-hander rustled the laces to give the Wildcats their scant victory margin.

The Ichabods led the Wildcats all the way after overcoming an early Wildcat lead, but again the fighting

(Continued on last page)

Teaches Ag to GIs

Clark C. Milligan of Topeka, an agricultural graduate of the College, is now teaching agriculture to GIs stationed in Japan.

Milligan is working under the educational division of the war department. His wife, who lives in Topeka, expects to join him in Japan in the near future. Milligan earned his bachelor of science degree at Kansas State in 1932 and his master of science degree in 1938. He formerly was vocational agriculture teacher at Washburn Rural High School.

Dear alumni:

This is the last letter I shall write in 1946, for it is now late on New Year's eve.

Since my return from Paris several weeks ago, I have thought a great deal about the first meeting of the United Nations Educational, Scientific, and Cultural Organization which I attended. Since Unesco has a lot to do with education generally and with Kansas State College specifically, I want to share some of my thinking with you.

My judgment about the Paris Unesco conference, in retrospect, is this: Unesco is faced with a gigantic task; it has a mission of limitless possibilities and decisive importance; and it has a fighting chance of helping mankind win a permanent peace.

WARS BEGIN IN MINDS OF MEN

This new international organization has the task of helping build the sturdy framework within which the United Nations and all its specialized agencies may operate. The Unesco constitution recognizes that wars begin in the minds of men and proclaims that it is in the minds of men that the defenses of peace must be constructed. The program of the organization is therefore designed to contribute to peace and security by promoting collaboration among nations and peoples through education, science, and culture.

I want to make clear that it is not the primary purpose of Unesco to promote the development of education, science, and culture in and of themselves. Rather, the focused purpose is to repeat to help build what all the kindly people on this earth are praying for—a just and enduring peace based on genuine understanding. And that understanding is to be achieved through educational, scientific, and cultural cooperation.

A STEP TOWARD PEACE

Now, it cannot be said that the promotion of understanding will in itself guarantee either peace or security. Today, in some countries, people with a common language, heritage, and culture are experiencing intellectual divisions nearly as deep and bitter as those that existed between opposing nations in the recent war. But it may be said that widespread understanding among the earth's millions is an indispensable step toward peace and security. Lacking basic understanding—and we most emphatically lack it now—political and economic arrangements between nations are apt to be in the nature of insecure appeasements rather than abiding agreements that reflect the convictions of the masses of mankind. Hence, Unesco's task must be carried forward in the sincere faith that out of greater understanding will come economic and political arrangements which make peace not merely the absence of war, but a positive program commonly conceived and ardently promoted by men everywhere.

THIRTY MEMBER NATIONS

At Paris, 30 member nations and 11 observer nations developed the first fledgling program for Unesco. Much painstaking work lay back of this initial program. A preparatory commission had labored for a year in Paris. Our United States National Commission for Unesco had studied and revised the suggestions of the

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. LASHBROOK, Editor
Ted Peterson, Helen Hostetter,
Fred M. Parriss, Assistant Editors
KENNEY FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

THURSDAY, JANUARY 9, 1947

BOOKS

The Business of Farming

"Managing a Farm". By Sherman E. Johnson and Associates. D. Van Nostrand Company, New York. 1946. \$2.95.

Speaking at a cattle show in Massachusetts in 1858, Emerson said of the farmer, "He is habitually engaged in small economies, and is taught the power that lurks in petty things." Although Emerson spoke of and to New England small farmers, what he said applies in principle to all farmers everywhere. The economic and managerial aspects of farming are even more significant now than they were in 1858. These aspects are the subject of this book.

"The central purpose of this book", say the authors, "is to provide practical guidance in thinking through the management problems of a full-time family farm." The stated purpose is admirably achieved. For good measure the authors add a wealth of equally practical guidance regarding part-time farms, of which there are about a million in the United States. (Incidentally, the fact that about one-sixth of our farms are in this category makes it desirable to add a pinch of salt to many census data of averages per farm.) Many readers will be impressed with the fact that "There are only about 60,000 farms which are too large to be handled by the usual farm family with one or two hired men and some additional hired help during rush seasons."

Evidence of the authors' good sense is abundant throughout the book's 350 pages. "The beginner in farming should realize at the outset that to be a successful farmer is not easy" and "Because it costs to learn, many prefer to hire out to some good farmer for a year or two before renting or buying"—these are two of many examples of the good sense that characterizes the discussions. The authors avoid two common extremes often found in books on farming. They neither sentimentalize the subject nor regard it as a mere industrial activity. They take adequately into account the great intangible values of farming but they also follow Emerson's dictum: "We must not paint the farmer in rose color."

Every chapter in the book is thoroughly worth reading. The chapters on Types of Farming and Farming Regions, Getting Started in Farming and Improving the Management of Family Farms are particularly good. A notable feature of the book is that it is national in scope. The reader learns about farming in all the major regions of the United States.

Through their connection with the United States Bureau of Agricultural Economics and their close contacts with the Land Grant Colleges, the authors have been able to assemble a wealth of interesting and helpful data. They present their material clearly, simply and cogently. The result is a book of great potential value, not only to the beginner but also to the established farmer who wishes to improve his position.—F. D. Farrell.

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

The Kansas State school of home economics was cooperating with the clothing and textiles departments of Iowa State College, South Dakota

State College, and Texas Agricultural Experiment Station on an experiment on Turkish toweling and cotton broadcloth.

The Kansas State student health department handled 52,000 student calls in the 1934-35 biennium.

H. Miles Heberer announced that the Manhattan Theater spring production would be "Spring Dance." The cast included Frances Wright, Kansas City; Olive Miller, Mahaska; Mrs. Thomas Cory, Parsons; June Fleming, Council Grove; Mrs. Eleanor Parrott, Manhattan; Barbara Carr, Hutchinson; William McDanel, Ashland, Ohio; Thaine Engle, Abilene; Leo Ayers, Manhattan; James Seaton, Manhattan; Charles Mitchell, Ordway, Colo.; and James Chapman, Manhattan.

Students at the College were sending poetry to Ted Malone for his college verse program.

TWENTY YEARS AGO

KSAC had the most extensive and ambitious program presented by radio stations of the land grant colleges, according to a report by C. W. Warburton, director of extension in the United States Department of Agriculture.

A team of journalism students edited the Marshall County News at Marysville for five days. The team members were Alice Nichols, Eula Mae Currie, Dorothy Stevens, Gordon Hohn and Carl Feldmann.

Charles Jones, sophomore civil engineering student, was killed when his car was struck by a train.

THIRTY YEARS AGO

The responsibility of milking should not be given to children, said an Industrialist article. A farmer would make more money by hiring a responsible man to do his milking than to depend on his children, the article said.

An inquiry from Switzerland on how to drain a swamp was received by H. B. Walker, associate professor of irrigation and drainage engineering.

FORTY YEARS AGO

A dinner cooked entirely by electricity in the domestic science department was receiving much publicity in the newspapers and magazines of Kansas.

The electrical engineering department received two arc lamps, with carbons to give either white or yellow light. The lamps were used for experimental purposes.

Two students, Clifton Stratton and Roy Graves, made a wager that they could walk from Manhattan to Kan-

sas City. Stratton made the walk and arrived but 25 minutes short of the time limit. Graves took a train home from Lawrence.

FIFTY YEARS AGO

Over 600 students filled class-rooms and work-rooms to overflowing.

There were six post-graduate students in the department of botany.

SIXTY YEARS AGO

Applicants for entrance to the College had to be 14 years of age and able to pass a satisfactory examinations in reading, writing, arithmetic up to percentage and interest, geography and elements of English grammar.

The College farm totaled forty acres.

SEVENTY YEARS AGO

One student walked forty miles to enroll at the College. Another walked from Emporia and one from Osborne county. "These students must be in earnest," observed the Industrialist.

Electric bells which had been recently installed at the College were reported to be ringing on time and working well.

COUNCIL OF DEANS APPROVES AWARD FOR RETIRING PROFS

Teachers would receive citation recognizing their major contributions

An award for retiring faculty members has been approved by the Council of Deans at the College. A citation for the professors would include a summary of their major contributions in teaching, research, administration and authorship, to be signed by the President of the College and the chairman of the Board of Regents.

A special committee appointed by President Eisenhower recommended that the award be given faculty members who retire from administrative responsibility or who attain emeritus standing. It would be presented by the President at the first general faculty meeting following the faculty member's retirement.

The plan, subject to the approval of President Eisenhower, would be retroactive to include all living eligible faculty members.

Butter Institute To Meet

Increased production of better quality cream for buttermaking will be discussed at the annual meeting of the Kansas Butter Institute in Wichita January 14-15.

Speakers will include representatives of the American Butter Institute and of the College. Prof. W. H. Martin of the dairy husbandry department is executive secretary of the Kansas Butter Institute.

LOOKING AROUND

KENNEY L. FORD

These alumni of Kansas State College met at Mart's restaurant in St. Louis with Prof. R. G. Kloeffer November 18 on his inspection trip with the electrical engineering seniors: George P. May, '11; W. E. Paterson, '17; Myers Duphorne, '21; L. E. Rosel, '22; G. J. Fiedler, '26; Ralph Hermon, '27; John Hyer, '27; Dick Bradley, '28; S. F. Weybrew, '32; G. M. Young, '35; Burl Snow, '37; W. C. Wetlaufer, '38; W. D. Helm, '41; H. A. Thurstin, '41; R. D. Call, '42; D. K. Myers, '43; Vern Holman, '46; W. A. Swim. The evening was spent consuming a steak dinner and reminiscing.

H. Otis Garth, president of the Kansas State College Alumni Association, and Kenney Ford, executive secretary of the association, were speakers at a meeting of alumni and former students at the Meridian restaurant in Newton November 20. The chapel program was discussed and plans were made for carrying out the campaign in the community. Attending were Lavina Leibengood, '19; Grace Brill, '31; Mrs. George H. Washburn and George H. Washburn, '19; George Murray Arnold, '16; Frank B. Lawton, '12, and Mrs. Lawton; Orville Haur, '31, and Mrs. Haur; R. M. Karns, '26 and Mrs. Karns; H. W. Westmeyer and Mrs. Westmeyer; Paul T. and Mary Ellen (Corman) Loyd, both '40. Dr. Lee Fent was chosen county chairman of the chapel drive.

Alumni and former students of Omaha and vicinity met at the Omaha Athletic club December 3 to outline

a program for the chapel campaign. Speakers were Kenney Ford, alumni secretary, and H. O. Dendurent, assistant alumni secretary. Attending were G. E. Whipple, '11, and Mrs. Whipple; L. F. Barth, '24, and Mrs. Barth; A. Homer Whitney, '12, and Mrs. Whitney; A. C. Bux, '20, and Mrs. Bux; Glenn R. Nelson, '40, and Lena (Hurst) Nelson, '39; L. R. Burdge, '35, and Mrs. Burdge; Clara-mary (Smith) Smith, '22 and W. Donald Smith, '23; John C. Riddell, '24, and Mrs. Riddell; Wayne F. Tannahill, f. s. '29, and Mrs. Tannahill; Bruce H. Cummings, '15; E. L. Bebb, '21 and Nellie (Yantis) Bebb, '19; L. M. Wilkins, '43 and Mrs. Wilkins; Ralph E. Ewing, f. s. '25; Mabel (Kessler) Carter, '15; Chester A. Carter, '15; Hal F. Eier, '36, and Adah L. Eier, '40; Glen F. Patton, '32; and Ruth (Voshell) Patton, f. s.; Samuel Kelsall III, '35, and Gwendolyn (Gosney) Kelsall, '33; K. M. Gould, '39 and Ethel (Lienhardt) Gould, '40; E. L. Jenkins, '15, and Mrs. Jenkins; Lt. L. L. Beuschel, '46; Lawrence W. Youngman, '27, and Mrs. Youngman; James B. Nichols, '34, and Mrs. Nichols; S. E. Johnson, '35, and Mrs. Johnson; W. W. Rufener, '36, and Mary Frances (Hurley) Rufener, '35.

Hal Eier was chosen president of the Omaha Alumni Association. A. C. Bux was named vice-president and Mrs. Sam Kelsall was chosen secretary-treasurer. Six directors will be named later. The officers of the alumni chapter will be leaders in the chapel campaign in Omaha and vicinity.

Our safety lies in wisdom not in rockets says grad

Raymond V. Adams Jr., GS '41, whose picture recently appeared in the Kansas City Times and was carried by A. P. Wirephoto in connection with some experiments at the California Institute of Technology, was one of the early research workers when rockets were being investigated in the Imperial Valley early in the war. After graduation, Adams went to Caltech to go on with graduate work, but was called to duty as a Scientific Consultant, and put to work on rocket ballistics. At the end of the war, after a trip to the Far East, he compiled the authoritative work on rocket ballistics, designed for reference in the future by the Army.

The work on rockets continues, but Adams is back at Caltech. He expressed his opinion not long ago that most of the future work with rockets is for engineers rather than nuclear physicists. At the same time, he added his warning to that of other men who know what they are talking about, that the atomic rocket is no mere pipe dream; that guided rockets, impractical now, may not always be so; and that there is no defense against such weapons as we now have.

Furthermore, the rest of the world has the jump on us, in that other countries forbade their young scientists to enter the armed forces, while we drafted ours. Now we are a generation behind in scientific personnel. Other nations are not pinching pennies, either, in developing scientists: no expense is too great for them when it comes to educating prospective physicists and chemists. The work on rockets goes on steadily, and gives more and more reason for us to pay attention to the warning of men like Adams, who insist that our safety lies in wisdom, and not in drilling.

MORE CHANGES IN FACULTY ANNOUNCED BY PRESIDENT

Eight new teachers come and four resignations accepted

Eight new faculty appointments and four resignations have been announced by President Eisenhower.

Added to the staff are Raymond Verlin Olson, associate professor of agronomy; Parley W. Dennis and William W. Thomas, temporary assistant professors of botany and plant pathology; Gustave Fairbanks, agricultural engineering instructor in extension division; Carl Overley, agronomy instructor; Carroll W. Brooks, agricultural economics instructor in extension division; William B. Ackley, graduate assistant in horticulture; and Harold M. Riley, graduate assistant in agricultural economics.

Resignations have been accepted from H. Miles Heberer of the speech department, who has been on leave of absence; Ralph Mitchell, instructor in engineering extension; A. L. Olson, assistant chemist in the agricultural experiment station; and Mrs. Mildred C. Harold, temporary instructor for a comprehensive course.

Other changes at the College include the following:

Rodney L. Parth has been transferred from his position as county agent in Decatur county to that of assistant professor of agricultural economics in the extension division.

L. P. Reitz, professor of agronomy and senior agronomist in the College Agricultural Experiment Station, has resigned to become coordinator of Hard Red Winter Wheat Improvement for the U. S. Department of Agriculture.

FRATERNITIES AT COLLEGE PLEDGE 92 NEW MEMBERS

AKL's, AGR's, each have 14 new members

The 16 social fraternities at Kansas State have pledged 92 men since rush week in September, Dr. V. D. Foltz, faculty adviser to fraternities, has announced.

Alpha Kappa Lambda and Alpha Gamma Rho tied for the largest number of pledges with 14 each. Other fraternities and their numbers of pledges include Acacia, eight; Alpha Tau Omega, two; Beta Theta Pi, two; Delta Tau Delta, four; Farm House, three; Kappa Sigma, eight; Phi Delta Theta, five; Phi Kappa, four; Pi Kappa Alpha, seven; Sigma Alpha Epsilon, one; Sigma Nu, six; Sigma Phi Epsilon, five; Tau Kappa Epsilon, four; and Theta Xi, four.

KANSAS POETRY

Robert Conover, Editor

Winter Night

Evening Hush...
And a golden moon
Lifts from the brush
Like a toy balloon:
Makes delicate tracing
Across her pale rims
Of bare branches lacing
With upturned limbs.

Stillness of night...
Thru the frosty air
The moon's white light
Shines dazzling clear.
A hoot owl calls
In notes deep and slow,
An answer falls
Quavering and low

From bough of pine...
A lonely cadence.
Again and again
He calls, and from dense
Shadows she answers,
Till the listening air
Thrills and quivers
As a steel guitar.

—Nellie Reed Ludington

Sunflowers

By H. W. Davis

OUTLOOK

For the first seven or eight days the year 1947 has done pretty well not to mention all the resolutions already broken, resolutions to be a different somebody from the one you were in 1946.

As nations, I mean, we have behaved pretty well. Of course there has been a good deal of sputtering around at Washington, D. C.—much talk that this or that is going to be done and that or this not going to be done. But Washington, D. C., is not all the world, in spite of page one acting as if it were.

The point is—if there is a point—that the United Nations representatives have dispersed and gone home for relaxation, and the news, at least page one of it, carries on as if there were no longer any United Nations. And people who read the news, not having time to think, naturally assume that the whole future of the whole world depends on who is allowed to sit in Washington, D. C., and who isn't.

The front page of the newspaper has been responsible for a lot of the mistakes we make and it will be responsible for a lot more—in 1947—unless we learn that it is more concerned with what happened yesterday or last night than it is with the significance of what happened three days or four months ago.

News is what you find out too soon and history is what you find out too late. It is what you learn half-way between that makes you healthy, wealthy, wise, and more or less contented with your cerebral situation.

News will have "too much" to do with what we think, and approve and disapprove, in 1947. If we want to keep the world going fairly well, as it has been going for these seven or eight days, we the people of One World are going to have to cut that "too much" down to "just enough" by doing a little remembering as we read and deducting 25 or 30 per centum for mistakes made in an effort to be the first to tell.

I attribute much of the success of the United Nations, since it sort of slackened off for the holidays, primarily to the fact that there has been now news about it. If there were a rule that no head of state or no diplomat were allowed to make a speech or be misquoted on page one, there might never be another world war.

There can't be a war without news to make nations fighting mad. That may have more to do with how we get along in 1947, et cetera, than you think.

Poultry Team Wins Second

Kansas State's poultry judging team has won second place in the national poultry judging contest at Purdue University, Prof. L. F. Payne, head of the poultry husbandry department, has announced.

Eight teams entered the contest and were placed according to their ability. Missouri U. won first place and Iowa State and Louisiana University were third and fourth. Kansas State won two firsts and two seconds in individual judging events. Richard Eaton of Manhattan won third place in individual scoring and Kenneth McGinnes of Barnard, Mo., fourth.

AMONG THE ALUMNI

Clara (Goodrich) McNulty, BS '03, writes from Guatemala City, Guatemala: "I spent the summer in the east doing my usual craft teaching. Now I am here for two months enjoying the interesting sights in this city. Came via Pan American."

Carl L. Ibsen, EE '13 is manager of the industrial heating division of the General Electric Company. Mr. and Mrs. Ibsen and family live at 1420 Keyes Ave., Schenectady, N. Y.

A. E. Dyatt, CE '17 is assistant superintendent of airports for the Fourth Region, CAA, Department of Commerce. The Dyatt home is at 3240 Wingate, Fort Worth, Texas.

Lenora (Nicolay) Dotten, f. s. '17 and her husband, who recently retired from the public lighting commission in Detroit, Mich., now operate the Old Chimney Inn located on US highway 27 near Cheboygan, Mich.

Ernest L. Nicolay, f. s. '18, is president of Nicolay-Dancey, Inc., manufacturers of New Era potato chips. The plant is located at 5801 Grandy Ave., Detroit, Mich.

Nelson J. Anderson, '20, and Christine (Cool) Anderson, HE '21, live at Evansville, Ind. They have four children. Mr. Anderson is professor of chemistry at Evansville College.

Jennings E. Williams, DVM '21, writes from Neosho Falls: "I located here after graduation and have been here 25 years. I have a son who is a chemist for the state highway commission at Topeka and our daughter finished high school May 17."

Dr. George S. Jennings, Ag. '21, writes from Medford, Ore., that he and Mrs. Jennings have four children. "We love it here in Oregon," Dr. Jennings says. "Fishing and hunting are grand. One in our fishing party yesterday caught a 15-pound trout in Lake Odell."

Michael E. Ptacek, Ag. '22, is with the farm department of the J. C. Nichols Company, Kansas City, Mo. Mr. Ptacek and his wife, Jean (Hanna) Ptacek, GS '22, live at 5832 Wyandotte, Kansas City, Mo.

Charles O. Dailey, EE '23, and Mrs. Dailey live at 1213 Bertrand, Manhattan. Mr. Dailey is a training officer with the United States Veterans Administration.

Ernest L. Reichart, Ag. '24, and Myrna (Smale) Reichart, G. S. '25, are living at 110 North Franklin Street, Chicago, Ill. Mr. Reichart is assistant secretary of the National Cheese Institute.

Gavin M. Crawford, EE '25, is a patent attorney in the patent department of the Westinghouse Electric Corporation, East Pittsburgh, Pa. Mr. and Mrs. Crawford live at 300 Bevington Road, Pittsburgh, 21, Pa.

The address of Harry Dale Nichols, EE '26 and Mrs. Nichols and two children is 1731 Ash, Lawton, Okla.

L. H. Raynesford, EE '26, is owner of the Raynesford Dynamic Balancing Service, 1481 W. Water Street, Long Beach, 2, Calif.

Merville Larson, GS '27 and MS '29 and Hazel (Popham) Larson, f. s. '26 are living at Carbondale, Ill., where Mr. Larson is chairman of the speech department at Southern Illinois Normal University.

Ellen (Morlan) Warren, IJ '28 and her husband, R. H. Warren, f. s., are living on a farm near White Cloud.

Myra Thelma (Potter) Bregger, BS '28 and MS '30, sent a Christmas greeting letter from 102 Oak Terrace, Clemson, S. C. Mr. and Mrs. Bregger have three children. "I practically have my plane reservation for May 15, 1948, to come back for my 20th class reunion," Mrs. Bregger wrote.

Theodore R. Varney, GS '29 and Helene (Hahn) Varney, GS '32, are living at 1605 Humboldt, Manhattan. Mr. Varney is owner of the College Book Store.

Ross A. St. John, '30, is a work unit conservationist with the soil conservation service. Mr. and Mrs. St. John and daughter live at 126 North Olivette, McPherson.

Ray Russell, ME '30 and C. D. Richardson, EE '30 operate the R. & R. Service Station, Hugoton. Mr. Russell and Dorothy (Miller) Russell, f. s. '30, have a daughter, Beverly Ray, 10. Mr. and Mrs. Richard-

son have two children, Bruce, 15, and Judy, 11.

Byron I. Cousins, EE '31 and Mrs. Cousins live at 1721 Humboldt, Manhattan. Mr. Cousins is a switchman for the Southwestern Bell Telephone Company.

Karl J. Svaty, CE '32 and Mrs. Svaty are living at 2514 Graham, Wichita. Mr. Svaty was a lieutenant commander in the Navy during the war. He now is a civil engineer in Wichita.

Joyce W. Miller, Ag. '33, writes from route one, Sycamore: "Mrs. Miller and I announce the birth of our daughter, Meredith Ann. She was born September 20. I am teaching vocational agriculture in the Neodesha high school in the mornings and farming in the afternoons. I am raising purebred Herefords."

E. W. Peck, DVM '33, and Mrs. Peck live with their two children Eugene and Dorothy Lee at Auburn, Nebr. Dr. Peck served as a major in the southwest Pacific for 16 months. His terminal leave ended in March, 1946.

Jack A. Lowell, PE '34, is farming near Jewell. His address is route 2.

Melvin M. Rabstein, DVM '34 and MS '37 and Louise (Sklar) Rabstein, DVM '34, are veterinarians at Frederick, Md. Their address is 301 West Patrick Street, Frederick. They have two children, Jeanne and Susan.

Charles C. Murphy, I. Chem. '35 is a chemist for the International Milling Company, Minneapolis, Minn.

John Hayes Howard, EE '35 is research supervisor for a new company, Engineering Research Associates, Inc., St. Paul, Minn. His address is 1772 Laurel Street, St. Paul, 4, Minn. Mr. and Mrs. Howard have two children, John, Jr., and Christina. Recently the Legion of Merit was awarded to Mr. Howard, who served in the Navy from February 1943 to April 1946. He was a lieutenant at the time of his release.

Francis J. Perrier, ME '34 and Alice (Barrier) Perrier, HE '36, and three children live on Star Route, Eureka. The Perriers own and operate the Dalebanks Farms. They have a herd of registered Aberdeen-Angus cattle.

Doris E. Ekstrom, MS '37 has been named associate professor of home economics at Pennsylvania State College. She formerly was on the faculties at Ohio State University and the University of Tennessee. She also taught at Dodge City and Clyde.

Edison Greer, MS '38 is associate professor of mathematics at Kansas State College. Mr. and Mrs. Greer and son, Marvin, live at 1600 Pierre, Manhattan.

Harold E. Brown, CE '39 and Mrs. Brown and two children, Gary Lee and Michael Donald, live at 233 East Kirwin, Salina. Mr. Brown is a member of the firm, Brown and Brown, Inc., general contractors. He was in the Navy two years.

Herbert C. Steinhause, Ag. '40 and Winifred (Whipple) Steinhause, PE '38 are living at 631 N. Belleforte, Oak Park, Ill. Mr. Steinhause was a calf buyer for Swift and Company at Omaha and recently was transferred to Swift and Company at Chicago as a beef man in the commercial marketing research department.

Clarence A. Bechtold, Ag. '41 teaches vocational agriculture in the high school at Bird City. He writes: "While in the service the past few years THE INDUSTRIALIST had become a habit with me and I hardly feel that I can be without it either while here in the States and comparatively close to Manhattan where THE INDUSTRIALIST news originates."

Leonard H. Akes, GS '42, is living at 1233 Oread, Lawrence. He is in the medical school at Kansas University.

Theodore W. Levin, Ag. '42, is farming 540 acres near Agra. He recently raised 1,600 turkeys.

Fred B. Ogilvie, DVM '43, and Mrs. Ogilvie are living at 1112 Minnesota Ave., Kansas City, Kan. Dr. Ogilvie has established a small animal hospital under the name of the Blue Cross Small Animal Hospital in Kansas City.

Eleanore (Cooper) Tolleshang, HE '44 writes: "On June 8, 1946, I

married Norman J. Tolleshang of Rainier, Ore. I taught in Rainier last year. Norman attended Oregon State College 2½ years before entering the service. At the present I am just keeping house. My address is 1508 Ninth Avenue, Apt. 5, Longview, Wash."

Dick Olson, DVM '45 is at Reno, Nevada, and is associated with H. G. Reagor, DVM, '45 and his father. "I am getting some wonderful experience and seeing beautiful country," Dr. Olson writes. He is a life member of the alumni association, having recently made his final payment.

Wilbur W. Hart, Ag. '46 is teaching vocational agriculture in the high school at Howard.

Maria S. Friesen, MS '46 is teaching clothing and costume design in the Eastern New Mexico College, Portales, N. M.

MARRIAGES

SCOTT—McDONALD

The marriage of Marian Scott to Terrence E. McDonald, D. V. M. '43, took place September 15. Dr. McDonald is a veterinarian at Perry's Small Animal Hospital and Mrs. McDonald teaches at L'Ouverture school. Their address is 1347 Cleveland, Wichita.

GALLIART—BAXTER

Barbara (Giles) Galliard and Fremont Harrison Baxter, Landscape Design, '46, were married October 4 at the Presbyterian church in Manhattan. The Rev. John D. Clyde of Lincoln, Nebr., and the Rev. A. G. Cheney of Conway Springs officiated. Mr. Baxter was a lieutenant in the U. S. Navy four years. He is extension agricultural specialist in landscape architecture at Kansas State College.

KUBIN—PRAEGER

Dr. and Mrs. Edison F. Kubin of McPherson have announced the marriage of their daughter, Deborah Louise, f. s., to Kenneth H. Praeger, Ag. '40 on Tuesday, October 29, at McPherson. Mr. and Mrs. Praeger now are at home at Clafin.

MEYER—TUBBS

Harden H. Tubbs, M. E. '41 and Naydene A. Meyer were married October 13. Mr. and Mrs. Tubbs took a two weeks' honeymoon to Havana, Cuba, and now live at 1726 E. Kellogg, Wichita. He is employed by the Boeing Airplane Company of Wichita as chief service engineer.

BEVER—MASON

Harold Mason, B. A. '43, and Maxine Bever of Farlington were married October 20 at the Linwood Methodist church, Kansas City, Mo. Their address is 3728 Pennsylvania, Kansas City, 2, Mo.

COLMERY—MARTIN

Sarah Elizabeth Colmery and Lt. Paul Thomas Martin, Ch. E. '44, were married October 27 at the First Presbyterian church in Topeka. Dr. Orlo Choguill, pastor of the church, read the marriage service. While in school, Lieutenant Martin was president of his fraternity, Sigma Alpha Epsilon, president of the senior class and the inter-fraternity council and was editor of the K-State Engineer. Their address is 858½ D. Street, Coronado, Calif.

BIRTHS

Lourie (Shoffner) Frederick, f. s., and Hobart W. Frederick, Ag. '41, announce the birth of a son, Rodney Scott, November 27. Mr. Frederick has been assistant county agent in Sedgwick County the past year. The Fredericks live at 2037 S. Kansas, Wichita.

Janis Kay was born December 7 to Dorothy (Obercht) Ekdahl, H. E. '31 and Oscar Ekdahl, Arch. '33. The Ekdahls have a son, John, 4 years old. Their home is at 2713 Harland Court, Topeka.

Mary Marie (Olson) Stanley, H. E. '42 and F. D. Stanley, 4602 Bayley Street, Wichita, are parents of twin sons, Francis Denis and Franklin Dale, born September 10 at the Wesley hospital in Wichita.

John J. Rhodes, Com. '38, and Mrs. Rhodes have a new son, Thomas Harvey, born December 4 at the Good Samaritan hospital, Phoenix, Ariz. They have another son, John J. Rhodes III, aged 3. The Rhodes fam-

ily lives at 240 North Macdonald, Mesa, Ariz.

DEATHS

MERRILL

Dr. J. H. Merrill, associate professor of apiculture and assistant apiculturist in the experiment station, department of entomology, Kansas State College, from 1912 to 1925, died at his home in Raynham Center, Mass., November 21. Dr. Merrill, who was state apiarist of Kansas from 1918 to 1925, was one of the rare scientists who accomplished much under a great physical handicap. With limbs completely paralyzed, he used his keen mind to stimulate and direct the work of his students in apicultural research with such success he might be considered another Huber. He is survived by his wife, Lillian, a son, Joseph Henry Jr., and a daughter, Frances.

MYERS

Lt. Hugh Garry Myers, Ag. '38, died November 21 at the Brooklyn Naval Hospital, Brooklyn, N. Y. He was born Aug. 17, 1916, on a farm near Barnard. He received his master's degree in 1941 at the University of Kentucky. In 1942 he was associated with the Garden City branch experiment station and in 1943 he became a member of the faculty in the agronomy department at KSC. He entered the service June 25, 1944. Survivors include the widow and two children, Garry Don, 5, and Judy Ann, 3.

HEPLER APPOINTED TO HELP FOREIGN AG EXTENSION WORK

Recently returned from Philippines with Dean Call mission

John V. Hepler, who recently returned as a member of the agricultural mission to the Philippines headed by L. E. Call, former dean of the School of Agriculture and director of the Kansas Agricultural Experiment Station, has been appointed to the extension and training section in the Technical Collaborations branch, Office of Foreign Agricultural Relations, United States Department of Agriculture.

He will be headquartered in Washington, D. C., and will be working with agricultural trainees and visitors coming into the United States to study phases of American agriculture.

He was graduated in 1915 and is concluding his thirtieth year in extension work. He started as a county agent in Ford County in 1917 and was in county agent work until 1930 when he became district agent for the northwest district of Kansas, with headquarters in Manhattan. In 1941 he became director of extension for the South Dakota State College where he remained four years. Prior to the mission in the Philippines, he spent a year and half as area director for the north central states in the farm labor program of the extension service.

Studies Foreign Trade

A former student, William C. Moore, enrolled here from 1935 to 1937, is a member of the first class at the newly established American Institute for Foreign Trade. This started October 1 at Thunderbird Field in Arizona.

RECENT HAPPENINGS ON THE HILL

Manhattan received nationwide publicity January 4 when the mercury dropped to 31 degrees below zero to set the record low for that day in the United States.

If and when the mercury rises, the first occupants of the million dollar Federal Projects Housing Authority project on the west side of the campus will move into their apartments, according to the housing coordinator. Twenty-four units are ready as soon as the buildings can be checked and water lines can be opened. Other buildings should be completed soon after a break in the weather, according to the assistant superintendent of construction.

Hugh R. Burton, freshman in arts and sciences from Fredonia, was killed Christmas eve as he was rabbit hunting with friends.

Lloyd Evans, WIBW announcer, will be master of ceremonies for the Individuals' Variety Show sponsored by the YMCA and YWCA, January 17 in the College Auditorium.

A former student now back in her native China, Miss Jean Chen, has contributed \$20,000 to the memorial chapel fund, but the contribution, made in Chinese money, is worth only \$5 here.

The Royal Purple, which will go to press soon, will be almost a hundred pages larger than in previous years, according to C. J. Medlin, graduate manager of school publications. The Student Directory will be distributed this week.

New officers have been elected by Chaparajos, rodeo organization at the College. They are Dick Warren, Arkansas City, president; Louis Taylor, Wichita, vice-president; Richard Jepson, Carleton, secretary; Wilbur Howell, Wallace, treasurer; Mary Riley, Fredonia, corresponding secretary; Richard Clennin, Tulsa, Texas, historian; and Mrs. Wilbur Howell, Wallace, publicity chairman. The club is similar to other rodeo organizations in southwestern colleges. It plans a rodeo May 23 and 24.

Paul H. Gwin, journalism student from Junction City, is winner of a Christmas short story contest at the College. The contest, an annual pre-war event, is sponsored by the local chapter of Quill Club, national creative writing society. Gwin was awarded a \$10 prize for a story of Christmas in the Philippines.

Practices What She Preaches

Marjorie Nace of Dwight, journalism student at the College, believes what she writes. Less than an hour after she finished writing an article for the Kansas State Collegian on the "friendly atmosphere, beautiful nurses, understanding doctors, soft beds and delicious food" to be found in the student hospital, she was in bed there. The doctors said—overwork.

BE A K-STATE CHIME RINGER!

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel and chime tower in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

EISENHOWER EXPLAINS UNESCO PLANS FOR DEFENSE OF PEACE

(Continued from page one)

preparatory commission. Those of us who went to Paris to represent the United States were all members of the national commission; so we had studied our lessons before we went to school!

Surprisingly little difficulty was experienced at Paris in formulating a program which represented essentially the unanimous judgment of the delegates of all participating nations. Everyone seemed to respect the other fellow, and to be anxious to find the common denominators in the world's varying cultures. World collaboration must of course respect every person's and every nation's right to be different. At the same time, it is the real philosophic problem of UNESCO to find common ground for understanding and agreement between diverse philosophies and religions.

MANY PROJECTS PLANNED

I wish I could describe to you briefly the many projects the nations developed at Paris for the coming year. There isn't room in the Industrialist. All projects finally selected constitute a coherent whole; yet, for convenience, they may be divided into these general areas: Education, mass communication, natural sciences, social sciences, humanities, creative arts, and libraries and museums. These are the channels through which educational, scientific, and cultural cooperation will be advanced. Let me give you just three examples.

We approved a project for the development of minimal educational standards which may contribute to the vital struggle against illiteracy. This project was started in the conviction that the present educational inequality between nations represents a danger to the peace of the world, which cannot become one if half of it remains illiterate. UNESCO will not, of course, interfere in educational activities within any nation. It will make basic studies and provide suitable materials which can be used, if desired, at all levels of education and in mass communication.

AN ETHICS YARDSTICK

A second project involves the preparation of a set of principles or code of ethics by which each nation may, as it sees fit, analyze its own textbooks and teaching materials in order to determine their adequacy in promoting essential and objective understanding of other nations and peoples on the part of those who use the textbooks.

The third example I want to mention is in the field of mass communication. Today, 80 percent of all the peoples of the world obtain news only after it is filtered through some form of censorship. Tariffs, quotas, and other barriers impede the free interflow of books, magazines, and motion pictures. Hence, UNESCO will at once undertake studies looking to the removal of barriers obstructing the flow of communication. We must not expect, in this, spectacular results overnight, but surely eventually freedom to obtain the truth readily and cheaply from any and all sources must be recognized as an inalienable human right of every person, everywhere. The truth can, if we will be wise, make us free. Without truth or with only filtered truth, there will be no freedom and no peace.

ALL PEOPLES MUST HELP

Now, I must underscore the fact that UNESCO cannot by itself bring about the degree of common understanding we need. Functioning alone, UNESCO would be no more effective than a man trying to run a race with his shirttail caught in a door. The projects of UNESCO are, in the last analysis, proposals for action by all the peoples of the world. Without the helpful, sincere cooperation of the member nations, UNESCO can do nothing and be nothing. Without the earnest, willing cooperation of human beings everywhere, UNESCO can have no reality and no true meaning.

What, then, do the people of the United States propose to do about implementing UNESCO's program? What does Kansas State College propose to do. What does each of us—you, too—propose to do?

REGIONAL CONFERENCES SOON

Early in 1947, the United States National Commission for UNESCO will call a nationwide conference of educators, scientists, and others inter-

ested. This will be followed by regional conferences. My task as chairman of the United States National Commission is to bring UNESCO's program closer to the American people—at least as far as these national and regional conferences. At each of these, the UNESCO program will be explained and analyzed, and the cooperation of educational agencies, mass media, youth groups, civic clubs, learned societies, women's clubs, and others will be sought in moving into vitalized action the program and purposes which are now only words on paper.

WHAT CAN K. S. C. DO?

But this is only a beginning. A people's peace can be determined only by the people. The understanding which a few government officials, educators, and diplomats may achieve will avail a democratic world nothing unless the understanding is shared by all the people. So—what are our schools, churches, civic clubs, youth groups, and others going to do? I repeat, what is Kansas State College going to do? And what are you going to do?

I shall try to write you again soon and suggest what I think we should be doing. This letter is already too long. Let me close with two important observations.

NEED IN EVERY NATION

First, I have talked with some who would condemn UNESCO at its inception because all countries, including Russia, do not now cooperate in it. That a single nation, great or small, should stand aloof, is regrettable. But what the world cannot unanimously undertake today, part of the world can begin. We must not shrug away our own responsibility by saying that the real need for understanding is between only two nations or two regions of the world. The need is within every nation and between all nations. So surely we may begin our task with that hope that what benefits part of mankind will in time, perhaps soon, commend itself to all peoples everywhere.

My second observation is this: UNESCO at its first meeting produced a program for common action to construct in the minds of men such defenses of the peace as the minds of men can maintain. If it is possible in the present dark atmosphere of cynicism, suspicion, and despair for people to agree upon anything, they should, I think, be able to agree upon UNESCO's purposes and program. Surely all who have the capacity to think at all can agree together on the end of peace. Agreeing on that end, people everywhere should be able to agree that there are steps by which the end can be approached. Some of these steps have now been determined at the international level. We must next determine them for the national, regional, local, and individual levels in every country of the world.

Sincerely yours,

John C. Dart

The Mississippi

The 1947 Kansas Magazine

CONTRIBUTIONS FOR CHAPEL, CHIME TOWER NEAR \$50,000

(Continued from page one)

former Lucile Rogers, was graduated with a home economics degree. She was a member of Kappa Kappa Gamma and was ROTC honorary major during her sophomore year.

Hazel Russell Zimmerman, White-water, contributed \$600 to the fund. She was graduated from Kansas State with a degree in home economics and is a member of the board of directors of the KSC Alumni Association.

SEVERAL GIFTS OF \$500

A. E. Mize, Atchison, president of Blish, Mize and Silliman Hardware Company, gave \$500 to the fund. He attended Kansas State in 1886.

Merle W. Converse, Eskridge farmer and stockman, and his wife, Nellie Hunt Converse, both graduates of the College, have made a cash gift of \$500 to the fund. Mr. Converse received his degree in agriculture and Mrs. Converse in home economics.

Herman Praeger, Claffin farmer and Mrs. Praeger, both graduates of the College, contributed \$200 to the fund.

A check for \$1,000 was received by President Eisenhower from Anna Maude Smith, a business woman at Oklahoma City, Okla. Miss Smith is a graduate of the College in home economics.

RABBI SENDS GIFT

Another check for \$100 was received by President Eisenhower from Rabbi Gershon Hadas, Kansas City, Mo., acting in behalf of the Sosland Brothers of the Board of Trade building in Kansas City.

"The Sosland Brothers have turned over to me a very generous sum for distribution to various institutions," Rabbi Hadas wrote. "Although they did not specify the particular institutions I know they are very much interested in the Memorial Chapel which your college is building."

An anonymous contributor has given \$1,000 to the fund, President Eisenhower announced.

Mr. and Mrs. Joe Robertson of Ewing, Indiana, have given \$150 to the chapel fund and another \$150 to the Laura Falkenrich Baxter Scholarship Fund. Mr. Robertson was graduated from the College in 1940 in milling industry. Mrs. Robertson is the daughter of Mrs. Laura Baxter, associate professor of education, for whom the scholarship is named.

Herb J. Barr and Sons have contributed \$100 to the chapel fund. Mr. Barr is state representative from Leoti. Two \$100 bonds have been received from M. A. Edwards of the General Electric Company, Schenectady, N. Y., who was graduated from the College in electrical engineering in 1928. His gift is to be used for such purposes as the alumni association sees fit.

MONEY FROM FOREIGN COUNTRIES

Some money has been received from foreign countries. Mr. and Mrs. John C. Dart, Lima, Peru, and Kim

Ak Ching, Honolulu, Hawaii, sent in contributions.

The chapel will be a memorial to the 5,000 K-Staters who served in World War II and especially to the 200 who died. It will be constructed of native limestone to conform with other buildings on the campus.

An extensive fund-raising campaign now is under way over the United States and especially in Kansas to raise the \$275,000 for the chapel. Funds should be sent to the Kansas State College Endowment Association, Manhattan.

LIST OF CONTRIBUTORS

An incomplete list of contributors as compiled by Dr. Grimes:

Kappa Delta Sorority, KSC; Mary F. Briles, KSC; Isabelle G. Dunbar, Station Hospital, New Orleans, La.; Mrs. Esther G. McClanahan, Lewis; Vesta Smith, 208 North 28th Street, Parsons; Mrs. Thomas H. Allen, 339 South Belmont, Wichita.

Mrs. Mary Jobling Harrison, 2374 Pine Avenue, Long Beach, Calif.; Florence Harold, 112 South Park, Parsons; Dr. Mary T. Harman, Dorothy Lawhead, Betty Alkire, Carol Campbell, Charles W. Matthews, Betty June Behney, Kathryn McKinney, Billie Parkins, J. Forrest West, Elizabeth McCracken, Dr. F. C. Gates.

WILDCAT FIVE OPENS BIG 6 SEASON WITH VICTORY OVER CORNHUSKERS

(Continued from page one)

spirit of Gardner's crew showed through as they cut Washburn's late game seven-point advantage and went on to win. Forward Rick Harman, Hoisington, tallied nine points to lead the Wildcat scorers.

DEFEAT MONTANA FIVE HERE

Nichols Gymnasium was the scene of another Wildcat victory Saturday night, December 28, when the K-State crew defeated a smooth-working Montana State quintet 51 to 40.

Paced by Ray Kuka, a former Notre Dame star, the Montana State team kept the margin close, although the Wildcats led most of the way after overhauling an early Bobcat advantage.

Nine Wildcats shared in the scoring in the tilt, with Guard Jack Dean, Harveyville, showing the way with 14 points. Weatherby was second high with eight. Game honors went to the tall, lithe Kuka who registered 16 points.

December 26, the Wildcats scored a 48 to 41 victory over the Wichita university Wheatshockers who had been unbeaten in 1946-47 play and who had won 11 of their previous 12 contests.

SPOILS WICHITA'S RECORD

It was a rough, ragged battle as the smaller Wichitans sought to overcome a considerable Wildcat height advantage. More than 4,000 fans, including a large Kansas State alumni group, watched K-State spoil the Wichita record in Wichita's Forum.

In a preliminary contest, Coach Danny Howe's Wildcat B team, which won two games and lost one during the holidays, defeated the Shocker seconds 47 to 40 after trailing most of the game.

In their final pre-vacation outing, the Wildcats romped to a 74 to 37 victory over Drake's Bulldogs in Nichols Gym. It was the second victory for the Wildcats over the Drake club, although the first contest was won by a 46 to 43 score only after two bitter overtime periods.

The 74-point Wildcat total represented a new modern Wildcat scoring record, eclipsing the 70-point mark established by the 1944-45 Wildcats.

Harold Howey, forward from Kansas City, Mo., the big gun in scoring for K-State in the Nebraska game by tossing in nearly half of the points made by the State quintet.

against Nebraska. Weatherby led the Wildcat scorers to the victory with 13 points, while Harman contributed ten counters.

BEEES WALLOP HAWAII

The same evening, the Wildcat B quintet roared to a 60 to 27 win over the touring Hawaiian All-Star team, using superior height and the red hot basketeye of Glen Mitchum, Kansas City, to subdue the speedy little Islanders.

Mitchum led the Kittens with 16 points, most of them coming on long shots.

Rounding out the holiday schedule, the K-State seconds bowed to the Kansas University B team, 34 to 49. The Jayhawk seconds tossed a fast-breaking, smooth-working offense and an iron-clad defense against the Cats, who had one of their coldest evenings of the season. Guard George Mann paced the Kittens with ten points, while Orbon Tice led K. U. with 13 counters.

NEW CHAIRMEN OF LOCAL FINANCIAL CAMPAIGNS FOR PROPOSED MEMORIAL CHAPEL ARE ANNOUNCED

Forty-eight men and women named to work on fund-raising drive in communities over the state

Names of newly-appointed chairmen to be in charge of local financial campaigns for the World War II all-faith memorial chapel and chime tower at Kansas State were announced today by Kenney L. Ford, alumni secretary.

The new chairmen: K. B. Dusenbury, Lyndon, Osage County; Walter J. Campbell, Lyndon; H. L. Gamble, Osage City; F. C. Butel, Overbrook; Alvin Morgan, southwest corner of Osage County; Dr. Ben Shambaugh, Burlington, Coffey County; Faye Mueller, Burlington; S. Ray Smith, LeRoy; Jackson George and Harold Davies, Lebo; Elmer Schneider, Gridley; Earl Bunge, Waverly; Bill Batdorff and Glick Fockele, publicity chairmen in Coffey County.

Dr. A. W. Brecheisen, Garnett, Anderson County; Kenneth G. Knause, Garnett; Roland C. Rogler, Kincaid; Albert Knoepfel, Colony; Dr. A. A. Brecheisen, Welda; L. E. Moody, Chanute, Neosho County; Ebur Schultz, Chanute; Floyd E. Davidson, Thayer; Mrs. Lester Shephard, Erie.

Maurice Wyckoff, Altamont, Labette County; L. W. Compton and W. L. McFillen, Parsons; Robert Carpenter, Oswego; Edward Zahn, Altamont; Tom Hampson, Fredonia, Wilson County; Jack Heywood, Neodesha; J. C. Geiger, Fredonia.

Ira A. Wilson, Winfield, Cowley County; Robert E. Kitch, Winfield; Bob Wilson, Arkansas City; Earl Kielhorn, Cambridge; William Hardy Jr., southeast Cowley County.

Mrs. Albert Criger, Howard, Elk County; Rolla Holland, Cedar Vale, Chautauqua County; Dr. Estella Edwards, Cedar Vale; Walter Denman, Sedan; Dr. Robert Moody, Yates Center, Woodson County; Merle Converse, Eskridge, Wabaunsee County; Mrs. C. O. Nelson, Alma; Charles E. Clark, Paxico; Pearl Martin, Eskridge; Mr. and Mrs. Warner Adams, Maple Hill; Dr. G. M. Umberger, Harveyville; Ross Stice, Alta Vista.

The new chairmen were named at a series of alumni meetings in the counties and communities during the week of January 6. Kenney L. Ford, KSC alumni secretary, and H. O. Dendurent, assistant alumni secretary, were speakers at each of the meetings.

DR. EDWIN MILLER HONORED FOR PLANT PHYSIOLOGY WORK

National society presents award for retired professor

Dr. Edwin C. Miller, professor emeritus of plant physiology at the College, now living on his farm in Ohio, was honored with the Charles Reid Barnes Life membership award by the American Society of Plant Physiologists. This award is one of two outstanding honors granted annually by that organization.

The committee in making the selection and award said, "We are indebted to Professor Miller for many important contributions to our knowledge of water relations and carbohydrate metabolism, particularly as they apply to the maize plant. Professor Miller is, perhaps, best known for his comprehensive textbook of plant physiology."

Dr. Miller is the twenty-fourth scientist to receive this award. He was connected with the Department of Botany and Plant Pathology here for 35 years before his retirement.

Certified in Air Conditioning

Fifteen men will receive certificates in February from a thirteen-month short course in refrigeration and air conditioning, it was announced by G. A. Sellers, head of the shop practice department. Most of the men enrolled will take positions as servicemen or salesmen for air conditioning and refrigeration companies. A few will continue their studies at Kansas State.

KSC GRAD WILLIS N. KELLY TO HEAD KANSAS STATE BOARD OF REGENTS

Willis N. Kelly, Hutchinson, who was graduated from Kansas State in 1912, has been elected chairman of the state board of regents, according to an announcement from Topeka. This is the first time that a K-State alumnus has been chairman of the board governing the five state schools since its organization in 1925.

The only other K-State alumnus member of the board, Grover Poole, Manhattan, was reappointed to a four-year term by Governor Schoepel recently. Also reappointed were Drew McLaughlin, Paola, and Dr. L. B. Spake, Kansas City. Dr. Spake is the retiring chairman.

The board of regents has charge of the administration of the five state schools and vocational schools. It is composed of nine members. Hubert Brighton, Topeka, was reelected secretary of the board.

Kelly, who was first named to the board of regents in February, 1941, is vice-president of the William Kelly Milling Company in Hutchinson, which was founded by his father. A son, William G. Kelly, was graduated in milling in 1942. The new board of regents chairman was mayor of Hutchinson for several terms.

GIFT FOR CHAPEL, CHIME TOWER MADE AN INDIVIDUAL MEMORIAL

An individual memorial in the form of a nave pew and cushion will be established in the World War II chapel and chime tower at the College for Major Arlie W. Higgins, a 1929 graduate who died October 24, 1944, in the South China Sea about 200 miles from the China coast.

The memorial, to cost \$200, is being established by Mrs. Venita G. Higgins, San Antonio, Texas, widow of Major Higgins; Mrs. Hester E. Higgins, Seneca, mother; and Mrs. Gladys Post, Fort Collins, Colo., and Mrs. Grace Myers, Havensville, sisters.

A \$1,000 contribution has been made by Mr. and Mrs. L. R. Eakin, Mayflower Hotel, Washington, D. C., President Eisenhower announced.

The gift was made to the College through the Endowment Association. Mr. Eakin for many years was a prominent Manhattan businessman. Mrs. Eakin, the former Mabel Gillespie, attended Kansas State. After Mr. Eakin's retirement in 1925, they moved to Washington.

Contributions of \$1,275 last week have swelled to nearly \$2,500 the total given in Manhattan for the proposed chapel and chime tower.

The following contributions were reported by R. P. Martin, chairman of the Manhattan committee: Dan Casement, \$500; Fred Boone, Sr., \$250; Sam Saroff, \$200; Buell Rudwick, \$150; Ted Varney, \$100; H. L. Wylie, \$50; and E. L. Wilson, \$25.

Alpha Xi Delta sorority in Manhattan will contribute \$500 toward a single stained glass window in the main chapel of the World War II memorial. A check for \$50 has been received by the college as a payment toward the window.

Mrs. Joseph W. Deal of Laramie, Wyo., has contributed \$100 to the chapel fund.

Adds To Market News

Station KSAC at the College has recently added a daily news broadcast and more extensive market reports to its Farm Hour program, daily, Monday through Friday, from 12:30 to 1:30 p. m.

HOBBS ADAMS

AGRICULTURAL WEEK WILL BE FEBRUARY 4 TO 7 AT COLLEGE

This and six district conferences replace Farm-Home Week

February 4, 5, 6, and 7 have been announced as the dates for Agricultural Week at the College with programs planned for dairy, poultry, agronomy, beekeepers, and livestock sections that will attract hundreds of Kansas farmers and stockmen to the college campus. Included on the roster of speakers are a number of out-of-state agricultural authorities.

In addition to Agricultural Week, the College Extension Service, is sponsoring a series of six district Farm and Home Week conferences over the state. The first of these conferences was in Topeka December 5 and 6. The second is scheduled for Coffeyville, January 21 and 22. Four additional conferences are held during February.

L. C. Williams, assistant director of the extension service, who is chairman of the district conferences and of Agricultural Week, said that shortage of housing facilities in Manhattan made it impossible to hold the full-scale Farm and Home Week on the campus this year.

Annual meetings of the state breed associations will be held February 4, followed on the next day with a full day's program in current dairy problems and research. The annual meeting of the Kansas Purebred Dairy Cattle Breeders Council is set for the morning of February 3.

BREED ASSOCIATIONS FEB. 4

Breed associations that will meet February 4 and their presidents are: Kansas Ayrshire Club, P. H. Penner, Hillsboro; Kansas Brown Swiss Cattle Breeders Association, Frank M. Webber, Kingman; Kansas Guernsey Breeders Association, H. D. Hyer, Olathe; Holstein-Friesian Association of Kansas, K. W. Phillips, Manhattan; Kansas Jersey Club, Cecil Werneke, Caldwell; and Kansas Milking Shorthorn Society, C. O. Heidebrecht, Inman.

Out-of-state speakers at the dairy session on February 5 and 6 are headed by J. B. Fitch, chief of the division of dairy husbandry, University of Minnesota, formerly of the College.

A one-day poultry program opens at 9:30 o'clock the morning of February 4 and is concluded late that afternoon by a visit to the college poultry farm. Walter Atzenweiler, agricultural commissioner, Kansas City, Mo., Chamber of Commerce, presents the Kansas poultry improvement flock winners at 3 o'clock that afternoon. Latest research on poultry marketing and production will be presented by members of the college staff including: M. A. Seaton, Paul Kelley, J. S. Hughes, A. M. Guhl, and L. F. Payne. The producer's point of view will be given by George Parsons, general farmer, Manhattan, who speaks on "Poultry—An Improvement Enterprise on Our Farm."

DEAN CALL TO SPEAK

The agronomy program, February 5 and 6, includes meetings of the

"HOBBS" ADAMS RESIGNS AS DIRECTOR OF ATHLETICS TO CONTINUE WITH FOOTBALL COACHING PROFESSION

No definite time for his departure set says President Eisenhower in letter expressing regret for decision

J. H. "Hobbs" Adams has notified President Milton S. Eisenhower and the athletics council that he has decided not to remain as director of athletics at the College.

Adams said that his decision to leave Kansas State is based on his desire to continue with football coaching and also because of a number of excellent offers he has received from other institutions.

ROOM FOR 500 NEW STUDENTS IN FEBRUARY SAYS EISENHOWER

Despite its record-breaking enrollment this fall, Kansas State will be able to accept a limited number of new students from Kansas for second semester which begins in mid-February, President Milton S. Eisenhower has announced.

The College will be able to enroll a minimum of 500 new students as a result of the graduation of 200 seniors at the end of the current term and a normal between-semester drop in enrollment, President Eisenhower said. Because of strained College facilities, only Kansas residents can be accepted, he added. Enrollment this fall exceeded 6,500.

"Students wishing to enter College would be wise to enroll next semester instead of waiting until next fall, when enrollment is expected to reach an unprecedented 7,500 students," President Eisenhower said.

Transcripts for students planning to enroll next semester should be at the College by February 1 to insure against delay in registration. Orientation and testing of new freshmen will be from February 6-13. Classes begin February 14.

Housing for at least 500 new unmarried men students will be available next semester on the campus and in private homes in Manhattan, according to President Eisenhower. No easing in the housing shortage for married students is seen.

Graduating seniors and a normal end-of-semester drop in enrollment will leave about 5,500 of the College's present 6,500 in school next semester, President Eisenhower said. However, students who have already applied for admission and others who were unable to enroll last fall are expected to bring the figure to about 6,000.

DEAN UMBERGER NAMED TO HEAD HONORARY SOCIETY

National group of extension workers choose K-Stater

H. Umberger, dean and director of the College Extension Service, has been named grand director of the national Epsilon Sigma Phi organization. This fraternity is the national honorary extension organization for men and women who have been employed as extension workers for a period of ten years or more. Dean Umberger has been grand vice-director for the past two years.

In 1942 he received a distinguished service award made by that organization for distinguished work in extension. He became dean of extension and director of the Kansas Extension Service in 1919. He was graduated from Kansas State in 1905.

GRADUATING SENIORS VOTE TO GIVE CHAPEL WINDOW

Donation of \$1 each to be made by about 800 students

The farewell gift by the 1947 graduating seniors will be a window for the World War II memorial chapel and chime tower, Merrill Werts, class president, has announced.

At a recent meeting class members voted to donate a dollar apiece to pay for the window which will cost between \$500 and \$700. The gifts will be made by those who graduate in February, June and at the end of the summer session, totaling about 800 seniors.

In expressing his regret at the decision, President Eisenhower praised the work that Adams has done at the College, saying that he has broadened the athletics program and established a solid athletics and financial foundation on which a successor can build.

"I want you to know that I would recommend you without qualification for any athletic post in the United States," President Eisenhower said in a letter to Adams.

The athletics council had previously separated the posts of director of athletics and head football coach and had approved Adams' request to be relieved of his duties as football coach. The council will begin at once to interview candidates for each of the two positions.

NO TIME SET FOR DEPARTURE

A definite time for Adams' departure from Kansas State has not been determined. President Eisenhower has asked him to remain on the job until a successor can be named.

The letters of Director Adams and President Eisenhower were released at the President's office.

The complete text of Adams' letter, dated Saturday, is as follows: "My desire to stay with the coaching profession, and a number of fine opportunities which have recently opened up for me in this field, prompt me to notify you now that I will not accept a renewal of my contract as director of athletics at Kansas State College.

"You will recall that when I became director, I told you and the athletics council that I did not wish to give up coaching. I was therefore assigned the dual job of director and head football coach. At the end of the season, and during your absence, I asked the athletics council to relieve me of my duties as head football coach, but as I have thought the matter over I have found that I must stick to my original intention not to give up coaching, in which I have been engaged for a good many years.

ENJOYED WORK HERE

"I have enjoyed my contacts with the many fine Kansas State alumni, faculty, administrators, athletics council, students, and athletes, and with the Manhattan townspeople.

"I personally want to thank you for your whole-hearted support and backing, while a member of your faculty."

President Eisenhower's reply, dated January 13, read as follows:

"Your letter of January 11 gives the athletics council and me the difficult task of selecting a new director of athletics, as well as a head football coach, for Kansas State College. This is not going to be easy, as you well know.

"Your decision not to remain at Kansas State also gives me a feeling of deep personal loss. I have traveled with you to every section of the State, and I have been intimately familiar with your work here on the campus. I know that you have worked tirelessly, all hours of the day, to build up our athletics program, and you have done this wholly within the policies of the College and the rules of the Big Six Conference. Indeed, you have displayed the utmost loyalty and integrity at all times, have increased the scope of our program while improving the financial position of your department, and in general have built so soundly in the year since you returned from service with the United States Navy that you have made the

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. LASHBROOK Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris Assistant Editors
KENNEY FORD Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

THURSDAY, JANUARY 16, 1947

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Georgianna H. Smurthwaite was appointed head of all state extension work with women. Her appointment became effective February 1.

C. E. Davis, pressman in the department of printing, lost part of his right thumb in the accidental slip of a power paper cutter.

Beds were set up in the Gym to accommodate 12 students with the flu. There were 29 flu patients in the college hospital and 17 in the barracks annex in addition to the 12 in the Gym.

J. S. Crandall, speaker at a highway conference on the campus, said that the construction of highways in Germany pointed to preparations for war.

TWENTY YEARS AGO

Prof. H. W. Davis in his "Sunflowers" column comments that the weather had been perfect for 18 days in a row. He called this to the special notice of Florida and California.

Sigma Delta Chi, honorary journalism fraternity for men, announced the pledging of John F. Lindquist, Gove; and Oswald B. Dryden, Hoisington.

The Kansas "Aggies" beat Iowa 31-24 in the second conference victory of the season.

A. E. Lippencott of Fort Leavenworth was captain of the swimming team. Other members were Ralph Schoope, Abilene; F. A. Brunkau, Otis; Jack Vasey, Arkansas City; L. W. Sanford, Kansas City; Paul Gartner, L. S. Farrell, Manhattan; H. B. Miller, Miltonvale; Arlas Conley, Hamilton; and T. H. Long, Wakeeney.

THIRTY YEARS AGO

The Industrialist printed the entire program of Farm and Home Week to be held on the campus February 5-10. Two thousand farmers and their wives were expected to attend.

The schedule of the debate team was heavier than any other college or university in the country, according to an Industrialist article.

FORTY YEARS AGO

"The Athenian," a new literary society, was being organized.

The College band, under the direction of Prof. R. H. Brown, gave a concert in Wamego. The band numbered 40.

A roller skating party planned by the junior class was called off when the roof of the armory used as a skating rink fell in. The party was held in the Girls' gymnasium, minus the skating.

FIFTY YEARS AGO

A floriculture class of 27 women was experimenting with the growing of flowers and plants in the College greenhouses.

Students in the music department were receiving more requests than they could fill to give concerts and musical numbers in Manhattan.

SIXTY YEARS AGO

An article quoted in the Industrialist from the Dodge City Globe protested the inflation of buffalo meat. In 1876 it sold for two and a half cents per pound. In 1887 it was 15 cents per pound.

The College chapel exercises were

open to friends of the College and students but, an article pointed out, "it is hardly fair to the speakers to bring children too young to know when the amen comes in properly."

SEVENTY YEARS AGO

A temperance meeting at the Presbyterian church was well attended by the students at the College.

The largest class in the school was the one in Physics, which had 75 students.

DAIRY INDUSTRIES OFFERED THREE SHORT COURSES HERE

Milk and ice cream production problems to be discussed

Three short courses for workers in various dairy industries have been scheduled for February and March by the dairy husbandry department at the College, it was announced by Prof. F. W. Atkeson, department head.

Planned for February 17-22 is a market milk short course. Open to anyone interested, the course will deal with problems in milk production, market milk procurement, grading, processing, packaging and delivery.

An ice cream short course is scheduled for February 24 through March 1. Material to be covered will include mix calculations, processing, freezing, merchandising and defects and their remedies. Instruction will consist of lectures and actual manufacturing work.

A short course for dairy fieldmen and technicians will run March 10, 11 and 12. The course will deal with problems of milk and cream production, quality control and procurement of market milk and milk and cream from Kansas farms.

Always hungry while a prisoner in Germany, student now is 'snack man' for sororities

It's 10:15 p. m. at a sorority house. The doorbell rings, breaking the silence of study hours. Bedroom-slipped feet pat down stairs to answer the door. Same feet return to second floor on the double.

"Snack Man's Here!" a voice shouts. Doors fly open, echoes in the hall, and the stampede to the front door is on!

Mr. and Mrs. Robert Lansdowne, an enterprising young couple living at 1610 Laramie, are the "snack man". Monday through Thursday nights they work together to turn out quantities of hamburgers which they sell with bottles of milk at organized houses.

Lansdowne, a veteran, enrolled at Kansas State before the war. For five months he was interned as a prisoner of war in Germany. A great deal of that time he spent dreaming up ways he might supplement his bank account when he came back to school, for his family had grown to include a baby girl.

"Robert was always hungry while he was a prisoner," Mrs. Lansdowne explained, "so it isn't any wonder his ideas all ran to food!"

In the end it was the hamburger idea that won out. So Mr. and Mrs. Lansdowne had a special grill made to fit over their four burner stove,

rolled up their sleeves, and went to work.

"We buy our meat and other supplies fresh each day at a downtown grocery," said Mrs. Lansdowne. "At seven we start making hamburger patties, slicing pickles and onions, and halving the buns." Mustard is put on the buns as they are cut.

Mrs. Lansdowne fries the hamburgers while her husband delivers them.

"He usually delivers about 25 at a time. That way the hamburgers don't get cold, because he picks up hot ones for each house," Mrs. Lansdowne pointed out. To the delight of the "snack man," some houses phone in their orders daily.

Last summer the Lansdownes acquired a "new helper," a son they named Bobby.

"Bobby has to postpone his 10 o'clock feeding until midnight," said Mrs. Lansdowne, "but he doesn't seem to mind." Miriam Lee, who was born while her father was a prisoner of war, is now 18 months old.

The "snack man" sells an average of 200 hamburgers each night, at 20 cents each. Bottles of milk sell for seven cents. By about 11 o'clock the last trip has been made. And what does Mrs. Lansdowne have to say by that time? "I think it's fun!" she exclaims enthusiastically.

MORE MEMORIAL CHAPEL CONTRIBUTORS LISTED BY ENDOWMENT ASSOCIATION

More contributors to the World War II memorial chapel and chime tower as compiled by Dr. W. E. Grimes, secretary-treasurer of the KSC Endowment Association:

Ellen Barr, Max B. Miller, Leonard F. Neff, John Ferguson, Harold Shankland, Donald P. Duman, Grace Ellen Dickson, Ella M. Meyer, Mr. and Mrs. E. H. Teagarden, Sarah L. Owen, E. A. Cleavinger, Frank O. Blecha, L. C. Williams, Gladys Myers, J. W. Lund, Harry C. Baird, L. M. Jorgenson.

Jean W. Deyoe, Lewis B. Callahan, Gerald Pickett, Harry E. Perkins, Pearl Dooley, E. L. Sitz, Barbara Disney, Jeannette Otto, Russell M. Kerchner, G. A. Sellers, Jules H. Robert, Fred H. Bundy, Frank N. Parshall, L. E. Conrad, C. H. Scholer, F. A. Rohrmann, J. Lester Hooper, John G. McEntyre, Ralph I. Lipper, F. C. Fenton.

Fred H. Budden, Sr.; Mrs. Lucile Ruth, Esther Breed, Dorothy Wessler, Mary Hodgson, Lois Hodgson, Hal Seigle, Bernetta Stocker, Nolan G. McKenzie, R. K. Nabours, Dorothy B. Gudegg, Dr. R. C. Hill, Dr. A. A. Holtz, Hazel C. Sitterly, Mabel McCormick, Vernon D. Foltz.

E. T. Keith, A. E. White, R. W. Hays, L. P. Washburn, Dorothy Hamer, Dwight Williams, Ruth Graber, Ivaloo Custer, Fern McCormick, Andrew D. Kauer, Arthur Mussett, Glenn W. Long, Catherine Marsh, Josephine Kremer, Shirley Weir, Alice L. Geiger, Esther E. Christensen, Adele M. Cohen.

Iva Mullen, Ina Cowles, Charlotte Weis, Mrs. Charlotte Lamprecht, Alpha Latzke, Margaret Raffington, Mrs. Jane W. Barnes, Mrs. Eleanor Tietze, Abby Marlatt, Dorothy Barfoot, Bessie Brooks West, Nina Edelblute, Coral K. Aldous, Dean Margaret Justin, Florence McKinney, Myrtle A. Gurselman, Mary Ryan, Bess Hyde, Mary Smull, Eva M. McMillan, Gwendolyn Tinklin, Mrs. Marjorie Kimsey Krause, Jennie Williams, Esther Corman, Catherine Lissolo, Nina Browning, Elsie Lee Miller, all of Kansas State College.

Mrs. Dorothy Kelly, 1216 Colorado, Manhattan; Jessie Rutschmann, 1425 Laramie, Manhattan; Helen Edger-ton, 906 Fremont, Manhattan; Earl J. Cook, Pawnee City, Nebr.; George M. Fisher, 1111 East Iron, Salina; W. S. Winters, Lawrence; Dr. and Mrs. L. H. Smith, Chanute; Mr. and Mrs. Fred W. Haselwood, Redding, Calif.; J. B. Kuska, Colby; M. C. Axelton, Meade; A. F. Swanson, Hays; Lawrence Reed, Hays.

David D. Jennings, 922 Bluemont, Manhattan; Neil J. Weybrew, Wamego; Mr. and Mrs. Martin G. Smith, 945 San Pablo, Fresno, Calif.; Lt. Col. Joseph D. Manges, McChord Field, Wash.; Dorothy E. Jobling, 2374 Pine Ave., Long Beach, Calif.; C. W. Schemm, 1955 Railway Exchange Bldg., St. Louis, Mo.

The Journey

He wanted to take her a part of the way With him. Knowing she must return alone, She told him, "Wait," and left him. And each one Knew that she was gone. That he should go all of his way Unaccompanied even by farewell.

—Irma Wassall, Wichita, Kan.

Sunflowers

By H. W. Davis

YOUR PRIVILEGE

You are hereby authorized not to get excited about any story out of Washington for the duration of the Eightieth Congress, particularly if it has to do with taxes, the cost of living, struggles between capital and labor, or the presidential election in 1948.

If you must read such stories, as you must if you read the front page at all, wait until you get at least four or five on the same subject spread over a period of at least two weeks before you decide what the content and the intent of any of them is. Then make up your mind as to what you think—if you are disposed to think in the state you will be in.

Take, for example, the matter of taxes.

You may recall that two and three and four weeks ago you were being led to conclude that your income tax take-out for 1947 would be cut 20 per centum. Then there was a frail rumor very early in January that the President was going to propose a budget some ten billion in excess of what the tax-reductionists had been contemplating. The latter was barely whispered, and only a few more sensitive ears "got" it—at the time.

The second phase was a great deal of indiscriminate and indefinite chatter about a 15, 10, or 5 per-centum reduction not attributed to any politico in particular and usually not mentioning any precise figure. It was merely intimated that the cut might not be all of the 20 per centum.

Recently the gabble turned to billions. The President, as quietly predicted, wanted a federal "take" of 37½ billions, and various gentlemen of the opposition want 29 billions, 32 billions, 35 billions, or what you have. Moreover, each one vows he is going to get what he wants. Of course your "x" per-centum cut is all mixed up in there somewhere, and just what it will be only heaven (seldom quoted on page one) can tell.

The point is that after sleuthing stories and inferences for three or four weeks and reading everything you can find, you arrive at the sad conclusion that you know nothing and had better drop the matter until March 15, 1948 at 10 or 11 p. m.

You will have gained, perhaps, a certain pride in having kept up with the news. If you are distressingly honest, you may have acquired a little intellectual humility, which is handy when you are showing off how much you know about contemporary affairs.

And you may have learned a little about not letting the front page throw you into a tail-spin.

Men are not flattered by being shown that there has been a difference of purpose between the Almighty and them.—Lincoln

Segel, 1369 Wilson Ave., Fresno, Calif.; Doris Train Stewart, 2733 Broadway, Huntington Park, Calif.; Mildred B. Sollenberger, 302 Princess Anne Street, Fredericksburg, Va.; Earnest A. Wright, 151 Ivanhoe, S. W., Washington, D. C.

Lt. Virginia K. Bitters, Fort Benning, Ga.; Mrs. Carrie V. Desmarais, Meade; Capt. Glen J. Thomas, San Antonio, Texas; Mr. and Mrs. Lester W. Burton, 57 Park Street, Stratford, Conn.; Mary J. Hill, Excelsior Springs, Mo.; Mr. and Mrs. A. E. Siler, 11129 S. Freeman Ave., Inglewood, Calif.

T. M. Evans, 206 Walnut, Stillwater, Okla.; Mr. and Mrs. Edward A. Reed, Lyons; Mr. and Mrs. C. H. Earl, Lyons; Elizabeth Reed, Lyons; Chi Omega Sorority.

AMONG THE ALUMNI

Chester A. Carter, ME '15, and Mable (Kessler) Carter, HE '15, live at 3071 South 33d Street, Omaha, Nebr. Mr. Carter is a mechanical engineer for the military construction division, US Engineers.

The address of Arthur H. Brewer, CE '21, and Helen (Bales) Brewer, HE '20, is 4516 Elm Street, Downers Grove, Ill. Mr. Brewer is head of the structural department of Holabird and Root, 333 North Michigan, Chicago. Mr. and Mrs. Brewer have two daughters, Doris and Joan.

A note from Warren R. Stewart, Ag. '21: "I married an Arkansas girl and live in Clarksville, Ark. I am employed by the soil conservation service. From 1922 to 1935 I was a teacher at Arkansas Polytechnic College, Russellville. I received my MS degree at Ames in 1927."

R. C. Alvord, BS '10 and Ag. '21, wrote from Kansas City that he was attending a chiropractic college there. He taught vocational agriculture in 1942-43 at Vinland just 20 years after he had first taught the same subject there in 1921-23.

The address of Hattie (Betz) Guard, GS '23, is route one, Asherville. Mr. and Mrs. Guard have two children, Harrell and Mary Carolyn.

H. J. Counsell, EE '23, is sales engineer for the General Electric Company at Omaha, Nebr. His address is 3502 Pine, Omaha. Mr. and Mrs. Counsell have three children, Richard, Mary and Ruth.

Paul Shaler, EE '24, is an electrical engineer with the Commonwealth Southern Corporation, Jackson, Mich. Mr. and Mrs. Shaler have three children, Paul, Carol and Dorothy. The Shalers live on Spring Arbor Road, Jackson.

Chester E. Hommon, CE '25, and Emogene (Bowen) Hommon, HE '26, live at 1208 S. Gaylord, Denver, 10, Colo. Mr. Hommon is a structural designer for the Bureau of Reclamation.

Fred D. Allison, Ag. '25, is a training officer for the veterans' administration. He and Elizabeth (Morrison) Allison, f. s. '23, live at 547 North Roosevelt, Wichita.

Earl H. Bradley, CE '26 and Snoda (Kridler) Bradley, HE '25, live at 2911 Sunset Heights, Albuquerque, N. M. Mr. Bradley is working there as a civil engineer.

The address of Ray Adams, CE '27, is 3925 Oliver Street, Chevy Chase, 15, Md. He is assistant to the director of construction, veterans' administration.

Frank N. Atkin, EE '28, is with the General Electric Company at Pittsfield, Mass. His address is 64 Revere Parkway, Pittsfield.

Hoyt Purcell, GS '29, and Harriett (Hamilton) Purcell, f. s., live at 6433 Overbrook Road, Kansas City, 5, Mo. They have two children, Hoyt and Ned. Mr. Purcell is with the firm, Martin-Holloway-Purcell, in the Fidelity Building in Kansas City. He was a captain in the Air Forces during the war, serving two years in the ETO.

Charles H. Mehaffey, ME '29 and EE '33, is a sales engineer with the Mine Safety Appliances Company, Pittsburgh, Pa. He and Mildred (James) Mehaffey, f. s., live at Verona, Pa.

Claude L. Barnett, Arch. '30, is living at 1659 Downing, Denver, Colo. He is an engineer in the design and construction branch of the division of hydraulic equipment, design section, Bureau of Reclamation.

The address of Floyd Nolan Rogers, FME '30 and Estelle (Westerman) Rogers, f. s. '28, is 306 1/2 East Third, Beardstown, Ill. Mr. Rogers is chief chemist for Schultz, Baujan and Company.

Howard E. Martin, Arch. '31, is with the General Electric Company at Syracuse, N. Y. Mr. and Mrs. Martin have two children, Donald and Anna. The Martins' address is 224 Walberta Road, Syracuse, N. Y.

The address of Vivien (Nickels) Baxter, GS '31 and MS '32, is 323 Elm, Russell.

James J. Yeager, Ag. '31 and Margaret (McKinney) Yeager, IJ '30, live at 879 Seventh Street, Boulder, Colo. He was discharged from the Navy in February, 1946 and returned

to his former position as head football coach at the University of Colorado.

J. L. George, DVM '32, is a veterinarian at Chester, Nebr. He has a general practice there and also is a breeder of American saddle horses.

James D. Corrigan, Com. '33, is a general insurance agent with Van Arsdale and Larkin at Wichita. His address is 336 South Belmont.

Beulah (Frey) Haver, HE '33, is living at Meade. She is a part-time bookkeeper and spends the remainder of her time keeping house.

Allen R. Wilson, Com. '34, is a buyer for Parke Davis & Co. Mr. and Mrs. Wilson live at 1308 Vernier Rd., Grosse Pointe Woods, Mich. They have a son, A. R. Wilson Jr.

Kenneth R. Hougland, Ag. '34, is with the Goodland Electric and Floral Shop, Goodland. Mr. and Mrs. Hougland have two children, Curtis and Barbara. He served with the 83rd Infantry during the war and was wounded in Germany.

Marjorie (Fuhrman) Lewis, HE '35 is living at Scott City. She and Mr. Lewis have three daughters.

Henry L. Huston, IC '35, is a chemist for H. J. Heinz Company. Mr. and Mrs. Huston have a son, Lawrence Edward. They live at 1062 Progress Street, Pittsburgh, Pa.

Howard I. Wildman, Ag. '36, writes: "My family and I moved to Olathe July 12, 1946. We have a very satisfactory house. I am work unit conservationist in the just organized Johnson County soil conservation district."

Ivan B. Conwell, GS '36, and Mrs. Conwell are living at 1050 Locust Street, Denver, Colo. Mr. Conwell is with the sales department of the Capital Records Company, Denver.

F. M. Coleman, Ag. '37, is with the CK Ranch, Brookville. He is assistant manager of the ranch.

Dudley Flint, ME '37 is a service engineer with the Lockheed Aircraft Corp. His address is 4439 Stansbury Ave., Sherman Oaks, Calif.

Mary E. Meek, MS '38, is a home demonstration agent at Osceola, Mo.

Allen Burns, PE '38, is basketball coach at Great Bend high school. During the war he was a sergeant in the medical corps of the Army.

Harold R. Rothgeb, Ag. E. '39, is a soil conservationist with the US Soil Conservation Service. Mr. and Mrs. Rothgeb live at 203 East 18th Street, Hays.

William B. Fullerton, Arch. '40, is an associate architect with Wagner and Fullerton, 810 Land Bank Building, Kansas City, Mo. Mr. and Mrs. Fullerton have a daughter, Catherine. The Fullertons live at 1212 W. Lexington, Independence, Mo.

Lowell W. Fowler, GS '41, is employed in the geological department of the Kansas state highway commission, Topeka.

William H. Hickman, IJ '41, is an instructor in the department of economics, Stanford University, and doing graduate work. His address is 2595 Bayshore Blvd., Palo Alto, Calif.

Keith W. Downey, DVM '42, is associated with Dr. P. T. White's small animal hospital in Indianapolis, Ind. His address is 2006 N. Pennsylvania Street, Indianapolis.

Kenneth T. McEntire, EE '42, lives at Beagle Manor, Peaches Points, Marblehead, Mass.

June (Light) Lank, PE '43, and Robert B. Lank, Ag. '40 and DVM, '42, are living at 711 N. Washington, Bastrop, La. They were married November 28, 1946.

The address of David J. Blevins, ME '43, is box 568, Goodland. He was 20 months in India, Burma and the Philippines. He was a captain in the signal corps.

Daniel Allan Kitchen, Ag. E. '44, is living at Burlingame. He was overseas 19 months, spending his time in the Pacific.

Soterea P. Maduros, '45, is a medical technician at the Junction City hospital.

Ellen (Hastings) Dewey BA '45, is a visitor for the social welfare department at Garden City. Her address is 302 Tenth Street, Garden City.

Elizabeth Stark, IJ, '46, writes:

"For your alumni office records I am assistant extension editor at the University of Connecticut. My address is editorial office, University of Connecticut, Storrs, Conn. I started July 1."

MARRIAGES

OLSON—GRISWOLD

Marjorie Hazel Olson and Ivan Charles Griswold, IJ '40, were married October 26 by Dr. J. Layton Mauze in the Central Presbyterian church, Kansas City, Mo. Following a reception in the church parlors the couple left by plane for Denver and Colorado Springs. Mr. and Mrs. Griswold are now at home at 615 East Armour, Kansas City, Mo.

BAKER—HOPPER

Rose Baker, HE '17, and Charles Hopper were married October 9. They are now at home in Los Angeles. During the past 10 years Mrs. Hopper has been assistant director of the dining halls at Yale University, New Haven, Conn.

CHELLIS—KEITH

Robert Edgar Keith, Arch. and Arch. E '44, and Leona C. Chellis of Boston were married in the Congregational church of West Medford, Mass. November 2. They live on route 1, Manhattan. Mr. Keith is teaching in the department of architecture at Kansas State.

JOHNSON—SWANSON

Lois Elvera Johnson, Music Ed. '45, and Ernest E. Swanson Jr., EE '43, were married November 9 at the Salem Lutheran church in Axtell. Their address is 143 D South Quentin Rd., Newark, O.

KIENTZ—BREED

Clara Belle Kientz, HE '43, and Gale E. Breed, Ag. Adm. '46, were married in the Little Church Around the Corner in Inglewood, Calif., November 17. The Rev. Maude E. Galpin performed the ceremony. The couple left immediately after the wedding for a honeymoon trip to Palm Springs, Calif. Mr. Breed is employed with the Kansas State Chamber of Commerce. Mr. and Mrs. Breed live at 1134 Polk Street, Topeka.

BIRTHS

Wald Heter Jr., f. s. '40, and Gladys (Richardson) Heter, HE '45, announce the birth of a son, Roger Wald, November 9. The Heters live at Sterling.

Royce Martin was born September 1 to Donald King, EE '40, and Mrs. King, 3907 West Scott Street, Milwaukee, 4, Wisc.

Helen (Frasier) Eicher, HE '42, and Carl Eicher, Brewster, have a son, Robert Dean, born December 21.

Willard A. Monahan, Jr., ME '46, and Betty Lou (Hancock) IJ, '44, announce the birth of a daughter Alison, December 20. Their address is 1216 Second Street, Santa Monica, Calif.

Twin sons, Kirby Tilson and Drew Carlson, were born November 24 to Annette (Olson) Reeves, HE '39 and James F. Reeves Jr.

DEATHS

CLOTHIER

Elizabeth (Blachly) Clothier, f. s., '00, died in Lomita, Calif. November 27 following a stroke. She was a sister of Mrs. George A. Dean of Manhattan and widow of the late Dr. R. W. Clothier, at one time a member of the chemistry department faculty at Kansas State. They had made their home in California for many years.

COYLE

Dorothy (Deal) Coyle, HE, '43, died December 3 in Newark, N. J. She was a member of Alpha Xi Delta sorority. She is survived by her husband, whom she married Sept. 21, 1946, and her parents, Walter E. Deal, '16, and Mary (Nicolay) Deal, f. s. '17, a brother, Walter Deal Jr., and a sister Patricia, of Westfield, N. J.

WEBSTER

Florence Eleanor (Fryhofer) Webster, '95, died December 17 at the home of her daughter, Wilma (Webster) Read, in Piedmont, Calif., after an illness caused by a heart attack on

Thanksgiving Day. She was born in the Fancy Creek neighborhood near Randolph July 3, 1873. Her husband, Edwin H. Webster, '96, was dean and director of agriculture at Kansas State from 1908 to 1913. After a few terms of school teaching, Mrs. Webster's life was filled in making a home for her husband and daughter. They had lived in California since 1914.

HOLSINGER

Olive M. (Wilson) Holsinger, '95, died at her home in Ames, Ia., December 5, 1946. Her husband, Clarence V. Holsinger, '95, preceded her in death in 1942. Mrs. Holsinger came to KSC from Chicago and lived in the home of President E. R. Nichols while attending college. She is survived by a daughter, Edna (Holsinger) Lowell, Ann Arbor, Mich., and three sons, Capt. R. W. Holsinger, Arlington, Va.; Col. G. L. Holsinger, Atlanta, Ga.; and Col. J. W. Holsinger, Fort Leavenworth. Her children were all with her in Ames at the time of her death.

DEAN TO DISCUSS PHILIPPINES AT FARM-HOME CONFERENCE

Philippine agriculture will be discussed by L. E. Call, dean emeritus of agriculture at the College, at the district Farm and Home conference in Coffeyville January 21-22.

Dean Call recently returned to the United States after heading a government mission that spent six months studying agriculture in the islands at the request of the Philippine government.

Other College faculty members who will take part in the program include R. I. Throckmorton, W. E. Grimes, George Montgomery, A. D. Weber, H. E. Myers, F. W. Atkeson, H. H. Laude, W. F. Pickett, Georgiana Smurthwaite, L. C. Williams, A. B. Cardwell, A. L. Clapp, L. F. Taylor, Carl Tjerendsen, L. F. Payne, R. Partch, R. E. Regnier and Velma McGaugh.

K-STATE LIVESTOCK JUDGING TEAM WINS FIRST PLACE

High honors go to John Massey and Clair Parcel in Denver

A five-man junior livestock judging team from Kansas State won first place over eight other colleges in judging events at the forty-first National Western Stock Show in Denver last week.

Individual high honors went to two K-State judgers. John Massey of Sun City placed first and Clair Parcel of Coldwater second. Fourth place went to Wayne Ukena, Robinson. Other team members were Frank Carpenter, Manhattan, and James Collier, Alta Vista.

Events included judging of beef cattle, hogs and horses. Other schools taking part were Colorado A & M, Utah Agricultural College, Oklahoma A & M, University of Wyoming, University of Nebraska, Texas Technological College, New Mexico Agricultural College and Montana State College.

RECENT HAPPENINGS ON THE HILL

Repairs on the vet hospital, partially destroyed by fire last February 19, are near completion and the animal clinic is now operating on a full schedule.

Arrangements have been made for the maintenance of three AT-6's at Marshall Field, Fort Riley, for the use of air reserve pilots in the Manhattan area for four days in January. These flights are being scheduled by the local chapter of the Air Reserve Association, headed by Don Coulson, president.

At long last the student directory is being distributed on the campus to those presenting an activity book. The long list of names and printing difficulties made necessary the delay.

A poll of the freshman class reveals that members of that class do not want to outlaw corsages at K-State dances, such as students of other colleges have done. The frosh also urged use of Thompson Hall as a temporary Student Union building.

The local chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America received its charter at a barber shop quartet parade before a large crowd in the College Auditorium Sunday. Other quartets from Kansas and Missouri attended the show.

No women are among the students who entered practice bridge tournament held on the campus preliminary to the elimination tournament for choosing representatives for a national inter-collegiate tournament. Another such practice meet will be held soon. A few women look on but do not play, according to the sponsoring professor.

Dr. Robert R. Snook, head of the department of student health, says that many basement apartments are a menace to student health. Sinus and bronchial infections which have not responded to treatment have been aggravated Dr. Snook says, from a simple cold by inadequate living conditions.

Reunion Out of Prison Camp

A friend who was in the same Japanese internment camp in China as Dr. Martha Kramer, assistant dean of home economics at Kansas State College, visited her recently. He is Arthur Hummel of Washington, D. C., who was teaching in China at the outbreak of the war. After 14 months in the internment camp, he escaped, fought for a year and a half with nationalist guerrillas until V-J Day, then worked for UNRRA until last July. He is helping launch the campaign for relief for China being started in Junction City by United Service to China, Inc.

COUNT ME IN! I'LL BE A K-STATE CHIME-RINGER!

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel and chime tower in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

OUR GOAL: EVERY ALUMNUS AND FORMER STUDENT A CHIME-RINGER!

WILDCATS FACE TWO IMPORTANT CAGE TESTS AT HOME THIS WEEK

Missouri, Oklahoma are Wildcat foes; I-State defeats K-State, 51-40

Kansas State lost its game with Missouri Tuesday night, 43 to 42, in a five-minute overtime period. A basket by Guard Jack Dean, 30 seconds before end of regulation playing period gave Wildcats a 36-all deadlock with the Tigers. In overtime, Missouri scored two baskets and three field throws while Hovey hit two field goals and Mann one for K-State. The score at half-time of the game was tied at 16-all. Dan Pippin, Tiger forward, led scoring with 17 points. Hovey was high for K-State with 11. Missouri now leads conference with three wins, no losses. Kansas State is fifth with one win, two losses.

Two basketball games, destined to have an important bearing on the Big Six championship hopes of Coach Jack Gardner's Kansas State team, will be played by the Wildcats in Nichols Gymnasium Tuesday and Saturday of this week. In the first contest, K-State tackles league-leading Missouri, then Saturday meets a revenge-seeking Oklahoma U. squad.

Missouri, currently leading the conference with wins over Iowa State and Kansas U., is aiming for its first league title since George Edwards coached the Tigers to the championship in 1939. Oklahoma, defeated 59 to 55 by the Wildcats in a non-conference meeting in Kansas City, bounced back into the championship race last week by defeating Kansas, 50 to 47, after dropping an earlier tilt to Nebraska at Lincoln, 44 to 41.

Gardner's Wildcats, speeding along at the merry pace of 10 victories in 12 games, were whirled off the victors' path at Ames, Iowa, Friday night when Iowa State came from behind to win 51 to 40. It was the Purple Cats third setback of the season. It was also K-State's first conference loss as compared to one 63 to 54 win over Nebraska. In 11 non-conference games, Gardner's gang has lost only to Iowa of the Big Nine and S. M. U.

Inability to hit shots from the free throw line played a major part in the Wildcats' defeat by Iowa State. The K-Staters hit only six charity tosses in 19 tries at Ames and Dave Weatherby, third high scorer in the Big Six last season, was held scoreless, not even getting an opportunity to count from the foul line. Kansas State led at the half, 26 to 19. Harold Hovey, Kansas City, Mo., leading Big Six scorer with 38 points in two games, got 11 against Iowa State. Keith Thomas, Kansas City, Kan., guard, scored four field goals.

The Missouri and Kansas State basketball rivalry dates back to 1907 and includes 65 games. Missouri has won 38 of the Tiger-Wildcat contests, Kansas State 27. The 50-game Oklahoma-Wildcats series has been one-sided in favor of the Sooners. Starting play in 1920, K-State took both games but the all-time record shows 40 Sooner wins as compared with 10 Wildcat victories. Gardner-coached teams have met the Oklahomans six times, defeating them once, 41 to 36, in 1941.

The Sooners, boasting the most-talented laden club in the conference, have two all-Americans on this season's club. They are Gerald Tucker, one-man scoring machine, and Allie Paine, guard.

Big Six Basketball Standings				
	W	L	Pts.	Opt.

FIRST STUDENT VETERANS MOVE INTO CAMPUS APARTMENT UNITS

The first 24 student veterans and their wives moved this week into FPHA apartment units which, when completed, will provide housing for more than 300 ex-servicemen's families on the campus.

Thirteen more veterans and their wives have moved into trailer units in Campus Courts, which has facilities for 100 families.

Students moving into the apartment units include Robert Bogue, Warren Harding, Chet Peters, Homer Reynolds, Wilbur Kier, Charles Kier, Warren Boring, Charles Lyons, Fred H. Rogers, Roster J. Scott, John Stanberry, Howard Bridges, Roy K. Burton, Gerald Bunyan, Luther Moore, Kenneth Whittier, Alfred Casady, Morris Dilworth, Carl Roubicek, William Langworthy, Durward Wendele, Ronald Peterson, E. E. Fairbanks and Robert Scanland.

New trailer tenants include William Thuston, Harold Boots, Fred Lindsey, Charles Watkins, Francis M. Hunt, Rayne Ritterhouse, Dale Quakenbush, Benton M. Starks, George L. Curry, Robert E. Heline, Joe Moffett, Jack G. Rupert and Maurice L. McDaniel.

COLLEGE GU'S MUST HAVE EXTRA INCOME SAYS SURVEY

Subsistence supplemented by savings or many wives working

Ex-servicemen attending college cannot live within their government subsistence allowance, according to results of a campus survey released today by the Veterans' Association at Kansas State.

The budget survey indicated that single veterans spend about \$110 a month, getting most of the \$45 above their \$65 allowance from savings. The average married veteran at Kansas State spends \$220 a month or \$130 more than his \$90 government allowance.

Most of the extra money needed by married veterans comes from their wives' wages or from savings, the survey showed. Some veterans work to supplement their incomes.

The majority of single women veterans work to increase their allowances of \$65 to the \$90 they spend each month.

Jack Thisler Honored

Capt. John O. Thisler, feature section editor and executive officer of Eighth Army's public relation section, has been awarded the Army Commendation Ribbon for outstanding services, according to an announcement made today by Lt. Gen. Robert L. Eichelberger, Eighth Army Commander.

Captain Thisler, son of Mr. and Mrs. O. L. Thisler, Chapman, was former city editor Abilene Reflector. He attended Kansas State, where he was a member of Sigma Delta Chi, national journalistic honorary fraternity, and of Alpha Tau Omega. He was also a member of the Abilene Junior Chamber of Commerce.

Lashbrook Named Chairman

R. R. Lashbrook, head of the journalism department at the College, has been elected chairman of the Council on Standards of Journalism of the American Association of Schools and Departments of Journalism. As chairman he also is a member of the American Council on Education for Journalism which is working on an accreditation program for schools of journalism. At present Kansas State is one of only 34 accredited journalism schools in the United States. Lashbrook was elected at the annual meeting of the association which ended Saturday in Lexington, Ky.

'HOBBS' ADAMS RESIGNS AS DIRECTOR OF ATHLETICS TO CONTINUE COACHING

(Continued from page one)
job easier for anyone who takes your place.

"I want you to know that I would recommend you without qualification for any athletic post in the United States, and I hope your decision to remain in the coaching profession proves to be a happy one for you.

"The athletics council will begin at once to interview men who might be qualified as your successor, but since this will take time, I hope you will not plan to leave too soon."

INDOOR TRACK TEAM PREPARES FOR MICHIGAN STATE RELAYS

Invitational meet is February 8; five other contests scheduled

Six meets, including the Big Six conference competition at Kansas City, Mo., March 1, have been scheduled for Coach Ward Haylett's Kansas State indoor track team.

The Wildcats, boasting 11 lettermen already out and the promise of three more who will report later, will open its indoor season at the Michigan State Invitational meet, February 8 at Lansing, Mich. Other meets have been scheduled with Missouri at Columbia, Nebraska at Lincoln, Illinois Tech Relays at Chicago and Purdue Relays at Lafayette, Ind.

Lettermen who have reported to Haylett are Dick Fuller, Kansas City, Mo., sprints; Karl Kramer, Olathe, 440; Harold Kiser, Delphos, and Jim Danielson, St. Francis, hurdles; George Leaseure, Manhattan, mile; Ray Adey, Wells, two mile; Art Hildenbrand, Clay Center, half mile; George Sherman, Kansas City, Mo., pole vault; Don Harr, Emporia, half mile; Bill Payne, Manhattan, hurdles, and Don Borthwick, Beeler, distances.

Lack of indoor facilities forces Haylett's thinclads to practice outdoors.

Named Rhodes Scholar

Bernard W. Rogers, a former student in 1939 and 1940, is one of 48 American Rhodes scholars chosen for 1946. The list is still subject to approval by the Rhodes trustees. Rogers, whose parents are Mr. and Mrs. Will Rogers of Fairview, was accredited from the U. S. Military Academy at West Point. His is a war service scholarship.

WHO'S WHO IN COLLEGES HONORS THIRTY-ONE K-STATE STUDENTS

Thirty-one Kansas State students will be listed in the 1946-47 edition of "Who's Who Among Students in American Universities and Colleges."

Who's Who offers a plan for national recognition for the outstanding students in each American university and college. Students are chosen on the basis of scholarship and leadership.

Twenty-six of Kansas State's selections are new to the directory this year. The remaining five students were accepted last year and will be automatically included in the 1946-47 edition.

New students include James Nielson, Marysville; Merrill Werts, Smith Center; Robert Randle, Riley; Harold Riley, Holton; Marlo Dirks, Moundridge; Case Bonebrake, Robert Ekblad, Fred York, Margaret Parker and Joyce Crippen, all of Manhattan; Tess Montgomery and Jess Boughton, Salina; K. B. Lucas, Frankfort; Jim Machen, Abilene; H. L. Siegele, Princeton; Ernest Nelson, Scandia; Richard Doddridge, Council Grove; Karl Kramer, Olathe; Don Carttar, Winfield; Ole Rollag, Beaver Creek, Minn.; Betty Carr, Russell; Patricia Hartnett, Oil Hill; Jean Greenawalt, Paola; Carol Jean Heter, Sterling; Dorothy M. Wilson, Anness; and Jeannette Putnam, Admire.

Students listed last year were Merle Eyestone of Leavenworth and Patt Fairman, Ruth Hodgson, Stanley Stuart and Lois Meisner, all of Manhattan.

WRESTLERS WIN FIVE MEETS ON ROCKY MOUNTAIN TOUR

Four Colorado schools and Wyoming U. defeated by Wildcats

Kansas State's wrestling team went on a five-match trip through the Rocky Mountain area last week and came home undefeated. Teams which fell before the Wildcat matmen were Denver U., Colorado A and M, Colorado State, Colorado U., and Wyoming. The wrestlers were coached by Fritz Knorr in the absence of Head Coach B. R. (Pat) Patterson.

Three Kansas State freshmen, Charles Nighswonger, 128-pounder from St. Francis; Bob Johnson, 136-pounder from Hutchinson; and Ken Topping, heavyweight from St. Francis, turned in outstanding performances on the western tour.

This is K-State's first revival of the mat sport since the beginning of the war. Coach Patterson tutored an army team to the ETO championship while serving overseas during the war.

To Study Arc Welding Machines

A study of arc welding machines for farm use will be made in a co-operative project between the agricultural engineering department at Kansas State College and Ralph Lipper, research engineer of the Kansas Commission of the Relation of Electricity to Agriculture.

COLLEGE WILL ASK FOR MONEY FOR NEW DAIRY COW PROGRAM

Artificial insemination plan to be set up at old hort farm

To increase the production efficiency of Kansas dairy herds, Kansas State will ask the 1947 legislature for funds to set up a program of artificial insemination of dairy cows, according to President Eisenhower in his biennial budget.

Demand for such a program is so great that unskilled individuals or agencies may undertake the service if the College does not, President Eisenhower said in his request.

Under the plan, laboratories, bull stables, paddocks and pastures would be located on College property now known as the old horticultural farm. Small fees would make the program almost self-supporting after the first year, President Eisenhower said. Of the \$36,000 requested for the biennium, \$30,000 would be used for setting up the program and \$6,000 for operations during the second year.

TO BUY BULLS, EQUIPMENT FIRST

The initial appropriation would cover purchase of bulls, equipment and supplies and would include remodeling of a barn for housing the animals. At the start, two or three breeds would each be represented by three or four bulls at central headquarters in Manhattan. Expansion would be governed by demand, facilities and finances.

A specialist would operate the program, which calls for careful laboratory control, checking of samples and record keeping, according to President Eisenhower. A trained field-worker would work closely with Kansas dairymen. The service would probably come under the agricultural experiment station.

Although Kansas ranks twelfth in the number of dairy cattle, it stands thirty-first in average production per cow, President Eisenhower said in pointing out the need for more efficient production.

KNOWN BULLS TOO COSTLY

Good sires, the chief need for improved output, are feasible for the small herd only under an artificial insemination program, he said. Bulls of known worth are too few and too costly for the small dairymen who make up two-thirds of Kansas' dairy industry, he added.

"The College has been reluctant to attempt an insemination program until it could be sufficiently well-financed to assure its success," President Eisenhower said. "It is believed that the College must now meet the demand for this service."

AGRICULTURAL WEEK WILL BE HELD FEBRUARY 4 TO 7 AT THE COLLEGE

(Continued from page one)

Kansas Hybrids Association and the Kansas Crop Improvement Association. R. I. Throckmorton, dean of agriculture, will preside at the crop improvement association dinner, February 6, at which time announcement of the state pasture contest winners and the premier seed growers will be made. "Agriculture in the Philippines" an address by L. E. Call, director emeritus of the Kansas Agricultural Experiment Station, is the feature of the dinner program.

R. L. Parker, state apiarist and professor of apiculture at the College, and Dr. Roger C. Smith, head of the College entomology department, preside at the sessions of the beekeepers of the state, February 6.

February 7 is livestock day with current problems in swine, sheep, beef cattle, discussed by Dr. C. E. Abuel, Dr. Rufus F. Cox, and Dr. A. D. Weber, respectively. Mark W. Pickell, executive secretary, Cornbelt Livestock Feeders Association, Chicago, speaks on "Meat Producers Look To The Future."

Livestock production and husbandry in foreign countries will be presented in the afternoon program by R. B. Cathcart, Dr. D. L. Mackintosh and Charles H. Adams, each of whom observed first-hand conditions while abroad in military service during World War II. Carl Elling, extension specialist in animal husbandry, and Walter Atzenweiller, will have charge of the presentation of Kansas swine production contest winners.

An "open house" at the animal husbandry barns and feedlots and state breed association meetings conclude the livestock program.

Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, January 23, 1947

Number 14

COLLEGE TO AWARD 204 DIPLOMAS AT COMMENCEMENT FEBRUARY 4

Fifteen to receive certificates in refrigeration and air conditioning

Names of 204 candidates for degrees at first semester commencement exercises at Kansas State on February 4 have been released by Eleanor Tibbetts, registrar.

The degrees include one doctor of philosophy, twenty-two masters of science, forty-three doctors of veterinary medicine and one hundred thirty-eight bachelors of science. Another fifteen men are candidates for certificates in refrigeration and air conditioning.

The numbers of degrees by schools are agriculture, 23; arts and sciences, 43; engineering and architecture, 51; home economics, 21; veterinary medicine, 43; and graduate school, 23. The 15 certificates are for work taken in the School of Engineering and Architecture.

A complete list of candidates by schools is as follows:

AGRICULTURE

School of Agriculture, Bachelor of Science in Agriculture, Elmer Akers, Burlington; Robert Joseph Flipse, Oakley; Philip Woodbury George, Lebo; Robert Currie Gillford, Garrison; Francis Burdette Gwin, Leoti; Orville Slocum Hill, Bloom; Bernard Robert Jacobson, Waterville; John Wesley Kraus, Hays; James Fred Little, North Kansas City, Mo.; Laurel Eugene Loyd, Hiawatha; Daniel Ronald Musser, Jewell; John H. Nelson, Jr., Minneapolis; James Melvin Nielson, Marysville; Dale William Rake, Tecumseh; Robert Fielding Randle, Jr., Riley; Harold Marvin Riley, Holton; Paul Henry Schroeder, Lorraine; Lewis Keith Tolson, Johnson; John William Vawter, Oakley; Robert Laverne Wallace, Colby. Bachelor of Science in Landscape Design, William Eugene Hartman, Hoxie. Bachelor of Science in Milling Industry, Pattan Carmony, Manhattan; and John Warren Fitzsimmons, Macksville.

ARTS AND SCIENCES

School of Arts and Sciences: Bachelor of Science, Mary Ellen Broberg, White Hall, Ill.; Billy Cluff Busenbark, Manhattan; Alice Anne Charlson, Manhattan; Richard Vincent Collins, Salina; Rosendo Cordero Antunano, Humacao, Puerto Rico; Lucy Rachel Dickson, Leonardville; Isaac Newton Fehr, Jr., Kansas City, Mo.; Morleen Janice Finch, Kansas City; Jack Monroe Fiskin, Mt. Hope; Lois Carlson Forbess, Mound Valley; Tina Blanchard Franklin, Los Angeles, Calif.; Ordella Ida Geisler, Lincoln, Neb.; Phyllis Jeannette Gfeller, Chapman; Helen Annette Hoffman, Oberlin; Phyllis O'Dell Hugos, Manhattan; Frances Josephine Kerby, Chanute; Eddie Hill Park, Charlestown, Mo.; Euniece Reddick Skinner, Downs; Patty Anne Stevenson, Manhattan; and Alice Dillard Whitney, Hutchinson.

Bachelor of Science in Business Administration, Douglas J. Faulconer, Wichita; Lester Lewis Gerlach, Manhattan; Robert Joseph Lacerte, Collyer; James Benjamin Martin, Manhattan; Robert Glenn Miller, Salina; Wanda Kathleen Nanninga, Leonardville; John Hamilton Pedigo, Kansas City, Mo.; Walter Philip Sechler, Manhattan; George Ralph Seitz, Allen; Wayne Robert Starr, Hiawatha; Clarence Elden Stewart, Hartford; Keith Lionel Stewart, Wichita; Wilbur David VanAken, Lyons; and Guy Edward Warner, Jr., Bucklin.

Bachelor of Science in Industrial Chemistry, Thomas Junior Hutchinson, Topeka.

Bachelor of Science in Industrial Journalism, Lura Elizabeth Horton, Watseka, Ill.; Elizabeth Ann Schlichter, Clay Center; and Addie Marie Webb, Manhattan.

Bachelor of Science in Music Edu-

(Continued on last page)

Elected Again

JOHN F. HELM, JR.

JOHN HELM ELECTED ART DIRECTOR FOR ELEVENTH CONSECUTIVE YEAR

John F. Helm, Jr., of the Department of Architecture was re-elected director of the Kansas State Federation of Art at the annual meeting held in Wichita. Helm has served as director of the state art organization for the past 10 years.

Seventeen groups from over the state were represented at the meeting to make plans for furthering the art program in Kansas. Louis Hafermehl, instructor of drawing and painting, attended with Helm.

The Wichita Art Association and the Wichita Art Museum were hosts of the state meeting. Approximately 100 guests ate dinner at the Lassen Hotel Saturday evening.

To stimulate the general interest in the decorative arts, the Federation trustees voted to experiment with the possibilities of exhibiting weaving, accompanied with photographs or slides of pottery. This would eliminate any breakage of the pottery while being shipped from school to school.

The Federation of Art decided that they would not sponsor American Art Week in Kansas in cooperation with the American Professional League as it has done for the past several years.

MAMIE BOYD IS NOMINATED FOR MOTHER OF YEAR TITLE

Well-known Mankato woman is 1902 graduate of College

Mrs. Mamie Alexander Boyd, Mankato, a graduate of the College in 1902, has been nominated by a number of friends in Kansas for the title of "American Mother of 1947."

Mrs. Boyd, wife of Frank W. Boyd, Mankato, is 69 years of age and the mother of two sons, McDill Boyd, Phillipsburg, and Frank W. Boyd, Jr., Mankato.

Mrs. Boyd was born at Humboldt, and has been active most of her life in public service—much of which has been in the interest of youth.

The nominations are being made to the American Mothers Committee, Golden Rule Foundation, Lincoln Building, 60 East 42nd Street, New York 17, N. Y.

Former Teacher in Holland

Dr. Hugh Riddell, a former member of the Department of Dairy Husbandry at the College, is now an agricultural attache in the American Embassy at the Hague, Netherlands. Mrs. Riddell, once a member of the home economics faculty here, joined her husband there some months ago. The Riddells spent Christmas in Paris with their two children who are studying abroad—Martha in a school in France, Bill in Belgium.

Addresses Topeka Rotary

Leland S. Hobson, professor and industrial engineer in the College Engineering Experiment Station, discussed problems confronting the industrial development of Kansas at a meeting of the Rotary club in Topeka recently.

PRaise FOR KANSAS MAGAZINE COMES FROM COLUMNIST DRISCOLL

The 1947 issue lauded in recent syndicated column

The 1947 Kansas Magazine, published by the journalism department at the College, has drawn praise from Wichita-born Charles B. Driscoll in his nationally syndicated column, "New York Day by Day."

Former editor of the Wichita Eagle, Driscoll succeeded the late O. O. McIntyre as columnist in 1938. He is author of "Kansas Irish," published in 1943, and has contributed to past issues of the Kansas Magazine.

His column recently included the following:

"Among the unknown magazines too one often finds the non-conforming, friendly, entertaining type. I'm growing fonder by the minute of Kansas Magazine, published at Manhattan, Kan., that so-very-different Manhattan. Each number is extremely different from the last, which indicates that the publication is still in the experimental stage. I can recommend the present issue, dated 1947, because I am not represented in it. My contribution, gladly sent, was too late. But I owe much to that annual magazine, and I think Time and Life should also be published once a year. An experimental autobiographical chapter, published several years ago in Kansas Magazine, led me to the writing of my Kansas trilogy, the second volume of which I hope to finish within the next few weeks, for publication next fall.

CARRIES NO ADVERTISING

"Kansas Magazine is a book of 104 pages, heavy slick. It carries no advertisements, but even so, it isn't anything like PM.

"Walter Johnson, a Chicago professor, has a chapter of his book about William Allen White in this 1947 magazine. Mr. Johnson wrote a book, 'The Battle Against Isolationism,' about White and his American committee. White, you know, had to resign from the committee, when he wrote, for a publication, a letter to Roy Howard, declaring 'The Yanks are NOT coming!' Well, the Yanks came and went, and White was wrong again. He didn't mind being wrong, so long as he was right.

"Harry Levinson, from Port Jervis, N. Y., who has adopted Kansas, writes a piece about Walt Mason, all but forgotten prose poet, who rolled up a fortune in syndicated daily verses, under management of George Matthew Adams of Michigan, Kansas and New York.

"The real plains jackrabbit is almost extinct, according to Theodore H. Scheffer. A black-tailed variety has come up from the Spanish-American areas, but the jackrabbit I knew so well in boyhood has about passed out of the picture.

HAS CURRY SELF PORTRAIT

"Music of the life and drum for military purposes is glorified in an article by my old friend, Henry Ware Allen, now blind, but as alert and intelligent as ever. . . . Allen was born in New Bedford, Mass., but has lived for many years in Wichita. . . . A self-portrait by John Steuart Curry, great Kansas painter, occupies a page of this magazine very gracefully. I knew Curry and always admired the head that he carried so confidently on his neck."

Editor of Kansas Magazine is Robert Conover, professor of English and president of the Kansas Authors' Club.

Gives Books to College

A set of Percheron herd books and other books about horses have been given to the animal husbandry department at the College by Mrs. J. C. Robison of El Dorado, mother of Ellet Robison, '21, and of Ruth Robison, a former student.

The Robisons began producing purebred Percheron horses in 1897 and became one of the leading producers in America.

College Gets \$1,000 Heifer

A purebred Shorthorn heifer valued at \$1,000 has been given to the College by L. Russell Kelce, 114 West 11th Street, Kansas City, Mo. President Milton S. Eisenhower has announced.

President of the Sinclair Coal Company in Kansas City, Mr. Kelce is owner of Merryvale Farms, Grandview, Mo. His son, Robert Kelce, is a freshman in civil engineering at the College.

The heifer, given to the animal husbandry department, has been added to the College breeding herd.

ORIENTATION WEEK WILL FEATURE VARIED ACTIVITIES FOR FRESHMEN

Dances, variety shows, radio broadcasts, campus tours, teas and tests are included on the program for Orientation Week which begins for an estimated 500 new freshman students at Kansas State February 6.

The program is designed to welcome and orient new students to Kansas State. Dr. M. D. Woolf, director of student personnel, will open the week with a talk, "What Orientation Week Is," at 9 a. m. February 6. President Eisenhower will greet the newcomers that afternoon.

Other first-day activities include campus tours, an English placement test, a radio program with freshmen participating, recreation in Rec Center and the women's gymnasium and "Be a Little Cuckoo," a comedy to be presented by the Kansas State Players.

Scheduled for February 7 are aptitude, mathematics and reading tests; a health talk by Dr. Robert Snook of the Student Health Service; personality inventory test; coffee hour with faculty; and open house for new freshmen at Manhattan theaters.

The third day's program includes occupational interest inventory test; introduction to campus activities; talks on life at Kansas State by Helen Moore, dean of women, and Paul Torrance, men's adviser; and a variety show.

Sunday students will be guests of the church of their preference at fellowship activities. Enrollment for the new students will begin Monday with other students at the College. Enrollment will continue through Thursday.

Recreation will be planned each night with a meeting for veterans Tuesday at 8:00 p. m. in the Auditorium. The student council will sponsor a freshman dance on Wednesday evening and a freshman talent show will provide entertainment Thursday evening. Freshmen will present a radio show over KSAC, the College station, at 4:45 p. m. Thursday.

STUDENT SPEARHEADS DRIVE FOR MEMORIAL CHAPEL FUNDS

Wilbur Engelland, Sterling, collects \$334.02 during Christmas vacation

Wilbur Engelland, Sterling, College sophomore in arts and sciences, spent part of the Christmas and New Year's holiday working for the World War II Memorial Chapel fund.

Engelland promoted the idea of collections for the chapel at the Midland Evangelical and Reformed church in Sterling. On December 29 a total of \$334.02 was collected at the church.

When Engelland returned to classes following the holidays he brought the money to the alumni office at the College.

Seven Manuscripts Printed

Six students and one faculty member at Kansas State have original work appearing in the recent annual issue of The Parchment, national publication of the American College Quill Club, a creative writers' organization. Short stories were contributed by Richard C. Maloney, assistant dean of the School of Arts and Sciences and sponsor of the local club, and students Betty L. Goertzen, Irva Smith, Jean Swenson and Leslie Black. Poetry was contributed by David Holtz and Florence Cyhel.

CHIME TOWER, CHAPEL FUNDS RECEIVE MANY CONTRIBUTIONS

Business firms and individuals donate to memorial drive

Several new contributors to the World War II Memorial Chapel and Chime Tower have been announced by Dr. W. E. Grimes, secretary-treasurer of the K. S. C. Endowment Association:

Union National Bank, Manhattan; First National Bank, Manhattan; D. C. Green, Independence; Paul A. Skinner, Wichita; Cecil L. Eyestone, Independence; Miles E. Crouse, Harlan; E. L. Waller, Alhambra, Calif.; Howard Lindholm, student; Gertrude Praeger, Clafin; H. A. Praeger, Clafin; Perry Packing Company, Manhattan.

E. R. Trull, Bern; Leslie A. Droge, Seneca; Ralph F. Melville, Overland Park; Anna Maude Smith, Oklahoma City; R. S. Lovgren, K. S. C.; David T. Dougan, K. S. C.; K. H. Martin, K. S. C.; Dean M. Dildine, Lakewood, Ohio; Mr. and Mrs. L. E. Zimmerman, Whitewater; Joe M. Anderson, Wichita.

C. T. Anderson, Wichita; Ralph R. Hand, Wichita; John W. Harrell, Wichita; Charles W. Halferty, Wichita; H. A. Swim, Wichita; F. B. Morlan, Courtland; Mr. and Mrs. John C. Dart, Lima, Peru; Loyal F. Payne, K. S. C.; Mr. and Mrs. Merle Converse, Eskridge; Mr. and Mrs. L. C. Aicher, Hays.

A. Wallace Benson, Clay Center; G. Raymond Kent, Clay Center; Harold Rowland, Clay Center; Kathryn McQuillen, Clay Center; Dr. and Mrs. Maurice W. Hull, Clay Center; Georgia Hemphill, Clay Center; Mr. and Mrs. Ray Morrison, Clay Center; Vera Lindholm, Clay Center; C. E. Friend, Lawrence.

Mr. and Mrs. L. E. Call, Manhattan; W. W. Chandler, Lyons; Wilford H. Martin, Manhattan; A. E. Hostetter, K. S. C.; J. P. Van Vliet, Lincoln, Neb.; Doris Odle, Denver; Flora Dreier, Manhattan; Mrs. Mary L. Williams, Manhattan; Laverne G. Johnson, K. S. C.; Fred B. Patterson, Manhattan; R. G. Beach, K. S. C.; Floyd M. Wilson, K. S. C.; Rufus Cox, K. S. C.; Loyd A. Tatum, K. S. C.

L. R. Quinlan, K. S. C.; Morris D. Finkner, Manhattan; W. W. Willis, Manhattan; Mrs. Ed F. Smith, Manhattan; Lily Arens, K. S. C.; Mary Hope Morris, Hutchinson; Theodore Cole, Arlington; Robert G. White, Lansing, Mich.; Foster Farms, Rexford; Dr. Lee S. Fent, Newton.

Elmer C. Black, Plattsburg, Mo.; Mary E. Thornbrough, Lakin; K. M. Hall, Colby; Jeanne B. Smith, K. S. C.; Janet Ferguson Paige, Colby; Vida A. Harris, K. S. C.; Orville D.

(Continued on page three)

FARMERS GET BUILDING HELP FROM EXTENSION SPECIALIST

Two-day schools give suggestions for farm improvement

A series of two-day farmstead and home improvement schools have been scheduled throughout the state by the College extension service.

Extension specialists and representatives of the state board of health and other agencies will give talks and will conduct question and answer periods at the schools. A consultation service will be available for farmers wishing help with specific problems of remodeling, construction and purchase of equipment.

Co-chairmen of the schools are Harold E. Stover and R. S. Knight, extension engineers. The schools were planned because of the demand by farm families for information about farm improvement and home building, they said.

Schools scheduled are Hiawatha, February 10-11; Wamego, February 12-13; Junction City, February 14-15; Wichita, February 25-26; and Pratt, February 27-28. Four schools each will be conducted in March and April and seven in May. The first school was in McPherson and the second in Beloit.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. LASHBROOK Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris Assistant Editors
KENNEY FORD Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

THURSDAY, JANUARY 23, 1947

BOOKS

"Household Physics"—A textbook for college students in home economics. Revised Edition. By Madalyn Avery. 470 pages. The Macmillan Company, New York. 1946. \$4.50.

This book is designed as a textbook for home economics students but its discussions of the principles and operation of household appliances are so clear and so practical that the book should be required reading for non-scientific husbands as well as for non-scientific wives. The book should answer many questions for anyone who has wondered about the intricacies of the electric wiring system of a house, how a flame can be responsible for the cooling in a gas refrigerator, the functioning of fluorescent lights, the meaning of the tags on electrical appliances, or similar scientific mysteries of the home.

This book represents a complete revision of the previous, widely adopted, edition. The revision embodies many of the more recent developments. For example, an entirely new chapter on sources of illumination which discusses the nature and relative merits of all the sources of light energy available for the home and office.

In another chapter, on air conditioning, all available types of household heating including radiant heating and heating by a reverse refrigeration cycle are described. The revision has been made in the light of eight years experience with the first edition at Kansas State and at a number of other schools. On the basis of this experience Miss Avery has completely rearranged the sections on mechanics and electricity.

As with most physics texts, this book divides the subject into the five fields of mechanics, heat, electricity, light, and sound. Each of these five fields is treated with the aim of presenting the fundamental principles of the subject and of applying those principles to the functioning of the common household appliances. In the development only arithmetic and high school algebra are used so that non-technical students should have no difficulty in following the subject. Miss Avery has made no attempt to be exhaustive in her treatment nor does she try to present various subjects which cannot be understood without a much more detailed knowledge. For example, the subject of electronics and vacuum tubes has been omitted since it cannot be presented satisfactorily in an elementary manner. Such omissions indicate a thorough realization of the limitations of an elementary text. When a mathematical treatment of a necessary physical concept is too involved or complicated for the scope of this book, an entirely satisfactory qualitative presentation is substituted.

A case in point is the chapter introducing mechanics where Newton's laws of motion, the distinction between mass and weight, and the concepts of force, power, and energy are briefly presented in a clear and scientifically exact qualitative fashion which admirably serves as a foundation for a discussion of simple machines, the laws of pressure and of fluids.

The definitions given are carefully worded. Throughout the book Miss Avery has taken great care to keep the discussions clear and readable. As a result the book will, undoubtedly, be widely adopted for classroom use

and it should be widely read by people who are seeking a knowledge of the applications of physics in the home.

—Stuart E. Whitcomb
Assoc. Prof. of Physics

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Eight men initiated into Alpha Mu, honorary milling fraternity, were Joe Bonfield, Elmo; Robert Baber, Abilene; Dave Page, Topeka; Meade Harris, Tecumseh; Paul Hodler, Beloit; Robert Jay, Kansas City, Mo.; Jack Koster, Salina; Clifford Isom, Baldwin, Ill.

Sixty-three of the 86 girls who were graduated in home economics at the College in 1936 were employed professionally and all the rest were married by January of 1937, said an Industrialist story.

Rumor on the campus was that Kansas State would lose both its football coaches—Wesley Fry and Stan Williamson.

An organization of non-Greek students on the campus was to be started in February and called The Independence Student Union of KSC, Inc. The chapter house was located at 910 North Manhattan and 300 students had pledged their support.

TWENTY YEARS AGO

A new College song called, "Wildcat Victory" was written by Harry E. Erickson, a public school music major. The song was introduced by the Men's Glee Club at the Missouri Valley Glee Club contest in St. Louis.

The Independent Athletic club defeated the Sigma Nu fraternity for the intramural basketball championship of the College. Runners-up were the Lambda Chi Alpha fraternity and the Methodist Athletic club.

Music students appearing in a recital were Edith Reel, Detroit; Ruth Faulconer, Blanche Lapham, Paul Chappell, Helen Sproul, Bert Hostinsky, Manhattan; and Evelyn Torrence, Independence.

THIRTY YEARS AGO

All state and denominational colleges in Kansas but one had chapters of the YMCA.

Inflation was present thirty years ago, too. H. W. Davis in his "Sun-

flowers" column says, "The only thing we can be sure of nowadays is that whatever we buy will cost more than it did last time."

County engineers and advocates of good roads for Kansas met on the campus for the second annual road school.

FORTY YEARS AGO

A military highway was to be built by convict labor from Fort Riley to Fort Leavenworth.

The door arch of the Armory building on the campus had settled. "Since the building was erected in 1870 and changed and repaired many times since, it may be pardoned for showing signs of senility," said the Industrialist. The Armory is still standing in 1947 and is used as a storehouse.

Over 30 tons of coal per day were used during the month of January in the College boiler fires. The coal was furnished free of charge by the State penitentiary.

FIFTY YEARS AGO

The debate classes were discussing the question, "Resolved, that the United States should maintain the present gold standard."

A filler item says, "Homes should be made attractive. One cause of boys leaving the farm for the city life is the general unthriftiness and unattractiveness of the farm home."

SIXTY YEARS AGO

Visitors to the College chapel exercises occupied the gallery. Each student was required to attend chapel and assigned a seat, thus filling all the downstairs seats.

Two large cisterns which supplied the main building were empty and it was necessary to haul water to supply the College.

English classes were studying the structure of words so they could find meanings from the form of the words without consulting the dictionary.

SEVENTY YEARS AGO

A new organ was purchased to help the singing at chapel exercises.

The Industrialist apologizes for the lack of "learned editorials" in that issue. The president and professors were all too busy to write them, according to the article.

LOOKING AROUND

KENNEY L. FORD

Alumni of Des Moines and vicinity met at Younker's Tea Room January 3 to make plans for the Des Moines financial campaign for the all-faith Memorial Chapel and Chime Tower at the College. Kenney L. Ford, executive secretary of the Alumni Association, was speaker at the meeting, and R. H. Oliver, '17, was in charge.

Attending were Orie W. Beeler, '16, and Mrs. Beeler; Russell A. Leeper, '40, and Mrs. Leeper; Elmer D. McCollom, '21 and Mrs. McCollom; R. R. Marshall, '26; R. H. Oliver, '17, and Mrs. Oliver; Ursula H. Prater, '46; Frank J. Santo, '37, and Mrs. Santo; Howard O. Bennett, '25, and Mrs. Bennett; George S. Holland, '23, and Mrs. Holland; and Mr. and Mrs. Fred K. Chandler, all of Des Moines; Jay L. Lush, '16, and Mrs. Lush, both of Ames, Iowa; J. C. Cunningham, '03, of Ames, made reservations for the meeting but were unable to attend because of bad weather.

William O. Peterson, '97, of Marshalltown sent greetings and regretted that the bad weather prevented his attendance. Margaret Ahlborn Montgomery, '24, of Grinnell sent her regrets but sent a chapel contribution of \$25. Those in attendance favored holding a Kansas State picnic during the coming summer.

Jamal H. Hammad, Ag. '26, is in administrative agricultural work as a senior agricultural officer, department of agriculture and fisheries, Palestine government, Jerusalem. His address is Sheikh Jarrah Quarter, Jerusalem, Palestine. Mr. and Mrs. Hammad have two children, Hala and Ula.

On December 18 Mr. Hammad wrote to the alumni office:

"I can hardly fail to observe the vast changes and improvements on the campus, or in the student life and

activities during the 20 years since my graduation.

"The only group which I find trudging along with little improvement are the foreign students and their Cosmopolitan Club.

"I would like to see your responsible members of the faculty take a greater interest in their welfare.

"At both the Michigan State College and the University of Illinois, the foreign students already have International or Cosmopolitan Club Houses in which they as well as American students—who are internationally minded—live and board together.

"I am not advocating clannish segregation, but from my study of their position, I am of the opinion that there would be no grander idea than the college authorities recognizing the fact and actively help sponsor and guide through financially as well as administratively to have a house of their own. I am sure many will subscribe to such an understanding which when established could support itself.

"I must confide to you with pride that in the near and middle East, the time has come when a Kansas State graduate commands the recognition and respect equal to other American institutions better known in that part of the world. This explains why you have more boys from Palestine, Syria, Egypt and Iraq than you ever had at any previous time.

"I would like to see more boys from foreign countries at K. S. C., and would, therefore, suggest that room for 20 to 30 more foreign students would make very little difference to the already congested student population, as the present ratio of foreign students does not exceed one-half of one percent. Each foreign student is an ambassador of good will who would help to keep the name of K. S. C. high and honored and would carry it to the four corners of the earth."

COLLEGE TO ASK LEGISLATURE FOR NEW EXTENSION BUILDING

Needed four-story structure would cost nearly \$460,000

An appropriation of \$460,000 for a building to house the extension service at Kansas State College is among the building needs requested from the 1947 state legislature. The request, approved by the state board of regents, will be submitted to the legislature along with requests for new construction at other state schools.

The new four-story structure would connect the south ends of East and West Waters Hall. The building is requested in the College's proposed budget for the next biennium.

SPACE BADLY NEEDED

The extension service for years was housed in rented quarters off the campus, President Eisenhower said in his budget request, but the lease could not be renewed beyond June 30, 1945. Then the offices were temporarily moved to the military science building and to music-practice rooms off the campus.

Expanding enrollments in ROTC and music are forcing the extension from its present home, President Eisenhower said in the budget. As temporary office space for the extension service, the College is obtaining several former barracks from the federal government.

These barracks can be used only temporarily, President Eisenhower pointed out, and a permanent home for the extension service is urgently needed.

Many alumni will recall antics similar to these

Old bones, railroad irons, steel rings, typewriters, horseshoes and garden tools—these are a few of the items which new pledges of various organizations have toted around the campus this semester in a postwar revival of initiation antics.

Hapless initiates have sweated out time standing guard at various building entrances. They have carried such equipment as chewing tobacco and candy for the upperclassmen and have worn everything from bowler hats to flashing lapel lights.

Scarcely had the Sigma Tau pledges rubbed liniment on their sore muscles from a week-long wearing of a railroad iron neckpiece, than the freshmen of the Junior American Veterinary Medical Association came out with an assortment of bones which made them look like escapees from a cannibal island.

Various other types of lunacy appeared each week with neck ornaments a big favorite. When the Purple Pepster initiates dressed in costumes representing everything from an alarm clock to a waste basket, all previous shows looked like Saturday night on Tobacco Road.

Sigma Delta Chi pledges (type lice to journalists) recently came up fiddle-fit after a week of carrying a case which allegedly contained a typewriter. When one newshen tried to frisk such a case on Kedzie's front steps, the SDX louse resisted and further entomological data on his equipment is still unavailable.

DOCTORS' FIGHT AGAINST TB GAINS MUCH PUBLICITY

Dr. Karl Pfueteze experimenting with new drug to combat disease

The fight against tuberculosis, in which a Kansas State graduate is taking an important part, is the subject of an article in a recent issue of Newsweek.

Dr. Karl H. Pfueteze, GS '30, has been working with Dr. H. Corwin Hinshaw, Mayo clinic physician, and Dr. William H. Feldman, Rochester, Minn., during two years of elaborate experimentation with streptomycin to determine its effect on the germs of tuberculosis.

Dr. Pfueteze's labors have been conducted at Cannon Falls, Minn., where he now has more than 100 tuberculosis patients.

The results of these experiments were described in a recent article in the Journal of the American Medical Association.

Dr. Pfueteze received his MD degree at K. U. in 1934.

The vocation of every man and woman is to serve other people.

—Tolstoi.

KANSAS POETRY

Robert Conover, Editor

Enchanted Road

This is the road to enchantment.
This is the magic way.
You meet the one who loves you,
And tells you so each day.

This is the love that transforms you—
Makes you beautiful, sweet,
Changes the world you live in,
Makes your life complete.

This is the road to enchantment.
This is the love-lit view.
The one, you love, grows lovely,
And finds you lovely too.

—Mary R. Rondeau.

Sunflowers

By H. W. Davis

GUBERNATORIAL OLYMPICS

I have a new idea, I think, for a Bowl game, one that not even the purists of the N. C. A. A. will raise a row about.

I favor a Gubernatorial Bowl fracas to be staged down south in Dixie, perhaps in Georgia—all candidates for governor, open and above-board or under-cover, in these United States to be invited.

The affair I have in mind would be in the nature of an Olympic meet, running for two weeks in the spring of every even-numbered year. Each aspirant, with a political retinue not to exceed one thousand, would be on his own under Texas rules and would try to take over the governorship against all competitors in whatever manner he and his coaches and trainers could think up.

Prizes and awards and honors I have not yet worked out, my main thought being that valuable training would be had and the other 47 states saved a lot of misery and turmoil during the spring and summer of election years. At least every candidate for governor in the land would return to his home state in pretty good condition for the campaign or else he would be in no condition at all and could be allowed to wander blindly down into Florida and disappear in the everglades.

The Chamber of Commerce at Atlanta would undoubtedly be happy to build a stadium to seat not less than a million and a half on-lookers, provided the Republican majority in Congress would be gracious enough to allow an appropriation to slip through covering 99 per centum of the cost. This, I think, could be arranged if President Truman would promise to ease up on his moral victories, such as luxury taxing and the merging of the army, the navy, and the air.

I have not yet queried any flesh-and-blood governors or gubernatorial aspirants about the project. A few of the more experienced heads of states, especially those who would be willing to accept That Job in Washington, would probably consider it a waste of time. But I am sure the vast majority of those I have in mind would be delighted to get in some practice, eat some peaches, learn the basic holds, and find out how to break them.

The entertainment angle I have not gone into. That is a natural. Competition at Hollywood and at Washington, D. C., might not like it, but Hollywood and Washington should not want to furnish all of America's fun. They've been getting miserably dull of late, anyhow.

Anyone who likes or dislikes my idea is free to do whatever he can about it.

K-STATER HAS HIGH SCORE IN SWINE JUDGING CONTEST

Livestock judging team is eighth in Chicago meet

James Nielson, Marysville, a member of the Kansas livestock judging team was high scorer in swine judging in the intercollegiate judging contest at the International Livestock Exposition in Chicago. The Kansas State team ranked eighth in the contest.

The team judged classes of swine, cattle, sheep and horses. Team members beside Nielson included Joe Chilen, Miltonvale; Frank Wilson, Maplehill; Philip George, Lebo; and Robert Randle, Riley. Donald Price of Salina was alternate. The team coach is Prof. F. W. Bell of the animal husbandry department.

AMONG THE ALUMNI

The address of A. A. Gist, '91, is 1619 Oakley Avenue, Topeka.

Bonnie (Adams) Wilkin, '99, is now living at 1000 San Antonio Avenue, Alameda, Calif. She is a retired teacher.

A. H. Leidigh, '02, is with Texas Technological College, Lubbock, Texas.

The new address for A. J. Reed, EE '03, is 6618 Dana Street, Oakland 9, Calif.

Verda E. (Murphy) Hudson, '06, is social welfare director in Osage County. Her home is at Lyndon.

The address of Bea (Alexander) Shriver, D. S. '07, is 9 E. 30th, Spokane, Wash.

A. W. Kirby, EE '08, is pastor of the Methodist church, Rochepot-New Hope, Fayette, Mo.

The address for George S. Croyle, EE '11, is Box 313, Clovis, Calif. He is a high school teacher.

William E. Stanley, CE '12, is professor in charge of sanitary engineering, Massachusetts Institute of Technology. He lives at 44 Hastings Road, Belmont, Mass., with his wife and son Jim, 16. The older son, Bill, is a senior in chemical engineering at Cornell university. "I would like to see any K. S. C. alumni who might be in Boston vicinity," Mr. Stanley wrote.

Stella Mather, DS '13, is with the social security board, Baltimore, Md. She writes: "Congratulations on the type of memorial for K. S. C. I wish to make a small contribution." Her address is Windsor Court Apartments.

Nellie (Ferrin) Ely, HE '14, is living at Bethany, Okla.

Victor F. Stuewe, Ag '15, is manager of Garvey Farms, Eads, Colo.

The address for Charles A. Willis, '16, is 2231 Ashbury, Evanston, Ill.

J. Irwin Jacques, CE '16, and Alice (Pyle) Jacques, f. s., '18, live at 609 S. Highland, Chanute. Mr. Jacques is office engineer for the Santa Fe railroad. Mr. and Mrs. Jacques have a daughter and two sons. Mr. Jacques has been with Santa Fe since graduation.

Gertrude McQuaid, HE '18, is living at 576 Wesley Avenue, Oakland, Calif. She is a deputy county assessor.

Mary Elizabeth (Hagenbuch) Bunell, HE '20, is living at 3133 Connecticut Avenue, Washington 8, D. C.

Eugene S. Lyons, Ag '21 and MS '25, and Lola (Vincent) Lyons, HE '24 and MS '25, are living at Cairo, Ga. They have two children, Ted, 16, and Shirley Jean, 14. Mr. Lyons is with the USDA.

Fred Lynn Hall, EE '21, is living at 132 Avila Road, San Mateo, Calif. He is regional manager for the Century Electric Company, St. Louis, Mo.

Dr. M. Kamal, Ag '22, who has been deputy chief of entomological service, ministry of agriculture, Cairo, Egypt, is now Dean of the College of Agriculture, Farouk the First University, Alexandria, Egypt.

Delmar D. Chase, CE '23, recently was appointed assistant to the superintendent of Electrical System of the Detroit Edison Company. He lives at 8 Norwich Road, Pleasant Ridge, Mich. Mr. and Mrs. Chase have a son, Bruce. Mr. Chase is president of the Edison Power Club.

Maj. John C. Riddell, CE '24, is on active duty with the U. S. Engineers. His address is Logan Hotel, Omaha, Nebr.

Alberta (Edelblute) Timmons, GS '25, and George Timmons, f. s., '21, are living at Riley.

Charles Turnipseed, CE '26, lives at 630 Taylor, Topeka. He is a consulting engineer for Finney and Turnipseed.

Rushton G. Cortelyou, CE '27, is an economist with the Fairmont Creamery Company, Omaha, Nebr. Mr. Cortelyou and Margaret (Manley) Cortelyou, f. s., '28, live at 5109 Underwood Avenue.

Cecil L. Willis, f. s., '28, is with the U. S. Engineers. His residence is 6747 N. 24th, Omaha, Nebr.

Verl Dobbins, EE '29, is with the Kansas Gas and Electric Company as a commercial representative. He served in the Navy during the war as a lieutenant. Mr. and Mrs. Dobbins have two children. The Dobbins residence is at 4010 E. Kellogg, Wichita.

Harry Paulsen, Ag '30, is vice-

president and cashier of the State Bank of Fredonia.

L. D. Pierce, f. s., '30, is county engineer in Osage County. Mr. and Mrs. Pierce and son, Jim, live in Lyndon.

Jack S. McCorkle, MS '31, is regional chief of the range conservation division of the soil conservation service. Mr. and Mrs. McCorkle and children, Marjorie and George Robert, live at 118 S. Princeton, Albuquerque, N. M.

Zint E. Wyant, CE '32, is squad chief of the bridge design department of the State Highway Commission of Kansas. His address is 2516 Maryland Avenue, Topeka.

Merle W. Allen, GS '33 and MS '34, and Clara Jean (Martin) Allen, f. s., '33, live at 3778 E. Dunkin, Wichita. Mr. Allen is chief of training facilities, Veterans' Administration regional office.

H. W. Poole, EE '34, has been appointed engineer of the steel mill division of the General Electric Company, Kansas City, Mo.

Edward T. Sheldon, GS '35, is principal of the Lincoln grade school at Ottawa. Mr. and Mrs. Sheldon have a daughter, Susan June.

Robert E. Breden, GS '36, is statistician in the personnel research department of Procter and Gamble Company in Cincinnati, Ohio. Mr. and Mrs. Breden and children, Barbara Ann, Marilyn Sue and Patricia Ellen live at 6438 Mayflower.

Meredith E. Sperline, GS '37, and Carolyn (Phillips) Sperline, HE '37, are living at Vetsville Trailer A-5, Boulder, Colo. Mr. Sperline is a mathematics instructor in the department of engineering, University of Colorado.

Jordan Y. Miller, f. s., '38, now is studying in the department of drama, Yale University, in preparation for his master of fine arts degree which he hopes to acquire in 1948. He asked that his address for THE INDUSTRIALIST be changed to Box 208, New Haven, Conn.

John W. Pennington, ME '39, is a research engineer with the research department of the Caterpillar Tractor Company, Peoria, Ill. Mr. and Mrs. Pennington have a son, John Wesley III. The Pennington address is Box 27, Mossville, Ill.

Carl R. Rochat, IJ '40, and Mrs. Rochat are living at 1515 Ninth, Charleston, Ill. Mr. and Mrs. Rochat are attending Eastern Illinois State Teachers College.

A letter from F. A. Slead, Ag '41: "This is to tell you I am back on the farm after nearly three years in the Army. Most of that three years was spent in the transportation corps. My last assignment was at the San Francisco port of embarkation. I was discharged in June, 1946, and my wife and I are now at home on our farm near Lebo. Will you please send THE INDUSTRIALIST to me at Lebo, route one."

William B. Hall, IJ '42, is teaching English and journalism in the Almena rural high school. His address is General Delivery, Almena.

Leo E. Cross, PE '42, is coaching baseball, basketball and track in high school and grade schools at Towanda. He also is instructor of boys and girls physical education and world geography, economics and constitution.

George W. Atkinson, DVM '43, has a general practice at McPherson. His address is 401 S. Tulip, McPherson.

Esther (English) Fouse, HE '43, and Mr. Fouse live at 302 E. 13th, Wichita 4.

The address of John Hirleman, Ag '44, is Box 1314, Palo Alto, Calif.

Rufus William Davis, Ag '44, and Mrs. Davis are living at 693 Maple Avenue, Haddonfield, N. J. Mr. Davis is employed by the Girard Trust Company, third largest bank in Philadelphia, in the credit department. He works mostly on analyzing financial statements of companies dealing in commodities.

Ethelinda (Parrish) Amos, '45, writes from 1156 Ohio Street, Augusta: "My husband, Wendell Amos, (Chem. E '44) and I are now living in Augusta where Wendell has a position as chemical engineer with the Socony-Vacuum Oil Company. We are looking forward eagerly to the 'new'

Kansas State's next INDUSTRIALIST."

Kenneth H. Colvin, EE '46, is a junior engineer with the Kansas Power and Light Company, Topeka. Mr. and Mrs. Colvin live at 718 W. Eighth Street. They have a daughter, Karen Ann.

MARRIAGES

HURD—PENN
Mrs. Geraldine (Jones) Hurd, HE '37, and MS '38, and John Milton Penn were married November 28 at State College, Orangeburg, S. C.

WECKERLING—VAVROCH
Phyllis Weckerling, '45, and James H. Vavroch were married November 27 at the First Methodist church in Manhattan. The Rev. B. A. Rogers performed the double ring ceremony. Following the wedding Mr. and Mrs. Vavroch took a short trip to Kansas City. Mr. Vavroch is now a student at Kansas State.

WINKLER—JUSTIS
Blanche Winkler, HE '41, and Edward Justis were married November 16 at the First Christian church in Manhattan. Dr. T. H. Johnson, president of the Manhattan Bible College, performed the single ring ceremony. Mrs. Justis has been teaching in the Marysville high school. Mr. and Mrs. Justis now are living at 1000 Alston, Marysville.

KIENTZ—BREED
Clara Belle Kientz, HE '43, and Gale Breed, Ag '46, were married November 17. They now are living at 1134 Polk, Topeka. Mr. Breed is employed with the Kansas State Chamber of Commerce. His office is in the Jayhawk Hotel.

STOUT—KING
Robert Kelsa King, DVM '46, and Betty Stout were married September 28 in Broken Arrow, Okla.

FINKELSTEIN—STEINMETZ
H. M. Steinmetz, DVM '46, and Elaine Finkelstein were married September 22. Dr. Steinmetz's address is Darien Hospital, Boston Post Road, Darien, Conn.

BIRTHS

A daughter, Linda Jane, was born December 3 to Martha (Mullen) Wesche, f. s., and D. C. Wesche, CE '39. The Wesches live at 614 N. Eleventh, Manhattan.

David Carl was born December 15 to Charlotte (Penny) Lorenzen, IJ '36, and John C. Lorenzen of Chicago, Ill.

Floyd Edwin Beaver, DVM '44, and Mrs. Beaver of Clinton, N. J., announce the birth of a son October 1.

Albert A. Pease, Ag '32, and Muriel (Morgan) Pease, HE '34, 506 Edgewood Drive, Coffeyville, have a son, Ronald Albert, born December 5.

H. H. Fechner, DVM '35, and Mrs. Fechner of Syracuse, Nebr., have a new daughter, Linda Sue, born October 10.

Paul T. Loyd, DVM '40, and Mary Ellen (Corman) Loyd, HE '40, announce the arrival on October 8 of Nancy Jo. They live at 116 N. Kansas Avenue, Newton.

Alma (Henry) Dougherty, IJ '44, and Terryl Dougherty, IJ '42, are parents of a daughter, Pamela, born January 9. The Doughertys live in Topeka.

DEATHS

COYLE
Dorothy (Deal) Coyle, HE '43, died December 3 at Westfield, N. J. She was married September 21, 1946 to Raymond J. Coyle, who survives her. Also surviving are the parents, Walter E. Deal, EE '16, and Mary (Nicolay) Deal, f. s., '17, of Westfield, N. J.

UMBERGER
Mary Louise (Hampshire) UMBERGER, HE '36, died December 17 in a Denver hospital. She had been ill for several months but her condition became acute about a week before her death. She was taken to the hospital and underwent an operation. Survivors include the widower, J. D. UMBERGER, who is the son of Dean H. UMBERGER of the College, and two children, Sarah and David.

CARL MILLER TO ADDRESS KANSAS STATE SOCIETY

Former Belleville man's talk to feature California meeting

Carl P. Miller, f. s., '19, editor of the Pacific Coast edition of the Wall Street Journal, Los Angeles, will be the principal speaker at the annual Kansas Admission Day picnic of the Kansas State Society of Long Beach, Calif., in Bixby Park, January 26.

The program will start at 1 p. m. and will include music by the municipal band under direction of J. A. Richardson of Pittsburg and the talk by Miller, formerly of Belleville. Miller is a former city editor of the Manhattan Mercury.

"All Kansans are invited to the picnic," Mrs. Florene Deputy Haskell, f. s., '05, Long Beach, secretary of the Kansas Society, said. The group meets once a month.

Rogers Writes For U. N.

C. E. Rogers, one time head of the Kansas State College department of journalism is now a writer and editor in the Division of Information, Food and Agriculture Organization of the United Nations in Washington, D. C. This division disseminates information on scientific agriculture to the food producers of the world and therefore has on its staff journalists from many nations. Mr. Rogers' office is a Chinese economist and journalist, Dr. Leslie T. Kuo. Mr. and Mrs. Rogers are living in the Century Apartments, 2651 Sixteenth Street, N. W.

Inter-Frat Pledges Elect

The Interfraternity Pledge Council at Kansas State has elected William Christian of Merriam as its president. Other new officers are Robert M. Reed, Salina, vice-president; Georgia Johnson, Council Grove, secretary-treasurer; and Loren D. Compton, Manhattan, social chairman.

COUNT ME IN! I'LL BE A K-STATE CHIME-RINGER!

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel and chime tower in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

C. J. MEDLIN WRITES BOOKLET AS AID TO YEARBOOK EDITORS

K-State professor is nationally recognized yearbook authority

C. J. Medlin, graduate manager of student publications and assistant professor of journalism at the College, is the author of "Hints for Yearbook Editors," a 27-page booklet published by the journalism department at the College.

The booklet is based on a series of five radio talks Professor Medlin gave over College station KSAC. The book contains chapters on the production outlook, aims of the yearbook, getting pictures, writing copy, page layout and putting the annual to press.

A nationally recognized authority on yearbook problems, Medlin has served on yearbook panels for the National Scholastic Press Association. He is faculty adviser to the Royal Purple, student yearbook at Kansas State, which has won all-American honors for eleven consecutive years under his supervision.

Copies of "Hints for Yearbook Editors" can be obtained free of charge by writing to the Department of Industrial Journalism and Printing, Kansas State College, Manhattan.

As long as war is regarded as wicked it will always have its fascinations. When it is looked upon as vulgar, it will cease to be popular.—Oscar Wilde

BRITISH FIRM INTERESTED IN DEHYDRATION PROCESS

Method developed by K-State faculty members sought for use abroad

A process devised at the College for dehydration of potatoes and other starchy vegetables has interested a British firm.

V. A. Kennett, representative of a British industrial firm, has been at the College conferring with the board of directors of the College Research Foundation and Dr. F. A. Rohrman, one of the men who developed the process. Kennett's company is interested in obtaining a license from the research foundation to use the process in Great Britain, Ireland and possibly France.

The process was developed by Dr. John W. Greene and Dr. Ralph Conrad, formerly of the faculty, and by Dr. Rohrman, head of the chemical engineering department.

Discretion of speech is more than eloquence; and to speak agreeably to him with whom we deal is more than to speak in good words or in good order.—Francis Bacon.

K-STATE MEETS KANSAS JAYHAWKS IN BIG SIX GAME TUESDAY NIGHT

Wildcats defeat Rockhurst in non-conference tilt, 51 to 44

Coach Jack Gardner's Kansas State basketball team, loser of three consecutive Big Six contests after opening with a league victory over Nebraska early this month, will meet its arch foe, the University of Kansas Jayhawker in Lawrence Tuesday, January 28.

The Jayhawkers, crawling through one of the most disappointing seasons in K. U. history, will entertain red-hot Iowa State at Lawrence tomorrow night. A win for the K. U. team, earlier rated as best in the school's history, would give the University team a fifth place tie with K-State at one win and three losses each.

Kansas State, conference loser to Iowa State, Missouri and Oklahoma, found its way back into the win column Monday night by defeating a splendid Rockhurst college team from Kansas City, Mo., 51 to 44 at Manhattan in a non-conference game. The Hawks from K. C., came to Manhattan with a record of 10 wins and three losses and were stubborn in conceding the Wildcats a victory. At half-time, the score was 28 to 25, due chiefly to the shooting of Harold Howey who tallied 10 points in the first 20 minutes. Howey, a Kansas City, Mo., speedster, also won game scoring honors with 15 points.

Midway in the second half, the Rockhurst team assumed a 34 to 33 lead but Wildcats Hal Howey, Dave Weatherby, et al, started finding the hoop to gradually pull away from the smooth-passing Hawks. In the final four minutes, Rockhurst closed the gap to 48 to 44, but a well-timed shot by Guard Jack Dean gave the Wildcats a margin necessary to coast to victory.

Jerry Patrick, San Diego, Calif., freshman, showed signs of improvement at the center position, a spot where Gardner has been offensively weak all season. "Jumping Jerry" batted in three field goals, all of them tip-in shots.

However, Gardner will need power at his center position if the Wildcats are to defeat Kansas University, Tuesday night. Charley Black and Otto Schnellbacher, a pair of towering postmen for K. U. are highpoint makers on the Kansas squad and the Wildcats will need a center who can score, as well as guard, against the Jayhawkers.

Victory for Kansas State would be sweet to Jack Gardner and his inexperienced Wildcat crew. A Purple and White team has not defeated a K. U. basketball team since 1937 when the Cats won 33 to 32. The Jayhawkers now hold a string of 21 consecutive victories over Kansas State. On two occasions, 1940's 34 to 33 thriller, and 1942's 46 to 44 close one, Jack Gardner has all but taken the measure of the heretofore almost unconquerable Jayhawks. Fritz Knorr's 1945 wartime youngsters also scared the University team with a 33 to 31 loss.

Throughout the Kansas-Kansas State series which started in 1907, the Jayhawks have won 75 games, the Wildcats 31. There is a general feeling around Aggieville that this may be the year to end the Lawrence team's cage supremacy.

SIX SCHOOLS SIGN TO MEET MOLL'S WILDCAT SWIM TEAM

Washington, Iowa State, Oklahoma, Nebraska, St. Louis Scheduled

Swimming meets with five schools, plus the conference meet, have been arranged by C. S. (Cooney) Moll, head coach of the Kansas State swimming team. Other matches may be scheduled later, Moll said.

At the present, the Wildcat tankmen definitely are scheduled to meet Oklahoma, Washington U. of St. Louis, Iowa State, St. Louis University, Nebraska and to compete in the Big Six conference matches at Ames, Iowa, March 14 and 15.

Only two lettermen are included on the 1947 K-State squad. They are Marshall (Smokey) Stover and Jim Leker, both of Manhattan.

World food production for 1946 is high but the total food supply available is low. The world must exist on current production primarily until reserves can be established.

THE KANSAS INDUSTRIALIST

Thurlo McCrady Named Athletic Director

ONE MILLION DOLLAR HOUSING PLAN FOR FACULTY MEMBERS BEING STUDIED BY MANHATTAN CITIZENS

President tells Rotary that 223 more instructors may be added to College faculty; would help local business

Aware that Manhattan's future is inseparably linked with that of Kansas State College, business and civic leaders of the city are giving serious consideration to a \$1,000,000 housing project for faculty members.

The movement was given impetus when President Milton S. Eisenhower, in a talk to members of the Rotary club, pointed out that 50 faculty members and their families are now in need of housing, and that expansion plans at the College contemplate the addition of 223 more instructors. The additional faculty members alone, according to conservative estimates, would add a minimum of \$600,000 a year to the pay roll.

In addition to this amount, the volume of local trade and commerce would be augmented considerably by additional enrollees at the College.

LOOKING AHEAD

President Eisenhower estimates an enrollment of 7,500 in September of this year, stepping up to 8,000 students by 1948.

Manhattan's population has in the past increased in direct ratio to the increase in college enrollment, according to C. C. Kilker, secretary-manager of the Chamber of Commerce, who bases his statement on a careful survey of the two factors covering the period since 1905, in which year the college enrollment was only 743 students.

To insure that this growth of the college and of the city will not be stymied by lack of adequate housing for faculty members, the chamber officials and other civic leaders have been giving preliminary study to the creation of a housing corporation to undertake the apartment construction with a minimum of 200 family units.

UP TO CITIZENS

Under the plan now being studied, \$100,000 would be raised by the sale of common stock to citizens of Manhattan, with the further view of borrowing \$900,000 from the FHA. It was learned unofficially that FHA officials have been very encouraging as to the possibility of getting approval for such a project.

A similar project is now being worked out in Junction City to accommodate Fort Riley personnel under the army's expansion program there. An application for a state charter has been filed in Topeka.

Civic leaders in Manhattan point out that the situation here is of a much more permanent nature than the expansion at the fort, and none who were interviewed could see any possibility of the units standing idle.

At the present time, applications for admission to Kansas State College are being turned down at the rate of 500 a month because of the lack of adequate facilities and faculty. As the percentage of married persons among College enrollees is on the increase, this means that thousands of dollars are being lost to Manhattan business and trade. — Manhattan Mercury Chronicle.

Plan To Reopen Tearoom

Plans are being made to reopen the College tearoom in Thompson Hall at the start of next semester in mid-February, according to Mrs. Bessie Brooks West, head of the institutional management department.

The tearoom will be open two nights a week, Tuesday and Wednesday. Dinner will be served from 5:15 to 6:30 p. m. Tearoom management is a course required of senior dietitians, who receive regular College credit for their work.

How poor are they that have not patience. — Shakespeare.

New director is sixth in history of school

The new director of athletics just appointed for Kansas State College is the sixth in the school's history according to research work done by Dr. J. T. Willard, College historian, M. F. (Mike) Ahearn, former director of athletics and The Industrialist.

The five men who served as director previous to the present head of the athletic department were Guy S. Lowman, John R. Bender, Z. G. Clevenger, M. F. Ahearn and John (Hobbs) Adams.

According to the history of Kansas State College written by Dr. Willard, a new era for physical education and athletics in the College was recognized by the employment of a general department head and the systematization of training for both young men and young women when Prof. Guy S. Lowman became director of this work September 1, 1911. "Professor Lowman was especially interested in physical education as distinguished from athletics, but was also responsible for the coaching of athletic teams," wrote Dr. Willard.

John R. Bender was made head coach and director of intercollegiate athletics, effective August 1, 1915 and served one year. "Conditions developed that caused the resignation of all the men in the department, effective August 31, 1916," records Dr. Willard's history. September 1, 1916, Prof. Zora G. Clevenger became professor of physical education and director of athletics. He served until 1920 when he resigned.

Following Clevenger's resignation, which came suddenly, popular Mike Ahearn was drafted by President Jardine and quickly had his title changed from professor of landscape gardening to professor and head of the department of physical education and director of athletics, September 16, 1920.

Ahearn retired from the directorship July 1, 1946 after consenting to serve two years more than the retirement age of 65. He was succeeded by Hobbs Adams whose resignation was announced last month.

Prior to the era of athletic directors at Kansas State, school athletic affairs were handled by a committee of faculty members and students. Among the prominent faculty members who served on this committee were John O. Hamilton, Edmund B. McCormick, George Dean, H. H. King, John V. Cortelyou, J. T. Willard, N. S. Mayo and E. L. Holton.

NATIONAL 4-H CLUB WEEK TO BE OBSERVED MARCH 1-9

Kansas organizations now in midst of membership drive

The theme of national 4-H club week to be observed March 1 to 9 will be "Working Together for a Better Home and World Community," according to J. Harold Johnson of the state 4-H office at the College. Membership campaigns ending during national 4-H week are now under way in most of the 4-H clubs in Kansas.

Kansas 4-H leaders are not setting any definite membership goal but are urging each county to break previous membership records, Johnson said. A county membership committee of 8 or 10 members will be selected to lead membership activities in each county. Several counties are dividing their clubs into teams and conducting membership contests.

Vieux Is G. O. P. Head

O. O. Vieux of Wilmore has been re-elected chairman of the Collegiate Young Republican Club of the College. Other new officers are Phyllis R. Evans, Stanley, vice-chairman; Robert L. Daly, Huron, secretary; and Louise Darby, Manhattan, treasurer.

NEW MAN HAS BEEN DIRECTOR-COACH AT S. DAKOTA STATE FOR PAST SIX YEARS; IS 39 YEARS OLD

McCrady starts at K-State soon after March 1; name of head football coach may be announced within a week

The appointment of Thurlo E. McCrady as director of athletics at Kansas State College has just been approved by the state board of regents, President Milton S. Eisenhower announced.

McCrady, 39 years old, is now director of athletics and head coach of football and basketball at South Dakota State College, Brookings. He will succeed J. H. "Hobbs" Adams, who recently announced that he did not wish to continue as K-State director of athletics because of his desire to remain in the coaching profession.

McCrady will begin his duties at Kansas State as soon after March 1 as possible. The position of head football coach at K-State remains vacant. However, President Eisenhower said he hopes that the name of the new coach can be announced within a week.

SUCCESSFUL AT HASTINGS

Formerly athletic director at Hastings College, Hastings, Nebr., McCrady has held the post at South Dakota State College for six years, during which time he has completely reorganized and rebuilt the sports program at the school. He also is head football and basketball coach and head of the department of physical education. His teams consistently have ranked near the top of conference standings.

During his nine years as athletic director and head coach at Hastings College, his teams won conference championships in both football and basketball every year except two. His track team won the championship all nine years. Prior to his position at Hastings College, McCrady was coach for three years at Superior, Nebr., high school.

McCrady earned his bachelor's degree cum laude at Hastings College in 1929 and his master's degree in physical education administration at the University of Southern California in 1940. He also did graduate work at the University of Iowa.

As an undergraduate at Hastings College, McCrady led the conference scoring in both football and basketball. He was a member of the two-man championship golf team and held the conference javelin record.

PLAYED WITH NORTH ALL-STARS

McCrady was all-conference quarterback and all-conference forward for three years each. He played with the North team in the North-South game. He also demonstrated for Knute Rockne in the Notre Dame mentor's coaching schools. An outstanding kicker and passer, he made the longest drop kick in the country in 1927—53 yards.

As a high school athlete McCrady was a three-year letterman in football, basketball and track and won all-state mention in football and basketball. He played semi-professional baseball and was offered a big-league contract. He was a professional boxer for a short time.

McCrady's football team at South Dakota in 1946 lost only one conference game, a 6-0 defeat by North Dakota State, the conference winner.

The McCradys have three children — Donald, 16; Robert, 12; and Karen, 9.

Dunham In Washington, D. C.

Roy Dunham, journalism graduate at Kansas State College in 1937, is now in the Information Office of the Civil Aeronautics Administration in the Department of Commerce in Washington, D. C. His office prepares all government press releases on civil aviation and publishes a monthly magazine in addition to several annual publications.

New Director

THURLO E. MCCRADY

SPRING ENROLLMENT MAY DROP TO 6,000 WITH RISE NEXT FALL PRESIDENT SAYS

With second semester registration at the College scheduled to begin Monday, President Eisenhower today predicted that enrollment temporarily would drop to 6,000 students during spring term but would shoot to 7,500 next fall.

A slight decrease in enrollment during second term is normal, President Eisenhower said. Of fall term's 6,500 students, 200 were graduated this week. Another eight to ten percent of the fall term students are normally not expected to return. Although this would leave 5,700 students in the College second semester, President Eisenhower said he expects new students to boost the spring registration to about 6,000.

"If this proves true, it will be in accord with all of our studies which indicate an increase next fall to 7,500 students," President Eisenhower said.

President Eisenhower pointed out that Kansas State College is receiving as many applications from Kansas residents for next fall as it is for spring term. The College is turning down applications from non-residents at the rate of about 500 a month, he added.

Elect Air Officers

New officers of the Air Reserve Association chapter at Kansas State are Don Coulson, Wichita, president; W. S. Crum, Wichita, operations officer; and Dr. H. Leigh Baker, professor of education, secretary-treasurer. Coulson has arranged for the Reserve Training Unit at Topeka Army Air Field to maintain three AT-6's at Marshall Field, Fort Riley, for the use of reserve pilots in the Manhattan area during special days this month.

Attends Ohio Meeting

Paul Kelley, instructor in the Department of Agricultural Economics, attended a regional dairy marketing conference at Cincinnati, Ohio, recently. The purpose of the conference was to discuss proposed dairy marketing research under the Hope-Flannagan bill.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. LASHBROOK Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris Assistant Editors
KENNEY FORD Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

BOOKS

Frustrated Traveler

"Passage to Glory". By Helen Augur. Doubleday and Company. New York. 1946. \$3.

Few Americans have ever heard of John Ledyard. He is distinctly worth knowing, both for himself and because of his influence on the destinies of the United States. He seems to have been one of the first to think of the United States as an ocean-to-ocean nation and as the dominant power in the western hemisphere. The thought came to him, when, as a member of the ship's crew on Captain James Cook's third and last voyage, he saw for the first time the shores of the Puget Sound country. Then, as the author says, "On a March afternoon in 1778 John Ledyard, in the most luminous moment of his 26 years, glimpsed a future America".

Connecticut born John Ledyard was an inveterate traveler who always failed to reach his destination. His passion for travel appears to have been based chiefly on three desires, none of which was ever wholly satisfied. One was a desire to justify himself in his own eyes and in the eyes of his family and friends. Another was the not unusual but seldom so persistent desire to explore distant places and observe strange peoples. The third was his wish to be the first American to cross the continent and so contribute to the making of the United States into an ocean-to-ocean nation.

This book is concerned with these three motives, with Ledyard's efforts to make them effective and with the strange fatality by which they invariably were frustrated. It describes Ledyard as a boy stranded by the death of his father; as one of the first students at Dartmouth College where Dr. Eleazar Wheelock, "with a Bible and a drum and 500 gallons of New England rum", was undertaking to train both white boys and red for service as missionaries among the Indians; as a member of Captain Cook's crew sailing the Pacific; as a suppliant of Robert Morris, financier of the American Revolution, and other wealthy men for aid in fitting out an expedition to establish a fur trading post and to plant the American flag on the Northwest coast; as a party to an abortive partnership with John Paul Jones; as a friend, in Paris, of Thomas Jefferson, to whom he probably gave the germs of the ideas of the Monroe Doctrine, the Louisiana Purchase and the Lewis and Clark Expedition; as a friend and beneficiary of Sir Joseph Banks, an English scientist; as a lone wayfarer in Siberia, where he was made "a prisoner without a crime" by Catherine the Great, of Russia, on whose orders he was expelled from that country; and, finally, as an explorer in the wilds of Africa, where his death in 1789 at the age of 37 provided a mystery that has never been cleared up.

A quotation from a letter which Ledyard wrote to Jefferson, whom the writer regarded as "my friend, my brother, my father", and referring to both Jefferson and Lafayette, gives the origin of the book's title: "I am indeed a very plain man, but do not think that mountains or oceans shall oppose my passage to glory while I have such friends in remembrance." This is also one of several indications of Ledyard's desire to justify himself.

Interesting information about many subjects in addition to Ledyard

is contained in the book. Ledyard's observation that the women of a certain Siberian tribe stained their fingernails red is one of many instances, one having modern implications. Ledyard was an anthropologist as well as a dreamer and a splendid vagabond.

"Passage to Glory" throws light on some important origins in the history of our country. Miss Augur's prose style makes the book unusually pleasant reading.—F. D. Farrell.

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Helen P. Hostetter, a member of the staff of the journalism department, was granted a six months leave of absence to accept a temporary position as assistant specialist in information with the bureau of home economics of the Department of Agriculture.

More than 700 were registered the first day of Farm and Home Week which began February 10.

The Kansas State basketball team was fourth in the Big Six standings after defeating Missouri 45 to 42.

There were 53 candidates for degrees at mid-term. No formal commencement exercises were planned for them.

TWENTY YEARS AGO

Mrs. Elizabeth Dickens Schaffer, journalism grad, won a \$50 prize in a contest conducted by the bureau of advertising of the American Newspaper Publishing Association for the best copy promoting newspaper advertising.

There were 125 varieties of trees on the campus, according to members of the Botany department staff.

A journalism team composed of Esther Pagan, Beverly; Alice Nichols, Liberal; Dorothy Stevenson, Oberlin; R. L. Youngman, Kansas City; and McDill Boyd, Phillipsburg; edited the Kingman journal for a week.

Harold Howe, instructor in agricultural economics, was granted a leave to go to the University of Wisconsin for graduate study.

THIRTY YEARS AGO

A dozen steers belonging to the animal husbandry department won 20 prizes at the Denver livestock show. These cattle won two championship, nine first, four second and five third prizes.

More than 1,000 Kansas farm people from 80 counties were registered for Farm and Home Week.

FORTY YEARS AGO

The Physics department installed a 60,000 volt transformer for testing insulation.

Prof. Willard was absent from classes to testify in the Indian Territory in behalf of the Treasury Department in a case of alleged violation of the oleomargarine law.

The dairy department found that milk from a milking machine soured in 44 hours while milk from hand milking remained sweet only about 24 hours.

FIFTY YEARS AGO

A farm laborer is really as well paid as a city worker when you consider that he gets his room and board, said an Industrialist article urging youth to stay on the farm. The country air was much more "conducive to good health," said the article.

The students met as a mass meeting and drafted a petition to the State Legislature for a domestic science hall on the campus. A committee of five, consisting of R. W. Clothier, W. L. Hall, L. G. Hepworth, F. Russell and H. M. Thomas was chosen to represent the College at a meeting of the Legislature.

SIXTY YEARS AGO

The people in Franklin county were reported to be going crazy over reports that there was gold in the sand-rock there. "The Franklin countyites will find that there is more gold in raising fruit and grain than there is in those sand-rocks," observed the Industrialist.

"Of seven million children attending school in the U. S., about two and a half million of them wish they didn't have to," says a filler item.

The domestic science classes served lunch on Mondays and Fridays to a limited number of students and faculty members for 10 cents. Demand for tickets was reported to be heavy.

SEVENTY YEARS AGO

The Industrialist subscription rate was 75 cents per year.

That the Industrialist was glad to cooperate with Kansas newspapers is shown by the item, "As an expression of our appreciation of the kindness shown to the Industrialist by the Kansas press, we will insert gratis, for at least one month, a three-line non-pareil advertisement of any paper furnishing the copy therefor."

The number of students enrolled was 166.

Youth is a blunder; manhood a struggle; old age a regret.

—Benjamin Disraeli.

LOOKING AROUND

KENNEY L. FORD

A series of alumni meetings was held during the week of January 6 when plans for local chapel campaigns were made in various communities. Kenney L. Ford, executive secretary of the alumni association, and H. O. Dendurent, assistant alumni secretary, spoke to the groups in behalf of the fund-raising drive for a World War II memorial at KSC.

The meeting at Osage City January 6 was held at the Armand Hotel and was attended by W. L. Campbell, W. B. Banning, '04, and Flora (Ballon) Banning, '04, K. B. Dusenbury, '32, and Walter J. Campbell, '40, all of Lyndon.

At Burlington the alumni met on January 6 at the First Christian church basement for a pot-luck dinner. Attending were Harold Davies, '37, and Ethel (Antrim) Davies, '34, and children, Marian, Donald and Carolyn Sue, Jackson George, '41, and Mrs. George, all of Lebo; Loyd Wildman, '39, Kay Wildman, Lynne Wildman and Mrs. Hazel Wildman; Harry Douglass, Coral L. Wilson, Ben Shambaugh Jr., DVM '42, and Mrs. Shambaugh, Carl C. Conger, '33, and Alice (Tilton) Conger, f. s. '31, Clyde G. Winter, '14, and Daisy (Fletcher) Winter, f. s., William D. Brigham, '14; Helen E. McGuire, '39; Viola (Plush) Klamm, '39, and Irwin Klamm, Bill Batdorf, '25, and Mrs. Batdorf, all of Burlington; Mr. and Mrs. Charles Kunkel, Waverly.

The meeting at Garnett was held at Manner's Wayside Cafe on January 7. Attending were Edward G. Smerchek, '40; H. W. Stockebrand, '15; Kenneth G. Knouse, '25; Dr. A. A. Brecheisen, '17; Dr. A. W. Brecheisen, '43, all of Garnett.

Alumni of Chanute and vicinity met January 7 at the Tioga Inn dining room. Attending were Dr. B. D. Winters, '43, and Mrs. Winters; J. L. Jacques, '16, and Alice (Pyle) Jacques, f. s. '17; Dr. Louis H. Smith, '28 and Bernice (Winkler) Smith, '27; Vada (Burson) Weathers, '31; Lowell Burghart, '31, and Delight (Anderson) Burghart, f. s., '34; Barbara (Eulow) Henshall, '42, and C. E. Henshall; Mr. and Mrs. John Noddy, L. E. Moody, '28, and Mrs. Moody; Ebur Schultz, '32 and Opal (Porter) Schultz, '31; Virginia (Keas) Sparks, '42 and Wayne Sparks. During the meeting a piano solo was presented by Mrs. Nation.

A meeting was held at the YWCA in Parsons on January 8. Present were Carolyn (Mather) Winters, '33, and F. Gerald Winters, '31, both of Oswego; Wesley C. Kirschner, '40, Florence Harold, '30; L. W. Compton, '42; Vesta Smith, '13; Mary Scott, '16; Nell (Dilsaver) McFillen, '31, all of Parsons.

On January 9 an alumni meeting was held at the Coffee Shop in Fredonia. Those present included Florence (Houghton) Anderson, '43, and Van Keith Anderson, '43; R. O. Mills, '43; Martha (Goheen) Barb, '43, and Earl C. Barb; Sylvia (Bergling) O'Neill, '42, and Dennis G. O'Neill; J. C. Geiger, '23, and Geneva (Hollis) Geiger, '25; Lillia (Olson) Paulsen, f. s. '30 and Harry Paulsen, '25; Marjorie Hawkins, '45; Philip Lane, '44; Dr. James A. Porter Jr., '44, and Marian (Oldham) Porter, '43; T. V. Martin, '39; and Wicks Schoolcraft, '36, all of Fredonia.

LIBERAL EDUCATION SHOULD BE "MUST" IN STUDENTS' PROGRAM SAYS WALKER

Advocating liberal education as a required part of every college student's program, Dr. Robert A. Walker, director of the Institute of Citizenship at Kansas State, told the College Department of the Kansas Council of Administration at Wichita recently that liberal education is too important to leave to the chance selection of uninformed minds.

The difficulty in persuading a student that he should have a liberal education, Dr. Walker explains, is that the student hasn't the background to see its importance, and educators cannot allot it a monetary value. The student insists on taking what he regards as a "practical" course of study.

"As a matter of fact," Walker declares, "the qualities of understanding and judgment which a liberal education cultivates are a major factor in material success."

Dr. Walker, in pointing out current competing ideas of the function of a college, denies that the age of specialization calls only for specialists.

"Our graduates must be first of all good citizens in a democracy. If they wish to be technicians, let the college provide good technical training. But," he holds, "such training must be secondary and subordinate to good preparation for citizenship and civic leadership."

In this era of educational soul-searching, Dr. Walker says, the outcome will depend on the wisdom displayed by college faculties. One of the primary difficulties, he declares, is that educators have not decided what they are trying to do in college education.

"It is essential," Dr. Walker contends, "that education equip students to assume the responsibility they will have as citizens in a democracy. The schools and the colleges of this country have the primary obligation to prepare students to assume the all-important task of governing themselves intelligently."

BOOK BEST-SELLERS TO BE REVIEWED ON KSAC EVERY TUESDAY AFTERNOON

Recent best sellers among books will be reviewed each Tuesday at 5:05 p. m. on KSAC, radio station at the College, during the next four months by the English department staff assisted by Dr. F. D. Farrell, Dr. S. A. Nock and Richard C. Maloney, assistant dean of arts and sciences.

The first review, "This Side of Innocence," will be given February 18 by Miss Helen Elcock, according to Grant Salisbury, assistant extension editor.

Other books and reviewers include "The Muses' Darling" by Dr. S. A. Nock; "Mistress of the White House," by Prof. J. O. Faulkner; "Green Grass of Wyoming" by William E. Koch; "East River" by Russell Laman; "The Last Circle" by Prof. R. W. Conover; and "Midwest at Noon" by Dr. F. D. Farrell.

Also "The Miracle of the Bells" by Miss Nellie Aberle; "The Roosevelt I Knew" by Miss Myra Scott; "B. F.'s Daughter" by Dean R. C. Maloney; "Daniel Coit Gilman" by Prof. Charles Matthews; "Preface to Religion" by Prof. J. P. Callahan; "Anna Senger" by Miss Mildred McMullen; "The Walls of Jericho" by Dale Jones; and "Education of Modern Man" by Miss Anna M. Sturmer.

The English department will also continue to sponsor four other weekly programs: "Sunflowers" and "Poetry Talks" by Prof. H. W. Davis; "Story and Music Time" by Mrs. Kathryn Lilliston; and "The Children's Story Book Parade" by Miss Marion Kirkpatrick.

Poultrymen Meet

The Kansas Poultry Industry Council held its seventh annual meeting at the Wareham Hotel, Manhattan, Wednesday. The Council is made up of 12 state-wide poultry and closely-related organizations, and attendance at the meeting is made up of the representatives of these member organizations. The Council coordinates all major poultry interests of the state into one effective working body. Two projects which it has sponsored are the annual Poultry Exposition and the Chicken-of-Tomorrow Contest.

KANSAS POETRY

Robert Conover, Editor

Walking with Autumn

Autumn I shall meet you in my garden where
Mellow fragrance lingers on a mellow air;
Where the petals shatter, brushed by languid wing
Questing late and finding scanty garnering.
We shall walk together through the meadow land;
Tall and brown and seeded, ageing grasses stand;
Milk weed pods are bursting, silken floss is spun
Battening its beauty in the tempered sun.
We shall walk together through a woodland glade,
We shall sing together in the forest shade;
While the bright leaves falling, through a slanting beam,
Meet and hide their shadows on a quiet stream.
When the light is fading in the sunset sky,
When the wind is stirring where the late birds cry,
When the brown leaves cover paths that we have known,
Linger Autumn, linger, lest I walk alone.

B. Belle Little
Manhattan, Kan.

Sunflowers

By H. W. Davis

IMPROVEMENT NO. 3 OR 4

Of late I have noticed much improvement in radio round-upping. Just the other night the right venerable N. B. C. got down to spot-reporting and took us to Brooklyn and Cambridge to interview the gals that had been held up in the two outstanding pay-roll robberies of the day.

It made a lively, interesting show, the interviewers not pretending to be authorities on pay-roll robbing but conducting themselves as meek, intelligent reporters trying to find out what happened. During the war, you may remember, all round-up reporters looked upon themselves as professors of diplomacy and military science and lectured accordingly for three out of every four minutes.

I thought for several months after the war's end that the enlargement of the ego most radio leg-men were suffering from was going to prove permanent. They kept on elucidating situations in various and sundry capitals in the uncounted nations of the One World. And they kept on telling what was going to happen if this or that transpired or did not transpire—just as they did in war-time when nobody knew anything and would believe everything out of fright.

Often in my hours of comparative ease I sit and wonder what has become of the know-it-all boys who used to tell us about battles that were going to be raging by the next dawn and revolts and revolutions that would be in full swing by next Tuesday. There were five or six of them in every capital or crucial center on the face of the globe, and half of what they foresaw would have kept the world in military spasms for a hundred years.

It's funny now, but was a serious matter then, believe you the sepulchral tones they brought into play. Everything had to be impressive, no matter how minor it might seem to be, and actually was. We had to be told what Roosevelt would unleash in his fireside chat, what Churchill would tell Parliament, what Hitler intended in Spain and the Near-East, what Stalin had in mind about the Balkans, and what ceiling the OPA was going to put on beeswax.

Well, it's all over now—we hope. And the experts with the bishops' voices are meekly quizzing beautiful sixteen-year-old cashiers about just how they outwitted the bold, bad men who pointed the revolvers and asked for the money bags. If radio round-ups are going in for good local color and will promise to achieve a reasonable avoidance of monumental profundity, I think I'll go with them a while longer.

Weir Heads Dairy Club

Glenn Weir of Hazelton has been elected president of the Dairy club at Kansas State College. Other new officers include Ivan Strickler, Iola, vice-president; Glenn McCormick, Cedar, secretary; Roger Wilkowske, Emporia, program chairman; Wayne Fuller, Manhattan, treasurer; and Sam Claar, Colby, parliamentarian. The club has made plans for a luncheon for visitors at agricultural week on the campus.

AMONG THE ALUMNI

A card from Charlotte A. Morton, '08: "I still give my occupation as 'artist' and my present address is 1025 Camino Real, Redwood City, Calif."

The address of Otto L. Hupp, Ag. '15, is SCIPA, N. Sanchez, No. 215, Lima, Peru.

Walter B. Adair, Ag. '16, is living on route five, Russellville, Ky. He has a 523 acre farm, raising corn, wheat, barley, soy beans, dark tobacco and other crops.

James Irwin Brady, ME '18, and Elsie (Baird) Brady, HE '15, are living at Nyssa, route 2, Oregon. Mr. Brady is engaged in farming.

The address of H. T. Enns, Jr., IJ '20, is 156 E. Garden Road, Larchmont, N. Y.

Florence E. Mather, HE '21, is a dietitian with the Forest Park high school, Baltimore, Md. Her address is Windsor Court Apartments, Baltimore 16, Md.

The address of Edgar H. Barger, DVM '21, is route two, box 821, Lafayette, Calif. Dr. Barger is practicing at Lafayette.

Cyrus A. Perry, Ag. '22, is engaged as a gardener at Whittier, Calif. His address is 1764 Stamy Road, Whittier.

Lawrence D. McDonald, ME '23, is an engineer in charge of construction for the Kansas City district office, Corps of Engineers. His address is 11 W. Seventieth Levi, Kansas City, Mo.

Robert G. Merrick, '24, is an attorney for the Veterans Administration, regional office, Wichita. His address is 2821 Wilma Street, Wichita 9.

Everett M. Schreck, MS '25, and Dorothy (Cashen) Schreck, MS '20, are living at 2821 Kensington Place East, Columbus, Ohio. Mr. Schreck is associate professor of the department of speech and theater director at Ohio State University.

Ben Wade Friedel, Arch. '26, and Mrs. Friedel are living at 1220 E. Twelfth, Winfield. Mr. Friedel is working in Winfield as an architect.

Paul A. Axtell, Ag. '27, is principal of the high school at Redlands, Calif.

A note from Frances Whitman, HE '29: "I am writing to tell you I have changed my address to 1036 N. Bonnie Brae Street, Los Angeles 26, Calif. Kindest regards to the alumni and instructors."

Paul R. Chilen, Ag. '30, is an assistant professor in the department of agriculture in charge of agricultural engineering at Texas A. and I, Kingsville, Texas.

Isa Ruth Plank, MS '30, is an instructor in chemistry and physics at Bethany College, Lindsborg.

Opal (Porter) Schultz, HE '31, and Elbur S. Schultz, Ag. '32, are living at Chanute where Mr. Schultz is engaged in the real estate and insurance business. They have three children, Billie, Richard and Gregg. Mr. Schultz is vice-president of the Chanute Chamber of Commerce and active in Boy Scout work.

Luther Jacobson, Ag. '32, is district conservationist for the Soil Conservation Service with headquarters in Junction City. He and Mrs. Jacobson and their son live at 519 W. Pine, Junction City.

Maxine (Blankenship) Crumrine, HE '33, and Gerald Crumrine, f. s., are living at 196 N. Third East, Logan, Utah.

The address of A. D. Woodruff, DVM '34, is c/o O. A. Atkins, route four, box 85, Manhattan. Dr. Woodruff is a veterinary poultry inspector for the U. S. government.

M. Waldo Wilcox, CE '35, and Katherine (McClintock) Wilcox, GS '31, are living at Lincoln. Mr. Wilcox is a civil engineer with the U. S. Bureau of Reclamation.

Ward H. Shurtz, CE '36, and Sue (Bettan) Shurtz, f. s., are living at 919 E. Seventh, Hastings, Nebr. They have a daughter, Suzanne. Mr. Shurtz is president and general manager of the Whistle Vess Bottling Co., Inc., Hastings.

Laurence L. Wisdom, Com. '37, and Mrs. Wisdom are living at 1612 E. Twelfth, Pueblo, Colo. Mr. Wisdom is a department manager for Sears Roebuck and Company.

Keith C. Walton, EE '38, is farm-

ing near Peck. Mr. and Mrs. Walton have a son, Earl Daniel.

The address of Georgene (Baird) Wade, GS '39, is Formosa.

A letter from Maurice R. Coulson, Com. '38, 1030 First National Bank Building, Wichita: "Enclosed please find my check for \$15 in payment of a five-year membership in the alumni association. My home address is 2809 Shady Brook Lane, Wichita." Mrs. Coulson is the former Dorothy Uhl, HE '40.

Dean E. McIntire, GS '39, and Mrs. McIntire are living at 304 E. Culton Street, Warrensburg, Mo. Mr. McIntire is employed by the Veterans Administration as chief of the VA Guidance Center at Central Missouri State College, Warrensburg, Mo.

J. Thomas Neill, Ag. '40, is a soil scientist with the Soil Conservation Service. Mr. and Mrs. Neill and children live at 1212 S. Ash, McPherson.

Clarence Paul Smith, ME '41, is a mechanical engineer for the National Lead Company. He is working in their engineering department. His address is 121 W. 110th Street, Chicago 28, Ill.

Edward H. Elling, MI '42, is a chemist with the National Milling branch of the National Biscuit Company. His address is 1060 W. Woodruff, Toledo 6, Ohio.

The address of Russell Blessing, MI '42, is 3228 Parkwood, Toledo, Ohio. He is employed as a chemist for the National Biscuit Company.

William Valjean Lumb, DVM '43, is with the Angell Memorial Animal Hospital, 180 Longwood Avenue, Boston 15, Mass.

Doris E. Lupton, HE '44, is a dietitian at Grace Hospital, Hutchinson.

Charles R. Beardmore, Arch. E '44, is a studio draftsman in Los Angeles, Calif. His address is 551 S. Fremont Avenue, Los Angeles.

Velma Miller, BA '45, is living at 332 N. Eighth Street, Kansas City. She is doing office work at the Chrysler Motor Parts Corporation, Kansas City.

The address of Eileen Lois Green, '46, is 609 W. Green Street, Urbana, Ill. She is a teaching assistant.

Joyce Wedel, HE '46, is assistant director of the dairy council of Wichita. Her address is 433 S. Fountain, Wichita.

MARRIAGES

NIX-THOMAS

Theo Nix, IJ '40, MS '41, and Richard H. Thomas were married December 23 at the parsonage of the Bowen Memorial Methodist Church in Los Angeles. The Rev. Hamilton T. Boswell performed the ceremony.

HOLE-ACKER

Jewel E. Hole and Alvin W. Acker, ME '42, were married November 10 at the Latter Day Saints church, Topeka. The double-ring ceremony was performed by the Rev. M. E. Cheeseman. Mr. Acker is employed as a mechanical engineer with the Henry Manufacturing Company of Topeka.

TURNER-BRADY

Selma Turner, GS '32, and John L. Brady were married November 18. The ceremony was held in Seven Dolores Catholic church, Manhattan, with Msgr. A. J. Luckey, pastor, officiating. After a short wedding trip the couple returned to Manhattan to make their home.

WRIGHT-SOCOLOFSKY

Helen Wright, f. s., and Homer E. Socolofsky, GS '44, were married November 23 at the Westmoreland Methodist church. The Rev. B. A. Rogers, student pastor of the Manhattan Methodist church, officiated. Mr. and Mrs. Socolofsky now are at home at 520 N. Eleventh, Manhattan, where Mr. Socolofsky is a graduate assistant in the history and government department at the College.

OELKE-MURRAY

Irene W. Oelke, Com. '37, and Thomas G. Murray were recently married. Mrs. Murray has been associated with the Department of Agriculture in Washington, D. C., for the past five years. Mr. Murray was formerly an attorney with the Office of Solicitor, USDA. The couple will live in San Francisco.

BIRTHS

Raymond W. Stanzel, DVM '41, and Virginia (Speer) Stanzel, IJ '34, announce the arrival of a son, Kent Allen, December 27 at City hospital, Columbus.

Ralph E. Mitchell, Arch. '35, and Mrs. Mitchell have given the name David Weston to their son born January 2 in Christ's hospital, Topeka.

A son, John Terrell, was born December 25 to John R. (Jack) McClung, Com. '37, and Mrs. McClung, 2205 Steiner Street, San Francisco, Calif.

C. J. Prchal, DVM '33, and Mrs. Prchal are parents of a daughter, Sandra Lee, born December 9. The Prchals live at 1722 E. Almeria Road, Phoenix, Ariz.

A daughter, Marilyn Raea, was born December 7 to Marjorie (Scott) Hein, HE '37, and Hubert R. Hein, Ag. '33 and DVM '35, of Washington.

C. Peairs Wilson, Ag. '38 and MS '40, and Doris Maurine (Smith) Wilson, HE '39, Manhattan, have a daughter, Kathleen, born December 9. Mr. Wilson is with the department of economics and sociology at the College.

A son, Francis David, was born December 5 to Anna (Wagamon) Murry, HE '42, and Frank Murry of 119 N. Fourteenth, Manhattan.

A daughter was born to Charlene (Burson) Walser, PE '36, and Joseph Walser, f. s., at Rolla, Mo., on November 29.

Alice (Gunn) Evans, HE '41, and Richard L. Evans Jr., Ag. '42, announce the arrival of a daughter, Nancy Louise on September 12. Mr. and Mrs. Evans and daughter live on route two, Hutchinson.

Robert M. Jarrett, DVM '45, and Mrs. Jarrett, Box 73, Byron, Ill., have a new daughter, Rachel Lynn, born October 2.

DEATHS

CALLAHAN

Frank H. Callahan, DVM '29, who since graduation had been located in Abilene, died unexpectedly October 19. He was on a hunting trip in Nebraska and died there.

DEKKER-VAN GYHL

Willem Dekker-Van Gylh, DVM '35, died July 7 at Johns Hopkins hospital, Baltimore, Md. He had been in the Navy during the war. Death was attributed to chronic glomerular nephritis.

THACKREY

Elva (Palmer) Thackrey, '96, wife of John E. Thackrey, '93, died December 25 in a Hutchinson hospital. She was 78 years of age. Other survivors are four children, including Vera (Thackrey) Faulconer, GS '31, Topeka. Funeral services were held at the First Methodist church in Hutchinson. Interment was in Sunset Cemetery, Manhattan.

CORLE

Loula (Simmons) Corle, HE '32, of Shawnee died of cancer January 13. Her husband, Harold R. Corle, CE '31, and two children survive. Funeral services were held at Shawnee.

GOULD

Lee H. Gould, Ag. '12, radio editor of the New Mexico extension service, died December 21 when his car was sideswiped by another vehicle 10 miles south of Las Cruces, N. M. Mr. Gould was 62 years of age. At the time of the accident, he was en route to El Paso where his wife was scheduled to undergo an operation. Mr. Gould died of internal injuries two hours after the accident. He was widely known for his radio talks on farm subjects on the 32 New Mexico A. and M. extension service programs. He had been radio editor since 1940 and with the service since 1934. Survivors include the widow, Mrs. Anselyn Gould. Final burial services for Mr. Gould were held at Dodge City December 27.

Perhaps one of the most significant ways of relating our leisure to living in its richest sense is through hobbies, avocational interests that sometimes become vocational, interests that grow as we grow.—From Hobbies.

DEVELOPMENT OF ONE-WORLD CONCEPT IS TASK OF COLLEGES SAYS EDUCATOR

"If we will put one-half the intelligent planning, the effort, the enthusiasm, and the forces into education for peace that we did for war, no human mind can set the limits of our possibilities," Dr. Herold C. Hunt said speaking before the mid-year commencement exercises at Kansas State College Tuesday morning.

Degrees were granted to 197 candidates and 16 men received certificates in a short course in refrigeration and air conditioning at the exercises in the College Auditorium.

Pointing out that the cost of crime to the American people is seven times that of the cost of education, Dr. Hunt said we must learn to "place first things first."

"We spend four times the amount on gambling and twice the amount on liquor that we do on education. Ten million American adults have so little schooling that they are virtually illiterates and yet 350,000 school teachers have quit the classroom in the last five years," Dr. Hunt said.

The development of the one-world concept is the foremost task of the American colleges and universities today. Since wars begin in the minds of men, it is the minds of men that must be educated for peace. In an age when we have learned to smash the atom we must learn to smash prejudice as well, according to Dr. Hunt.

Dr. Hunt has been superintendent of schools in Kansas City, Mo., since 1940. He received his Bachelor and Master of Arts degrees at the University of Michigan and his doctor of education at Columbia University. He is president of the American Association of School Administrators.

FOUR KSC GRADUATES APPLY FOR REGULAR ARMY RANK

Names have been sent to Senate for confirmation

Four Kansas State graduates are included in a group of 1,864 reserve and national guard officers seeking commissions in the regular army. Their names were sent to the Senate January 27 by President Truman for confirmation.

The group is the first of three planned this year to fill 25,000 new commissions authorized by the last Congress.

The grade given each officer is his permanent grade in the regular army. His grade in the army of the United States, national guard or officers' reserve corps appears in parenthesis.

The Kansas State graduates: Maj. (Lt. Col.) Lawrence W. Byers, Arch. '23, El Dorado; Capt. (Maj.) John J. Jewett, CE '38, Halstead; Capt. (Maj.) Eugene M. Lill, CE '37, Mount Hope; Capt. (Lt. Col.) Clair M. Worthy, CE '32, Wetmore.

Floyd Rolf of Pratt has been elected president of the Ag Economics club for the coming semester. John Boller of Kansas City, Mo., succeeds Rolf as vice-president.

WHAT THEY SAY

"Those with whom I have talked think the World War II Memorial Chapel and Chime Tower is a very good project."—E. F. Swanson, '06, Concordia.

"We wish you great success in this very worthy cause."—Mr. and Mrs. H. B. Hubbard, '07 and '05, respectively, Pasadena, Calif.

"It is a real pleasure to send you a check for the chapel. This is one of the nicest things that has been started at Kansas State in years and it's good to be a part of it."—Anna Maude Smith, '14, Oklahoma City, Okla.

"We believe the building of a memorial chapel is a tremendously worthwhile project."—Mr. and Mrs. J. E. Brock, '08 and f. s., respectively, El Centro, Calif.

"Congratulations on the type of memorial for KSC."—Stella Mather, '13, Baltimore, Md.

"Let us really dedicate ourselves to this undertaking. . . . We are making progress. . . . No one has been called out upon a greater mission than ours at this very moment."—Arthur Peine, f. s., Manhattan, general chairman, chapel campaign committee.

NEW SUBCOMMITTEE TO AID COLLEGE IN SOCIAL SCIENCES RESEARCH WORK

To round out the research program at Kansas State College, a new subcommittee has been formed and added to the all-College Research Coordinating Committee to stimulate fundamental and applied research in the social sciences, President Eisenhower has announced.

The new subcommittee will have power to accept grants for the College. It will encourage, coordinate and supervise College research in the social sciences. Chairman of the group will be a member of the Research Coordinating Committee, which serves in an advisory capacity in the development and integration of all research at the College.

Dr. V. S. Sweedlun, associate professor of history and government, has been appointed chairman of the new subcommittee. Other members are E. S. Bagley, assistant professor of economics and sociology; Roy C. Langford, professor of education and psychology; Dr. R. A. Walker, director of the Institute of Citizenship; Dr. Earl E. Edgar, associate professor of philosophy; Dr. H. Leigh Baker, head of the education department; R. C. Hill, professor of economics and sociology; and George Montgomery, professor of economics and sociology.

The new committee was formed to extend the field of researches in the social science beyond those performed by the agricultural and engineering experiment stations.

COUNT ME IN! I'LL BE A K-STATE CHIME-RINGER!

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel and chime tower in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

OUR GOAL: EVERY ALUMNUS AND FORMER STUDENT A CHIME-RINGER!

EX-GOVERNOR ARNALL OF GEORGIA TO SPEAK AT COLLEGE FEBRUARY 14

Prominent southern politician sponsored by Institute of Citizenship

Ellis Gibbs Arnall, former governor of Georgia and a major participant in the recent gubernatorial battle in that state, will address a Student Assembly in the Kansas State College Auditorium Friday, February 14.

The youngest governor in the United States during his four-year term of office, and progenitor of a new and more liberal constitution for his state, Arnall will ask in his talk "Who's Country Is This, Anyway?" His appearance will be sponsored by the Institute of Citizenship at the College.

The new Georgia Constitution was the cause of some of Arnall's recent troubles over occupation of the governor's chair. No provision had been made for succession to the post when a governor-elect died before taking office.

When Eugene Talmadge, elected to succeed Arnall in last fall's general election, died before taking office, the state legislature voted to seat the governor elect's son, Herman, on the basis of a scattering of write-in votes in November and an obscure interpretation of the new Constitution.

Arnall refused to yield office to Talmadge and when locked out of his offices set up his administration in downtown Atlanta. He resigned the governorship in favor of M. E. Thompson, lieutenant governor, after the latter had been sworn in.

Arnall has been prominent in Georgia politics since 1932 when he was elected to the general assembly of the state. He was appointed assistant attorney general in 1937 and attorney general in 1939.

In 1942, Arnall was elected governor of Georgia and initiated the re-vamping of the state constitution, which provides in its final form, for the franchise of 18-year-old citizens, eliminates the poll tax, and revises the old penal system.

"The Shore Dimly Seen," a book by Arnall, describes the achievements of his four year administration in Georgia and outlines a national program for the future.

JEWISH STUDENTS PLEDGE \$200 AS MEMORIAL TO THREE DEAD

Hillel Foundation honors former Kansas State Students

The Hillel Foundation, organization for Jewish college students at Kansas State, has pledged \$200 for a memorial to be established in the all-faith chapel at the College.

The group, which made an initial payment of \$75 on the pledge, has not yet decided on the type of memorial which will be dedicated to three Jewish students of K-State who died in World War II.

The students to be honored include Pfc. Max Gordon, Bronx, N. Y., who was killed in France in the summer of 1944; Pfc. Leon Schulman, Brooklyn, N. Y., who died December 8, 1944, in Europe; and Lt. Milton Kaslow, also of Brooklyn, who died in the southwest Pacific. He was the first K-Stater killed in the war.

Kohn Speaks at Assembly

Hans Kohn, professor of history at Smith College and authority on international affairs, spoke on "America's Destiny" at an all-College assembly recently. Professor Kohn is the author of sixteen books, among them "Force or Reason," "Revolutions and Dictatorships," "Not by Arms Alone," and "World Order in Historical Perspective." In 1940 he received a Guggenheim fellowship to continue his study of nationalism.

Ends Two Year Old Game

A chess game begun two years ago has just been won by L. M. Jorgenson, associate professor of electrical engineering at Kansas State. Professor Jorgenson met his partner, Bruce D. Miller, in 1941 while working in Schenectady, N. Y. They have played two games by mail, each winning one. Professor Jorgenson won the last game in 74 moves. Each move, which takes from 10 days to two weeks to complete, is shown on a postcard and sent to the opponent.

Basketball Was Second

Coach Jack Gardner of Kansas State had plenty on his mind Monday when his Wildcat basketball team defeated Iowa State at Manhattan, 43 to 30. Gardner's wife, Marian, underwent a major operation in a Manhattan hospital just an hour and 45 minutes before the game started. The K-State coach watched the doctor make the incision, then rushed to the gymnasium to direct his team. The Gardners have one son, Jimmy, 8.

KRAMER IS NAMED STUDENT MEMBER OF KANSAS STATE ATHLETIC COUNCIL

Karl Kramer of Olathe, Wildcat football star, has been appointed by President Eisenhower to represent students on the College Athletic Council as the result of action initiated by the Student Council.

The appointment was speeded up so that Kramer could represent students in crucial decisions on the hiring of a new coach and athletic director.

A permanent athletic committee of students will be appointed by the Student Council, according to a plan formulated by President Eisenhower and a Council committee. This committee will study matters of athletic policy and will make recommendations to the President or to the Athletic Council, although they will have no official vote on final decisions.

"The student committee and I believe that ordinarily the student member of the Athletic Council and the chairman of the Student Council athletic committee will be the same person," Eisenhower said.

"But in order to speed up action so that the student representative on the Athletic Council could attend important meetings now, I am appointing Kramer at once," President Eisenhower said. This appointment was approved by the Student Council committee which included Don Carttar, Winfield, president; Andrew Jackson, Kansas City; Kenneth Lucas, Frankfort; and Dick Warren, Arkansas City.

About a year ago there was some discussion of adding a student to the Athletic Council. Both the Student Council and the Athletic Council considered the matter, President Eisenhower explained.

"It was decided then that for various reasons it would be better to set up an athletic committee of the Student Council to confer with the Athletic Council and with me on questions of policy. Evidently this proposal was never formally introduced to the Council," President Eisenhower said.

When the President learned that the question had come up again in Student Council meeting this week, he asked a Council committee to confer with him. Kramer's appointment was the result of that conference.

If a man does not make new acquaintances as he advances through life, he will soon find himself left alone. A man should keep his friendship in a constant repair.—Samuel Johnson.

Twelve adventurous Wildcats paint K. U. campus, spend night in police station, then see game free

A statement has been made by twelve Kansas State College students that they were fired upon five times by a night watchman at the University of Kansas where they painted a statue as a pre-basketball game prank.

The Student Council of Kansas State College has been informed of the shooting and has taken the matter under advisement. Meanwhile the case of the twelve students is up for disciplinary action under the normal procedure outlined by regulations of the Student Governing Association.

In a statement given to the College, the twelve students said that they went in two automobiles to Lawrence to paint the campus in a spirit of friendly rivalry.

Kansas University students painted a statue at K-State and daubed campus walks on the eve of the Homecoming football game here last fall. Such painting and vandalism, formerly a common practice, was

Recent Haps on the Campus

Seth Antrim, physical education freshman from Norton, depicted the most important "happening" on the campus this week (from a student viewpoint) as he crammed last minute knowledge for final examinations. This week was final week at Kansas State with profs starting the quizzes as early as 7 a. m. Second semester enrollment will begin Monday, February 10 and continue through Thursday, February 13. Classes start Friday, February 14.

INDIVIDUAL MEMORIALS FOR 38 ESTABLISHED IN CHAPEL FUND

(Continued from page one)

organ in the small meditation chapel will be purchased by the L. W. Muir family of Norton as a memorial to Capt. William L. Muir.

The rose window above the altar in the main chapel will be purchased by the B. H. Fleenor family as a memorial to Capt. Beattie H. (Bud) Fleenor. The chancel window in the chapel will be purchased by Rice County for Eugene Fred Kimple, Dennis Hemmer and Robert M. Hodgson.

A baptismal font and cover will be purchased by the C. M. Correll family of Manhattan as a memorial to Mrs. C. M. Correll. The pulpit and associated front will be purchased by Phi Delta Theta fraternity of KSC as a memorial to fraternity brothers who died in the war. The Baptist Youth Fellowship of Manhattan will purchase the altar cover and antependia for the lectern and pulpit and Delta Delta Delta sorority of Manhattan will buy the railing and cushions for the main chapel.

The Christian Youth Fellowship of Manhattan will purchase a choir stall and front in the chapel.

Other memorials given: Stained glass windows—Mr. and Mrs. Charles J. Burson, Manhattan, for son, Charles J. Burson, Jr.; Butler County Alumni Association, for two Butler county men; Alpha Xi Delta sorority, Manhattan; G. B. Kappelman, Miltonvale; Seniors of 1947, KSC; Mrs. Faye Hellener, Manhattan, for husband, Lt. Robert H. Hellener; Van Zile Hall, KSC.

Pews—Pi Beta Phi, Kappa Delta.

Tau Kappa Epsilon, Pi Kappa Alpha, Chi Omega, Delta Tau Delta, Farm House, Kappa Sigma, Kappa Kappa Gamma, Alpha Delta Pi, Waltham Hall, all of Kansas State College; Mr. and Mrs. L. C. Aicher, Hays; A. H. Montford, Hutchinson; relatives and friends of Florence Alice Covey of Hutchinson; Mrs. Patricia Collard Hathaway, for husband, Lt. Don Frankin Hathaway; Mrs. B. M. Anderson, Los Angeles, Calif., for husband, B. M. Anderson; Mrs. Hester Higgins, Seneca, and Mrs. Venita G. Higgins, San Antonio, Texas, for Maj. Arlie W. Higgins.

SCHOOL OF HOME ECONOMICS SETS APRIL 18-19 AS HOSPITALITY DAYS

"The World Centers In the Home" will be the theme of the annual Hospitality Days, April 18 and 19, at the College, according to Betty Jo McCaustland of Bucklin, chairman of the planning committee for the event.

Each year the School of Home Economics sponsors a two-day program including exhibits, programs for high school students and townswomen, assemblies and the annual Hospitality Hop.

Hospitality Days offers students, faculty members, townspeople and others interested in home economics an opportunity to see what students at Kansas State are doing and learning in the field of home economics.

The home economics reception will be April 17, at which recognition will be given to outstanding home economics students. Scholarships also will be awarded. Officers for the Home Economics club will be installed and new members will be initiated into the American Home Economics Association then.

BASKETEERS SEEK REVENGE AGAINST MISSOURI FRIDAY

Iowa State game puts Wildcats in winning stride, 43-30

Back in winning ways with a 43 to 30 Big Six win over Iowa State here Monday night, the Kansas State basketball team will battle for its third conference win of the season when it meets strong Missouri at Columbia, Friday night.

Jack Gardner's Wildcats, currently tied for fifth place with Iowa State, pushed Missouri into an overtime at Manhattan earlier this season before dropping a thriller 43 to 42 to the Tigers. Missouri is tied for first place with Oklahoma. Each team has four victories and one defeat.

Since defeating Nebraska 63 to 54, January 4, Gardner's gang had gone

Big Six Basketball Standings

	W	L	Pts.	Opt.
Missouri	4	1	208	199
Oklahoma	4	1	252	204
Kansas	2	3	227	206
Nebraska	2	3	231	258
Kansas State	2	4	243	278
Iowa State	2	4	237	267

winless in conference play. At that time they were considered a "dark-horse" for championship laurels. However, Iowa State, Missouri, Oklahoma and Kansas have each scored wins over Kansas State since the Wildcats' fast start.

LOSE TO K. U. 50-39

Last week, Kansas State visited the Jayhawkers' home court at Hoch auditorium in Lawrence and lost a bitterly-contested game 50 to 39. The actual score, unimportant as it seems now, possibly should have been 50 to 40 as Jack Dean, Wildcat guard was not credited with a free throw which everyone on the press row agreed he should have. However, through error, the point was not recorded on the official scorer's book.

While the offensive attack of Gardner's Wildcats has been sluggish in recent games, the inexperienced K-State team has shown improvement in defensive and rebounding departments. Against Kansas, the Wildcats rebounded with the taller Jayhawks but could not penetrate the tight K. U. defense for close shots at the basket. The Cats surprised Kansas in the early moments of the first half with a zone defense which would have worked had Ray Evans, of Kansas fame, been only slightly "cool" on his long shots from the side. Evans' long two-pointers forced the Gardnerites to resort to man to man which paved the way for K. U.'s winning points.

In the Iowa State game, Jerry Patrick, San Diego center, and Keith Thomas, Kansas City, Kan., guard, controlled the backboards at each end of the court and enabled the Wildcats to get frequent good shots at the baskets. Gardner's zone and man to man defenses, worked alternately, held the Cyclones to nine field goals and seldom provided a close shot for the Iowans.

Harold Howey, Kansas City, Mo., forward, is leading the K-State scorers with 165 points in 17 games.

FARM MACHINERY SCHOOLS TO BEGIN NEXT MONDAY

Extension Service will cover 25 counties in state

Five weeks of farm machinery schools, beginning February 10-11 in Smith County, will be held under direction of the Kansas State College extension service in 25 Kansas counties.

The schedule by counties: Smith, February 10-11; Jewell, February 11-12; Republic, February 12-13; Washington, February 13-14; Marshall, February 14-15; Stafford and Ottawa, February 17-18; Edwards and Cloud, February 18-19; Pawnee and Mitchell, February 21-22; Rush and Lincoln, February 20-21; Barton and Ellsworth, February 21-22; Greenwood, February 24-25; Elk, February 25-26; Chautauqua, February 26-27; Cowley, February 27-28; Butler, February 28-March 1; Cheyenne March 3-4; Sherman, March 4-5; Wallace, March 5-6; Logan, March 6-7; Thomas, March 7-8.

Spring Semester Enrolment Reaches 6,300

SAM FRANCIS IS NEW HEAD FOOTBALL COACH NAMED TO SUCCEED HOBBS ADAMS, RESIGNED

Former University of Nebraska all-American will start spring gridiron practice approximately March 17

Lt. Col. Sam Francis, former all-American at the University of Nebraska, is the new head football coach at Kansas State. He succeeds Hobbs Adams who resigned. Francis' appointment has been approved by the state board of regents and announced by President Eisenhower.

The signing of Francis as head gridiron mentor completes the College's search for men to fill the positions of athletic director and head coach left vacant by the resignation of Adams. Thurlo McCrady, director of athletics and coach at South Dakota State, received the appointment of Kansas State director of athletics two weeks ago. Both McCrady and Francis are expected to start their new duties about March 1.

Francis said, weather permitting, he will begin spring football practice about March 17.

The 33-year-old former University of Nebraska star is now stationed at Camp Lee, Va., where he has been head coach of the camp football club and has commanded the Army Ground Force's physical training and athletic directors' course.

All-American in football and track, Francis was standout fullback at the University of Nebraska from 1934 to 1936 when the Cornhuskers took two Big Six football championships. After his graduation with a bachelor of science degree in 1937, Francis played the 1937 and 1938 seasons with the Chicago Bears, professional football team. In 1939 and 1940 he played with the professional Brooklyn Dodgers.

AN OLYMPIC STAR

Francis was a member of the U. S. Olympic team which took part in the games in Berlin in 1936. He won top American honors in the shot-put and discus and placed third in these Olympic events.

Francis earned his master of arts degree at the University of Iowa in 1940. Entering the service as a second lieutenant in 1941, he commanded a quartermaster battalion in the Pacific for two years. He returned to the U. S. in December, 1945.

Soon after his return from overseas, Francis was named head of the physical training and athletic direc-

New Coach

SAM FRANCIS

FORMER STUDENT COMMANDS SQUADRON OF JET-PROPELLED "SHOOTING STARS"

Lt. Col. James L. Rose, f. s. '40, is commander of the 161st Reconnaissance Squadron photo (jet-propelled) at Langley Field, Va.

This squadron has been chosen to perform the tactical and photographic reconnaissance phase of the new tactical air indoctrination course at Lawson Field, Fort Benning, Ga.

Colonel Rose's squadron is equipped with FP-80 Shooting Star jet-propelled planes. Full-scale exercises on February 24 and March 24 will precede the air indoctrination program. Purpose of the course is to demonstrate to Army Ground Force training units and Service School classes the full capabilities of air support as given by a tactical air force.

Powered by the turbo jet engine, which has over 4,000 pounds of thrust power, the Shooting Star easily passes the 575 miles-per-hour mark. With a span of 39 feet and length of 32 feet, its 12,000-pound weight reaches altitudes of 40,000 feet without difficulty.

Colonel Rose was wartime commander of the 161st squadron in 1945 until the end of World War II. The squadron tallied an exceptionally meritorious record for photo and tactical reconnaissance, artillery spotting, damage and evaluation and survey missions.

The colonel, whose parents live at Council Grove, has over 1,000 flying hours in all AAF types of aircraft.

CHILDREN OF OUT-OF-STATE ALUMNI GIVEN NO. 1 PRIORITY

Enrollment applications now on equal basis with state's residents

The State Board of Regents has amended the priority system of admissions at the College, effective with the opening of the second semester of this school year, to include sons and daughters of out-of-state Kansas State alumni in the No. 1 priority, according to the office of President Eisenhower.

Under the amended plan, applications from such persons will be received on an equal basis with residents of Kansas.

The board of directors of the College Alumni Association requested the amendment and the Board of Regents approved it.

Farrell Speaks

President Emeritus F. D. Farrell spoke on "Rural Institutions and the Soil" at an agronomy department seminar in East Waters Hall recently.

TOTAL IS HIGHER THAN AUTHORITIES EXPECTED; MARK IS AN ALL-TIME RECORD FOR SECOND TERMS

Enrolment lasts throughout four days with faculty assigning students; classes start as early as 7 a. m.

Nearly 6,300 students—a new all-time spring semester record at Kansas State—have enrolled at the College for the second semester of the 1946-47 school year.

Registrar Eleanor Tibbetts said 6,250 students had already paid their fees and it seems "most certainly probable" that the entire total will reach 6,300 in a few days. Included in the registration figures were 154 students in the School of Veterinary Medicine who enrol separately from the other schools.

BACK-TO-THE-FARM TREND SHOWN BY AGRICULTURE SCHOOL GRADUATES

More graduates in agriculture are going back to the farm in this post-war era, if the plans of seniors finishing Kansas State College can be taken as an indication.

Of 24 men completing work for degrees in the School of Agriculture at the end of the first semester, ten plan to begin farming immediately and several others expect to farm eventually.

In interviews with Dean R. I. Throckmorton, the graduates revealed their interest in a half dozen fields. Second to farming is work with the United States Department of Agriculture, with four men planning to take civil service examinations. Three will teach, they said, and three will do graduate work in college; two will become county agents and two will go into commercial work.

This increased interest in farming probably reflects two things, Dean Throckmorton commented. High prices of farm products and good crop yields of recent years have made farm life more attractive; and then a good many farmers are ready to retire now who stayed on the farm to keep up production in the war years, making more opportunities for young farmers.

Hobson Talks to C. of C.

Leland S. Hobson, professor and industrial engineer in the Kansas State engineering experiment station, will discuss the industrial development of Kansas at a meeting of the Junction City chamber of commerce today.

The second semester registration is approximately 200 more than had been expected by College officials. President Milton S. Eisenhower had previously predicted a drop to about 6,000 students for the spring semester but an increase to 7,500 students next fall. Drop outs and mid-year graduates, he explained, are never offset by freshmen enrolling for the first time at the College and by transfers from other colleges.

The record-breaking second-semester enrolment figure is an increase of about 70 percent over the previous second-semester high of 3,600 students. However, the enrolment represented a slight drop from last fall's total of 6,500 students—an all-time high for Kansas State College.

FOUR ENROLMENT DAYS

This semester, for the first time in the school's history, four days were given to enrolling new students. Pre-enrolment by some departments lightened the task of faculty assigners. Enrolment started on Monday, February 10 and continued through Thursday, February 13. Classes began Friday, February 14 with seven o'clock periods.

MAY HIT MARRIED PEOPLE

A shortage of space is seen for married students, many of whom will be accommodated in the million-dollar FPHA housing project still under construction both on the campus and in the city. The problem of housing for faculty members scheduled to become critical if the planned number of instructors is hired under present

(Continued on last page)

Here's How the College Gets and Spends Its Money

Where the 1946 Kansas State College Dollar Came From

Where the College gets its funds and how it spends them are told in these charts.

In 1946, Kansas State College received \$3,744,000. Sources of these funds included state appropriations, \$1,413,000, (which is 37.8 percent of the total income as indicated on the chart to the left); student fees and revenue from sales and services, \$1,221,000, (32.6 percent of total income); federal government, \$789,000, (21 percent); auxiliary enterprises, \$200,000, (5.4 percent); agency funds, including student activities, athletic council and commercial grants, \$120,000, (3.2 percent).

Expenditures included general administration, \$132,000 (which is 3.5 percent of the total spending as indicated on the chart at the right); resident instruction, including time of staff devoted to research, \$1,449,000, (33.4 percent of total expenditures), of which an estimated \$200,000, (5.3 percent) was spent on research projects; organized research, including federal funds and branch experiment stations, \$502,000, (13.4 percent); extension, \$681,000, (18.2 percent); library, \$48,000, (1.3 percent); operation of plant, College proper, \$394,000, (10.5 percent); auxiliary enterprises including cafeteria, student health and self-supporting activities of the general fees fund, \$271,000, (7.2 percent); non-educational expenditures and transfers, \$142,000, (3.8 percent); agency funds, \$86,000, (2.3 percent); and plant funds, \$40,000, (1.1 percent).

In the near future the Industrialist will print other charts showing the needs of the College.

How the 1946 Kansas State College Dollar Was Spent

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. LASHBROOK Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris Assistant Editors
KENNEY FORD Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

SAM FRANCIS

There was news, which was warming of the hearts of thousands of Nebraskans in the announcement by President Eisenhower, of Kansas State College, that Sam Francis would be the new head football coach of the Kansas State Wildcats. Sam Francis is a grand man. He was one of Nebraska's "all-time greats" during his years of under-graduate study at the University of Nebraska. He was an All-American football player; a member of the American team in the Berlin Olympics. But Sam Francis is infinitely more than a superb athlete. He is an earnest, outstanding example of the very best that athletic training instills in men.—Lincoln (Nebr.) Star.

BOOKS

Omnibus of Shaw

"Nine Plays". By Bernard Shaw. Dodd, Mead and Company. New York. 1946. \$5.00.

Here in an attractive well-printed book of 1,147 pages are nine of the famous plays of George Bernard Shaw: Caesar and Cleopatra. Mrs. Warren's Profession, Arms and the Man, Candida, Saint Joan, Man and Superman, Fanny's First Play, Androcles and the Lion and The Devil's Disciple. Appropriately, in view of its extraordinary length, the book closes with the last line of Saint Joan: "How long, O Lord, how long?"

But the book is not too long for those who enjoy Shaw, as many do. Notwithstanding his occasional protestation that he is a back number, Shaw, now in his ninety-first year, still has an enthusiastic following. Several times each year he is interviewed by the press and his comments, as Shavian as ever, are printed throughout the world.

Fortunately for his readers the book contains not only the nine plays but also the original prefaces. These are justly famous in their own right. In one of them Shaw gives a partial explanation of why he is as he is. It all goes back, he says, to a diagnosis made by an ophthalmologist who found that Shaw's vision was normal and who told Shaw that only about ten percent of the members of the human race have such vision. "My mind's eye," Shaw says, "like my body's, was 'normal': it saw things differently from other people's eyes, and saw them better." A little later in the same preface he says: "All I had to do was to open my normal eyes, and with my utmost literary skill put the case exactly as it struck me, or describe the thing exactly as I saw it, to be applauded as the most humorously extravagant paradoxer in London."

Justly famous too are the stage directions, also, of course, included in this book. Being famous for their cleverness, their clarity, their effectiveness and their length, they are thoroughly worth reading for their own sake. A few fragmentary examples from the opening stage directions of Man and Superman will explain their popularity. The home of Roebuck Ramsden is described as shiningly clean. "Even the top of Roebuck's head is polished; on a sunny day he could heliograph his orders to distant camps by merely nodding", and "Roebuck believes in the fine arts with all the earnestness of a man who does not understand them". Another character in the play, Mrs. Whitefield, "is a little woman,

whose faded flaxen hair looks like straw on an egg".

If you enjoy reading the prefaces and the stage directions you will enjoy reading the plays. They are as clever, as thought-provoking, as startling and as quotable as the prefaces and stage directions. Most of them have been produced repeatedly in both America and Great Britain. To have seen them heightens the pleasure of reading them. Reading them whets the desire to see them performed.

The plays present distinctive and iconoclastic points of view regarding religion, morals, politics, history, war, business, art and various other common preoccupations of us mortals. Whether they enrage, amuse, or delight depends chiefly upon the point of view of the auditor or reader. Persons lacking a fairly robust sense of humor are not likely to enjoy them. But everybody competent to have an opinion regarding them is obliged to concede that they are written with consummate skill and artistry.

This book should have a wide appeal among the intelligent young. It should be particularly attractive to those—and there must be many—who as undergraduates were amateur Shavians 40 to 50 years ago.—F. D. Farrell.

CHAPEL CHIMES

H. O. DENDURENT

Eugene Foncannon, our chairman in Clark County out in the wheat and cattle country, is getting his drive under way. He hopes to call in all alumni and former students of the community soon to have a real chapel campaign meeting, probably at his home. Gene will have the help of Harry Brandon and other grads and former students.

At Pratt the campaign is just getting under way following a busy Christmas and New Year's season. Mr. and Mrs. Charles Pratt and Paul Tupper are the "engineers" in Pratt and Pratt County. They plan a thorough letter solicitation followed by personal contact for funds.

Lloyd E. Rogler has elaborate plans for the drive at Medicine Lodge and in Barber County. He and other alumni and former students will have a general meeting soon to give out assignments for the campaign. Personal contacts will be made to get the money in for the chapel.

Ralph Barnhart and LeRoy Melia are the new co-chairman in Comanche County for the chapel campaign. These two hard-working chaps have

plans for a big campaign in Coldwater, Protection and other parts of the county. They plan a personal solicitation among the alumni, former students and friends.

R. H. Dodge is getting the campaign in gear in Greensburg and Kiowa County. There are some fine alumni in Kiowa County to carry out this work.

Howard Banta, our chairman in Decatur County, already has collected \$110 for the chapel and he still has some folks to see in Oberlin. Howard wrote personal letters to the prospective donors in the county and he and others made some personal solicitation. Decatur County has done a fine job so far.

A boost for the Rawlins county drive was given by Anselm Sramek when he sent out additional letters in behalf of the chapel campaign. Some money already has been collected in Atwood and surrounding territory but Anselm believes more funds can be obtained. Some personal solicitation will be made in Rawlins county.

Mrs. Ralph Adams and Mrs. Dave L. Browne are the new co-chairmen for the campaign in Norton County—replacing Eugene Schafer, who found it necessary to resign from the chairmanship. Mrs. Adams and Mrs. Browne plan a personal solicitation of the entire county with the help of other alumni in the community. Results should be good in Norton County.

Frank Freeman, vocational agriculture instructor in Phillipsburg, is the new chairman of the campaign in Phillips County. He replaces Mrs. Eva T. Kinnick, who found it necessary to resign. Frank and his wife will make a personal solicitation of alumni in the county. Frank is well-acquainted in the community and should be one of our finest chime-ringers.

In Smith County, Oliver Dilsaver has started the ball rolling for the chapel. He and Paul Gilpin, county agent, are in the midst of a personal solicitation campaign. They hope to get some good donations in Smith County and the money should be rolling in right away from Smith Center, Kensington and Lebanon.

Fancy Meeting You!

When Kansas State College journalism students edited their traditional issue of the Topeka Daily Capital recently, Howard Neighbor of Iola, journalism junior, was assigned to the police beat. First person he saw on reporting to police court was his father, who was paying a fine for overtime parking.

LOOKING AROUND

KENNEY L. FORD

Make Your Plans Now!

Reunions will be held next commencement by the following classes: '42, '37, '32, '27, '22, '17, '12, '07, '02, '97, '92, and '87.

Saturday, May 31, 1947, will be Alumni Day and June 1, Commencement Day. Mark these dates on your calendar—NOW! Your classmates, instructors and former college friends will be expecting to see you "Back At Kansas State." Write to your classmates, tell them about the reunions, urge them to attend and have a good time.

H. L. Collins, '23, has been elected president of the board of directors in the Topeka chapter of the Kansas State Alumni Association. Roy Freeland, '37, was named vice-president and Vesta Walker, '31, secretary-treasurer. The board is now planning a spring meeting of the association. Other directors are J. W. Ballard, '26; C. W. Bower, '18; W. L. Dyatt, f. s.; R. D. Finney, '28; Elizabeth (Van Ness) Hutton, '25; E. von Riesen, '25; R. M. Sears, f. s.; Mrs. Paul Martin, f. s.; and W. W. Wright, '17.

In a series of alumni meetings held during the week of January 6, plans for local chapel campaigns were made in various communities. Kenney L. Ford, alumni secretary, and H. O. Dendurent, assistant alumni secretary, were speakers.

Aichers Give \$200

Mr. and Mrs. L. C. Aicher of Hays have contributed \$200 for the purchase of a pew in the all-faith chapel to be constructed at the College as a World War II memorial. Mr. Aicher is superintendent of the Fort Hays branch experiment station.

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

An appropriation for a physical science building at the College was vetoed by Governor Huxman.

A second nursery school was opened because of the exceptionally high enrollment in child guidance. Enrollment in these classes was 50 percent more than the previous semester.

Jobs for 450 students, a monthly payroll of \$6,727, were being provided by the National Youth Administration. This number fell far short of the demand, according to Dean R. A. Seaton, chairman of the campus committee.

Bill Lutz of Sharon Springs was elected "Bachelor of Hearts" at the Mortar Board dance, Spinster's Skip.

Kansas State defeated K. U. 33-32 in an overtime period basketball upset. Frank Groves of K-State was high scorer in the game. K. U. was the Bix Six champion.

TWENTY YEARS AGO

Dr. W. E. Grimes was appointed to the national committee on economic research of the American Farm Economic Association. He was also appointed associate editor of the Journal of Farm Economics.

"Boys on the farm would stay there longer if they could buy tractors that would do 60 miles per hour," observes a filler item.

THIRTY YEARS AGO

Alcohol was found to be the cheapest and best anti-freeze liquid for automobiles on the market in research conducted by the engineering school.

The "Aggies" and Missouri were tied for first place in the Missouri Valley basketball race. Kansas State had won eight games and lost six.

Frank A. Waugh, professor of horticulture and landscape gardening, was granted six months leave of absence to become consulting landscape architect for the United States forest service.

FORTY YEARS AGO

The seniors entertained the juniors at a "Skiddoo" party. A shooting gallery, wheel of fortune, frog pond, fortune telling booth and refreshment stand "kept the crowd merry until a late hour."

The Manhattan city council ordered the laying of sidewalks on Bluemont and Manhattan avenues and Vattier street. This would benefit the College greatly, said the Industrialist.

The College dairy was making nearly 600 pounds of butter per week and selling about 100 quarts of cream per day to students. It also manufactured about 450 pounds of cheese of various kinds.

FIFTY YEARS AGO

A model of the "Jumbo" windmill was being tested in the College shops.

The College greenhouses had many visitors. Tomatoes were being sold and the display of fruit was attracting many College friends, according to the Industrialist.

The domestic science department was doing research in candy-making and sold about 15 pounds one week.

SIXTY YEARS AGO

Master of science degrees were granted by the College in agriculture, horticulture, engineering, architecture and designing, domestic economy, botany, chemistry, zoology, entomology and physics.

"Coughs have disturbed the public gatherings in Chapel much lately," says the Industrialist.

Senate bill No. 22 was passed giving the College \$22,128.79 for improvements.

SEVENTY YEARS AGO

An advertisement for a coming college play, "Boys, take the girls to the drama on the 22nd. They want to go; and, if the roads are good, would just as soon walk as not. There is no need to spend a fortune for pleasure, but thirty-five cents cannot be spent in a nobler way."

KANSAS POETRY

Robert Conover, Editor

A Garden Dream

April brings the calm, refreshing showers,
Washes the face of the sidewalk, and awakens the flowers.
Blue violets begin to slowly peep,
And lilacs sweet with perfume keep.
Everything is perfect for a planting day,
To sow the seeds of kindness, along life's highway.
Cultivate with care, each and every row,
God wants a garden, where good deeds grow.
The bees begin to nestle, where honey-suckles twine,
And lilies lean their heads, looking so divine.
O' Earth is reborn, let us catch the gleam,
And live on forever, in a garden dream.
—Mabel Sayre Brown

Sunflowers

By H. W. Davis

IF THIS BE REASON

As I get it from the papers Mr. Winston Churchill's latest idea is that the United States should go fifty-fifty with England on the "bloodshed, odium, trouble, and worry" of the mandate over Palestine, now held one hundred per centum by the British Empire.

It has been buzzing around in my head (the idea has) ever since, and the more I think of it the more am I inclined to suppose that until we get portal-pay put to bed and income-tax reduction settled and our labor unions merged and the price of blackberry jam down within the reach of ten-thousand-dollar-a-year families, we had better let England do the best she can with the bloodshed, odium, trouble, worry, and other rhythmic unpleasantnesses of so distant a spot.

I also seem to remember that in the early days of World War Two Mr. Churchill wanted us merely to manufacture munitions of war and lay them down on our Atlantic coast. This we obligingly did. We wound up by also obligingly furnishing a high per cent of the casualties in France and Germany incident to the final destruction of Hitlerism. But that is beside the point.

Now, if history repeats itself, as they say it can do, we could easily wind up by assuming the responsibility for four or five hundred per centum of the bloodshed, odium, trouble, and worry now in Palestine. (Percentages run high when you settle other people's quarrels.)

I have the greatest respect for the thousands of good people in this bewildered world who are trying their best to think exclusively in One-World terms and good-neighbor terms and all that. Yet my own meager experience has led me to suspect that neighbors who get their own affairs and premises tended to first and then wait for a sizable interim before they rush to take over my affairs and my premises are the really delightful ones.

It may be that places like Palestine, Indo-China, and China, and India, and where-not need a little chance and a little time to do things the way they want to do them instead of the two or three ways the Big Four cannot get together upon. There may be several world wars tied up in their not having that chance and that time.

I hope Uncle Sam will ignore Mr. Churchill's offer, and stay out of Palestine. I also hope he will stay out of a lot of other places, only a few of which I can name. One should never go calling on folks who are bawling.

PRESIDENT ADDRESSES TOPEKA HIGH SCHOOL STUDENT BODY

Representatives from all Kansas colleges appear on program

President Milton S. Eisenhower was the main speaker for College Day at Topeka High School on February 14. "Education and Democracy" was his topic at the morning assembly for the student body.

Representatives from all Kansas colleges were introduced to Topeka High School students on College Day. Individual conferences were held with prospective students by representatives of the various schools.

Twenty-two Kansas State faculty members attended.

AMONG THE ALUMNI

Joshua W. Adams, '98, is living at 1000 San Antonio Avenue, Alameda, Calif. He is doing nursery work.

C. A. Scott, Ag '01, writes that his new address is Alamo, Texas.

John B. Griffing, Ag '04, is agricultural technical advisor to Nelson Rockefeller. Mr. Griffing's address is American Embassy, Rio de Janeiro, Brazil.

The address of Grace (Enfield) Wood, DS '05, is 128 Maple Street, San Jose 11, Calif.

Roy C. Bowman, ME '07, is a teacher and head of the industrial arts department of Okmulgee, Okla., high school. His address: 813 S. Alabama Street.

Edward Skillman, ME '10, is owner of the Tribune Manufacturing Company, at Tribune.

Flora (Morton) Phillips, HE '11, is a high school teacher at Matfield Green.

Richard William Getty, '12, is a tax examiner for the state of Kansas. His address is 512 E. Blunt, Downs.

Edith (Givens) Barker, DS '13, is matron of the Methodist Home For Aged, College and Munson Avenue, Topeka.

H. Walter Stockebrand, '15, is owner of Stockebrand's Service, sales and service garage at Garnett. Mr. Stockebrand is a member of the local school board. Mr. and Mrs. Stockebrand have two sons.

The address of Frances (Ewalt) Dalton, HE '16, and John W. Dalton is Sedan. Mr. and Mrs. Dalton have two children, Jack, 18, and Helen, 12.

Vera (Whitmore) Troester, '17, is a science teacher. Her address is 6402 Rodford Avenue, N. Hollywood, Calif.

William N. Caton, ME '18, is an architect at Winfield. His home address is 1503 E. Tenth.

Lloyd B. Souders, '19, is living at 7162 Hawthorn Avenue, Hollywood 46, Calif. He is an instructor in science and mathematics in the Los Angeles city schools.

Clifford H. Myers, ME '20, and Mrs. Myers are living at 2401 Rugby Road, Dayton, Ohio. He is apparatus and supply sales manager of Westinghouse Electric Supply Co., Dayton.

Chester E. Graves, Ag '21, and MS '28, is district manager of Grasselli Chemicals Department, E. I. du Pont de Nemours & Co., Tacoma, Wash. Mr. Graves and Anita (Kazmaier) Graves, f. s. '20, live at 4115 N. Thirty-Eighth Street, Tacoma 7, Wash.

Ethel (Van Gilder) Baldwin, HE '22, is a teacher of home economics in the Springfield, Ill., high school. She and Dr. Vern C. Baldwin live at 110 S. Grand Avenue West, Springfield.

Dale Carmean, f. s. '23, is with the New York Life Insurance Company with offices in the New England Building, Topeka. His home address is 526 W. Chester Road, Topeka. Mr. and Mrs. Carmean have a daughter, Betty Gail, 14. Mr. Carmean is active in civic affairs and operates a cattle ranch near Harveyville.

Elgin R. Button, Ag '23, and Mable (Van Tries) Button, f. s. '22, are living at Anthony where Mr. Button is county agricultural agent.

James Edward Parker, RC '24, and Mrs. Parker and family are living at 2636 Lamb Place, Dallas 11, Texas. Mr. Parker is district sales manager of the Studebaker Corporation of America. Mr. and Mrs. Parker have two children, James, 17, and Mary Jane, 14.

The address of Francis P. Burke, DVM '24, is 9638 Madison Street, c/o West Coast Meat Co., Hayward, Calif. He is with the meat inspection service, United States Bureau of Animal Industry.

Alfred Walton Johnson, ME '25, is an engineer of soils and foundations with the National Research Council, 2101 Constitution Avenue, Washington 25, D. C. His home address is 6505 Ridgewood Avenue, Chevy Chase 15, Md.

The address of Henry L. Lobenstein, Ag '26, is Intermountain Forest and Range Experiment Station, Forest Service Building, Ogden, Utah.

John D. McKean, AgE '27, is manager of the parts department of the

Allis Chalmers Company, Des Moines, Iowa.

William N. Moreland, GS '28, is with the weather bureau office, Asheville, N. C.

Floyd E. Carroll, DVM '28, is a meat inspector. His address is 3939 Castleman, St. Louis, Mo.

Glenn Koger, EE '29, and Mrs. Koger and two children, Karin, 12, and Gary, 9, live at 342 Buena Vista Road, Bridgeport, Conn. Mr. Koger is a wire and cable engineer with the General Electric Company.

Roy J. Furbeck, CE '30, has returned to employment of the Illinois Department of Public Works and Buildings as assistant highway engineer. His specific work is in design of highway intersections. Mr. Furbeck served as a major in World War II.

Thomas J. Leasure, DVM '30, has a general practice in a small animal hospital at 809 Vermont, Lawrence. His residence is at 1610 Barker, Lawrence. Dr. and Mrs. Leasure have two children, John Thomas, 7, and Eugenia Helen, 9.

Dorothy E. Norris, Com. '31, is living at 5909 Buckler Avenue, Los Angeles, Calif. She is secretary in a newspaper office.

C. R. Collins, GS '32, and MS '33, and Evelyn (Nuzman) Collins, IJ '33, live at Norton. Mr. Collins is county supervisor of the Farm Security Administration in Hill City.

Robert Lee Hodshire, ME '32, is living at 308 W. Tenth Street, Coffeyville.

Beulah (Callis) Martin, GS '30, and James W. Martin, EE '33 and AgE '38, are living at Moscow, Idaho, where Mr. Martin is head of the agricultural engineering department at the University of Idaho.

Zelda L. (Ackenhausen) Kibbee, GS '34, is a high school teacher and homemaker at Arapahoe, Colo.

The address of M. Waldo Wilcox, CE '35, and Katherine (McClintock) Wilcox, GS '31, is 1049 N. Waco, Wichita. Mr. and Mrs. Wilcox have three children, Martin, 7, Lynn, 4, and Allison, 1. Mr. Wilcox has been with the U. S. Department of Interior, bureau of reclamation, doing preliminary surveys and investigation for dam sites, reservoir area and irrigation project on the Saline river in Russell and Lincoln counties.

Leonard A. Zerull, MI '36, and Mrs. Zerull are living at 508 Bank, Keokuk, Iowa. Mr. Zerull is plant superintendent for General Mills, Inc., Purity Oats Division, Keokuk.

Iris Jereldene (Miller) Gamber, IJ '37, and Dale F. Gamber, f. s., are living at 1115 E. Iron, Salina. Mr. and Mrs. Gamber were married October 17 at Lyons.

Virginia (Appleton) Cowan, IJ '37, and Otis Cowan are living at Texas City, Texas. Mr. Cowan is manager of the Texas City Sun and Mrs. Cowan is city editor.

Wilbur L. Alvey, Ag '38 is engaged in general ranching at Arapahoe, Colo.

Norman D. Wiltout, Com. '38, is assistant cashier of the First National Bank at Logan. His wife is Dorothy (Buchanan) Wiltout, HE '40.

Bruce E. Roberts, CE '39, and Mrs. Roberts and son, Stephen Kent, 3, live at 621 W. South, Salina. Mr. Roberts is with Wilson and Company Engineers, employed as an engineer. He served in the Navy during the war.

Joseph W. Newman, IJ '39 and MS '41, is taking graduate work at Harvard business school. His address is McCulloch B-23, Soldiers Field Station, Boston 63, Mass.

Everett G. Blood, GS '39, is teaching science and mathematics at Sheridan, Ore., high school. Mr. and Mrs. Blood have one child, Lorene, 3.

Capt. Bernard Rogers, f. s. '40, has been serving on Gen. Mark Clark's staff in Austria. Captain Rogers went from Kansas State to West Point where he graduated at the top of his class. His home town is Fairview. He recently was awarded a Rhodes scholarship.

LeRoy V. Kleppe, EE '41, is a sales engineer with the Century Electric Company, 600 W. Van Buren, Chicago 7, Ill. The company manufactures motors and generators.

Elwin R. Prather, DVM '41, writes

TEN-YEAR STUDY College's Enrolment Experience

(Classes of 1931 through 1940)

Above study is one of several presented by President Eisenhower in connection with the biennial budget request to the 1947 Legislature. The 1946-47 freshman class totaled 3,113.

from 3026 Main, Kansas City, Mo.: "I am a veterinarian associated with Dr. Deets Pickett, Kansas City, as a practitioner, small animal hospital."

Terryll Dougherty, IJ '42, and Alma (Henry) Dougherty, IJ '44, are living in Topeka where Mr. Dougherty is managing editor on the staff of the League of Kansas Municipalities.

Floyd William Smith, Ag '42, is assistant professor of soils at Kansas State. His address is 351 N. 15th, Manhattan.

A letter from Donald R. Kimball, GS '43: "Enclosed find a check for \$50 which will make me a member of the alumni association for life. At present I am teaching science in the high school at Enterprise."

Paul D. Newcomer, CE '44, is assistant engineer of Barton County. He writes: "During the months in the Navy I neglected Kansas State but I never forgot it, I assure you. I would enjoy entering its activities again as an alumnus." His address is Barton Courts, Apt. 11, Great Bend.

Juanita Irene Billington, HE '45, is clothing instructor at Labette County Community High School, Altamont.

Walter Bruce Ball, BA '46, is sales representative for Montana, Matthews and Kerr, Inc. The firm sells coffee and restaurant supplies and fixtures. Mr. and Mrs. Ball live at 1923 Lakeside Avenue, Coeur D'Alene, Idaho. They have a son, Daniel Bruce.

MARRIAGES

STANWAY—KNIGHT

Miss Estelle Stanway and Dale A. Knight, Ag '45, were married December 28 in the Church of Immaculate Conception, Ithaca, N. Y. The bride was formerly a secretary at Cornell University. Mr. Knight received his master's degree from Cornell and now is research assistant at the University of Chicago. Mr. and Mrs. Knight now are at home at 922 E. Sixty-Second Street, Chicago.

REDMOND—HAGGARD

The marriage of Ruth Redmond, HE '45, and Marko Haggard of Hastings, Nebr., took place December 22 in the First Christian church, Manhattan. The Rev. J. David Arnold, pastor, read the double ring service. For the past two years Mrs. Haggard has taught home economics in the Sabetha high school.

VASEY—BUTLER

Barbera May Vasey, BS '46, and Merrill Francis Butler were married December 21 in the Congregational church in Manhattan. The Rev. C. T. Brewster performed the ceremony. Following the reception the couple left for a honeymoon in Southern California. Mr. Butler, who served overseas in the Army, has resumed his studies at the University of Illinois.

COCHRAN—SEIBERLING

Ruth Elizabeth Cochran, HE '40, and George Henry Seiberling, were married December 29 in the Kansas Avenue Methodist Church in Topeka. The Rev. G. C. Meyer performed the double ring service. Mrs. Seiberling taught home economics at Hoyt high school and for four and one-half years

she was home demonstration agent at Savannah, Mo. The couple is now at home at Chillicothe, Mo.

BIRTHS

William B. Ackley, Ag '40, and Margaret W. (Clark) Ackley, HE '40, announce the birth of a son December 31. The Ackleys live at 1000 Kearney, Manhattan.

Evan L. Griffith, GS '22, and Virginia (Stott) Griffith, f. s., announce the arrival of Virginia December 20. The Griffith home is at 510 Houston, Manhattan.

Ralph E. Mitchell, Arch '35, and Mrs. Mitchell of Manhattan have a son born December 31.

Loyal C. Payne, DVM '41, and Mrs. Payne of Ames, Iowa, have a daughter, Susan Cobb, born December 15.

Nancy Jane was born December 21 to Georgiann (Alexander) Ukena, HE '46, and Wayne H. Ukena of 601 N. Eleventh, Manhattan.

Ginger Lea was born January 10 to Gerald O. McMaster, Ag '40, and Mrs. McMaster of Auburn. Mr. McMaster teaches vocational agriculture in the high school at Auburn.

Warren B. Nelson, Ag '42, and Betty Lou (Wiley) Nelson, HE '42, announce the birth of Barbara Ann January 1. The Nelsons live at 2717 Thirty-First Street, SE, Washington 20, D. C.

John David was born to Maxine (Schmidt) Vawter, Music Ed '42, and John W. Vawter, Ag '47, December 14. They live at 326 N. Sixteenth, Manhattan.

WHAT THEY SAY

"I am enclosing my check for \$200 for a pew in the all-faith chapel as a memorial to my husband, B. M. Anderson. I can think of no lovelier way to perpetuate the memory of those who were so interested in and loyal to their alma mater. My best wishes for the success of this and all undertakings at Kansas State."—Nell C. Anderson, 3520 Redondo Boulevard, Los Angeles 16, Calif.

"I am enclosing our check for the Memorial Chapel fund. . . . Even though Mrs. Hubbard and I have been separated from the College a long time and by many miles we still have a warm spot in our hearts for it. . . . We wish you great success in this very worthy cause."—Harvey B. Hubbard, '07, 1552 N. Los Robles Avenue, Pasadena 6, Calif.

"We feel that the proposed Memorial will have an appeal to you as it does to us in that it will be a place all faiths may go for meditation and to pay homage to their God; and with it coming generations will revere the men and women who fought in the war to make possible the privileges they enjoy in religion and education. A chapel of this type will be an asset to any college campus and an influence to the peace of the world."—Cloud County Chapel Committee, E. F. Swanson, '06, chairman; Mrs. M. O. Brummett, f. s. '28; Mrs. Etta Warner, '40; Mrs. John Larson, '34.

DEATHS

COLEMAN

Roy D. Coleman, CE '11, died at his home near Larkinsburg December 15 of a heart attack. He served as county engineer of Atchison County for 25 years. He is survived by the widow, Della (Gould) Coleman, f. s.; one son, Rodger of the home; a sister and three brothers. Mr. Coleman was 57 years of age.

EDWARDS

Charles R. Edwards, f. s., a leading inventor in the oil tool industry, died of a heart attack December 13 at his home in Houston, Texas. Mr. Edwards organized the Houston Engineers, Inc., in 1924 and served as president of the organization until the time of his death. He was born May 20, 1876 on a farm near Phillipsburg.

NIEMANN

Capt. Karl W. Niemann, Ag '26 and DVM '29, died January 9, as a result of burns received when the officers' quarters in which he was sleeping was destroyed by fire. He had been stationed at Honshu Island for more than 15 months, having entered the service July 20, 1942. He is survived by the widow, Madison, Wis., the parents, Muskogee, Okla., and a brother of Abilene, Texas.

COUNT ME IN! I'LL BE A K-STATE CHIME-RINGER!

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel and chime tower in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

OUR GOAL: EVERY ALUMNUS AND FORMER
STUDENT A CHIME-RINGER!

GIFTS TOTALING NEARLY \$100,000 RECEIVED BY ENDOWMENT ASSN.

That amount given association during past year

Nearly \$100,000 in gifts of cash and government bonds has been received by the College Endowment Association in the past year, according to the annual report of the organization released by Evan Griffith of Manhattan, president.

The report does not cover gifts and grants made directly to the College. Since its founding three years ago, the endowment association has received nearly a quarter of a million dollars in contributions. In addition to \$100,000 in 1946, it also received numerous pledges for amounts to be given later, according to the report.

CASH CONTRIBUTIONS MADE

Cash contributions were made in 1946 to the following projects: state 4-H camp, \$24,568; World War II all-faith memorial chapel, \$22,952; women's residence hall, \$7,658; Fay N. Seaton journalism scholarship, \$3,000; Fay N. Seaton hospital fund, \$1,000; Institute of Citizenship, \$25,000 from Volker Charities, Kansas City; \$225, B. M. Anderson dinner for student leaders; Kansas City Star judging contest awards, \$50; men's residence hall, \$10; and art fund, \$200.

Unallotted funds totaling \$3,847 were received during the year. Bonds with a face value of \$325 were received for the women's residence hall, of \$300 for the state 4-H camp and of \$25 for Wichita alumni scholarships.

The report summarized developments in the following major projects of the endowment association in 1946:

World War II all-faith memorial chapel—Total cash contributions toward the \$275,000 chapel totaled more than \$35,000 at the end of 1946. Pledges and other commitments now made will bring this total to more than \$75,000 and cash on hand is now more than \$40,000.

Women's residence halls—The endowment association purchased the Waltheim apartment building, which was remodeled by the College into a residence hall for 78 women.

4-H CAMP PURCHASED

State 4-H camp—Purchase of the camp was completed and title to the camp is in the name of the endowment association. The camp is operated by the state 4-H department of the College extension service. The state board of regents has tentatively accepted the camp as a gift, subject to approval by the state legislature.

Men's residence halls—a 12-acre tract of land was purchased for \$15,000 given to the endowment association by Manhattan business and professional men. Title passed directly to the College, which is temporarily using the area for barracks-type apartment buildings for married students.

Trustees of the endowment association include Evan Griffith, Manhattan; J. William Ballard, Topeka; C. M. Harger, Abilene; Otis Garth, Wichita; Mrs. Donna Duckwall Brainard, Abilene; Charles W. Shaver, Salina; Governor Frank Carlson, Chief Justice W. W. Harvey; Mrs. Daisy Hoffman Jontz, Abilene; Willis N. Kelly, Hutchinson; Arthur Peine, Manhattan; Mrs. Paul Edgar, Topeka; Harry Darby, Kansas City, Kan.; James G. Harbord, New York; Arthur Kincaid, Wichita; H. W. Luhn, Kansas City, Mo.; Oscar Stauffer, Topeka; C. G. Wellington, Kansas City, Mo.; W. E. Grimes, Manhattan; and Milton S. Eisenhower, Manhattan.

Give Something Appropriate

When the Kansas society in Cleveland, Ohio, needed an appropriate gift for a former Kansan who spoke at its banquet recently, they wired Mrs. Margene H. Folen, business manager of the Kansas magazine at Kansas State College, for a set of Kansas magazines for the last five years. The magazines arrived and were presented to the speaker by James P. Chapman, announcer at station WTAM, Cleveland, and a K-State journalism graduate. A strange coincidence was the cover on the top copy of the gift for the Kansas speaker. It was the Karl Mattern painting, "Speaker of the Evening."

The Institute of Citizenship at the College is sponsoring well-known speakers in College assembly programs this winter. Robert A. Walker, director of the Institute, is shown (right) with Hans Kohn, international authority on world affairs, who spoke here recently. After his assembly talk Kohn was interviewed by Walker over KSAC. Ellis Arnall, former governor of Georgia, spoke at the College last week and was sponsored by the Institute.

FRIENDS OF COLLEGE CONTINUE CHAPEL CONTRIBUTIONS; MAIL TO DR. GRIMES

Recent contributors to the World War II memorial chapel and chime tower as compiled by Dr. W. E. Grimes, secretary-treasurer of the KSC Endowment Association:

Vivian Veach, Elva Yowell, Marilyn Mills, Nelda Shippers, Alta May McClaran, Mary Kay Biberstein, Cleolis Bradley, Florence Dubbs, Dorothy Shipley, Marvin Weihe, Norman Link, C. W. Kleile, Wayne Linville, Rex R. Burden.

Ralph Hathaway, Paul Habiger, Harry Groth, Mr. and Mrs. George Behnke, Fred Schmidt, Jurgeon Hafemann, Joyce Nickerson Goering, Edwin Habiger, Mr. and Mrs. Harve Hemmer.

Erwin Yarnell, Robert John, Delbert Carper, Cecil Gray Jr., Duane Van Horn, Edgar Shelton, Delores Wright, John R. Watt, Elva May Biehl, Ray Booth, O. O. Vieux, Alfred Getty, George Schneider, Jr., Tom James, James W. Nikl, Walter J. Throckmorton, Wilfred Reist.

Anne Patterson, Marvin Lindquist, Max I. Ramsey, Hal Rosenbaum, Norene Francis, Carol Francis, Naomi Page, Pearl Lilliequist, Wayne Doll, Robert Behrent, Richard Knowlton, Russell Holden, Esther Aspelin, Edward J. Morris, K. B. Ludwig, Elaine Olmstead, Martha Miller, Sergio Cuculiza.

GRADUATE RECEIVES COFFIN AWARD FOR THIRD TIME

Martin Edwards shares current honors with two others

Martin A. Edwards, a graduate of the College, has received the General Electric Coffin award jointly with Donald E. Garr, also a Kansas State graduate, and Hugh M. Ogle.

This is the third time Edwards has received the award. He is assistant engineer of the General Engineering and Consulting Laboratory, General Electric Company, Schenectady, N. Y. The three men were cited for "their ingenuity and persistent work in developing many gas-turbine accessories of great value to the armed services in World War II."

Edwards, whose home is in Scotia, N. Y., has received four degrees at Kansas State, including electrical engineering in 1928; mechanical engineering in 1929; professional degree in mechanical engineering; and a doctor of science degree in 1946.

Garr, who was graduated in electrical engineering in 1936, is an assistant division engineer in the General Engineering and Consulting Laboratory, Schenectady. His home is in Schenectady.

M. A. SCHULTZ RECOGNIZED AS OUTSTANDING DAIRYMAN

Hutchinson man honored for achievements during past year

M. A. Schultz of Hutchinson, for 20 years a dairyman, has been named by the Kansas Holstein-Friesian association as its outstanding member of the year.

The honor was announced at the dairymen's dinner during Agricultural Week at Kansas State College. Recognition was given Schultz's dairy achievements and his work as a cattle breeder.

For the past three years the association has selected one of its members for this honor.

Named Executive Secretary

James L. Wiley, f. s., former district representative of the General Motors Acceptance Corporation, has been appointed executive secretary of the Wichita zone of the Chevrolet Dealers Association. A resident of Wichita, Wiley served three and one-half years in the Army, two and one-half years of which were spent in Italy and North Africa.

TOTAL IS HIGHER THAN EXPECTED; ALL-TIME RECORD FOR SECOND TERMS

(Continued from page one)

expansion plans, has been undertaken by the city of Manhattan, which hopes to have at least 100 family-type apartment units finished by next fall.

Work on 21 former barracks buildings now being moved to the campus for use as temporary classrooms, offices and a student hospital annex was begun three weeks ago. These also probably will not be ready for use before September, according to A. L. Pugsley, dean of administration.

College's research saves crops from rodents' menace

"Dear Sir: I am bothered with skunks in my bedroom. How can I get them out?"

"Dear Sir: I am infested with prairie dogs. What shall I do?"

These letters, and many others, are answered daily by Prof. E. H. Herrick, of the zoology department at the College.

Prof. Herrick is head of the state rodent control laboratory, which conducts research and manufactures poison baits for rodents and other pests. With the help of one paid student assistant and a secretary, Herrick provides several hundred bushels of poison bait, most of it to county agents, each spring.

"Many rodents," said Herrick, "are a decided menace to Kansas crops. Prairie dogs, especially, are getting out of hand and are eating hundreds of dollars worth of farm crops annually. In addition, they undermine whole pastures and sometimes render as much as 75 percent of them useless."

The zoology department at the College sends out free literature and gives personal advice to anyone requesting it.

"We welcome all such inquiries," said Herrick, "especially now and throughout the spring, as that is the best time of the year to stop all such pests."

Herrick said he and his assistants have studied "everything from field mice in foodstuffs to squirrels in house roofs. Yes, we even got the skunks out of the bedroom."

Hybrids Group Elects

New officers of the Kansas Hybrids association were elected during meetings at Agricultural Week at the College recently. Officers are O. J. Olsen, Horton, president; H. F. Roepke, Manhattan, vice-president; and C. R. Porter, Manhattan, secretary-manager. New members of the board of directors are Harold Staadt, Ottawa; Wilfrid Johnson, Cleburne; L. L. Utz, Highland; C. C. Cunningham, El Dorado; and Ralf Hockins, Arrington. Olsen and Roepke also are members of the board.

Pickett Discusses Research

Dr. William F. Pickett, head of the horticulture department at the College, has left for Washington, D. C., and New York City to discuss research problems with specialists in the United States Department of Agriculture and at the Boyce Thompson Institute of Plant Research at Yonkers, N. Y. The research problems are part of a cooperative project between the horticulture department and Sharples Chemicals, Inc., of Wyandotte, Mich. Two chemists from the company accompanied Dr. Pickett. The company is making an annual grant of \$7,500 for the research.

LARGEST SQUAD IN SCHOOL'S HISTORY REPORTS FOR BASEBALL PRACTICE

Regularly scheduled baseball practices have started under the direction of Lud Fiser. Never before in the history of the school have so many men indicated their desire to participate in the spring sport. More than 170 signed up, and Fiser has divided them into groups for screening.

The Wildcats do not have a lot of their own and practices will be held either at City Park or Griffith Stadium as soon as the diamonds are made playable and the squad is trimmed to a more workable size.

Currently Fiser is running the candidates through hitting practice on the field east of the stadium. The former Wildcat outfielder hopes to stay away from inside workouts unless the weather becomes bad for too long a stretch. Conditioning by running, tossing the ball, and pepper playing is stressed.

Fiser became headmaster of K-State baseball last summer when Owen "Chili" Cochrane resigned his position to accept an assistant football coaching job under Bo McMillin at Indiana. An ardent baseball fan, Fiser has managed several Ban Johnson clubs, oversees the Manhattan Midget League during the summer, and finds time to play softball on one of the local teams.

SAM FRANCIS IS NEW HEAD COACH NAMED TO SUCCEED HOBBS ADAMS

(Continued from page one)

tors' school at Camp Lee. Last August he was appointed head coach of the Camp Lee football team. In nine games his team lost only to Fort Benning, rated the top service team in the U. S.

In making the appointment, members of the athletic council said they took into account Francis' versatile career as a player and the high recommendations given him by his former coaches.

Francis became acquainted with the double wing and short punt formation under Dana X. Bible. He learned the T formation under George Halas, probably the leading proponent of that formation. He studied the single wing under Jock Sutherland, an acknowledged master of that formation. Bible once called Francis "one of the best all-around athletes ever to be graduated from Nebraska." Francis was born and reared in Oberlin, Kan. He is married.

KSC Basketball Schedule

Varsity basketball schedule—1946-47:

- Dec.
 - 2—Washburn U. 27, KSC 47
 - 2—Fort Hays State 40, KSC 48
 - 6—Drake University 43, KSC 46
 - 7—Iowa University 54, KSC 41
 - 12—Oklahoma 55, KSC 59
 - 13—SMU 46, KSC 36
 - 14—Arkansas 41, KSC 56
 - 19—Drake University 37, KSC 74
 - 26—Wichita University 41, KSC 48
 - 28—Montana State 40, KSC 51
 - 30—Washburn University 40, KSC 42
- Jan.
 - 4—Nebraska University 54, KSC 63
 - 10—Iowa State College 51, KSC 40
 - 14—Missouri 43, KSC 42
 - 18—Oklahoma 50, KSC 30
 - 20—Rockhurst 44, KSC 51
 - 28—Kansas U. 50, KSC 39
- Feb.
 - 3—Iowa State 30, KSC 43
 - 7—Missouri 49, KSC 43
 - 14—Oklahoma 57, KSC 38
 - 20—Kansas University, Manhattan
 - 24—Wichita University, Manhattan
 - 27—Nebraska University, Lincoln
- March
 - 1—Bradley University, Peoria, Ill.

Weariness can snore upon the flint, when resty sloth finds the down pillow hard.—Shakespeare.

K-STATE HOPES TO HALT K. U. WIN STREAK ON COURT TONIGHT

Jayhawks have won 22 consecutive cage contests against Cats

The Kansas State-Kansas University basketball game tonight in Nichols Gymnasium takes the spotlight in athletic activities at the College this week, but contests in other sports follow closely on the heels of the roundball sport.

Victory for the Wildcats would be unusually sweet tonight because a loss by the Jayhawkers would eliminate them from hopes of winning the Big Six conference title. Also, a Kansas State basketball team has not defeated the University cage aggregations since 1937 when Frank Root's K-Staters won a thriller, 33 to 32. Kansas has compiled a successive win list of 22 games.

Late last month at Lawrence, K. U. pulled away in the final half to defeat Jack Gardner's well-coached Wildcats 50 to 39 in a rough battle. The same Wildcats, far out of the championship running but eager to escape the cellar, have been strong on the home court and are set to avenge themselves at the hands of the Jayhawkers.

HOWEY SCORES HIGH

Hal Howey, forward from Kansas City, Mo., is near the top of the conference individual scoring list with an 11.1 average but the Cats as a team have dropped to a cellar tie with Nebraska. Friday, February 7, Missouri won their second close one from the Gardner team, this time at Columbia, 49 to 43. Friday, February 14, at Norman, Oklahoma made it two straight over the Gardnermen, winning 57 to 38.

Following tonight's game with Kansas, Kansas State meets Wichita in a return game here Monday night and winds up the season with Nebraska, February 27 and Bradley U. at Peoria, Ill., March 1.

In indoor track, for which there are no facilities at K-State, the Wildcats coached by Ward Haylett have won honors in the Michigan State Relays and lost a dual meet to Missouri 79 2-3 to 24 1-3. In the Michigan show, Rollin Prather of Eureka, freshman shotput star, won third with a toss of 49 feet, 4 1/2 inches; Bill Grimes, Ashland freshman, won fifth in special 300 yards race; George Sherman, Kansas City, Mo., tied for fifth in pole-vault at 12 feet, 6 inches; and the two mile relay team won fifth.

PRATHER GOING GOOD

In the Missouri dual, Prather took second with a toss of 50 feet, 4 3/4 inches, which bettered the old meet record. Harold Kiser, Delphos, won first in the broadjump with a leap of 22 feet, 3 3/4 inches; Bill Stuart, Kansas City, Mo., won first in 880 yard run at 2:00.6 and Bill McClay, Ottawa, tied for first in polevault at 12 feet, 5 3/4 inches.

In wrestling, Pat Patterson's charges defeated Nebraska last week 19-8 and in swimming Cooney Moll's tankmen placed second in a pair of triangular meets in St. Louis. Washington U. of St. Louis won both contests with St. Louis U. finishing third.

LEGISLATORS VISIT COLLEGE, ATTEND ARTISTS' PROGRAM

Mrs. Eisenhower entertains ladies at tea; lieutenant governor here

Approximately 60 members of the Kansas legislature visited the College Wednesday.

The visitors included Lt. Gov. Frank Hagaman, speaker of the house Frank B. Miller and members of both the house and senate ways and means committees and their wives.

The ladies were guests at a tea given by Mrs. Milton S. Eisenhower in the President's home. They also visited Van Zile Hall, women's residence hall.

The men made a special tour of the campus. The entire party had dinner in the banquet room of Thompson Hall. In the evening they saw Paul Draper and Larry Adler in an artists' series program in the College auditorium.

One female moth and her descendants in a single year, if unmolested, can destroy as much wool as 13 sheep can produce in the same period.

THE KANSAS INDUSTRIALIST

Volume 73 Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, March 6, 1947 Number 17

EDUCATION IS KEY TO ACHIEVING UNDERSTANDING NECESSARY FOR PEACE, SAYS PRESIDENT EISENHOWER

Second in series written by Eisenhower after UNESCO conference stresses educating oneself

March 5, 1947

Dear Alumni:

In my last letter to you, written following my return from the Paris UNESCO conference, I explained the purpose and program of the United Nations Educational, Scientific and Cultural Organization. I said that I would write you again to suggest what we ought to be doing to implement the program of this new international organization. The formal UNESCO program, I pointed out, is the merest beginning, for **"a people's peace can be determined only by the people."** The understanding which a few government officials, educators and diplomats may achieve will avail a democratic world nothing unless the understanding is shared by all the people.

I went on to ask what our churches, schools, civic clubs, youth groups and others are going to do to help develop the relevant understanding among all peoples. The question is an insistent one. For every organization and every individual must face two overwhelming facts: The first is that the choice at this moment in history, when science and technology far outstrip man's wisdom, is a simple choice between **one world or none.** It is a choice between positive, global peace or horrible, indescribable destruction. Indeed, the situation does not really permit a choice. We are compelled, by all that has gone before us in history and by the value we place upon human life, to choose **one world.** There is no alternative.

PRESENT BELIEFS INADEQUATE

And that makes the second fact even more overwhelming: At this moment, our understanding of other peoples and their understanding of us is **not** sufficient to assure cooperative action for peace.

The world thinks we Americans are superficial, all rich through no fault of our own, somewhat lawless and night-clubbish and incurably frivolous in our outlook upon the world. They have gained this almost unshakable impression from entertainment films that circle the globe and speak a universal language, even to the hundreds of millions of illiterates of the world.

Most of the peoples of other nations know next to nothing of the real America, the spiritual America, the America that is self-critical, generous and kind, serious in purpose, and deeply devoted to ethical goals and concepts. They do not know the simple facts about America and Americans. They know nothing, for example, about our rural churches or the life surrounding those churches. They know little if anything about our basic democratic concepts, about our school system, about the workings of our State legislature, or about men of 18 different nationalities working together harmoniously in a single factory in Detroit. In short, they do not know America as it really is, but only as represented by Hollywood and by spectacular news, lifted out of the context of American life and splashed in the headlines of their newspapers.

And our understanding of other peoples is no more valid than theirs of us.

Thus, while we are compelled to make the choice of one world, the basic understanding essential to one world has not been developed. There may be time — barely time — to achieve it.

EACH MUST START WITH HIMSELF

The place for each individual to start is with himself. The greatest contribution to world peace and security each free citizen can possibly make is to begin now, today, to inform himself accurately about the cultural heritages of all peoples and about their modern domestic and in-

(Continued on page three)

NEW PUBLICATION DATES

Eight more editions of **THE INDUSTRIALIST** will be published through next June under present plans of the alumni office. The publication dates will include March 20, March 27, April 10, April 24, May 8, May 22, June 12 and June 26. One or two issues of **THE INDUSTRIALIST** will be issued next summer with regular publication resumed next fall at the beginning of the term.

STAINED GLASS WINDOW GIVEN IN MEMORY OF MAC KAPPELMAN

Gift by parents of boy killed while prisoner on Jap ship

Mr. and Mrs. G. B. Kappelman, formerly of Miltonvale, now of Concordia, have contributed \$500 to the all-faith chapel fund at the College to establish a memorial to their son, Mac Kappelman, Kansas State graduate who died in World War II. The memorial will be a single stained glass window in the main chapel.

Mac Kappelman, who served as a captain in the Army, was graduated with a degree in mechanical engineering in 1938. He died December 15, 1944, while a Japanese prisoner. The Japanese ship he was aboard was sunk by a U. S. submarine in Subic Bay, Luzon, P. I. He had been a Japanese prisoner three years and seven months.

The all-faith chapel will be a memorial to 5,000 K-Staters who served in World War II and especially to the 200 who died.

New Zoology Instructor

Irene Wassmer Hartman, B. S. '38 and M. S. '42, is instructing in zoology and assisting Prof. E. H. Herriek with research in endocrinology. She taught in Kansas high schools, Westphalia, Belleville and Paola until the death of her husband, Jack D. Hartman, a first sergeant with the Army Engineers in England. Until her return to K-State, she had operated a nursery in Chicago, cared for her four-year-old son, and had been engaged in chemical research perfecting a silver-plating process for the Navy's quartz crystals.

MORE CONTRIBUTORS TO MEMORIAL CHAPEL AND CHIME TOWER NAMED

Dr. W. E. Grimes, secretary-treasurer of the Kansas State College Endowment Association, has announced names of new contributors to the fund for the all-faith memorial chapel and chime tower to be constructed at the College.

The chapel will be a memorial to 5,000 K-Staters who served in World War II and especially to the 200 who died. About \$56,000 has been raised thus far for the chapel which will cost \$275,000.

Recent contributors:

Edith E. Ames, St. Paul, Minn.; J. E. Ackert and Jess Alexander, both of KSC; Alpha Xi Delta, Manhattan; Will D. Austin, 208 West Lincoln, Medicine Lodge; Fred Aschman, Nickerson; Anonymous, Independence.

Baptist Youth Fellowship, First Baptist Church, Manhattan; Butler County; Matt Betton, 1011 Fremont, Manhattan; Mr. and Mrs. Paul Brown, 926 Pierre, Manhattan; Helen Bradley, Box 467, Sedan; Virginia V. Brothers, 2320 Oregon, Long Beach, Calif.; Howard R. Bootman, 3542 Genesee Street, Kansas City, Mo.; Maj. and Mrs. L. H. Bacon, Manitou, Colo.; Clara Newell Brandt, 834 N. Street, Hastings, Nebr.; Wayne Blackhall, Sterling; B. B. Brainard, KSC; Mr. and Mrs. J. E. Brock, 1057 Hell Street, El Centro, Calif.; J. Arthur Bryan, Scott City; Fred I. Boone, Manhattan; H. J. Barr, Leoti; Hugh C. Bryan, Leavenworth.

Walter J. Campbell, Lyndon; E. A. Cleavinger, KSC; Lester Colle, Sterling; Mr. and Mrs. Charles Cook, 210 1/2 West Seventh, Concordia; Richard B. Christy and Donald Christy, both of Scott City; Dr. J. D. Colt, Manhattan; Dan Casement, Manhattan.

P. G. Dalton, Coles Store, Manhattan; R. A. Doryland, KSC; Inga J. Dahl and Nora S. Dahl, both of Montrose; Mrs. J. W. Deal, Laramie, Wyo.; Eva L. DeWees, 409 East Commercial, Lyons; Mr. and Mrs. Charles S. Dearborn, Blythe, Calif.; A. L. Duckwall Stores Company, Abilene.

A. Thornton Edwards, KSC; Wilbur Engelland, G. A. Engelland, Hattie Engelland, all of Sterling; Mr. and Mrs. L. R. Eakin, Mayflower Hotel, Washington, D. C.; Miriam G. Eads, 67 Main, Brattleboro, Vt.

J. W. Finlay, KSC; Dr. Herman Farley, Stillwater, Okla.; Mrs. A. R. Foote, Chase; Mary L. Fry, 525 North Manhattan Avenue, Manhattan; Mrs. J. H. Fleenor, Knickerbocker Hotel, Milwaukee, Wis.; Osabel Fell, Effingham; Ada M. Freeman, 401 Bluemont, Manhattan.

Mr. and Mrs. George Gilson, Centralia; Golden Krust Baking Company, Manhattan; Mary Anna Grimes and Ethel T. Grimes, both of Texas Agricultural Experiment Station, College Station, Texas; Genesee Community, Rice County; Mrs. Myrtle E. Grandfield, 1734 Leavenworth, Manhattan; Hotel Gillett, Manhattan; W. K. Grigg, W. C. Grigg, Mr. and Mrs. E. S. Graham, L. E. Garrison, all of Abilene; Alma Halbower Giles, 228 South Meridian, Wichita.

ALUMNI GROUPS, STUDENTS, PLAN CELEBRATIONS WELCOMING THURLO MCCRADY AND SAM FRANCIS

"Right spirit" will take team far says new director ready to bring K. S. out of cellar

A series of welcoming activities for Thurlo McCrady and Sam Francis is being planned by alumni, students and friends of the College.

The Shawnee county Alumni Association, headed by Hubert Collins of Topeka, will lead off the alumni welcoming banquets at Topeka, March 10 with President Eisenhower, members of the state legislature and all head coaches at Kansas State invited. Eisenhower, McCrady and Francis will be principal speakers.

Alumni in Wichita and the Manhattan Chamber of Commerce plan other welcoming events for the new director and head football coach. Wichita tentatively has set its date for May but the time may be moved up to avoid conflict with spring sports at the College. Tonight, the members of the Manhattan Country Club will entertain McCrady and Francis at a Stag Smoker.

ENGINEERS TO BE HOST TO PUBLIC AT OPEN HOUSE ON MARCH 14, 15

The 2,400 engineering students at Kansas State will be hosts to the public on March 14 and 15 at the first postwar Engineers' Open House. Before the war the engineers annually held open house to show the latest methods of developments used at the College.

With "Kansas Industry" as its theme, the twenty-third annual exposition, one of the largest events of its kind in the state, will officially open at 6:30 p. m. Friday, March 14. Kansas and out-of-state industries will exhibit displays.

Among the demonstrations will be the potato dehydration unit, patented by the College and used successfully by the War Department for the dehydration of potatoes shipped overseas.

Students of the applied mechanics department will give a practical demonstration of a machine designed and built by the College to test concrete for strength and durability. Actual samples of the concrete being poured on Kansas highways in the statewide expansion and repair program are to be used for the demonstration.

A military show featuring various types of aircraft, ground equipment and weapons will be sponsored by the military science department. Augmented by army units from Fort Riley, all equipment and weapons

(Continued on page four)

Students at the College plan to give McCrady and Francis an enthusiastic sendoff tomorrow with an all-school pep rally in the College Auditorium. Plans include talks by President Eisenhower who will introduce the two key men in K-State athletics to the student body.

McCrady, who started his new duties Monday morning, met with conference officials in Kansas City last weekend and proved a popular addition to the league's family. He attended his first directors' session and his appearance there led to a prediction by newspapermen that McCrady is "ready, willing and able" to bring Kansas State out of the cellar position in athletics.

"You can take a poor team that really wants to play ball and get further than a team with more physical ability but without the right spirit. The same thing applies to the student body as well as the athletic teams," McCrady told Kansas City sports writers.

ADAMS GOES TO LOS ANGELES

The new director appeared at the conference meeting with Hobbs Adams, whom he succeeds, and other College officials. Adams left the first of the week for Los Angeles to take up duties as a representative of a sporting goods house.

Interest is also high as the College in particular, and the sports world in general, await the arrival of the new football coach, Sam Francis. The former two-sport all-American is expected to arrive in Manhattan late this week. He probably will begin spring football practice about March 17.

C. E. McBride, sports editor of the Kansas City Star, predicts a revived interest in K-State football throughout the country because "a new coach will be on the job and an inspirational awakening may be in the K-State cards."

While Director McCrady was getting acquainted with his new job and Manhattan awaits Sam Francis, the athletic program at the College continued over the weekend with Wildcat teams giving creditable performances despite losses.

WILDCATS DEFEAT K. U.

Jack Gardner's basketball team ended its season by dropping two close games, one to Nebraska 54 to 50, the other to Bradley U. at Peoria, Ill., 48 to 41. The Wildcats defeated Kansas 48 to 45 February 20 for the first K-State cage win over K. U. in ten years. Wichita was also defeated by Gardner's team February 23 by a score of 60 to 41. The cagers won 11 non-conference games and lost 4.

In indoor track, Ward Haylett's team finished fifth in the conference meet at Kansas City. Rollin Prather of Eureka turned in the best Wildcat performance with a second in the shotput. He tossed the iron ball 49 feet, 9 3/4 inches.

The wrestling team lost a return match to Colorado Aggies 15 to 9 in La Junta, Colo. It had previously defeated the Coloradoans 18 to 10.

New Football Coach Sam Francis shown with his wife and son who will arrive this week to make their home in Manhattan.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. LASHBROOK Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris Assistant Editors
KENNEY FORD Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in instalments. Membership in alumni association included.

CHAPEL CHIMES

H. O. DENDURENT

Our goal, as you probably know, is: "Every alumnus and former student a chime-ringer!" What a fine thing it would be if we could get a high percentage of the alumni and former students to give something to the all-faith memorial!

A true memorial, such as the chapel, is one that is established by a large number of persons. We want to make the all-faith chapel a genuine memorial and to do this it will be necessary to have gifts from as many alumni and former students as possible. It would not be possible, of course, to have contributions from ALL graduates and former students. But it is possible to have a high percentage of participation on the part of alumni and former students.

It will be up to the county and community chairmen and their co-workers to achieve this goal. When you contact the grads and former students, explain to them that no gift is too large, none too small. If, at the end of the drive, we could say that 75 or 85 percent of KSC alumni and former students participated, it would be a fine tribute to the 5,000 men and women of Kansas State who served.

So try for a high percentage. Get as many K-Staters interested in the chapel as possible. Make them "chime-ringers" so that on the day the chapel is dedicated we can say proudly: "Our chapel was built by thousands of loyal alumni and former students who did not forget those who served."

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Plans were being made to organize a student chamber of commerce on the campus. Sponsored by the Alpha Kappa Psi, professional commerce fraternity, it would promote the interests of commerce students.

Elma Edwards, a member of the journalism department staff, accepted a position as assistant woman's editor of the Kansas Farmer Mail and Breeze and the Missouri Ruralist published by the Capper Publishing Company of Topeka.

Installation of a filter system in the College swimming pools eliminated the use of chlorine directly in the pools yet made the water free from bacteria.

Frank Groves established a new Big Six scoring record. By scoring 19 points in a game against Iowa State he brought his per game average up to 15.4 shattering the record of 14.1 established by Ray Ebling of Kansas in 1936.

TWENTY YEARS AGO

"Health for Farm Families" was the title of an extension bulletin written by W. Pearl Martin, instructor in home nursing.

The dairy show sponsored by the dairy department during Farm and Home Week was so successful it was decided to make it an annual event.

C. E. Reid, professor and head of the electrical engineering department, died of a stroke.

Louise Child, Lucile Stalker and

Enthusiastic congratulations were order in the Kansas State dressing room after the Wildcats defeated the Kansas Jayhawkers 48 to 45 in a basketball game February 20. It was the Wildcats' first victory over a K. U. cage team in 10 years. Jack Gardner, coach, is shown rubbing the head of his ace rebounder, Clarence Brannum, while Keith Thomas, games high scorer with 17 points, joins in the fun.

George Davis, Manhattan; Gladys Suiter and Opal Thurow, Macksville, were elected to Pi Kappa Delta honorary forensic fraternity.

Dwight King, junior in journalism, was made telegraph editor on the Manhattan Evening Mercury. John S. Chandley, sophomore journalism student, succeeded King as college editor.

THIRTY YEARS AGO

The College Department of Music received recognition in "Musical America," a music magazine. Arthur Westbrook was head of the department.

Dr. F. S. Schoenleber, for 12 years head of the veterinary medicine department, resigned his position.

The Aggie basketball team took undisputed first place in the Missouri Valley conference by defeating Missouri two games at Columbia. These brought the total of games won to 10 for the season.

FORTY YEARS AGO

The entire issue of the Industrialist was given over to the judging contests for farm boys and girls being sponsored by the College.

FIFTY YEARS AGO

The Fourth-years challenged the alumni to a game of baseball to be

played in early spring. The Industrialist predicted an easy victory for the graduates.

The experiment station was sending out sugar beet seed free in connection with a U. S. D. A. project to all farmers who would grow it and send the College a sample.

Mrs. Kedzie, head of the domestic science department, had inquiries from women in Texas, Arkansas and Nevada about the work offered in her department.

SIXTY YEARS AGO

An epidemic of "catarrhal fever" was reported on the campus. The "protesting coughs of about 50 of its victims" could be heard in chapel.

The country had its labor problems in 1887. An editorial from the Chicago Advance reprinted by the Industrialist says, "On the whole, strikes have done more good than harm."

SEVENTY YEARS AGO

The class in Household Economy moved into their new laboratory. "For the first time this morning," says the Industrialist, "we saw them in their new quarters, making bread, yeast, pastry and setting table."

The men students re-organized the Bluemont Baseball Club.

LOOKING AROUND

KENNEY L. FORD

An interesting letter has been received from C. I. (Ike) Kern, Ag '40 and MS '46, who tells about a Kansas dinner in Honolulu. He writes:

"I am enclosing a check for \$10 as second payment toward my life membership. We three Kansas families here attended a Kansas dinner in Honolulu January 29. It was a fine get-together of 147 people and Dr. Jardine, who is visiting Hawaii for his health, was the main speaker. Quite a large number of KSC folks were in attendance. In fact, KSC had a greater representation than any of the other Kansas schools."

Mabel (Selby) Laughlin, '95, 117 East Doran, Glendale 6, Calif., writes:

"A few months have passed since readers of THE INDUSTRIALIST were given an opportunity to comment upon the comparative interests awakened by the various features presented in the publication. I am late in giving my own personal reaction, but I have never wavered in my allegiance to Kansas Poetry and Sunflowers. I find myself attracted to those two contributions first.

"The poetry in its charming simplicity and understandable philosophy belongs traditionally to Kansas. That which I have been able to read into it has given me an urge to create of my own simple experience things of value and strength.

"I read with no small measure of delight the discussions in Sunflowers on current interests presented, often satirically, but always cleverly, and definitely weighted with common sense deductions. These two features, particularly, spell Kansas to me."

KSC alumni of Denver, Colo., and vicinity met at the Olin Hotel in Denver January 13. They elected the following as their board of directors: James R. Mason, '16, 737 Dexter; Wilmer McMillin, '27, 1122 Ash; Mott Robinson, '23, 1075 Cook; Doris Odle, MS '44, 793 Glencoe; Major Bliss, '35, 2590 South Fillmore; Robert Blanks, '24, 1062 Clayton Way; Paul Brookover, '31, 661 Clayton; and Dorothea Nielson, '40, 1360 York, all of Denver; and Don Foote, '09, Loveland, Colo. The directors will meet and elect officers and set up plans for the memorial chapel campaign.

Attending the Denver meetings:

H. A. Burt, '05, 2227 Grape; George C. Ferrier, '16, 2615 East 46th Street; Ralph M. Conrad, '30, and Mrs. Conrad, 30 State Street; Floyd F. Higbee, '26, 624 Downing; Hazel W. Hoyt and Janet W. Webb, 3284 Osceola Street; Wilmer J. McMillin, '27, 1122 Ash; James R. Mason, '16, 737 Dexter; Dorothea Nielson, '40, 1360 York; Doris Odle, MS '44, 793 Glencoe; Mott Robinson, '23, and Katie (Fearey) Robinson, f. s. '21, 1075 Cook; Kitty Myrtle (Smith) Wheeler, '95, 3340 West 37th Avenue; S. E. Morlan, '04, and Mrs. Morlan, 4686 Eliot; F. H. Weirick and Mrs. Weirick, 2512 South Cook, all of Denver; Homer J. Henney, '21, and Mrs. Henney, Fort Collins, Colo.; Donald F. Foote, '09, Loveland, Colo.; Fred B. Morlan, '00, and Mrs. Morlan, Courtland; Ben C. Kohrs, '35, Gillette, Wyo.; Dr. A. D. Weber, '22, Prof. R. F. Cox, and Kenney L. Ford, '24, all of KSC.

WALTER J. ROGERS HEADS PLANS FOR REUNION FOR CLASS OF '22

Walter J. Rogers, College Hill, Manhattan, is local chairman in charge of arrangements for the twenty-fifth anniversary reunion of the Kansas State College class of '22.

The alumni office at the College is sending out letters to each of the approximately 275 graduates of the class of '22 reminding them of the anniversary and urging the grads to return to the campus and see their classmates.

Saturday, May 31, will be Alumni Day. Commencement will be June 1.

In the letters to the graduates, the alumni office is enclosing a list of 1922 class members. The graduates are being requested to write to classmates to join them at the reunion.

Ten graduates and former students of '22 are living in Manhattan and they will be in charge of local arrangements for the reunion. They are Rogers, Dr. G. Robert Allingham, 130 Longview Drive; Prof. H. Leigh Baker, education and psychology department, KSC; Dr. Ralph G. Ball, 123 South Fifth; Evan Griffith, 510 Houston; Dr. Harold Howe, dean of graduate school, KSC; Florence U. (Persons) Weisbender, 916 Kearney; Dr. Floyd S. Ratts, 1818 Humboldt; R. I. Throckmorton, dean of school of agriculture, KSC; and Dr. A. D. Weber, head of the animal husbandry department, KSC.

Anna (Engel) Blackman, '97, 121 North Ninth, Manhattan, is writing to classmates urging them to return to the campus for the fiftieth anniversary reunion. The class of 1897 had 55 members, 34 of whom now are living.

Members of other reunion classes may secure addresses of their classmates by writing the alumni office. Reunions will be held next commencement by the following classes: '42, '37, '32, '27, '22, '17, '12, '07, '02, '97, '92 and '87.

First Negro grad from KSC founds program for boys

George W. Owens, '99, first Negro student to graduate at Kansas State College and founder of the "New Farmers of America", an organization for high school Negro boys, has retired and now is living at Petersburg, Va.

"As a regular reader of THE INDUSTRIALIST for many years, I thought it might be a good idea to write you a few lines and let you know that I am still in the land of the living," Mr. Owens said in a letter to Kenney L. Ford, KSC alumni secretary. Mr. Owens has been retired since 1945 and now lives near Virginia State College at Petersburg.

After his graduation in 1899 he accepted a position as agricultural assistant to Prof. G. W. Carver, the celebrated scientist at Tuskegee Industrial Institute, Alabama, of which Dr. Booker T. Washington was principal.

Mr. Owens remained at Tuskegee Institute for nine years in charge of the creamery and dairy herd. In 1908 he took charge of the agricultural work at the state normal at Petersburg and served as farm manager and agricultural director. When the Smith-Hughes work was started in 1918 Mr. Owens served as vocational teacher and for many years as state agricultural teacher-trainer for this work in Virginia.

It was while serving in this capacity that he founded the "New Farmers of America", similar to the group known as the "Future Farmers of America." The NFA is composed of high school Negro boys enrolled in vocational agriculture. Mr. Owens started it in Virginia and it spread to all the Southern states. He wrote the constitution and by-laws and for many years supervised and directed the national organization and its activities.

"Since my retirement in 1945 after 46 years in agricultural instruction and work I still enjoy meeting with the young men in their agricultural conferences and sessions," Mr. Owens said.

"I enjoy reading of the many improvements which have been made or are being made at KSC. I wish I could visit it soon. I want to congratulate the college on the excellent gentleman and scholar who is now the president."

Egg prices are expected to continue relatively high through the first half of 1947.

KANSAS POETRY

Robert Conover, Editor

Spring Vengeance

Spring must be weary waiting for winter to depart;
But as she waits, perhaps she spins
New garments for the heart
And needles from her suppressed birth
A radiant blanket for the earth,
A beauty that will blind our eyes—
Her vengeance.
Waiting as winter dies.

Rachel L. Hinden
Kansas City, Mo.

Sunflowers

By H. W. Davis

GOVERNMENT BY INVESTIGATION

So far as I can make out, Congress is doing pretty well. Of course, it has not done anything yet but pass and send to the President a bill keeping the tax on luxuries going for another year. There has been much investigating, but up to now the reporters have kindly befogged it.

The only two things definitely revealed about our first real "reconversion" congress are (1) that the tendency to slip into the presidential campaign of 1948 is persistent and at times strong and (2) that we as a nation have slipped into a government by investigating committees, which may or may not be something to worry about.

Government by investigation may not be so bad, provided we can get around to real, fact-finding investigation and real, fact-following legislation. But the opportunity for hocus pocus is far from infinitesimal, and if the Eightieth Congress is a fair sample, I doubt seriously that we yet have occasion to get up on our hind legs and do much joyful braying.

The main trouble with government by investigation is that the investigators are too fearful of what they may find out. If they were truly scientific, which means if they do not care a hang what they find out but will line up for whatever the revelation is, they might revolutionize law-making into something really respectable.

But when you take a bunch of fellows who mostly want to be elected again, you are likely to find that they decide exactly what they want to discover before they start discovering it. They even betray what they want to find out before the committee is christened. They want to discover that the opposition is all wet about it, no matter what it is nor what it amounts to. That tosses everything over into the next political campaign.

The net result is: we get politics instead of government. And we have it year in and year out. Of course the American people have a right to pay for politics instead of government if they want to. Certainly politics is more fun. But when it costs 37½, 34½, or even only 31½ billions a year, I can't help believing that more than fun should be got.

DR. HOBART SMITH, '32, MOVES TO ILLINOIS UNIVERSITY POST

Is member of zoology department; had been at Texas A and M

Dr. Hobart M. Smith, GS '32, has been appointed an assistant professor of zoology at the University of Illinois, Urbana.

Dr. Smith, one of the nation's leading authorities on reptiles, recently has been with the department of fish and game, Texas Agricultural and Mechanical College, College Station. He took over his duties at Urbana at the beginning of the second semester.

Dr. Smith's recent book, "The Lizards of the United States", has been acclaimed a masterpiece of its kind. He is author of more than 100 articles on reptiles. In 1939-40 he was in Mexico for the United States National Museum and collected 20,000 specimens in the two years.

Born at Stanwood, Iowa, in 1912, Professor Smith attended high school at Bentonville, Ark. He received his master's degree in 1933 and his Ph. D. degree in 1936 at the University of Kansas.

In 1938-41 he was on the Walter Rathbone Bacon traveling scholarship, granted by the Smithsonian Institute. Dr. and Mrs. Smith have two children.

AMONG THE ALUMNI

Ethel McDonald, DS '07, is a home demonstration agent. Her address is 200 Front Street, Owego, Tioga County, N. Y.

Charlotte A. Morton, '08, is an artist at 1025 El Camino Real, Redwood City, Calif.

Winona (Miller) Schutt, HE '11, is living with her husband, Dr. John P. Schutt, on route 2, Bremerton, Wash.

Jesse B. Adams, '14, and Josephine (Perrill) Adams, '15, are living at 306 1/2 East Washington Street, Springfield, Ill. Mr. Adams is assistant supervisor of vocational agriculture for the state of Illinois.

The address of James R. Little, Ag '15, is PO Box 2275, Waco, Texas. He is field representative for the Contractors Equipment Sales and Service Corporation.

The address of Roscoe I. MacMillan, Ag '17, is Route 4, Box 49, Augusta, Ga. He is a retired Army officer.

Eva (Snyder) Brush, HE '19, is a housewife at Warrendale, Pa.

Faye (Williams) Akright, '20, is living at 5219 Chadwick Road, Kansas City 3, Kan. She is a housewife.

Elmer D. McCollom, Ag '21, is engaged in farm mortgages and farming in Iowa. His address is 4036 Cambridge, Des Moines, Iowa.

Ida M. Bare, '21, writes from Protection: "Since graduation I have spent a period of years in missionary service in China, taught in Kansas public schools, done social welfare work in Kansas, graduated from a missionary training school in Chicago, attended a year at the University of Nanking, almost completed work for a PhD at the University of Chicago and did social welfare educational work in Chicago. Been busy, happy and grateful to KSC."

Claire A. Downing, I Chem '22, is executive secretary for the New York State Bituminous Concrete Producers Association. His address is Room 630, 100 State Street, Albany 7, N. Y.

Frank W. Crawford, DVM '23, is inspector in charge of the U. S. Meat Inspection, BAI, c/o George A. Hormel & Co., Austin, Minn.

James R. Moreland, Ag '24, is with the soil conservation service at Purcell, Okla.

Rachel (Steuart) Watters, HE '24, and Elmer Watters, f. s. '26, are living at 2116 Pawnee Road, Great Bend. Mr. Watters is manager of the Great Bend district for the Southwest Bell Telephone Company.

J. Clyde Lentz, EE '25, is in the lumber business at Osage City. He bought the Norwood Lumber Company last June 1.

Ben W. Friedel, Arch '26, is with W. N. Caton, architect, at Winfield. Mr. and Mrs. Friedel have five children, Gordon, Carolyn, Shirley, Paul and Martha Kay.

The address of William Wallace Gunselman, Ag '26, is 1618 North 12th Street, McAllen, Texas. He is a chemist at Universal Colloid Company.

Ray Adams, '27, is construction chief for the Veterans Administration. His address is 3925 Oliver Street, Chevy Chase, Md.

Earl F. Carr, Ag '27, is a cattle buyer for the Union Packing Company, Los Angeles. Mr. and Mrs. Carr and family live at 1140 East Elk Street, Glendale, Calif. There are two children in the Carr family.

Vernon L. Pierce, CE '28, and Mrs. Pierce are living at 1511 South 34th Street, Kansas City 3, Kan. Mr. Pierce is an engineer with the Kansas City Structural Steel Company.

Bruce O. Dallam, GS '29, and Mrs. Dallam are living at 1809 North Tolman Avenue, Chicago 47, Ill. Mr. Dallam is with the railroad retirement board for the U. S. government.

William R. Boggess, EE '30, and Miriam (Clammer) Boggess, f. s., are living at 4620 Stratford Road, Fort Wayne 6, Ind. Mr. Boggess is manager of the Intra-Company Equipment Sales, motor division, General Electric Company.

Edwin G. Brychta, GS '31, is teaching welding and forging in the shop practice department of Kansas State College. He served in the Air Forces during the war.

Paul W. Archer, Ag '32, and Mildred (Emery) Archer, f. s. '31, are living at 620 North Ninth, Fredonia. Mr. Archer is an FSA supervisor.

The address of Mary (Clark) Wilians, GS '32, is 612 West Clark, Livingston, Mont.

Martin F. Keck, Ag '33, and Mrs. Keck are living at 30 Valley Place, Edgewater, N. J. Mr. Keck is manager of the National Battery Company.

Melvon H. Wertzberger, Ag '34, and Pearl (Lindquist) Wertzberger, f. s. '34, are living at 907 Arkansas, Lawrence. Mr. Wertzberger is with the soil conservation service, USDA.

M. C. (Mike) Oberhelman, GS '34, has been named a vice-president of the Central National Bank of Topeka. Mr. and Mrs. Oberhelman, formerly of Randolph, now are living in Topeka at 1427 MacVicar Street.

Elmer Ira Long, DVM '35, is practicing at Hubbard, Iowa. He served as a lieutenant colonel in the veterinary corps of the Army during the war. Mrs. Long is the former Hazel Dobson, f. s. '33.

The address of Sam D. Elliott, EE '36, and Bertha (White) Elliott, f. s. '35, is 324 East Cheyenne, Bartlesville, Okla. Mr. Elliott is with the research department of the Phillips Petroleum Company.

Lyle Leon Schlaefli, CE '36, is an engineer with the Remmet Construction Company. His address is 131 University, Palo Alto, Calif.

Max Besler, IJ '37, has received another Army decoration, the Croix de Guerre with Palm from the government of Belgium. A former colonel in the Army, Besler now lives in New York City where he is a public relations counsel.

Don W. Collins, CE '37, has taken over his duties as city manager at Colby. He was formerly with the department of bridge design with the state highway commission.

Martin O. Pattison, CE '38, and Mrs. Pattison and three children, Martin Lee, Jean Mae and Joan Rae, twins, are living at 714 North Grimes, Hobbs, N. M. Mr. Pattison is district civil engineer for the Humble Oil and Refining Company.

Kenneth L. Enright, Ag '39, is owner of the Blakesley Hotel at Colby. He also is land appraiser for the Federal Land Bank of Wichita. His wife is the former Florine Craig, GS '38. Mr. and Mrs. Enright have a son, Craig, 4.

Thaine A. Clark, Ag '40 and MS '46, is teaching in the consolidated high school at Burns.

A note from Milan Smerchek, Ag '40: "Please send my INDUSTRIALIST to the Farm Bureau office, Girard. I am employed as a club agent here. We have a daughter born August 1. Her name is Janice Kay."

Paul L. Kewley, EE '41, and Maxine (Weaver) Kewley, f. s. '38, are living at 1500 East 12th Avenue, Denver, Colo. Mr. Kewley is an engineer with the bureau of reclamation, department of interior, Denver. Mr. and Mrs. Kewley have a son, Eric Lauren.

Perry C. Emmons, PE '42, is athletic coach and history teacher at Alt-on. His wife is the former Esther Wagoner, f. s.

Berneice (Johansen) Kozma, HE '43, is living at 7306 Wagner Avenue, Cleveland, Ohio. She writes: "Give my warmest greetings to all the friends at KSC."

Harold Mason, BA '43, is living at 3030 Spruce Avenue, Kansas City, Mo.

Kenneth B. Lebsack, BA '43, is a representative for the Rexall Drug Company in southeast Nebraska. His mailing address is Box 547, Lincoln, Nebr. Mr. Lebsack was married January 17 to Dixie Sumner.

John L. Riling, DVM '44, has a general practice at 1745 West Ninth, Lawrence.

Evelyn Mae Phillips, BA '44, is teaching commerce in the high school at Randolph.

The address of Rosemary (Grady) Burnham, BA '45, is 14 1/2 South Lincoln, Chanute. She is a housewife.

The address of Warren Dewlen, Ag '46, and Frances (Gonder) Dewlen, GS '40, is Colby, where Mr. Dewlen is

assistant county agent. He served in the war as a major.

Nina Jean Heberer, '46, is a writer for the Young and Rubicam Advertising Agency, New York. Her address: 308 Second Avenue, New York, N. Y.

MARRIAGES

WAINSCOTT—FAULCONER

Jean Wainscott, IJ '46, and Douglas Faulconer, BA '47, were married December 7 at the First Christian church in Manhattan. The Rev. J. David Arnold, pastor, performed the ceremony. Before her marriage Mrs. Faulconer was assistant editor on "Successful Farming" magazine. Later she was graduate assistant in the department of English at the College. While in school she was editor of the Collegian.

GRIFEE—HAWKINSON

Virginia Griffie and Alfred Simpson Hawkinson, BA '43, were married December 30 at the First Presbyterian Church in Topeka. Dr. Orlo Choguill read the nuptial vows. Before her marriage Mrs. Hawkinson was employed by a law firm in Topeka. Mr. Hawkinson is now attending the Washburn law school.

CLARK—WISMER

Dr. V. G. Clark and Chester A. Wismer, Ag '31 and MS '33, were married December 21 at St. Andrews cathedral in Honolulu, T. H. Mr. Wismer is plant pathologist for the Hawaiian Sugar Planter Association.

INSLEY—HARKRADER

Marie Insley, HE&N '31, and Virgil P. Harkrader were married December 11. She is superintendent of nurses at a tuberculosis hospital in Kansas City, Mo. Their address is 4229 Wabash Street, Kansas City, Mo.

TUFTS—JACKSON

Jessie Christine Tufts and Clifton Edward Jackson, Ag '40, were married December 14. They are living at Belmont, Mass.

BIRTHS

Elizabeth (Allbee) Hall, HE '39, and Warren P. Hall, 2596 Albion, Denver, Colo., are parents of a son, Robert, born December 4.

S. B. Shannon, DVM '45, and Mrs. Shannon have a son, Stephen Robert, born January 11. The Shannons live at 317 East Texas, Midland, Texas.

Albert E. Schwerin, ME '41, and Mrs. Schwerin are the parents of a son, Robert Bruce, born December 17. The Schwerins live at 1504 Union Street, Schenectady, N. Y. Mr. Schwerin is employed in the aeronautic and marine engineering division of the General Electric Company at Schenectady.

A daughter, Carol Joyce, was born October 16 to Jean (Glenn) Adams, GS '39, and Walter A. Adams, ME '42. The baby's maternal grandparents are Beulah (McNall) Glenn, HE '17, and A. A. Glenn, Ag '16. The Adamses live at 5700 64th Avenue, Riverdale, Md. Mr. Adams works in Washington, D. C., as a marine engineer for the design division of the Navy Department's bureau of ships.

DEATHS

EBERHART

Sidney Eberhart, CE '26, died September 12 of a heart attack. Mr. Eberhart had been working as a civil engineer. His home was in California. Survivors include the widow and one son.

REYNOLDS

Mrs. Ross H. Reynolds, wife of R. H. Reynolds, EE '11, died January 15 at Raleigh, N. C., following an illness of about one month. Survivors include the husband; two sons, a daughter and a brother.

POLAND

Anna Elizabeth (Sanders) Poland, HE '14, died January 26 in Inverness, Fla. She was born February 1, 1894, in West Palm Beach, Fla. She was a seed analyst at Kansas State until 1943. Survivors include the parents, W. H. Sanders, '90, a former faculty member, Hattie (Gale) Sanders, '89, of Inverness; a son, Claude A., f. s., Manhattan; two daughters, Sylvia, f. s. '47, of Manhattan, and Betty (Poland) Catinella, Boston, Mass.; a brother, E. G. Sanders, ME '13, Topeka; and a sister, Dorothy (Sanders) Roush, Music '26, Garden City.

EDUCATION IS KEY TO ACHIEVING PEACE SAYS PRESIDENT EISENHOWER

(Continued from page one)

ternational problems. Have you, for example, read Leland Stowe's "While Time Remains"? It is a sort of inventory of the intellectual revolution that now circles the globe with varying degrees of development in each country of the world.

Fortunately, there are today, many well-written books that can help the individual with his own education, such as Sir Bernard Pares' brilliant and popular portrayal of Russia, Frederick L. Schuman's discussion of Soviet Politics and the illuminating book by Jacoby and White, "Thunder Over China." Good magazines are making it possible for each individual to inform himself on critical issues. The current series of articles on Russia, written by Edgar Snow for the Saturday Evening Post, is an example. Henry L. Stimson's article on atomic energy, in the current issue of Harpers, is one that should be read by everyone.

Organized efforts to develop world understanding in the community, school or college can be a lot of fun.

U. N. O. AT KANSAS STATE

As you no doubt know, at Kansas State we have had for the past two years our own United Nations organization. About 1,500 students voluntarily and extracurricularly cooperate in the undertaking. Each organized house represents a country. It studies the history, economy, politics—the total culture—of that country. It occasionally serves meals typical of the country. It brings to the campus a representative of its country for round table discussions and assembly talks.

Each country elects its delegates to the General Assembly, Economic and Social Council and so on. More than 40 nations are thus represented. The same problems considered by our formal international organizations are taken up in our collegiate counterpart, and I must say that the judgments of our students strike me as being as valid as are those of the nation's representatives in the United States.

This is only one small project, at one institution. Every community can have a project of great interest and educational value, if it wishes. The Institute of Citizenship of Kansas State is helping several communities—Topeka, Salina and Manhattan at the moment—carry on a new type of round-table or discussion program. Each group reads and discusses basic documents from which this country drew much of its philosophic principles and methods, then proceeds to study and discuss modern problems in the light of these principles and methods. International problems must be among those brought up for such discussion.

A COMMUNITY HAS PROJECT

I have heard of one community with this interesting type of project: Each person participating has agreed to keep himself thoroughly informed

on one phase of present efforts in international collaboration. Thus, one individual has become an expert in his community on world food and agricultural problems, another on the work of the international labor organization, another on UNESCO affairs, another on the basic problems before the Commission on Human Rights, several on matters before the Social and Economic Council, one on the problems of the Trusteeship Council, and several on problems before the General Assembly and the Security Council. Each expert takes his turn in leading community forums and discussion groups. Surrounding communities, having heard that these experts are available, are calling on them for talks before civic organizations, church groups and women's organizations.

Of course every elementary and secondary school and every college and university should re-examine its program in terms of its adequacy in helping develop the understanding basic to the one world that now must be. Do our textbooks contribute to or impede the development of genuine understanding? Are we being sufficiently objective in our educational work that the citizen-student really has an opportunity to develop a world point of view? Or are we being blindly nationalistic, at a time when enlightened nationalism and patriotism must include the concept of world citizenship? Are we teaching students to think clearly and to arrive at democratic judgments fairly, or are we merely helping them cram information into their heads? Are we providing all the types of extracurricular activities we should, in the light of the fact that not too much time remains in getting this mission of world understanding accomplished?

EVERYONE MUST PITCH IN

Every youth group, every church, every organization that brings human beings together can and must pitch in and do its share if, in the 10 or 15 years that are available to us, we are to build the framework within which all successful world collaboration toward peace and security must be conducted—the framework of genuine understanding.

Ten to 15 years? No one knows when atomic bombs and sky-sprays of biological horror will be loosened by a fanatical nation upon the world. Whether such a thing ever occurs is being determined every moment of every day in the minds and hearts of the people who inhabit the earth. Time remains for each of us to develop the knowledge, the wisdom, the kindness, the tolerance and the understanding essential to successful cooperation between all nations and all peoples. Time remains—but not too much.

Sincerely yours,

Milton S. Eisenhower

Milton S. Eisenhower,
President

COUNT ME IN! I'LL BE A K-STATE CHIME-RINGER!

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel and chime tower in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

NAME.....

STREET ADDRESS.....

CITY..... STATE.....

Just mail this coupon with your contribution today. Kansas State needs your support.

OUR GOAL: EVERY ALUMNUS AND FORMER STUDENT A CHIME-RINGER!

Your College Needs Budget Increase To Do Its Important Job for the State

MORE EQUIPMENT, SALARIES, BUILDINGS NEEDED PERMANENTLY

Legislature soon to act upon request of President Eisenhower

The Kansas legislature has been asked to appropriate \$7,241,000 for your College for the 1948-49 biennium. The budget for the next two fiscal years was presented recently to the Senate Ways and Means Committee by President Eisenhower and is to be acted upon by both houses of the legislature within the next few weeks. The budget had previously been approved by the State Board of Regents.

The requests for the next two years are nearly double the appropriation of \$3,676,000 for the past two years. Conservative estimates (see chart elsewhere on this page) point to an enrollment of 7,500 next fall and 8,000 the following year. These totals will more than double the pre-war average and are more than five times the 1943-44 average.

This year the student-teacher ratio has risen to 20 to 1, as contrasted to an ideal ratio of 10 to 1 and a maximum ratio for sound education of 14 to 1. Students have accepted crowded and substandard living conditions. Health, recreation, and related facilities are inadequate.

HIGHER SALARIES IMPERATIVE

Higher salaries are imperative if your College is to keep its present staff and obtain needed additional teachers and employees. In recent months your College has lost many of its ablest men and women, and has been unable to hire many competent teachers because of much higher salaries offered by other institutions.

Maintenance costs of your College have increased tremendously. Many construction materials are up from 50 to 100 percent in price. Scientific equipment costs have risen 33 percent. Increased enrollment calls for more chairs, desks, typewriters, files, calculating machines and related equipment.

While enrollment in the next two years is expected to reach 8,000 it seems certain that beyond that period enrollment will stabilize at approximately 6,000. Building estimates included in the request to the legislature are not adequate for either the temporary or expected permanent enrollment. Dormitories, an Extension

This chart is one of several used by President Eisenhower in presenting the financial needs of your College to the Senate Ways and Means Committee. Another chart showing long-time enrollment trends will appear in the next issue of the Industrialist.

building, a classroom building, and a student hospital were vitally needed when enrollment was approximately 4,000. Obviously, they are desperately needed now, President Eisenhower pointed out.

INCREASES ARE ASKED

In order to meet the urgent needs of your College President Eisenhower has requested these increases, among others:

Salary increases of approximately 17 percent, additional funds for the 223 new faculty members needed to reduce the student-teacher ratio to approximately 14 to 1, and more funds to meet the increased cost of summer school due to enrollment increases. Total increase, \$713,000 a year.

Maintenance and repair increases for maintaining the campus, maintaining buildings, office furniture and supplies, utilities, clerks and stenographers. Total increase \$205,000 a year.

A residence hall for 210 women and a residence hall for 200 men. Total cost \$1,000,000.

A building for the Extension Service, connecting the south ends of East and West Waters Hall. Total cost \$460,000.

A classroom building containing 47 classrooms, three seminar rooms and 42 offices. Total cost \$588,000.

A hospital building with 10 beds for each 1,000 students. Total cost \$300,000.

GRADUATE IS DEAN OF AG FACULTY AT AFRICAN COLLEGE

Dr. A. R. Saunders known for plant improvements and research

Dr. A. R. Saunders, Ag '23, has accepted the position of dean of the faculty of agriculture at Natal University, Pietermaritzburg, South Africa.

One of South Africa's greatest plant scientists, whose name will be perpetuated in the crop varieties he has evolved and bred, Dr. Saunders will long be remembered for his work at Potchefstroom College of Agriculture where his achievements included the evolution of drought-resistant varieties of maize, the upright cowpea, the shatter-proof soya-bean and witchweed-resistant kaffir corn.

Offer Two Summer School Terms

Two terms of summer school will be offered at Kansas State College this year, Dean A. L. Pugsley, summer school director, said today. The first session will run from June 10 to August 12. The second shorter session will start August 11 and end September 13. Forty-four departments of the College will offer courses for the first session which will be nine and one-half weeks. Twenty-three departments will be open. Previous estimates of summer school enrollment set the probable number of students at about 4,000.

Form Organ Guild Here

Sixteen organ students at the College have formed the Student Guild of Organists, one of the first of its kind in the state. Robert W. Hays, assistant professor of organ, is sponsor of the group, which is a branch of the national organization of American Guild of Organists.

Delegate for Science Meet

Dr. John C. Frazier, plant physiologist for the Agricultural Experiment Station was the Kansas Academy of Science delegate to the executive council of the American Association for the Advancement of Science, which met recently in Boston.

Broadcast Pep Rally

The all-school pep rally to be given in the College Auditorium for Thurlo McCrady and Sam Francis tomorrow will be broadcast over KSAC at 4:45 p. m.

Vets Elect Reed Larson

Ex-servicemen at Kansas State College have elected Reed Larson of Abilene, electrical engineering senior, as commander of their Veterans' Association for this semester. Other new officers are Wilfred Miller, Winfield, vice-commander; Leonard Banowetz, Coffeyville, adjutant; Ethan A. Quakenbush, Sublette, treasurer; and Charles Shannon, Wichita, sergeant at arms. Larson succeeds Ellis Stackfleth of Manhattan as commander. Larson was commander of the association during the summer term.

LEGISLATORS VISIT HOUSING PROJECTS AND SITES OF NEW BUILDINGS ON RECENT TOUR OF CAMPUS

Wives entertained by Mrs. Eisenhower then all go to Draper-Adler concert in Auditorium

Temporary housing projects with which the College is meeting its housing shortage were inspected by approximately thirty members of the Kansas House and Senate Ways and Means Committees during their visit to the campus recently.

The legislators and their wives were guests of the College for the tour, a dinner and an artists' series program. While their wives were entertained at tea in the President's home by Mrs. Milton S. Eisenhower, the legislators toured the campus, visited housing projects and saw sites of proposed buildings.

Beginning at 4 p. m., the men were shown sites of the proposed small animals research building, the field house and men's gymnasium, additional residence halls for men and women, classroom building and a permanent home for the extension service. They also saw tracts where converted army buildings will be used temporarily as faculty offices, classroom buildings, engineering drawing rooms and a home for the extension service.

ENGINEERS TO BE HOST TO PUBLIC AT OPEN HOUSE ON MARCH 14, 15

(Continued from page one)

will be manned as in combat. The department plans to have in use a 600 million candle power searchlight and an army field kitchen.

Engineering students will take care of the lighter side of the show. They will demonstrate some of the practical theories they learn by frying hamburgers over a cake of ice, measuring weight by how much a person bends an aluminum beam and "filling a jug that never fills."

The exhibition closes at 6 p. m. Saturday, March 15. A gold cup will be presented for the best departmental exhibit by Steel Ring, scholastic engineering fraternity. The presentation will be made at the St. Pat's Ball, sponsored by Sigma Tau, engineering fraternity, which marks the close of festivities for the students.

Students expect this open house, the first since the war, to far exceed the pre-war attendance of 14,000 visitors annually. Special invitations have been issued to high schools and industrial firms of Kansas.

GRADUATE IS NAMED NEW PRESIDENT OF FRIENDS U.

Dr. Sheppard A. Watson goes to Wichita from an Ohio college

Dr. Sheppard A. Watson, Ag. '20, has been appointed president of Friends University at Wichita, according to an announcement by D. W. Binford, head of the school's board of directors.

Dr. Watson, who received his Ph.D. degree at Ohio State University, has been president of Wilmington College, Wilmington, Ohio, for the past seven years.

Prof. C. A. Reagan has acted as Friends University president since resignation last spring of Dr. W. A. Young. Professor Reagan will return to his duties as head of the mathematics department.

Dr. Watson has resigned his presidency at the Ohio school effective at the end of the spring semester when his services at the Wichita school begin.

Mrs. Watson, the former Florence Potter, graduated at Kansas State in 1923 with a degree in home economics.

Cranberries, now a 10 million dollar crop, were first cultivated in the bogs of the Cape Cod region of Massachusetts about 1810.

VISITED CAMPUS COURTS

The legislators left their bus to visit Campus Courts, 100-trailer community; barracks-type apartment units; an emergency cafeteria; and barracks housing single veterans. They were guided on their tour by President Milton S. Eisenhower; A. R. Jones, College controller; and Kenney L. Ford, alumni secretary. Hal McCord and Donald Munzer, College housing directors, arranged for them to visit the homes of veterans living in Campus Courts and the apartment units.

At 5 p. m. the legislators' wives visited Van Zile Hall, women's residence hall. Both parties met at the President's home at 6 p. m. before going to dinner in the banquet room of Thompson Hall. Following dinner the legislators and their wives saw Larry Adler, harmonica virtuoso, and Paul Draper, dancer, in an artists' series program in the College Auditorium. Included on the program was Draper's satiric dance number, "The Politician."

After visiting a trailer in Campus Courts, Dick Golden, representative from Sherman county, said, "Under present conditions, I think these trailers are fine. They are compact little units built for a minimum of effort with a maximum of efficiency."

"WILL HAVE TO DO"

Representative Thomas Wilson of Jefferson county said of the trailers, "I suppose they'll have to do for the time being since they're the best thing available. They seem quite liveable but I certainly do hope we can get something more permanent in the future."

Commented Representative Herb Barr of Wichita county on the barracks-type apartment units: "It's only a temporary measure. But though it is only temporary, the apartments do seem quite comfortable. My real sympathy goes to those who were unable to get into school at all. It's a shame that better facilities, both in housing and classrooms, are not available."

College Officials Meet with Kansas Legislators and Their Wives

THE KANSAS INDUSTRIALIST

Volume 73

Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, March 20, 1947

Number 18

College Expects 3,200 for Summer School

ALL-TIME RECORD FOR SUMMER SESSION MAY BE ESTABLISHED

Journalism class makes the survey which predicts record attendance

An enrollment of approximately 3,200 students—an increase of nearly 40 percent over the previous all-time high—is predicted for this year's summer session at the College by Dean A. L. Pugsley, Summer School director.

The estimated enrollment is more than half of the attendance during the regular college year. The estimate is based on an all-College survey conducted by a public information methods class in the Department of Industrial Journalism and Printing. A ten percent representative sampling of 6,250 students now in school was taken.

ATTENDANCE BY SCHOOLS

For the 9-week session from June 10 to August 12, estimated enrollments by schools are as follows: agriculture, 351; arts and sciences, 859; engineering and architecture, 1,204; and home economics, 201. Approximately 300 graduate students and 300 Kansas teachers also are expected to enroll for this term.

Probable attendance during the 4½-week term from August 11 to September 13 would be agriculture, 148; arts and sciences, 343; and engineering and architecture, 504.

FIGURES NOT DEFINITE

These estimated enrollments are helpful as a guide in planning the summer program but should not be regarded as definite, Dean Pugsley said. The number of new students enrolling this summer and the number of students still undecided about their summer plans will influence registration, he pointed out.

The probable enrollments do not include school superintendents, principals, teachers and counselors who will attend seven workshops sponsored by the Institute of Citizenship and the Department of Education and Psychology.

THREE NEW CHAIRMEN, 20 ASSISTANTS TO PROMOTE CHAPEL CAMPAIGN DRIVE

Twenty persons have accepted appointments to be in charge of the all-faith memorial chapel and chime tower campaign for funds in Shawnee County, according to an announcement by Kenney L. Ford, alumni secretary. In addition, C. W. Stewart of Oskaloosa, has been named Jefferson County chairman of the campaign and Howard Wildman, Olathe, has been appointed to head the Johnson County drive.

Harold Johnston will head the Shawnee County group assisted by these chime-ringers:

R. M. Sears, treasurer; Dale Carmean, special gifts; Katherine Tucker, high school; L. L. Marsh, state highway department; Mrs. Emil Von Riesen, West Topeka; John R. Warner, Southwestern Bell Telephone Company; Walter Hines, Highland Park schools; Mrs. W. W. Wright, Highland Park; Scott W. Kelsey, Oakland; Irwin Wright, state hospital; William Ljungdahl, statehouse; Alva Gardner, Santa Fe railroad; Helen Stinebaugh, Winter General Hospital; George Knapp, water resources; Charles Hadley, teachers, other than high school; Riley Wheatly, Rossville and veterans' administration; Anna Betts, North Topeka; Edward Rupp, Capper Publications; Preston Hale, farmers.

22,000 at Open House

A record crowd of 22,000 persons attended Engineers' Open House at the College last week end. The old record, set in prewar days, was 14,000. The electrical engineers were awarded the best-exhibit prize.

Normal Trend Indicates Kansas State College May Have More Than 8,000 Students in 1950

A comparison of Kansas State College enrollment with enrollment of all U. S. colleges and universities shows a close correlation since 1900. The accompanying chart shows the estimated enrollment of all U. S. colleges and universities for the next 25 years. These estimates, based on available information, indicate a peak will be reached in 1950 when the full impact of the G. I. educational program is felt. That year, according to the estimates, U. S. colleges and universities will have two and three quarters million students. By 1960 when the last G. I. will have finished college the U. S. total will be two and a half million. Kansas State College enrollment has followed the trend almost exactly in the past, as indicated by the chart. If it follows the trend in the future, Kansas State enrollment would go to 8,250 students in 1950; 7,500 in 1960; and more than 9,000 by 1970. However, K-State officials are being cautious in predicting future enrollments in that the population of Kansas is not increasing. They believe that K-State enrollment will level off at about 6,000 students—or 50 percent above the prewar high.

Rally to Red Cross Aid

College faculty, employees and students have contributed \$1,656 to the national Red Cross Drive, according to incomplete returns received by campus chairmen C. A. Dorf and M. F. Ahearn. About two-thirds of the returns have been received to date. Faculty and employee contributions total \$1,070 to date. Students have given \$586. No quota was set.

WEBER PRESENTED WATCH BY LIVESTOCK ASSOCIATION

Is cattle authority and one of the leading beef cattle judges

The presentation of a gold watch to Dr. A. D. Weber, head of the animal husbandry department, was a special feature at a dinner for the officers, directors and committeemen of the Kansas Livestock Association held recently in Wichita.

"To Dr. A. D. Weber in Appreciation Kansas Livestock Friends 3-11-47" is engraved on the 21 jeweled Hamilton pocketwatch presented to Dr. Weber.

Dr. Weber, widely known among friends as "Dad Weber," is an outstanding cattle authority and one of the leading beef cattle judges of the country.

Gift to College

John Erickson, president of the Viking Manufacturing Company, Manhattan, has given the mechanical engineering department at the College an early experimental model of the hammer mill the company is now manufacturing. A. J. Mack, professor of mechanical engineering, says that the mill is one-half the size of the mill the company makes now but is otherwise similar. The mill will be used to prepare samples of solid fuels for analysis.

'ONE DOLLAR A STONE' IS NEW SLOGAN IN ALL-FAITH MEMORIAL CHAPEL DRIVE

Arthur Peine, Manhattan, chairman of the campaign for funds for the World War II memorial chapel has announced a new slogan—"One dollar a stone"—has been adopted for the drive.

Peine said emphasis now will be made in the campaign on the importance of obtaining funds for the walls of the \$275,000 chapel building and that contributors will be designated as "helpers," "builders" or "Master builders."

Purchase of one stone or more will make the contributor a helper; 10 stones or more will qualify the donor as a builder; and 100 stones or more will give the contributor the title of master builder.

"Numerous individual memorials have been established in the chapel," Peine said. "These memorials are welcome and the chapel committee appreciates the generosity of alumni, former students and friends in establishing the memorials for loved ones."

"In addition to the memorials inside the chapel it will be necessary also to build the walls, the floors, the roof and other parts of the structure. Much money will be needed for building construction. Hence the new slogan: 'One dollar a stone.'"

The chapel will be a memorial to 5,000 Kansas Staters who served in World War II and especially to the 200 who died.

Rust Initiated

Mrs. Lucile Rust, professor of home economics education at the College, has been initiated as an honorary member of the Future Homemakers of America by the state division of the organization.

Re-elect Griffith President

Trustees of the Kansas State College Endowment Association, holding their annual meeting at the College recently, re-elected their officers for the coming year. Officers are Evan Griffith, Manhattan, president; Mrs. Daisy Hoffman Johntz, Abilene, vice-president; and W. E. Grimes, Manhattan, secretary-treasurer. Re-elected to the executive committee are C. G. Wellington, Kansas City, Mo.; and Milton S. Eisenhower and Arthur Peine, Manhattan.

TWELVE MILLING FIRMS FINANCE NEW BAKING PLANT AT COLLEGE

Offers improved facilities for student training and research

Funds provided by a dozen milling companies in Kansas, Missouri, Minnesota and Illinois will finance a new pilot baking plant to be set up in the Department of Milling Industry at the College, President Eisenhower announced.

The new plant will improve facilities for both student training and research in the department. Millers find a knowledge of baking processes and reaction of milling products in baking important to their own work, and the pilot plant will acquaint students with both operation of commercial equipment and performance of flours under commercial scale processes.

LARGE QUANTITIES DIFFER

While such laboratory equipment as experimental mills, recording dough mixers, fermentation cabinets and electric ovens are essential to research in milling and baking, some of the processes must be repeated on a commercial scale because of difference in reactions when larger quantities of flour and dough are involved.

Fermentation reactions included in what the housewife calls "rising" do not always duplicate in commercial quantities of dough their behavior in doughs handled with experimental equipment. The small loaf sizes necessary in experimental operations to allow testing of large numbers of wheat samples in a given time do not permit tests of some things

(Continued on last page)

FUTURE NAVAL, MARINE FLIERS MAY TRAIN HERE

Veterans Service Office says naval scholarship holders may come here

As many as 50 future Naval and Marine Corps fliers may train at Kansas State next fall according to the Veterans Service Office. They would be under the new Naval Aviation College program which allows selected candidates to attend the college of their choice for as much as four years.

This program is part of the Naval plan to supplement its Annapolis trained officer corps with other officers of equal ability and training. The new law under which this is allowable, Public Law 729, authorized a total enrollment of 14,000 men as Midshipmen, Naval Reserve Officer Training Corps and the Naval Aviation College Program. Several thousand of these will enroll for the fall term in 1947. They may enroll in any accredited college or university.

As Kansas State has no Naval R. O. T. C., the only group represented here will be those attending on N. A. C. P. scholarships. However, the Service Office, which will handle their records, expects a sizeable group of these to select Kansas State.

Candidates are selected from applicants between 17 and 19½ years of age. They must have passed rigid mental and physical examinations comparable to those given for an Annapolis appointment. During their period in college their tuition and books plus \$50 per month will be paid them.

COMPLETING LAST OF 336 UNITS FOR VETERANS AND THEIR FAMILIES

Inability to get scarce material has delayed housing projects

By the end of this week 12 additional apartments for married veterans and their families at Kansas State will be ready for occupancy which brings to 40 the number of apartment units completed during the past two weeks.

The units are in converted army barracks on the Elliot tract near the northwest corner of the campus. The 36 apartments are a part of 168 units in the Elliot tract. If present schedules are maintained, occupancy of the entire tract will be possible by the first week in April.

IT'S THE LAST GROUP

This group will be the last to be finished for three groups of housing units which total 336 units. Goodnow Park consists of 48 units, Hilltop Courts, 120 units, and the Elliot tract, 168 units.

Inability to get such scarce items as drains and strainers for the kitchen sinks, certain electrical fixtures and transformers for electric current has delayed work on the units, according to Hal McCord, housing coordinator. However, most of these items have been on order for several months.

The manufacturers, when a supply of the essential goods has been available, have had difficulty in securing packing and crating materials and in cases where these supplies have been obtainable, box car space for transportation has not been available.

VETERANS MAKE THE GRADES

Although their living accommodations were not, and will not be palatial College student veterans were not floored by first semester's studies, according to figures released by A. Thornton Edwards, veterans' service officer at the College.

Only 187 or less than 4.5 percent withdrew from classes during the four month period of the fall term, Edwards reported. Of the 3,811 veterans attending College under the G. I. Bill (Public Law 346) only 178 left school before the end of the semester. Two hundred and ninety-one of the 300 veterans enrolled under the rehabilitation act (Public Law 16) which includes all individuals with 10 percent or more disability, remained at their books.

Figures released by College officials reveal that 4.2 percent of non-veteran students fell by the wayside during the fall semester. Only .03 percent more veterans dropped their studies during the first term of 1946-47 than non-veterans.

KANSAS POWER COMPANIES SPONSOR RURAL ELECTRIFICATION RESEARCH

A new position providing for a research engineer assigned fulltime to rural electrification studies has been created in the College Engineering Experiment Station under five annual \$10,000 grants by Kansas electric power companies, it has been announced by the President's office.

Ralph Lipper, who was graduated from the College in agricultural engineering in 1941 has been appointed to the new position of research engineer. He was rural service engineer for a Kansas public utility company before his entry into the armed forces.

The new position is part of a program of the Kansas Committee on the Relation of Electricity to Agriculture. The work is to be carried on through the laboratory facilities of the College agricultural engineering department. Kansas electric power companies have provided a grant of \$10,000 a year for five years to carry on the work. The grant was made by members of the Committee on the Relation of Electricity to Agriculture.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. LASHBROOK, Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris, Assistant Editors
KENNEY FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in instalments. Membership in alumni association included.

LOW SALARIES

Now we hear that the University of Missouri salary budget for next year has been tentatively cut nearly \$300,000 by the House appropriations committee of the Legislature. This is \$650,000 below what the university asked. Lewis Wallace, the committee chairman, must have been thinking about something else when that one got by.

Of one thing, the appropriations committee can be certain. It is in no danger of appropriating too much for the university teachers. At the University of Missouri as well as many other state universities and small colleges the teaching salary scale is atrocious. The committee would be nearer right if it criticized the administration for not asking more than it did.

In this part of the country university and college teachers generally are among the lowest paid for the requirements of all salaried people. Public school teachers are getting their salaries raised by a national campaign. College teachers take what they can get in a dignified manner.

Nowadays most men who rise in university faculties have earned Ph. D. degrees. They are expected to carry research on the side and to contribute to scholarly publications. They are expected to be persons of consequence who carry some weight in the local community and in their chosen fields nationally.

Public schools have managed to survive on low salary schedules by relying principally on women teachers. University faculties must be made up largely of men, many of them with families to support.

The low salary universities and colleges are paying the price of the neglect. Private industry is raiding their faculties as never before. Men who would be glad to teach for any kind of decent salaries are forced to accept much larger offers to support their families. Given any kind of a fair break most of them would refuse more glamorous offers. University of Missouri salaries are better than some schools in this area, but are low by every other measure.

The progressive universities are grabbing some of the most promising teachers from the slowly dying schools. States with less wealth than Missouri are paying teachers enough to live decently. There never has been such competition for university teachers as you can see since GI students jammed the campuses. And the competition has only started.

We have only the highest respect for a good dairy route man. But we raise one point. As long as a man can make as good a living on a Kansas City milk route, where is the financial inducement to spend many years getting a Ph. D. degree and otherwise preparing himself for a faculty career? We assume our Republican Legislature believes in the free enterprise system and financial inducements.

As a coldly practical proposition, a low salary policy will wreck the University of Missouri. It must be able to meet the competition.—Kansas City Star.

If education for leisure is to succeed there must be more and better facilities for handcraft, dramatics, music, reading and the rest. They must be brought into neighborhoods where people live.—Clarence E. Sherman.

WHAT THEY SAY

"It was good to hear from you, especially concerning a cause so worthwhile as a chapel dedicated to the men of Kansas State College of World War II. I pledge my heartiest cooperation in this matter."—Harry R. Richmond, Rabbi, Temple Emanuel-El, 258 North Fountain Avenue, Wichita.

Harry Felten, Ervil S. Fry and Don Whan, chapel campaign chairmen in the San Francisco Bay area in a letter to all alumni and former students of the Bay area: "We understand the Los Angeles group is responsible for a substantial part of the amount already received. Except for those who want to give extra large amounts it has been suggested that \$5 for each year we have been out of school will do the job. We are anxiously awaiting news from you. We want to catch and pass Los Angeles in a hurry."

"There is no doubt but that the all-faith chapel is the most fitting memorial that could be erected at Kansas State College."—Sumner County Committee.

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

The Kansas Senate passed an appropriation bill for \$450,000 for a new science building for the College.

Attendance at Engineers' Open House was 6,000 in spite of stormy weather during the week-end.

Thomas Elmer Will, president of Kansas State from 1897 to 1899, died at his son's home in Belle Glade, Fla., according to word received by Dr. J. T. Willard, college historian.

Plans were being made by the Board of Student Publications to award students gold keys for outstanding work on the Collegian and Royal Purple.

Jeannette Stearns and Jean Boyle were elected president and secretary of Orchesis, national dancing sorority.

TWENTY YEARS AGO

Van Zile Hall girls won first prize of \$15 in the annual Aggie Orpheum with a Russian skit entitled, "Russianisky."

Men of Alpha Tau Omega won the intramural swimming meet.

A scarlet fever epidemic on the campus was reported decreasing by Dr. C. M. Seiver, college physician.

Two new curricula for students were approved at a faculty meeting. They were the four-year course in agricultural administration leading to the bachelor of science degree and the six-year course in general science and veterinary medicine which awarded both the bachelor of science and the doctor of veterinary medicine degrees.

THIRTY YEARS AGO

A men's class in cookery was being started. The boys were to study cooking, serving of meals, marketing, the care of food and the "fine art of washing dishes."

Miss Mary Dakin of Ashland won first place in the Royal Purple Beauty

4-H CAMP RECEIVES \$6,000 BOOST FROM KANSAS STOCKMEN AT AUCTION

Rock Springs Ranch, the state 4-H club camp, got a \$6,001.56 boost from Kansas stockmen at their thirty-fourth annual convention held last week in Wichita. Lady Tredway 56th, purebred Hereford heifer donated to the camp by J. J. "Jerry" Moxley, Dunlap, prominent Hereford breeder, and for 20 years extension livestock specialist at the College, sold and resold at the auction for a total of \$4,300. A registered Hampshire gilt, given by Joe O'Bryan, Hiattville, was sold three times for a total of \$1,125.

Personal contributions by attending stockmen, via the passing cigar box brought in the additional \$576.56. Fred Heine, Lucas, newly elected president of the Kansas association, gave a check for \$100.

Bidding on the nine-months old heifer started at \$500, and kept going strong until the Kansas Gas and Electric Company, Wichita, finally offered \$2,500. Murray Gill, the Wichita manager for the company, then gave the calf back to the auctioneer and bidding started again, this time at \$1,100. From there the bids raised quickly to \$1,800 where it finally was sold to Charles C. Theis, Grove Ranch, Englewood.

The 40-pound gilt sold first to the Henry and Swift Commission Company, Kansas City, for \$325, whose representative, Art Walton, turned it back. E. B. Shawver, Wichita oil man and Hereford rancher, paid \$500 on the second sale, then donated the porker back for a third sale. R. M. Owthwaite, manager of John Morrell and Company, Topeka, paid top price for the third sale \$300, and then donated the gilt directly to Rock Springs Ranch.

Following the auction, two announcements were made that carried the auction idea forward for the 1948 livestock convention. James Tomson, Wakarusa Shorthorn breeder, pledged a Shorthorn heifer, and Herb J. Barr, Leoti, a Palomino colt, for auction at next year's convention, the proceeds to go to the state 4-H camp.

contest. Second place went to Merle Beeman of Topeka; third, Ann Walker, Dalhart, Texas; fourth, Margaret Hale, Lebanon; fifth, Helen Blank, Emporia; and sixth, Fayne Bondurant, Ness City.

FORTY YEARS AGO

In the last basketball game of the season, the sophomore boys won over the juniors 34-14.

The pump in the pumping station filled up with quicksand and refused to work, forcing the College to use the municipal water supply.

Arrangements were being made to start excavation for a pond southwest of Kedzie Hall.

FIFTY YEARS AGO

Fifteen pounds of candy made in cooking classes was sold to the students by the domestic science department.

Easter lilies were in bloom at the greenhouses and ripe tomatoes were being sold from the hotbeds.

Room rent for students was from \$1 to \$3.50 a month in private homes.

SIXTY YEARS AGO

More than 50,000 farms were

opened to Kansans for homestead in the three years preceding 1887, according to a filler item.

Hundreds of trees were being planted on the College lawns.

The thirty members of the cooking class entertained the men in the second year agriculture class at dinner. Gifts were presented to Mrs. Kedzie, instructor of the cooking class, and Mr. Shelton, agricultural instructor.

SEVENTY YEARS AGO

The people of Manhattan were "agitating the question of voting bonds for the erection of a new city school building."

Because of the busy spring farm season, several men students were "compelled to exchange their studies for the plow handle and the grain drill."

The College baseball club defeated the Manhattan town club by a score of 32-14.

TALKS ON PHILIPPINE AGRICULTURE BY DEAN CALL STIR WIDE INTEREST

Wide interest is being shown in the discussion of Philippine agriculture by Dean L. E. Call of the College.

Since returning in December after a 6-months' study of agricultural conditions in the Philippines, Mr. Call has spoken on the subject at various meetings including the Farm and Home Conference in Coffeyville, at Agricultural Week at Kansas State College, and the Farm and Home Conference in Lincoln, Nebr.

"All of us—business men, industrialists, farm folk—have much at stake in the Philippines. We have a friendly ally who has much that we can use and we have much that the Islands need," says Dean Call.

In his illustrated lecture he points out the political implications of our relationship with the Philippines as well as giving an interesting picture of the agriculture and the people there.

Mr. Call, upon retiring in July as dean of the School of Agriculture and director of the Kansas Agricultural Experiment Station, went to the Philippines as chairman of a U. S. agricultural mission. He is now dean emeritus at the College.

COLLEGE TELEVISION STATION WILL OPERATE THIS SPRING

Studio, control room located in basement of Illustrations building

Television will soon come to Kansas State. Station WOXB will begin test operations this spring and regular broadcasts will follow in about 10 months. The project has been under way for about two years with Assoc. Prof. K. H. Martin and Instr. Kenneth Hewson of the electrical engineering department setting up the equipment.

Both the studio and the control room will be set up in the basement of the Illustrations building and the transmitting tower will be set up on the tower east of the building. Student participation will be independent of Station KSAC, but as yet no definite arrangements have been made for scheduling daily broadcasts.

The new station will have a reception radius of about 15 miles, the horizontal line of sight. It will operate on frequency channel number 1.

Kansas State first began experimental television in 1933 but reproduction at that time was limited. Only the head and shoulders of the individual could be reproduced and these were about the size of a postage stamp.

Receives Commendation

Capt. Carlyle Woelfer, 1941 milling industry graduate, has been awarded the Army commendation ribbon for his work as company commander of Co. A, 16th Infantry, a part of Gen. Mark W. Clark's United States Forces in Austria. He was commissioned in July, 1941, and went overseas in December, 1944. He wears the silver star with oak leaf cluster, the purple heart, the European theater ribbon and the combat infantryman badge.

Returns After Year's Absence

Mrs. Leone Kell, '23, has returned to Kansas State after a year's leave of absence. During the year she attended Stanford University and Colorado University. Mrs. Kell is now acting head of the Department of Child Welfare and Euthenics at the College.

KANSAS POETRY

Robert Conover, Editor

Smiling Tears

So much you hear
Of hate and greed and sorrow
That I would hide my tears
Like rain in lilac clusters,
And give you fragrance
For tomorrow.

Rachel L. Hinden
Kansas City, Missouri

Sunflowers

By H. W. Davis

CURTAIN LINE

For too long a time I cherished a silly hope that Congress might someday get around to passing a law requiring the licensing, and maybe the extermination, of alarmists. But I have quit. I am 99 per centum convinced that professional viewers-with-alarm have us in the bag. My investigations show that if somebody were to pop up and run for president on the Alarmist ticket he would poll not less than 43,000,000 votes.

Lately I have taken time off to Gallup-poll the papers and the fellows who scare you breathless over radio to get you to listen the whole fifteen minutes. Their consensus is that within five years England will be just another island to point to, the U. S. A. will be in atomic war with Russia and all her Balkan satellites, South America will be the scene of a battle royal, India will stage a religious war that will curl all the hair you have left, China will be broken up into 755 separate and distinct bandit states, Greece and Turkey will be no more, the Arctic zone will be a parade-ground for rockets and pilotless planes, and the Pacific ocean, plus all lands adjacent thereto except San Quentin, will have passed under the control of secret Communist agents trying out patents bought from Uncle Sam for three dollars a dozen.

But that is not the worst. The professionals have got the laymen and laywomen doing it. Very few people expect to be, by that time, anything more substantial than vapor floating around in interstellar space—too far away to view the grand finale of homo sapiens. We are not even going to get any fun out of it.

I don't know. Maybe it is just as well that Congress doesn't try to do something about the yard-wide-and-a-foot-thick pessimism running rampant. It might become an issue in the '48 campaign, which already promises to be the silliest ever.

My private opinion is that we ought to make a stupendous spectacle out of the last few days of the human race. If we have to let go, let's chuck the whole national debt in the pot and have a really big time—the way Nero would have done if he had waited until the twentieth century to land here. That Nero boy was quite a lad—when he saw that Rome was a goner, he just got out his fiddle and made a party of it.

When we quit, let's give the rats and the lizards something to gabble about for the next ten million years.

WINDCHARGERS SUBJECT OF COLLEGE MEN'S PAMPHLET

Research on wind electric plants by Kloeffler and Sitz

"Electric Energy from Winds" is the subject and title of a bulletin just released by the Kansas State College Engineering Experiment Station.

Authors of the booklet are Prof. R. G. Kloeffler, head of the electrical engineering department, and E. L. Sitz, associate professor of electrical engineering. Research on electric wind plants is summarized in the bulletin, which provides detailed analysis of data on wind power at Dodge City, Wichita, Topeka and Concordia. The material is presented to determine whether or not electric energy from wind power is economical or suitable at those locations, which were chosen as representing conditions throughout the state.

Development of propeller blades which will operate most efficiently is discussed. The bulletin includes full-scale cross sections of two airfoil sections which are among the best for wind propeller operation.

Kansans may obtain the bulletin without cost from the Kansas State College Engineering Experiment Station, Manhattan.

LOOKING AROUND

KENNEY L. FORD

The mid-year meeting of the Portland, Ore., KSC Alumni Association was held at the Chamber of Commerce building in Portland February 1. Dr. Charles Howard, '22, president of the chapter, reported an offering of \$25 was collected for the all-faith memorial chapel and chime tower.

"While this is not large it will help out—we trust," Dr. Howard wrote. "We had 57 plates served including all the children and in-laws."

Mildred (Pence) Hoód, '23, was elected president and James West, '12, was named vice-president of the Portland chapter. Mrs. Bertha (Anderson) Barnard, '18, was re-elected secretary-treasurer.

Ivy (Fuller) Olds, '13, represented the College at the inauguration of Thomas Elsa Jones as president of Earlham College, Richmond, Ind., November 23. Mrs. Olds' address is 35

Delaware Court, 1015 N. Delaware Street, Indianapolis, Ind.

Everett J. Weeks, '26, was the KSC representative at the inauguration of Albert Ray Olpin as president of the University of Utah October 15 and 16. "I enjoyed very much visiting with the delegates from the various schools and organizations and again wish to thank you for the opportunity of attending as a delegate for Kansas State College," Mr. Weeks wrote to President Milton Eisenhower.

J. A. Munro, MS '25, represented the College at the inauguration of Dr. John H. Longwell as the new president of the North Dakota Agricultural College. Other former Kansas State College folk attending were Mr. and Mrs. F. W. Christensen, Miss Florence P. Day, Mr. and Mrs. William Promersberger, Mr. and Mrs. O. A. Stevens, Mr. and Mrs. Robert B. Rathbone, Mr. and Mrs. Glenn Smith, all members of the NDAC faculty.

AMONG THE ALUMNI

The address of Frances Odell (Wilson) Elliott, '08, is Harper. She gives her occupation as "housewife."

Mary (Dodd) Jenkins, HE '15, is living at Hollister, Mo., where her husband operates the Jenkins Feed Mill.

The address of Coleman W. McCampbell, Ag '19, is 238 Madison Avenue, New York 16, N. Y. His occupation is advertising with the Robins Publishing Company, New York.

Albert C. Bux, CE '20, is living at 2865 Newport Avenue, Omaha, Nebr. He is a civil engineer. Mr. Bux served as a major in the Army during World War II.

J. D. Jarmon, DVM '21, writes from Jamaica, N. Y.: "I am still working for the marketing service as an inspector of meats. I enjoy my work here in New York City. Am married and own my own home."

Lawrence F. Whearty, CE '22, is with the Bureau of Reclamation in Denver. He is in the program control office, branch of design and construction.

Dale Allen, Ag E '22 and Ag '41, is living on route four, Arkansas City. He is a fieldman for the Arkansas City Co-Op Milk Association.

Charles H. Cloud, GS '23, is in the insurance and real estate business at Winfield.

The address of Kathleen (Knittle) Schmitt, GS '23, is National Girl Scouts Headquarters, 155 E. 44th Street, New York 17, N. Y. She is assistant personnel manager at the National Girl Scouts Headquarters.

Lawrence W. Hartel, MS '24, is with the department of physics, Joplin Junior College, Joplin, Mo., as a teacher.

John Calvin Riddell, CE '24, is on active duty with the corps of Army engineers as a major. His address is 1804 Dodge Street, Omaha, Nebr.

Lt. Col. Elmer W. Young, DVM '25, and Ethel (Wood) Young, f s '23, are living at Fort Benjamin Harrison, Ind. Colonel Young is in the regular army.

The address of C. B. Wisecup, GS '26 and MS '28, and Jeanie (Rankin) Wisecup, f. s., is 104 S. Adams, Tyler, Texas.

Lionel C. Holm, Ag '26, and Hypatia (Wilcox) Holm, HE '27, are living at 4837 Twenty-Eighth Street South, Arlington, Va. Mr. Holm, who served in the army as a major, is assistant chief of the budget division for the production and marketing administration.

Harold M. Weddle, CE '27, and Esther (Bales) Weddle, HE '28, are living at 6050 W. 51st Street, Chicago 38, Ill. Mr. Weddle is plant manager of the Chicago branch plant of Dewey and Almy Chemical Company.

The address of Ernest R. Sieffkin, EE '27, is 623 N. Tenth Street, Burbank, Calif. He is an electrical engineer with Lockheed Aircraft.

John H. Shenk, I Chem '29, is a physical chemist with the naval ordnance test station at Inyokern, Calif. Mrs. Shenk is the former Ayleen Hartzell, GS '31. Mr. and Mrs. Shenk have two children, Carolyn and Sheldon.

James W. Pratt, Com '30, gives his address as Chicago Regional Office, Army Exchange Service, 650 S. Clark Street, Chicago, Ill. Mr. Pratt was discharged from the army December 27. He is staying with the army as a civilian. He is an auditor.

Thomas Marion (Mickey) Evans, PE '30, has been appointed assistant professor in the health and physical education department of the college of education, Drake University, Des Moines, Iowa. Mr. Evans, who went to Drake from Oklahoma A. and M. College at Stillwater, was a letterman for three years in football and baseball at Kansas State. Mr. Evans and Mrs. Evans, the former Leota Shields, HE '43 and MS '44, are living in a Boomtown apartment in the Drake faculty section at Fort Des Moines.

George S. Brookover, Ag '31, is living at Monroe, Wis. He is head buyer for Oscar Mayer and Company.

Elmer H. Thom, EE '31, and Bernice (Weygandt) Thom, HE '31, write from 717 E. Whitmer Street, Decatur, Ill.: "We want to send a bit of news about the arrival of our son, Warren Ray, on September 5, 1946.

Our other children are Reva, 8, Wayne, 3½, and Marilyn, 2. We moved to Decatur in July when the signal depot was moved from Chicago to the plant here."

The address for Jack E. Going, f s '32, and Jane (Stone) Going, f s '33, is 8395 Mulberry, Ottawa. Mr. Going is with the Ottawa Coca-Cola Bottling Company.

Mildred K. McBride, HE '33, is living at 621 Brummell, Evanston, Ill. She is working at Sears household equipment testing laboratory.

Rhoda Austin, MS '33, is teaching at Nebraska State Teachers College, Wayne, Nebr.

John Orville Miller, Ag '34, and Madeline (Anderson) Miller, Music Ed '40, are living at 120 W. Seventh Street, Topeka. Mr. Miller is agricultural commissioner of the Topeka Chamber of Commerce.

Joseph S. Adams, Ag '34, and Mrs. Adams are living at 2380 E. Mistletoe, Stockton, Calif. He is with the Southern Pacific railroad.

Kenneth E. Sadler, DVM '35, has a general practice at Wagner, S. D.

Stanley T. Merrill, EE '35, and Geraldine (Grass) Merrill, Com '33, are living at 10475 Niblic Drive, St. Louis 14, Mo. Mr. Merrill is a lighting specialist with the Westinghouse Electric Company.

Robert Francis Adams, CE '36, and Dorothy (Raburn) Adams, GS '31 and '32, are living at 1327 Humboldt, Denver 6, Colo. Mr. Adams is with the U. S. bureau of reclamation materials laboratory as a materials engineer.

Dorr J. Hinman, ME '36, and Magdalene (Wenger) Hinman, HE '36, and three children, Clinton, 9, Arlan, 7, and Lita, 5, are living at 19192 Strassburg, Detroit, Mich. Mr. Hinman is a process development engineer for the U. S. Rubber Company.

Sigrid (Sjogren) Pishny, GS '37, is living at Waterville.

Maj. William H. Dieterich, Ag '37 and DVM '39, is military government veterinarian for Korea. His address is P. H. and W., Hq. USAMGIK, APO 235, San Francisco.

Roland B. Eling, Ag '38, is county agent for the Franklin County Farm Bureau. His address is 830 S. Mulberry, Ottawa.

Kenneth E. Johnson, Com '38, is assistant cashier of the Kansas State Bank, Wichita. His home address is 429 Edison Court.

E. C. Pieplow, IJ '39, is radio program director for radio station KABR, Aberdeen, S. D.

Otto E. Wenger, Ag '39, is working with sales of agricultural insecticides for the Sherwin-Williams Company. His business address is 1520 Grand Avenue, Kansas City, Mo. His home address is Basehor.

George E. Powell, BA '40, is a captain with the 82nd Airborne Division, Fort Bragg, N. C.

Lester J. Hoffman, Ag '40, and Lucile (Spring) Hoffman, f s '40, are living at 2206 E. Thirteenth Street, Cheyenne, Wyo. Mr. Hoffman is an agricultural statistician with the bureau of agricultural economics, Cheyenne.

Ralph R. Robinson, f s, and Mina Fay (Tillman) Robinson, HE '41, are living at Emmett.

Lt. Ruth P. Ramsay, HE '41, is a dietitian at the station hospital, Fort Riley.

Richard (Dick) Merryfield, Ag '42, is a soil conservationist at Seneca. He served overseas with the engineering section of the Third Army.

Gordon L. Griffith, GS '43, and Nelda (Worcester) Griffith, f s, are living at 507 E. Springfield, Champaign, Ill. Mr. Griffith is a graduate assistant in the physics department of the University of Illinois. Mr. and Mrs. Griffith have two children, Michele Ann and Michael.

Myron J. Foveaux, ChE '44, and Johanna (Folck) Foveaux, f s, are living at 913 Leavenworth, Manhattan. Mr. Foveaux is a graduate school student at the College.

Vann Hess, CE '47, and Julia (Alderman) Hess, HE '41, are living at 69 Rolla Gardens, Rolla, Mo. Mr. Hess is an instructor in civil engineering at the School of Mines, Rolla, Mo.

COLLEGE FRIENDS CONTRIBUTE MORE TO ALL-FAITH CHAPEL FUND

Gifts are received from alumni throughout the United States

Additional names of new contributors to the fund for the all-faith memorial chapel and chime tower to be constructed at the College have been announced by Dr. W. E. Grimes, secretary-treasurer of the Endowment Association.

Recent contributors: Franklin A. Adams, 910 S. Santa Fe, Salina; Mrs. B. M. Anderson, 3520 Redondo Boulevard, Los Angeles, Calif.; A. K. Bader, 1306 Highland, Salina; H. D. Banta, Oberlin; Mr. and Mrs. Wallace Benson, Clay Center; Arthur R. Brodline, 1300 E. Iron, Salina.

Bartos B. Brown, Oberlin; Mrs. Ruth Clark Cabler, NATTC NAS, Olathe; Miss Jean Chen, Foochow, China; D. C. Clarke, Box 26, Plainville; R. W. Collister, Fredonia.

William R. Essick, 1507 Stratford, Lawrence; Dr. J. W. Fields, Box 472, McPherson; E. F. Fitzgerald, Colby; Reed C. Fleury, Scott City; Maxine Wiggins Forline, 417 N. Second, Independence.

Albert Frahm, Colby; Earl W. Frost, 235 E. 72nd Terrace, Kansas City, Mo.; Mrs. Genevieve Geiger, Fredonia; J. C. Geiger, Fredonia; Virginia Lee Green, 1859 N. 31st, Kansas City, Kan.; Mrs. Virginia Deal Grosser, 733 S. Santa Fe, Salina.

Mrs. Bernice Gibson, 1815 Fifth, Clay Center; J. M. Gilliland, Leon; C. A. Hollis, Fredonia; Rose T. Hopper, 8415 S. Halldale Avenue, Los Angeles, Calif.

Sam Hedrick, Baldwin; Ida Hildibrand, 312 S. Main, McPherson; George S. Holland, 3709 Franklin Avenue, Des Moines, Iowa; Mrs. Alvin Johnson, Kanona; Mrs. Daisy H. Jontz, Abilene; Ruth M. Kellogg, Lilacstead, Wilton, Conn.; E. F. Kubin, 731 E. Euclid, McPherson; Mr. and Mrs. C. H. Kennison, 909 Park Street, Salina; Donald W. Kortman, 4934 Hazel Avenue, Philadelphia 43, Pa.

Mr. and Mrs. G. B. Kappelman, 137½ E. Tenth, Concordia; Harley E. Lucas, c/o Wilson & Co., Salina; Lavina Leibengood, Box 15, Newton; Mr. and Mrs. M. J. Lucas, 525 W. Street Charles Road, Lombard, Ill.; David O. Manley, Norton.

Neil McCormick, 10375 Seneca, Wichita; A. Sidney McIntire, 1803 N. E. 36th Avenue, Portland 13, Ore.; Mrs. Clara G. McNulty, 712 S. First, Stockton; C. N. Naylor, Box 157, Concordia; Emma Scott Nelson, 433 E. Elizabeth, McPherson.

Oscar W. Norby, 1001 S. Maple, McPherson; Mrs. Max A. Noble, 111 S. Dellrose, Wichita; Mr. and Mrs. Marvin C. Odgers, Kinsley; Mrs. H. F. O'Donnell, 309 N. Quentin, Wichita; Dean Orr, Oberlin; J. Henry Payne, 518 S. Phillips, Salina; Portland, Oregon, KSC Chapter, c/o C. W. Howard, 2209 N. E. Weidler, Portland 12, Ore.

MARRIAGES

COCHRAN-SEIBERLING

Ruth Cochran, HE '40, became the bride of George Seiberling of Chillicothe, Mo., December 29. She had been home demonstration agent in Andrew County, Mo., for several years.

FRABLE-BURSON

Frank Burson, Ag '34 and MS '43, supervisor of the feed, seed and fertilizer department of Consumers Cooperative Association, Kansas City, Mo., and Meva Frable, his secretary, were married in Topeka December 17.

KNOP-PARRIS

Patricia Knop became the bride of Fred M. Parris, IJ '42, December 30. The Rt. Rev. Msgr. A. J. Luckey officiated at the ceremony at Seven Dolores Catholic Church, Manhattan. Mr. and Mrs. Parris left immediately after the wedding for a short trip. Before her marriage, Mrs. Parris was assistant to the director of student personnel at the College. Mr. Parris is an instructor in journalism at the College and director of sports publicity at Kansas State.

LISK-MILLER

Eva Lisk, HE '33 and MS '38, was married November 28 to Lynn T. Miller. Mrs. Miller was associate professor in the department of household sciences at Oklahoma A. and M., Stillwater, Okla., the past 8½ years. Mr. Miller is head of the electrical branch

of the Army Air Corps technical school at Kessler Field, Biloxi, Miss. The Millers are living at 540 Hopkins Boulevard, Biloxi, Miss.

JENKINS-BARNETT

Evelyn Ruth Jenkins, f. s. '40, and Edward S. Barnett were married February 23 at the First Methodist church in Manhattan. The Rev. Herbert Cockerill read the double ring service. Mrs. Barnett is a graduate nurse and for the past two years she has been an instructor in nursing art and director of student health at Bethany hospital, Kansas City. Mr. Barnett is a graduate of the University of Kansas journalism department and is currently a member of the staff of the Kansas City Kansas newspaper. The couple is at home at 250 N. Fifteenth, Kansas City, Kan. Mrs. Barnett is the daughter of Mr. and Mrs. John C. Jenkins of Manhattan. Mr. Jenkins is a member of the printing department at the College.

BIRTHS

Frank W. Howard Jr., Ag '41, and Mrs. Howard of Oakley announce the birth of a daughter, Carolyn Ruth, December 3. Their son, Frank III, is three years old.

Dr. George W. Cochran, Ag '41 and MS '42, and Mrs. Cochran announce the birth of a daughter, Beverly Lois, January 18 at Princeton, N. J. Dr. Cochran recently completed work on his doctorate in plant pathology at Cornell University and is now employed as a research assistant at the Rockefeller Medical Institute at Princeton. The Cochrans also have a 17-month-old daughter, Patricia Elaine.

DEATHS

WESTGATE

Porter E. Westgate, f. s., died January 17 near Lloydminster, Sask., Canada. He had homesteaded in Canada in 1910. Four sons and five daughters survive. Funeral services were held at Lloydminster.

FIELDING

Word has been received of the death February 5 of Lathrop W. Fielding, EE '05, at San Diego, Calif. He was one of the leading business men in Manhattan 10 years ago before moving to California. He was in the feed and grain business. Survivors include the widow, Crete (Spencer) Fielding, DS '05, and a brother, George T. Fielding, EE '03, of Stamford, Conn.

JONES

Thomas L. Jones, '96, died January 21 in Los Angeles where he was in the piano business. He is survived by his widow; one daughter, Mrs. Don Ray, San Diego, Calif.; one stepdaughter, Mrs. Ed Titus, Los Angeles; one brother, J. A. Jones, San Diego; and three sisters, Esther (Jones) Miller, f. s., San Diego; Edna Mary Jones, Los Angeles; and Marion (Jones) Pincomb, '96.

CHAPEL CHIMES

H. O. DENDURENT

We welcome a new chairman into the chime-ringer family. Charles W. Stewart has accepted the job of chairman of the campaign in Jefferson County. Mr. Stewart will be assisted by Russell Klotz and other alumni in the county. They have sent out letters to alumni and former students at Oskaloosa, Meriden, Perry, Valley Falls, Winchester and other parts of the county. We have some fine alumni living in Jefferson county and Charley and the gang will do a bang-up job.

C. E. Friend and Mrs. George Hedrick, our chime-ringers in Lawrence, have just about finished with their campaign and are now in the "mopping up" stage. A good response was received in Douglas county due to hard work on the part of Mr. Friend, Mrs. Hedrick and co-workers. They used personal solicitation in the county.

Another new chime-ringer is Howard Wildman, who has accepted the chairmanship of the chapel campaign in Johnson County. Howard plans to send out letters and leaflets to all alumni and former students in the county and follow up with a personal solicitation, if necessary. Howard will have the help of Tommy Hall, county agent, so far as mimeographing, etc., is concerned. There are about 100 alumni in Edgerton, Merriam, Olathe, Overland Park and other parts of the county.

The campaign in Kansas City hasn't reached the "full speed ahead" stage yet but Mike Ptacek, Pete Wellington and other leaders in the big town hope to work out plans soon for a lively campaign in the city and county.

Recently we visited three lively chairmen for our chapel campaign. First we talked to Clarence Fulton of Harper, who was keeping busy with his diversified farming program four miles west of town. He has a good list of graduates to contact and hoped to do this before the end of winter. The general campaign in Harper county is expected to get under way soon.

In El Dorado and Butler County, Clifford W. Stone, the banker who is our chairman, has supervised a good campaign for raising chapel funds. Butler County plans to purchase two single windows in the chapel. Mr. Stone hopes to enlist the aid of college students when they return to El Dorado next spring after the close of this semester. It's a good idea! College students, the very persons who will benefit from the chapel, will put enthusiasm and pep into a chapel campaign. Maybe some other chairmen also can figure out a way to use KSC students in the active campaign. One college student recently went home and raised \$334. Collegians can be good workers.

COUNT ME IN!

I'LL BE A K-STATE CHIME-RINGER!

Treasurer

Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel and chime tower in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

Just mail this coupon with your contribution today. Kansas State needs your support.

OUR GOAL: EVERY ALUMNUS AND FORMER STUDENT A CHIME-RINGER!

McCrary, Francis Get Enthusiastic Welcomes

SHAWNEE COUNTY ALUMNI HONOR NEW DIRECTOR, COACH IN TOPEKA

Governor, state legislature members and board of regents attend

Nearly 350 Kansas State alumni of Shawnee County plus Gov. Frank Carlson, members of the state legislature and board of regents welcomed and honored Thurlo McCrary, new director of athletics, and Sam Francis, new head football coach, in Topeka March 10.

Sharing the spotlight with McCrary and Francis was President Eisenhower who keynoted the theme of the dinner meeting with his speech, "We are on our way."

The College president mentioned the recent Big Six conference meeting in Kansas City and told alumni that "Kansas State College is ready to go along with any set of athletic standards—whether they be strictly amateur, a little bit professional, or a little bit more professional—that can be agreed upon and enforced by all the schools of the Big Six conference."

Both McCrary and Francis stressed their desire to kindle a "will to win" among alumni and students of the College as well as in the athletic teams themselves.

The two new key men in the Wildcat athletic department were well received by the Shawnee County alumni who welcomed them enthusiastically. As one Topeka newspaperman wrote, "If Thurlo McCrary and Sam Francis please all the Kansas State alumni as well as they did the Shawnee county alumni in Topeka you can look for the Wildcats to be on the road to recovery."

McCrary and Francis have been kept busy during their first month at Kansas State with speech-making. Alumni groups, business men, college organizations, Kansas high schools and civic groups are finding that the newcomers are willing speakers who are eager to spread the word that Kansas State athletic teams are going to be "fighting teams."

COLLEGE GETS \$1,600 GRANT FOR FROZEN FOODS RESEARCH

Money given by Refrigeration Research Foundation, Inc.

A grant of \$1,600 has been received by the College from the Refrigeration Research Foundation, Inc., of Berkeley, Calif., for research in frozen foods, announced Dean R. I. Throckmorton, director of the agricultural experiment station.

The funds will be used to continue a research project begun a year ago. The research is on the effect of temperatures of storage on frozen pork. The project is being carried on by the Department of Home Economics (Foods) of the Agricultural Experiment Station in cooperation with the animal husbandry and chemistry departments.

Dr. Gladys Vail, professor and head of the food economics and nutrition department, is in charge of research.

NEW ZEALANDER TO STUDY FOR MASTER'S DEGREE HERE

Honor Pledger to do work in institutional management

Miss Honor Pledger of New Zealand enrolled at Kansas State this spring semester for graduate work in the Department of Institutional Management. Miss Pledger has been connected with the Johannesburg, South Africa, University, as dietitian for several years.

She will take work here leading to the master's degree, majoring with Mrs. Bessie B. West. Miss Pledger arrived in New York City January 30 aboard the S. S. African Star. She spent a few days in New York with Miss Sina Faye Fowler, formerly a member of the Institutional Management Department staff here at the College, and who is now at the Marine Hospital, Staten Island, N. Y.

There are at least three veterans' families on the campus numbering four children each. Twelve families have three children each and 107 families have two children each.

"There you are, Mac, take over," Frank Myers, left, seems to be saying to Thurlo McCrary, new director of athletics at Kansas State who is getting acquainted with his new duties. McCrary, kept busy with speaking tours which include many appearances before alumni and supporters of Kansas State, is proving popular with all audiences. Myers, business manager of Wildcat athletics, has served as assistant to two previous directors of athletics at the College.

TWELVE MILLING FIRMS FINANCE NEW BAKING PLANT AT COLLEGE

(Continued from page one)

commercially important such as toast-making and keeping qualities.

Milling companies contributing to the fund that has now reached \$12,000 include American Flours, Incorporated; Commander-Larabee Milling Company; General Mills, Incorporated; Kansas Milling Company; Midland Flour Milling Company; Moore-Lowry Flour Mills Company; New Era Milling Company; Pillsbury Mills, Incorporated; Rodney Milling Company; Shellabarger Mills and Elevator Company; Standard Milling Company; and William Kelly Milling Company.

OFFERS ONLY MILLING DEGREE
Though Kansas State is the only institution in the United States offering a college degree in milling, the department here is forced to limit its enrollment to 90 students because of limited staff and equipment. Additional equipment in the department will separate student training from research, as well, obtaining greater efficiency in both.

The number of experimental mills on which students receive their first milling experience in the department needs to be doubled. Dr. John A. Shellenberger, head of the milling department, asserted. New analytical laboratory equipment must be added if research work is to be separated from student work, and extensive modernization of the 130-sack commercial in the department is badly needed, he said.

"We will train just as many men in milling as our facilities and budget permit," Dr. Shellenberger emphasized. He explained that much of the work in milling is essentially laboratory training, making the amount of available equipment an important factor. "It is possible to do laboratory work with one man doing an experiment and several others looking on, but that is not the kind of training we want to give at Kansas State College," he explained. "We want each person to handle the equipment and actually perform each experiment."

Attend Conference

Dr. M. D. Woolf, director of student personnel at the College, and Paul Torrance, psychology instructor, attended the annual conference of guidance professors of the Big Six Colleges at Nebraska University.

College Bull Is Champion

Advance K. Tone 4732486, Hereford bull owned and exhibited by the College at the Kansas Hereford Association Show and Sale in Hutchinson, was winner of the Reserve Championship. This bull also placed first in the senior bull calf class and was sold for \$800 in the sale following the show. The animal was fitted and shown by George Crenshaw, the college beef cattle herdsman.

ENGINEER SAYS ELECTRICITY ON THIRD OF KANSAS FARMS

Power now used for many farm tasks saving work and health

One third of Kansas farms now enjoy some of the benefits of electricity, according to R. S. Knight, College Extension agricultural engineer.

"More and more Kansas farmers are hooking up with the highline power system," he said. "They are using electrical energy for bench grinders, post drills, table saws, planers and sanders, grain blowers, grain elevators, air compressors and for grinding feed, filling silos and sawing wood.

"The cost of using large electric motors is surprisingly low," Knight said. "All rates are set on a sliding scale and the additional electric servants put to work do not raise the electricity bill as much as would be expected. The saving in back breaking work and family health is unmeasurable."

RELATIVES GIVE FUNDS IN HONOR OF WINNES, STEWARTS

Money will buy two pews with cushions in chapel

Memorials will be established in the all-faith chapel at the College for Mr. and Mrs. Jacob Winne and Mr. and Mrs. Albert A. Stewart, early-day residents of Manhattan.

The memorials—two pews with cushions in the main chapel—will be purchased at a total cost of \$400 by Walter Winne Stewart, Princeton, N. J.; Stella Stewart, Mendham, N. J.; Mabel Stewart, 701 N. W. 29th Street, Oklahoma City, Okla.; and Albert W. Stewart, 28 W. 11th Street, New York, N. Y.

Albert A. Stewart was the first teacher of printing at Kansas State College. He printed the first copy of The Industrialist. Jacob Winne, who settled in Kansas in 1859, was the stone mason who built Anderson Hall, College administration building.

ALVAH McLAUGHLIN WINS \$300 BORDEN SCHOLARSHIP AWARD

Kansas City man has highest grades in veterinary medicine

Alvah R. McLaughlin, Jr., 219 W. Seventy-Fourth Street, Kansas City, Mo., has been named winner of the \$300 scholarship award made at the College by the Borden Company Foundation, Inc., for high scholarship in the first three years in the professional curriculum in veterinary medicine.

McLaughlin, who was granted his doctor's degree in veterinary medicine last month, had the highest grade point index in the courses of the veterinary curriculum of the 66 members of his class. He was given a certificate signed by the president of the Borden company, the president of the College and Dean R. R. Dykstra of the School of Veterinary Medicine.

STALEY PITTS, '38, NAMED LINE COACH FOR FOOTBALL TEAM

Norvall Neve, Hutchinson high mentor, appointed backfield aide

Norvall Neve, Hutchinson High School coach, and Staley Pitts, line coach of South Dakota State, have been named varsity football assistants to Sam Francis, head coach, it was announced by Thurlo McCrary, director of athletics at the College. The appointments are subject to the approval of the State Board of Regents.

Neve will serve as backfield coach, Pitts is line coach.

L. C. (Lud) Fiser was renamed head freshman football coach, a position he held last season.

All appointments become effective immediately.

PITTS, FORMER KSC STAR

Pitts, a former Kansas State football star, played guard 1936, '37, and '38 seasons. During the past two years he has been line coach at South Dakota State at Brookings, S. D., where he assisted Thurlo McCrary, now the Wildcat athletics head. He had served one other year as line coach at South Dakota State prior to entering the navy's physical training program in 1942. He was released from service in September 1945 after seeing action at Anzio and in the invasion of France.

Before going to South Dakota State, Pitts was line coach at Newton High School in 1940 and mentored all sports at Ransom High School in 1939. While at Kansas State, Pitts received all-Kansas and all Big Six rating for his play at the guard position and was mentioned for all-American honors. He captained the Wildcat team his senior year. He averaged playing 55 minutes of each game.

Pitts is 32, married and has two children age 5 and 3. He has been serving as acting director of athletics at South Dakota State since McCrary's move to Kansas State.

NEVE COACHED MANY CHAMPS

Norvall Neve, winner of two conference football championships of the Ark Valley during a five-year period as coach at Hutchinson High School, comes to Kansas State as one of the most successful high school mentors in Kansas. He won second place two other years at Hutchinson. Before building winners at Hutchinson, he won two football championships in three years at Wellington and developed topflight teams at Kinsley and Ford including two championships at the latter school.

Neve starred at Fort Hays State in three sports and was graduated from that school in 1935. He has three daughters aged 13, 4 and nine months.

Fiser, present head baseball coach and last season's freshman football coach, tutored the 1945 Kansas State varsity and is well-known throughout the state for outstanding coaching records at Manhattan and Atchison High Schools.

Pitts started work at Kansas State Tuesday. Neve will report March 24, the first day of spring practice at the Wildcat school.

Of 4,127 veterans attending Kansas State College, 1,508 of them are married. The 547 veterans who have families have 691 children.

FOOTBALL CANDIDATES PLEASED WITH COACH'S STYLE OF PLAY

Spring practice starting Monday will feature single wing system

Spring football practice will get underway at the College next Monday, March 24, Sam Francis, new head football coach and former all-American fullback, told his squad at its first official meeting this week.

Emphasizing that he intends to put a spirited club on the gridiron next fall, Francis told his men that everybody who "knows he can play football" has a definite chance to make the K-State varsity. The new coach has urged every man in school to report for spring practice.

TO USE SINGLE WING

The new mentor who has learned the T, single wing and double wing formations under master teachers George Halas, Jock Sutherland and Dana X. Bible, said he would introduce the single wing to Kansas State this next season using the Sutherland-Bible system with a few of his own ideas gained from professional football added.

Kansas State players, eager to work under the new Wildcat head coach, were pleased at Francis' decision to use the single wing next fall.

"That system should be good," said Halfback Mike Zeleznak from Kansas City, Kan. "Sam has played under some good coaches and his professional experience should provide some new tricks for us."

CANDIDATES LIMBER UP

Although the official spring practice is not scheduled to begin until next Monday, Francis asked his grid candidates to start getting into condition immediately so spring drills may proceed more rapidly. Many of the candidates checked out gym equipment and footballs and went to work this week limbering up and preparing for the drills to come.

There are 28 lettermen from last season's team still in school plus several returned veterans out of the service the past few months. The K winners from last season are: Centers—John Conley, El Dorado; Bob Palmer, Topeka; Royce Pence, Manhattan; Art Trojovskiy, Horton. Guards—Bob Berry, Dodge City; LeRoy Dawson, San Diego; Bob Fancher, Great Bend; David Schirmer, Holton. Tackles—Verne Converse, Eskridge; Clarence Heath, Leoti; Edgar McNeil, Effingham; Richard Noyce, Salina. Ends—Dick Bogue, Wichita; Don Hite, Arkansas City; Larry King, Minneapolis; Rollin Prather, Eureka; Jack Sharp, El Dorado; Mike Vargon, Kansas City, Kan. Backs—Darrell Bartley, Horton; Harold Bryan, Neodesha; George Crim, Port Arthur, Texas; Ted Grimes, Manhattan; Vic Jones, Pretty Prairie; Harmon Lesco, Neodesha; Harry Merriam, Marysville; Grover Nutt, Waverly; Jim Stehley, Phillipsburg; Mike Zeleznak, Kansas City, Kan.

K. S. C. PATENTED DEHYDRATED SPUDS SOON TO BE PRODUCED BY BRITISH

Operating under Kansas State College potato dehydration patents, Great Britain will soon be producing dehydrated potatoes on a large scale, according to Prof. F. A. Rohrman, head of the chemical engineering department.

This has been largely through the efforts of the British trust that secured the patents for the machinery and the process from the College Research Foundation.

Experimental data and machinery design work is being carried out by the chemical engineering department. A member of the department has been invited to spend the summer in England, Scotland and Ireland to assist the British in setting up dehydration plants.

Highly palatable as well as nutritious food can be prepared from dehydrated potatoes, according to Professor Rohrman. The dehydration process involves cooking the potatoes for 30 minutes, then freezing them. Next they are thawed and the water removed by a press or by centrifugal force. In the final process they are dried into a granular form. The secret of the formula is the freezing process. The juices, which cause the bad taste characteristic of potatoes prepared by the previous method, can be removed upon thawing, Professor Rohrman said.

Not only does dehydration offer an economical method of storing and shipping but the product is easily prepared for consumption.

NEW TRANSMISSION PLANT BOOSTS KSAC POWER TO 5,000 WATTS

Construction to begin within two weeks on animal husbandry farm

"Service to the four corners of Kansas" is the goal set by officials of the College radio station, KSAC, in announcing that construction of a new and modern, 5,000 watt transmission plant will begin within two weeks.

Architect's plans for the new building and the transmitter equipment have been approved in the office of the state architect in Topeka.

Great increases in power and range are to be the chief advantages of the station, which will be erected on College property on the animal husbandry farm, two miles north of its present location on the top floor of Nichols Gymnasium.

"The potential listening audience," said Dean H. Umberger, director of the College extension service, "will be increased to include more than 5,000,000 persons. With the old equipment now in use, the total number of potential listeners is limited to about 1,300,000."

It is anticipated that the building will be completed and the new equipment installed in order to begin broadcasts by this July.

"When this equipment is installed, Kansas State will have one of the newest and most modern transmitters to be found in any educational institution in the country," said Bernard P. Holbert, chief engineer for the station.

The building itself is to be of the modern "stream-lined" style, with rounded corners, and mammoth black letters "KSAC" spread across the front. Directly behind the station will be the new 436 foot single aerial tower.

"Some idea of the size of this tower may be had if you have ever seen the towers now in use by the station. The new tower will lack only a few feet of being three times the height of the present towers," according to the chief engineer.

The actual broadcasting and recording studios will have remodeled and enlarged quarters in their present location. Completion of the transmitter building is expected to relieve the congestion at the studios, he said. The transmitters now in use will be moved to the new building for standby use in case of emergency.

The present schedule of educational type programs will, at least for the time being, remain unchanged.

DR. AND MRS. J. T. WILLARD HONOR THEIR PARENTS IN GIFT

Stained glass window in small chapel is given

Dr. and Mrs. Julius T. Willard, Manhattan, will contribute \$750 to the all-faith chapel fund at the College to establish a memorial to their parents, pioneer Kansas residents.

The memorial will be in the form of a single stained glass window in the nave of the small meditation chapel which will be a wing of the proposed main chapel project.

Dr. Willard's parents, Mr. and Mrs. Julius F. Willard, settled in Wabunsee County and the parents of Mrs. Willard, Mr. and Mrs. Charles C. Gardiner, settled south of Topeka near Wakarusa.

With the exception of one year as a graduate student at Johns Hopkins University, Dr. Willard has been on the faculty of Kansas State College since he was graduated in 1883. He was dean of the School of Arts and Sciences from 1909 to 1930 and now is college historian.

Mrs. Willard was a senior student at Kansas State College in 1884 and since that time has participated in many projects in the interest of the College. She organized the Faculty Mothers' Club at the College.

Veterans at Kansas State College receive more than \$300,000 in subsistence payments monthly.

PEW GIVEN IN MEMORY OF LT. JOHN FEATHERINGILL

Agriculture graduate in 1941 was killed in 1943

Mrs. Clara J. Featheringill, Independence, Kan., has contributed \$200 to the all-faith chapel fund to establish a memorial to her son, Lt. John Philip Featheringill, who died in World War II.

The memorial will be a pew in the main chapel. A naval aviator, Lieutenant Featheringill was graduated in agriculture at Kansas State in 1941 and was killed in action in the Atlantic area May 12, 1943.

LIST OF CONTRIBUTORS TO MEMORIAL CHAPEL GROWS LONGER EACH WEEK

The names of additional contributors to the fund for the World War II all-faith memorial chapel and chime tower have been compiled by Dr. W. E. Grimes, secretary-treasurer of the Kansas State College Endowment Association:

Mrs. Wilma I. Hildebrecht and Mrs. Mildred Hotchkiss, both of 800 Fremont, Manhattan; Allen G. Hotchkiss, 1571 Dean Street, Schenectady, N. Y.; Mrs. Hester E. Higgins, Seneca; Martha J. Hadley, Columbia, Mo.; Mrs. Patricia Collard Hathaway, 207 Third Avenue, Leavenworth; Mrs. Venita G. Higgins, 517 Eleanor, San Antonio, Texas; Mrs. Jim Hurd, Nickerson; Mabel A. Howard, 1907 Escarpa Drive, Eagle Rock, Calif.; Lester T. Hagadorn, Salina; Nora Newell Hatch, 834 N. Street, Hastings, Nebr.; W. Carlton Hall, Coffeyville; L. F. Hall, KSC; Sam R. Heller, Abilene.

Heman L. Ibsen, KSC; E. L. Jenkins, 5014 Hamilton Street, Omaha; Mrs. Jean B. Joseph, Potwin; Mr. and Mrs. Richard E. Johnson, Geneseo; J. F. Johnson Grain Company, Scott City; Mr. and Mrs. A. R. Jones, Manhattan; C. A. Jones, 8029 Manor Road, Kansas City 5, Mo.

Mr. and Mrs. Frank B. Kessler, Hays; Milton C. Kohrs, Little River; Howard Keel, Abilene; Amy B. Laybourn, 608 North Emporia, El Dorado; Dr. Russell A. Leeper, 4303 Ingersoll, Des Moines, Iowa; Lucille Logan, Lyons.

Daisy H. Matthew, Concordia; Darrell E. Moll, 9944 213th Street, Queens Village 9, L. I., N. Y.; Herbert D. Michael, 406 South Homan, Chicago; Midland Evangelical and Reformed Church, Sterling; A. J. Mack, KSC; Mrs. Margaret Ahlborn Montgomery, 819 Ninth Avenue, Des Moines, Iowa; M. C. Moggie, KSC; Arthur H. Montford, Route 2, Hutchinson.

Mrs. L. D. Olander, Little River; Betty O'Neal, KSC; Mr. and Mrs. Russell H. Oliver, 4045 Center, Des Moines, Iowa; Victor and Susan D. Oman, Leonardville.

Fred L. Parrish and W. F. Pickett, both of KSC; Albert A. Pease, Coffeyville; Miss Edna Perry, Little River; V. Eugene Payer, El Dorado; Peggy J. Proffitt, Colorado Springs; Mr. and Mrs. Ray Pollom, Manhattan; R. E. Palty, KSC; Vera Peterson, McPherson.

Iraida Ronda, Cabo Rojo, Porto Rico; John R. Romig, Box 52, Baden Station 15, Mo.; J. W. Ruf, Arkansas City; Mrs. Marguerite D. Ruggles, 285 San Anselmo Avenue, San Francisco, Calif.; B. S. Ruddick, Manhattan Motors, Manhattan; N. W. Rockey, KSC; Joe E. Robertson, Brownstown, Ind.; Mr. and Mrs. Ivan Robertson, 201 West Tenth, Abilene.

L. M. Sloan, Garden City; Mrs. Caroline A. Smith, 618 Fremont, Manhattan; B. L. Smits, KSC; Mr. and Mrs. G. W. Salisbury, 312 North Sixteenth, Manhattan; Mrs. Mac Short, 1605 Valley View Road, Glendale 2, Calif.; Sam Saroff, Manhattan; Anna M. Sturmer, and A. B. Sageser, both of KSC; Dale S. Snider, Abilene; C. S. Smith, El Dorado; Sossland Brothers, Kansas City, Mo.

Louis Thode, Sterling; Mrs. Mary E. Thornbrough, Lakin; Frank A. Unruh, Haddam; Theodore R. Varney, Manhattan; Valley Homemakers

(Continued on last page)

APRIL 28-29 ARE DATES OF FFA, VOCATIONAL AG CONTESTS HERE

800 boys and instructors expected to visit campus

Approximately 800 boys and their vocational agriculture instructors will come to the Kansas State campus April 28-29 for the twenty-fourth annual state high school vocational agriculture judging and farm contest and the nineteenth annual convention of the Kansas Association of Future Farmers of America.

In vocational agriculture, judging activities will be confined to poultry, crops, dairy husbandry and animal husbandry. In charge of the poultry contests will be Prof. L. F. Payne; crops, Prof. H. E. Myers; dairy husbandry, Prof. F. W. Atkeson; animal husbandry, Prof. A. D. Weber.

The farm mechanics contests are classified as follows: sharpening tools, Prof. C. J. Riggs in charge; farm power, Prof. G. H. Larsen; soil conservation, Prof. R. H. Dubois; concrete, Prof. F. C. Fenton; welding, arc and oxy-acetylene, C. J. Riggs; farm machinery, R. H. Dubois; farm carpentry, H. L. Kugler.

Approximately 100 schools are expected to send teams to these contests, which are under the direction of Prof. L. F. Payne. Last year a total of 129 teams were entered in the judging and farm mechanics contests.

The FFA convention program will include the election of Chapter Farmer members to the State Farmer degree; meetings of the House of Delegates; election of state officers for 1947-48; a state public speaking contest; and the better chapter contest.

According to A. P. Davidson, executive adviser of the Kansas FFA Association, 103 applications for the State Farmer degree have been received in the state office. Principal factors in evaluating candidates for this highly coveted degree are a sound farming program, broad leadership experience, and good scholarship. Only two percent of the membership of a state organization can be elected to the State Farmer degree.

Winding up the convention and two days of judging will be the annual banquet prepared and served by the Manhattan Chamber of Commerce.

Descendants of one Thackrey family fill their share of enrollments at Kansas State in past 70 years

The family name of "Thackrey" has been a familiar one at Kansas State College for 70 years.

John E. Thackrey, '93, Hutchinson, recently compiled records showing 27 descendants of Samuel and Eleanor Thackrey have graduated at Kansas State. In addition, 14 persons who have married into the Thackrey family are graduates of the College.

"Besides the 27 who have graduated at least 16 other direct descendants have attended Kansas State and some of these are high in achievements," Mr. Thackrey said.

"While the family got its start and inspiration at Kansas State at least 26 more of the family have graduated at other colleges so that there are now at least 67 college graduates in the family."

Mr. Thackrey said so far as attendance of descendants at Kansas State is concerned the end is not yet in sight. "It began in 1877 or 1878 and is still going on," he reported. "There are at least two there this year."

Mr. Thackrey is author of a recent pamphlet, "A Kansas Crop," which traces the family from the time of Samuel and Eleanor Thackrey in 1861.

Of the graduates in the family many are housewives, 13 are farmers or ranchmen; several have been teachers, city, county and state officials; 16 are engineers; four are professors in colleges; several have been

PRESIDENT EISENHOWER AT UNESCO MEETINGS IN EAST

Conference for plans by which American people can help program

President Milton S. Eisenhower is in Philadelphia where he is chairman of the first national conference on the United Nations Educational, Scientific and Cultural Organization.

The conference was arranged by the National Commission for UNESCO, of which President Eisenhower is chairman. It will attempt to work out plans by which the American people can take part in UNESCO's program.

Before the UNESCO meeting, he went to Washington to attend a conference of the President's Commission on Higher Education.

COLLEGE LIBRARY NEARLY DEPENDENT UPON ALUMNI OR OTHER GIFT FUNDS

Donations from the alumni gift fund and similar sources account for the only books added to the shelves of the Kansas State College library since last June 7 according to Librarian William Baehr. No funds are available from the College budget appropriated two years ago.

"One of the most immediately helpful ways for alumni to help the college is through contributions to the book fund," said Baehr. He cited book fund contributions as a way of giving live, prompt service, more useful to the student than statutory and paintings.

The operating budget, appropriated before the increased enrollment, must cover expenses of periodicals, yearbooks, annuals, books proper, and such expenses as freight, repair and equipment.

Library cards alone cost \$300 a year, asserted Baehr. Phone service, repairs and postage must be paid out of the operating budget.

The library must keep functioning and buying periodicals which can not be replaced later, asserted the librarian. Books are hit directly by this because new books are not vitally essential to keeping the library going.

Many departments of the College can not yet offer doctors' degrees because of the lack of library resources, asserted Baehr. He mentioned the cost, paid by the student, of borrowing books from other libraries in Kansas. It sometimes costs \$1.30 to borrow only one issue of a current magazine.

THEME FOR HOSPITALITY DAYS IS "WORLD CENTERS IN HOME"

Home ec school sponsors 17th annual open house on April 17, 18, 19

The 17th annual Hospitality Days sponsored by the School of Home Economics is scheduled for April 17, 18 and 19. The theme of the open house this year will be "The World Centers in the Home." On this theme are based the exhibits and program for high school girls, home economics students, faculty members and other visitors.

A formal reception for home economics students and faculty, April 17, is the official beginning of the open house. At this event the outstanding students in home economics and members elected to honorary organizations will be announced. Also, graduating students who are joining the American Home Economics Association will be recognized. Previously this has been a separate program, but it is now to be combined with the recognition reception.

A renewed feature of Hospitality Days is a contest which will be held in connection with the Saturday program for high school students. Three girls from each school may enter this written objective contest which will cover material taught in high school home economics.

Individual prizes will be awarded to the three students who have the highest score. The school that has the highest average score of the three girls who participate will receive a prize also.

On Friday the day's events are planned for college students, townspeople and others who wish to attend. The activities on Saturday are for visiting high school students and teachers. The annual Hospitality Hop on Saturday night will climax the open house activities.

The steering committee general chairman is Betty Jo McCaustland. Working with the chairman is Mildred Hall, assistant. Miss Margaret Raffington, assistant professor in the Department of Child Welfare and Euthenics, is the general faculty adviser for Hospitality Days.

Attendance is expected to be larger than last year and it is estimated that there will be more than 1,000 visitors attending Hospitality Days open house this spring.

INFLUENZA EPIDEMIC ENDS, COLLEGE ACTIVITIES RESUMED

Hospital care to 65, more ill at home during peak

An outbreak of influenza which threatened to reach epidemic proportions hit the Kansas State College campus early this month, bringing a ban on student functions involving a substantial number of persons. As an additional precautionary measure, the Student Health Service immunized 5,500 students, faculty members and College workers.

At the height of the emergency, 65 students were in the College hospital and annex, normally equipped to accommodate 25, and many were ill in their homes.

According to Dr. Robert R. Snook, head of the Student Health Service, the influenza treated here was of a mild type and only a few of the approximately 200 cases were seriously ill.

A sharp decline in the number of influenza cases last week brought about the lifting of the ban on activities. Since only a few influenza patients have reported to the dispensary this week, the hospital annex has been turned back to the men who occupied it previously.

Elect Roy Freeland

Roy Freeland of Topeka has been elected president of the Kansas State College alumni chapter of the Kansas Livestock Association. Gene Watson, also of Topeka, has been elected secretary. The men were graduated in 1937 and 1941 respectively.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. LASHBROOK, Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris, Assistant Editors
KENNEY FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

BOOKS

Porcine Dictatorship

"Animal Farm". By George Orwell. Harcourt, Brace and Company. New York. 1946. \$1.75.

The use of animals or of imaginary beings as characters in books and plays satirizing human institutions and activities is an old and often effective device. Jonathan Swift, who died in 1745, used Lilliputians in his "Gulliver's Travels". In his satire on French bureaucracy, Anatole France used penguins. In their great play, "The World We Live In", the Brothers Capek made devastating use of insects. In "Animal Farm", George Orwell uses a variety of animals, both wild and domesticated, that made their home on an English farm.

The farm was operated by one Jones, who was not particularly popular with some of the leading spirits among the farm animals. Incited originally by an old boar named Major and led by a young one named Napoleon, the farm animals staged a revolt, ejected Jones, set up their own government and took over the management of the farm, with Napoleon in the key position.

Beginning with the usual new dictator's pious protestations of championship of the common man, freedom and democracy, Napoleon and his inner circle promptly develop the other symptoms of dictatorship. They change the "party line" abruptly and often to suit the supposed expediency of the moment. They punish those who differ from them. They flatter while they enslave their subjects in the professed interest of the state. They amend their constitution capriciously. They adopt more and more of the practices against which they originally revolted. Their chief reliance is in the short memories and the cupidity of their subjects.

Representing the long memory and a common sense tinged with a cynical resignation is Benjamin, the donkey. Benjamin doesn't say much. He "goes along". But now and then he remarks cryptically that donkeys live a long time. There is nothing adolescent about Benjamin.

This interesting little book is first of all a satire on the widespread sophomoric political delusions of our time; delusions which are not limited to our time but which have recurred repeatedly in the past million years. Specifically it is a satire on what in Russia is mislabeled communism and on its not quite identical twin, nazism.

Notable features of the story are its simplicity of style and diction and the author's marked but not maudlin sympathy for animals. The story closes on a note of pathos and pessimism. The dictator's subjects have learned that their leaders, Napoleon and five other pigs, have made peace with the former enemies, the neighboring human farmers, and that the six pigs and six farmers are celebrating the peace in a drunken orgy which has developed into a quarrel. The subjects approach the house of celebration: "Twelve voices were shouting in anger, and they were all alike. No question, now, what had happened to the faces of the pigs. The creatures outside looked from pig to man, and from man to pig, and from pig to man again; but already it was impossible to say which was which."—F. D. Farrell.

WHAT THEY SAY

"All good wishes to this worthy undertaking on the part of my alma mater—the chapel."—Donald E. Kortman, BA '44, 4934 Hazel Avenue, Philadelphia 43, Pa.

"This is a wonderful way to build a memorial to the boys."—Maxine (Wiggins) Forline, 417 North Second, Independence.

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Fifty-one students were granted degrees at the end of the first semester.

Editor Jack McClung and Business Manager Clif Henderson named 22 students to the staff of the 1937 Royal Purple.

Sigma Delta Chi's efforts to put Dale Shroff of Concordia into office as mayor of Manhattan were futile when age qualification tripped the candidate.

Again Sigma Delta Chi—their invitation to Governor Walter A. Huxman to attend their Branding Iron Banquet was contained in an egg. By surgery at the College poultry farm, the invitation enclosed in a cork was substituted for the yolk of an egg not yet laid. When the Governor opened the egg, he found, "Be a good egg and come." He came.

TWENTY YEARS AGO

Comment heard at a basketball game, "What a dinky little place to seat this crowd. Why, even out at Salina we can seat a bigger crowd at a basketball game than in this gym." Note—Nichols Gymnasium is still in use for 6,200 students.

A crowd of 2,000 attended the recital given by the Denishawn dancers at the College.

Prof. R. G. Kloeffer was appointed temporary head of the electrical engineering department to succeed C. E. Reid, deceased.

Vesta Duckwall of Great Bend won first prize in an advertising contest conducted by the department of journalism. Other winners were Glen Ankeny, Manhattan; and Newton Cross, Manhattan. The contest was sponsored by the Kansas Power and Light Company.

THIRTY YEARS AGO

"We have a great deal of respect for a man who can read a life insurance policy and not go crazy," says the Sunflowers column.

Twenty-five students from the journalism department edited the

noon edition of the Topeka State Journal. They were accompanied to Topeka by N. A. Crawford, head of the department.

The music department maintained an orchestra of 40 pieces, a choral society of 300 voices and glee clubs for men and women.

Miss Blanche French of Hamilton and Miss Luella Schaumburg of La-Crosse were studying agriculture at the College. Their future plans included purchasing their own farms.

FORTY YEARS AGO

Senior student Henry Brinkman received notice that his designs had been accepted by the Emporia school board for the Meynard school building.

The veterinary hospital was crowded with sick animals including many brought from distances. There were horses in the hospital from Keats, Riley, Winkler, Washington county and Flush.

FIFTY YEARS AGO

Letters of inquiry about work in domestic economy had been received from Texas, Arkansas and Nevada.

St. Patrick's Day was observed by the students "wearing of the green."

Third-year men all purchased canes with the year of their graduation engraved on them. The canes were for "Sunday wear with suits."

SIXTY YEARS AGO

The wheat crop in Kansas could give every occupant of the United States a peck of wheat each year, according to a filler item.

Prairie schooners were a frequent sight on the streets of Lyons, said an exchange item. "Immense hardly expresses the size of immigration to our borders," said the item.

Twenty cases of measles were reported at the College.

SEVENTY YEARS AGO

"Many of our readers have doubtless watched with keen interest and no little perplexity the chaotic accounts with which the press of the day is filled concerning the newly-discovered Telephone, which promises to work so radical a revolution in our method of transmitting messages," says an editorial. "We cannot do otherwise than concede to the instrument a rank among the most promising inventions of our age and country."

Wishing everyone a pleasant spring and summer, the Industrialist closed publication until the fall term.

Truth has never been, can never be, contained in any one creed or system.—Mary Augusta Ward

LOOKING AROUND

KENNEY L. FORD

Several interesting letters have been received. Mrs. John C. Dart writes from Lima, Peru:

"Please discontinue sending THE INDUSTRIALIST to our address here in Peru. Send it to John C. Dart, f. s. '42, c/o St. Louis College of Mortuary Science, St. Louis, Mo.

"John and I and Susan, six-months-old, plan to return to the States on March 10. We have been living here in Lima, Peru, since October, 1943. John is working for Pan American-Grace Airways.

"THE INDUSTRIALIST is a month or six weeks coming but when we receive it both of us always enjoy reading it."

Mary Weeks, HE '46, home service director, Oklahoma Natural Gas Company, Okmulgee, Okla., writes: "Please accept my check for \$15 as the first payment on my life membership in the KSC Alumni Association. I always look forward to receiving THE INDUSTRIALIST every week. It seems like such a nice way to keep in contact with your old college friends."

A note from Orris Nipper, DVM '46: "I am sorry that I was tardy with the remittance of my '47 dues. Please find enclosed a check for \$3. Even though I am several miles away and can't get back very often, I still have that same good feeling toward KSC. I was elected president of the Arkansas Veterinary Medical Association February 13. If you ever have an alumni meeting in Arkansas please let me know in advance." Dr. Nipper lives at Magnolia, Ark.

Two former K-State faculty members, Dr. Frederick L. Hisaw and Dr. Lemuel R. Cleveland, now are professors on the zoology staff of Harvard University. Dr. J. E. Ackert and Dr. E. H. Herrick, both of KSC, visited the offices and research laboratories of the two Harvard professors while attending the recent Boston meeting of the American Association for the Advancement of Science.

The K-State men brought news of other former associates and students:

John Ayers, MS '36, is with the Oceanographic Institute, Woods Hole, Mass., identifying small marine animals for the Navy.

Paul B. Sawin, MS '25, is associate professor of biology at Brown University, Providence, R. I.

Benjamin R. Coonfield, MS '27, is a zoologist at the Brooklyn Branch of the City College of New York.

Roger White, BS '40, is a student in the Harvard School of Medicine.

Ray L. Smith, EE '24, was requested by President Milton Eisenhower of KSC to represent Kansas State at the inauguration of William Vermillion Houston as president of Rice Institute, Houston, Texas, on April 10. Mr. Smith, in accepting the job, wrote to President Eisenhower: "I feel I am being accorded a distinct honor in being asked to represent my Alma Mater at the inauguration. It will be impossible for me to attend the entire program but I will be present at the inauguration ceremony and also at the dinner at the Rice Hotel."

HOME ECONOMICS ALUMNI-FACULTY WELL REPRESENTED AT MEETING

Kansas State was represented at the annual meeting of the Kansas Home Economics Association at Wichita March 20-22.

Alpha Latzke, HE '19, head of the department of clothing and textiles at the College, was chairman of the program committee.

Speakers included Katherine Alderman, '19, president of the American Home Economics Association; and Julia Kiene, f. s. '13, director of the Westinghouse Home Economics Institute.

Dr. Gladys Vail, head of the department of food economics and nutrition at the College, led a symposium on "New Ideas in the Field of Foods." Gwendolyn Tinklin, HE '40, instructor, Jean Hite, HE '45, and Charlyene Deck, HE '38, graduate assistants, participated in the discussions. Gertrude Allen, MS '36, specialist in foods and nutrition, Kansas Extension Service, was a commentator. Elma Ibsen, HE '21 and MS '25, Manhattan, discussed "The Consumer Speaks Program."

College faculty members who attended the council meeting included Dean Margaret Justin, DS '09, state counsellor; Mrs. Lucile Rust, MS '25; Dr. Vail; Miss Latzke; Mrs. Coral Aldous and Margaret Raffington, HE '24.

The annual meeting of Kansas Home Economics Clubs for Colleges was held March 21-22 in connection with the association meetings.

JOURNALISM STUDENTS WRITE CAMPUS NEWS BROADCASTS

Classes give show four days a week over KSAC

A regularly scheduled morning program of campus news from the College is being broadcast over station KSAC by students of two classes in radio news writing conducted by Fred M. Parris, journalism instructor.

The work is planned to afford practice in gathering, writing, editing and presenting news over the air under conditions similar to those in commercial broadcasting. Each student will read scripts written by other students. The work is a part of a two-hour course offered by the Department of Industrial Journalism and Printing.

The broadcasting schedule is as follows: Monday, 10:15-10:25 a. m.; Tuesday, 9:55-10:00 a. m.; Wednesday, 9:45-9:50 a. m.; Thursday, not scheduled; and Friday, 10:15-10:25 a. m.

JAP PRISON VICTIM HONORED BY PEW IN ALL-FAITH CHAPEL

Two funds given in memory of Capt. George S. Wiggins

Mrs. Maxine (Wiggins) Forline, Independence, has contributed \$200 to the all-faith chapel fund to establish a memorial to her late husband, Capt. George S. Wiggins, who died in a Japanese prison camp February 9, 1945.

The memorial, which is being established by Mrs. Forline and her two children, Larry and Joan, will be in the form of a pew in the chapel.

A graduate of the College in 1932, Captain Wiggins was a football and basketball star.

Ray McMillin of Junction City has started a fund for another George S. Wiggins memorial in the chapel. McMillin, who was a teammate of Wiggins, has contacted other teammates and friends of Wiggins for the funds.

Nock Writes Editorials

Dr. S. A. Nock, director of admissions at the College, has written two editorials, "Old Wine in New Bottles" and "A Time to Remember," appearing in the January issue of the Journal of the American Association of Collegiate Registrars. He is an associate editor of the publication. His review of Bergen Evans' "The Natural History of Nonsense" also appears in the January issue.

Professor Wins Award

Dr. Gerald Pickett, professor of applied mechanics at the College, has been awarded the Leonard C. Wason Medal by the American Concrete Institute for his article, "Shrinkage Stresses in Concrete," which was published in the American Concrete Institute Journal for February, 1947. It was termed the most outstanding article of the year.

KANSAS POETRY

Robert Conover, Editor

Sister M

Noiselessly along the twilight corridor she walks,
and like the sigh of some holy voice she passes by—
Almost unreal

Walking chapelward, face and eyes intent,
she treads to her worn rosary's accompaniment—
Swinging softly,

Symbol of prayers before a cross, prayers oft
repeated for men and world cruelly defeated
By their heavy loads;

Prayers before an altar, hidden Host, burning
light; prayers for daytime in life's eternal night
She kneeling prays.

Noiselessly, the chapel left behind,
bringing
renewed life, and faith, and hope to humankind
She comes again.

Her radiant, holy face tells men what she has
seen, that she has bridged the gap again between
Man and eternity.

—Ralph Stutzman
Seneca

Sunflowers

By H. W. Davis

CLOSED SESSION

There has been too much said about the "closed shop" in this rather ambitious America of ours, but far less than enough has been spoken about "closed sessions" in Washington—sessions of the House and Senate, the Cabinet, the President and political leaders, and the sundry committees that spring up overnight and disappear as fogs do.

It seems to be a reasonable request, not a treasonable one, that, if America is going to expose herself to another world war, America should be told—and before a second "Pearl Harbor" transpires.

There is plenty of howling, even in Congress, about it. But the trouble seems to be that even the loudest howlers are the very ones who tear out furiously for the first closed meeting they can get invited to and most willingly become hush-hush before that meeting is halfway through its work in the dark.

Thereafter the business of guessing what is turned over to radio commentators and newspaper editors and columnists who can do nothing other than give the eager public slanted and prejudiced accounts of what probably happened.

The general public, as I know it, was rather thoroughly informed about the non-partisan meeting at the White House two days before the enunciation of the Truman Doctrine and quite thoroughly informed when the President made his speech. But there was a preliminary non-partisan meeting with the President two weeks earlier at which it was definitely decided that the U. S. A. would have to pinch-hit for the U. N. in Greece and Turkey. The public never learned about that one, though most of the news dispensers in Washington were pretty sure of what had happened. But they knew they were not "supposed" to tell, or even guess.

That is only one of many examples, but it illustrates well enough that ours is a government by "closed sessions" and that the public is given no chance to react until the policy has been definitely outlined.

Other nations might be less critical of our "democracy" if our "government" would occasionally tell the public it was considering changing a major policy and would like to know in advance of a final decision what the demos would prefer. If a reaction could be secured in advance, it might be helpful—instead of embarrassing. There is a difference between being a "representative" and a "destiny-fixer."

Father-Son Study Here

A father and son have come from Punjab, India, to study together at Kansas State. They are S. D. Nihjawan, who will study soils and work for his doctorate, and his son O. P. Nihjawan, who will enroll as a freshman in chemical engineering. The elder Nihjawan has been associated with the Punjab department of agriculture.

AMONG THE ALUMNI

Maude (Sayers) DeLand, '89, a retired physician, is living at the Burlington Hotel, Washington, D. C. Dr. DeLand was a member of the staff of the state hospital in Topeka for 19½ years. She left the hospital in October, 1931, and spent two years in Europe. She has been living in the eastern part of the U. S. most of the time since her return. Dr. DeLand writes: "I am 77 years old and no longer in the practice of medicine but I am still interested in the affairs of the world and trying to find out why things happen as they do."

"It's never too late," says Clay Ingman, '97, reporting his marriage to Mrs. Katherine B. Garland of Kansas City, Mo., November 15. Mr. and Mrs. Ingman have purchased a home at 3027 Baltimore, Kansas City, Mo.

A note from A. D. Stoddard, EE '06: "I have recently become vice-president and general manager of the Sooner Well Service Company. However, my address is still the same—Box 269, Duncan, Okla. I read THE INDUSTRIALIST regularly with lots of interest."

John L. MacNair, Ag '19, is a wheat farmer at Jetmore. Mr. and Mrs. MacNair have a son, John, 20 years old. Mr. MacNair is state representative from Hodgeman County.

Clinton D. Guy, Ag '21, is social welfare director of Woodson County. He lives with his family at Yates Center.

The address of Fred H. Dodge, Ag '21, is 917 East Main, Shawnee, Okla.

G. M. Drumm, Ag '21, is head of the dairy department at California State Polytechnic, San Luis Obispo, Calif.

The address of T. J. Foley, DVM '23, is 242 Bryant Street, Buffalo 9, N. Y.

Giles Sullivan, GS '23, is manager of the Sullivan Chevrolet Company, Champaign, Ill. Mr. and Mrs. Sullivan have two children, James, 18, and Jane 15. The Sullivans live at 902 West Church, Champaign. Mr. Sullivan entered the Navy in May, 1943, and served as a commander. He was in the aviation training division and established the experimental laboratories office of research and invention at Long Island for American and foreign scientists.

Ray D. Hahn, Ag '24, is physical education instructor for men, coach of all sports and director of athletics at Bethany College, Lindsborg.

Guy Murray, CE '24, and family are now living in Honolulu, T. H. Mr. Murray was transferred recently to the Ninth Regional Office of the Civil Aeronautics Administration. He is assistant superintendent of airports of Hawaii and the Pacific Islands.

The address of Norris D. Cash, DVM '25, and Annette (Rust) Cash, f. s., is 1614 South Main Street, Santa Ana, Calif. Dr. Cash is a small animal practitioner.

Alda Henning, HE '25, is assistant state leader and home demonstration agent for the experiment station at Lexington, Ky.

A letter from H. G. Rethmeyer, EE '26: "I would appreciate having my address changed to Westinghouse Electric Corp., No. 1 Montgomery Street, San Francisco, Calif. I enjoy getting THE INDUSTRIALIST and since my recent transfer to San Francisco, the boys in Seattle have been forwarding it to me."

Harry R. Wilson, Music '26, is a professor of music education at Teachers' College, Columbia University, New York City.

A note from Oscar K. Dizmang, Ag '27: "I have transferred from the position of district price economist, OPA, to regional economist, Spokane Region, War Assets Administration. Home address remains the same—5411 North Post Street, Spokane 12, Wash. I enjoy news notes about other alumni as well as the rest of THE INDUSTRIALIST."

Paul Maurice Simpson, GS '28, is commandant of cadets at St. John's Military School, Salina. Mr. and Mrs. Simpson have a son, Paul Maurice, one year old.

Hal S. Wilson, RC '29, is assistant to the president of Mississippi Products, Inc., Jackson, Miss.

Wayne McCaslin, GS '29, is an attorney at law at Stockton. He writes

that his sister, Marjorie (McCaslin) Coulter, GS '40, and her husband, Carl John Coulter, IndArts '40, are living at Guymon, Okla.

Arlo L. Steele, EE '30 and MS '33, is a mechanical engineer with Robins and Myers, Inc., Springfield, Ohio. Mr. and Mrs. Steele have four children, Curtis, Laurence, Rodney and Randall. Mr. Steele was in the military service from October, 1940 to July, 1946. The Steeles live at 1259 Cedarview, E. Springfield, Ohio.

Henry W. Gilbert, Ag '31, is an assistant professor of landscape gardening with the extension service at the University of Illinois, Urbana. Mr. and Mrs. Gilbert and daughter, Nancy Jayne, 10, live at 506 West Healey, Champaign, Ill.

The address of Duane H. Daly, Ag '32, is Box 139, Craigmont, Idaho. He is manager of the Madison Lumber and Mill Company, Craigmont.

Elery L. Collins, Ag '32, is owner and manager of a farm equipment company at Chanute.

Ruth (Silkensen) McKean, PE '32, has been promoted from assistant head to head physiotherapist at Huntington Memorial Hospital, Pasadena, Calif.

Ward E. Dale, ME '32 and CE '33, is a civil engineer with the state highway commission. He is engaged in highway construction work.

Loyal L. Rush, DVM '33, is a veterinarian at Amarillo, Texas. His address is Box 1226, Amarillo Veterinary Clinic, Amarillo.

H. K. Hudson, DVM '33, is a meat inspector with the U. S. D. A. His address is 1843 Pembroke Lane, Topeka.

Clifford L. Scott, GS '34, is captain of police with the technical criminalologist training division, San Antonio, Texas, police department. He is in charge of the police radio program, "Your Police Department Reports," over KONO. Mr. and Mrs. Scott and son, John Winfield, live at 114 Brooks Parkway, San Antonio.

Harry W. Grass, Ag '35, assistant cashier of the Farmers and Merchants State Bank in La Crosse, has been named city treasurer by the board of city commissioners.

The address of Ray Warren Call, EE '36, is 920 North Fountain Street, Cape Girardeau, Mo. He is a production engineer for the Missouri Utilities Company.

Elmer Betz, Ag '36, is work unit conservationist for the soil conservation service in Junction City. He and Mrs. Betz and their son live at 240 West Chestnut, Junction City.

Charles E. Baker, Jr., MI '37, is manager of the Co-Op Flour Mills, Auburn, Ind. Mr. and Mrs. Baker have two children.

Max Dickerson, Ag '37, former farm agent in Brown County, is in partnership with Perry Lambert in Hiawatha in the seed, nursery and dairy business.

The address of Hugh B. Campbell, DVM '38, and Rosamond (Claywell) Campbell, HE '40, is Geneva, Ind. Dr. Campbell is a veterinarian in partnership with his father, J. O. R. Campbell, at the Geneva Veterinary Hospital.

Charles H. Olson, Ag '38, is working for the farm loan division of the Travelers Insurance Company out of Minneapolis. His address is Box 261, Minneapolis.

J. Edmond Wolfe, EE '39 and MS '40, is an assistant professor at Kansas State. He is teaching electrical engineering. Mr. Wolfe and his wife, Edna (Heaton) Wolfe, PE '40, and son, John Charles, live at 1016 Bertrand, Manhattan.

Leo M. Hoover, Ag '40, is with the Farm Security Administration as farm supervisor in Harvey and Sedgewick Counties. Mr. and Mrs. Hoover live at 331 East Eighth Street, Newton.

James M. Kendall, IJ '41, is a clerk with the senate committee on agriculture and forestry at Washington, D. C. His address is 200 Massachusetts Avenue, NW, Washington, D. C.

C. Leigh Hines, Ag '42, and Mildred (Major) Hines, HE '42, are living at 122 N. Olivette, McPherson. Mr. Hines is with the soil conservation service.

Robert K. Nelson, DVM '43, is an

CLASS REUNIONS

These classes will have reunions next Commencement:

'42 '27 '12 '97
'37 '22 '07 '92
'32 '17 '02 '87

Saturday, May 31, 1947, will be Alumni Day, and June 1, Commencement. Start planning now, and write to your friends and classmates to meet you at the College for your class reunion next Commencement.

army veterinarian with the rank of captain. His address is Hq. 15th A. F., Colorado Springs, Colo. Mrs. Nelson is the former Winifred A. Soderberg, f. s.

Albert S. Coates Jr., DVM '43, is practicing at Louisburg.

Rufus W. Davis, Ag '44, is a field man for John Hancock Mutual Life Insurance Company. His address is Box 22, Manhattan.

Kenneth C. Carlson, DVM '45, is working with the livestock rehabilitation program of UNRRA. His address is Box 491, Newport News, Va.

Warren Eugene Gladhart, '46, is secretary of the Chamber of Commerce at Paola. His address is Commercial Hotel, Apartment B.

MARRIAGES

AUSTIN—INGMIRE

Mary Austin, f. s., and Cecil Ingmire, DVM '47, were married February 16 at Council Grove.

WEBER—FLETCHER

The marriage of Betty Weber, '46, and Robert Fletcher took place February 8 at the Memorial Christian church in Kansas City. Mrs. Fletcher is a member of Kappa Kappa Gamma sorority. Mr. Fletcher, a member of Delta Tau Delta fraternity, is a sophomore in business administration at the College.

BOYER—BARBER

Arlita R. Boyer, IJ '45, and Robert V. Barber were married in a candlelight ceremony at 5 p. m. January 17. The service was performed by the Rev. B. A. Rogers, assisted by the Rev. J. Ray Wonder. Mrs. Barber is secretary in the College news bureau. Mr. Barber is a junior in electrical engineering at the College. He is president of the Methodist Wesley Foundation.

MAKINS—MINNICK

Mary Jean (Grentner) Makins, IJ '41, and Dr. Charles Vernon Minnick were married January 9 at Our Lady of Perpetual Help parish house in Kansas City, Mo., with the Rev. Edward J. Dockery officiating. Dr. and Mrs. Minnick are living at 435 W. Chestnut Street, Junction City.

HUGOS—MEISNER

Phyllis Hugos, '47, became the bride of John Meisner February 9 at the First Christian Church in Manhattan. Mr. Meisner is a student at Kansas State College. He is a member of Sigma Nu. Mr. and Mrs. Meisner are at home at 109 South Juliette.

APLIN—GROSS

Doris (Kittell) Aplin, PE '41, was married to Dr. Forrest Allen Gross January 1 in the Central Congregational church in Topeka with Dr. Charles W. Helsley officiating. Mrs. Gross is a former field assistant with the American Red Cross. Dr. and Mrs. Gross now are at home in Chicago where Dr. Gross is attending Northwestern University Dental School.

BUDDEN—RUETER

Mary Christine Budden, HE '46, and Kenneth Rueter of Ochevedan, Iowa, were married February 10 at the First Methodist Church in Manhattan. The ceremony was performed by the Rev. B. A. Rogers. Before her marriage, Mrs. Rueter was employed in the department of industrial journalism and printing at Kansas State. Mr. and Mrs. Rueter are at home in Ochevedan.

BIRTHS

Twin daughters, Nancy Shannon and Susan Ross, were born January 9 to Evan B. Godfrey, Com '38, and Mrs. Godfrey, Shannon Spring Farms, Stark City, Mo.

Vernal G. L. Roth, Ag '40, and Mrs. Roth are parents of a son, Ronald Eugene, born September 28. The Roths' address is Box 144, Grass Valley, Calif. Roth is still in the Army, stationed at Camp Beale, Calif. He expects to be out in May.

ley, Calif. Roth is still in the Army, stationed at Camp Beale, Calif. He expects to be out in May.

Fred Talbot, Ag '41, and Florence (Hammett) Talbot, HE '40, of Salina are parents of a daughter, Sheril Marie, born December 8.

Ralph L. Gross, Ag '40, and Susan (Ripley) Gross, HE '39, have a son, William Ralph, born January 21. The Gross home is at 904 Evans, Garden City.

Gertrude (Dirks) Baird, HE '40, and Eugene W. Baird, Ag '40, announce the birth of a daughter, Jeanette, January 24 in Vincennes, Ind. The Bairds have a son, Eugene, 4½.

A. O. Flinkner, ME '29, and MS '33, and Nelda (Carson) Flinkner, IJ '35, announce the birth of a daughter on January 31. The Flinkners live at 2001 Poyntz, Manhattan.

Gary Allen was born February 7 to Cleta (Railsback) Clark, f. s. '45, and Joseph Clark, 615 Kearney, Manhattan. The grandparents are George H. Railsback, '14, and Mrs. Railsback, Manhattan.

DEATHS

MILLER

Herbert P. Miller, Ag '18, died April 14, 1946. At the time of his death he was manager of the Hutchinson Packing Company, Hutchinson. Survivors include the widow and a son, Howard Jones Miller.

REED

Alvin J. Reed, Ag '10, whose home was at Lindsay, Calif., died December 19, 1946. His widow, Verna (Combs) Reed, f. s. '10, and daughter, Mildred, are the survivors. Mr. Reed had operated a dairy farm in California.

JEFFREY

Miss Maggie Jeffrey, HE '27, MS '42, of Elmdale, Kan., died March 7 at her home after a prolonged illness. For several years she taught home economics at Rossville, Kan. In the fall of 1942 she accepted a position in the Manhattan City Schools as director of school lunch room and instructor in food service.

BARTELL

Eugene H. Bartell, f. s. '39, and a friend met death January 26 when their plane crashed near Olsburg. The two men were assisting as spotters in a wolf hunt. Eugene Bartell was born July 19, 1918, and lived most of his life in Topeka. He was a member of Phi Sigma Kappa fraternity. He was in the service 24 months, having served with the 162nd Bomb Disposal Squad in France, Belgium and Germany. Since his discharge he had been an engineer at the Goodyear Rubber plant in Topeka. He is survived by his wife, Lillian Roseman Bartell, f. s. '39, a son, Mervin, 4; a daughter, Margo, 2; his mother, Mrs. E. C. Cantrell; a sister, Lois (Bartell) Cope, f. s. '43, and a brother, Oren, all of Topeka.

CHAPEL CHIMES

H. O. DENDURENT

The Leavenworth campaign is making headway under the direction of Earle Simms, Hugh Bryan, Bob Collard and Horace Lamborne. Quite a few gifts have been received and sent to Dr. Grimes. A personal solicitation of the remaining alumni is planned. Mr. Simms and Mr. Bryan plan to see a number of prospects for the large gifts. Chairmen in the smaller communities in Leavenworth County also are busy making collections.

Later we visited Edgar A. Templeton, our chairman in Kingman County. In spite of the fact Mr. Templeton has just recently been elected president of the Kingman Chamber of Commerce and has other extra duties, he and his co-workers have raised a good sum in the community and county. And there are prospects of more good gifts to come.

A graduate: "You say the all-faith chapel and chime tower is a 'living memorial'. What is a 'living memorial'?"

The best definition yet found for a living memorial says: "A living memorial is one that continuously contributes something to the welfare of mankind."

PARALYSIS VICTIM, EDMONDS NOW IS ELECTRONICS EXPERT

Former student now assigned to naval experiments

Charles M. (Bud) Edmonds, f. s., who was struck by infantile paralysis in the 1930 epidemic in Kansas, is becoming one of the top electronic scientists.

After two major operations, he still limps but uses no brace, crutch or cane. Handicapped for sports, which his father, Les Edmonds, followed for many years, the young Edmonds followed the radio and photography field.

After a time in a Wichita plant he was asked to join a staff of experts in radar and electronics at Johns Hopkins University. For certain field experiments he now is assigned to the Inyokern, Calif., Naval Base.

Noyes Scholarships Given

Kansas State College winners of the LaVerne Noyes scholarship for second semester, announced by L. E. Conrad, chairman of the scholarship committee, are Georganne Fowler, Dodge City; Mary Margaret Parker, Manhattan; Charlotte J. Reams, Abilene; and Rose Shumaker, Alma. All four had the scholarships first semester. Cleo Doris Kitchen, Harris; and Janice Irene Stewart, Manhattan; also held first semester scholarships. Eligibility for the scholarship is based on high school and college records and personal recommendations. Only descendants of World War I veterans are eligible.

COUNT ME IN! I'LL BE A K-STATE CHIME-RINGER!

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel and chime tower in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

NAME.....

STREET ADDRESS.....

OUR GOAL: EVERY ALUMNUS AND FORMER STUDENT A CHIME-RINGER!

THREE AWARDS TO BE MADE FROM JOURNALISM MEMORIAL FUND

Most valuable workers on Collegian, Royal Purple to get \$50 each

The Journalism Memorial Fund Committee at the College plans to make three awards totaling \$150 in cash at the end of the current semester, Ralph Lashbrook, committee chairman, has announced. The awards are to stimulate interest in professional and scholastic achievement in journalism and to perpetuate the memory of the eight graduates and former students of the department who lost their lives in World War II.

An award of \$50 will go to the student making the most valuable contribution of the year on the editorial side of the Kansas State Collegian, student newspaper. This award will be from the unit of the fund established in memory of George T. Hart.

An award of \$50 will go to the most valuable editorial staff member of the year on the Royal Purple, student yearbook. This award will be from the Alfred E. Makins unit of the fund.

An award of \$50 will be presented to the most valuable staff member of the year on the business staff of either the Collegian or the Royal Purple. This award will be from the John M. Williams unit of the fund.

Next year awards will be made from units of the fund established in memory of other men honored by the Journalism Memorial.

In making the announcement Lashbrook emphasized that students do not have to hold major staff positions in order to be eligible. It is entirely possible that a student who makes a significant contribution as a reporter, writer or on the copy desk will be declared the most valuable. Lashbrook also explained that the term, editorial staff, is used in the broad sense, covering all of the material in the paper except advertising.

The Journalism Memorial Fund Committee includes members of the journalism staff and nine other persons chosen by officers of the College Endowment Association. The committee includes several of the persons who contributed cash or bonds to the fund. The duties of the committee are to help perpetuate the memory of the eight men who gave their lives in World War II.

Journalism graduates and former students in whose memory the Journalism Memorial Fund was established are: Major George T. Hart, Washington, D. C.; Ens. John M. Williams, Parsons; Lt. Stanley Dwyer, Hastings, Nebr.; Pvt. Jack Eckhart, Almena; Lt. Eugene Hill, Westmoreland; Capt. Alfred E. Makins, Abilene; Lt. Kendall W. Evans, Manhattan; and Lt. Ed Potter, Oswego.

"THE MERCHANT OF VENICE" AT SHAKESPEARE DINNER

Dr. F. D. Farrell toastmaster at the meeting March 31

"The Merchant of Venice" will be discussed at the ninth annual Shakespeare Dinner in the College cafeteria March 31. Dr. F. D. Farrell, president emeritus of the College, will be toastmaster.

The locale of "The Merchant of Venice" will be discussed by students, Dr. S. A. Nock will present the men of the play and Prof. Robert Conover will speak on the women of the play. Prof. J. Forrest West of the music department will sing Shakespearean songs and Jean Hedlund, also of the music department, will present an oboe solo.

President and Mrs. Eisenhower and Prof. and Mrs. H. W. Davis will be in the receiving line.

Reservations for the dinner should be sent immediately to the Shakespeare Dinner committee, care of the College postoffice.

High Grades Bring Trouble

High grades have caused a lot of trouble at Kansas State. Each year Mortar Board, senior women's honorary society, honors the coed who attained the highest scholastic average during her freshman year and engraves her name on a plaque. This year three candidates, Mrs. Mae Weaver, Burlington; Margaret Seaton, Manhattan; and Elsie Shubert, Manhattan, each had a straight "A" average. The plaque was not large enough to carry all three names, so Mortar Board will have to buy a second plaque.

They Won Scholarships Last Year

Six scholarships of \$200 each are offered to high school graduates each year by the Institute of Citizenship at Kansas State. Deadline for applications for the scholarships, based on the applicant's ability, interests and high school records, is April 10. Offered for the first time last year, the scholarships apply on the four-year citizenship education curriculum. In the above picture the last year winners are conferring with Dr. Robert A. Walker, director of the Institute. From left to right, they are Christine Copt, Osage City; Robert Ober, Minneapolis; Wilma Porterfield, Circleville; Richard Chase, El Dorado; Nadine Smith, Hutchinson; Kathleen Gossett, Wichita, and Dr. Walker.

LIST OF CONTRIBUTORS TO MEMORIAL CHAPEL GROWS LONGER EACH WEEK

(Continued from page one)

Club, Rice County; Waltham Hall, KSC; Women's Auxiliary, Kansas Veterinary Medical Association, Hutchinson; Florence R. Whipple, Washington; Edwin W. Winkler, 364 Norwich Drive, Los Angeles; Mrs. S. L. Wagaman, 119 North Fourteenth, Manhattan; Don L. Wiggins, Mr. and Mrs. N. S. Wiggins, all of Independence; Verna M. Wick, 711 North 22nd, St. Joseph, Mo.; Harold G. Wood, 518 Kinsley, Winslow, Ariz.; H. L. Wylie, Manhattan; E. L. Wilson of Gibbs Clothing Company, Manhattan.

Linn Peterson, 822 N. Main, McPherson; W. D. Pratt, Fredonia; Eleanor M. Pincomb, Montgomery City, Mo.; Mr. and Mrs. Russell E. Phillips, 728 S. Chautauqua, Wichita.

Dr. J. W. Ruf, 521 W. Kansas Avenue, Arkansas City; Mrs. Albert Rundie, Route 3, Clay Center; Ruth L. Rowland, Box 422, Tustin, Calif.; Mr. and Mrs. Everett S. Stephenson, 224 S. Crestway, Wichita; Letha Schoeni, Oberlin; Charles W. and John A. Shaver, United Bldg., Salina.

G. M. Simpson, United Bldg., Salina; M. F. Scoby, 726 E. Simpson, McPherson; Edna M. Smith, 222 S. Hartup, McPherson; Mr. and Mrs. Wilson G. Shelley, 1314 E. Euclid, McPherson; Mr. and Mrs. Theo L. Stuart, 2709 S. Hydraulic, Wichita.

Dr. David L. Smith, Elkton, Ky.; W. Lowell Treaster, Michigan State College, East Lansing, Mich.; Dwight S. Tolle, United Bldg., Salina; O. W. Tripp, 413 S. 12th Street, Salina; Valley Bluebirds 4-H Club, Sterling.

Dr. Orville S. Walters, 1122 S. Maple, McPherson; Mrs. Etta Warner, 132 W. 10th Street, Concordia; Mrs. Ellen Webb, 3818 E. Kellogg, Wichita; Walter C. Winget, 403 N. Third, Stockton; World War I Veteran, Kiowa.

Gertrude E. Allen, Ina F. Cowles, Nina Edelblute, George Gemmell, Hillel Foundation, Harriet Hjetland, Stella M. Harriss, L. L. Longsdorf, Kathryn E. Lilliston, Rosemary Morgan, Velma McCaugh, Frank J. McCormick, Mrs. Eleanor Parker, Dr. Duane Peterson, B. L. Remick, Harrison Reed, Van Zile Hall, Dr. R. E. Witter, Laura I. Winter, all of Kansas State College.

Mr. and Mrs. H. O. Dendurent, Mr. and Mrs. Edison Greer, Mrs. Harold D. Nonamaker, Mrs. Russell I. Thacker, Pi Beta Phi, all of Manhattan.

Geology Club To Affiliate

The Williston Geology Club at the College has been notified that a charter has been granted for its affiliation with Sigma Gamma Epsilon, national professional society of geology. Formal installation of the new chapter will be early this spring when officers of the national organization will visit the campus to perform the ceremony. The club was started last year by the geology faculty and students to further knowledge in specific fields of geology and to promote better understanding between faculty and students. Expanding with the department, it now has 80 members.

NEW SORORITY ON CAMPUS; ALPHA CHI OMEGA INSTALLED

Makes largest number of sorority girls in history says Dean Moore

With the installation of the 70th chapter of Alpha Chi Omega March 21 to 23, Kansas State's women's panhellenic family was increased to eight members.

More than 40 active members of the chapter at the University of Kansas and some from chapters at Baker University, the University of Nebraska, Northwestern University came to assist in the ceremonies which were directed by six national officers. Fourteen actives and three pledges make up the new organization.

The number of girls belonging to sororities this year is the largest in the history of the college, according to Miss Helen Moore, dean of women, who believes that the college would be better off if still more sororities would come onto the campus.

"Until the state is able and willing to provide residence halls for its students, the sororities and fraternities make a valuable contribution through providing good housing," she declared in an interview last week. "In the East residence halls are among the first buildings that a college puts up, and there fraternities, as a result, are relatively unimportant. Here at Kansas State the size of the fraternity houses makes it possible to take in as members only a small percent of the students—this year 27 percent. If we had more fraternities, more students interested in joining could do so."

Of the 1478 girls at K-State last fall, 758 were living in organized houses: 326 in sororities, 185 in independent organized houses, 169 at Van Zile Hall, and 78 at Waltham Hall.

ESTABLISH CHAPEL MEMORIAL FOR WILLIAM LESTER ENFIELD

Engineer in lamp development died in March, 1945

Mrs. Hazel C. Enfield, Shaker Heights, Ohio, has contributed \$500 to the fund for the all-faith chapel and chime tower at the College to establish a memorial for her late husband, William Lester Enfield, a graduate of the College.

The memorial is being established by the widow and two daughters, Anne Enfield, Shaker Heights; and Mrs. Jean (Enfield) Perkins, Princeton, N. J.

Before his death March 21, 1945, Mr. Enfield was with the lamp development laboratory of the General Electric Company, Cleveland, Ohio.

He received a bachelor of science degree in electrical engineering at Kansas State in 1909 and a doctor of engineering degree in 1938. He was a native of Wichita.

Studies Indian Corn Origin

Dr. Paul Mangelsdorf, Ag '21, MS '23, is conducting research at Harvard university to determine where Indian corn originated. He has collected a large assortment of corn types from North and Central America.

COACH SAM FRANCIS STARTS SPRING FOOTBALL PRACTICE

Five sports in full swing as warm weather comes to campus

At least five sports are in full swing at Kansas State now as the spring season gets underway. Football, track, golf, tennis and baseball candidates are participating in full-squad workouts while individual performers in swimming and wrestling prepare for national meets to be held later this spring.

Sam Francis, new head football coach at the College, started spring drills Monday and some 140 men were out to loosen winter-aged muscles and ready themselves for harder work which will follow on the gridiron during the next six weeks.

Francis showed no inclination to segregate lettermen from newcomers to the squad as he pushed the candidates through an indoctrination program of 50-yard sprints, pullups, chinning exercises and fundamentals. Ed Mack, a former Coffeyville junior college star and member of the B squad last season, turned in the fastest 50-yard dash mark of six seconds while running in complete football togs.

The new coach and his assistants, Staley Pitts and Norvall Neve, make it a point to learn each man's name and are sprinkling the practice session with constant chatter as they correct, instruct and encourage the candidates.

Lud Fiser's baseball team, a potential hitting and fielding club, needs pitchers and Fiser is eyeing 15 candidates carefully. Damp, wet weather has prevented the pitchers from "cutting loose the fast ones."

Approximately 30 men have reported for tennis and an equal number are signed for golf tryouts. Coaches Cooney Moll and Mike Ahearn plan to hold tryouts as soon as weather permits.

Stan Fansher, Kansas City, Mo., won the 145-pound Bix Six wrestling title and is being readied for the national tournament in Urbana, Ill., April 28-29. Marshall Stover, Wildcat diving and swim ace from Manhattan, may compete in the national swimming meet later this spring.

MINNEAPOLIS COMPANY GIVES \$2,000 TO MILLING DEPARTMENT

To study controlled pressure in grinding wheat

The International Milling Company of Minneapolis, Minn., has given \$2,000 to the College for research in the Department of Milling Industry, it was announced by R. I. Throckmorton, dean of the School of Agriculture.

The fund will be used for a study of the effects of grinding wheat with controlled roll pressure, according to Dr. J. A. Shellenberger, head of the milling department.

Most of the money will be used to purchase measuring devices to be attached to grinding rolls to measure pressure and the distance between rolls, Shellenberger said.

To Teach at Nebraska

Dr. A. B. Sageser of the history and government department at the College has accepted an invitation to teach at the 1947 summer session at the University of Nebraska. He will teach one lower discussion course in U. S. history from 1865 to present and upper courses in recent U. S. and diplomatic history. He also taught at Nebraska in 1939 and 1940. He earned his doctorate at the school in 1934.

Attend Model U. N. Meet

Four students and a faculty member will represent the College at the Model United Nations Assembly at Oklahoma A & M College April 4 and 5. Students who will represent the College are Loren Cline, Lyons; Bonnie Simmons, Elk City; Nelda Ronk, Marysville; and Don Moehring, Wichita. Eric T. Tebow of the Institute of Citizenship will be faculty sponsor.

Organize Radio Club Here

Government licensed amateur radio operators at the College are reorganizing the Kansas State Radio Club. The club, sponsored by the electrical engineering department, expects to be functioning by Engineers' Open House in mid-March, according to G. A. Sellers Jr., president.

PLAN PREPARED TO AID STUDENTS WITHOUT DEFINITE JOB OBJECTIVE

Establishment of a ten-member committee to study improvements in the academic program for students who come to Kansas State with no vocational choice was announced by President Eisenhower.

In appointing the committee, President Eisenhower pointed out that many students come to College with no job objective in mind. A strengthened academic program is needed for them, he said, since the course options currently offered are not adequate in all cases.

A. L. Pugsley, dean of administration, has been appointed head of the new group. Many students who have not chosen their field of specialization are handicapped under the present system, Dean Pugsley said. If they switch to a special field after taking several general courses, they are likely to lose a number of their College credits, he said. To fill requirements for his special field, a student may have to take courses as a sophomore that he should have taken as a freshman. General courses that he did take may not fit into his new curriculum, Dean Pugsley said.

Also handicapped at present are students in certain technical programs—engineering, chemistry and veterinary medicine—that require such a concentrated study there is little room for more liberal subjects. Both problems were recognized by the College subcommittee on comprehensive courses.

The new committee, which expects to make some recommendations this spring, will try to work out some way by which students may apply credits for general courses when transferring to a special field. Any recommendations made by the committee will be approved by the complete faculty before being put into effect.

4,132 Veterans Enrolled

Of approximately 6,300 students at the College this semester, ex-service-men number 4,132—more than two and a third times the figure a year ago, according to A. Thornton Edwards, veterans' service officer. Of the veterans in College, 2,621 are unmarried and 1,511 are married. Thirty-five of the unmarried veterans and 19 of the married ones are women.

To Lecture in Tennessee

Dr. E. H. Herrick, professor of zoology at the College, left March 15 for Knoxville, Tenn., where he has accepted a three-months lectureship in endocrinology at the University of Tennessee. He has spent 11 years in research in endocrinology in the agricultural experiment station at Kansas State.

Find Water for Irrigation

Geological surveys conducted in a large number of Southwest Kansas counties and other scattered areas of the state show water available in quantities for profitable irrigation, according to Nicholas Holowaychuk, soil scientist in the agronomy department at the College.

Legislature Votes Aid to Overburdened KSC

EISENHOWER SAYS UNESCO NEEDS UNDERSTANDING OF AMERICANS

President gives report of organizations meeting on radio network

President Milton S. Eisenhower, in a quarter-hour final report on the first National Conference of the United Nations Educational, Scientific and Cultural Organization, sounded a hopeful note on the task of furthering international understanding, and at the same time offered a sober warning to this country that "there is no magic formula" for achieving it.

Eisenhower gave his report on a nation-wide CBS broadcast.

"You will find yourself directly affected," he told the country in his broadcast report, as he outlined plans to make UNESCO objectives a living part of the lives of this country's people.

The 1500 delegates to the Philadelphia conference were a hard working lot, President Eisenhower reported. During nearly a week's meetings, he said, "there were no bands, no parades, and very few rhetorical flourishes."

"They decided," he said, "that world peace would not be lost."

The immediate task facing UNESCO, President Eisenhower said, is the task of "vitalizing the program of UNESCO," and taking it out of the realm of pamphlets and books and making it a people's agency. UNESCO's planners, he said, must strive to create conditions for world understanding and cooperation.

UNESCO CAN SUCCEED

He posed a question that has been on many tongues "can we succeed in time?" and answered it.

"I believe we can and I hope most soberly that we will."

"The work of UNESCO must be carried forward in the faith that out of misunderstanding will come a positive peace promoted by men of good will everywhere," the President said. "Devotion and concerted intelligence can achieve a great deal," he believes.

BELIEVE AMERICANS SNOBBISH

As an example of what he calls the "bankruptcy of international understanding," President Eisenhower sketched the average European impression of an American. They believe that Americans are superficial, rich, snobbish, barbarians in the arts and very frivolous in our general outlook.

But, he warned, American under-

PAN AMERICAN DAY RADIO PROGRAM ON KSAC APRIL 15

Broadcast will be in form of roundtable discussion

A special radio program in connection with Pan American Day at Kansas State has been scheduled for College station KSAC at 5:15 p. m. April 15.

The program will include a roundtable discussion by Miss Leslie Black of Manhattan, Miss Angelina Lepori of Panama, Emilio Viale of Peru and Yezid de la Cuesta of Colombia. Prof. Manuel D. Ramirez of the modern languages department will be chairman.

The Pan American Day dinner, recognizing Western Hemisphere solidarity, will be at 6:15 p. m. April 14 in Thompson Hall. The dinner is open to the public but admission will be limited to 150 persons. The program will include a talk about Mexico by Prof. Charles Matthews of the English department, demonstrations of South American folk dances and cultural exhibits.

Feeders' Day Is May 3

Results of experiments completed during the past year with beef cattle, swine and sheep will be reported on at Feeders' Day at Kansas State College May 3. The event is sponsored by the animal husbandry department. A special program is planned for women. Members of Block and Bridle, animal husbandry club at the College, will serve a prime roast beef lunch at noon.

KSC ALUMNI IN FOUR CITIES TO HAVE MEETINGS DURING NEXT TWO WEEKS

Plans are under way for Kansas State College alumni meetings in four localities beginning April 14, according to Kenney L. Ford, executive secretary of the alumni association, who will attend the sessions.

The schedule includes Minneapolis-St. Paul—Monday, April 14, Paul Dittmore, IJ '32, 5140 Washburn Avenue S., Minneapolis, Minn., in charge of arrangements. This meeting will be held at the Coffman Memorial Union Building, University of Minnesota, at 6:15 p. m.

Madison, Wis.—April 15, P. E. McNall, Ag '09, 734 Oneida Place, Madison, in charge.

Milwaukee, Wis.—April 16, Russell Knapp, ME '21, 4337 N. Oakland Avenue, Milwaukee, in charge.

St. Louis, Mo.—April 22, L. D. Keller, Ag '24, 2646 Salem Road, Brentwood, Mo., in charge.

Alumni and former students in each of the cities who wish to attend the meetings should contact the chairman in charge.

Start on New Building

The foundation has been poured for a new poultry house for 1,000 laying pullets at the College poultry farm, Prof. L. F. Payne, head of the poultry husbandry department, said. The new building, 24 x 140 feet, will be used to house the department's early-feathering strain of White Plymouth Rocks. The frame structure is expected to be completed by summer.

Home Ecs Plan Open House

Grace Borgman (left) of Lorraine and Nadine Noyes of Emporia, home economics students at the College, are shown preparing an interior decoration exhibit for the Home Economics Hospitality Days at the College April 17-19. The seventeenth annual open house is expected to attract more than 1,500 high school students, home economics teachers and other visitors from all parts of the state. Miss Borgman is a sophomore in home economics and art. Miss Noyes is a senior in dietetics and institutional management.

FUNDS GRANTED FOR BUILDINGS, NEW STAFF JOBS, PAY RAISES

Total of \$5,333,150 allowed for operations and building

To help Kansas State College handle its greatest enrollment in history, the state legislature has granted the school almost unprecedented appropriations that will permit construction of some badly needed buildings, pay for additional staff members and increase present faculty salaries.

Appropriations for 1948 include \$2,176,000 for College operations and \$396,150 for construction. For 1949, the College has been appropriated \$2,261,000 for operations and \$500,000 for construction.

With the appropriations, the College can start its building program, which includes a fieldhouse and gymnasium, small animals research building, two residence halls, a Student Union building and three home management houses. It will have funds to hire nearly a hundred new staff members and to increase present faculty salaries.

FACULTY SALARIES INCREASED

Approximately \$282,000 has been earmarked for salary increases for faculty members to offset rising living costs. If applied uniformly to all faculty positions, the amount would permit an increase of about 17 percent.

The College received approximately \$285,000 to establish nearly one hundred new faculty and administrative positions. The additional staff members are needed to bring the ratio of faculty members and students closer to normal. The legislature also set up an emergency fund which may be used to pay the salaries of still more faculty members if enrollments during the next two years exceed those of March 15, 1947.

About \$400,000 has been granted the College to proceed with construction of a fieldhouse and gymnasium, a small animals research building and three home management houses. Funds totalling \$918,000 had been voted by previous legislatures but were insufficient in view of increased construction costs.

FIELDHOUSE GETS FUNDS

New funds of \$300,000 were added to the \$750,000 already allotted for the fieldhouse and gymnasium. The small animals research building got \$75,000 added to \$125,000 already appropriated. The \$43,350 on hand for the three home management houses increased by \$16,650.

Start of a permanent housing program was made possible by the legislature. The legislature made an outright appropriation of \$500,000 to Kansas State College for housing. It also passed a bill permitting the State Board of Regents to issue revenue bonds. The legislation means that a residence hall for men and another for women are in sight for the College. The bill permitting borrowing also will apply to the Student Union building.

STUDENT GROUP TO CONSIDER POLICY FOR KSC HOUSING

Committee will hear College-operated housing complaints

A Student Housing Committee to consider general policy for College-operated housing, listen to complaints and suggest disciplinary action for offenders is being formed by the Student Council at Kansas State.

Andrew Jackson of Kansas City, Kan., and Henry Brandes of Garden Plain have been appointed by the council to organize an eight-member committee. The group will include representatives from each of the major housing projects for veterans at the College.

C. C. Young, builder of deathfighting army of scientists, who became anonymous doctor to millions, attended KSC

The Reader's Digest kindly has given The Industrialist permission to reprint the following article about Clifford Caudy Young, former Kansas State student who attended school here four years, the last being 1909. Dr. J. T. Willard, College historian and friend of the Young family, remembers Young as an "energetic, sometimes erratic, young man with lots of pep." The following story appeared in the April issue of The Reader's Digest.

By Paul de Kruif

Clifford Caudy Young was the builder and master mind of Michigan's Public Health Laboratory, where an army of death-fighting scientists spots microbes and makes serums and plasma, all free, for the state's 5,000,000 people. From the world over, health-men make pilgrimages to this modern shrine from which life is dispensed for nothing.

"Cy Young will be remembered as saving more lives in the past 25 years than all of us Michigan doctors put together," says L. G. Christian, of Lansing, one of the state's most distinguished physicians.

TIME WAS LIMITED

The moment I met Cy I knew that here was a remarkable man. His gray eyes blazed intensely from a pain-lined face that had a sad, haunting kindness. He was tall and burly, looking like a prematurely old English colonel who had seen too many wars, yet he moved with springy vigor, eagerly, as if an unseen hand beckoned to him. He made no bones about the fact that he was suffering from a cancer considered incurable. He was moving fast in order to meet a deadline. In what time was left him he wanted to make his laboratory a

center sending out every weapon of medical science into a lifesaving network within 30 minutes of every Michigan doctor.

In 1919, when Cy Young came to Michigan as state bacteriologist, its diphtheria death rate was highest in the United States—as many as 950 children dying in one year. Typhoid epidemics exploded even under the noses of professors of the University Medical School at Ann Arbor. The State Health Department Laboratory had three dingy rooms; its most impressive apparatus being meteorological gadgets from days when disease was ascribed to noxious air.

Cy Young called his little staff together. One after another he smashed the dusty barometers and thermometers on the floor. "Now we'll start from scratch," he rasped amiably. His technicians looked glumly at what remained—a leaky sterilizer, an old microscope, a few hundred test tubes.

At an auction of World War I equipment Cy bought \$50,000 worth of gleaming microbe-hunting tools for \$4000. Then he set out to track down the why of Michigan's 10,000 to 12,000 annual cases of diphtheria. Night after night with his technicians he rolled thousands of swabs, and sterilized gallons of culture medium. Mornings they all hurried out to schools, making children say "ah-h-h" for throat cultures. Then Cy gave Michigan's citizens the news that hundreds of seemingly healthy kids were spreaders of the choking death.

With this survey, Cy Young's official duty was done. But he hated

needless death; he wanted to use the new toxin-antitoxin preventive that had recently been perfected. However, the health department hadn't a cent to buy it, and half the practicing physicians had not so much as heard of it. Cy went to a drug house begging enough of the new preventive for a demonstration—and got a snooty reply that he could purchase it at any corner drugstore.

In a cold fury Cy went to Governor Alexander J. Groesbeck. "We're hospitalizing 10,000 cases of diphtheria a year," Cy argued, "and that costs taxpayers \$500,000. I'll cut your diphtheria death rate in half in ten years if you'll get me \$75,000 a year in order to immunize the state's children."

WANTED KIDS TO LIVE

Groesbeck sponsored a bill for free diphtheria preventive and antitoxin, but drug-house lobbyists stalled it so that it was as good as dead on the last day of the 1921 legislative session. Cy hurried to Representative George Welsh. "What a salesman!" says Welsh, remembering. "He wanted every kid to live. And he didn't want a damn thing for himself."

At 4 a. m. of that last all-night session, Welsh lit a bonfire of newspapers under the seat of the chairman of the Ways and Means Committee, shouting that he was smoking out the antitoxin bill. Another legislator, spurred on by Cy, told how diphtheria had killed 75 youngsters in his home town. In the dawn of that winter morning, the antitoxin law passed

(Continued on page two)

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. LASHBROOK, Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris, Assistant Editors
KENNEY FORD, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

THURSDAY, APRIL 10, 1947

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

The "perfect husband," as decided by The Family class, should have a sense of humor, adequate income, interest in children, thoughtfulness and a good disposition.

Ruth Genevieve Freed of Scandia was named editor of the Collegian for 1937-38 and Luman Miller, Salina, editor of the 1938 Royal Purple. The Board of Publications also named Harry Flagler, Joplin, Mo., business manager of the Collegian and Don Duckwall, Abilene, business manager of the Royal Purple.

Members initiated into Omicron Nu, honorary home economics society, were Ruth Burcham, Kansas City; Anna Lee Berry, Manhattan; Aldene Nussbaumer, Lebanon; Abby Marlatt, Manhattan; Alma Belle Karns, Bucklin; Mabelle Woods, Kensington; and Esther Dilsaver, Athol.

TWENTY YEARS AGO

The Agricultural Economics club initiated Paul McMains, Dexter, N. M.; A. D. Lovett, Larned; H. I. Hollister, Quincy; B. H. Puhols, Portland, Ore.; Hoon Koo Lee, Suchun, Korea; F. A. Peterson, Olathe; J. H. Henney, Elmdale; and F. S. Coyle, Manhattan.

Pi Kappa Delta, national honorary forensic society, pledged Solon Kimball, Manhattan; John Lindquist, Gove; J. O. Rodgers, Mankato; Clarence Goering, Moundridge; and Ruth Ann Naill, Herington. All were members of debating teams.

THIRTY YEARS AGO

Farm bureaus were organized in Morris and Franklin counties. Anderson and Shawnee counties were expected to organize soon.

Sheds and pens used for feeding purposes at the College were destroyed by fire. Loss was estimated at \$3,000.

The appointment of A. L. Clapp as county agent in Morris county was announced. Note: Prof. Clapp is now head of the Kansas Crop Improvement Association and professor of agronomy at the College.

FORTY YEARS AGO

College butter was retailing at 33 cents per pound.

The city of Manhattan had begun the building of sidewalks on Vattier Street and Bluemont Avenue. This was to be much appreciated by the students living on those streets, according to the Industrialist.

FIFTY YEARS AGO

Rivalry between Kansas State and Kansas University was ever present. When a company from K. U. put on a play in Manhattan, the Industrialist said, "while admitting of improvement in several of the parts, the play was well taken as a whole."

Plans were being made for the completion of electric lighting in the main building.

SIXTY YEARS AGO

Thirty-eight cases of measles were reported at the College during the spring term. Two students died of complications of the disease.

A city ordinance required each citizen to fence or tie cows. This ended the nuisance of cows wandering through the College lawns and flower beds, according to the Industrialist.

Builder of deathfighting army of scientists, anonymous doctor to millions, was KS student

(Continued from page one)

unanimously. It gave Cy Young not only money to buy preventive but an opportunity to make his laboratory self-supporting.

Cy knew he could manufacture these lifesaving materials very cheaply; and the law was so framed that his laboratory would be credited with every dollar saved. The \$75,000 profit piled up in two years was enough, plus a small state grant, for the first unit of the present 22-building laboratory northwest of Lansing.

Michigan's death toll from diphtheria faded so swiftly that now, instead of 950, hardly more than 40 children die in one year's time.

In the early 1920's goiter was so prevalent that it was known nationwide as the "Michigan disease." Young instigated a survey proving that, where iodine was lacking in drinking water, goiter partly disabled as many as 50 percent of the children. Then he got the health commissioner to call in the salt manufacturers. If they'd fortify all table salt with a trace of sodium iodide, he told them, they'd share the fame of wiping goiter out of Michigan. Cy Young's earnestness persuaded the salt men. Today the disease that used to threaten many newborn babies of goitrous mothers, that prepared the ground for thyroid cancers and sapped the strength of scores of thousands is being vastly reduced in Michigan.

Cy's horse sense told him that family doctors should be the best public health teachers. He began showing them how they could fight disease if they'd use his laboratory. He performed free clinical tests for doctors, particularly for contagious diseases. His microbe hunters probed the blood of sufferers mysteriously feverish, spotting the germs of undulant fever, septicemia and deadly endocarditis.

Within six years the number of physicians using his free laboratory service had passed 5000 and included nearly all of Michigan's doctors. Hospital laboratories independent of the state health department sprang up all over Michigan; today there are 157 of them. From Cy's state laboratory his widow, Minna Crooks Young, controls the scientific standards of these outposts against death.

GAVE OTHERS CREDIT

Cy fathered the inexpensive and accurate Kahn test for syphilis, to replace the expensive and ponderous Wassermann reaction. But Cy saw to it that the credit went to Dr. Reuben Kahn, who was then one of his young and unknown laboratory workers. All the other 47 states and ten foreign countries bought Kahn syphilis test materials from the Michigan laboratory, netting it \$150,000.

Cy saw glorious visions of his self-supporting laboratory's future. Then, one night, he was stricken with colicky pain and hemorrhage. He diagnosed his own kidney cancer. Next day he hopped the train for Baltimore to endure the agony of months of deep X rays and a last-ditch operation.

He dragged himself back to Michigan, gray-faced, chances not too good for living two years more. His laboratory was in a jam. The state's new serum law, which he had helped push through, empowered him to make free smallpox, typhoid and rabies vaccines, free serums for lockjaw, pneumonia and scarlet fever, for any death for which a proved specific serum existed. He hadn't room for his expansion.

It was in the deep depression and the state treasury was empty. Cy went to Relief Administrator Louis Nims. Did the federal government want to do something besides boondoggling? Cy asked. He brought out plans for a new \$500,000 laboratory.

But where was the local sponsor's contribution without which you couldn't get federal money? The state hadn't put up a cent. Then Young produced the \$150,000 his laboratory had netted from the Kahn syphilis test materials. It was perfect timing.

For his more than 250 workers Cy made the laboratory a death-fighting university. He made them feel as if a discovery as famous as the Kahn test might be lurking in any microbe-hunting routine. When Dr. Pearl Kendrick said she believed she could turn a dubious vaccine into a real whooping-cough preventive, Cy told her to go ahead and try. For ten years he guided her and gave heavy financial support. Working overtime,

she developed the world-famous vaccine that has helped cut deaths of Michigan children from 529 in 1920 down to only 36 in 1945, and is now in general use.

"Remember, you're career men and women," Cy told his laboratorians. He swept his long, powerful fingers down chart lines showing waning whooping cough and pneumonia. "Lowering Michigan's death rate is your life work," he said. He ended by pointing to zero deaths at the chart's base line. "Here's what it's fun to gun for." In 25 years only one of his keymen left him for the higher pay that drug manufacturers were continually offering them.

By the end of the 1930's Cy Young could count his miraculous survival from that incurable cancer by six years. Now there was a swift recklessness in his moves to teach his death-fighting cunning to Dr. G. Donald Cummings, the young sanitary-engineer microbe-hunter doctor he had picked out to become the lab's heart and brain.

MONEY DIDN'T MATTER

The National Foundation for Infantile Paralysis gave Young a big money grant for research, and he hired a world-famed virus expert to head the polio-fighting project. But he still had no virus laboratory. From New York City, Cy long-distanced Cummings: "Buy all necessary materials to build a virus lab!"

"We haven't the money," Don objected.

"Buy them today!" Cy roared. "There's a polio outbreak in Detroit. The time to shoot bear is when bears are around!"

Building without the state money to back it meant possible ruin to them as Michigan public health officials. The state required three bids on every building project. Nevertheless Don closed every contract that afternoon.

When Cy got off the plane next day he hurried to the State Administrative Board. Yes, what he'd done was irregular—but it was for Michigan's youngsters. The Board members signed the virus laboratory appropriation, and within three weeks the polio fighter was in the new laboratory—the first modern state virus laboratory—testing the paralytic death on mice and monkeys. Don Cummings had learned to shoot bear.

His laboratorians loved Cy if for no other reason than that he wanted

nothing for himself. They knew he was getting a pittance for running a multimillion-dollar business. They knew he'd fight for them. One autumn all the workers—Cy himself excepted—got word that the political party in power expected a campaign contribution of ten percent of their next pay checks. Cy called the party big shots.

"Stop monkeying with my kids!" he roared. "They're too poor now. They'll not pay a penny!"

Cy's laboratory was now recognized as a mass testing ground for new death-fighting weapons. The Commonwealth Fund advanced him \$100,000 to fight pneumonia. This, plus state funds, produced free pneumonia serum that cut Michigan's pneumonia death rate nearly in half even before the coming of the sulfas.

One day, in a Michigan hospital, a workman died of shock because he couldn't immediately contact friends who'd guarantee he could pay for plasma. Cy saw red. Plasma should be free. He was told that this was ridiculous. At \$30 per pint for commercial plasma it might cost \$500 to save one life.

Cy was sick unto death by now, but he pulled himself together for one last battle. Before the Governor and political leaders he sang his death-fighting swan song.

"You can bury a baby for \$125," he growled. "It might cost all of \$500 to save that kid with commercial plasma. If you want to bring money into this argument, it's cheaper to let the babies die!"

That started Michigan's historic free-plasma program in 1943. The people began giving their blood free, for Cy's lab to process. Since then the doctors' use of plasma has increased tenfold. Already they've saved the lives of thousands of premature babies, mothers in childbirth, smashed-up motorists and workers.

Even as he lay on his deathbed in a Lansing hospital in the spring of 1944, Cy mapped out a program for free penicillin for all who hadn't the wherewithal for this yellow magic, but, alas, it was too late to push it through.

Michigan's health commissioner, Dr. William De Kleine, says that the laboratories now under his command are simply Cy Young, personified in their bricks, equipment and personnel. They are the heart of Michigan's health system and chiefly responsible for the remarkably low death rate in that state.

Cy ran his life by the simple rule that you can get anything done if

you don't care who gets the credit for it. During his life he remained the anonymous doctor to Michigan's 5,000,000 people. If he were alive today he would gruffly reject all praise. Over the entrance of the 22-building institution that he built from nothing, the state is putting up a plaque carved in stone. It has no words of eulogy. It says simply—

C. C. Young Public Health Laboratory.

Sunflowers

By H. W. Davis

IN TERMS OF THE CENTURIES

As I listen to the wild air-waves saying and sighing day by day, I seem to gather that the once proud and haughty British Empire, many years ago cautioned by Mr. Rudyard Kipling in a poem called "Recessional," is in a rather bad way—financially, industrially, and politically.

Certainly and absolutely, I do not know what should be done about it, either from London or Washington. But just as certainly and absolutely, I believe London should be given the priority. I have enough faith in England—more than she seems to have in herself, by the way—to believe that the Britishers can ultimately wangle out a satisfactory solution.

For a good 500 years the miraculous little island has been doing pretty well, considering everything—especially geography. At the time of Queen Victoria's Diamond Jubilee, or whatever it was, England was just about as unmistakably "tops" in the way of richness and power as any nation on this currently sad planet has ever been. That provoked Kipling's "Recessional," you remember.

It may be true that things have not been going so well during the riotous first half of the twentieth century. Undoubtedly the Empire got about what she wanted out of the first world war, but just as undoubtedly she did not get exactly what she needed. She needed to ponder what Mr. Kipling had said.

I have a "sneaky" notion—certainly it is not scientific nor accurate to any marked degree—that year-in and year-out for the half-thousand years England and the subsequent British Empire has got along better under her own steam than she has since Uncle Sam became a banker or contributor, whichever you think more accurate. At least that is the way I interpret what little I know about it.

I do not believe I am heavily touched with Anglophobia. I believe England—or any other country for that matter—does better on her own. America was wise in refusing to rush in and underwrite Palestine, or half of Palestine, or whatever the proposal was. America will be wise to underwrite Greece and Turkey with plenty of reservations.

That's why I suggest that London be given the priority she does not relish too enthusiastically.

RECENT HAPPENINGS ON THE HILL

Advice in courtship and marriage is being given College students in a five-meeting Love and Marriage series planned for April by the College YMCA and YWCA.

Special music and devotional services were presented at an all-College Easter assembly in the College Auditorium last week.

LeRoy Allman of Manhattan, journalism junior at the College, is author of "Organizing the Advertising Staff" in the April issue of Scholastic Editor, national magazine for high school and college journalism students.

Typography students of E. M. Amos in the Kansas State College journalism department got to figuring how many words have appeared in the Kansas State Collegian, student newspaper, since its founding. Approximately 80,200,000 words have appeared in the paper since its beginning in 1914, according to their calculation. Total circulation in its 33 years, they figure, exceeds 5,000,000 copies.

LOOKING AROUND

KENNEY L. FORD

The Kansas State alumni group of Pittsburgh, Pa., held its annual Kansas Day dinner February 1 at the Penn Lincoln Hotel in Wilkesburg. William Nelson, '29, was chairman of the very successful affair. After dinner these officers for 1947 were elected: John Stude, '45, president; Lawrence Haller, '38, vice-president; Mrs. E. H. Myers, secretary-treasurer. Movies and visiting completed an enjoyable evening.

Among those attending were N. G. Chilcott, '25, and Mrs. Chilcott; G. M. Crawford, '25, and Mrs. Crawford; Lawrence Haller, '38, and Betty (Higdon) Haller, '40; Walter D. Hemker, '25, and Mrs. Hemker; Donald Lathrop and Mrs. Lathrop; Robert Lucas, '46, and Mrs. Lucas; C. H. Mehaffey, '29, and Mrs. Mehaffey.

Hurd T. Morris, '10, and Mrs. Morris; W. A. Nelson, '29, and Margaret (Adams) Nelson, '27; Kenneth O. Peters, '31, and Ethel (Oatman) Peters, '29; Mrs. E. H. Myers; Owen G. Rogers, '29, and Grace (Daugherty) Rogers, '29; B. A. Rose, '26, and Mrs. Rose; John Stude, '45, and Mrs. Stude; L. G. Tubbs, '17, and Madge (Austin) Tubbs, '19; T. L. Weybrew, '24, and Mrs. Weybrew.

The luncheon of the Kansas State Alumni Chapter of the Kansas Livestock Association on March 12 at the Allis Hotel in Wichita was well attended. E. A. Stephenson, '28, was in charge of the luncheon. Speakers were Dr. A. D. Weber, '22, and Kenney L. Ford, '24, both of KSC. Roy Freeland, '37, was elected president of the alumni group of the Kansas Livestock Association and Gene Watson, '41, was named secretary.

Attending were Earl Kielhorn, '25,

and Mrs. Kielhorn, Cambridge; Mr. and Mrs. Gene Graham, Holton; Edwin Brown, '33, Fall River; Mary (Dakin) Arnold, '18, Ashland; J. Harold Johnson, '27, KSC; Roger Regnier, '24, KSC; Guy H. Faulconer, '26, El Dorado; Hobart Frederick, '41, Wichita; E. A. Stephenson, '28, and Mrs. Stephenson, Bucklin; A. D. Weber, '22, and Mrs. Weber, Manhattan; Gene Watson, '41, Topeka; Merle G. Mundhenke, '29, Lewis; John P. Perrin, '39, Dodge City; Gay S. Tuis, '39, Topeka; Robert Teagarden, '35, and Mrs. Teagarden, LaCygne.

Francis J. Perrier, '34, and Alice (Barrier) Perrier, '36, Eureka; L. D. Morgan, '32, and Isabel (Porter) Morgan, f. s., Goodland; R. H. Vawter, Oakley; C. E. Waugh, Weskan; John W. Briggs, f. s., Protection; L. C. Aicher, '10, Hays; H. C. Love Jr., '33, Beloit; J. F. Booth, '41, Wellsville; W. D. Pratt, Fredonia; A. Eugene Harris, '38, Meade; W. R. Wenrich, '39, Medicine Lodge; Joe Knappenberger, '35, Hutchinson.

Wayne Rogler, '26, and Mrs. Rogler, Matfield Green; Henry Rogler, '38, Matfield Green; J. C. Sauble, Cedar Point; Pat H. Sauble, f. s., Cedar Point; George H. Fritz, '46, Jetmore; Ben Price, Manhattan; Roy Freeland, '37, Topeka; William Ljungdahl, f. s., Topeka; C. B. Watson, Dekalb, Ill.; Ira A. Wilson, '08, Winfield; John M. Lewis, Larned.

J. J. Moxley, '22, Council Grove; G. F. Crofoot, '42, Matfield Green; W. I. Conger, '33, Ottawa; Ben Shambaugh Jr., '42, Burlington; Charles W. Bower, '18, Topeka; R. F. Coffey, '20, Topeka; Fred A. Bangs, '23, Madison; E. M. Sotola, Chicago; Kenney L. Ford, KSC.

AMONG THE ALUMNI

Charlotte A. Morton, DS '08, sends greetings from Box 2486, Carmel, Calif. For her message she used a postcard, one of a series of cards made from her original sketches in Carmel.

Dudley Pellette, DVM '12, 3021 NW 14th Street, Oklahoma City, Okla., is the new secretary-treasurer of the Oklahoma Veterinary Medical Association.

The address of Capt. N. A. McCosh, DVM '17, is APO 845, Borinquen Field, Puerto Rico.

R. R. Parker, DVM '19, 332 PO Building, Oklahoma City, Okla., is president of the Warr Acres Branch, National Association of Federal Veterinarians with headquarters in Oklahoma City. Dr. Parker has been a bureau of animal industry veterinarian in meat inspection service almost since the day of graduation.

Wright E. Turner, Ag '21, has been busy recently attending the legislature in Topeka as a representative from his county. Mr. Turner's address is Waterville, where he operates the newspaper and also has a farm.

The address of Shirley N. Rogers, GS '23, is 3857 Cessna, Planeview Branch, Wichita. She is working with the VFW.

Myrtle (Dubbs) Stover, HE '23, is living at 559 Seale, Palo Alto, Calif.

John Steiner, GS '24, is living at 320 N. Maple, Hutchinson. He is an internal revenue agent.

Robert G. Merrick, RC '24, is assistant chief attorney with the veterans' administration, Wichita. His address is 2821 Wilma Street.

The address of Ruth (King) Ruthrauff, HE '25, is 8100 Holmes, Overland Park.

R. B. McIlvain, EE '25, is with the General Electric company, Detroit. His address is 915 Marrywood Drive, Royal Oak, Mich.

Harry L. Felten, RC '26, has an insurance service in Oakland, Calif. His address is 1404 Franklin Street.

Earl L. Hinden, GS '26, writes to Ralph Lashbrook, editor of THE INDUSTRIALIST: "I think you are to be commended on the fine style and general make-up of the paper. I have enjoyed it so much through the years." Mr. Hinden's address is 3923 Warwick Boulevard, Kansas City 2, Mo.

Rida Duckwall, GS '27, is an instructor in the department of commerce, Kansas State Teachers College, Emporia. Her address is 1224 West Street.

Almeron Stillwell, ME '28, is superintendent of Barrier dam, Cincinnati, Ohio. His address is c/o City Hall, Cincinnati.

Maj. Walter H. Murray, CE '29, and Beatrice (Brown) Murray, GS '29, are living at Fort Bliss, Texas. Major Murray is with the 5th AAA Group, regular army.

Marjorie (Curtis) Schibler, HE '30, writes from Leaburg, Ore.: "We live on the beautiful McKenzie river 20 miles northeast of Eugene. We have two children. My husband is a mechanic for the Eugene water board—the power company."

James W. Taylor, Com '31, is living at 722 Ward Parkway, Kansas City, Mo. He is a lawyer, associated with the firm of Terrell and Slaughter.

Josephine (Fisk) Fay, GS '32, and Charles W. Fay, f. s., are living at 612 S. Eighth, Laramie, Wyo. Mr. Fay is a public accountant with the Knight Tax and Business Service. Mrs. Fay plans to return for the 15th anniversary reunion of her class May 31.

Elden G. Stoskopf, ME '33, is employed by W. H. Miner, Inc., railroad appliance manufacturers, as assistant chief engineer. Mr. and Mrs. Stoskopf have two children. The Stoskopf home is at 1369 N. Hudson, Apt. 3-M, Chicago.

Nevlyn R. Nelson, Ag '34, and MS '37, is president of the Nelson Alfalfa Mills, Inc., Oxford.

Helen K. Morgan, PE '34, is Girl Scout executive director at Hutchinson. Her address is 113 W. Sherman.

Dwight P. Teed, Com '35, lives at 500 W. Scharbauer, Hobbs, N. M. He works for Me-Tex Supply Company.

R. Dale Gentry, EE '35, is sales

representative for the International Business Machines Corp. His address is 1525 N. Kansas Avenue, Topeka.

Leonard F. Miller, Ag '36 and MS '38, and Katherine (Kilmer) Miller, IJ '36, are living at 3017 S. Columbus, Arlington, Va. They have a son, 4, and a daughter, 3. Mr. Miller is farm management specialist with the extension service, working in north-eastern states.

Robert J. Frick, GS '37, ME '38, and MS '39, is process engineer with the Linde Air Products Co., Charleston, W. Va.

Arless E. Honstead, HE '37, is home demonstration agent at Troy.

Elma H. (Regier) McProud, HE '38, is a housewife at South Haven.

The address of Mildred (Buckwalter) Sollenberger, IJ '38, is 302 Princess Anne, Fredericksburg, Va. She is doing radio work in Mary Washington College.

James A. Baird, IC '39, is living at 848 Ensenada, Berkeley 7, Calif. He is with the H. J. Heinz Company.

Wilbert John Wilson, Ag '39, is a vocational agriculture instructor at Soldier.

E. Harmon Lackey, AgE '40, is a soil conservation engineer at Hill City.

Doris L. Miller, GS '40, is technician bacteriologist at the Henry Ford Hospital, Detroit, Mich.

Kenneth B. Porter, Ag '40, who recently completed requirements for his master's degree at Ames, Iowa, has been appointed as a member of the Texas experiment station at Amarillo where he will be in charge of the wheat breeding program.

Alden B. Miner, GS '41, and Gwendolyn (Lee) Miner, GS '41, and son, Dennis Lee, are living at Ness City. Mr. Miner, who served as a staff sergeant in the Air Forces during the war, is associated with the Miner Brothers Company, negotiators of Kansas farm mortgages, at Ness City.

Laura Lee Kubin, HE '42, is a home economist for the El Drisco Hotel, 2901 Pacific Avenue, San Francisco, Calif.

Joseph L. Blattner, CE '42, worked for Magnolia Refinery at Beaumont, Texas, for six months, then decided to go into business with his father in a welding and blacksmith shop. His address is Rozel.

Neil D. Beckenhauer, DVM '43, and Dorris Mae (Kastner) Beckenhauer, '42, are living at Wahoo, Nebr. Dr. Beckenhauer's business address is 403 North Broadway, Wahoo.

The address of Martha R. Eck, HE '43, is 1429 S. Bundy Drive, West Los Angeles 25, Calif.

Patrick Warren Riney, ME '44, is an engineer for Black and Veatch Consulting Engineers, Kansas City, Mo. His address is 500 East 36th Street, Kansas City, Mo.

Leora Evalyn Bentley, HE '45, is an instructor in home economics at the University of Kentucky, Lexington. She assists in the university nursery school and teaches the course in child care and development. Her address is 110 Maxwellton Court, Lexington.

Eleanor (Allison) Dye, HE '45, is living at 818 Forest Avenue, St. Charles, Mo.

Keith P. Pendergraft, AgE '46, is in charge of agricultural machinery upkeep for the Mitchell Brothers ranch, Arvin, Calif. Mr. Pendergraft's address is 2109 Oregon, Bakersfield, Calif.

A note from Marjorie Ann Smythe, '46: "Will you please send my INDUSTRIALIST to Fairfax Hotel, 2100 Massachusetts Avenue, NW, Washington, D. C. I am a laboratory technician for a new laboratory here in Washington—the blood grouping laboratory—at 1921 Eye Street. Even though D. C. is crowded I like it here very much."

Barbara Ellen Davis, HE '46, is a home economics teacher in the Alma high school.

Cecil W. Ingmire, DVM '47, writes: "I would like to have THE INDUSTRIALIST and other alumni correspondence sent to me at 490 East Cuyahoga Falls Avenue, Akron 10, Ohio. I was married February 16 to Mary Austin of Council Grove. I am working for Drs. Barrett and Noonan in Akron."

They Returned Last Year

Members of the KSC graduating class of 1896 returned to Manhattan last year for their 50th anniversary reunion. Plans are under way for class reunions again this year. Saturday, May 31, will be Alumni Day and June 1, Commencement. In the picture above are front row, C. E. Pincomb, '96, Route 1, Overland Park; Royal Kellogg, '96, and Mrs. Kellogg, Lilacstead, Wilton, Conn.; back row, Marion (Jones) Pincomb, '96, Route 1, Overland Park; Mrs. I. A. (Arch) Robertson and Arch Robertson, '96, Route 10, Kansas City, Mo.

MARRIAGES

GAUDIN—HELM

Emma Louise Gaudin, New Orleans, La., and John G. (Jay) Helm, IJ '43, were married February 1 in New Orleans and are at home at 3707 Mistletree Street, New Orleans.

NICHOLS—DORNBUSH

Virginia Ann Nichols, HE '43, became the bride of Herman B. Dornbush February 1 in the St. Charles Presbyterian Church at New Orleans. Mr. and Mrs. Dornbush are at home at 1322 Buchanan, Topeka.

HOUGHTON—CHINN

The marriage of Barbara Houghton, BS '46, and Charles Brian Chinn took place December 22 in a candle-light ceremony in the Country Club Christian Church, Kansas City, Mo. Mrs. Chinn is a member of Kappa Kappa Gamma sorority. Mr. Chinn is enrolled as a senior in industrial chemistry at Kansas State. He is a member of Sigma Alpha Epsilon fraternity.

HUMPHREY—BARNGROVER

Lavone Humphrey, HE '44, and Glenn C. Barngrover, Arch '44, were married January 7 at Hoisington, the Rev. B. A. Rogers, Manhattan, performing the ceremony. Mrs. Barngrover is a member of Clovia sorority. She has been employed as dietitian in the home economics tea house at the University of Texas. Mr. and Mrs. Barngrover now are at home at 5204 N. E. Seventeenth Street, Portland 11, Ore.

UHLENHOP—HOCH

Grace Marie Uhlenhop, f. s., and Homer Hoch, EE '36, were married December 22 in the chapel of the Westminster Presbyterian Church in Topeka. The Rev. L. E. Schwarz, pastor of Westminster Church, read the marriage ceremony. Mr. Hoch served in the Army during the war. He now is with the Southwestern Bell Telephone Company at Topeka. Mr. and Mrs. Hoch took a honeymoon trip to Denver. They now are at home in Topeka.

BIRTHS

Gary Richard was born February 18 to Madelyn (Henkle) Bricker, HE '47, and F. C. Bricker of Campus Courts, Manhattan. Mr. Bricker is a student in mechanical engineering at the College.

H. R. Larkin, BA '46, and Mrs. Larkin, Augusta, Ga., announce the birth of a son, Herschel Rex, Jr., February 17.

M. D. Rockhold, DVM '43, and Mrs. Rockhold of Norfolk, Va., are parents of a son, Gregg Thomas, born January 30.

Clifford J. Woodley, ME '34, and Mrs. Woodley of Wichita are the parents of a son, Kent Edward, born February 4.

Stephen Theodore was born January 24 to Ruth (Cole) Pollock, GS '42, and Morris John Pollock, EE '44, 606 W. Eighth, Coffeyville.

Earl H. (Duke) Regnier, Ag '32, and Mary (Jordon) Regnier, HE '34, 1204 South Vine Street, Urbana, Ill.,

are parents of a daughter, Rachel Ann Regnier, born February 23.

Robert E. Pfuetze, GS '32, and Mrs. Pfuetze of Topeka are parents of a daughter, Pamela, born February 2.

A daughter, Jeanne Ann, was born January 4 to William D. Guy, Ag '42, and Ruth (Remick) Guy, f. s. '40, 516 W. Third, Coffeyville. Mr. Guy operates a feed store in Coffeyville and recently has been added as part-time instructor of vocational agriculture at the McFarland trade school.

DEATHS

OLSON

Wayne E. Olson, EE '39, died October 25, 1946 at Midland, Texas. He was with a radio seismograph crew of the Phillips Petroleum Company. He is survived by the widow and two children, Mary Ida and Larry Wayne, and two brothers, Walter Olson, f. s. '47, Manhattan, and Jack Olson of Emporia.

EAGLES

Inez (Lake) Eagles, f. s. '21, died January 17 in New York City following an operation. She and her husband, Homer M. Eagles, had made their home in or near New York City since 1923. Besides her husband, Mrs. Eagles is survived by her mother, Mrs. Riley Lake of Lake City and two brothers, Russell B. Lake, Sr., f. s., and Dan Lake, ME '19, both of Hill City.

BOSS

Dr. Andrew Boss, who received his Doctor of Science degree at Kansas State in 1927, died at his home in St. Paul, Minn., January 13. He was 79 years of age. He had been with the agricultural experiment station of the University of Minnesota for many years. Survivors include the widow, two sons and two daughters.

GEORGE KLEIER, '40, JOINS STAFF OF AMERICAN HEREFORD ASSN.

Will assist in solution of Hereford breeders' problems

George W. Kleier, graduate of 1940, will soon join the staff of the American Hereford Association. Announcement of his appointment has been made by Jack Turner, the Hereford association secretary.

As stated in an article accompanying his picture in an issue of the American Hereford Journal, Kleier is widely known in livestock circles, particularly in the South and Southwest, where he has been in the field service of The Stockman magazine for the past six years—with the exception of time out for war service.

HEADQUARTERS IN K. C.

Kleier's headquarters will be in Kansas City. He will work on publicity and promotional matters for the Hereford Association, as well as devoting a considerable portion of his time to solution of the immediate problems of Hereford breeders.

He was graduated from the Oxford high school in 1936 and four years later earned a degree in animal husbandry at Kansas State. While in college he repeatedly proved his ability as a judge of animal form, being a member of the junior livestock judging team of 1938-39 which competed at the Denver and Fort Worth shows, and of the senior teams which represented the college in the American Royal and International collegiate livestock judging contests in 1939. He also competed on the college's dairy judging team at the National Dairy Show and at the Dairy Cattle Congress in 1937.

ACTIVE IN COLLEGE

An active leader during his college years, Kleier held office in numerous campus organizations where he had opportunity to develop talents he has used to such good advantage in his work since then. He was a member of the Farm House fraternity.

Kleier entered the employ of the Corn Belt Farm Dailies at Chicago upon graduation from college in 1940, and went from his post there to The Stockman at Memphis, Tenn., in the spring of 1941. He spent nearly three years in the armed services, being an instrument flying instructor in the U. S. Army Air Force Ferrying Division. He returned to The Stockman from that post in January, 1946.

Kleier is married and has two sons, one four years old and the other three months. The Kleiers will live in Kansas City.

Watch Your Remodeling

Only structurally sound houses are worth remodeling, Kansas homeowners are being reminded by Vera M. Ellithorpe, extension housing specialist at the College. "Often the true faults of a house are hidden," she says. Some of the common ones are cracked and sunken foundations, rotted sills and floor joists, termite damage and cracked chimneys.

COUNT ME IN! I'LL BE A K-STATE CHIME-RINGER!

Treasurer
Kansas State College Endowment Association
Manhattan, Kansas

Dear Sir:

Realizing that Kansas State College owes a debt to its 5,000 alumni and former students who served in World War II, to almost 200 who died in the service, I am anxious to do my part in erecting an All-Faith Chapel and chime tower in their memory. Enclosed is my

contribution of dollars
to the World War II Memorial Chapel Fund.

NAME.....

STREET ADDRESS.....

CITY..... STATE.....

Just mail this coupon with your contribution today. Kansas State needs your support.

OUR GOAL: EVERY ALUMNUS AND FORMER
STUDENT A CHIME-RINGER!

FRITZ KNORR, '32, IS PRESIDENT OF PHYSICAL EDUCATION GROUP

College instructor succeeds another graduate, Sue Unruh, '22

Fritz Knorr, '32, physical education instructor at Kansas State, was installed as president of the Kansas Health, Physical Education and Recreational association at Topeka recently. He succeeded Miss Sue Unruh, '22.

The organization which Knorr heads is formed by a group of instructors and department directors in the field of physical education. It

FRITZ KNORR

includes representatives of Kansas elementary schools, high schools and colleges.

In addition to his work in physical education, Knorr assists in the coaching of Wildcat athletic teams. This winter he assisted Jack Gardner in basketball and B. R. Patterson in wrestling. During the fall he usually serves as scout for the football team.

While Gardner was on leave of absence during the 1944-45 basketball season, Knorr became acting head and enjoyed a successful season. His team established one of the best scoring records for one season in school history and 70 points against Nebraska was an all-time individual high until the 1946-47 Wildcats tallied 74 points against Drake.

B. L. REMICK, J. E. EDGERTON, FORMER FACULTY MEMBERS, DIE IN MANHATTAN

Two former members of the College faculty, Benjamin L. Remick and J. E. Edgerton, died recently in Manhattan following lingering illnesses.

Benjamin L. Remick, 79, professor of mathematics at Kansas State for 46 years, died March 18 at a Manhattan hospital following an illness of 23 days. He was born May 28, 1867, at Athens, Maine.

Graduating at Cornell University where he taught for a short time, he went later to Johns Hopkins University to do graduate work. He also studied at the University of Chicago.

Professor Remick joined the staff at KSC in 1900. He became professor emeritus of the college three years ago.

Survivors include the widow, Harriet Agnes (Vandivert) Remick, '97, Manhattan; and three children, Agnes (Remick) Hacker, IJ '27, Bell, Calif.; Benjamin L. Remick Jr., EE '29, Barcelona, Venezuela; and Charlotte (Remick) Brubaker, PE '32, Manhattan.

J. E. Edgerton, 86, for one year a mathematics instructor at Kansas State and long-time educator in Manhattan schools, died February 19 at his home in Manhattan. Mr. Edgerton, who had been ill since December 28, was born in Ogden, July 30, 1860. He is survived by the widow, Mrs. Alice Edgerton of the home; a son, Maj. Gen. Glen Edgerton, ME '04; former governor-general of Panama, now of Washington, D. C.; and Ruth (Edgerton) Brooks, HE '12, Grass Valley, Calif.

Cormany Gives Report

Miss Esther Cormany, associate professor in the Department of Clothing and Textiles, attended the regional meeting of experiment station research workers in textiles, clothing and related arts at Chicago. Miss Cormany reported on factors affecting the service qualities of certain textile fabrics, which she has been investigating as a Purnell project.

Students Plan Drive

A person-to-person campus drive for contributions for the World War II Memorial Chapel at the College is tentatively planned by the 45-member student chapel fund committee. If approved by President Milton S. Eisenhower, the drive will probably open in late April or early May, according to Dean Schowengerdt of Reserve, chairman of the student committee. No goal has been set for the student drive. Last semester about \$4,000 was collected in the campus campaign.

COLLEGE STUDENTS ADD THEIR GIFTS AS MEMORIAL CHAPEL DRIVE ADVANCES

Kansas State College students who recently have contributed to the all-faith memorial chapel fund include Ronald E. Jackson, Sykes E. Trieb, Velma Weaver, Evelyn Bowman, Vivian Heir, Jean McCollum, Helen Kreipe, Ruth Rhea, Audrey Sims, Mildred Sims, Margaret Mustard, Thelma Sexton, Dorothy Behermeyer, Mary E. Gregory, Mattie Cassity, Ray Doyan, Howard D. Neighbor, Charles M. Dudley, Wayne Karl, Edna Blystone, Louis B. Bender, Jr.

Eileen Hagan, Anita Hagan, Doris Virginia Yeoman, Virginia Reish, Kay Chalk, Maxine Russell, Norman Woolgart, Richard Fidell, Harold Oelschlaeger, Hugh Karstadt, La Fiel, Hill's Heights, Dan O. Cain, Jr.

Gerry McCurdy, Jeanne Anderson, Kate Clark, Willis Cross, Marion Terrill, Roylenn LaRosh, Ruby Dicky, Marcia Bigham, Miriam Colver, Enas Hansen, Betty Byerly, Loreta Stricklin, Louise Mosier, Mary Louise Maden, Gladys Goff, Helen Cool, Virginia Grandfield, Dorothy Wilson, Virginia Sedgwick, Delores De Fries, Mrs. George Farmer.

Mary Peddicord, Barbara McCoid, Mr. and Mrs. C. E. Thuma, Oris Somers, Beverly Rubick, Carolyn Meyers, Irene Henoungson, Anne Breckenridge, Mary Ella Battin, Jane Moats, Betty Carlson, Geneva Brunner, Bonnie Brunner, Margaret Matthew, Marjorie Eberly, Annette Sjostrem, Betty Fitzgerald, Eleanor Fitzgerald, Betty Trubey.

Other contributors include Mrs. George Farmer of the Clovia house; Hill's Heights, an organized house; La Fiel and Mattie Cassity, Maisonneville house.

H. N. BARHAM IS PRESIDENT OF AGRICULTURAL SOCIETY

Cox, Frazier, Wilbur are other officers of select group

H. N. Barham, professor of chemistry, has been elected new president of Gamma Sigma Delta, honorary agricultural society at Kansas State.

Other new officers include Rufus F. Cox, professor of animal husbandry, vice-president; John C. Frazier, associate professor of botany and plant pathology, treasurer; and D. A. Wilbur, associate professor of entomology, secretary. All will take office in July.

The annual banquet of the society will be at 6:30 p. m. April 18 in the College cafeteria building. Speaker will be Dr. Rudolf Bennett Rucker, professor of zoology at the University of Missouri. Attendance at the banquet will be limited to society members. Visitors may attend the talk.

MILTON EISENHOWER WRITES FOR KIWANIS PUBLICATION

President's review of UNESCO is featured this month

President Milton S. Eisenhower of the College has written the leading article, "The Minds of Men," for the April issue of the Kiwanis Magazine.

The article reviews the task of the United Nations Educational, Scientific and Cultural Organization and tells how the average man can cooperate in the project. The student International Security Assembly, College extra-curricular activity organization patterned after the United Nations, is described in the article. Three photographs illustrate I. S. A. activities.

President Eisenhower is permanent chairman of the U. S. National Commission for UNESCO.

Art on Display

Faculty members of the architecture department at the College will show their water colors, paintings, prints and drawings in a series of displays during April and May, it was announced by Prof. Paul Weigel, department head.

FIRST INTRA-SQUAD FOOTBALL SCRIMMAGE SET FOR SATURDAY

Francis to have first look at team in action

Sam Francis will get his first look at Kansas State football candidates under game-like conditions next Saturday when the Wildcats tangle with one another in an intra-squad scrimmage.

That look-in at his charges under fire means that from now on out the new Wildcat head gridman will be keeping his eyes sharp for potential first string material. During the first two weeks of spring practice just completed, Francis and assistants Norvall Neve and Staley Pitts, have concentrated on teaching everyone—letterman and rookie—the fundamentals of blocking, tackling and ball handling. Now, the coaches are watching for men who can best execute the fundamentals when the going is rough.

PLAY ON AHEARN FIELD

"We will move onto the stadium field for the practice scrimmage so the ball players can get used to digging in on the home turf where they'll play four mighty important games next fall," Francis said. He added that all Wildcat scrimmages under game-like conditions would be held on Ahearn Field in Memorial Stadium. Regular drills are held on a practice field north of the stadium.

While the scrimmage will resemble a full-length game, it is probable that Francis frequently will halt action to give corrections, suggestions and illustrations to players. The former Nebraska all-American and his assistants insist on perfection in all departments of the game. "Learn things right on the practice field and they will come naturally when the chips are down," emphasizes Francis.

ABOUT 140 CANDIDATES

Approximately 140 men have been reporting to the Wildcat spring practices. Francis said he planned no squad cut, believing that the candidates will eliminate themselves.

He is not ready to list any starters for the two squads that will battle Saturday. "After I see them in action, then we'll have some names for you for the following scrimmage," Francis promised. The new Wildcat coach is determined to build a fighting, spirited team for next fall and every candidate will have a chance to "show" before final varsity squad selections are made. Several of the former K-State lettermen are currently competing in spring sports so Francis may not have an opportunity to see their play until September. The Wildcats' first game is with Oklahoma A and M in Manhattan, September 20.

YMCA ELECTS STERLING MAN PRESIDENT; SELECTS BOARD

Wilbur Engelland is new head of College "Y"

Wilbur Engelland of Sterling, sophomore in the School of Arts and Sciences, has been elected president of the College YMCA. First, second and third vice-presidents are Roger Wilk, Clearwater; Bob Weatherbie, Iola; and Alfred Pancake, Atwood. Harold Dalbom of Viola is recording secretary.

Student members of the board of directors are John Aiken, LaHarpe; Ralph Arnold, Rozel; Delbert Carper, Lebanon; Loren Cline, Lyons; and Dick Warren, Garnett.

Faculty board members are M. F. Ahearn, professor of physical education; Thurlo McCrady, director of athletics; Paul Torrance, instructor in psychology; W. E. Grimes, head, Department of Economics and Sociology; H. H. King, head, Department of Chemistry; H. T. Hill, head, Department of Speech; and Jules Robert, professor of applied mechanics and hydraulics, treasurer of the board.

The Manhattan businessmen on the board are William F. Farrell of Farrell's Sinclair Service, Arthur Peine of Perry Packing Company and the Reverend Raymond V. Kearns of the First Presbyterian Church.

To Teach at Oberlin

Miss Norma Thompson of Haviland, senior in home economics at Kansas State, has accepted a position to teach vocational homemaking in Oberlin high school next year.

Big Six Champ

Stanley Fansher, Kansas City, Mo., freshman in agriculture, won the 145-pound Big Six wrestling championship this spring. The Wildcat star won 14 of 16 matches during the regular season and just missed placing in the national meet. He will be awarded a trophy by Coach B. R. Patterson for scoring the most points for the K-State team this season.

Has Article In Fortune

Dr. D. C. Warren, research worker in poultry genetics at the College, is mentioned in the Farm Column of Fortune magazine for March. His work with White Rock poultry was cited by the column with emphasis on the "Chicken of Tomorrow." After several years work Dr. Warren has succeeded in obtaining a strain of White Rocks which breed true after crossing with New Hampshires to improve feathering quality and with Rhode Island Reds for increased egg production. He has built up a flock of this strain to the point where effective selection can now be made.

PROFESSOR STATES MILLING, BAKING CHARACTERISTICS OF KANSAS WHEAT

Milling and baking characteristics of Kansas wheat varieties are discussed in Circular 238 recently released by the agricultural experiment station at the College. The publication, prepared by John A. Shellenberger, deals with the 11 varieties of hard red winter wheat commonly grown in the state.

Experimental work on Tenmarq, Blackhull, Turkey, Early Blackhull, Chiefkan, Red Chief, Kanred, Cheyenne, Comanche, Pawnee and Wichita has produced data of interest to both millers and bakers as well as to farmers. Information in the circular is expected to be valuable for proper processing of the wheat, both in the mill and in the bakery.

Mill data obtained in the project include test weights, ease of grinding, blending factors and flour yield. Baking tests have produced comparative data on water absorption, mixing time, handling properties of the dough and loaf quality of the bread. These facts have been determined for each variety of wheat on special equipment in the laboratory of the Department of Milling Industry at the College.

A. A. U. W. Meeting Saturday

The Branch Meeting of the American Association of University Women will be held at 2:30 Saturday afternoon, April 12, in Recreation Center, at the College. The guest speaker for the meeting will be Miss Phyllis Dredge, of London, one of three English exchange teachers in the United States. She teachers at Leavenworth. Miss Dredge will talk on English education and reconstruction. The program has been planned by two groups—the Social Studies, Mrs. R. W. Conover, chairman, and the Recent Graduate, Miss Doris Compton, chairman. The public is invited.

A. THORNTON EDWARDS SUCCEEDS M'CORD AS HOUSING DIRECTOR

Edwards was formerly veterans' service officer at College

A. Thornton Edwards of Manhattan has been appointed coordinator of housing at the College effective April 16 to succeed Hal McCord, who recently announced his resignation.

G. Orval Ebberts, assistant veterans' service officer at the College, will take Edwards' present position as veterans' service officer.

FORMERLY TAUGHT SCHOOL

Principal of Bluemont school, Manhattan, for six and a half years, Edwards became veterans' service officer at the College in January, 1946. He has bachelor of science and master of science degrees from the College. McCord has not yet announced his plans.

Mr. Ebberts came to Kansas State as assistant veterans' service officer May 25, 1946. Prior to this time he had been principal of Eugene Field School for three years. He received his teacher's certificate from the Kansas State Teachers College at Emporia. He taught school for 18 years before coming to KSC.

OTHER CHANGES MADE

Other staff changes announced at the College include the appointment of Mrs. Marian E. Mull as temporary part-time instructor of Speech; Mrs. Dorothy Wilson Werts as part-time graduate assistant in English and Hurley D. Cook as temporary part-time graduate assistant in chemistry.

EISENHOWER SAYS UNESCO NEEDS UNDERSTANDING OF AMERICANS

(Continued from page one)

standing of other sections of the world is no more valid.

The gaining of international understanding, is "your problem and UNESCO's too." When the people of this country begin to try to understand those of other lands, they will have joined UNESCO's fight.

The 14 sections of the first National conference studied diverse facts of the picture of understanding from educational reconstruction and community participation in UNESCO work to studies of the Natural sciences and the contribution of the creative arts to understanding.

President Eisenhower was chairman of the first National conference on UNESCO and is also chairman of the 100-man National Committee which acts as an advisory body to the State Department and this country's delegation to the international meetings of the organization.

His speech was carried over CBS at 3:45 Tuesday afternoon and was rebroadcast by radio station WIBW of Topeka Tuesday evening.

The report of the UNESCO meeting in Philadelphia was reported in Time Magazine this week. President Eisenhower's picture appeared along with that of Assistant Secretary of State William Benton and some representatives of various organizations attending the conference.

MILLING, GRAIN COMPANIES GIVE \$2,400 RESEARCH FUND

Ag Experiment Station to study winter wheat breeding

Use of perennial wheat in breeding resistance to unfavorable conditions in varieties of winter wheat grown in Kansas will be financed at the College Agricultural Experiment Station by a \$2,400 fund set up by four mid-west milling and grain companies. The fund will be used primarily in employing research assistants.

Development of perennial wheat for use in Kansas was first advocated by Paul Uhlmann of the Uhlmann Grain Company of Kansas City. Research proved that the perennial plant was not satisfactory for grain production, but that it was resistant to drouth, disease and low temperature. Uhlmann believes that use of perennial wheat as parent stock to breed these qualities into winter wheat may stabilize wheat production and avoid the great "lows" occurring in bad years.

Donors of the research fund are the Uhlmann Grain Company, Rodney Milling Company, Midland Flour Milling Company, and Flour Mills of America.

THE KANSAS INDUSTRIALIST

Volume 73

Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, April 24, 1947

Number 21

Grads Wanted Back for Alumni Day, May 31 More Than One-Third Chapel Goal Obtained

CONTRIBUTIONS FOR MEMORIAL REACH THE \$100,000 MARK

Cash received by College to date is
\$54,283.83

The \$275,000 campaign for an all-faith memorial chapel and chime tower at Kansas State is progressing with contributions coming in each day from alumni, former students and friends of KSC.

Of the total of approximately \$100,000 in cash and unpaid pledges received by the College for the chapel fund, \$54,283.83 is in cash.

47 MEMORIALS ESTABLISHED

Thus far there have been 47 individual memorials established in the chapel. Recently Dr. W. E. Grimes, secretary-treasurer of the KSC Endowment Association, completed negotiations with officers of nine classes to transfer \$4,588.06 in class funds to a special chimes fund for the chapel.

The drive started last fall for the chapel, which will be a living memorial to 5,000 alumni and former students who served in World War II and especially to the 200 K-Staters who died for their country.

The KSC Alumni Association is working to raise the \$275,000 needed to build the memorial. Chapel committees are helping in Kansas and over the U. S. in raising funds.

APPEAL TO EACH ALUMNUS

Arthur Peine, Manhattan, general chairman of the chapel campaign committee, has appealed to each alumnus and former student to do his part in helping to build the chapel. A high percentage of participation by alumni is the goal of the committee.

Student, faculty, and KSC employees' committees now are active on the campus in raising money for the project.

Mr. Peine explained that money to build the chapel must come entirely as gifts. It is not possible for the state to appropriate funds for the memorial.

EVERYONE CAN HELP

You can help build the chapel by joining the alumni group in your community and giving it your assistance. Another way to help is to give as generously as you can when volunteer workers from the chapel committee in your community call upon you. Or you can make your contribution without waiting for personal solicitation. Your money may be sent directly to the Kansas State College Endowment Association, Manhattan. (A coupon for chime-ringers is published on page 3.)

Ex-servicemen and other friends of KSC chose a chapel as a most appropriate war memorial for Kansas State. For a long time our College has needed a chapel as a focal point for religious activities on the campus. Here is your opportunity to help fill that need.

Mail your contributions to the Kansas State College Endowment Association. Donors can deduct contributions up to the maximum allowed by law in making out income tax returns.

Plan Temporary Student Union

A plan for a temporary Student Union building to meet the urgent recreational needs of KSC students has been announced by President Milton S. Eisenhower, who said the Union will be "either the Wareham house or something better." The Wareham house, located near the campus, has been used by the extension service for office space.

Everett Brown, Oxford, sophomore in industrial chemistry, and Kathryn Larson, Abilene, freshman in home economics and nursing, check the poster "thermometer" which shows cash contributions received in the \$275,000 fund-raising campaign for an all-faith chapel and chime tower at Kansas State. More than \$60,000 has been contributed in cash thus far. The chapel will be a memorial to 5,000 K-Staters who served in World War II and especially to the 200 who died in the service.

THURLO MCCRADY PROMISES TEAMS 'TO BE PROUD OF'

Message to alumni outlines news of
Kansas State athletics

To Kansas State Alumni:

"I am happy to have this opportunity to greet you and to bring news of Kansas State athletics. As you may know, I came to Kansas State as your Director of Athletics this spring. Sam Francis, our newly appointed football coach, has selected a staff which includes Staley Pitts (Kansas State all-Big Six guard 1938) as line coach; Norvall Neve, one of the top Kansas high school coaches, as backfield coach; Lud Fiser (Kansas State 1931) as freshman coach. Coach Francis and his staff have been putting the spring squads through their paces, and have developed a marvelous spirit among the squad members.

"Briefly I should like to give you a few of the objectives that I have set forth as my goal.

'BE CREDIT TO THE SCHOOL'

"1. To give Kansas State the type of intercollegiate teams that will be a credit to the high standard of the College and the type of teams the alumni can be proud of—win or lose! I believe that competitive sports are the show windows of physical education and physical well being. Without emphasis on competitive sports we are apt to remove the incentive for the type of training which leads to physical well being. There can be no hard and fast line drawn between competitive sports and physical education as such. The two go hand in hand.

"2. To give to the Kansas State student body a thoroughly organized program of sports and recreational activities.

"3. To present a physical education program aimed to train prospective

(Continued on page two)

GOVERNOR FRANK CARLSON IS COMMENCEMENT SPEAKER

First former student to be elected to
state's highest office

Governor Frank Carlson, f. s., of Kansas will speak at the spring commencement exercises at the College June 1, according to an announcement this week by President Milton S. Eisenhower.

Governor Carlson is the first former student of KSC to be elected governor of the state and will be the first governor to give the principal commencement address.

Governor and Mrs. Carlson will be among the guests of President and Mrs. Eisenhower at a reception at the President's home on the campus the afternoon of Commencement Sunday, June 1. The reception will be from 4 to 6 p. m.

HONORARY DOCTOR DEGREES TO TWO KANSAS STATE GRADUATES PLANNED

Plans are being made at Kansas State College for the conferring of honorary doctor of science degrees upon two graduates of the College on Commencement Sunday, June 1.

The graduates are Mac Short, 1605 Valley View Road, Glendale, Calif., and Donald F. Jones, 199 Hartford Turnpike, New Haven, Conn.

Mr. Short, who graduated in mechanical engineering in 1922, is vice-president in charge of engineering at the Lockheed Aircraft Corp., Burbank, Calif. The honorary degree would be conferred "for outstanding contributions in the field of aeronautical engineering."

Mr. Jones, a 1911 graduate in agriculture, is a geneticist with the Connecticut Agricultural Experiment Station at New Haven. The honorary degree to Mr. Jones would be conferred "for his achievements in the development of hybrid corn."

CHILDREN OF OUT-OF-STATE ALUMNI MAY ATTEND KSC NEXT SEMESTER

If you're an alumnus of Kansas State, live out of Kansas and have a son or daughter who wants to attend KSC next semester, the prospects are bright.

Dr. S. A. Nock, director of admissions at the College, announced recently the State Board of Regents has amended the priority system of admissions at the College, effective with the opening of the second semester of this school year, to include children of out-of-state Kansas State alumni in the No. 1 priority.

Dr. Nock explained that under the amended plan, applications from such persons will be received on an equal basis with residents of Kansas.

The board of directors of the KSC Alumni Association requested the amendment and the Board of Regents approved it.

ONLY LIVING GRAD CLASS '77 MAY ATTEND ALUMNI DAY

Mrs. Ella Carroll, 90, Manhattan, is
survivor of group of 9

Mrs. Ella (Child) Carroll, '77, who lives at 521 Thurston, Manhattan, may attend Alumni Day and Commencement activities at the College this spring.

Mrs. Carroll, only living member of the class of '77, is past 90 years old. She said she would "like very much to attend the Alumni Day programs." Although her eyesight is not good, Mrs. Carroll is quite active.

Other members of the '77 class, which was scheduled for a reunion this year, were George H. Failyer, John S. Griffing, W. C. Howard, Fred O. Hoyt, Louis E. Humphrey, James F. LaTourrette, M. F. Leasure and William Ulrich.

Mrs. Nellie Kedzie Jones, '76, of Madison, Wis., is the oldest living Kansas State graduate so far as classes are concerned.

WELCOME EXTENDED BY COLLEGE FOR REUNION, COMMENCEMENT

Festivities end with awarding of
degrees at exercises June 1

A hearty welcome has been extended by College officials to hundreds of KSC alumni over the United States to attend reunions of 13 classes starting with the 1877 group.

The annual reunions, to be held on Alumni Day, May 31, in connection with Commencement Sunday, June 1, will include classes of '42, '37, '32, '27, '22, '17, '12, '07, '02, '97, '92, '87 and '77.

Members of classes holding reunions this year are asked to write to friends and classmates about Alumni Day and urge them to attend.

Ten Manhattan reunion committees are busy writing to classmates over the country telling them about reunion plans. Chairmen of the various groups include Mrs. A. N. Blackman, for the class of '97; Ed Amos, class of '02; J. C. Richards, '07; A. J. Mack, '12; Mrs. C. O. Grandfield, '17; Walter J. Rogers, '22; Leland Hobson, '27; Alvin Hostettler, '32; A. H. Duncan, '37; and Arlin Ward, '42.

REGISTER IN MORNING

Alumni Day, May 31, will start with registration of returning graduates in the alumni office of Anderson Hall from 10 a. m. to noon. At noon class luncheons will be held at the College cafeteria.

At 2 p. m. on Alumni Day an alumni business meeting will be held in recreation center. All alumni are urged to attend this meeting. At 6 p. m. the alumni dinner to seniors will be followed by a dance in Nichols Gymnasium. Tickets are \$2 each—good for the banquet and dance.

A coupon for reservations for the banquet and dance is published in this issue of THE INDUSTRIALIST. Reservations can be made up to 2 p. m., Saturday, May 31.

The College a cappella choir of 79 voices will present a program at the alumni-senior dinner on Alumni Day. The choir is directed by Prof. Luther Leavengood, head of the music department.

PRESIDENT TO GIVE RECEPTION

Commencement Sunday, June 1, will begin with President and Mrs. Eisenhower's reception from 4 to 6 p. m. At 7:45 p. m. the academic procession will start followed by commencement exercises in the College stadium at 8 p. m. There will be approximately 500 degrees awarded, including those to seniors and the advanced degrees.

Caps and gowns will be worn at the commencement exercises by members of the classes of '07, '02, '97, '92, '87 and '77.

One K-State graduate from out of the United States will return for this year's reunion. She is May Ernestine (Umberger) Long, DS '07, Apartado 1565, San Jose, Costa Rica.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. Lashbrook.....Editor
 Ted Peterson, Helen Hostetter,
 Fred M. Parris, Jean McLain.....Assistant Editors
 Kenney Ford.....Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in instalments. Membership in alumni association included.

THURSDAY, APRIL 24, 1947

REUNIONS AND THE CHAPEL

Another Alumni Day May 31 will bring back-slapping and handshaking among K-State graduates who return to Alma Mater for reunions. Classmates who haven't seen each other in years will experience renewed thrills and joy in talking over the old days at Kansas State.

While you are on the campus for your reunion we hope you will think seriously about the World War II memorial Kansas State plans to build. We feel you will want to give the project not only financial support but also moral and physical help.

The chapel campaign committee's idea of \$1 a stone for the chapel should inspire you to be a helper in building the chapel. Ten stones or more will make you a builder and 100 stones or more will qualify you to be a master builder. The chapel is going to need a lot of stone.

Back in your home town after the reunion you can help build the chapel by giving the project your moral support and working with local committees in raising the money. Boost the chapel when talking to other KSC alumni, former students and friends of the College who are interested in religion. We hope you will contact the chapel committee in your community and offer to help in any way you can. If every alumnus and former student pitches in the \$275,000 fund-raising drive will be successful. It will take your efforts and those of your classmates to build the memorial chapel.

Perhaps you are not returning to the campus this year for a reunion. As you stay at home with your thoughts about your classmates and the school, give some attention to the World War II chapel. This living memorial is one which will inspire for years to come. We are sure you will be proud to have had a part in building this chapel for the 5,000 who served and the 200 who died.

THE INDUSTRIALIST PRINTED CONTINUOUSLY FOR 72 YEARS

April 24 is anniversary of the first number of this paper

THE INDUSTRIALIST has a 72nd birthday anniversary with this issue.

The first number of THE KANSAS INDUSTRIALIST was dated April 24, 1875 and the paper has been published continuously since then although its form and frequency of issue have not been uniform.

First issues of THE INDUSTRIALIST were in magazine form.

THE INDUSTRIALIST was changed in form from the magazine page to newspaper style October 22, 1910.

NOW 1,946 PAID LIFE MEMBERS IN KSC ALUMNI ASSOCIATION

Since December, 46 graduates have joined, says Kenney L. Ford

With 46 graduates becoming life members of the KSC Alumni Association since last December, there now are 1,946 paid-up life members in the association, according to Kenney L. Ford, executive secretary.

Graduates who have become life members since December 5, 1946, include:

Howard Dale Kirgis, '36, Norfolk, Va.; Edith (Wilson) Dalrymple, '45, San Antonio, Texas; Emmett W. Schlaegel, '43, Olathe; Claire W. and Velma (Liles) Munger, '32, Kingsdown; D. Dean Dicken, '37, Lincoln; Margaret Alice Neiman, '18, Tulsa, Okla.; Anna Dueser, '43, Oakley; Leora Evalyn Bentley, '45, Lexington, Ky.; John P. Irwin, '37, Ottawa; H. E. Skinner, '11, Beverly.

Kenneth S. Davis, '34, New York, N. Y.; Lee Toadvine, '32, Tribune; C. A. Jones, '24, Kansas City, Mo.; Clarence A. Rinard, '31, San Antonio, Texas; Isabel G. Fell, '38, Effingham; Thelma Pierce, '45, Neodesha; J. L. Lush, '16, Ames, Iowa; Harold A. Thackrey, '14, Portland, Ore.; Grace (Brandner) Crouch, '42, Leoti; Paul A. Cooley, '29, Washington, D. C.; Ruth Fenton, '46, Chapman; Helen Stinebaugh, '46, Topeka.

J. C. Mohler, Dr. '46, Topeka; Alice LaVerne Schroeder, '40, Hutchinson; Homer Dale Spiers, '46, Kansas City; Marvin Dale Norby, '47, Pierson, Iowa; Frederick W. Boebel, '46, Peoria, Ill.; Rida F. Duckwall, '27, Emporia; Floy (Toothaker) Nixon, '40, Eureka; Margaret L. Hill, '43, Chicago, Ill.

E. Mildred Stevens, '35, Redlands, Calif.; Russell A. Leeper, '40, Des Moines, Iowa; Richard Dreyer, '42, Maywood, Ill.; Dorothea Nielson, '40, Quinter; Glen A. Sites, '46, St. Joseph, Mo.; Jean C. Smith, '45, Brooklyn, N. Y.; Margaret (Buzzard) Goffinet, '43, Fort Scott.

E. Malcolm Strom, '39, Kadoka, S. D.; Frank H. Graham, '13, Pittsburgh, Pa.; Irwin S. Hall, '44, Wichita; A. Thomas Schade, '37, Liverpool, N. Y.; B. Kathleen Emmert, '44, Long Island, N. Y.; Lina M. Shippy, M. S. '30, Chapman; Thomas A. Mitchell, '26, (deceased) by Kathryn T. Mitchell, Falls Church, Va.; C. I. "Ike" Kern, '40, Wahiawa, Oahu, T. H.

KSC Rings, Pins for Alumni

This is the design for the official Kansas State rings and pins approved and adopted last year.

The rings or pins may be obtained with any degree and any year. This part of the insignia is placed on the shanks of the ring below the Wildcat insigne. The ring may be set with almost any color of stone. Black onyx, ruby and purple amethyst are the most popular.

Rings and pins may be ordered through the KSC Alumni Office, which will be glad to furnish additional information and order blanks upon request.

Help Us Find These Grads!

The Kansas State College Alumni Office needs help in locating more than 100 graduates of the College. If you know the addresses of any of the following alumni, please send the information to the alumni office. Any help you can give will be greatly appreciated.

If you would like to have the address of a KSC friend, write us. If we do not have it, we will publicize that fact in THE INDUSTRIALIST. Perhaps some other friend can supply the wanted information.

THURLO M'CRADY PROMISES TEAMS 'TO BE PROUD OF'

(Continued from page one)

coaches, athletic directors, recreational directors, and physical education instructors for our Kansas high schools and communities. We have a great many very fine coaches and physical education instructors in the field who have been instrumental in keeping Kansas State athletics on a high plane.

"4. To develop facilities on the campus for intercollegiate sports and physical education activities. Our new field house which at long last is to be a reality will answer many of our problems although we are still badly in need of practice fields and play areas which have been depleted somewhat by temporary housing units.

"5. To maintain a happy balance within the department as concerns the various sports, coaches, instructors, and facilities. There has been a tendency in some schools to go "all out" for one type of activity at the expense of other parts of the program. I hope to be able to present a program with proper balance to each activity.

"6. To coordinate the department with other agencies such as the alumni, the administration and faculty, the student body, and the general public.

"Elsewhere in this issue is printed the 1947 football schedule. Why don't you make plans now to come back for as many games as possible? I shall be looking forward to the opportunity to meet you personally and to talk over our athletic plans which are of mutual interest. Please be assured that this department is anxious to have the full cooperation of the Kansas State alumni no matter how far away they may be from the campus."

Sincerely yours,
 Thurlo E. McCrady,
 Director of Athletics.

Dr. Willard Sees 85 Years

Dr. J. T. Willard, College historian, celebrated his 85th birthday anniversary April 9 by working as usual at his office in Anderson Hall. He is in good health and works daily from 10 a. m. to 5 p. m. Dr. Willard enjoys having alumni call on him at his office. Letters from graduates also are enjoyed. Dr. Willard was born near Wabaunsee.

Editor Visits Campus

Carroll Streeter, managing editor of the Farm Journal magazine, visited on the campus recently.

CHAPEL WILL BE ADAPTABLE FOR SERVICES BY ALL RACES

Catholic altar to be portable; may be moved to center of chancel

"What will the chapel be like?"

That is the question asked by many K-Staters and friends of the College who are interested in helping build the World War II memorial.

It will be an all-faith chapel—suitable for religious services by Protestants, Catholics and Jews.

Prof. Paul Weigel, head of the KSC department of architecture, said it has been agreed that the altar to be used for Catholic services will be of portable type to be moved into a position on the chancel for Catholic services.

A separate room will be provided for the Catholic altar when it is not in use. For the services it will be moved from the room to the center of the chancel. A curtain then will be drawn immediately behind the Catholic altar to serve as a background and to shut out the view of the permanent chapel altar.

A program will be arranged so that all religious groups will have ample opportunity to conduct their religious programs and services.

After considerable research the department of architecture at the College made preliminary sketches of plans for the chapel and chime tower. Architecturally the chapel will derive its inspiration from the Gothic, traditional in church architecture.

To conform with other buildings on the campus the new chapel will be built of native limestone. The floor plan of the building is L-shaped. The larger portion of the L will be the all-faith chapel which will have a seating capacity of 526. This chapel will be 159½ feet long and 49 feet wide.

The smaller portion of the L will be the meditation chapel, 26 by 42½ feet in size. This chapel will have a seating capacity of 56 and will be used primarily for individual meditation and reflection, although it may be used occasionally for religious services by small groups.

Names of the 5,000 Kansas State men and women who served in World War II will be inscribed on tablets within the chapel. Special plaques will be used to carry the names of the 200 K-Staters who died in the service.

An interesting part of the chapel project will be the chime-tower which will rise majestically above the all-faith chapel. It is planned to play the chimes twice daily—once before classes start in the morning and again just before classes start in the afternoon. For many a K-Stater the building of a chime tower will fulfill a long-held hope.

IT KEEPS YOU INFORMED!

Keeping posted on your Alma Mater is no snap unless you're a regular reader of THE INDUSTRIALIST. Unless you are a member of the Alumni Association, you will receive only this and one other special edition of THE INDUSTRIALIST each year. During the school year this newsy alumni publication keeps you informed about your College. Join the Alumni Association and keep in touch with KSC through THE INDUSTRIALIST. Fill out the coupon and mail to The Alumni Office, Kansas State College.

☐ Five Year Membership \$15.00
 INDUSTRIALIST for Five Years

☐ Annual Membership \$3.00
 INDUSTRIALIST for One Year

Life Membership (INDUSTRIALIST for Life)

I,, of the..... class of KSC do hereby apply for life membership in the KSC Alumni Association. In consideration I promise to pay the following amounts when due:

1. <input type="checkbox"/>	\$50.00 on or before.....1, 194....
2. <input type="checkbox"/>	\$50.00 in 10 successive monthly instalments of \$5 each, beginning.....1, 194....
3. <input type="checkbox"/>	\$13.00 on or before.....1, 194.... \$12.40 on or before June 1, 194.... \$11.80 on or before June 1, 194.... \$11.20 on or before June 1, 194.... \$10.60 on or before June 1, 195....

AMONG THE ALUMNI

W. L. Harvey, '02, writes from Route 2, Box 102, Highland, Calif.: "I expect to be at KSC for the commencement exercises in June. It is my 45th anniversary."

The Morrison award of the American Society of Animal Production was granted J. L. Lush, Ag '16, professor of animal breeding, Iowa State College, at the annual meeting of the society November 30. The award of \$1,000, first of five to be made from funds provided by F. B. Morrison, Cornell University, and his wife, Elsie B. Morrison, is given to members of the society who have done outstanding recent research of direct importance to livestock production.

Capt. N. A. McCosh, DVM '17, is at APO 845, Borinquen Field, Puerto Rico.

1920-1930

Winfred O. McCarty, Ag '23, is a high school teacher of shops and science at Clyde. Mrs. McCarty is the former Esther Margaret Thomas, HE and N '27.

Lucille A. (Gramse) McCarthy, HE '23 and MS '32, is a dietitian at Pomona College, Eli Clark Hall, Claremont, Calif.

The address of Hilda (Frost) Dunlap, IJ '27, and Jack W. Dunlap, Ag '24 is Lockwood Road, Riverside, Conn.

Fred C. Mason, CE '26, writes from 342 Orchard Street, Elgin, Ill.: "I am still employed by the State of Illinois division of highways as district traffic engineer. Our district includes eight counties in the metropolitan area surrounding but not including Cook County and the city of Chicago with headquarters in Elgin."

The address of Garnet (Kastner) Carter, HE '26, and Maj. Philip R. Carter, DVM '26, is Public Health Branch, OMGUS, APO 742, New York, N. Y. Major and Mrs. Carter are living in Berlin, Germany.

The address of Arthur N. Stewart, CE '27, is U. S. Coast and Geodetic Survey, Washington, D. C. He is a hydrographic and geodetic engineer, holding the rank of lieutenant commander.

Artie Clark, f. s. '27, is a sales representative for the General Electric Intermountain district. His address is 95 Chimes View Drive, Ogden, Utah. Mr. Clark is president of the Utah KSC Alumni Group.

The address of Susan (Scott) Loynes, HE '28, is 2501 East Ocean Boulevard, Long Beach 3, Calif.

Alfrada F. Bock, GS '28, is a speech teacher at the Paseo High School in Kansas City, Mo. Her address is 3540 Wabash Avenue, Kansas City 3, Mo.

Transitmen of the engineering department for the Santa Fe railroad living at Chanute are E. E. Beach, f. s. '29, 219 South Lafayette, and B. H. Markle, f. s. '29, 530 South Highland, Chanute.

Lt. Isabelle (Gillum) Dubar, MS '29, is a medical department dietitian with the U. S. Army. Her address is Station Hospital, Camp Polk, La.

William R. Horsfall, MS '29, is an entomologist and assistant professor of entomology at the University of Illinois. His address is Department of Entomology, University of Illinois, Urbana, Ill.

1930-1940

Howard O. McManis, AgE '30, and Geraldine (Freeman) McManis, f. s., are living at Eureka. Mr. McManis is owner of the Goodrich Tire and Supply store in partnership with Sylvester Freeman, IJ '38.

Lt. Col. E. Lynn Watson, Ag and DVM '30, is stationed at Fort Oglethorpe, Ga. Colonel and Mrs. Watson have two children, Zenobia Winnie and Edgerton Lynn, Jr. Colonel Watson writes: "I have been in the Army since graduation. The old slogan: 'Join the Army and see the world' didn't particularly interest me but it has certainly applied." Colonel Watson is station veterinarian at Fort Oglethorpe.

Walden R. Peterson, GS '31, is district superintendent of the Continental Oil Company. His address is 2212 Huntoon, Topeka. Mr. and Mrs. Peterson have a son, Michael Walden.

The address of Edna Fay (Allen) Glaser, HE '31, is 400 West Twenty-Fifth, Hutchinson. Her husband, Dr.

Leland Glaser, is with the St. Elizabeth and Grace hospitals in Hutchinson. Dr. and Mrs. Glaser have a son, Larry Forrest, 5.

Herman C. Bunte, EE '32, is assistant city engineer at Hutchinson. He and Helen (Chrislip) Bunte, f. s., live at 1911 North Adams, Hutchinson.

Donald P. Brenz, ME '32, is an engineer with the Shell Oil Company manufacturing department. His address is 106 North Main Street, Park Ridge, N. J.

David M. Shannon, Com '33, is associated with Shannon and Shannon hardware store in Iola. Mr. and Mrs. Shannon have three daughters, Peggy and Patty, 8 years old, and Martha, 2.

Eugene W. Peck, DVM '33, has a general practice at Auburn, Nebr. He served as a major in World War II.

Anton Borecky, GS '33, is a mathematics teacher at Houston, Texas. His address is 205 E. Cowan Drive, Houston.

Edgar A. Cooper, EE '34, is a partner with Brink, Dunwoody, Cooper, architect-engineers, at Iola. Mr. Cooper and Doris (Jaedicke) Cooper, Com '34, live at 4 East Buchanan, Iola.

Donald G. Gentry, CE '34, is a structural engineer. Mr. Gentry and Mary Carolyn (Stark) Gentry, GS '35, live at 1331 Plass, Topeka.

Ralph E. Mariner, ME '35, is an engineer in Kansas City. He and Elizabeth (Smith) Mariner, HE '35, live at 1053 Rowland Avenue, Kansas City.

Edwin S. Wiseman, DVM '35, and Pauline (Pope) Wiseman, HE '36, are living at Roswell, N. M. Dr. Wiseman operates the Roswell animal hospital, 1002 East Second Street, Roswell.

Lewis S. Evans, Ag '36, is an agronomist with the bureau of plant industry, USDA, working on elimination of water hyacinths in Florida. His address is 2104 Riverside Avenue, Jacksonville, Fla.

Marion Max Dickerson, Ag '37, has been elected president of the Hiawatha Chamber of Commerce.

Arless Honstead, HE '37, is home demonstration agent in Doniphan County. Her address is Troy.

Robert Dean West, EE '37 and MS '39, is back to his former position as electrical engineer with the Duquesne Light Company, Pittsburgh, Pa. He served in the Navy three years.

Maurice R. Coulson, Com '38, and Dorothy (Uhl) Coulson, HE '40, are living at 2809 Shady Brook Lane, Wichita. Mr. Coulson is associated with the Penn Mutual Life Insurance Company as an agent, a position he has held since graduation. Mr. and Mrs. Coulson have two children, Cynthia Sue and Robert Allan.

Ralph E. Breeden, CE '38, and Lillian E. (Adams) Breeden, HE '38, are living at 509 East Maple Street, Glendale 5, Calif. Mr. Breeden is a civil engineer, working for Kaiser Engineers, Inc., of Oakland in the Los Angeles field office. Work at the present time consists of mapping and plans for land subdivision for residential developments in Southern California.

Merrill D. Geraghty, GS '39, is superintendent of schools at Weston, Nebr. Mr. and Mrs. Geraghty have two sons and a daughter.

Ethel Sklar, Arch '39, is a design architect for Burns-McDonnell Engineering Company, Kansas City, Mo.

Howard E. Bumsted, ChE '39, is an industrial hygiene engineer with the division of industrial hygiene of the Indiana board of health, Indianapolis, Ind.

1940-1946

The address of Orven Harry Armstrong, EE '40, and Arline (Raynesford) Armstrong, HE '40, is Box 191, Crockett, Texas. Mr. Armstrong is a seismograph computer for the Magnolia Petroleum Company.

Dorothea M. Nielson, HE '40, writes: "Please send my INDUSTRIALIST to Quinter where I'll be 'stationed' for the next few months teaching vocational homemaking."

John M. Parker, GS '41, and Margaret Jane (Goble) Parker, IJ '41, are living at 828 NW Thirty-First

Street, Oklahoma City, Okla. They have two children, Susan Jane and Elizabeth Harris. Mr. Parker is with the Stanolind Oil and Gas Company, Oklahoma City, Okla.

Alexander R. Geldhof, EE '41, is with the B. F. Goodrich Chemical Company, Rose Building, Cleveland, Ohio. He is a design engineer in plastics and synthetic rubber manufacturing. His address is 2666 North Moreland, Cleveland 20, Ohio.

Hugo A. Koester, ChE '42, is living at 9021 Richard Street, Highland, Ind. Mr. Koester is employed by Standard Oil Company of Indiana in the research department at the Whiting refinery.

The address of William D. Guy, Ag '42, and Ruth (Remick) Guy, f. s., is 516 West Third Street, Coffeyville. Mr. Guy is a seed buyer for Gordon Feed and Seed Company, Coffeyville.

Anna E. Dueser, GS '43, sends in \$50 for life membership in the Alumni Association, and writes: "I am teaching mathematics in Oakley again this term so my present address is still Oakley but my permanent address is 309 West Fourth, Ellinwood."

William H. Meredith, DVM '43, is practicing at Lincoln.

Walter H. Smith, Ag '43, is farming. His address is Box 153, Shawnee.

Katherine J. Newman, HE '43, is an instructor in nutrition, department of home economics, State University of Iowa. Her address is 124 Church Street, Iowa City, Iowa.

Franklin W. Newacheck, Jr., ChE '44, is an engineer with Standard Oil Company of California. His address is 1812 Bonita Avenue, Berkeley 9, Calif.

Norris D. Olson, MI '44, and Virginia (Collings) Olson, HE & N '46, are living at Sixty-First and Blue Ridge, Kansas City 3, Mo. Mr. Olson is district sales representative for the Webb Belting Company.

R. L. Schrag, EE '45, is employed in the engineering research division of Douglas Aircraft Company, Inc. His address is 8506 Naylor Avenue, Los Angeles 45, Calif. He received a master's degree in electrical engineering last June from the California Institute of Technology.

The address of Ruth (Redmond) Haggard, HE '45, is Box 63, Sabetha. She is teaching home economics in the Sabetha high school. At the end of the term she will join her husband in Lawrence.

Frederick W. Boebel, DVM '46, is living at 327 California, Peoria, Ill.

The address of A. Vernon Holman, EE '46, and Elva Ann (Nelson) Holman, HE '43, is Box 204, Forder Road, Route 11, Lemay 23, Mo. Mr. Holman is an engineer for the American Telephone and Telegraph Company in the long lines department.

MARRIAGES

GUDGELL—CORDON

Mary Louise Gudgell, Com '38, and Keller Cordon, Ag E '46, were married January 31. The Rev. O. W. Prince performed the ceremony in the First Methodist church in Olathe. Mr. Cordon is now agricultural engineer with the Portland Cement Association. Mrs. Cordon is teaching

commercial subjects in the high school at Waterville.

SCHATTENBURG—KNEDLIK

Marjorie Schattenburg, Music '39, and Norton K. Knedlik were married at the First Methodist Church in Manhattan December 26. Mr. Knedlik of Barnes is a student in business administration at Kansas State. Mrs. Knedlik is teaching music in the schools at Green. Mr. and Mrs. Knedlik are making their home in Riley.

HAGANS—GARRETT

The wedding of Aileen Hagans, f. s., and James Garrett was solemnized at the First Methodist Church parsonage in Manhattan, February 12. The Rev. H. B. Cockerill, pastor, read the service. Mr. Garrett is employed at Norton where the couple will make their home.

THOMPSON—MILLER

Mary Lewis Thompson and Earl E. Miller, Ag '39, were married February 15 in St. Andrew's Church, Washington, D. C. Mr. Miller is now on the staff of the U. S. Department of Commerce. Mr. and Mrs. Miller took a wedding trip to Bermuda and are living in College Park, Md.

WEBER—FLETCHER

The marriage of Bettye Weber, '46, and Robert Fletcher was solemnized February 8 with a double-ring ceremony at the Memorial Christian Church in Kansas City. Mr. Fletcher, a member of Delta Tau Delta, is a student at Kansas State. Mr. and Mrs. Fletcher are at home at 1310 Fremont, Manhattan.

BIRTHS

Iola (Meier) Shrout and Clayton Shrout, 6102 South Thirty-Third Avenue, Omaha 7, Nebr., announce the birth of a son, Duncan, November 23.

Jane Anne was born November 27 to Betty (Hutchinson) Schiller, HE '42, and George W. Schiller, MI '40, 414 South H. Street, Wellington. The Schillers have another daughter, Nancy, 3.

Carl Warner, Ag '38, and Dorothy (Diggs) Warner, f. s., Kalvesta, are parents of a daughter, Jane Ellen, born January 5.

Steven Richard was born January 26 to L. Jeanne (Stephenson) Beck, HE '42, and Henry V. Beck, '46, 114 Evergreen, Manhattan. Mr. Beck is a graduate assistant in the geology department at KSC. The Becks have a daughter, Sandra Jeanne, 2½ years old.

Everett Blood, GS '39, and Opal (Yeager) Blood, f. s., announce the birth of a son, David Everett, January 24. The Bloods live in Sheridan, Ore.

Wilbur Rawson, Ag '40, and Marjorie (Allen) Rawson, f. s., of Concordia, have a son, Stephen Kent, born January 28.

Robert Erickson, GS '39 and DVM

'43, and Mrs. Erickson, Chico, Calif., have a daughter, Barbara Adell, born January 20.

David Carlson, Ag '30, and Margaret (Marks) Carlson, f. s., Route 5, Manhattan, are parents of a daughter, Deborah Jean, born January 20.

Gary Wayne was born January 28 to Arthur T. Mussett, Ag '46, and Mrs. Mussett, 726 Thurston, Manhattan. Mr. Mussett is a graduate assistant in the dairy husbandry department at the College.

Jeffrey Eagin was born January 9 to Janis (Ganey) Butler, GS '40, and Jack D. Butler, CE '40, Kansas City, Mo.

George Works, Ag '38, and Jane (Dodge) Works, GS '40, Humboldt, announce the birth of a daughter, Virginia, January 24.

Daniel F. Howe, f. s. '42, and Martha (Payne) Howe, HE '42, Route 4, Manhattan, have a son, Thomas Michael, born January 29. The Howes also have a daughter, Mary Marie, one year old last September.

Georganna Jean was born January 18 to Anna (Scholz) Klema, HE '40, and Dell Klema, f. s., of McCracken.

DEATHS

RIPPETOE

Dr. Culver W. Rippetoe, DVM '34, died February 20 in a Lawrence hospital as a result of injuries suffered in an automobile accident. Dr. Rippetoe was en route to Topeka from his home in Kansas City to visit his wife and four-day-old daughter, Suzanne, when the accident occurred on highway 40 between Lawrence and Tonganoxie. Dr. Rippetoe was 33 years old and had served in the Army in World War II. His parents, Dr. and Mrs. E. A. Rippetoe and a sister, Mrs. Goldie Calderwood, live at Meriden.

FENTON

Henry H. Fenton, EE '13, former assistant professor in the electrical engineering department at Kansas State, died March 8 in Pittsburgh, Pa., where he was associated with the Westinghouse Electric Company. Survivors include the widow, Jessie (Nichols) Fenton, HE '12.

ALUMNI-SENIOR BANQUET RESERVATIONS

I will attend alumni day activities May 31. Reserve..... tickets to the alumni-senior banquet, starting at 6:00 p. m., Saturday in the gymnasium. Tickets are \$2.00 each—good for banquet and dance. Reservations will be held until 2:00 p. m., Saturday.

FOR THE 5,000 K-STATERS WHO SERVED:
THE 200 WHO DIED

Chapel Drive Supported by Alumni, Students

EVERYONE CAN AND WILL HELP SAYS CHAIRMAN ARTHUR PEINE

Kansans will be generous toward the chapel at KSC

The economic foundation of Kansas is Agriculture. Its cultural foundation is the School. Its moral and spiritual foundation is the Church.

Agriculture has been blessed with rare natural conditions favorable to high yields, by economic conditions making for gratifying prices.

For the fourth year in a row, runs the report, cash farm income in Kansas has exceeded \$700,000,000. In 1946 the cash farm income was over \$900,000,000: 15 percent higher than the previous record; five times the income of 1932.

HAS HIGH MORAL QUALITIES

Kansas is a State of high moral qualities. Our motto is "To the Stars." The rest of the motto—"Through Adversity"—does not apply to 1947.

Kansas ranked seventh among the 48 States in farm income in 1946. Let us make it rank among the highest also in cultural wealth!

World War II, unhappily, contributed much to create the prosperity of the last five years. Let us turn some of that wealth to a noble purpose.

Of course Kansas people are generous. Of course they will give to the World War II memorial at Kansas State College—the all-faith chapel.

COLLEGE IS SECOND HOME

Why, some 50 to 100 boys and girls from nearly every county in Kansas will be on the campus of Kansas State College next fall, and the next, and the next. It is their second home. And the hopes and ideals of the folks back home will go with them.

Of course they want a chapel on the campus where their sons and daughters will pass every hour of

MORE FUNDS ARE ALLOTTED FOR GYM, STUDENT UNION

College can start on proposed building program now

"What about K-State's proposed fieldhouse and Student Union building?"

That's the question many graduates have been asking.

The state legislature recently appropriated to KSC \$396,150 for building construction in 1948 and \$500,000 for construction in 1949.

With the appropriations the College can start its building program which includes a fieldhouse and gymnasium. Permission to borrow, granted by the legislature, will permit the College to supplement Student Union fees for construction of the union building. The union problem is not yet solved, since fees and the maximum amount that can be borrowed will not be enough to construct the building as planned.

New funds of \$300,000 were added to the \$750,000 already allotted for the fieldhouse and gymnasium. Date construction will start has not been announced.

WICHITA ALUMNI PLANNING ANNUAL SPRING DINNER MEET

Thurlo McCrady, Sam Francis, Jack Gardner to be honored

The Wichita chapter of the Kansas State Alumni Association will have its annual spring dinner-meeting Saturday, May 10 at the cafeteria of Wichita North high school, according to Neil McCormick, ChE '35, president of the Wichita chapter.

The dinner-meeting will honor Athletic Director Thurlo McCrady, Football Coach Sam Francis and Basketball Coach Jack Gardner, all of Kansas State. Others from KSC also will attend.

Alumni and former students in the Wichita territory or anyone in the area who would like to attend may make reservations by calling Miles George, Ag '31, secretary of the Wichita chapter, at 4-1818 or writing him at 1403 North Vassar, Wichita.

Marian L. (Buck) Wilson, HE '36, is living at 102 South Western, Chanute. Her husband, Thomas Wilson, operates a men's clothing store.

ARTHUR PEINE

the day. And of course they want it built SOON, not in 1950.

Every alumnus, every former student, every beneficiary (and who is not?) of Kansas State College wants to help. You do—and so does your neighbor, your co-worker, your boss, your banker, your merchant. See him today!

—Arthur Peine, Chairman
Chapel Campaign Committee

BASEBALL, TRACK TEAMS HIGHLIGHT BUSY SPRING SPORT SEASON AT KSC

Baseball victories, football scrimmages and outstanding performances by individual track performers, are highlighting the busiest spring athletic program at Kansas State since pre-war days.

L. C. (Lud) Fiser's diamond squad started the season in a victorious style by winning three of four games played on a tour of Oklahoma. The K-State team defeated Oklahoma A and M 6 to 5, Oklahoma City U. 10 to 2 and Oklahoma U. 20 to 6. It lost to Oklahoma A and M in a second contest 18 to 10.

Rollin Prather, big freshman shot-putter and discus thrower from Eureka, has been leading Ward Haylett's track men to glory. Prather won both the shot and discus events at the Texas Relays in Austin and broke the school record in the discus throw in a dual meet with Oklahoma A and M. He threw the weight 153 feet, which is 11 inches farther than the old record of Charles (Soc) Socolofsky.

Two other Wildcat varsity track records have been broken this spring. Harold Kiser of Delphos broadjumped 23 feet, 4 1/4 inches to beat Dick Storor's mark of 23 feet, 7-8 inch, and Rodney McClay, Ottawa, ran the 50 yard low hurdles in 5.8 seconds beating Joe Knappenberger's mark of 6 seconds flat.

K-STATE CHIME-RINGERS LIST REACHES 321 IN CHAPEL DRIVE

Chairmen, workers named at small reunions for local campaigns

Three-hundred twenty-one chairmen and co-workers, known as K-State "chime-ringers", have been named thus far in the fund-raising campaign for the World War II all-faith memorial chapel and chime tower for Kansas State.

Most of the "chime-ringers" were appointed and elected at small reunions of alumni and former students. The first such reunion was held last September 9. Since that time dozens of meetings have been held to discuss the chapel campaign and to organize local drives.

SOME HAVE FINISHED DRIVES

In Kansas, community and county chairmen were named and they now are busy directing the local drives. A few of the communities have finished their drives although the chairmen are still on the look-out for further contributions.

The 321 chairmen and co-workers appointed thus far are in Kansas and over the United States. In carrying out the drives most chairmen used the personal solicitation method. Teams were organized and each team contacted groups of alumni and former students. Many chairmen appointed large gifts committees which have been successful. Some chairmen raised considerable money by writing personal letters to alumni, former students and friends.

ORGANIZED OVER MANY STATES

The campaign for chapel funds has been organized in many of the big states, including California, Iowa, Colorado, Nebraska and Ohio.

Seventy-eight counties have been organized for campaigns in Kansas. The 27 counties not yet organized but which will be organized soon include Greeley, Hamilton, Logan, Morton, Stevens, Haskell, Gray, Lane, Gove, Sheridan, Trego, Rush, Edwards, Stafford, Russell, Lincoln, Ellsworth, Ottawa, Pottawatomie, Morris, Marion, Chase, Lyon, Greenwood, Miami, Linn and Cherokee.

Arthur Peine, Manhattan, heads the special chapel campaign committee which includes 16 members.

STUDENTS-FACULTY AID TOO

In addition there is an active student chapel committee headed by Dean Schowengerdt, sophomore from Reserve. The students conducted a chapel fund-raising campaign last November and another drive has been set for April 30-May 10.

Dr. Harold Howe is chairman of the general faculty and employees chapel committee. This group conducted a mail campaign last semester and another drive is planned for this spring.

Winifred (Knight) Morelock, GS '25, is living at 4101 Rhoads Circle, Phoenix, Ariz. Her husband, Charles Morelock, is superintendent of the Phoenix Indian School.

Governor Praises Memorial

Kansas Governor Frank Carlson, f. s., sending in his check for \$50 for the all-faith chapel fund, wrote to Dr. W. E. Grimes, secretary-treasurer of the KSC Endowment Association: "I am enclosing my check for \$50 as a small contribution to the World War II memorial chapel. This is a worthy memorial and I hope you will be successful in securing the amount needed to build it."

Dr. Grimes, in a reply to the governor, wrote: "Your interest in this project is deeply appreciated. We are receiving a gratifying response from former students, alumni and other friends of the College."

NINE COLLEGE CLASSES TRANSFER MONEY TO SPECIAL CHIMES FUND

The class of 1919 heads the list of nine College classes which have authorized Dr. W. E. Grimes, secretary-treasurer of the KSC Endowment Association, to transfer between \$4,500 and \$5,000 in class funds to a special chimes fund for the all-faith memorial chapel and chime tower.

Seibert Fairman, 491 Littleton, West Lafayette, Ind., treasurer of the class of 1919, authorized the transfer of \$824.37 from the 1919 class treasury to the chimes fund after conferring with two other officers of the 1919 class—G. W. Hamilton, 731 West Seventh Street, Plainfield, N. J., and Bruce B. Brewer, 3200 Fidelity Bldg., Kansas City, Mo.

"Our class will take pride in knowing that the class of 1919 has contributed such a substantial amount toward this fund," Mr. Hamilton wrote.

"As treasurer of the class I am ready to transfer the funds upon receipt of assurance that the class will receive a permanent recognition in the chapel," Mr. Fairman said.

Dr. Grimes assured him that "recognition of the gift of your class will be given in the chapel in the same manner that other gifts and memorials will be recognized."

F. E. Wiebrecht, 311 Kirkwood Boulevard, Davenport, Iowa, chairman of the class of 1929, gave authorization to Dr. Grimes to transfer \$879.57 in 1929 class funds to the chimes fund.

Dr. Grimes received authorization from four officers of the class of 1930 to transfer 1930 class funds into the chapel chimes fund. The officers are Kenneth Benne, Columbia University, New York 27, N. Y.; Mrs. Margaret Greep Courser, 515 Poyntz Avenue, Manhattan; Ruth McCammon, 206 Stanton, Walla Walla, Wash.; and Clarence Nutter, Stella, Nebr. This class gave \$844.58.

Officers of the class of 1931 who gave authorization for the transfer of \$772.91 in class funds included C. C. Parrish, Great Bend; Mrs. Jaunita Walker Barnes, Valley Falls; and Mrs. Vera Walker Anderson, 201 Ayliffe Avenue, Westfield, N. J.

The class of 1932 transferred \$879.90 in class funds to the chimes fund. Officers giving authorization for the transfer included Lt. Col. Clair M. Worthy, Atlantic Sector Headquarters, Panama Canal Dept., APO 830, New Orleans, La.; Ralph C. Hay, 506 West Illinois Street, Urbana, Ill.; and Mrs. Virgil Hanes Cronkite, 415 N. E. Eighth Street, Abilene.

Lee T. Railsback, Ellsworth, Minn., and Philip Ljungdahl, Manhattan,

CHAPEL NOW HAS 47 MEMORIALS ESTABLISHED FOR INDIVIDUALS

Many war dead honored by pew or stained glass window

Twenty-five individual memorials have been established for Kansas State's all-faith chapel and chime-tower since January 1. Previously 22 individual memorials had been established in the chapel.

The recent memorials:

Christian Student Fellowship, Manhattan, choir stall and front, \$175; Butler County Alumni Association, two single windows at \$500 each in the main chapel as memorials to two Butler County former students.

STUDENTS ARE REMEMBERED

Waltheim Hall, Manhattan, pew in chapel, \$200; Mr. and Mrs. L. C. Aicher, Hays, pew, \$200; A. H. Montford, Hutchinson, pew, \$200; in memory of Florence Alice Covey, pew, \$200; Mrs. Mary E. Thornbrough, Lakin, \$500 memorial for son, Wayne Thornbrough; Mrs. Hester E. Higgins, Seneca, and Mrs. Venita G. Higgins, San Antonio, Texas, nave pew with cushion, \$200, for Maj. Arlie W. Higgins.

Alpha Xi Delta, single stained glass window in main chapel, \$500; G. B. Kappelman, Concordia, window, \$500, for son, Mac Kappelman; Seniors of 1947, window, \$500 to \$700; Mrs. Faye Hellener, Manhattan, window in small chapel for husband, Lt. Robert H. Hellener, \$500; Mrs. Patricia (Collard) Hathaway, Leavenworth, pew, \$200, in memory of husband, Lt. Don Franklin Hathaway.

MEMORIALS ARE GIVEN

Mrs. B. M. Anderson, Los Angeles, pew, \$200, in memory of B. M. Anderson; Van Zile Hall, KSC, window, \$500; Hillel Foundation, KSC, memorial for three Jewish students, Max Gordon, Leon Schulman, Milton Kaslow, \$200; Maxine (Wiggins) Forline, Independence, pew, \$200, in memory of George Wiggins; Mrs. Hazel C. Enfield, Shaker Heights, Ohio, \$500 memorial to husband, Lester Enfield.

Walter Winne Stewart, Princeton, N. J., Stella Stewart, Mendham, N. J., Mabel Stewart, Oklahoma City, Okla., Albert W. Stewart, New York, N. Y., pew with cushion, \$200, in memory of Jacob Winne and his daughter, Ella Winne Stewart; Clara J. Featheringill, Independence, pew, \$200, as memorial to son, John Philip Featheringill.

FAMILIES ARE HONORED

W. W. Chandler, Lyons, \$1,000 memorial to C. Q. Chandler, from members of the family of C. Q. Chandler; Mr. and Mrs. Russell H. Oliver, Des Moines, Iowa, choir stall, \$175; Dr. and Mrs. J. T. Willard, Manhattan, a single stained glass window in nave of small chapel, \$750, in memory of parents of Dr. and Mrs. Willard; Dr. J. S. Houser, Wooster, Ohio, \$500 memorial to wife, Elizabeth (Mudge) Houser; Clovia sorority, pew, \$200.

SPECIAL PARTY PLANNED MAY 30 FOR CLASS OF '22

Returning members may celebrate at Pre-Alumni Day dinner

A special event has been planned for returning members of the class of '22 at Commencement time this year.

On Friday, May 30, the day before Alumni Day, members of the class of '22 will have a dinner-party at the Gillett Hotel in Manhattan. The party will start at 7 p. m. An informal program will be presented.

Reservations must be made by May 24 by writing to the KSC Alumni Office.

acted as officers of the class of 1936 in authorizing transfer of \$109 to the chapel chimes fund from the 1936 class fund.

Some time ago officers of three other KSC classes had authorized transfer of class funds into the chimes fund. These included the class of 1935, \$57.50; class of 1939, \$45.26; class of 1940, \$15.82.

Other funds which have been transferred to the chapel chimes fund included architectural unit, \$20; other contributions, \$1; and various classes, \$85.

In National Spotlight

Ward Haylett, track coach, and Rollin Prather, freshman from Eureka, have been in the national spotlight in recent weeks. Haylett, veteran of 29 years of coaching, has served as referee at the Central Intercollegiate Conference invitational indoor meet at East Lansing, Mich., the Colorado Indoor Relays at Boulder and the Texas Relays at Austin. Prather won both the shotput and discus events at Texas Relays and broke two shot records at the Colorado Relays. He also established a new K-State discus mark of 153 feet in a dual with Oklahoma A and M.

Number 22

Move Made Toward Securing Student Union

NEW CLASSROOMS, OTHER CAMPUS IMPROVEMENTS PLANNED FOR KSC

Three new rooms to be built in engineering building

Plans are being made by the building and repair department at the College for the paving of additional campus road, laying a new sidewalk and increasing the classroom space in the Engineering building, R. F. Gingrich, maintenance superintendent, said.

The gravel portion of the road in front of Van Zile hall, women's dormitory, will be paved. The new sidewalk will be laid behind Kedzie hall, journalism building, and Calvin hall, home economics building. Floor space for classrooms will be constructed over portions of the roads materials laboratory in the Engineering building and over the unfloored space at the engine room level of the power plant.

WORK TO START SOON

All of the projects have been fully approved and work should begin in the near future, Gingrich said. Asphaltting the area beneath the West Stadium will be done as soon as warm weather arrives.

Paving on the remaining section of the Van Zile Road, according to Gingrich, will probably be done soon after the close of this school term. "The traffic will be lighter at that time," he said, "and the weather will be more stable."

The new sidewalk will extend from Anderson Avenue, along the East side of the road, past the tennis courts, Calvin Hall, and Kedzie Hall to the dead-end intersection between Anderson hall and the Engineering building. Construction should be completed by the first of July.

THREE NEW CLASSROOMS

At present, there is a man-walk extending around the second floor of the Engineering building over the road materials laboratories," Gingrich said. "A floor will be constructed over the vacant area, extending approximately two bays from the East wall of the building. Three classrooms will be built on the floor space thus obtained."

The same plan will be carried out on the third floor of the building, near the west end. The newly built space will be used as an extension of the free-hand drawing rooms already in use.

A similar floor will be constructed on the engine room level, or second floor of the heat and power plant. The new floor space will make space available for offices and drafting rooms which are being displaced by other functions.

EVAN GRIFFITH, '22, NAMED TO GOVERNOR'S COMMITTEE

Alumnus to help renegotiate wartime highway contracts

Evan Griffith, GS '22, president of the Union National bank of Manhattan, has been named by Gov. Frank Carlson as a member of the five-man bi-partisan committee which will renegotiate in excess of one-million dollars in wartime state highway contracts. Mr. Griffith is a former state highway director.

The committee was named under an act of the 1947 legislature to renegotiate uncompleted contracts made with the state highway commission between May 14, 1941, and March 23, 1942. Work on the projects was halted by materials priorities and other federal orders and regulations.

All of the major buildings on the Kansas State College campus at Manhattan are of native limestone, some of which was quarried on the College property.

Our College Flag

Kansas State's official flag, designed by two G. I. wives, now being embroidered by Mrs. Eisenhower

HELEN HOSTETTER

At long last Kansas State College has an official flag, a handsome piece of silk 72 by 42 inches in size, of royal purple bordered with white.

It's not yet ready for state occasions, but when it is, the words Kansas State College will be embroidered in white on the rich purple background, and it will carry the college seal worked into a sunflower center, done in colors running from cream through gold to dark brown.

The design was made by two G. I. wives, young women who are also studying here while their veteran husbands are getting professional training. They are Mrs. Margaret Lewis McMahon, daughter of C. F. Lewis of the Department of Mathematics, a senior in the School of Arts and Sciences, and Mrs. Dorothy Wilson Wertz, student of architecture.

Mrs. McMahon did the design under the direction of Prof. John F. Helm Jr., of the department of architecture, and the drawing from which the picture on this page was made. Mrs. Wertz transferred the design to the flag.

Most of the work of the flag, however, will be done by Mrs. Milton

Eisenhower, who has the seal nearly finished.

"Unfortunately I can't get all the shades of yellow, tan, and brown that I'd like for the seal and flower petals," she sighed. "I had only about eight different colors, whereas I could use practically an unlimited number. But only in France can a person get those subtle gradations of color."

She works at the flag during bright days sitting near the upstairs windows just beyond the reach of the direct sunlight, following the sun as it moves to the west. Night work, too, is possible under strong lights. But the embroidering is exacting work and a two hour stint is the limit. And with the many demands made upon a college president's wife, she can't promise just when the last stitch will be taken.

"Embroidering is recreation for me," she says, "or any other kind of handiwork, for that matter. It's my hobby."

She can't remember when she did her first embroidering. Her grandmother, Mrs. Elsie Ensign Gillespie, one of the first settlers of St. George, Kan., taught her this art and crocheting and knitting as well. She makes

all the sweaters for the Eisenhower family.

Because President Eisenhower lost so many handkerchiefs she worked his signature onto them—and now misplaced 'kerchiefs are always returned.

It isn't the first time that she has embroidered the Kansas sunflower. Several years ago she did four floral pictures on handkerchief linen: the dogwood of Virginia, where the family lived during Mr. Eisenhower's years in the U. S. Department of Agriculture; the American beauty rose of the District of Columbia; the blackeyed susan of Maryland, where many of the family's friends lived; and the Kansas sunflower. Two of these pictures are hung in the living room, two are in daughter Ruth's room. Above Mr. Eisenhower's pipe organ is another embroidered picture, of an urn of tulips.

A tablecloth of Queen Anne's lace, 3½ yards long, used for receptions and buffet affairs, was also made by Mrs. Eisenhower—as pick-up work. It took her about three years to make it, for various other types of handiwork were finished during those years.

KSC STAFF MEMBERS PREPARE TALKS FOR GOVERNMENT USE

History and government department papers to be on short-wave

Nine members of the history and government department at Kansas State are preparing papers for the Office of International Information and Cultural Affairs for government short-wave broadcasts.

The talks will be recorded here for broadcast in English. They will later be translated and broadcast in foreign languages. Faculty members and their topics are as follows:

Verne S. Sweedlun, "What Made Foreigners Americans;" Fred L. Parrish, "Religion in the World and in the United States;" A. D. Miller, "The Place of Cities in the Government of the United States;" and "Development of the Superstructure of the American Government;" R. R. Price, "Foundations of the American Republic;" C. H. Miller, "The Freedom Ideal in American Philosophy" (two broadcasts); Inez Alsop, "Recent Industrial Development and Trends;" V. R. Easterling, "A Comparison of Trends After the Two World Wars;" A. B. Sageser, "An Approach to the Study of 20th Century America;" Dwight Williams, "Government and Business in the United States."

DR. LAVERNE SPAKE WILL REPRESENT BOARD OF REGENTS AT GRADUATION

Dr. LaVerne B. Spake of Kansas City will represent the State Board of Regents at commencement exercises at Kansas State College on June 1 and will bring greetings to approximately 500 candidates for degrees from the regents.

A former chairman of the board of regents, Dr. Spake is on the staff of the University of Kansas Medical School in Kansas City. He attended Kansas State College as a special student in 1908 and 1909 and took further work at the University of Kansas.

Other members of the Board of Regents have been invited to attend commencement exercises. Governor Carlson will deliver the commencement address. The out-of-town speakers, alumni and candidates for degrees will be among the guests at a reception given by President and Mrs. Milton S. Eisenhower at the President's home on the afternoon of commencement Sunday.

Commencement exercises will begin in the stadium at 8 p. m. Class reunions have been planned for May 31 in connection with commencement.

HUNDREDS OF ALUMNI AMONG 1,200 FEEDERS' DAY GUESTS

Visitors given prime beef dinner by animal husbandry department

Approximately 1,200 persons, including several hundreds of College alumni, attended the annual Cattle Feeders' Day held at the College Saturday, May 3.

Reports were given on a wide range of research studies. There was a special program for women which featured Dr. Beulah D. Westerman, associate professor of food economics and nutrition. Block and Bridle served visitors special prime beef dinner prepared by the animal husbandry department.

AGR Honors War Dead

Alpha Gamma Rho fraternity at Kansas State will establish a memorial in the all-faith chapel to be constructed at the College. The memorial will be for 10 Alpha Gamma Rho members who died in World War II. Active and alumni members of the fraternity are cooperating in the purchase of a pew as the memorial. Dennis D. Goetsch, Sabetha, is president of the Kansas State chapter. Eleven other fraternities and sororities at the College have purchased pews for the chapel.

FINDING OF NEED IS MADE BY U. S. OFFICE OF EDUCATION

Temporary structure would include dance floor, lounge, snack bar

Kansas State College is one step nearer to securing temporary Student Union quarters since arrival of information from the U. S. Office of Education in Kansas City that a finding of need, based upon the justification submitted by the College, has been made.

With approval of the justification the College is now eligible to receive a building with approximately 6,000 square feet of floor space. The temporary union will have a dance floor, a lounge and lounge furnishings, a snack bar with a soda fountain and kitchenette and rest rooms.

FWA DOES MOVING

Under the procedure for obtaining surplus property for Colleges, the Office of Education, after certifying the need for the facility, furnishes a finding of need to the Federal Works Agency. The FWA then locates the building, transports it and erects it through arrangements with a private construction firm.

According to A. L. Pugsley, dean of administration, who announced the new developments, an FWA representative has been sent to Camp Crowder, Mo., and to the Herington Army Air Base to survey buildings which may be used for this purpose.

READY BY SEPTEMBER

"Every effort will be made to have the building ready for use by September 1," Dean Pugsley said.

The need of the College for 6,000 square feet of floor space had already been approved under a number one priority issued last fall for the Cafeteria for single veterans. The College, unable to wait, built the dining hall independently.

The justification, however, had never been rescinded, so that the original finding and priority can be transferred to the Student Union Justification.

Agreements between the FWA and the College have been signed for erection of two other College facilities, Dean Pugsley said. An aeronautical engineering laboratory and warehouse facilities to provide badly needed shelter for College equipment are now certain to be built. No date has been given for their completion.

MEMBERS OF FROZEN FOOD INDUSTRY TO HELP TEACH LOCKER CLASS HERE

Representatives of frozen food industries have been added to the staff that will conduct the five-week Freezer Locker Operators Training School at Kansas State College June 9 to July 12.

Among the off-campus specialists who will help with the course are Ray Farquhar of Omaha, Nebr., executive director of the Frozen Food Locker Institute, and J. D. Winter, who has headed research in frozen foods in the horticulture department at the University of Minnesota.

Representatives of locker machinery companies also have been invited. The off-campus speakers will lead a series of evening discussions. The course is offered by the College in cooperation with the Frozen Food Locker Institute. Enrollment will be limited to 40. Last year in a similar course, one of the first of its kind, the College issued certificates to a class of 54.

Applications for admission to the course must be in the office of the Dean of Agriculture by May 24.

All students enrolling at Kansas State College in Manhattan, for the first time are given complete physical examinations by the student health department.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. Lashbrook Editor
Ted Peterson, Helen Hostetter,
Fred M. Parris, Jean McLain Assistant Editors
Kenney Ford Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1894.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in instalments. Membership in alumni association included.

THURSDAY, MAY 8, 1947

BOOKS

Infinite Variety

"California Agriculture". Edited by C. B. Hutchison. University of California Press. Berkeley. 1946. \$5.00.

As a part of the celebration of the seventy-fifth anniversary of the founding of the University of California a group of the University's College of Agriculture faculty members, under the editorial direction of Dean C. B. Hutchison, have produced a 450-page book about the agriculture of our most nearly fabulous state. With words, tables of figures, pictures and charts they perform creditably a most difficult task. The result is interesting, informative and at times amazing.

Perhaps the most striking thing about California agriculture is its infinite variety. The word infinite is used advisedly, for the variety of the state's agricultural products and practices has been increasing for more than a century, is increasing now and promises to increase indefinitely. Variety is produced by the diversity of the state's environmental conditions. Farming is carried on at altitudes ranging from almost 200 feet below sea level to 6,000 feet above, under annual rainfall varying from less than five inches to more than 100 inches, within a wide range of temperatures and upon a great variety of soils. Illinois has only eight type-of-farming areas and mighty Texas has only 20, but California has 118. In addition to having these essential peculiarities, California agriculture must find its principal markets thousands of miles away, in this country and overseas, and most of its farm products are expensive to produce and highly perishable.

All this makes for variety of products and practices, for extreme complexity and for social and economic headaches. That the agriculture of the state has survived its numerous hazards and reached its present eminence is a tribute to the intelligence, industry, enterprise and stamina of Californians. Only nine percent of the state's population live on farms. Yet in 1945 the farm products of the state had a value of one and three-fourths billion dollars.

A second striking feature of California agriculture is its high degree of specialization. In his excellent preface, Dean Hutchison states that, "Only 6 percent of California's 132,658 farms in 1940 are classified by the Census as general farms. . . . The other 94 percent are distinctly specialized farms, farms devoted largely to the production of a single commodity such as citrus fruits, or deciduous-tree fruits, or grapes, or cotton, or rice, or sugar beets, or vegetables, or dairying or beef." Such extreme specialization of agricultural industries, such placing of all the eggs in one basket, entails terrific hazards, both natural and economic, and immense complexity in finance, labor supply and social relations. It also makes for high efficiency and technical skill. Only the fit, whether of men or of practices, can possibly survive under such conditions.

Some idea of the complexity of California agriculture is suggested by Dean Hutchison's statement that the state markets commercially no fewer than 35 field crops, 68 fruits, 86 vegetable crops, a number of drug plants and condiments and 40 different livestock, poultry and honeybee products,

—a total of well over 200 products.

At first the reader looks in vain for a chapter on the great cooperative movement in California agriculture. But later he learns that cooperative marketing, though notably successful, is only one method of marketing in the state; that many of the state's highly important farm products—lettuce, for example—are marketed by individuals and corporations. Hence, the authors are correct in discussing cooperation in the sections of the book that treat commodities that are handled cooperatively.

As a picture of the agriculture of a great agricultural state and as an account of the scientific contributions to the development of that agriculture, the book is a credit to its authors and its editor. Because California has been and is a great testing ground for agricultural procedures of great variety and significance, the book merits the attention of all students of our basic industry.

—F. D. Farrell.

LOOKING AROUND

KENNEY L. FORD

Lt. Clanton T. Suiter, EE '43, writes from Peiping, China, that he hopes to return to the United States in April. He says he will either remain in the Army for a while longer or return to KSC for a master's degree in electrical engineering. The Ministry of National Defense, National government of the Republic of China, awarded Lieutenant Suiter the Breast Order of Yun Hui, Cloud and Banner Medal, recently for his duties with the national government.

Sending in his alumni dues for 1947, Dr. Cecil Elder, DVM '16, professor of veterinary science at the University of Missouri, writes:

"You will probably recall that I have been on leave of absence from the University of Missouri for the past 11 months and just recently returned to my former position February 1. On my leave of absence I was sent to China by the United Nations Relief and Rehabilitation Administration and while there served as a veterinary adviser to the National Research Bureau of Animal Industry. That is a bureau in the ministry of agriculture and forestry in China which corresponds to the bureau of animal industry in the USDA.

"My work in China consisted of adviser on veterinary problems but I worked especially with the brucellosis and tuberculosis problems. I headquartered in Shanghai and traveled to North China and Northwest China where I also instructed laboratory staffs and veterinary technicians upon the more recent advances of veterinary medicine as they pertained to the two diseases already mentioned. My experiences in China were very interesting and I was able to make a study of some of their other disease problems. I flew to China from Washington, D. C., but returned by ship."

A letter from Marvin Norby, DVM '47, Box 328, Pierson, Iowa: "I am working with Dr. A. L. Malle, DVM '39, in a large animal practice. I received the History of Kansas State College through the mail. The enrollment there seems to continue to stay pretty high. I imagine it is just as crowded there this spring semester as in the fall term. I enjoy getting THE INDUSTRIALIST as it is the only means I have of keeping up with the College."

C. I. (Ike) Kern, Ag '40, writes from Wahiawa, Oahu, T. H.:

"I am happily enclosing a check for \$25 to become a paid-up life member of the Alumni Association. I haven't forgotten how much the loan fund helped me and I feel that the least I can do is add my \$50 to help some other student along. I think KSC did well in her selection of a football coach. I was county agent at Oberlin, Sam Francis' home town. I never heard a bad word against him—everyone said he was very conscientious, a diligent worker and whenever he decided to do something, such as playing football, he gave it everything he had. I believe he will do a good job at K-State. We are enjoying Hawaii but we always look forward to getting THE INDUSTRIALIST to keep us posted on progress at Kansas State and on her ever-increasing family of grads and faculty."

In Older Days

From the Files of The Industrialist

TEN YEARS AGO

Kansas State awarded 479 degrees at the 74th annual commencement exercises in the stadium.

Pledges of Sigma Delta Chi, honorary journalism fraternity, were Louis Horn, James Seaton, Joseph Newman, Luman Miller, Ted Freeman and Jack McClung.

TWENTY YEARS AGO

Representatives of college news bureaus were meeting on the campus to exchange ideas. Among the speakers were Gov. Henry J. Allen of Wichita and Nelson A. Crawford.

New officers of the Student Government Association were Frank Callahan, president; Paul Chappell, vice-president; Vesta Duckwall, secretary; L. M. Clausen, treasurer.

Ralph Lashbrook of Almena was chosen editor and F. L. Wilson, Abilene, business manager of the 1927 fall Collegian.

THIRTY YEARS AGO

A 60-foot tower was being built east of Anderson from which panoramic views of the campus were to be taken. Movies were also taken of the cadet corps, the students on their way to class and the sheep grazing on the campus.

Nine men or 45 percent of the 1916 graduating class in electrical engineering were with the General Electric Company.

FORTY YEARS AGO

The graduating class of 1907 numbered 112 members, 27 in agriculture, 19 in electrical engineering, 13, mechanical engineering; 3, architecture; 11, general science; 32, domestic science; and 7, veterinary medicine. Seventy-five members of the class were men and 37 were women.

FIFTY YEARS AGO

The contract for the new domestic science building was let to L. D. Eversole of Topeka. He expected to begin work immediately.

The members of the cooking class went on a hayrack ride to Pfeil Creek. "The young folks roamed the woods, waded the stream, shouted, sang and in various other ways abandoned dignity for the time being in the pursuit of the pleasure of an outing," said the Industrialist.

SIXTY YEARS AGO

Commencement week exercises included the cadet parade, alumni dinner, baccalaureate and graduating exercises. The speaker was President Edwin Willits of Michigan State Agricultural College.

CHAPEL CHIMES

H. O. DENDURENT

Dr. Grimes received \$100 for the chapel from a Kiowa, Kansas, man who signed his name simply, "A World War I Veteran."

Among the recent fine contributions to the chapel fund are those of Dr. Joe Knappenberger, '35, Hutchinson, Mrs. Daisy Hoffman Johtz, '00, Abilene, and Dr. Martha M. Kramer, KSC, who gave \$100 each and thereby became Master Builders in the chapel project.

Remember our new slogan: "One dollar a stone." One stone or more makes the giver a Helper; 10 stones or more qualifies the donor to be a Builder; and 100 stones or more makes the contributor a Master Builder.

Don Wiggins, Howard Winters and other chime-ringers are still going strong in Montgomery County. Although quite a considerable sum has been collected for the all-faith chapel—including some generous large gifts for memorials within the chapel—it is hoped more money will be forthcoming in Montgomery County. Don requested a list of Montgomery County students now attending KSC. He and other workers will contact parents of the students in behalf of the KSC World War II memorial chapel.

A pat on the back to Bill Batdorf of Burlington who is one of our publicity chairmen in Coffey county. Editor Bill published the picture (mat) of the chapel in both the Daily Republican at Burlington and the Grid-

Sunflowers

By H. W. Davis

DULL WEEK

April 27 to May 4

News went dull in its dreary way
Late in April, early in May.
Telephone troubles had too much churning,
Diplomats did a lot of returning,
Arabs and Jews got too much space—
Almost as much as the Derby race.

Only when there are super-capers
Do you get much buzz from the daily papers.

On the twenty-seventh, those Arabs and Jews
Tried to take over the front-page news.
Much might come about Palestine
From the United Nations Assembly line.

A generous increase for workers,
A ten-per-cent drop in price,
Made gloriously good listening,
But did not think so nice.

Then it was said, come another day,
But quite in the same unconvincing way,
That the telephone strike would soon be over
And the chattering mammas again in clover.

And a two-hour report on the Moscow story
Was whispered to the President,
Scores of writers in all their glory
Failing to say just what they meant.
And still to come was the radio version
Of Marshall's forty-two-day excursion.

Wallace, also back home, cried out
That what he's said in Europe
He'd say in America, shout for shout,
And not use any syrup.

Next day came the radio low-down
On Moscow's diplomatic slow-down.

Quoth Mr. Marshall to all of us,
"The Reds are bent on a compromise
To come at the end of months of fuss.
That would be far from wise.
Europe is in an awful mess,
The worst there ever was, I guess.
Against disintegrating forces
We do not dare to hold our horses."

De luxe tornadoes spread their fury
In Iowa, Arkansas, and Missouri
On April last. Thus April quit,
And hardly anyone cried a bit.
April smiles had been few and fleeting,
We'd taken a really drizzly beating.

The Reds yapped more about Palestine,
Soft-coal talks got going,
The Bums without Leo were doing fine,
And Derby Day started glowing.

You see, the news was losing its touch,
Nothing seemed to amount to much.

It was edifying on May the first
To hear the analysts doing their worst
To scare us blue about May Day abroad
And still appear to be quite unawed.
Their gloomy previews were far from good,
So we dialed them off—after knocking on wood.

And all day long came rumors galore
Of telephone gals going back by the score,
But they stayed on strike,
And the man at the mike
Filled in with what he had said before.

Everything happened when Friday hexed us,
And things came splatter as chaos vexed us.

The portal-pay problem went up to Truman.
Rent-hikes were out, renters quit fuming,
The Reds got blamed for Italy's plight,
Which Dorothy Thompson confirmed was right,
Newburyport kept the ten-per-cent cut
The old phone strike wasn't over, but
It might be soon. The labor bill
Got mauled around with a right badwill.
Chandler talked with Larry McPhail
For over six hours to little avail.

The news ran thisa- and thata-way,
The sun went down, and we called it a day.

This time surely, according to word
In the dailies printed on May the third,
The striking gals were about to sign,
But darned if they'd cross that picket line.

It was Pony Parade at Churchill Downs,
And many folks in many towns
Bet more than they should of their precious tin
On a dozen nags that did not win.

"Aid to Greece" had a squeaky escape
From the House committee, six to five.
Its backers scowled as they stood agape—
The Truman Doctrine might not survive.

There are frequent weeks, believe it or not,
When the news provokingly goes to pot,
And you finish up where you began.
This, I think, is where we came in.

ley Light. The Topeka Capital also carried a 3 column mat of the chapel. The mat prints up well in newspapers or other publications. If you care for chapel mats write to the Alumni Office, KSC.

Recently the Rural Pastors' Conference was held on the College campus. On the cover of the 4-page program for the conference was a sketch of our proposed World War II memorial chapel. It was an attractive mimeographed cover in four colors. During the 2-day program the chapel project was discussed several times so that pastors could go home and spread the word about the memorial. Pastors can be of much assistance in our campaign.

Have you distributed all your materials? What about the posters showing the chapel? These posters are fine for display in public buildings, business houses, churches, etc. If you need more materials such as folders, pamphlets, posters, remittance blanks, etc., be sure to write to the alumni office, KSC.

One KSC student gave a short talk over KSAC the other day on the progress of the chapel campaign. Do you have a radio station in your home town? Maybe you could arrange for a short talk on the memorial chapel.

Or maybe the radio news commentator would be glad to mention the chapel project on one of his programs.

WHAT THEY SAY

"Quite a good many veterinary alumni have made substantial donations for the World War II Memorial Chapel but we hope that every veterinary alumnus—all of you have been prosperous—will delay this matter no longer. Send your contribution—make it a generous one—to Kenney L. Ford, alumni secretary, or if you wish to the Dean of the School of Veterinary Medicine. You owe much to Kansas State College; many of you have lost friends or relatives during the war. Now you are asked for concrete evidence of your good will. Delay no longer."—Veterinary Alumni News, April 1, 1947.

YWCA Elects

Members of YWCA at Kansas State have elected Margaret Garrison of Hutchinson, home economics junior, as their president for the coming year. Other new officers include Betty Rich, Salina, vice-president; Jean Greenough, Solomon, secretary; and Virginia Grandfield, Wichita, treasurer.

AMONG THE ALUMNI

Helen (Knostrman) Pratt, DS '01, is county clerk of San Juan County, Colorado. She lives at Silverton.

Ralph Edward Hunt, Ag. '11, head of the animal husbandry department, Virginia Polytechnic Institute, Blacksburg, Va., has been granted a leave of absence to be one of six composing a commission to work for the Syrian minister of agriculture in setting up a research program in Syria and in training Syrians to manage it. The purpose is to assist Syria in bettering the food supply of the country and enable its people to make a better living.

Ralph H. Musser, DH '14, is president of the Soil Conservation Society of America. He also holds the position of regional conservator for the soil conservation service at Milwaukee, Wis.

Anna Searl, '15, is assistant state leader of home economics extension at the University of Illinois and state girls' 4-H club leader. Her address is 1208 W. California, Urbana, Ill.

Lillian Jeter, HE '16, is professor of clothing and textiles at Stout Institute, Menomonie, Wis.

Helen (Larson) Fiedler, GS '23, writes from 739 N. Sherman, Liberal: "I am completing my fifth year as a teacher since the teacher shortage. The other four years were in Colorado and now I am principal of one of the grade schools in Liberal and like being back in Kansas. My husband is in business in Liberal."

Helen T. Clark, HE '25, has joined the home economics faculty at the University of Oklahoma, Norman. She is in charge of a homemaking program for veterans' wives.

The address of Constance Erma Hoefler, HE '26, is Kaw, Okla.

Glen O. Schwandt, EE '26, is chief engineer for the Marathan Electric Manufacturing Co. His address is Wausau Hotel, Wausau, Wis.

Joseph E. Thackrey, GS '23 and Music '27, is assistant professor of music at the University of Ohio, Athens. His address is 333 Richland Avenue, Athens.

Gladys Pearl Winegar, MS '27, is fashion and textile consultant for executive business and professional women at San Francisco. Her address is 2610 Lake Street, Apt. 5.

Lawrence W. Youngman, IJ '27, is travel agent for Travel and Transport, Inc., Omaha, Nebr. His address is 7825 Shirley, Omaha.

Claude H. Moreland, LArch '28, is with the Oklahoma state highway department. His address is 1015 NW 31st Street, Oklahoma City, Okla.

Robert T. Schafer, Ag '29, is a conservationist with the Soil Conservation Service at Osborne.

Eula Morris, HE '29 and MS '46, has accepted an assistant professorship in home economics at Oklahoma A. and M., Stillwater. During 1945-46 Miss Morris held a fellowship granted Kansas State College by the Kansas Icemen's Association and did research in the departments of horticulture and food economics and nutrition. The new position at Oklahoma includes teaching as well as food research on a project carried by home economics cooperating with agriculture.

Ernest F. Jenista, IJ '30, is owner of a variety and book store at Caldwell. He served as a lieutenant-colonel in the Army during the war.

Lawrence W. Decker, MS '30, is a feed salesman. He is living at 200 Sherman Street, Kent, Ohio.

Clayton John Price, DVM '31, is with the United States bureau of animal industry as a meat inspector. His address is 8003 State Street, Ralston, Nebr.

Estella (Shenkel) Rippey, GS '31, and E. E. Rippey, f. s., are living at 2208 Mesita Drive, Wichita 9.

Corabelle Tolin, GS '32, is an accountant for the government at the American Embassy, Guatemala City, Guatemala.

John E. (Jack) Going, f. s., '32, and Jane (Stone) Going, f. s., '32, are living in Ottawa, where Mr. Going is with the Ottawa Coca-Cola Bottling Company. The Goings live at 839 S. Mulberry. They have three children, Patricia, Elmore and John.

Maurice E. Schruben, Music Ed '33,

is music supervisor in the Williams, Ariz., public schools.

Willard Martin Cheney, EE '34, is technical coordinator for the Baker Steel and Tube Company, Los Angeles, Calif. His address is 2763 Lytelle Place, Los Angeles 41.

John LeRoy Duncan, Ag. '34, is a traveling salesman, selling jewelry. His address is 7401 Wayne Street, Kansas City 5, Mo.

Melvin George Peterson, EE '35, and Helen (Reder) Peterson, GS '42, are living at 626 Euston Road S., Hempstead, N. Y. Mr. Peterson is director of purchases for the S. B. Penick Company, 50 Church Street, New York, N. Y.

Carl J. Chappell, CE '35, is an engineer with the Portland Cement Association. He and Leona (Hagstrom) Chappell, f. s., live on Route one, Jefferson City, Mo.

Maurice L. Gunn, GS '36, and Mary Etta (Isaacson) Gunn, f. s., live at Kinsley. Mr. Gunn is a salesman with the Thompson Hardware, Topeka.

Harold J. Froning, MS '36, is vocational adviser for the veterans' administration. His address is 1402 Neosho, Emporia.

John P. Irwin, CE '37, is living at 1037 S. Sycamore, Ottawa. He is owner of an engineering company doing business as Jack Irwin, Engineer.

The address of Juan R. Vidad, IC '37, is 309 N. Union Avenue, Los Angeles 26, Calif.

William M. Kelley, IJ '38, is living at 240 W. First, Junction City. He is advertising manager of the Junction City Daily Union.

Esther Marie Dilsaver, HE '38, is home demonstration agent at Sedalia, Mo.

Mervin Wilson Myers, MI '39, is an engineer with Beech Aircraft at Wichita. His address is 1608 Salina, Wichita.

The address of Harold Eugene Nelson, IJ '39, is 418 Wickham Boulevard, Racine, Wis. He is a copywriter for the J. I. Case account of the Western Advertising Agency.

Thomas C. Hutcherson, BA '40, is a parts department employee of Allied Motors, Kansas City, Mo. His address is 9 East 68th Street Terrace, Kansas City 5, Mo.

Alvin Daniel Kaufman, CE '40, is a structural designer draftsman. His address is 501 Glendale Avenue, Olathe.

Frank A. Slead, Ag '41, and Mildred (Gunkel) Slead, f. s., are living at Lebo, where Mr. Slead is farming.

Robert G. Chapman, GS '41, is assistant to the controller, Ducommun Metals and Supply Company, Los Angeles. Mr. Chapman and Virginia (Barnard) Chapman, HE '41, live at 3120 Ninth Avenue, Arcadia, Calif.

John M. St. John, ME '42, and Barbara (Sperry) St. John, f. s., are living at 5314 W. 76th Street, Overland Park. Mr. St. John is a design engineer with the C. J. Patterson Co., Kansas City, Mo.

Neil David Gillmore, CE '42, is living at 803 Grand, Ellsworth. He is a field engineer for Western Cont. Corp.

Bernard G. Fickel, Ag '43, is soil conservationist for the Soil Conservation Service. He and Mrs. Fickel have a son and daughter and live on Route 3, Junction City.

Norman L. Krogstad, GS '43, is a music teacher at Enterprise Academy, Enterprise.

Eleanor (Reed) Hinton, HE & N '44, is living at 386 Commonwealth Avenue, Boston 15, Mass. She gives her occupation as housewife and nurse.

Eleanor Maxine Berger, HE '44, is a home economics teacher at Clyde.

Milo L. Johnson, '45 and DVM '47, is field veterinarian on the city-county health department of Topeka and Shawnee County.

John V. Stude, EE '45, is a design engineer for Westinghouse Electric Corp., East Pittsburgh, Pa. His address is 203 Franklin Avenue, Pittsburgh.

Jean Braden, HE '46, is an assistant buyer in the sportswear department of Kline's department store in

SATURDAY, MAY 31

(Alumni Day)

Exhibition—Latin-American prints Library gallery.

10-12 a. m.—Alumni Registration, Alumni Office, Anderson Hall.

10-12 a. m.—Campus tours.

12 noon—Class luncheons, College Cafeteria.

2 p. m.—Alumni Business Meeting, Recreation Center.

4-6 p. m.—Campus tours.

6 p. m.—Alumni dinner to seniors followed by dance in Nichols Gymnasium.

SUNDAY, JUNE 1

(Commencement Sunday)

Exhibition—Latin-American prints Library gallery.

4-6 p. m.—President's Reception.

7:45 p. m.—Academic Procession.

8 p. m.—Commencement Exercises, College Stadium.

Kansas City, Mo. Her address is 6141 Walnut, Kansas City.

Doris (Galloway) Winteroth, HE '46, is teaching home economics in the high school at Westmoreland.

Glen T. Crawford, Ag '46, is a 4-H club agent at Pratt. His address is 1006 N. Champa, Pratt.

MARRIAGES

FINK—DORRANCE

Mary Elizabeth Fink, HE '38, and Joseph W. Dorrance were married February 16 in the Methodist Church of Osborne. Before her marriage Mrs. Dorrance was a high school teacher at Pawnee City, Nebr., and Lawrence. Mr. and Mrs. Dorrance are at home at Pawnee City.

COLLINS—ARMSTRONG

Margaret Leslie Collins, Music Ed '46, and Robert L. Armstrong, ME '39, were married in the Christian parsonage in Olathe February 16. After a wedding trip to Kansas City Mr. and Mrs. Armstrong returned to Manhattan where they are living at 519 North Eleventh Street. Mr. Armstrong is enrolled as a graduate student at KSC.

HORTON—HAMSEN

Betty Horton, IJ '47, and William O. Hamsen Jr. were married February 16 at the home of Mr. and Mrs. Harold Segur in Kankakee, Ill. Mr. Hamsen is employed at the Koerner Aviation Service at Kankakee.

GISH—SUNDGREN

Charman Gish, HE '44, and Norman E. Sundgren, f. s., were married in El Dorado February 15. Mrs. Sundgren was home demonstration agent in Geary county before her marriage. Mr. Sundgren is with the Arkansas River Sand and Gravel Company of Tulsa where the couple will make their home.

THOMPSON—MILLER

Mary Lewis Thompson and Earl Edward Miller, Ag '39, were married February 15 at Saint Andrews Church, College Park, Md. Mr. Miller is with the division of agricultural finance, bureau of agricultural economics, USDA, Washington, D. C.

KNISKERN—KALEN

June Kniskern, MS '47, and David D. Kalen, were married March 1 at the home of Miss Gladys E. Vail, Manhattan. Mr. Kalen is a student at the College. Mrs. Kalen is research assistant in the department of food economics and nutrition at the College.

FURLONG—MUELLER

Mary Jane Furlong, and Fred Hartman Mueller, BA '43, were married March 7 in the St. John's Lutheran Church, Topeka. Mr. Mueller is assistant manager of the McClellan store in Wichita.

LELAND—HOLMES

Hope Leland, HE '47, and Richard Holmes, ME '47, were married March 9 at the First Christian Church in Manhattan. Mr. and Mrs. Holmes

are living in Rockford, Ill., where Mr. Holmes has a position with Barber-Colman Company.

BIRTHS

Rex L. Fossnight, CE '30, and Mrs. Fossnight are the parents of a son, Neil Douglas, born December 31. The Fossnights live at 4224 W. 57th, Mission.

C. A. Balwanz, ME '38, and Mrs. Balwanz, Beloit, are the parents of a son, Robert Herrick, born January 30 at Beloit.

Roy Ivan Smith, Com. '38, and Mrs. Smith are the parents of a daughter, Judith Kay, born February 1. The Smiths live at 425 N. Topeka, Wichita.

Marion E. Holvorson, f. s. '37, and Mary (Elliott) Holvorson, BA '40, of Maple Hill announce the birth of a daughter, Angele, on February 20.

Lt. Col. Joseph C. Prentice, PE '38, and Mrs. Prentice of Washington, D. C., announce the birth of a daughter, Judith Ann, February 18.

Sandra Anne was born February 2 to Mary Anne (Holtz) Barrett, GS '44, and Richard M. Barrett, Hightown, N. J.

Marilyn Jean was born February 18 to Lucy (Nixon) Cathcart, HE '33, and R. Boyd Cathcart, Ag '33, of 728 Poyntz, Manhattan.

William H. Patterson, Ag '43, and Mrs. Patterson, Sublette, are parents of a son, Burlin Henry, born February 21. Mr. Patterson is county agricultural agent in Haskell County.

William A. Swim, EE '47, and Virginia (Gould) Swim, f. s., are parents of a daughter, Mary Marcia, born February 11. The Swims now are living in Schenectady, N. Y.

Meredith Sperline, GS '37, and Carolyn (Phillips) Sperline, HE '37, of Vetsville Tr. A-5, Boulder, Colo., announce the birth of a daughter, Carmen Diane, February 18.

Jerome Edgar McConnell, ChE '47, and Mrs. McConnell, Akron, Ohio, announce the birth of a son, Jerome Michael, March 11.

Douglas Chapin, IC '44, and Margaret (Gordon) Chapin, HE '44, of Chicago, Ill., are parents of a daughter, Jane Ellen, born March 30.

Dr. Curtis J. Lund, GS '29, and Mrs. Lund of Minneapolis, Minn., are parents of a son, Graham Curtis, born March 18.

Twin daughters, Janet Ann and Cynthia Sue, were born March 25 to Janet (Courtright) Belew, IJ '38, and Howard H. Belew, IC '38, 810 S. Toledo, Tulsa, Okla.

Harvey E. Goertz, Ag '37, and Mrs. Goertz, Westmoreland, announce the arrival of a son, Steven, April 3. Mr. Goertz is Pottawatomie County farm agent.

DEATHS

NELSON

Dora (Dakin) Nelson, GS '23, died March 3 in Bartlesville, Okla. She is survived by her husband, Harry (Mike) Nelson, CE '23; a daughter, Jean (Nelson) Benear, and a sister, Mary (Dakin) Arnold, '18, Ashland.

STOVER

Jimmy Stover, six-year-old son of Ray L. Stover, Ag '24, and Mrs. Stover, Hiawatha, drowned February 16 at the Stover farm in Brown County. Mr. Stover is a professor of dairy husbandry in the extension division of the College.

NICOLET

William H. Nicolet, husband of Ethel (Clemons) Nicolet, DS '05, died at his home in Santa Monica, Calif., March 20. Before moving to California he was connected with the First National Bank of Manhattan. Survivors in addition to the widow include a daughter, Bessie N. Cron, Alamo, Texas.

HASTINGS

Vertner Hastings, f. s., of Wanchewee, Wash., died April 16 following an illness of two weeks. The Hastings family lived in Council Grove prior to moving to Wanchewee about a year ago. Survivors include the widow and six children.

MITCHELL

Thomas A. Mitchell, GS '26, died March 22 after a long illness. A native of Horton, Mr. Mitchell, 49, went to Washington, D. C., in 1936 to work in the veterans' administration for two years and then was transferred to the patent office as an examiner. He moved to Falls Church, Va., in 1941 and during the war lived at Richmond four years, returning to Falls Church last summer. He was a veteran of World War I. Survivors include the widow, Mrs. Katharyn (Turner) Mitchell of Falls Church.

THOMPSON

Kyle D. Thompson, Ag. '20, died at his home near Escondido, Calif., March 30. Survivors include the widow, Margaret (Hulse) Thompson, Manhattan, a son, David, a daughter, Mrs. William Thompson, two brothers, Ben and Leonard, all of California, and his father, A. K. Thompson, Densmore. Mr. Thompson had been engaged in soil conservation work for several years.

ALUMNI-SENIOR BANQUET RESERVATIONS

I will attend alumni day activities May 31. Reserve..... tickets to the alumni-senior banquet, starting at 6:00 p. m., Saturday in the gymnasium. Tickets are \$2.00 each—good for banquet and dance. Reservations will be held until 2:00 p. m., Saturday.

Signed.....

PHI KAPPA PHI ELECTS 55 NEW MEMBERS TO K-STATE GROUP

Three graduates, three faculty members among those honored

Forty-nine undergraduates, three graduate students and three faculty members at Kansas State have been elected to Phi Kappa Phi, national honorary society.

The new members were elected on the basis of scholarship, character and hours of credit earned at Kansas State. They will be initiated into the society at a banquet in Thompson Hall May 22.

ARTS AND SCIENCES

Betty E. Fitzsimmons, Macksville; John B. Reynolds, Atlanta; Daniel B. Lovett, Larned; Helen C. Otto, Manhattan; Bonnie J. Volesky, Manhattan; Chester E. Peters, Manhattan; Shirley B. Neal, Manhattan; Darlene Schreiber, Ransom; Robert A. Kromhout, Elgin, Ill.; Shirley B. Jordan, Glasco; Helen L. Patty, McPherson; Robert K. Meyer, Topeka; Elizabeth Button, Great Bend; Frances Ewart, Minneapolis; Charles E. Krause, Belleville; Isabel M. Powers, Manhattan; Evelyn Osborn, Dodge City; Mary L. Boyd, Stafford; Edwin D. Chipman, Morland; Elizabeth Lovell, Manhattan; Mary F. Hodgson, Harveyville; and Tess Montgomery, Salina.

AGRICULTURE

Laureston Withee, Anness; Lewis Schafer, Jewell; and Harry Cowman, Lost Springs.

Engineering and architecture—Edwin R. Chubbuck, Hamilton, Mo.; Raymond M. Maldon, Marysville; Robert E. Crank, Parsons; George A. Sample, Council Grove; Phillip O. Patrick, Manhattan; Harold L. Siegale, Princeton; George F. Adams, Salina; Raymond P. Murray, St. Marys; and Herbert R. Gould, Manhattan.

Home Economics—Jeane Greenawalt, Paola; Ruth Ann Hodgson, Manhattan; Elna Arlene Yowell, Manhattan; Mary Ellen Carr, Tulsa, Okla.; Margaret Louise Darby, Manhattan; Helen Louise Smith, Manhattan; Frances Patricia Shoemaker, Ellsworth; Jean Reneau, Wellington; Ruth Halderson Long, Glasco; and Carol Jean Heter, Sterling.

Veterinary Medicine—Phyllis Mae Hickney and William Schwartz, both of Manhattan.

Graduate School—Alice Elliott, Greenwood; Amy Winget Newberry, Wichita; and Fred L. Patterson, Thayer, Nebr.

Faculty—A. E. Hostetter, shop practice; Ralph L. Parker, entomology; and Harry M. Stewart, economics and sociology.

ELMER MUNGER, KSC GRADUATE, AIDS IN REBUILDING PHILIPPINE SCHOOLS

Elmer Munger, a former Manhattanite and graduate of Kansas State, is aiding reconstruction of Philippine schools and hospitals destroyed during World War II.

Munger, son of Mr. and Mrs. H. H. Munger, has been in the Philippines for more than a year. He expects to go soon to the village of Bontoc in the mountains of northern Luzon to begin rebuilding a destroyed school, church and hospital there.

Because of the lack of facilities of that area, all the work of obtaining lumber, the cutting, shaping and all the building will have to be done by hand. The Igorot Indians of that vicinity will furnish the native labor for the reconstruction work.

Hospitals are badly needed by the people. At the village of Sagada near Bontoc, the hospital averages 67 patients a day in a building that has beds for only 55 people. Natives who have had no beds in their homes, however, do not object to finding a bed on the floor and many of them prefer it to soft modern beds.

This work is being done for the Episcopal Church. The cathedral of Manila, which was also destroyed during the war, is not being rebuilt until later because the natives need hospitalization and education more than the citizens of Manila need a cathedral.

Munger is a graduate of Kansas State in civil engineering with the class of 1936. His wife, Vivian Bloomfield Munger, and their year old son are living in a quonset hut on the grounds of St. Luke's Hospital in Manila. He worked for three years with the Army engineers but left to go to the Philippines to do reconstruction work.

Journalists Elect Officers

New officers have been elected by chapters of two national professional journalism organizations at the College. Sigma Delta Chi, national professional journalism fraternity, has as its new officers Roger Medlin, Manhattan, president; Jack Smith, Lyons, vice-president; Lewis T. Johnson, Algona, Iowa, secretary; and LeRoy Allman, Manhattan, treasurer. New officers of Theta Sigma Phi, women's journalism organization, are Nancy Diggle, Mission, president; Shirley Baker, Fort Scott, vice-president; and Yvonne Allman, Manhattan, secretary-treasurer.

ALUMNI ELECT OFFICERS AT ST. LOUIS, MADISON, MILWAUKEE AND TWIN CITIES

Local chapters of the Kansas State College Alumni Association have been reorganized in four cities, according to Kenney L. Ford, executive secretary of the alumni association, who recently returned from a series of meetings.

Initial plans were made at each of the meetings for carrying out financial drives for the all-faith chapel and chime tower to be constructed at the College as a World War II memorial. Officers named by local alumni chapters will be in charge of chapel drives in each of the cities.

Officers of the Minneapolis-St. Paul alumni chapter are Dr. L. O. Gilmore, MS '33, president; Gladys (Poole) Gilmore, GS '37, vice-president; Jo (Johnston) Drake, PE '31, secretary-treasurer. Directors chosen are J. S. Jones, '08, and Paul Dittmore, IJ '32. Four other directors will be chosen.

At Madison, Wis., these officers were elected: Dr. Carl Brandly, DVM '23, president; Jean DeYoung, HE '40, secretary-treasurer; P. E. McNall, Ag '09; Luella (Sherman) Mortenson, HE '22, and James R. Garver, Ag '07, directors.

The Milwaukee, Wis., officers are Louis Aicher, EE '35, president; Libbie Smerchek, HE '32, vice-president; Wallace Goodell, f. s. '25, secretary-treasurer; Ralph Musser, DH '14, and Russell Knapp, ME '21, directors.

The St. Louis chapter officers are Don Keller, Ag '24, president; S. T. Merrill, EE '35, vice-president; Helen Latta, HE '35, secretary-treasurer; William E. Paterson, ME '17, director.

KSC EXTENSION WOMEN GIVE PROGRAM OVER STATION WIBW

Home demonstration work is discussed by College experts

A special broadcast, in observance of National Home Demonstration Week, May 4 to 11, was presented by the College Extension Service Monday evening over Radio Station WIBW, Topeka.

Those participating on the 15-minute program included Miss Georgiana Smurthwaite, state home demonstration leader, Kansas State College; Mrs. Eula Mae Kelly, extension publicity department, Kansas State College; Mrs. Helen Szatalowicz, home demonstration in Wabaunsee County; Mrs. Merl Shipp and Mrs. Elmer Imthurn, Wabaunsee County homemakers and home demonstration unit members.

"Membership in Kansas home demonstration units," Miss Smurthwaite pointed out, "reached approximately 29,000 in 1946. Two hundred new units were organized over the state last year."

CAMPUS, TOWN TOURS PLANNED FOR RETURNING ALUMNI MAY 31

College will furnish automobiles for grads to go sightseeing

What's new on the Kansas State College campus will be shown graduates who return for Alumni Day May 31, according to Kenney L. Ford, executive secretary of the Alumni Association.

A committee met recently to make initial plans for campus-wide tours to include exhibits at each of the schools and trips over the campus to see recent changes in the campus scene. Tours of Manhattan to see recent developments in housing also are planned. Automobiles will be furnished by the College for the returning graduates.

Prof. C. H. Scholer of the applied mechanics department was named general chairman for the tours. He will be assisted by E. D. Warner, assistant extension editor.

Serving on the campus tours committee are C. W. Mullen, assistant dean of agriculture; M. A. Durland, assistant dean of engineering; Dr. Martha M. Kramer, assistant dean of home economics; Dr. R. R. Dykstra, dean of veterinary medicine; R. C. Maloney, assistant dean of arts and sciences; William F. Baehr, college librarian; Thornton Edwards, housing administrator; and Warner.

KANSAS STATE TO TAKE ACTIVE PART IN REGIONAL UNESCO MEET AT DENVER

Plans for Kansas representation at the regional conference for the United Nations Educational, Scientific and Cultural Organization in Denver this month received impetus with a meeting of the Kansas Committee for UNESCO in Manhattan to plan statewide participation in the program. The regional conference is scheduled for May 15-17.

Several students from the College were among the 25 representatives of educational, scientific and cultural organizations of Kansas present at the meeting and participated in the discussions on the part of youth and student groups and education.

President Milton S. Eisenhower of Kansas State, who was elected to the UNESCO executive board earlier and is chairman of the National Advisory Commission for UNESCO, explained the background and philosophy of UNESCO to the group. President Eisenhower is one of the leading planners of the Denver meeting.

Albert Rosenthal, State Department representative, was also present at the meeting. He explained the grass roots character of UNESCO organization and the part which may be taken in its program by all people. He has helped to organize committees similar to the Kansas group in Colorado and in Nebraska.

Eric Tebow, associate professor in the Institute of Citizenship, is handling arrangements for attendance of Kansas State College delegates. Several students have already been appointed as delegates of campus organizations, and more are expected to be appointed soon.

The 19 married veteran women comprise about 35 percent of the total ex-servicewomen on the campus.

Husband and Wife Are Editors

Yvonne Sturgeon Allman and her husband, LeRoy Allman, will edit the Kansas State Collegian throughout the summer and fall terms. Mrs. Allman, copy desk editor this semester, will edit the paper during the summer months. Mr. Allman, present business manager of the Collegian, will take over editorial duties next September. Both are juniors in journalism. They were married April 5.

New Line Coach

Staley Pitts, a Kansas State graduate of 1933, is new line coach of the Wildcat football team. Pitts served in the same capacity at South Dakota State last season and two years before entering the armed forces. He was an all-Big Six guard and captain of the 1938 K-State team.

RECENT CONTRIBUTORS TO MEMORIAL CHAPEL ARE ANNOUNCED BY COLLEGE

Dr. W. E. Grimes, secretary-treasurer of the Kansas State College Endowment Association, has announced the following new contributors to the fund for the World War II all-faith memorial chapel and chime tower. Contributors are recognized in issues of THE INDUSTRIALIST as the gifts are received.

J. B. Angle, Courtland; Norris J. Anderson, Manhattan; Mr. and Mrs. Boyd P. Agnew, 501 South Curtis Avenue, Alhambra, Calif.; Walter Abmeyer, Box 337, Ellingham; Alpha Delta Pi, Manhattan; Architect Unit Fund and other classes; Mr. and Mrs. Van Keith Anderson, Lake Ozark, Mo.

Louise Bailey, KSC; Mr. and Mrs. Ralph Barnhart, Coldwater; O. C. Botenfield, 407 West Webster, Pittsburg; Mr. and Mrs. Howard Bennett, 1050 Thirty-Third Street, Des Moines, Iowa; Mr. and Mrs. A. C. Bux, Omaha, Nebr.; Miss Marian Brookover, 1120 North Walnut, Hutchinson; G. H. Beck, Manhattan; Rex, Joseph W. Bayless, 623 South Cedar, Ottawa; C. M. Correll and family, Manhattan; Victor L. Cory, 1506 Fairview, Dallas, Texas; Farrell Castellani, 105 West Potlitzer, Pittsburg; Chi Omega, Manhattan; Mrs. John J. Cahill Jr., Apt. 104-A, Huskerville, Lincoln, Nebr.; Christian Student Fellowship, Manhattan.

Frank Carlson, Topeka; Classes of '40, '39, '36, '35, '32, '31, '30, '29, and '19, KSC; KSC Dairy Club; Gloria Danielson, Ninth and Girard Avenue, Philadelphia, Pa.; Elmer Grossman, Manhattan; Mrs. William L. Enfield, 22612 Westchester Road, Shaker Heights 22, Ohio; Miss Anne Enfield, Shaker Heights, Ohio; Orval Ebberts, KSC; Mr. and Mrs. Hal Eier, Omaha.

STATE BASEBALL TEAM FIGHTS FOR CONFERENCE CHAMPIONSHIP

Lud Fiser's diamond squad will play crucial game today

Lud Fiser's Kansas State baseball team, striving to bring a champion to the Purple and White home, has a five-game winning streak and possesses the enviable record of 8 wins in 11 starts this season.

Currently, the K-State diamond squad is trailing right behind Missouri which temporarily has the conference lead. The Wildcats already have taken two close decisions, 4 to 2 and 4 to 3, from the Tigers at Manhattan. The return games will be played in Columbia, Mo., May 19-20.

PLAY K. U. TODAY

However, to stay in the thick of the championship race, K-State must successfully get past a four-game series which started in Manhattan Wednesday. Kansas university is completing a two-game series with the Wildcats today, and Friday and Saturday Nebraska will come to Manhattan for a two-day stand.

The Fiser team played only one game last week, defeating Washburn at Topeka, 14 to 2.

In track, Ward Haylett took his individually-good track team to Lawrence and lost to K. U. 86 to 45 in a dual. Kansas took nine firsts, K-State six.

TENNIS TEAM WINS

Cooney Moll's tennis team took a northern trip and beat Nebraska 5 to 2, then lost to Iowa State 6 to 1. Mike Ahearn's golfers were defeated 17 to 1 by Nebraska and 16½ to 1½ by Iowa State.

Spring football practice came to an end Saturday with the Purples, composed chiefly of lettermen, overpowering the Whites 25 to 0 in an intrasquad game. Harry Merriman, Marysville halfback, ran 57 yards behind good blocking for one touchdown and passed a two-yard forward to Ronnie Webster, Manhattan, for another score. Merriman had set up the score with a 30 yard heave to End Jack Sharp. Jim (Dutch) Stehley, back from Phillipsburg, scored twice. Once he went over from the two yard line then later scampered 36 yards to tally.

Completing the spring intercollegiate sports program, Jack Gardner started spring basketball practice this week with approximately 40 men reporting.

DISTINGUISHED ITALIAN IS 1947 MATRIX TABLE SPEAKER

Dr. Maria Castellani was League of Nations actuary

Dr. Maria Castellani of Rome, Italy, will speak at the annual Matrix Table sponsored by the College chapter of Theta Sigma Phi, national honorary and professional journalism organization. The first banquet since before the war will be May 15 in the College cafeteria building.

A former professor of mathematics at the University of Rome, Dr. Castellani is now on the staff of the University of Kansas City. Her topic will be "What Women May Do for a Better World."

Dr. Castellani was formerly actuary of the League of Nations. She is an international vice-president of the Business and Professional Women's Clubs.

Unmarried male veterans number about 2,000 of the total former servicemen attending Kansas State College.

Spilman, Manhattan; Carl M. Stevenson, 130th Station Hospital, No. 403 c/o P. M., New York, N. Y.

Lenoir Sjogren, Atwood; George Spohr, 1012 Sunnyhill Road, Oakland, Calif.; Stewart Memorial, Mabel Stewart, Oklahoma City, Okla.; H. W. Stockebrand, Garnett; Dr. and Mrs. Louis H. Smith, 121 South Kansas, Chanute; Barbara Elliott Sturman, Ulysses.

Betty Swan, 515 Horne Street, Topeka; G. G. Smith, 912 Washburn, Topeka; Mr. and Mrs. Floyd L. Tempero, Wichita Falls, Texas; Katherine A. Tucker, 1214 West Tenth Street, Topeka; Mrs. Wilmer J. Ward, Protection; Howard J. Winters, 517 North Third, Independence.

Earl L. Wier, Box 548, Independence; E. C. Whan, 1937 Sunnydale Avenue, San Francisco; Capt. Carlyle F. Woelfer, 1st Battalion, 16th Infantry, APO 777, c/o P. M., New York, N. Y.; Earl Walker, El Dorado; Dr. and Mrs. J. T. Willard, Manhattan; Mr. and Mrs. John P. Woolcott, Harrisburg, Ill.; Esther Willis, 704 Tyler, Topeka; John R. Warner, 1105 Winfield, Topeka; Dr. and Mrs. Charles E. Whiteman, Carrollton, Ill.; Mrs. Joseph S. Young, 713 North Main, Garden City; Eunice Youngquist, 1214 West Fourteenth Street, Topeka.

THE KANSAS INDUSTRIALIST

Volume 73

Kansas State College of Agriculture and Applied Science, Manhattan, Thursday, July 17, 1947

Number 23

FOUR ADMINISTRATIVE POSITIONS FILLED AT K-STATE THIS SUMMER

Three department heads, assistant director of engineering are named

Appointment of three new department heads and a new assistant director of the engineering experiment station has been announced by President Milton S. Eisenhower.

Prof. George Montgomery heads the Department of Economics and Sociology, effective June 1. He succeeds Dr. W. E. Grimes who died in May.

Dr. Lois R. Shulz has been appointed head of the Department of Child Welfare and Euthenics. She will begin her new position in August.

Dr. Reed F. Morse succeeds L. E. Conrad as head of the civil engineering department.

Leland S. Hobson has been appointed assistant director of the engineering experiment station effective July 1. He also will be professor of industrial engineering.

SUCCEEDS DR. ROY

Prof. Montgomery has been a College staff member for 22 years. During World War II, he was head of the feed section of the Office of Price Administration in Washington, D. C.

Dr. Shulz is now on the staff of the University of Tennessee, Knoxville, where she has been doing special research in child development and instruction. She earned her bachelor of science degree at the University of Chicago, her master of science at the University of Michigan and her doctorate from the University of California.

As department head, Dr. Shulz succeeds Dr. Katharine Roy, who left Kansas State in 1945 to become dean of home economics and industrial arts at Montana State College, Bozeman. The position has been vacant since Dr. Roy left.

ON STAFF 18 YEARS

Dr. Morse has been a member of the civil engineering staff for 18 years. He earned his bachelor of arts degree at Cornell College, Cornell, Iowa, and a bachelor of science degree in civil engineering from Iowa State College. He received his master of science degree from Kansas State College and his doctorate from Cornell University, Ithaca, N. Y.

Prof. Hobson succeeds A. L. Pugsley as assistant director of the engineering experiment station at the College. Pugsley left the position to become dean of administration in January. Hobson has been professor and industrial engineer in the engineering experiment station since February, 1945.

Before joining the College staff, Prof. Hobson was doing management research work for the executive department of the General Electric Company, Princeton, N. J.

COLLEGE GRADS MUST ALL BE LEADERS, SAYS FORD

College students today study harder than ever before

"American college graduates must accept the responsibility of world leadership all over the world today," Kenney L. Ford, alumni secretary at Kansas State College, said at the national convention of the American Alumni Council in San Francisco, where he was installed as president.

"Fate has placed in the hands of educated men the future of humanity. American colleges and universities have on their campuses today young men and women who are studying harder than college students have studied before to prepare themselves for citizenship in a free society," Ford said.

A word of warning against commercialization and subsidization in intercollegiate athletics was sounded by Ford. A professional football team on a college campus is of questionable value and destroys the spirit of the college, according to Ford.

COLLEGE HONORS EMERITUS FACULTY MEMBERS

Members of the emeritus faculty honored at the Alumni-Senior dinner for service to the College are shown above. With length of service, they are:

Front row (left to right): George Adam Dean, 45 years; Mary Pierce Van Zile, 32 years; Jessie McDowell Machir, 30 years; Ada Rice, 47 years; Mary Kimball, 25 years; Alice Maude Melton, 48 years; Ina Foote Cowles, 43 years; Nellie May, 34 years; and Julius Terrass Willard, 63 years.

Second row: Edgar McCall Amos, 27 years; Adrian Augustus Holtz, 28 years; Noble Warren Rockey, 25 years; Robert Kirkland Nabours, 37 years; William Timothy Stratton, 37 years; James Edward Ackert, 34 years; Daniel Emmett Lynch, 33 years; Louis Henry Limper, 30 years; and Walter William Carlson, 37 years.

Third row: George Ellsworth Raburn, 30 years; Edwin Lee Holton, 37 years; Leland Everett Call, 40 years; Robert John Barnett, 32 years; George Richard Pauling, 34 years; Ralph Ray Price, 44 years; Francis David Farrell, 29 years; Leland David Bushnell, 39 years; and Michael Francis Ahearn, 43 years.

Others honored but not in the picture are: James Henry Burt, 38 years; Charles Oscar Swanson, 38 years; Charles Wilbur McCampbell, 37 years; Edwin Cyrus Miller, 35 years; Arthur Bourne Smith, 32 years; Edward C. Jones, 31 years; and Robert Dodds Daugherty, 17 years.

COLLEGE STAFF TO DO RESEARCH IN NATIONAL ATOMIC LABORATORY

Kansas State will be one of 26 Midwestern colleges and universities participating in atomic energy research at Argonne National Laboratory near Chicago, President Milton S. Eisenhower has announced. Dr. A. B. Cardwell, head of the physics department, will represent the College on the Council of Representatives of participating institutions.

The laboratory is set up for research development in all phases of atomic energy and makes available equipment that individual colleges could not afford, President Eisenhower said. Work done there will include research in physics, chemistry, biology, medicine and engineering. Any qualified faculty member at the College will be eligible to conduct research at the laboratory. Staff members of engineering and the physical and biological sciences may take leaves of absence to work on projects of importance to the College or government. President Eisenhower called participation a "wonderful opportunity" for College research.

Other institutions taking part at the national laboratory will be Battelle Memorial Institute, Carnegie Institute of Technology, Illinois Institute of Technology, Case School of Applied Science, Indiana University, Iowa State College, Mayo Foundation, Michigan State College, Northwestern University, Notre Dame University, Ohio State University, Purdue University, St. Louis University, Washington University and Western Reserve University.

Also participating in research there will be the Universities of Chicago, Cincinnati, Illinois, Iowa, Michigan, Minnesota, Missouri, Pittsburgh and Wisconsin. Schools in the South, East and West are taking part in similar research in other regional laboratories.

Nock Writes Book

Dr. S. A. Nock, director of admissions, is author of a pamphlet, "Education for Individuality," published by Human Events Associates, Chicago. The pamphlet is one of the Human Events Series. Others in the series have been written by President Robert M. Hutchins, University of Chicago; Oswald Garrison Villard; Felix Morley; and Milton Mayer.

Cheerleader Chosen

Head cheerleader for next fall will be Barbara Shirley Baker, journalism sophomore from Kingman. She was chosen jointly by Wampus Cats and Purple Pepsters, pep groups.

FOOTBALL SQUADS TO BE GUESTS AT BARBECUE AT GRIFFITH FIELD

Plans are being made by the Manhattan Chamber of Commerce and the Wildcat Club to entertain the College and Manhattan high school football squads and coaches with a barbecue picnic sometime during the first week in September, it has been announced by Ivan Wassberg, chairman of the Manhattan C. of C. Athletic Relations Committee.

"The event will be one of the biggest of its kind ever held in Manhattan and we hope to have Governor Frank Carlson as the main speaker of the evening," Wassberg said. A barbecue picnic was held last year for both squads and coaches in the city park.

Wassberg said this year's affair would be at Griffith Field under the lights and would start at approximately 6:30 or 7 p. m.

The Chamber of Commerce also is making plans to assist the College as it did last year in sponsoring an intra-squad football game tentatively scheduled for the night of September 12.

Heading committees are Howard T. Hill, program; D. L. Mackintosh, refreshment; L. C. Keck, food procurement; C. J. Medlin and R. R. Lashbrook, publicity; Bill Skinner, tickets and finance; Lud Fiser, grounds; Evan Griffith and Thurlo McCrady, guest and reception.

R. L. FOSTER IS ASSOC. ED. FOR CAPPER PUBLICATION

Alumnus formerly was director of information for FCA

Ralph L. Foster, IJ '22 and MS '27, has become associate editor of Capper's Farmer magazine.

In 1937 Mr. Foster was named director of information of the Farm Credit Administration of Wichita, serving in Kansas, Oklahoma, Colorado and New Mexico. In 1944 he was transferred to the national FCA office.

For a short time after graduation at Kansas State, Mr. Foster was KSC alumni secretary.

BUDGET ESTABLISHES EQUIVALENT OF 170 NEW FULL TIME POSITIONS

To help handle an expected record enrollment this fall, the equivalent of 170 full time new positions have been created on the College staff, President Milton S. Eisenhower has announced.

The new positions, provided for in the 1947-48 budget, are for the equivalent of 161 full-time teachers and nine other workers.

Included among the new staff members are 2 professors, 6 associate professors, 22 assistant professors, 104 instructors, 1 assistant instructor, 55 graduate assistants, 5 graduate research assistants, 4 library assistants, 2 counselors, a YMCA secretary and an endowment association field representative.

The numbers of new workers in various departments are as follows: library, 4; counseling bureau, 2; economics and sociology, 18; agronomy, 5; animal husbandry, 2; dairy husbandry, 1; horticulture, 3; milling industry, 2; poultry husbandry, 1; agricultural engineering, 5; applied mechanics, 13; architecture, 7; chemical engineering, 2; civil engineering, 5; electrical engineering, 10; machine design, 5; mechanical engineering, 6; shop practice, 8; bacteriology, 4; botany, 4; chemistry, 14; education and psychology, 4; English, 17; entomology, 3; geology, 5; history and government, 4; journalism, 2; mathematics, 20; modern languages, 1; music, 5; athletics, 4; physics, 10; speech, 4; and zoology, 6.

McVEY TO REPRESENT SCHOOL AT EUROPEAN CONFERENCES

Home economics sophomore plans to attend two youth meets

Patricia McVey of Hill City, home economics sophomore, will represent the College at two international conferences in Europe this summer if final approval on her travel priority is granted.

Miss McVey expects to be in Europe about two months. She plans to attend the World's Youth Festival in Prague and the UNESCO Workshop in Paris. She will leave late this month.

Although Miss McVey will pay most of her own expenses, she will receive financial assistance from the Student Council, the Religious Federation and other sources.

FIVE FACULTY MEMBERS RETIRE WITH NEARLY 200 YEARS' SERVICE

All except one to continue on half-time basis

Five College faculty members with service to the College totaling nearly 200 years were retired July 1.

All had reached the faculty retirement age set by the board of regents. All except one will continue as half-time faculty members.

Those retired were Dean Edwin Lee Holton, retired last year from administrative duties as head of the education and psychology department; H. W. Brubaker, professor of chemistry; Mary T. Harman, professor of zoology; George Richard Pauling, superintendent-emeritus of building and repair; and Ina Holroyd, assistant professor of mathematics. Miss Holroyd was retired with no specific staff duties.

Dean Holton joined the College staff in 1910 and headed the Department of Education from 1913 until a year ago. He was dean of the Summer School for more than a quarter of a century. A graduate of Indiana University, he earned his doctorate at Columbia University.

Dr. Brubaker came to Kansas State in 1913 as assistant professor of chemistry. He earned his bachelor of science degree at Carleton College, his doctorate at the University of Pennsylvania.

A faculty member for 35 years, Dr. Harman is the author of a textbook and numerous scientific papers on research in regeneration, cytology and embryology. She received her bachelor of arts, master of arts and doctor of philosophy degrees from Indiana University.

Pauling joined the College staff as chief engineer 34 years ago. For approximately 20 years he was superintendent of maintenance in charge of building and repair, custodian service and heat and power department. He retired from these administrative duties a year ago. Eight College buildings were constructed under his supervision.

Miss Holroyd, a College faculty member for 47 years, is exceeded in length of service only by Dr. J. T. Willard. She joined the staff as an assistant in the preparatory department, became assistant in mathematics nine years later. She is a graduate of the Kansas State Teachers College at Emporia and has a bachelor of science degree from Kansas State College. She received a master of arts degree from Columbia University. Founder of the "Bulletin of the Kansas Association of Teachers of Mathematics," she was its editor for 18 years.

COLLEGE RECEIVES GRANT FOR CEREALS EXPERIMENTS

Dr. Westerman will direct \$7,000 flour project

The Williams-Waterman Fund of the Research Corporation of New York has granted the College \$7,000 for research in the nutritional significance of the use of enriched flour and cereals.

The project will be directed by Dr. Beulah D. Westerman, associate professor in the Department of Foods and Nutrition. The grant, effective until July 1, 1948, is the first made to the College by the Research Corporation for research in the cereal field.

The grant will make possible expansion of some of the research already under way on improving the nutritive value of flour, Dr. Westerman said.

Alumni Office Sells Yearbooks

The alumni office has old Royal Purples for sale at \$2 each. Volumes include 1906, 1910, 1912, 1913, 1914, 1915, 1916, 1917, 1920, 1921, 1922, 1923, 1926, 1931 and 1945. If you care for an old yearbook, write to the Alumni Office.

The KANSAS INDUSTRIALIST

Established April 24, 1875

R. R. Lashbrook, Editor
 Ted Peterson, Helen Hostetter, Assistant Editors
 Fred M. Parris, Assistant Editor
 Kenney Ford, Alumni Editor

Published weekly during the college year by the Kansas State College of Agriculture and Applied Science, Manhattan, Kansas.

Except for contributions from officers of the College and members of the faculty, the articles in THE KANSAS INDUSTRIALIST are written by students in the Department of Industrial Journalism and Printing, which does the mechanical work.

Entered at the postoffice, Manhattan, Kansas, as second-class matter October 27, 1918. Act of July 16, 1879.

Make checks and drafts payable to the K. S. C. Alumni association, Manhattan. Subscriptions for all alumni and former students, \$3 a year; life subscriptions, \$50 cash or in installments. Membership in alumni association included.

MORE THAN 350 GRADS ATTEND REUNIONS AT COMMENCEMENT

Representatives of 59 classes visit campus on Alumni Day

More than 350 KSC graduates, most of them back on the campus for scheduled class reunions, registered in recreation center on Alumni Day, May 31. Alumni Day was planned in connection with spring commencement. Following are names of those who registered:

- 1876—Nellie (Sawyer) Kedzie Jones
- 1877—Ella (Child) Carroll
- 1882—J. T. Willard
- 1884—Hattie (Peck) Berry
- 1885—W. S. Romick, f. s.
- 1887—John Brookins Brown, Walter J. Burtis, O. G. Palmer
- 1888—Winifred (Brown) Burtis, f. s.
- 1890—Bertha (Kimball) Dickens
- 1893—William E. Smith, C. A. Kimball, C. F. Pfuetze
- 1894—Winnie (Romick) Chandler, John C. Christensen, Mary (Lyman) Otis
- 1895—Marietta (Smith) Reed, Ada Rice, George A. Dean, R. J. Barnett
- 1896—A. C. Peck, George C. Hall
- 1897—R. J. Peck, Alfred C. Smith, W. O. Peterson, Myrtle (Hood) Johnson, Harriet (Vandivert) Remick, Anna (Engle) Blackman, Mable (Crump) MacAuley, Mrs. Alfred Umbehr, f. s., Phoebe (Smith) Romick, J. E. Trembly, Hilda (Olson) Axelton, C. W. Shul, Bertha O. Olson, Ina E. Holroyd, Eva L. Philbrook, Wilhelmina Spohr, f. s.
- 1898—Alice Melton, Anna (Dahl) Davis, Cora (Ewalt) Brown, Emile (Pfuetze) Samuel, Bessie (Locke) Noble
- 1899—Harry W. Johnston
- 1900—C. M. Correll, C. A. Chandler, Katharine (Paddock) Hess, Clara Spilman, Minerva (Blachly) Dean
- 1901—Helen (Pincumb) Symms, Fred W. Haselwood, Charles J. Burson
- 1902—William L. Harvey, Clark A. Gingery, Eva Rigg, Myrtle (Mather) Romine, John F. Ross, E. M. Amos, Sarah E. Davies, Bessie (Bourne) Cool, George F. Bean, Maud (Zimmerman) Haselwood, Anna (Spohr) Davis, f. s., O. M. McAninch, Grover Poole, Della (Drollinger) Glunt, Mame (Alexander) Boyd
- 1903—Clara (Goodrich) McNulty, Anna (O'Daniel) Amos
- 1904—W. P. Terrell, R. A. Seaton, Viva (Brenner) Morrison, Louis B. Bender
- 1905—Edith (Davis) Aicher, Forrest L. Courter, Jessie Hoover
- 1907—Amer B. Nystrom, Alfred H. Baird, Miner B. Justin, Fred R. Lindsay, A. D. Holloway, Margaret (Cunningham) Holloway, Walter T. Scholz, May (Umberger) Long, Mary Kimball, Lois Failyer, E. L. McClaskey, L. M. Jorgenson, C. J. Gore, Edward A. Morgan, C. E. Bassler, Herman H. Conwell, Irene (Ingraham) Moore, Mr. and Mrs. L. B. Streeter, Bea (Alexander) Shriver, James C. Richards, Wilson G. Shelley, Charles Stants, f. s., Ida (Thompson) Cook
- 1908—Emma (Gammon) Ryan, Jessie (Marty) Lawson, Esther E. Christensen, Nellie (Wolf) LaRue, Cecile (Graham) McClaskey
- 1909—Annie (Harrison) Jorgenson, Eleanor (March) Jones
- 1910—L. C. Aicher, Jack Gingery, Winifred (Alexander) Smies, Gladys (Nichols) Dearborn and E. H. Dearborn
- 1911—Harvey G. Roots, Pearl (Smith) Roots, Ellen M. Batchelor, Donald F. Jones
- 1912—A. J. Mack, C. E. Lyness, Edith (Payne) McMillen, Lucy (Platt) Stants, Virginia (Sherwood) Hodgson, D. C. Clarke, L. C. Williams, Juanita Hoke, Ethel L. Bales, Ellen (Hall) Ambler, Florence R. Whipple, Jane (Wilson) Barnes, Nellie Aberle, James West
- 1913—Lucile (Berry) Wolf, Jane Irene (Flinn) Riddle, Freda Carlson, Arthur H. Montford, Charlotte L. Spier, E. H. Smies
- 1914—Mary (Nixon) Linn, George H. Railsback, Archie L. Hodgson, A. P. Davidson, Jane (Milner) Gardner
- 1914—James W. Linn, Julius Van Vliet
- 1916—W. H. Robinson, Helen (Held) Thomas, A. A. Glenn, O. B. Burtis, Ray H. Whitenack, Verda (Harris) Whitenack, Ruth (Frush) Hayes
- 1917—Mr. and Mrs. Russell H. Oliver, Inez (Kent) Justin, Harry R. Bryson, Hallie M. Bryson, Alva (Cooper) Pickett, William F. Pickett, Gabe A. Sellers and Mrs. Sellers, f. s., Marian (Keys) Browne, F. B. Kelley, Kitty (May) Lewis, Myrtle (Bauerfind) Grandfield, Paul J. Englund, Mabel E. Hinds, Beulah (McNall) Glenn, Stella M. Hariss, Charles D. Thomas, Ross B. Keys, C. O. Grandfield, Lottie (Lasswell) Kertman, Alma (Hamaker) Slattery, Mr. and Mrs. William T. Kiooz, Glenn W. and Mrs. William T. Kiooz, Teagarden, Keith, Nina (Williams) Teagarden, Arthur Newkirk, Vera (McCoey) Holtz, Irene (Andrew) Hupfer, Hazel (Pierce) Blecha, Gladys (Grove) Adams, Hazel

(Russell) Zimmerman, C. W. Mullen, Cecil L. McFadden, Mrs. Cecil McFadden, f. s., Ruth (Dau) Pitts, Loren L. Luper, Merle (Beeman) Robinson, Gertrude (Kinman) Christmann

1918—Hazel B. Morris, f. s., John W. Blachly, Evelyn (Kizer) Noyce, Margaret (Robinson) Borland, M. A. Durland, Perie R. Pitts, f. s.

1919—Myrtle A. Gurselman, Lola (Sloop) Keys, Gladys (Bergier) Rogers

1920—W. Carlton Hall, E. H. Teagarden, J. Oscar Brown

1921—Edith (Wheatley) Bradley, Myra E. Scott, Ruth (Perkins) Wobbe, f. s., Nora (Corbet) Lingelbach

1922—Harold Nay, Walter R. Bradley, Roy E. Clegg, E. H. Coles, C. C. Dethloff, W. H. Koenig, C. M. Willhoite, James H. Albright, Paul McKown, Edith (Miller) Casford, L. E. Rossel, Sue Unruh, Hazel (Lyness) Wilkins, Gladys (Hartley) Roehm, Thomas Rothrock, Harold Howe, O. K. Brubaker, Louise (Nelson) Brubaker, Earl Means, Eva (Platt) Brown, Grace (Herr) Schmidtlin, D. D. Murphy, C. W. Pratt, G. M. Glendening, (Parker) J. Rogers, Millard C. (Wally) Watkins, A. H. Ford, M. A. Wilson, J. E. Beyer, Mac Short, Thornton J. Manry, Belle (Hagans) Behermeyer, Henry W. Schmitz, Ruth (Peck) Knostman, H. Leigh Baker

1923—Rollin J. Smith, H. Otis Garth, Nellie (Jorns) Rossel, Gladys (Musser) Bryson, f. s.

1924—Grace (Curran) Peffly, Beulah (Helstrom) Pratt, Margaret E. Radfington, Clara Louise (Ausherman) Ford, Kenney L. Ford, George D. Lingelbach, Frances Irene Knerr, f. s., Louise (Dowry) Albright

1925—Helen (Correll) Browne, A. G. Aldridge, Wilma Hartley, f. s., Josephine (Powers) Murphy, Lucile (Osborn) Rust, Hugh Bryan, Evelyn (Garvin) Wilson, f. s.

1926—J. W. Ballard

1927—Mary (Nuttie) Nyland, T. Russell Reitz, Marguerite (Akin) Williamson, Mary (Pinkerton) James, J. Harold Johnson, Mary (Norris) Parshall, Ernest I. Chilcott, Wilma (Hotchkiss) Hildebrecht, Frank B. Morrison, Lawrence W. Youngman, Vera Lindholm, Glen Harold Stoffer, Leland S. Hobson, Myron W. Reed, Joe D. Haines, Charles L. Marshall, Chester B. Keck, Earl J. Wilson

1928—H. E. Myers, S. Helen Roberts, Carolyn (Vance) Reed

1929—Maurice C. Moggie, Vera (Strong) True, f. s., Fred True

1930—C. C. Eustace, Mary Ellen Roberts, Margaret (James) Schattensburg, Merle L. Magaw, Tessie Agan, A. P. Challans, Joanna (Seller) Challans

1932—Fritz G. Knorr, Carol L. Owsley, Helene (Hahn) Varney, Josephine (Fisk) Fay, Joe D. Smerchek, Roy N. Selby, Velma (Liles) Munger, C. W. Munger, R. S. DeLaMater, Edna (Maxwell) Edwards, William J. Conover, Frank R. Freeman, Virginia (Edelblute) Tindall

1933—Kenneth Ekdahl, Doris (Paulson) Hassler, f. s., Harry L. Hassler

1934—E. D. Warner, Mary (Dexter) Boyd and F. W. Boyd, Jr., H. O. Den-durand

1935—Faye (Worrel) Broadwater, Mary Catherine (Ryan) Noland

1936—Beth (Sloop) Freeman, Alice Arvella (Singley) Selby, H. Milton Skaggs, Jr.

1937—Pauline (Gravenstein) Johnson, Howard L. Hall, Tate B. Collins, Jr., Marjorie (McCall) Hemphill, Mary Luella (Stewart) Sherman, Virginia (Hall) Langford, A. H. Duncan, Mervin E. Vantuyt, Sigrid (Sjogren) Fishney, Arliss Honstead, Ellen (Brownlee) Musil

1938—Abby C. Marlatt

1939—Martha Caldwell, Morris Nosov

1940—C. Eugene Cleland

1941—Edward Hobbs and Mary Elizabeth (Funkhouser) Hobbs, f. s., Martha (Wreath) Streeter, Charles Streeter, A. Thornton Edwards

1942—Etta May (Hodgson) Semon, N. J. Griffith, Ben Shambaugh, Jr., Mary (Griswold) Stryker, Dorothy (Swingle) Branson, Floyd W. Smith, Helen E. King, Philip Myers, Edythe (Goodwin) Perry, Catherine (Hardin) Tendency, Marjorie (Kinsey) Krause

1943—Vivian (Marlow) Moss, Jean (Alford) Myers

1944—Theda (Poland) Campbell, Twila (McDill) Schafer

1946—Myron Rutherford, Neva Wilkins, Maria Norman, Jean Selby, Bill West, Ralph H. Perry, Mary Ellen Rose

CECIL FISHER, AG ALUMNUS, SELECTED MASTER FARMER

Class of '28 member farms 2,700 acres at Fellsburg

Cecil O. Fisher, Ag. '28, Fellsburg, has been named a 1947 Kansas master farmer, according to Dick Mann, secretary of the Kansas Master Farmer organization and associate editor of Kansas Farmer magazine, sponsor of the awards.

Fisher, an Edwards County farmer, farms 2,700 acres of land and is a believer in summer fallowing.

BUDGET FOR 1947-48 RAISES STAFF SALARIES \$276,769

Pay increases in general amount to 17 percent

Faculty salary raises totaling \$276,769 are included in the College budget approved for the fiscal year 1947-48 by the board of regents.

In general, salaries are being increased nearly 17 percent. Cost-of-living adjustment will account for about \$175,000. The remainder of the funds available for increases will be distributed on the basis of individual merit, President Milton S. Eisenhower said.

"These increases will generally make it possible for the College to retain the services of its faculty members," President Eisenhower said. "It is likely that a few with offers considerably exceeding the new rates at Kansas State College will resign. There is no doubt, however, that our situation will be better this year than it was last year when 121 faculty members left the College."

ALUMNI DAY ACTIVITIES BRING HUNDREDS OF GRADS TO CAMPUS

Grads attend luncheon, business meeting, reception, commencement

Hundreds of graduates and former students returned to the campus for class reunions and other activities at one of the most successful Alumni days in the history of the College May 31.

Registration was in recreation center. Noon luncheons were held at the College cafeteria for all reunion classes.

In the afternoon alumni attended the annual business meeting in recreation center of Anderson hall. At this meeting, which was well-attended, a nominating committee submitted the following for the board of directors: Ralph Perry, '46, Manhattan; M. A. Durland, '18, Manhattan; Hubert Collins, '23, Topeka; L. W. Newcomer, '23, El Dorado; and Harry Lutz, '25, Sharon Springs. A unanimous ballot was cast for these new directors.

ALDRICH IS PRESIDENT

The board of directors elected new officers. They are Alfred G. Aldridge, '25, Salina, president; Dr. Joe Bogue, '21, Wichita, vice-president; Mrs. Helen (Correll) Browne, '25, Norton, reelected secretary; and Ralph Perry, treasurer.

Aldridge, who has been vice-president, succeeds H. Otis Garth, '23, Wichita, as president.

Directors whose offices expired included L. C. Aicher, '10, Hays; James Albright, '22, Winfield; J. W. Ballard, '26, Topeka; Hugh Bryan, '25, Leavenworth; and the late Dr. W. E. Grimes, '13, Manhattan, who had been treasurer.

Garth was toastmaster at the alumni dinner to seniors in the gym. Songs were led by the Rev. B. A. Rogers. Garth gave the welcome address and response was by Merrill Werts, '47, Smith Center. Luther Leavengood, head of the department of music, directed the College a cappella choir in five numbers. Toasts were given by Dr. Ben Shambaugh, Jr., '42, Burlington; Earl Means, '22, Kinsley; Miss Wilhelmina Spohr, '97, New York City; and Mrs. Nellie (Sawyer) Kedzie Jones, '76, Madison, Wis.

Kenney L. Ford, '24, executive secretary of the KSC Alumni Association, was in charge of the alumni roll call. The main address of the evening was by President Milton S. Eisenhower, '24.

EMERITUS FACULTY HONORED

During the banquet President Eisenhower presented citations to 34 emeritus faculty members. A dance in the gym followed the banquet.

A feature of Alumni Day was an exhibition of Latin-American prints in the library gallery. Campus and town tours also were conducted during the day. Class pictures were taken on the north steps of the auditorium by Floyd Hanna, College photographer.

COMMENCEMENT IN AUDITORIUM

On Sunday, June 1, Commencement Day, alumni and friends attended a reception at the home of President and Mrs. Eisenhower on the campus. Because of rain the eighty-fourth annual commencement was in the College auditorium instead of the stadium as originally planned.

Commencement speaker was Governor Frank Carlson. Dr. LaVerne B. Spake, Kansas City, brought greetings from the board of regents.

Approximately 475 degrees were conferred by President Eisenhower. Mr. Ford introduced alumni of the classes of '77, '87, '92, '97, '02 and '07.

President Emeritus F. D. Farrell presented honorary doctor of science degrees to Donald Forsha Jones, '11, New Haven, Conn., and Mac Short, '22, Glendale, Calif.

THREE SCHOOLS TO OFFER COURSES IN SHORT TERM

Second summer term runs from August 11 to September 13

A four-and-a-half weeks summer school session at the College has been definitely scheduled to follow the present nine-week term.

The short term will begin August 11 and run to September 13. The schools of Engineering, Arts and Sciences and Agriculture will offer courses for the short session.

LOOKING AROUND KENNEY L. FORD

Alumni of Minneapolis, Minn., and vicinity attended a meeting April 14 at Coffman Memorial Union, University of Minnesota. Paul L. Dittmore '32, was in charge. Speaker was Kenney L. Ford. Attending were Rachel (Lamprecht) Dittmore, '32, and Paul Dittmore, 5140 Washburn Avenue South, Minneapolis; Guy M. Brown, '21, and Leslie (Burger) Brown, '22, 4845 Harriet Avenue, Minneapolis; Mrs. Kenney Ford, Manhattan; Mrs. S. M. Rich; J. S. Jones, '08, and Mrs. Jones, 2276 Carter Avenue, St. Paul; J. K. Pike, '21, 4803 Fremont, Minneapolis; Jo (Johnston) Drake, '31, and Melvin Drake, 2732 Upton Avenue South, Minneapolis; Oma (Bishop) Kauffman, '34, and John C. Kauffman, 1835 Emerson Avenue North, Minneapolis; Joe McDonald, '43, 7545 Emerson Avenue South, Minneapolis; Edith E. Ames, '27 and '39, University Farm, St. Paul; Mary (Dixon) Doll, '37, and Raymond J. Doll, '35, University Village, Minneapolis; Dean McNeal, '34, Pillsbury Mills, Minneapolis; Kenyon T. Payne, '39, and Mrs. Payne, University Farm, St. Paul; Shirley Carnahan, Portland, Ore.; Howard Carnahan, '42, University; A. R. Duree, '36, and Ruth (Johnson) Duree, '34, 3111 McKinley, Minneapolis; Alberta Gurtler, '33, 623 Laurel Avenue, St. Paul; Mary Lou Dunkerley, '39, 3712 47th Street, Minneapolis; Ruby K. Wilson, '46, 515 9th Avenue Southeast, Minneapolis; Alice Linn, '31, 2125 Scudder, St. Paul; Ellen Pennel, '21, 2414 Clinton Avenue, Minneapolis.

KSC Alumni of Madison, Wis., and vicinity elected officers at a meeting April 15. Elected were Dr. Carl Brandly, '23, 701 W. Dayton, Madison, president; Jean DeYoung, '40, University of Wisconsin, secretary-treasurer. Directors are P. E. McNall, '09, 734 Oneida Place; Luella (Sherman) Mortenson, '22, 1932 North Lawn Avenue; and James R. Garver, '07, 1224 Sherman Avenue; all of Madison.

Attending the meeting included Nellie (Sawyer) Kedzie Jones, '76, 320 Lathrop Street, Madison, earliest living KSC graduate, and H. M. Jones; Thomas W. Tuttle, '45, and Mrs. Tuttle, Fort Atkinson, Wis.; James F. Cavanaugh, '42, and Mrs. Cavanaugh, Fort Atkinson, Wis.; Chase C. Wilson, '43, and Mrs. Wilson, 1413 Mound, Madison; Louise Ann Scherger, '44, 415 North Park Street, Madison; Alva C. Kelman, '45, 1817 Monroe, Madison; Bill J. Winchester, '46, 24 Lathrop, Madison; W. R. Pritchard, '46, Randolph, Wis.; Carl A. Brandly, '23, and Mrs. Brandly, 701 West Dayton; P. E. McNall, '09, and Eugenia (Fairman) McNall, '10, 734 Oneida Place, Madison; Frank Nordeen, '22, and Mrs. Nordeen, 713 Huron Hill, Madison; Mary (Lyman) Otis, 26 Breese Terrace, Madison; and Kenney Ford, Manhattan.

KSC Alumni of Milwaukee, Wis., elected officers at a meeting April 16 at the Astor Hotel. They are Louis Aicher, '35, 6321 Milwaukee Avenue, Wauwatosa, Wis., president; Libbie Smerchek, '32, 2233 North Lake Drive, Milwaukee; vice-president; Wallace C. Goodell, f. s. '25, 1808 East Olive, Milwaukee, Wis., secretary-treasurer. Directors are Russell Knapp, '21, 525 East Day Avenue, and Ralph Musser, '14, 926 East Lexington, both of Milwaukee.

Registering at the meeting were Ernest and Berniece (Brown) Leive, '41, 920 North 37th Street, Milwaukee; Walter E. Wilson, '34, and Mrs. Wilson, 129 West Newhall Avenue, West Bend, Wis.; Charles Smith, '41, and Mrs. Smith, 7500 West Capitol Drive, Milwaukee; Eugene B. Mills, '42, 6765 Maple Terrace, Milwaukee; Don King, '40, and Mrs. King, 3907 West Scott, Milwaukee; Elizabeth Burnham, '17, 610 North Jackson, Milwaukee; Ralph Musser, '14, and Ruby (Howard) Musser, f. s., 926 East Lexington, Milwaukee; Gordon J. Marold, '40, and Mrs. Marold, 7925 West Center, Milwaukee; Arthur C. Barney, '42, Route 1, Waterford, Wis.; William P. Schroeder, '06, 3960 North 20th, Milwaukee; R. L. Von Trebra, '26, and Mrs. Von Trebra, 5761 North Santa Monica, Milwaukee; W. S. Speer, '26, and Genevieve (Martin) Speer, f. s., 825 East Silver Spring Drive, Milwaukee; Roland E. Adams, '30, and Mrs. Adams, 1733 North 49th Street, Milwaukee; C. D. Adams, '95, 1507 Alice Street, Milwaukee; H. N. Jackson, '40, and Mrs. Jackson, Hales Corners, Wis.; Dean Shepherd, '38, and Mrs. Shepherd, 2462 South 64th, Milwaukee; Smith Faris, '06, and Mrs. Faris, 1141 South 73rd, West Allis, Wis.; Henry H. Stark, '35, and Mrs. Stark, 2429-A North 24th, West Allis; Louis C. Aicher, '35 and '36 and Mrs. Aicher, 6321 Milwaukee, Wauwatosa; Edward and Helen (Diller) Schneberger, '28, 844 Jennifer, Madison; Dr. and Mrs. John H. Parker, 4944 North Cumberland, Milwaukee; Wallace C. Goodell and Marjorie (Bettes) Goodell, f. s., 1808 East Olive, Milwaukee; Theodore C. Potter, '25, and Leonore (Spence) Potter, f. s., 4169 North 16th, Milwaukee; Warren F. Keller, '35, and Mary Elizabeth (Fleenor) Keller, f. s., 2656 Lefebvre, Wauwatosa; C. W. Ofelt, '39, and Florence (James) Ofelt, '31, 5690 North Dexter, Milwaukee; Libbie Smerchek, '32, 2233 North Lake Drive, Milwaukee; P. H. McKinley, '42, 2021 North 55th Street, Milwaukee; F. E. White, '42, 1725 East Park Place, Milwaukee; John Piper, '42, 3050 North 52nd Street, Milwaukee; Russell V. Knapp, '21, and Jeannette (Pardee) Knapp, f. s., 523 East Day Avenue, Milwaukee; and Kenney L. Ford, Manhattan.

Students Go to China

Donald Bowman of Linn, sophomore in mechanical engineering, and Jack James of Mayetta, 1947 Journalism graduate, are scheduled to sail for China August 8 to enter Lingnan University at Canton for the 1947-48 term.

How You Can Be A

CHIME-RINGER ---

No gift is too large, none too small for the World War II All-Faith Chapel and Chime Tower at Kansas State.

Therefore a contribution of any size will make you a K-State Chime-Ringer.

Use this handy coupon:

Treasurer,
 Kansas State College Endowment Association,
 Manhattan, Kansas

Count me in! I want to do my part in erecting a memorial chapel for the 5,000 K-Staters who served and the 200 who died. Enclosed is my contribution ofdollars

to the KSC Chapel Fund.

AMONG THE ALUMNI

The address of Maj. Gen. Emory S. Adams, '98, is 454 Cedar Street, Monterey, Calif. He is a retired Army officer.

Emma (Cain) Weiss, '02, is living at 2107 Thornwood Avenue, Wilmette, Ill.

Wilma (Cross) Burgess, DS '04, is living at 933 Orizaba, Long Beach, Calif. She is a homemaker and also a member of the Los Angeles public welfare commission.

A. D. Holloway, '07, and Margaret (Cunningham) Holloway, '07, are living in Whittier, Calif. Mr. Holloway is a realtor and insurance agent. His office is at 118 North Bright Avenue, Whittier.

The address of David E. Lewis, Ag. '10, and Helen (Westgate) Lewis, '07, is Box 395, Carrizo Springs, Texas. Mr. Lewis is with the H. Rouw Company of Edinburg, Texas.

Ira Loren Fowler, AH '12, and Mrs. Fowler are living at E 1708 Ninth Avenue, Spokane, Wash. Mr. Fowler is retired because of physical disability.

Earl J. Willis, Ag. '14, is Pacific coast sales manager for the Barrett Division, Allied Chemical and Dye Corporation, 116 New Montgomery Street, San Francisco.

The address of Esther S. Nelson, MD, who graduated in home economics in 1915, is 1928 Huntington Drive, South Pasadena, Calif.

Mildred (Robinson) Morgenstern, HE '17, is living at 15 Crestview Drive, Salina. She is a housewife.

The address of Thomas Baumgartner, Ag. '21, is Box 763, North Miami, Fla. He is engaged in landscaping and nursery work.

Walter Rolfe, Arch. '22, has been selected to fellowship in the American Institute of Architects. His address is 915 Woodrow, Houston, Texas.

Donald D. Murphy, Ag. '22, and MS '35, is superintendent of schools at Solomon.

Harold T. Baker, Ag. E. '23, is with the Kansas highway commission of Topeka. His address is 2517 Buchanan, Topeka.

Joseph T. Mackay, Ag. '24, is living at Woodbury, Conn.

John H. Tole, ME '24, and Helen (Crow) Tole, f. s., '23, are living at 220 Fountain, Little Rock, Ark. Mr. Tole is manager of the Little Rock office of Westinghouse Electric Corporation.

Grace Ann Steininger, '25 and MS '27, has been promoted from associate professor to professor at Cornell University, Ithaca, N. Y. She is in the department of food and nutrition.

Lewis J. Richards, GS '26, is living at 1440 Hung Joa Road, House No. 1, Shanghai, China. He is a flight surgeon for Central Air Lines and also has a private practice as a medical doctor.

Roy Lee Roberts, ME '27, and Mrs. Roberts are living at 117 Earnshaw Drive, Dayton, 9, Ohio. He is a mechanical engineer under civil service at Wright Field.

Garnett (Skinner) Pritchett, HE '28, is manager of the recreation center for students at the University of Georgia. Her address is 175 Hillcrest, Athens, Ga.

The address of Edward E. Wyman, RC '29, is 4113 Carson Road, Overland, 21, Mo. He is with the Southwestern Bell Telephone Company.

Floyd A. Clayton, I. Chem. '30, is living at 202½ West Ash, El Dorado. He is a chemist for the Skelly Oil Company.

Elbert E. Karns, Ag. E. '31, and MS '32, is living at 625 South Highland, Arlington, Va. He is regional head of the applications and loans division, Rural Electrification Administration, USDA.

Fred S. Kruger, Ag. '32, and MS '33, and Myra C. (Koenig) Kruger, MS '34, are living at 502 South Street, Iola. Mr. Kruger is a work unit conservationist with the soil conservation service.

Guilford R. Railsback, IJ '33, is living at 611 Olive Street, Leavenworth. He is a parole officer at the United States penitentiary.

William N. Dale, ME '33, is assistant city engineer at Oklahoma

City, Okla. His address is 1417 North Lottie, Oklahoma City.

The address of John R. Latta, Ag. '34, is 707 North Eighth, Garden City. He is agricultural superintendent for the Great Western Sugar Company at Garden City and supervises the leasing and operating of 25,000 acres of land the company owns.

William E. Gildersleeve, EE '34, is living at 605 Acorn Street, Philadelphia, Pa. He is an electrical engineer with the Selas Corporation of America.

Ansel J. Myers, CE '35, is a civil engineer at Sacramento, Calif. His address is Route 7.

Ernest Dobrovolsky, GS '35, and Elsie (Prickett) Dobrovolsky, GS '37, are living at 2210 South Corona Street, Denver, Colo. Mr. Dobrovolsky is acting assistant chief, section of engineering geology, U. S. Geological Survey.

Stanley C. Morris, IJ '36, is living at 3104 Rosewood, Parsons. He is FHA supervisor in Labette and Neosho counties.

Clifford L. Feldt, Com. '36, is a manufacturer of lamps, shades and fixtures. His address is 318 East Dale, Colorado Springs, Colo.

Fritz L. Furtick, Ag. '37, is a landscape architect and building contractor. His mailing address is Box 2443, Dallas, Texas.

Delpha Klint, HE '38, is a home economist with the Gas Service Company at Wichita. Her address is 831 Buffum, Wichita.

Dean Shepherd, ME '38, and Vera (Gerardy) Shepherd, f. s., are living at 2462 South 64th, West Allis, Wis. Mr. Shepherd is an engineer with the Allis-Chalmers Manufacturing Company.

The address of Dudley P. Thomas, ME '39, is 414 North First, American Fork, Utah. He is a lubrication engineer with Geneva Steel, Geneva, Utah.

John Henry Young, CE '39, and MS '40, and Eileen (McGhee) Young, f. s., are living at Centralia. Mr. Young is a farmer.

James A. Nixon, ME '40, and Ina (Orrick) Nixon, f. s., are living at 314 East 137th Street, Hawthorne, Calif. Mr. Nixon is an aerodynamicist for the North American Aviation Company, Los Angeles.

Kenneth L. Stuckey, EE '40, is an electrical engineer for the Commercial Equipment Company, 1416 McGee Street, Kansas City, Mo. His home address is 1223 Georgia Avenue, Kansas City, Kan.

Reva King, GS '41, is living at Apt. 21, 302 East 77th, New York, 21, N. Y. She is a medical social worker and research assistant in Memorial hospital for the treatment of cancer and allied diseases.

Florence E. Craig, HE '42, is a dietitian at the University of Kansas Hospital, Kansas City. Her address is 1517 South 18th Street, Kansas City, Kan.

The address of Bryce G. Russel, EE '44, is 16719 Sedalia, Cleveland, 11, Ohio. He is an electrical engineer for N. A. C. A. at Cleveland, a research laboratory in aeronautics.

Page P. Wagner, Jr., CE '43, is an instrumentman for the Missouri-Pacific railroad. His address is 413 Atlanta Avenue, Webster Groves, Mo.

Thelma Irene Rice, HE '45, is a dietitian in St. Luke's hospital, Cleveland, Ohio. Her address is 2914 Claremont Drive, Cleveland 22, Ohio.

Louise Audrey Wells, HE '46, is a laboratory technician at Bell Memorial Hospital, Kansas City. Her address is 6141 Walnut, Kansas City, Mo.

Wilbur David Van Aken, BA '47, and Betty (Bonnell) Van Aken, HE '41, are living at 820 Sylvan Lane, Wichita. Mr. Van Aken is in sales work with the General Electric Supply Corporation.

Alumni to Meet

A luncheon-meeting of the New York metropolitan chapter of the Kansas State College Alumni Association will be held at 12:15 p. m. on Thursday, July 31, at the New York University Faculty Club. Kenney L. Ford, KSC alumni secretary, will speak at the meeting.

COLLEGE RECOGNIZES CONTRIBUTORS TO WAR MEMORIAL CHAPEL FUND

Following are new contributors to the fund for the World War II all-faith memorial chapel and chime tower. Contributors are recognized in issues of THE INDUSTRIALIST as the gifts are received.

Alpha Gamma Rho, KSC; Amy and Jessie Allen, 919 Fillmore, Topeka; Amicossembly Housemothers' Club, KSC; F. W. Bell, KSC; Dorothy Bacon, 3 North Glenwood, Columbia, Mo.; Isabel M. Berrisford, Berkeley, Calif.; Esther Benedict, KSC; Dorothy Buechel, KSC.

Charles W. Beer, Larned; Mr. and Mrs. Howard Bradley, Beloit; Mrs. Homer Brown, Beloit; Gladys I. Babb, Winter Hospital, Topeka; John F. Burke, KSC; L. D. Bushnell, KSC; Emilia Bengston, KSC; Mrs. Edith Barker, Methodist Home for Aged, Topeka.

Mr. and Mrs. Dave Boys, 1215 Byron, Topeka; Elva Smyth Carder, Beloit; Mrs. Harold Cheatham, Beloit; Dr. and Mrs. P. D. Cazier, Ottawa; Mrs. Fred W. Cole, Keystone Heights, Fla.; Ernest K. Chapin, KSC; Dr. N. L. Castle, 105 South Bridge, Blackwell, Okla.; James F. Cavanaugh, Ft. Atkinson, Wis.

Mr. and Mrs. William Chalmers, 1317 Jewell, Topeka; S. W. Crawford, KSC; Bertha Cowles, 5123 East Fifteenth Street, Kansas City, Mo.; Coed Court, KSC; James D. Corrigan, 336 South Belmont, Wichita; Mrs. Homer K. Caley, KSC; Lewis A. Copeland, KSC.

Mr. and Mrs. H. Dornbush, 1322 Buchanan, Topeka; Bernice H. Dunham, Beloit; Mrs. Paul Davidson, Beloit; Anabel Wood Danielson, Phillipsburg; Edward R. DeZurko, KSC; D. N. Donaldson, Fort Collins, Colo.; C. D. Davis, KSC; C. A. Dorf, KSC.

L. E. Dunn, University of Nevada, Reno; T. O. Dodge, KSC; A. P. Davidson, KSC; Conrad Eriksen, KSC; Frank R. Freeman, Phillipsburg; Mr. and Mrs. Lester Frey, Route 4, Manhattan; Pauline Spain Fuller, Beloit; Ruth Fenton, Chapman; Mrs. Harrel Guard, Asherville.

David Geppert, KSC; Mr. and Mrs. Fred E. Garrison, Jr., 1504 West First Street, Grand Island, Nebr.; Paul W. Griffith, KSC; Mrs. George Gilson, Route 1, Centralia; J. E. Greer, Pulaski, Va.; P. L. Gainey, KSC; Florence Harrison, Frederick Apt. 302, Columbia, Mo.

H. J. Hedlund, KSC; J. S. Hughes, KSC; Leland S. Hobson, KSC; T. F. Hall, KSC; Dr. R. W. Hentzler, 2718 Kansas Avenue, Topeka; Ruth Hartman, KSC; Virginia and Margaret Haggart, Topeka; Jessie M. Hoover, 1501 Plass, Topeka; George L. Huyett, Perryton; Betty Irish, KSC; Lorraine E. Johnson, 634 South Seventh Street, Phillipsburg; Myra J. Jacobs, KSC.

A. G. Jensen, Effingham; William J. Johnson, KSC; J. Harold Johnson, KSC; Frank J. Kirgis, Beloit; Kappa Delta, Manhattan; Mrs. Betty Kastner, KSC; W. R. Kimel, KSC; R. G. Kioeffler, KSC; Alice Kimball, KSC; Gerald Kolisky, KSC; Betty Jane Knudson, Willis; Mrs. John C. Kauffman, 1823 Emerson Avenue, Minneapolis 11, Minn.

Mr. and Mrs. Lyle Lukens, Beloit; Mr. and Mrs. Harold C. Love, Beloit; Francis C. Lanning, KSC; Joe Lundholm, Jr., KSC; Carl Latschar, KSC; Lutheran Student Association, KSC; E. E. Lynch, KSC; C. C. Lind, KSC; E. E. Lynch, KSC; Clarence F. Lewis, KSC; Mrs. Edna R. Lyon, KSC; Bernice Lewis, KSC.

Virginia Larson, KSC; Mr. and Mrs. Paul Mears, Beloit; Mrs. Grace McCoppen, Phillipsburg; W. M. McClure, KSC; C. J. Medlin, KSC; Ruth McKenzie, Effingham; Elmer D. McCollum, 4036 Cambridge, Des Moines, Iowa; Mr. and Mrs. E. A. Monteith, Hoxie.

Ruth G. Monteith, 2030 West 39th, Kansas City; A. D. Miller, KSC; Mr. and Mrs. P. E. McCall, Madison, Wis.; A. E. Messenheimer, KSC; Wanda Mertz, KSC; Mrs. May C. Mason, 4250 Twelfth Street, Riverside, Calif.; Mrs. Marie Moffett, 229 Elmwood, Topeka.

Ellen L. Mitchell, KSC; C. W. McCampbell, KSC; Clare Niemoller, YWCA, Wichita; Patricia O'Loughlin, Winter VA Hospital, Topeka; Ruth A. Phillips, 2720 Lee Court, Topeka; Ralph L. Parker, KSC; Mr. and Mrs. Ralph H. Perry, KSC; Lois Patton, KSC; Fred M. Parris, KSC; C. E. Pearce, KSC; Laura Pfeffer, KSC.

Mr. and Mrs. Roy Phillips and Mrs. Alberta Phillips, Route 4, Manhattan; Arthur Peine, Manhattan; Pal O'Mie House, Manhattan; Dr. J. C. Peterson, KSC; Marvin E. Reinecke, KSC; Mrs. Helen Radke, KSC; Helen H. Ramage, 525 Elizabeth Street, Pasadena, Calif.; Dr. J. W. Ruf, 521 West Kansas Avenue, Arkansas City; Louise (Rust) Riggs, Berkeley, Calif.; Flora Rose, 900 Euclid Avenue, Berkeley, Calif.

Senior Women's Panhellenic, KSC; Dr. and Mrs. Bill Stone, Beloit; Jerome Shaffer, Simpson; Mrs. Max J. Simmons, Phillipsburg; J. A. Smaltz, KSC; C. M. Slagle, KSC; Margery Shiller, KSC; Jesse M. Schall, KSC; R. L. Stover, KSC; Grace Het Schmidtlein, Austin, Nev.; Mary A. Streator, Winter VA Hospital, Topeka.

Mrs. Karl W. Stock, 817 West Tenth, Topeka; Helen Stinebaugh, Winter VA Hospital, Topeka; Miss Wilhelmina Spohr, 509 West 121st Street, New York 27, N. Y.; R. O. Swanson, Lake Andes, S. D.; Ruth Sweet, Cerrillos, N. M.; Mrs. W. D. Shackelford, 406 South Third, Lamar, Colo.; Mrs. Lee Seifert, 201 Kessler, Wichita; Sigma Nu Fraternity, Manhattan.

Mrs. John Townsend, 761 Second, Phillipsburg; Henry A. Thurston, 5751 Chippewa, St. Louis 9, Mo.; Mr. and Mrs. W. B. Thurston, 4112 Independence Avenue, Kansas City, Mo.; A. F. Turner, KSC; Mr. and Mrs. R. I. Throckmorton, KSC; Van Zile Hall, KSC; Edwin A. Veeh, 1451 Second Street, Phillipsburg; Dr. Sidney M. Vine, 73 West Merrick Road, Valley Stream, Long Island, N. Y.; William E. West, KSC; John E. Wherry, KSC.

Helena Gertrude Wilber, Belleville; M. D. Woolf, KSC; Joe N. Wood, KSC; Mrs. Virginia Wilhite, 1316 Tenth Avenue, San Diego, Calif.; Donna White-side, KSC; Mrs. Grace Woldt, KSC; Mr. and Mrs. Howard W. Zook, Rozel.

Clarence L. Nelson, KSC; Mr. and Mrs. L. H. W. Hall, 1001 First Street, Dodge City; J. R. Latta, 707 North 8th, Garden City; Karl Shoemaker, KSC; M. E. Jackson, KSC; Lot Taylor, KSC; Miss Elizabeth Burnham, 610 North Jackson, Milwaukee, Wis.; Mr. and Mrs. S. S. Bergsma, Ottawa; Joseph J. Rosacker, 633 South Hickory, Ottawa; Baptist Youth Fellowship, KSC; W. A. Baptist, Sylvan Grove; W. R. Correll and children, Carbondale; Clifford A. Palmquist, Concordia; Hillel Foundation, KSC.

HEALTH SERVICE GETS NEW LAB, KITCHEN EQUIPMENT

Acquisitions include anesthetic machine and electrocardiograph

The College Student Health Service recently has acquired new laboratory equipment and kitchen facilities, according to Dr. Robert R. Snook, director.

A 150-plate capacity kitchen range and a large commercial refrigerator will be used in the hospital and its annex to replace equipment which has been made obsolete by the expansion of hospital facilities.

An electrocardiograph for checking the heart and an audiometer for hearing examinations will be added to the laboratory. Dr. Snook said that an anesthetic machine, refrigeration equipment and a photo electric colorimeter, a machine which will eliminate much human error in laboratory procedure, have been ordered for the department.

MARRIAGES

BECKER—WAGNER

Alma Becker, HE '42, was married March 30 to Raymond B. Wagner, Ag '33, at St. Mark's Evangelical Lutheran Church, Emporia. Mr. and Mrs. Becker now are at home at Richmond.

JOHNSTON—SLUSS

Marjorie Ruth Johnston, HE '46, became the bride of Ted Raymond Sluss March 23. They were married in St. Paul's Episcopal Church in Manhattan. Mr. and Mrs. Sluss are living in Baltimore, Md., where Mr. Sluss is in the real estate business.

McCAULEY—BROWN

Gwendolyn Ruth McCauley f. s., of El Dorado was married to Lloyd N. Brown, Jr., BA '46, March 23 in the Methodist Church of El Dorado. Mr. Brown is an accountant with the Lunsford-Barnes Co., in Wichita where the couple is living at 118 E. 15th Street.

WHELESS—JOHNS

Betty June Wheless of Manchester, Ga., and James L. Johns, MI '43, Kansas City, Mo., were married at the First Methodist Church in Manhattan March 29. Following a honeymoon trip in Colorado Mr. and Mrs. Johns returned to Kansas City where Mr. Johns is connected with the General Mills, Inc., as a flour chemist.

KINDSCHER—HAVARD

Sue Kindscher, '46, of Beloit and William Havard, Scranton, Pa., were married March 19. Mrs. Havard is a medical technician in a Newark, N. J., hospital.

ELLING—MAYSE

Mary Maxine Eling, HE '46, and Meredith L. Mayse were married April 4 at the First Congregational Church in Manhattan. Mr. and Mrs. Mayse took a wedding trip to Kansas City. They are now at home in Syracuse.

REID—CECH

Nancy Reid, Minneapolis, Minn., became the bride of Richard Cech, IJ '41, on April 7. They were married in the Seven Dolores Catholic Church in Manhattan. Mr. and Mrs. Cech took a wedding trip to Denver and now are at home at 1848 Anderson.

SUMMER COMMENCEMENT TO BE RECOGNITION DINNER

Estimated 40 students will be eligible for degrees

A recognition dinner and awarding of diplomas is planned for students to be graduated at the end of the four and one-half weeks session of summer school. The short session will follow the present summer term.

The dinner will be in Thompson hall Friday, September 12. An estimated 40 students will be eligible for degrees at that time. The deans of the schools and heads of departments who have graduates in the group will be invited to attend.

Editor Visits Campus

An article about College student veterans and their families is scheduled for publication in the October issue of Mademoiselle magazine. George Davis, associate editor of Mademoiselle, and Peter Martin, staff photographer, were on the campus late last month gathering material for the article.

BIRTHS

Harry P. Bouck, IJ '46, and Mrs. Bouck are parents of a son, Bruce Alexander, born February 17 in Kansas City, Mo. Mr. Bouck is with Insurance Magazine, 408 Ridge Building, Kansas City 6, Mo.

Theresa Kathleen was born April 1 to Jean (Fullerton) Wichers, IJ '46, and Henry W. Wichers of 812 Thurston, Manhattan. Mr. Wichers is a student at KSC.

Clyde D. Mueller, Ag. '39, and Enid Lorraine (Stoops) Mueller, HE '40, announce the arrival of a daughter, Leigh, March 26. The Muellers live at Westhill Farms, Camillus, N. Y.

A daughter, Mary Susan, was born March 3 to Mary Lou (Rinner) Weeks, HE '46, and Max Weeks, Landscape Design, '46, 2003 North Chautauqua, Wichita.

Leonard J. Rawson, ME '39, and Mrs. Rawson announce the birth of a son, Leonard Georgiev, March 11. The Rawsons live at 2526 Shroyer Road, Dayton 9, Ohio.

Kenneth Wayne was born March 30 to Alberta (Roller) Hartory, HE '44, and Clarence J. Hartory, f. s., '47, of 1030 Laramie, Manhattan.

C. E. (Ted) Gordon, f. s., and Mrs. Gordon, 110 Scott, Leavenworth, have a son, Charles Edward, born March 24.

DEATHS

BENNER

DeNell (Lyon) Benner, HE '11, died March 9. She was the wife of James W. Benner, DVM '11, State College, N. M. Survivors in addition to Mr. Benner include two sons and a daughter.

CASSELL

Albert F. Cassell, Ag '05 and DVM '07, died at Salina April 26. He was captain of the football team at KSC in 1904 and of the baseball team in 1905. Mr. Cassell served in World War I as a lieutenant in the Army. He is survived by the widow, an adopted son, three brothers and a sister. Robert Cassell, '07, of Manhattan is a brother.

ESDON

Mary (Sweeney) Esdon, f. s., died April 16. For a number of years she had been a school teacher. Survivors include the husband, the Rev. Robert A. Esdon, '03, Garrison.

AYE

Malcolm Aye, Ag. '18, well-known stockman and rancher, died May 14 at a Manhattan hospital following a heart attack. Mr. Aye, who was 51 years old, was born in Manhattan where he had lived all his life. He was a veteran of World War I.

HOME MANAGEMENT HOUSES CONSTRUCTION UNDER WAY

Future plans include women's dorm and small animal lab

Excavation for construction of two home management houses for the School of Home Economics began last week. The buildings are a part of the College building program authorized by the last session of the Legislature.

The houses will include one duplex and one single dwelling unit. They will be located east of the College greenhouses near the creek. Construction of the buildings will be done by the Building and Repair Department.

Plans and specifications for a small animal research laboratory are nearly completed and the state architect is expected to advertise soon for construction bids. Preliminary sketches for a women's residence hall have already been furnished to the state architect who will prepare detailed plans and specifications. It is hoped that the contract for construction can be let early next fall.

School Draws from Afar

Students from Sweden, Canada and six states were enrolled in the five-week freezer-locker operators' short course which ended last week at the College. Twelve of the sixteen students were ex-servicemen. All had either some financial interest in a locker plant or will work in one. They received training in processing meats, fruits and vegetables as well as in bookkeeping, sanitation and locker plant construction and management.

FOOTBALL NEWS

COACH SAM FRANCIS SIZES UP K-STATE FOOTBALL PROSPECTS

Report to alumni covers spring practice, squad candidates

Dear K-Stater:

This is rather a late date for me to be writing. However, I am anxious to meet you through this medium with the hopes that the time won't be too far off until I have the pleasure of visiting you in person.

I arrived on the campus March 5 and started immediately going over the various applications for the assistants jobs along with visiting many of the different high school athletic plants in search of good coaches. The first man hired was the line coach, Staley Pitts, former Kansas State man and All-Big Six Guard of 1939. Staley was often referred to by his line coach, Stan Williamson, as the best man he had ever seen for his weight, which was 168 pounds. Staley did a splendid job with the boys he had out for spring ball, and I firmly believe you soon will be raving about Pitts and those fighting Wildcat linemen of his.

SPRING GRID PRACTICE

The next man we located, our backfield coach, was Norvall Neve, another Kansan who was graduated from Fort Hays College. He has one of the most outstanding high school records in the state of Kansas. — In fact, throughout his twelve years of coaching he has managed to win several championships. Possibly you can best remember him as the Hutchinson coach and his state championship team. Our end coach, Frank Owens, an All-Southwestern Conference end of North Carolina State, has had a great deal of graduate, as well as army, experience in coaching ends. It so happens that all our football coaches are Kansas men with the exception of our end coach.

Now, for something on what happened in spring football. We started the latter part of April with a group of 120 men and finished with 80 players. Our practice field situation was limited due to the need of space for class rooms, but this, as well as other things, should be worked out before too long. As you well know, we are on the bottom of the Big Six ladder, but anxious to improve the situation. We are certainly starting from scratch, but a coach could not find a finer group of men than those who turned out for spring football. It is true that the majority of the boys had had very little football experience, and opportunities for learning the various fundamentals of football had been limited as a result of the war. By considering everything and the excellent attitude manifested by the boys throughout spring ball we feel that we have a fine nucleus from which to build.

Throughout spring ball we spent a great deal of time on the fundamentals of blocking and tackling along with the installing of our single wing offense. The single wing offense, which we may use, is patterned very much after D. X. Bible's and Jock Southerland's formations.

HUCK HEATH TRANSFERS

In order that we may present a better picture of our squad I believe it would be wise for me to divide our men by positions so you can more easily visualize the various players and their capabilities. Our end position is not as strong as we would like; however, boys like Jack Sharp, El Dorado, veteran end from last year, George Smith, Miltonvale, Charles Smith, Hutchinson and Dick Bogue of Wichita, were coming along nicely by the time spring ball ended—naturally, we are expecting a lot out of these boys next fall. Another boy whom we are counting on as a great end but who was unable to come out is Jerry Brooks, Wichita.

The transfer of Huck Heath of Leoti to quarterback places us in need of added tackle replacements. The answer potentially is Joe Blanchard, a big 18-year-old from Parsons, who played on the "B" squad last season. Joe has been teaming a great deal with big Ed McNeil, 220 pound tackle, from Effingham. Pushing these men are such able replacements as Verne Converse of Eskridge, Bob Roberts of Kiowa and Lowell Breeden of Great Bend. In addition to these boys we also have another potentially great player by the name of Kenneth Topping of St. Francis, who was unable

Football fans can get free dope sheets on Wildcats from Sam Francis during fall and spring seasons

SAM FRANCIS

to come out because of wrestling but will be on hand in the fall.

The guard situation appears to be deeper and better fortified than any other position on the field. Dave Schirmer, Holton, a last season's star, virtually has the right guard spot guaranteed—in fact, if he plays next fall as well as he did in spring ball you will see an all Big Six guard on the Kansas State roster. Bob Berry, Dodge City, and Milo Fields, Stafford, are a toss-up for the other guard position with a possible edge to Berry, who has had more experience than Fields. Other boys who looked good and should bolster this spot were Sam Muscalino, Manhattan; Don Grier, Des Moines; Bob Bogue, Wichita and Bob Fanshier, Great Bend.

The center assignment is rather well taken care of by four strong candidates: Royce Pence, Manhattan; John Conley, El Dorado; Bob Palmer, Topeka and Bill Melody, Brookings, S. D., are fighting it out for the number one position.

BACKFIELD CHANGES

The backfield quartet has been comprised of many different names from week to week, but those running in the first unit have usually been Huck Heath, Leoti, blocking back; Harry Merriman, Marysville, at halfback. Merriman, a 138-pound scat back is hard to beat and has the kind of heart it is going to take for us to field the kind of team Kansas State should have. Vic Jones, hard-driving Pretty Prairie fullback, and Ronnie Webster, a returned veteran, at tailback who is rounding into shape and should play some splendid football for us next fall. Other names who will receive considerable attention are fullback Harold Bryan, Neodesha, who was out with a sprained ankle; Grover Nutt, Waverly; Jim Stehley, Phillipsburg, and Mike Zeleznak, Kansas City, Kan. All of these boys can fit in any place in our backfields and do a fine job. One other boy whose name you should watch for is Tom Christopolus, Milwaukee, Wis. Tom came to us a little late, but the time he was on hand he kept our defensive secondaries busy trying to bring him down. Added backfield help will come from a group of footballers who were busy with other spring sports and unable to come out for football. Among them were such names as Rollin Prather, Eureka, whom we hope we can successfully convert into a number one fullback; Ted Grimes, Manhattan, who should help us in the passing department. Harold Howey, Kansas City, Mo., of basketball fame who, according to home town folks, is known more as a football player than basketball. If this is just partly so then we have a real football player because he certainly was a wildcat on the basketball court. Another great basketball player, from whom everyone is expecting a lot, is Rick Harman of Hoisington.

Our department is working with one thought in mind: to put Kansas State football on a par with the other Big Six schools, and with President Eisenhower as our leader and you alumni giving us your support and encouraging football players to come to Kansas State like we know you will, I feel confident the time is not too far away when you can speak with pride of those Fighting Wildcats.

Cordially yours,

SAM FRANCIS,
Football Coach

If you're a football fan and want the news behind the news about the K-State Wildcats during the 1947 season you'll be interested in a football letter to be written during the grid season and next spring's practice sessions by Sam Francis, head football coach.

These letters will be written regularly. They will be mailed out by Coach Francis and the Alumni Office. The mailing list will cover all members of the Wildcat club and members of the KSC Alumni Association who request the letters. The letters will not be published in THE INDUSTRIALIST.

Coach Francis will give the inside dope on the Wildcats during the football season and spring training. Following each game he will explain strategy used by the Wildcats, include an explanation of the various formations and give comments on outstanding plays by individual players.

If you are a member of the KSC Alumni Association and you want the letters sent to you regularly, fill out the coupon on this page and send it to the Alumni Office, Kansas State College.

The first football letter will be issued shortly after September 20 when Kansas State meets Oklahoma A. & M. at Manhattan.

GENERAL IKE TO SPEAK AT DINNER HONORING CHAPEL FUND WORKERS

Interest has been mounting in the campaign for funds for an all-faith memorial chapel at the College since announcement last May that General Dwight D. Eisenhower, chief of staff of the U. S. Army, will be principal speaker at a pre-Homecoming Day dinner in Manhattan Friday evening, October 24.

The dinner will honor chairmen and co-workers in the chapel fund-raising campaign, according to Arthur Peine, Manhattan, chairman of the chapel committee.

On Saturday morning—Homecoming Day—General Eisenhower will speak to College students. In the afternoon he will attend the annual Homecoming Day football game between Kansas State and Nebraska.

The \$275,000 drive for the chapel and chime tower continues to progress with gifts coming in from alumni, former students and friends of KSC. Thus far more than \$61,000 has been raised in cash for the chapel. More than \$50,000 has been pledged.

There have been 59 individual memorials established in the chapel. Recent memorials include the following:

Lutheran Student Association, KSC, type of memorial not decided; Alpha Gamma Rho, KSC, pew, \$200; Mr. and Mrs. E. A. Monteith, Hoxie, and Ruth (Garrison) Monteith, Kansas City, \$100 in memory of Lt. Charles F. Monteith; Sigma Nu fraternity, type of memorial not decided; Mrs. Lucile Rust, Manhattan, and Mrs. Louise (Rust) Griggs, Oakland, Calif., pew, \$200; Mr. and Mrs. Roy Phillips and Mrs. Alberta Phillips, all of Manhattan, pew in memory of Lt. Roger Neil Phillips, \$200; Mr. and Mrs. Karl A. Hugos, Manhattan, pew in memory of Lt. F. Neal Hugos, \$200; Virginia (Scott) Fairman and C. E. Fairman family, Manhattan, pew in memory of Lt. Charles Edward Fairman, Jr., \$200; Mr. and Mrs. L. H. W. Hall, Dodge City, pew in memory of Capt. Robert Oris Baber, \$200; class of 1897, memorial for Philip Fox, \$133; Phi Kappa, KSC, pew, \$200; Thackrey family, lectern, \$650.

Recently the Alumni office compiled information for a new chapel booklet of 16 pages. This folder is a little more elaborate than previous pamphlets and contains a number of pictures.

Latzke Is President

Miss Alpha Latzke of the clothing and textiles department at the College is the new national president of Omicron Nu, honorary home economics society. Miss Latzke was installed June 21 at the sixteenth annual convocation at Concordia Seminary, St. Louis, Mo. She will serve a two year term. She is co-author of two clothing textbooks, one for high school and one for college.

DR. GRIMES AND PROF. THOMPSON, LONG-TIME STAFF MEMBERS, DIE

Economics and sociology professors die unexpectedly in May

Two long-time College faculty members died unexpectedly in May. They were Dr. Waldo E. Grimes, 55, head of the department of economics and sociology, and C. Ray Thompson, 58, associate professor in that department.

Dr. Grimes died at a Manhattan hospital May 23 following a cerebral hemorrhage the previous evening. Prof. Thompson died May 22 at his home in Manhattan following a heart attack.

Dr. Grimes was born October 5, 1891, at Lees Summit, Mo., and received his bachelor's degree at Kansas State in 1913 when he took over the directorship of the College agronomy farm. In 1923 he received his PhD from the University of Wisconsin. In 1919 he was made assistant professor of agricultural economics and in 1921 became head of the department of economics and sociology. He was also assistant professor of farm management and professor of economics.

Funeral services for Dr. Grimes were held at the First Methodist church in Manhattan and interment was in Sunset cemetery.

Prof. Thompson, a faculty member at Kansas State since 1929, was born January 15, 1889, in Harper and received his bachelor of arts degree at Kansas University in 1927, and his master's degree there in 1928.

Funeral services for Prof. Thompson were held at the First Christian church in Manhattan. Interment was in Sunset cemetery.

OLIVER GETS CHAPEL GIFTS FROM ALL ALUMNI IN AREA

Des Moines group is 100 percent for College memorial

Russell H. Oliver, EE '17, chairman of the campaign in Des Moines, Iowa, and vicinity to raise funds for the all-faith memorial chapel at Kansas State, has obtained a gift or pledge from every alumnus in his area.

"You have done a marvelous job," Kenney L. Ford, executive secretary of the KSC Alumni Association, wrote to Oliver. "No other community in America has yet achieved such a splendid record. I am hoping your example will be an inspiration to all chairmen working on the chapel campaign."

Fourteen KSC alumni of Des Moines have contributed to the fund and three have made pledges.

Sorority to Get Home

Alpha Chi Omega, social sorority, has obtained a building permit to convert a residence at 615 North Delaware into a chapter house. Plans for remodeling include the building of an addition on the first floor and of second floors to the two wings. The chapter of the sorority on the campus was formed during the past year.

Foreign Students Here

Two new foreign students have enrolled for graduate work at the College this summer. Kahn S. Hidayullah of India is working for a master's degree in agricultural economics. Ta-King of China is doing advanced work in chemistry.

SPRING SPORTS PROVIDE THRILLS FOR KSC BASEBALL, TRACK FANS

Prather gets national recognition in shotput and discus

Spring and early sports at the College have provided unusual thrills and excitement this year as:

1. Rollin Prather, freshman shotput and discus star, shot into national prominence.

2. The Wildcat baseball team barely missed winning the Big Six championship.

3. The track team placed fourth in the outdoor Big Six meet after pre-meet forecasters predicted nothing better than fifth.

4. Basketball coach, Jack Gardner, attracted national publicity by tongue-lashing professional baseball for signing cage and diamond star, Keith Thomas.

PRATHER STARS

Prather, a 220-pound, Eureka, Kan., freshman weight star, who had performed notably during the winter indoor season, hit his stride with warmer weather. He won the Big Six conference shotput championship plus shot and discus firsts in the Missouri Valley A. A. U. meet at St. Joseph, Mo., and the Southwest conference-Big Six conference dual in Dallas, Texas. He later placed second in the discus at the national intercollegiate meet at Salt Lake City where he threw the platter 155 feet for a new varsity record. He failed to place in the National A. A. U. meet at Lincoln. Prather's best shot throw of the season was 53 feet, 2 1/2 inches, at Dallas which unofficially bettered the present Big Six record. Earlier in the season Prather had won the shot and discus at the Texas Relays in Austin, and the Colorado Relays at Boulder. He was second in the discus and third in the shot at the Kansas Relays in Lawrence.

WIN SEVEN GAMES

Lud Fiser's baseball squad won seven and lost five conference games to finish in third place in the Big Six conference. A victory in the final game, lost to Iowa State 2 to 1, would have given the Wildcat undisputed possession of the championship. It was a sensational catch by an Iowa State outfielder on the final play of the game which prevented Charles Kier, captain and first baseman from Mankato, from getting a game-winning home run. Kier led the Wildcat batters for the season with a .365 average. Jack Dean of Harveyville, a righthander, led the pitchers with six wins and one loss.

Ward Haylett's track squad, rated no better than fifth in pre-Big Six meet predictions, staged a scrappy fight at Lincoln, Nebr., to finish in fourth spot ahead of Oklahoma and Iowa State. Wildcats who placed in the meet were: Rollin Prather, Eureka, first in shotput, second in discus; George Leasure, Manhattan, third in mile; Rodney McClay, Ottawa, third in 100-yard dash and 220-yard low hurdles; Bill Stuart, Mission, fourth in 880; Bernard Buck, Smith Center, sixth in 880; Seth Antrim, Norton, fifth in 220-yard dash; Don Borthwick, Beeler, third in 2-mile run; Harold Kiser, Delphos, fourth in broadjump; and Jim Danielson, St. Francis, fifth in broadjump. Leasure was elected honorary captain for the season. Prather and Stuart were elected co-captains for the 1948 team.

BLASTS PRO ATHLETICS

Coach Jack Gardner verbally blasted professional baseball for "robbing college athletes before they are graduated from college," when he learned Keith Thomas of Kansas City, Kan., a basketball and baseball star, had signed a contract with the New York Yankees and been farmed to Joplin of the Western Association recently. Gardner said it is an injustice to a college boy and to the colleges for professional baseball scouts to lure them to contracts before the boy is graduated. "Smooth-tongued scouts who hang around college ball parks like leeches are luring young athletes to the pro game with glamorous tales of fame which are backed up only by measly financial offers," Gardner said. Keith Thomas, a freshman at Kansas State, was an all-Big Six basketball guard this past season and scored 17 points as the Wildcats beat Kansas university 48 to 45. He also starred in baseball this spring, hitting .286.
